Meeting opened with Pledge of Allegiance at 7:00. The committee discussed how to give community boards notification when letters of intent are submitted to the Department of City Planning. The suggestion was to meet with City Planning and discuss having applicants meet with community boards before public certification. There was an agreement for the committee to review more as-of-right projects and to discuss its adverse effects.

The Committee Chair took public comment. Comments focused on liaising with other community boards and advocating for quicker notification when rezoning applications are received. The meeting closed at 7:50 P.M. by an unanimous vote of adjournment.
