Young Adult ESH Compliance Audit – June 2020

Pursuant to the six (6) month limited variance granted by the NYC Board of Correction on February 11, 2020 allowing for the continued use of Enhanced Supervision Housing (ESH) for young adults (18 to 21 years old), the related variance conditions require a monthly audit on compliance with the following provisions of the Board's Minimum Standards:

- § 1-05(b) (Lock-in), specifically, the number of out-of-cell hours per young adult;
- § 1-08(f) (Access to Courts and Legal Services, including Law Library);
- § 1-06 (Recreation)
- § 1-02(c)(2) (Classification), specifically, the number of programming hours offered to each young adult and the number of hours each young adult participated in programming; and
- Education services, specifically the number of young adults brought to school and, for each young adult, the time each young adult was brought to school and the time each young adult was taken out of school.

Audit Parameters

The audit is conducted through a manual review of housing area logbooks and programming attendance data on four (4) randomly selected dates from each month. The scope of the audit encompasses only those housing units within ESH in which young adults are housed within the audit period. During this audit period, young adults were housed in up to six (6) ESH housing areas.

This audit report covers the following four (4) dates in the month of June 2020:

- June 5
- June 9
- June 16
- June 25

In addition, on-site inspections of the ESH unit kiosks and typewriters were conducted on four (4) randomly selected dates:

- June 12
- June 19
- June 26
- June 30

§1-05(b) Lock-in

A manual review of housing area logbooks was performed to determine whether seven (7) or fourteen (14) hours of out-of-cell time was afforded to the young adults based on their housing level. This audit report also provides individualized data related to each young adult's out-of-cell time during the reporting period.

§1-08(f) Access to Courts and Legal Services, including Law Library

A manual review of Law Library Logbooks was conducted to determine whether Law Library services were afforded. In addition to the logbook review, on-site inspections were conducted to

§1-06 – Recreation

A manual review of housing area logbooks was conducted to determine whether one (1) hour of outdoor recreation was afforded.

§ 1-02(c)(2) (Classification), Provision of Programming

A manual review of programming attendance data was conducted to determine the number of in-person programming hours offered to each young adult and the number of hours each young adult **chose to** participate in in-person programming.

Education

A manual review of education attendance data was conducted to determine the number of young adults brought to school and, for each young adult, the time each young adult was brought to school and the time each young adult was taken out of school.

Audit Findings

§1-05(b) Lock-in

All young adults in ESH are afforded lock-out based on their housing level: seven (7) hours for Level I and Level II and fourteen (14) hours for Level III. On all four (4) dates audited, institutional lock-out and lock-in were consistently recorded in the Lock-In/Out Logbook for each of the levels.

All young adults in ESH are housed in single occupancy cells within their respective housing area. Each ESH housing area consists of multiple single occupancy cells located on two (2) tiers – the lower tier and the upper tier. Young adults in Level I and Level II are afforded seven (7) hours of lock-out time each day. For each young adult in these two levels, the specific time that he locks out depends on his tier's lock-out schedule. For example, one (1) day the lower tier locks out in the am and the upper tier locks out in the pm. The following day the upper tier locks out in the am and the lower tier locks out in the pm. Regardless of the lock-out schedule for ESH young adults in Levels I and II, they are all afforded seven (7) hours of lock-out time on any given day. Young adults in Level III, who are afforded fourteen (14) hours of lock-out time, are not subject to a tier lock-out schedule. Young adults in Level III are all afforded lock-out during both the am and pm hours, regardless of the tier in which they are housed. On any given day, a young adult may be out to court or transferred in or out of the ESH Unit. These young adults may not be included in the out-of-cell time reporting.

Level I

Young adults in Level I are afforded seven (7) hours of out-of-cell time each day. Listed below is individualized data related to each young adult's total out-of-cell time in Level I, based on a manual review of the Lock-In/Out Logbook, for the dates audited. The out-of-cell time is the hours each day that a young adult **chooses to** be out of his cell during institutional lock-out periods. The data reflects the young adults present in the unit for the institutional lock-outs on each audit date.

§1-08(f) Access to Courts and Legal Services, including Law Library

Law Library Coordinator

In ESH, there are four (4) Law Library Coordinators assigned to areas in which young adults were housed.¹ A manual review of the Law Library Logbooks indicated that the Law Library Coordinators were in these areas to provide assistance on all the four (4) days audited – June 5, 9, 16 and 25.² However, in the case of June 16, 2020, due to a Law Library Coordinator's unscheduled absence, five (5) housing areas, labeled A, B, C, D, and E were not provided Law Library services in the afternoon session, although, these housing areas were provided Law Library services in the morning session.

The audit was able to verify by auditing available records that the duration of each Law Library Coordinator's time, in ESH areas during the dates audited, was in compliance with the provisions of the Minimum Standards i.e., a minimum of two (2) hours. On some of the audit dates, some young adults **chose not** to request Law Library assistance.

Listed below is a total count of young adults housed in ESH, for each date audited, and the total number of young adults that were assisted by the Law Library Coordinators.

June 5, 2020

There were fifteen (15) young adults in ESH on this audit date, out of which, one (1) young adult **chose to** request and was provided Law Library services.

June 25, 2020

There were sixteen (16) young adults in ESH on this audit date, out of which, one (1) young adult **chose to** request and was provided Law Library services.

¹ To facilitate the provision of Law Library services, within their assigned areas, Law Library Coordinators provide services to all individuals regardless of whether it is during the individual's lock-out period.

² This is evidenced by the Law Library Coordinators signing in and out of the Law Library Logbook on each of the audit dates.

§ 1-02(c)(2) (Classification), Provision of Programming

Young adults in ESH are placed in housing units exclusively with other young adults (18 to 21 years old). Young adults who are 19 to 21 years old can also be commingled in units with adults (22 years old and older). In the commingled housing areas, the provision of programming is provided to each tier separately through two programming sessions. The hours of programming afforded may vary by tier within a housing area. In the young adult exclusive housing areas within ESH, tablets are intended to be utilized in the provision of programming and offered to young adults regardless of whether it is during the individual's lock-out period. The Programs Division is in the process of rolling out the provision of tablets over the coming months. In addition, in the young adult exclusive housing areas, on days when support programming staff are present, young adults may request individualized counseling while other programming components are being held. The Department also provides to young adults self-guided programming packages that include activity packets, interactive journaling, and worksheets. In additional, social services are afforded by counselors, which can either be requested by a social service slip or during a counselor's tour when an inquiry is made that may be designated as social service. Social service includes the provision or referral of a support service, or case-management related engagement and discussion. Social service is designated separately in the report as it is a rendering of a request and/or has follow-up that is related to case management.

The audit reviewed programming attendance data on each of the four (4) dates audited to ascertain the number of programming hours offered to each young adult and the number of hours each young adult **chose to** participate in programming. Program participation hours are based on the number of hours each young adult **chooses to** participate in programming. The data reflects the young adults present in the housing area during programming on each audit date.

Please note that on any given day, a young adult may be out to court or transferred in or out of the ESH Unit. These young adults may not be included in the programming reporting. It is

Education

In-person educational services were suspended due to social distancing, personnel, and operational considerations related to the coronavirus. The NYC Department of Education provided an alternative method for the provision of educational services, by providing alternative educational learning materials to the three (3) young adults that were enrolled in school on three (3) of the four (4) audit dates. The NYC Department of Education provides educational packages on a weekly basis wherein each package contains learning material for one week. On each audit date, the packages are only offered to individuals who do not have materials (i.e. those new to the unit, have previously refused, or it has been one week since they last received a packet). New packages were not offered to every young adult on each audit date because many young adults were already in receipt of their weekly packages.
