Issue tabled until next month.
3. Guest: Theresa Roberts
Community Education Council’s Mission: To make sure that schools in the district are safe, welcoming, and inclusive, and to work with families, educators, and the community to improve student learning. They want to involve families and the community in the education of their children and ensure that all students have the resources they need to succeed.
Issues/Opportunities: Lack of engagement and voices from parents. By involving parents and caregivers, this can help to build stronger partnerships with families, promote diversity and equity, enhance accountability, and improve student achievement.
Propose having a meeting with CBs 8, 9 and 10 since we are in the same school district.
