Ms. Cruz did not think that the request for repair/remilling/resurfacing of Miles Avenue from Throggs Neck Expressway Service Road to the water at the boundary separating Alden Park and Pennyfield Camp, 311-08070988, was within the jurisdiction of the Agency; Mr. Cruz indicated that the street was not part of either Alden Park or Pennyfield Camp. This work requires the full closure of the Hutchinson River Parkway in both directions, during the overnight hours of 10 PM – 4 AM. A detour is in place. The contractor is also trying to locate the right turn on red sign which was removed from Westchester Avenue at Hutchinson River Parkway East, for the project.

Mr. Cruz requested that a pothole be filled on Westchester Avenue at Waters Place, just before the turn onto the Hutchinson River Parkway southbound.

Mr. Cruz welcomed Mr. Ward and looks forward to working with him.

Consolidated Edison – R. Infante

He inquired if Ms. Cruz had the DOT photographs depicting the issue. The neighboring homeowner erroneously insists that she has a legal right to rent out a portion of the space. Sgt. Marsh had nothing new to report.

Mr. Cruz requested that agents spot-check the area of Westchester Avenue at Amendola Plaza, the Pelham Bay Subway Station. Please ask businesses to sweep and keep their properties clean and well-maintained. Also, please check sidewalks in front of businesses on Pennyfield Avenue.

45th Precinct - NYPD – Det. J. Souhrada

Det. Souhrada reported that the precinct has been active. There has been an increase in the 7 major crime categories. The increase is being addressed by concentrating resources at high priority locations.

Two weeks ago there was a stabbing in Pelham Bay Park following a domestic dispute between homeless individuals.

A few days ago there was a shooting at the corner of Puritan and E. Tremont Avenues. An altercation broke out between a group who lingered in the area after the establishment they had attended closed. A male pulled out a gun and struck 2 people.

Detective Souhrada reported that many establishments are requesting extended hours in their liquor licenses. NYPD is not endorsing these requests due to the spike in crime.

Mr. Cruz inquired if check points will be utilized around the holidays. Det. Souhrada indicated that the Department has already implemented checkpoints in response to the spike in stolen vehicles, one on each of three shifts, three times a day, at sporadic, high volume, locations. No stolen vehicles have been recovered through this exercise, thus far. Suspended licenses are the most common violations.

45th Precinct - NYPD (continued)

Ms. Rubin reported that her office continues to receive noise complaints about car speakers blasting music in the Home Depot parking lot on Gun Hill Road.

Det. Souhrada indicated that the location is in the 49th Precinct, but he can relay the information to them. Blasting car speaker offenders tend to travel between the 45th, 49th and 43rd Precincts. Officers are performing enforcement, but summonses issued are being dismissed. The slushy vehicle which was confiscated for selling illegal alcohol was recently returned to the owner and all summonses were released. The only advantage of confiscating equipment and vehicles is that it keeps the offenders out of commission for a short period.

Department for the Aging (DFTA) – J. Melendez

Mr. Melendez reported that since the start of the pandemic, the agency has placed over 6 million wellness calls to older adults. The calls continue as we transition back to normal. Mr. Melendez reminded seniors with farmers' market coupons that they expire on November 30, 2021.
