

Open House 2021

AUGUST - OCTOBER

YOU'RE INVITED

During the next three months of 2021, Nos Quedamos will host Open House sessions to engage with community residents, local leaders, and activists/advocates in casual meet-and-greet networking sessions as we prepare for 2022. Each monthly session will pivot around a thematic such as affordable housing, gentrification, Covid-19, the environment and land-use, culture & arts, social services, among many others. These family-friendly events will also be coordinated to help regional stakeholders bring issues of relevant concern to our attention in order to maintain an ongoing dialogue around community resiliency and collectively safeguarding our quality-of-life in the region.

All sessions are from 5-7pm. Snacks and beverages served. Covid-19 protocols will be observed.

August 26th ~ We Stay/Nos Quedamos To Heal: Get to know NQ and unite as a community to talk about the hardships we've encountered through Covid-19 and discuss how to move forward, together.

September 23rd ~ We Stay/Nos Quedamos To Connect: We stayed and flourished, now what? Join us as we talk about the changes we want to see in our community and how we can get there.

October 28th ~ We Stay/Nos Quedamos To Build: We figured out what needs to change, so how do we get there? Learn how to strengthen our resiliency and determination through community ownership.

THE HISTORY OF THE

REPUBLIC OF THE UNITED STATES OF AMERICA

The history of the United States of America is a story of a young nation that grew from a small colony of settlers to a powerful world superpower. The story begins with the first European settlers in the early 17th century, who came to the New World in search of a better life. They found a land of opportunity, but also a land of conflict with the Native Americans. The struggle for independence from Britain began in 1776, and the United States was born. The next century was a time of rapid growth and expansion, as the United States moved westward across the continent. The Civil War of 1861-1865 was a turning point in the nation's history, as it resolved the issue of slavery and preserved the Union. The 20th century was a time of great change, with the United States emerging as a world superpower after World War II. The Cold War with the Soviet Union was a defining feature of the era, and the United States played a leading role in the space race and the development of nuclear energy. Today, the United States is a global leader in science, technology, and culture, and continues to shape the world as we know it.

The United States has a rich and diverse heritage, with people from many different backgrounds and cultures. The country has a long tradition of freedom and democracy, and its values have inspired people around the world. The United States has also been a leader in the fight for civil rights and social justice, and its commitment to these principles has been a source of pride for its citizens. The history of the United States is a story of resilience and achievement, and it is a story that continues to inspire and shape the world today.

The United States is a country of many firsts, and its history is a testament to the power of the human spirit. From the first settlers to the present day, the United States has overcome many challenges and achieved many great things. The country's values of freedom, democracy, and justice have been a source of strength and inspiration for its citizens, and they have also been a source of pride for the world. The history of the United States is a story of a nation that has grown from a small colony to a global superpower, and it is a story that continues to shape the world as we know it.
