New Service Added: October 10 Holiday Update from NYC Sanitation

In advance of the holidays on October 10, 2022, the New York City Department of Sanitation has announced additional service and a change in guidance for service on that day.

- Residents who normally receive **Monday trash collection** should place their material at the curb **SUNDAY EVENING**, between 4 p.m. and midnight, for collection beginning Monday, October 10. This is a continuation of our pilot "**on-holiday pick-up**" program representing an additional service as collection normally does not take place on the holiday.
- Residents who normally receive **Monday recycling collection** should place their material out at curbside between 4 p.m. and midnight on Sunday, October 16, for pickup on Monday, October 17.
- Residents who normally receive **Monday curbside composting collection** should place their material at the curb between 4 p.m. and midnight Sunday evening, for collection beginning Monday, October 10. This is a continuation of our pilot "**on-holiday pick-up**" program representing an additional service as collection normally does not take place on the holiday.

While the Department strives to offer this service, please note that collection delays are common after holidays (for example, there may be slight delays in areas near the Columbus Day Parade). We appreciate patience as we work to collect the material.

For questions about Sanitation services and holiday schedules contact 311 or visit nyc.gov/sanitation.

About the New York City Department of Sanitation

The Department of Sanitation (DSNY) keeps New York City healthy, safe and clean by collecting, recycling and disposing of waste, cleaning streets and vacant lots, and clearing snow and ice. The Department operates 59 district garages and manages a fleet of more than 2,000 rear-loading collection trucks, 450 mechanical brooms and 705 salt spreaders. The Department clears litter, snow and ice from approximately 6,500 miles of City streets and removes debris from vacant lots as well as abandoned vehicles from City streets. The Department runs a portfolio of programs and facilities to help New Yorkers more sustainably manage waste.
