

COMMUNITY ADVISORY

PROJECT NAME: NYC BBJ Bronx Facility

PROJECT#: BBJ-XFAC

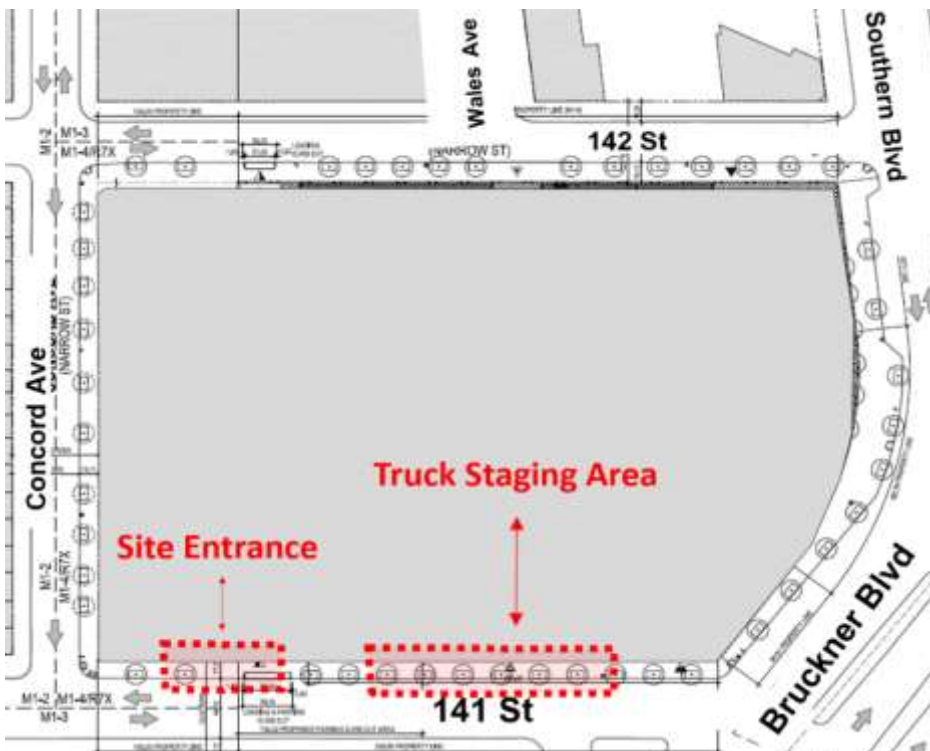

BOROUGH: THE BRONX

ADVISORY ISSUED: 1/30/26

UPDATE

Heavy Machine Delivery & Truck Staging Anticipated during February 2026

As construction of the new Bronx Facility progresses, heavy machinery will be delivered to the site periodically during early morning hours via the 141st Street entrance. Delivery trucks will stage near the 141st Street and Wales Avenue gate entrances before entering the site. Truck staging refers to designated areas where trucks wait until they are directed to enter the site. Noise is anticipated during these operations, and flaggers will be present to help direct pedestrians and vehicles as needed. In accordance with DOT bridge-crossing requirements, these deliveries must occur during late-night/early-morning hours and are expected to take place between 4:00 AM and 7:00 AM.

If you have any questions, concerns, or would like to learn more about this DDC Project, please call the Community Construction Liaison:
