The meeting commenced at 7:35 P. M. Chairperson Russo discussed the public hearing regarding the Zoning for Coastal Flood Resiliency. D. Noble is personally not in favor and takes exception with the regulations forcing work to be conducted locations such as basements where flooding often occurs.

There was a brief discussion regarding resolutions and how to generate support and media interest so that the matter has more of a chance of occurring. Chairperson Russo then asked all committee chairpersons to discuss monthly reports and what resolutions will be voted at the next Full Board meeting. Executive Board Members want to continue using committee meetings for agency correspondence. It is not advised that Board Members contact city agencies without the knowledge and consent of the Board. Meeting closed at roughly 8:15 P. M. by a vote of adjournment by P. Cantillo and seconded by R. Bieder and unanimously approved by all.
