

Curbside composting sign up is coming. Get notified!

Let us turn your food scraps and yard waste into compost and clean energy. Using your brown bin keeps your neighborhood clean, and helps fight climate change.

Make Compost, Not Trash.

To be notified when the curbside composting sign up form is available, register at nyc.gov/curbsidecomposting or call **311**.

We need you—this FREE service can't begin until enough residents in your neighborhood sign up.
