Youth Minutes

6-17-19

Present: B. Bieder, L. Council, N. Sala, J. Thomas, S. Woods

Absent: M. Davila, J. Kuhl, J. Onwu

The committee read the letter to the Chancellor and unanimously approved.

“Resolved... at the recommendation of the Youth & Education Committee of Bronx Community Board #10 that a letter be written to Commissioner Richard Carranza and signed by the Chair of the Youth & Education Committee concerning the May 2019 District Science Fair and that this be forwarded to the full Board for approval.”

The Truman Beacon received 3 responses, none of which were viable.

The RFP will be re-issued in September. Montefiore-Mosholu was unable to submit a proposal due to the principal refusing to give them a letter. The committee will look further into this matter.

A lengthy discussion ensued with regard to the committee's future plans. The members will submit items for the agenda before the September meeting.

Respectfully,
Bob Bieder

Richard Carranza, Chancellor
New York City Department of Education
Tweed Courthouse
52 Chambers Street
New York, NY 10007

Chancellor Richard Carranza:

We are writing today to extend our congratulations to Superintendent Dr. Erika Tobia and Deputy Superintendent Jennifer Joynt on the success of the first annual District 8 Science Fair. The fair presented over 95 projects from the District 8's 39 schools.

As chair of the Bronx Community Board #10's Youth and Education Committee I was extremely impressed by the projects and the students' abilities to present their work.

I was also impressed by the ceremonies, the presentation of arms by the students of PS146, the performance by the choral students of PS72 and the dance performance of the students of MS448.

I also had the opportunity to visit the BIOBUS which gave the students and families an opportunity to experience science in a different way.

The joy of learning was evident on the faces of the students, families and teachers who were thrilled to be a part of this wonderful event.

Community Board #10 looks forward to continuing to work with Dr. Tobia and all of the schools within our service area.

Sincerely,

Robert Bieder, Chair
Youth and Education Committee
