 - A. DOT had no representative Present, documentation was sent in reference to Citibike usage numbers of 2021 58,946, for 2022 92,916, for 2023 273,494. Unfortunately, they were beginning or completed through our community board, we plan to ask for further confirmation of which locations have usage. Also, the availability of bikes at a particular docking station. Andrew presented details from a Comptroller's Report and a Citibike (Lyft) report explaining their procedures. Repairs are only happening in high usage areas and not in the extremities of our boroughs like Bronx and Brooklyn our stations are left in disrepair or unstocked.
 - B. We announced there being a new Bronx Commissioner for DOT not made known to us.
