2. Middle School  
CEC 11 is presently looking to either build a new school or rent a building to accommodate the 3000 seats Community Board 11 is owed. There is funding available. Due to the need for sex education classes a catholic school would not be available unless the classes were taught off site or online.  
Discussion on annexes took place.  
It was brought to the attention of the committee that whenever a charter school wants to come into a district, a certain percentage of the seats are held for the district with a separate lottery.  
Money is available to pay a custodian to keep a school open for an after school program run by a not-for profit.  
On May 29, there will be a P.E.P. meeting at the Taft campus where one can address the Chancellor about needs and get a waiver to get into programs.  
Whenever there is a new building the zoning lines will change to populate the building.  
Traveling time to new middle schools was discussed.
