These items are of most importance to include in the budget and capital expense request. Come September committees should be discussing in depth what changes or additions to make to the request.

CB7 only received one resignation during this session.

Thank you to interim Chair Barbara Stronczer for her work and dedication to running the board these past few months.

Also thank you's given to all board members for their help and cooperation.

Further New Business:

Briefly discussed combination of committees (amendment to bylaws)

Discussed letter of support to elected officials to provide more funding for the installation of more security cameras in our district local schools.

After much discussion (mental health, services etc.) the committee determined that a formal motion be made by Victor Saldana – chair of public safety and quality of life.

The motion would read as follows:

Motion to send letter to elected officials to request funding to be allocated for the purposes of security cameras in NYC Public Schools within CB7.

Committee further discussed mental health, lack of services and stigma plaguing our district and schools. It was determined that there are so many avenues to work on this and this can be something to be worked on in September and October in conjunction with several committees (a forum), if possible.

Next Meeting Date: TBD (September 2022)
