Pursuant to the limited variance granted by the NYC Board of Correction on September 14, 2021, allowing for the continued use of the Secure Unit for young adults (18 to 21 years old), the related variance conditions require the NYC Department of Correction (“Department”) to conduct monthly audits on compliance with the following provisions of the Board’s Minimum Standards and with educational services:

- § 1-08(f) (Access to Courts and Legal Services, including Law Library);
- § 1-06 (Recreation);
- § 1-02(c)(2) (Classification), specifically, the number of programming hours offered to each young adult and the number of hours each young adult participated in programming; and
- Education services, specifically the number of young adults brought to school and, for each young adult, the time each young adult was brought to school and the time each young adult was taken out of school.

Audit Parameters

As set forth in the Department’s June 9, 2017 compliance plan to the Board, the audit is conducted through a manual review of the housing area logbooks on four (4) selected dates each month using simple random sampling.

This audit report covers the following four (4) dates in the month of April 2022:

In addition, on-site inspections of the Secure Unit’s kiosks and typewriters were conducted on four (4) simple randomly selected dates, listed below.

§1-05(b) Lock-in

A manual review of housing area logbooks was performed to determine whether ten (10), twelve (12), and fourteen (14) hours of out-of-cell times were afforded to young adults based on their assigned phase. In addition, pursuant to the Secure Unit variance granted by the Board on September 14, 2021, and associated variance conditions, this audit report provides individualized data related to each young adult’s out-of-cell time during the reporting period.

§1-08(f) Access to Courts and Legal Services, including Law Library

Manual reviews of the housing area logbook, Program and Services Logbook, and Law Library Logbook were conducted to determine whether Law Library services were afforded. In addition to the above logbook reviews, on-site inspections were conducted to determine if the four (4) kiosks and four (4) typewriters located in the unit were operational.

April on-site inspections of kiosks and typewriters were conducted on dates selected using simple random sampling:
