## II. Data Dictionary

Injury Table	Definition
Table 1	Number of injury reports documented by CHS within the month, excluding injuries that are still pending as of the last day of the reporting period. All injury reports represent an in-person clinical encounter.
Table 2	<p>Number of injury reports by determination.</p> <p>Confirmed injury is defined as an injury by history only, injury with physical evidence, or injury that resulted in urgent care or hospital transfer.</p> <p>Serious injury is defined as any one of the following: laceration requiring sutures; staples or glue, fracture, clinical nasal fracture, initial dislocation reduced in clinic or hospital, tendon tear, amputation, structural injury to organ, post-concussive syndrome or head injury requiring imaging, blistering burn involving face or &gt;9% of total body surface.</p>
Table 3	Number of confirmed injury reports where patient was sent to urgent care.
Table 4	Number of confirmed injury reports where patient was sent to hospital.
Table 5	Age of patient at time of confirmed injury report.
Table 6	Number of confirmed injury reports where the patient accepted or refused care.
Table 8	Number of confirmed serious injury reports by type. An injury report may contain more than one serious injury type; therefore the total number of injury types may not equal the number of serious injury reports.
Table 9	Number of confirmed non-serious injury reports with a documented blow to the head.
Table 10	Number of confirmed injury reports by bodily location.
Table 13	Number of confirmed injury reports by cause of injury as reported by patient to CHS.

Self-Harm Table	Definition
Table 1	Number of incidents of self-harm by type.
Table 2	Number of incidents of self-harm by type and age at time of incident.
Table 3	Number of incidents of self-harm by type and facility.
Table 4	Number of incidents of self-harm by type and housing type.

\*The “Other” category may include injuries that occurred inside or outside of a housing area in locations such as the clinic. Beginning with the October injury report, the “Other” category will exclusively include injuries which took place in locations within a housing area other than in the nine (9) locations provided in Table 12.

**Table 14 – DOC**

*Phase 2 (E) Cause of serious injuries, including self-injury, as recorded in the facility investigation, grouped and totaled by cause of injury, overall and disaggregated by specific command;*
