Chairperson - Andrew Laiosa

- I. An agreement has been entered into between CB 7 and Bronx Community Solutions (BCS) to address the "Quality of Life Crimes" in CB 7.
  - A. BCS will work with the Bronx District Attorney's Office, the NYPD, and "after arrest" programs to deal effectively with the identified problems.
  - B. After careful consideration, it was decided that the target area will encompass Sectors C and D within the 52 Precinct which accounts for the majority of quality of life crimes and includes three parks, Aqueduct, St. James, and Devoe.
  - C. CB 7 and BCS will meet on a weekly basis to monitor progress and work with NYPD and other agencies to direct resources where they are most needed to combat crime.
  - D. This new CB 7 program is the direct result of a previous public meeting held by CB 7 where the public had an opportunity to express their concerns regarding crime issues. CB 7 promised to follow up on these concerns and designed this program to effectively address the concerns expressed.
- II. The liquor license requests were reviewed again. The principals involved were not present to offer additional information, so the issue will be reviewed at the next meeting.
- III. The NYPD Crime Statistics were discussed as well as other quality of life concerns such as graffiti, youth violence, and drug related activity.
