COMBINED PUBLIC HEARING AND BOARD MEETING NOVEMBER 14, 2017 211 AINSLIE STREET

ROLL CALL

Chairperson Ms. Dealice Fuller request District Manager Mr. Gerald A. Esposito to call the roll. District Manager Mr. Esposito informed Chairperson Ms. Fuller that there were 25 members present, a sufficient number to open the public hearing.

APPROVAL OF THE AGENDA

Mr. Gross made a motion to approve the agenda. Ms. Iglesias seconded the motion. The motion was unanimously carried.

PRESENTATION: BSA – (Cal. No. 2017-279-BZ) 97 N. 10th Street (93-99 N. 10th St.) Brooklyn, NY 11249 (Block 2296, Lot 4). Special Permit to legalize the operation of a Physical Culture Establishment (PCE) in a portion of the second floor of the premises.– by Jay Goldstein, Esq./Representative.

Mr. Goldstein presented on the item. He was a zoning attorney and was representing the proposed gym at the location. He represents “Bar Method” the gym at the location, 97 North 10th Street (between Wythe Avenue and Berry Street). The proposed gym is 3,168 square feet. They have a small portion of the second floor of the existing building. The city requires the gym to have a special permit to operate. The gym operates similarly to a dance or ballet studio. It has carpeted floors and mirrored walls, with ballet bars. It has two studios, three showers, three restrooms. They will have 10-22 people per class depending upon the studio. The hours of operation are 5:30AM – 9:30PM, 7 days a week, with 7-10 classes per day. The earliest class is at 6 AM, and last class ending at 9PM. The space is ADA accessible and has fire sprinklers. There are no adjacent tenants in the building. They should be okay with the sound, it is similar to a ballet studio. They do not have any loud noise. Mr. Burrows asked about the operations, were they operating illegally? Will the item go to the Land Use Committee? It was noted that it would be going to the Land Use Committee. Mr. Goldstein noted that they were open, but there were no showers. The showers is what triggers the need for a permit to legally operate. They will install

the showers once they get approved from the BSA. There were no other comments on the item and Chairperson Ms. Fuller moved onto the next item on the agenda.

REVIEW OF COMBINED PUBLIC HEARING AND BOARD MEETING CALENDAR FOR 2018-2019.

Chairperson Ms. Fuller noted the proposed calendar and asked if there were any questions. She related that everyone should have a copy of the proposed calendar. A motion was made by Mr. Gross to approve the calendar. Ms. Nieves seconded the motion. The motion was unanimously carried.

Chairperson Ms. Fuller asked for the speakers who signed up regarding the liquor licenses to come forward. District Manager Mr. Esposito called up the speakers.

Public Session on Liquor Licenses:

Mitchell Hymowitz, restaurant owner, spoke in support of his restaurant, Jam N Pizza, dba Midici Neopolitan Pizza. He said that he was speaking with some of the community residents

about the family style restaurant. They will serve affordable meals (i.e. - Neopolitan pizza, salad). He noted that the neighbors had some concerns about the times that they would open. He has tried to come up with some terms to address the concerns.

Denny Tomkins, resident/Fillmore Place Historic District, related that they did not object to the restaurant but to the hours. They have applied for a liquor license. He was concerned about the oversaturation of licenses in the area. There are over 20 licenses within a 500 ft. radius. He spoke in opposition to the license for Beats on Grand Street. He noted concerns with licenses for late night venues and concentrations.

Lillian Lee, resident of North 4th Street, noted concerns about liquor licenses in the area. She noted that they are looking for earlier hours for the Jam N Pizza establishment.

Joanne Sanchez, resident of Roebling Street and representative for NYCHA's Williams Plaza development tenants association. She noted opposition from the development for the liquor license at 309 Roebling Street (Painting Lounge).

Rose Rivera, resident of Roebling Street and representative of El Puente/Williams Plaza community center, noted opposition for the license for Painting Lounge (at 309 Roebling Street).

Pedro Guerrero, resident, spoke in opposition to the hours for Jam N Pizza. He raised concern about the hours of operation.

Veronica Schiff, resident of Roebling Street, spoke in opposition to the license for the Painting Lounge at 309 Roebling Street.

Rachel Schiff, resident of Roebling Street, spoke in opposition to the license for the Painting Lounge at 309 Roebling Street.

Chairperson Ms. Fuller noted that this concluded the speakers for the public session on the liquor licenses. She asked to move on to the Board Meeting

BOARD MEETING

MOMENT OF SILENCE

Chairperson Ms. Dealice Fuller requested a moment of silence.

APPROVAL OF THE AGENDA

Rabbi Niederman made a motion to approve the agenda. The motion was seconded by Mr. Caponegro and carried unanimously.

APPROVAL OF THE MINUTES

Mr. Gross made a motion to approve the minutes of the October 17, 2017 Combined Public Hearing and Board Meeting. The motion was seconded by Mr. Weidberg and was carried with one abstention (Mr. Needelman).

COMMITTEE REPORTS

LAND USE, ULURP & LANDMARKS (subcommittee) COMMITTEE – Ms. Teague submitted a written report on behalf of the committee. She read the report noting there was just a one item on the agenda for a yoga studio.

BSA Item: #2017-257-BZ, 159 North 4th Street, for a special permit for physical cultural establishment (yoga studio “Core Power”) for 10 years – by Marvin Mitzner, Attorney. The applicant seeks a special permit for a yoga studio. The business is part of a chain - Core Power Yoga. The facility will have a separate entrance at street level in the five-story building. The studio, which is in the basement, will have a double height ceiling. There is an elevator with handicap access on the ground floor which goes to the studio. Hours of operation: 6AM to 10PM. There are two studios with an anticipated 15 – 20 students per session. Recommendation - The seven members that were present recommended approval. The committee also requested that the owner offer discounts to local seniors.

Ms. Teague, as the committee chair, recommended that the application be approved. A motion was made by Ms. Nieves to approve the application. The motion was seconded by Mr. Bruzaitis. The motion was unanimously carried.

PARKS & WATEFRONT COMMITTEE – Mr. Caponegro asked for a letter of support for two items that are going on in Frances Hamburg Sternberg Park. Money has been allocated to put a brand new synthetic turf in the park. Money was also allocated by Councilmember Reynoso to put lights on the basketball court. Both of these items are ready to go forward, and the Parks Department would like a letter of support from the Community Board. The committee is in favor of the plans. He asked for the board to vote for support. Rabbi Niederman made a motion to provide the support letter to the Parks Department. The motion was seconded by Ms. Nieves. The motion was unanimously carried.

SLA REVIEW AND DCA COMMITTEE – Mr. Bogdan Bachorowski presented a written report that was distributed. The report contained a series of recommendations, including new liquor licenses as proposed by the committee chair with a couple of changes.

(Separated out for a vote)

Mr. Burrows noted that there were speakers this evening on the application for Painting Lounge. At the committee’s meeting the applicant did meet with the community members. They discussed the differences of the establishment. Previously customers brought their own wine. Now they want to sell the alcohol and have a backyard use, and have late hours. The Williams Plaza Housing had a petition against them. The community center was also opposed.

Painting Lounge LLC, 309 Roebling Street (New/Removal, wine/beer, cider, paint and sip) - The Committee members voted to deny the application, however the vote was: 4 to deny, 4 abstained. The Committee seeks the Board to make a recommendation. Mr. Elkins asked about the hours of operations. Ms. Peterson spoke about the place being a quiet little place where women came in and painted. How did it become a menace? Mr. Burrows noted that it was the establishment, but a new location. They want to now sell liquor. Also, they have a backyard that they want to use. The use was not clear and the hours are later. The members discussed the matter. Mr. Needelman talked about having a moratorium. Mr. Burrows noted that there was a new night life commission and they have been working how to get around the community board. He was concerned about the board’s voice not being heard. This application is for beer and wine only. A roll call vote was requested. The board voted to deny the application. The vote was as follows: 16 “YES”; 7 “NO”; 7 “ABSTENTIONS”.

(Separated out for a vote)

Jam N Pizza Company, Inc dba Midici The Neapolitan Pizza Company, 174 North 4th Street, (New, liquor, wine/beer, cider, rest) – The Committee initially voted to deny the application, based on community opposition, however the vote did not carry (2 “YES”; 5 “NO” ; 0 “ABSTENTIONS”). A second motion was made to approve the application, however it did not carry as there were: 7 “ABSTENTIONS”. The Committee did not make a recommendation. The Committee seeks the Board to make a recommendation. The applicant met with community and changed the operating hours: Weekdays 11:00PM Last Call/11:30PM, Closing; Weekends 12:00pm Last Call/12:30PM. Closing. The board voted to approve the application. The application is to reflect the new hours.

WOMEN’S ISSUES COMMITTEE – Ms. Peterson provided a quick report. She noted that the women’s swim issue, 13 months later, still goes on. The Mayor had said at his town hall meeting that he would go to the Human Rights Commission to get one more hour of swim time. She spoke about getting a waiver from the Human Rights Commission. The elected officials will put in for the exemption. No one ever said that an exemption could be applied for. It was noted that the Parks Dept. would have to apply to the exemption. Hundreds of women are being denied swimming. The committee will meet next on November 28th at Swinging 60’s.

ENVIRONMENTAL PROTECTION COMMITTEE – Mr. Elkins noted that he was the new committee chair and that Mr. Chesler was the co-chair. He noted that anyone with an environmental issues, to send an email to the board so that he could be in the process. He also provided some information. NY1 has reported that the buses that CB#1 would have when the L train shut down, would be diesel buses. He spoke about concerns about rain storms and the sewers. There is a call for 50% reduction. There are a lot of concerns about this and contamination of the sewers and Newtown Creek and plant. He spoke about the elevated levels of lead in the backyards in Greenpoint.

PARKS DEPARTMENT MINUTE (as written, see attached)

ECONOMIC DEVELOPMENT COMMITTEE - Ms. Toby Moskowitz presented a report on behalf of the Economic Development Committee. She noted that the committee had met with the Brooklyn Chamber of Commerce regarding their request for a letter of support for the Workforce program RFP. The committee recommends providing the support. The members discussed the item. Chairperson Ms. Fuller asked about the persons that they want to bring into the community board. Ms. Moskowitz read the letter that the Brooklyn Chamber of Commerce provided. The members discussed the request. Mr. Caponegro made a motion to support sending the letter. The motion was seconded by Ms. Kuonen. A roll call vote was requested. The vote was as follows:

DISTRICT MANAGER'S REPORT (as written, see attached)

OLD BUSINESS

The members discussed the issues raised about attendance and the by-laws. Mr. Bruzaitis, said that in light of the presentation made at the public session. He made a motion that there be a joint meeting of the Attendance Committee and the By-Laws board to discuss.

Mr. Needelman noted that a meeting was set for the By-Laws Committee on November 29th. It was announced that it will be a joint meeting with the Attendance Committee.

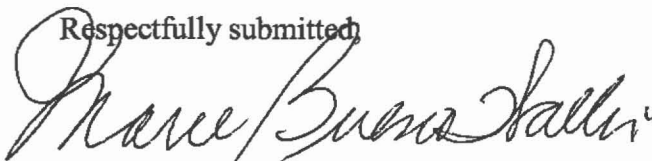

NEW BUSINESS

Mr. Tommy Torres brought up an item under new business. He noted that the board received a presentation and testimony made by the NYCHA Copper Park Resident Council. The residents came to Community Board No.1 to get support for their position to not have development on their parking lot. The members voted to send a letter to NYCHA noting the Board's support of the tenants in their opposition to development on the Cooper Parks Houses parking lot. The vote was unanimous (27 "YES"; 0 "NO"; 0 "ABSTENTIONS"; 0 "RECUSALS").

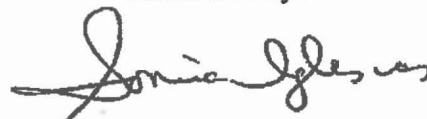

ADJOURNMENT

Mr. Caponegro's motion to adjourn was seconded by Ms. Bamonte and was unanimously carried.

Respectfully submitted,

Community Board 1 November 14, 2017 Testimony

Bushwick Inlet Park

- \$7.7mm will be allocated to 50 Kent, between North 11th and North 12th Streets, to design and develop that parcel of parkland
- An additional \$9.8mm will be allocated to Motiva (purchased in 2014 for \$4.65mm by the de Blasio administration) for remediation, design, and development
- Parks anticipates hosting a scoping meeting for both of these projects in 2018. We will be confirming the date once we have a designer assigned to the project
- Parks and EDC are working together to demolish structures on the Bayside site. The administration allocated \$22mm to that effort and we anticipate seeing activity on that site the last half of 2018
- The tenant at CitiStorage will be on site until January 2020

17 NOV 6 1:46 PM

Other allocations of note are two that Mayor de Blasio mentioned during CM Reynoso's Town Hall were \$13mm for improvements to Marcy Parks (\$5mm) and William Sheridan, near PS 84 (\$8mm). In addition, Mayor de Blasio allocated \$6mm for improvements to the natural grass softball and baseball fields at McCarren

In this parks district we currently have the following projects under construction:

- Newtown Barge Playground – construction of upland and waterfront park to be complete December 2018
- Ten Eyck Playground – construction began spring 2017, completion spring 2018
- Ten Eyck Playground Comfort Station – to be complete fall 2018; North 5th Street bulkhead reconstruction – to begin fall 2017 (a change from last month's update due to a delay in obtaining some construction materials)
- McGolrick Playground – construction to began September 18, 2017, complete fall 2018
- Sergeant Dougherty (SDOT funded and construction project) – construction began spring 2017, completion spring or summer 2019
- North 5th Street Pier – repair to be completed October 2018

We have several projects whose "notice to proceed," or authorization to begin, is upcoming:

- Jaime Campiz – construction to begin fall 2017, project will replace basketball backboards, repave the basketball court, replace old with new adult fitness equipment, and replace old with new safety surface at adult fitness equipment

- McCarren Soccer Field – to begin spring 2018 and be completed spring 2019
- Epiphany Playground – construction likely to begin spring 2018 and be completed fall 2019
- McGolrick Park Paths – to begin fall 2018 and completed fall 2019;
- McCarren Recreation Center – reconstruction of roof and exterior masonry walls. Construction will begin fall 2018 and be completed fall 2019
- LaGuardia Playground – completing design phase. Construction to begin spring 2019 and will be complete spring 2020
- Sternberg Synthetic turf and basketball lights – construction likely to begin spring 2019 and be complete spring 2020

We recently held scoping meetings for two projects:

- Bartlett Playground was held on October 25th
 - Penn Triangle was held on November 1st
-
- Additionally, NYC Parks has work closely with GreenThumb and OSA to make improvements at Powers Street Garden
 - The project to add benches to Transmitter Park is anticipated to begin in December
 - And, on Box Street Park, we have completed environmental testing at the MTA site and are awaiting results. We are planning a meeting to discuss Box Street design in early 2018

In the next year Parks is seeking to expand programming. Community input is very important to us. Please email North Brooklyn Administrator Mary Salig (mary.salig@parks.nyc.gov) with any requests and/or to get involved.

Re: NYCHA'S plan to build a mix of "affordable" and market rate housing on
Cooper Park Houses Parking Lot

While we support the need for "affordable" housing for each economic group we, the Cooper Park Resident Council and its residents, are opposed to NYCHA's plans to build "affordable" and market rate housing at Cooper Park Houses parking lot. We are very concerned about the small size of this proposed site, the blocking of our freedom to have access to natural sunlight and the elimination of our heavily used parking lot.

Through a meeting we attended with Congresswoman Maloney on October 30, 2017, only by chance were we informed of an upcoming town hall meeting. We were informed that NYCHA planned to discuss this proposal with residents on November 14th. Not only is this an unacceptable way to learn of a meeting, we want nothing less than transparency especially, when an agenda so deeply as this impacts our lives.

We *do* support the development of "affordable" housing in our neighborhood however, this development, which would consist of 250 units of "affordable" and market rate housing, is unacceptable. Please know that there are plans for over 500 units of "affordable" housing to be developed on the Greenpoint Hospital site, which is directly across the street from this parking lot. Adding an additional 250 units of "affordable" and market rate housing at Cooper Park Houses parking lot is unacceptable as it would double the density of this small area.

According to the "Greenpoint Williamsburg Zoning Agreement" in 2007, 130 units were supposed to be developed at this very same parking lot. How does NYCHA believe that it is feasible to build 120 more units than was suggested in 2007? We understand that NYCHA is struggling financially, but taking away our space and quality of life is not the way to remedy it. We said, "No" in 2007 and are saying, "No" now. We are asking for your support via a letter as we stand on a firm "No" to building any units at this parking lot and "Yes" to the 500 "affordable" units at the Greenpoint Hospital site.

The Land Use, ULURP & Landmarks (subcommittee) Committee met on Tuesday, October 30, 2017 at 6:30 PM in the CB #1's District Office, 435 Graham Avenue, Brooklyn, NY 11211
 ATTENDANCE: Present – Teague, Viera, McKeever, Chesler, Kaminski, Nieves, Sofer.
 Absent – McCann, Bondo, Needelman, Rabbi Niederman, Rabbi Perlstein, Solano, Weidberg, Weiser.

BSA Item: #2017-257-BZ, 159 North 4th Street, for a special permit for a physical cultural establishment (yoga studio) for 10 years – by Marvin Mitzner, Attorney.

The applicant seeks a special permit for a yoga studio. The business is part of a chain - Core Power Yoga. The facility will have a separate entrance at street level in the five-story building. The studio, which is in the basement, will have a double height ceiling. There is an elevator with handicap access on the ground floor which goes to the studio. Hours of operation: 6AM to 10PM. There are two studios with an anticipated 15 – 20 students per session.

Recommendation - The seven members that were present recommended approval. We requested that the owner offer discounts to local seniors.

DISTRICT SERVICE CABINET MEETING OCTOBER 19, 2017 435 GRAHAM AVENUE

MEETING CALLED TO ORDER

Assistant District Manager Ms. Wallin called the meeting to order. She greeted the members and noted the agenda which included "Round Robin" updates from City Agency Representatives.

OFFICE OF EMERGENCY MANAGEMENT (OEM) - Mr. Anthony Pennolino, OPS, noted that they are getting ready for the NYC Marathon scheduled for November 5, 2017. The marathon's route will entail several street closures. November spoke about the hurricane season ending on November 30th. He related that they have teams that went to Puerto Rico to help the victims. New York City has opened a Hurricane Service Center to assist those residents of Texas, Florida, Puerto Rico, and U.S. Virgin Islands, who are relocating to New York City for short-term or long-term stays following the recent hurricanes on Thursday, October 19. Services are available from both government agencies and community-based organizations. To access these services, make an appointment online or call 311 (212-639-9675 for Video Relay Service, or TTY: 212-504-4115). You must make an appointment to access these services. Please fill out one appointment per household. The center is located at the Julia De Burgos Latino Cultural Center, 1680 Lexington Avenue (entrance is located on East 106 Street) Cross Streets: East 105 Street and East 106 Street. This center is an accessible facility. However, space is limited. The Service Center is not accepting donations. Hours of Operation for the Hurricane Service Center are: Monday - Friday: 9 AM to 5 PM; Saturday: 10 AM to 4 PM (closed Saturday, October 21); Sunday: 1 PM to 5 PM. See the attached press release for further information.

FIRE DEPARTMENT (FDNY) - Battalion 35's Chief Peter Gannon provided a brief report. He provided a list of statistics for the district. Mostly the information is close to last year's figures. Out of the class of graduates, there were two "probies" assigned to the battalion. The department is still testing the new firefighter list. The old list is dead. Ms. Sandra Sanchez, from Community Affairs, reminded all about fire prevention, and that when changing your clocks, to also change the batteries in the smoke detectors and carbon monoxide monitors at the same time. The FDNY will have a table at some of the transportation hubs with free 9V batteries to give away.

BUILDINGS DEPARTMENT (DOB) – Mr. Ben Colombo, liaison, spoke about a new legislation that was brought by the City Council and signed by the mayor. It requires that 50 hours of training be provided for all construction workers. They are looking into the requirement for the training and working along with other agencies. They are in the process of seeing how they can conduct the training (how much percentage is in the classroom or by a lecturer). There are a few small bills also out there, such as the Real Time Inspection Bill and the Tenant Advocate.

DEPARTMENT OF SANITATION (DSNY) – Supt. Donofrio (BK1 Garage) spoke about planning for the upcoming winter and expected snowfalls. They are doing some practice runs with the salt spreaders this Sunday. This is for training and testing of the new GPS monitoring system. They will be rewriting the routes. He related that the organics collection is getting better. The program is not mandatory but only voluntary at this time.

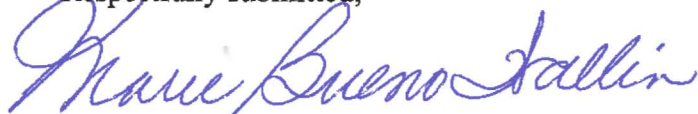

NYPD (94th Pct.) - P.O. Norberto Rivera, noted that they have been responding to complaints about homeless conditions under the BQE. They are working with DSNY and DHS. Although you can't stop people from panhandling, they can be offered shelter assistance. DSNY had a needle cleanup crew come out.

HOUSING POLICE (PSA 3) – Det. Leroy Houser related that there was a new Commanding Officer for the division: Captain Dan Dooley. He also noted information about crime prevention and distributed booklets (Crime Prevention Books – personal safety tips, tips for senior citizens).

DEPARTMENT OF TRANSPORTATION (NYC DOT) – Ms. Ronda Messer discussed that the DOT was working with OEM on the Marathon street closures.

No old or new business was raised. The agenda was concluded and Assistant District Manager Ms. Wallin adjourned the meeting.

Respectfully submitted,

Marie Bueno Wallin
Assistant District Manager

CIC Notes for October 2017 Community Board DSC Attendance

1. How to Help Those Affected by Hurricanes Harvey, Irma and Maria

Cash: Making a financial contribution to a volunteer agency involved in disaster relief is the best way of helping people in need after a disaster. There are several options available to help:

- Donate cash to the Mayor's Fund.
- Donate cash to responding organizations you know and trust

In-kind donations: Below is a list of items New York City is collecting to send to those affected by Hurricane Maria in Puerto Rico:

- Diapers
- Baby food
- Batteries
- First aid supplies
- Feminine hygiene products

There are 18 drop-off locations accepting donations across all five boroughs. Donations will be accepted during the hours of 7 AM through 9 PM. Visit NYC.gov/helpnownyc to find the drop-off locations

2. Deployment to Puerto Rico

NYCEM deployed staff to Puerto Rico to coordinate logistics and assist with recovery efforts there. The City's Urban Search and Rescue team is also deployed.

3. Hurricane Sandy Five-Year Anniversary

October 29, 2017 marks the five-year anniversary of Hurricane Sandy making landfall in New York City. This day marks a time to reflect on the devastation, and prepare for future events.

As you may know, NYC Emergency Management has been unveiling our "High Water Mark" signs. As part of the project, communities post high water mark signs in prominent places and conduct ongoing education and complete mitigation actions to build community resilience against future flooding.

If you are having a Hurricane Sandy memorial or remembrance event and would like us to attend, please provide the details as soon as possible to our team.

**MAYOR DE BLASIO ANNOUNCES NYC SERVICE CENTER TO SUPPORT
INDIVIDUALS & FAMILIES RECOVERING FROM HURRICANE MARIA, IRMA, &
HARVEY**

NYC service center will provide information and assistance for individuals affected by recent hurricanes

NEW YORK—Mayor de Blasio announced today that a service center will open next week to support displaced individuals and families from Puerto Rico, Texas, Florida, the U.S. Virgin Islands and other Caribbean islands following recent hurricanes. The center will be open starting on Thursday, October 19 at the Julia De Burgos Latino Cultural Center located at 1680 Lexington Avenue in Manhattan.

“New York City will help those affected by recent hurricanes in any way we can. We’ve been sending donations and emergency responders to affected areas, and now we’re setting up a central location to help displaced people in our city receive essential services and assistance,” said **Mayor Bill de Blasio**.

“This is a humanitarian crisis the likes our city has ever experienced and we must do everything we can to help our fellow Puerto Ricans who have given so much to our city and to our country,” said **Speaker Melissa Mark Viverito**. “Where the federal government has come up short, New York has always stepped up and it is no different in this case. This city is prepared to help Boricuas from the island with the resources and providing essential services during this dire time of need”

The City’s service center will offer in-person support and access to services to individuals affected by the hurricanes, and will be open from 9 AM to 5 PM Monday through Friday, 10 AM to 4 PM on Saturday, and 1 PM to 5 PM on Sunday. The City of New York is urging individuals planning to visit the service centers to make an appointment beginning October 18 by visiting nyc.gov or call 311. (Note: the center will be closed Saturday, October 21.)

New York City government agencies, nonprofit organizations, and community-based organizations will be on-site to help connect families and individuals to critical services,

including enrollment in public benefits and health insurance, food assistance, and mental health counseling.

Services provided at the center include but are not limited to:

- **Department of Social Services** will assist with enrollment in SNAP benefits, cash assistance, and public health insurance, and help connect people with emergency food assistance. English and Spanish speakers will be available to assist with enrollment.
- **Department of Health and Mental Hygiene** will provide mental health counseling, health insurance support, emergency pharmacy assistance and will refer individuals to medical care in collaboration with **NYC Health + Hospitals**. They will also provide information on immunization assistance targeted toward school enrollment.
- **Department for the Aging** will provide meals to seniors, assist in case management, and assist with senior employment.
- **Department of Education** will provide information and assistance for displaced students.
- **Human Resource Administration's Office of Civil Justice** will convene several legal providers to provide legal consultation to individuals in need.
- **American Red Cross of Greater New York** will assist in disaster relief management — including referrals, distribution of emergency supplies, and applying for assistance — and mental health counseling.
- **Animal Care and Control** and the **American Society for the Prevention of Cruelty to Animals** will provide veterinary care and pet supplies.
- **The New York Disaster Interfaith Services** will provide spiritual care to those in need.

“New York City is home to one of the largest Caribbean diasporas in the United States, and we want to ensure that our fellow Americans from Puerto Rico and the US Virgin Islands are accepted and integrated fully into our community. My administration will work hand in hand with Mayor de Blasio so that Brooklyn can support families affected by these hurricanes,” said **Brooklyn Borough President Eric L. Adams**.

"As we've unfortunately learned all too well here in New York, few things are more critical during and after a crisis than clear information and cross-agency coordination," said **Manhattan Borough President Gale A. Brewer**. "Cross agency service centers offering one stop shopping and ability to cut through red tape may not seem like much against the backdrop of the terrible tragedy unfolding in Puerto Rico and the other areas affected by recent hurricanes, but they can make a huge difference in the lives of the affected families."

“Those individuals and families affected by these natural disasters need our help, and that includes being prepared to assist those who decided to leave their homes and come to New York City. This service center will provide those seeking refuge from these disasters with a one-stop shop for critical services, and I appreciate Mayor de Blasio’s efforts to make life a little bit easier for those who are being forced from their homes due to these natural disasters,” said **Bronx Borough President Ruben Diaz Jr.**

U.S. Representative Nydia M. Velázquez said, "The bond between the Island of Puerto Rico and New York is deeply rooted, and over one million Puerto Ricans call New York home. Let's be clear, Puerto Ricans will always have a true friend and ally in New York and we will continue to assist our fellow U.S. citizens on the Island. I'm proud of what the City and regular New Yorkers are doing to help Puerto Rico and other hurricane-affected areas. I commend the Mayor for his leadership in this area."

"I commend Mayor de Blasio on today's announcement to open the NYC service center to support individuals and families who have been affected by the recent unprecedented storms we've witnessed so far this hurricane season," said **U.S. Representative Adriano Espaillat**. "Connecting families and individuals to critical services through a centralized hub where they can sign up for public benefits, health insurance, food assistance, and mental health programs, puts us one step closer to helping bring about some resemblance of normalcy for displaced individuals as they work to rebuild their lives."

"Once again, our City rises to the occasion in order to provide our fellow Americans affected by Hurricanes Irma, Harvey and Maria the assistance they require in their time of need," said **State Senator Gustavo Rivera**. "I applaud the ongoing efforts of our City's administration that, unlike the lackluster and in some cases negligent response from the federal government, continues to set up safety nets for those displaced by these recent natural disasters. I urge my fellow New Yorkers to spread the word about this service center so that those who need the assistance are able to receive it immediately."

Assembly Assistant Speaker Felix W Ortiz said, "We must do all we can to assist our friends and relatives recovering from Hurricanes Irma, Harvey and Maria. In addition to our ongoing efforts to send supplies, medicine and food to Puerto Rico, Mexico and other communities seeking to recover, we should also be prepared to welcome those without homes to New York. Friendly service centers are a step in the right direction to help our brothers and sisters. Our efforts are far from over."

"The recent natural disasters in Puerto Rico, the Caribbean, Texas, and Mexico have left so many without the basic resources needed to survive. I am proud of East Harlem, New York City and the State for remaining committed to helping the victims of these tragedies," said **Assembly Member Robert J. Rodriguez**. "The new Service Center will connect displaced victims with life-saving services to help get them back on their feet."

"I just returned from a week in some of the hardest hit areas in the mountainous regions of Puerto Rico. I met with people who lost everything, received little or no outside assistance and have been as self-sufficient as possible. As New Yorkers we are obligated to help fellow Americans who are traumatized make a safe transition and avoid further trauma," said **Council Member Fernando Cabrera**.

"Our American family in Puerto Rico deserves all of the support we can give," said **Council Member Rafael Espinal**. "As a New Yorker I know firsthand the impact Puerto Ricans have had on our culture, economy and values. I commend Mayor de Blasio for staying committed to providing aid and doing all New York City can to step up in this time of need."

“It is a proud day for New York as we establish a new Open Service Center for the victims of Hurricanes Maria, Irma, and Harvey. Millions of families have been affected, homes destroyed, and livelihoods lost. It is never easy to pick up the pieces when we lose so much, as an individual or as a community. Nor is it easy to pick up and move to a new place in the wake of such a disaster. This new Center sends a clear message to the victims of these hurricanes. You are welcome in New York City. As government agencies and non-profits work to integrate fellow citizens, we must all remember to make newcomers feel welcome. With a dangerously delayed response, and grave uncertainty about how much longer the Trump Administration will provide aid to victims in Puerto Rico, I ask that everyone contribute whatever they can to help the victims. It is sad that the President may forsake our brothers and sisters in Puerto Rico, but let it be clear that the people of New York will never do so. We stand together,” said **Council Member Carlos Menchaca**.

"Our city is taking proactive measures to assist those most impacted by the recent natural disasters. I find it deeply gratifying that Mayor de Blasio is utilizing every resource at his disposal to help displaced families and individuals. The opening of a New York City service center will advance our relief efforts and provide vital support during this recovery process," said **Council Member Annabel Palma**.

Council Member Rafael Salamanca said, “I’m proud to call myself a New Yorker as we work to lead the charge on providing relief to all of those effected by the hurricanes,” said Council Member Rafael Salamanca, Jr. “People are still hurting – in Puerto Rico, USVI, in Florida and in Texas. It’s why I’m encouraging everyone who may know a victim of the hurricanes to direct them to these great resources.”

Council Member Ritchie Torres said, “I want to thank the Mayor for committing our City’s agencies to supporting families displaced by these horrible disasters. We must continue to show our fellow Americans and the world that New York City will be a lasting bastion of support for those in need.”

THE LONG LOST MASPETH AVENUE

by *Christina
Wilkinson*

If you travel through western Maspeth (or just look at a map of it), you'll notice that Maspeth Avenue, originally a colonial road, strangely turns right one long block west of the Rust Street LIRR crossing. This wasn't always the case, however. Maspeth Avenue once was a rather straight road that connected Brooklyn and Queens via a bridge over Newtown Creek. In April 1836, Garrit Furman laid out and opened an improved Maspeth Avenue to serve as a means of approach to his mansion on Furman's Island, which up to that point had only been accessible from the Brooklyn side by water. The new road ran from the junction of 58th Street and Maurice Avenue westward over

marshy ground to the creek shore. The Maspeth Avenue and Toll Bridge Company, also created by Furman, maintained the street. A bridge was built over Newtown Creek and the road was continued on the Brooklyn side and a penny toll was collected on the bridge. Judge Furman watched the building of the road over his land and dedicated a little poem to the workers in his poetry collection, "Rural Hours." Furman passed away in 1848. In 1850-51, the street was paved with planks, and afterward referred to as "Maspeth Avenue Plank Road". Farmers and stagecoaches used this route heavily to get to and from the ferry to Manhattan.

In 1875, when the Grand Street Bridge was

TOLL BRIDGE

opened to the south, the Maspeth Avenue toll bridge ceased operations after many years of neglect. The bridge was demolished in 1876 and over the next 6 decades there were numerous calls by townspeople and government officials to build a replacement. In 1894, there was even a court order issued that mandated a new bridge but the defendants – the respective Boards of Supervisors of Queens and Kings Counties – managed to get the judge’s decision overturned, which doomed the prospect of a new span.

When the US entered WWII, the government mobilized defense production and built a gigantic 100-acre aluminum plant in the marsh on the Queens side of Newtown Creek. This forced Maspeth Avenue to be diverted down along the eastern edge of the facility, where Page Place is today. It was several years after the war’s end when the plant was demolished and the land was apportioned into lots and sold. However, the former route of Maspeth Avenue was not restored. In order to create lots with straight lines, the road was cut through in the opposite direction, and now ends at 48th Street, just south of Maspeth Creek. If you continue down 48th Street, its next intersection is with 58th Road, which was part of the original Maspeth Avenue. The road ends at the bank of the creek. Looking down into the water at this spot you can see some of the wooden remnants of the Maspeth Avenue Bridge, and if you gaze across the creek, you’ll see the anchorage where it connected on the Brooklyn side (*photo left*).

Colonial roads were named after where they led travelers, and Maspeth Avenue brought those coming from the west right into the heart of town. In Brooklyn, Maspeth Avenue starts at Humboldt Street. The road originally connected Brooklyn with Furman Island, which later became fused with Maspeth via landfill in the early 20th century. In the 19th century, Maspeth Avenue was called a “highway”, and although it is a well-traveled road today, it would be even more so if it hadn’t lost its bridge connecting Kings and Queens Counties.

ACCOMPLISHED MILESTONES

In our last newsletter I shared with you how we envision to become a model hospital and the hospital of choice for North Brooklyn. Recently, we have reached two more milestones on our journey to excellent health care. First, our new Mother-Baby unit opened in 2016 enables the baby and mother's significant other

to room in with mother, increasing the opportunity for the family to bond. And private accommodations are provided to all patients at no additional cost.

Second, NYC Health + Hospitals/Woodhull is the first hospital in Brooklyn to be designated Baby-Friendly by Baby-Friendly USA, Inc. The prestigious Baby-Friendly designation is given after a rigorous on-site survey is completed. We have succeeded in creating an environment that empowers the mother to make informed choices in how to nurture her baby and a space for the family to bond in comfort.

I am looking forward to sharing this journey with you as we work together to create a community hospital of excellence.

Gregory Calliste
Chief Executive Officer
NYC Health + Hospitals/Woodhull

YOUR COMMUNITY HOSPITAL OF EXCELLENCE

Baby-Friendly USA
The gold standard of care

Woodhull is the first and only hospital in Brooklyn to earn Baby Friendly designation.

WOODHULL FIRST & ONLY "BABY-FRIENDLY" HOSPITAL IN BROOKLYN

"At Woodhull we are thrilled to have achieved the Baby Friendly USA designation. Woodhull joins an elite group of only 20 out of 130 maternity hospitals in New York State to attain this prestigious recognition. Baby Friendly USA is a proven methodology that encourages breastfeeding and promotes mother-infant bonding," stated Paul Kastell, MD, Chief of Service - OBS/GYN.

NYC Health + Hospitals/Woodhull has become the first hospital in Brooklyn to be designated "Baby-Friendly" by Baby-Friendly USA, Inc; the U.S. authority for the implementation of the Baby-Friendly Hospital Initiative ("BFHI"), a global program sponsored by the World Health Organization (WHO) and the United Nations Children's Fund (UNICEF). The initiative encourages and recognizes hospitals and birthing centers that offer an optimal

level of care for breastfeeding mothers and their babies. Based on the Ten Steps to Successful Breastfeeding, this prestigious international award recognizes birth facilities that offer breastfeeding mothers the information, confidence, and skills needed to successfully initiate and continue breastfeeding their babies.

WOODHULL MIDWIFERY

The certified nurse-midwives and certified midwives at NYC Health + Hospitals/Woodhull provide women in the North-Brooklyn community a full range of services to take care of all their health care needs. The Woodhull Midwifery Service has been a leader in New York, and boasts a long history of utilizing midwives to care for women. Midwives at Woodhull provide care at all stages in a woman's life, from your well woman exam, to the birth of your child, to supporting your contraceptive choices; we are here for you. Our focus is on developing a strong and caring relationship with you and the persons you choose to invite into your healthcare, pregnancy and childbirth experiences. At every visit our goal is to address your needs, and even when these needs don't completely connect to women's health care and pregnancy per se, we are committed to providing you with referrals to other specialties that can assist you.

Midwives and physicians at Woodhull work closely together so if your pregnancy becomes high-risk or complications arise, a referral is made to an obstetrician or perinatologist, and together we can collaboratively, co-manage your care needs. Our entire Obstetrical and Gynecological service has a long history of serving all woman, regardless of their race, culture or immigration status and our statistics clearly demonstrate that we are a leader in providing Pregnancy Health and Birth Equity to every woman that partners with us.

INNOVATIVE PROGRAM: MOM'S SUPPORT GROUP

With support from a grant, Rebecca Feldman, Nurse Midwife, developed and launched the "Mother's Support Group," at Woodhull. There are two postpartum therapy groups led by a mental health provider who is an expert in postpartum mental health, and co-facilitated by a psychology intern.

The two weekly groups are conducted one in English facilitated by Gianna LaFronza and one in Spanish led by Julia Andino. A community health worker is part of the team to help bridge cultural gaps.

The Program is called "Mother's Support Group" and is open to all pregnant and new moms and together they work through emotional issues and the depression that can sometimes follow a pregnancy.

This intervention was designed to increase access to timely mental health services to address maternal depression. It is estimated that on average fifteen to twenty percent of women at average risk will develop a postpartum mood or anxiety disorder. The group has been so successful that NYC's First Lady, Chirlane McCray came to Woodhull to learn from group members as part of her initiative on fighting depression.

The Mother/Baby Unit is comprised of 15 private rooms that look more like studio apartments than hospital rooms. These private rooms enable the mother, baby and partner to sleep in, encouraging the family to bond. This is provided to all patients at no additional cost.

NYC VCP Cleanup Plan Available for Review and Comment

The New York City Office of Environmental Remediation (OER) provides this Fact Sheet pursuant to New York City's Voluntary Cleanup Program (VCP). An application has been submitted by RS JZ Bedford – N 6th, LLC for enrollment of the property located at 108-112 North 6th Street in the Williamsburg section of Brooklyn, New York and identified as Block 2334, Lots 20, 21 and 22 into the VCP. The Remedial Investigation Report (RIR) details the results of an environmental investigation at the site including the nature and extent of contamination. The draft Remedial Action Work Plan (RAWP) proposes remedial actions to address contamination delineated in the RIR.

Public Comments on the RAWP

OER is accepting public comments on the draft RAWP for 30 days until December 6, 2017. The RIR and draft RAWP are available for review at the document repositories identified in the box on the left including a public library branch and through a link to OER's website. Comments should be sent to Mr. Shaminder Chawla via mail or e-mail (see contact information at left).

Site Description

The Site is 7,500 square feet and currently consists of three vacant buildings: Lot 20 was developed with a 3-story building that occupies the entire lot with a full basement, Lot 21 was developed with a 2-story building that occupies and a full basement, and Lot 22 was developed with a 5-story building that with a partial basement. The proposed future use of the Site will be a 2-story commercial building with a basement.

Summary of RIR

The environmental investigation did not identify historical fill material on Site. Several metals are above cleanup guidelines in soil. One metal and one SVOC are above Groundwater Quality Standards. Soil vapor samples showed moderate levels of petroleum related and chlorinated VOCs.

Summary of the Remedy

The specific elements of the proposed remedial action include:

- Preparation of a Community Protection Statement and performance of all required NYC VCP Citizen Participation activities according to an approved Citizen Participation Plan;
- Implementation of a Community Air Monitoring Plan for particulates and volatile organic carbon (VOCs) compounds;
- Establishment of Site-Specific (Track 4) Soil Cleanup Objectives (SCOs);
- Excavation and removal of soil/fill exceeding Track 4 Site-Specific SCOs. The entire cellars on Lots 20 and 21 will be excavated to 3' below cellar grade to raise cellar height and the partial cellar on Lot 22 will be excavated to remove a mercury hotspot. Approximately 800 tons of soil will be excavated and removed from Site;
- Transportation and off-Site disposal of all soil/fill material at permitted facilities in accordance with applicable laws and regulations for handling, transport, and disposal, and this plan. Sampling and analysis of excavated media as required by disposal facilities and appropriate segregation of excavated media onsite;
- Collection and analysis of end-point samples to determine the performance of the remedy with respect to attainment of SCOs;
- Installation of a vapor barrier system beneath the building slabs and along foundation walls of the proposed building;
- Construction and maintenance of an engineered composite cover consisting of 6" sub-base and 6" of reinforced concrete slab in the cellars of Lots 20 and 21 and the partial cellar on Lot 22 to prevent human exposure to residual soil/fill remaining under the site;
- Submission of a Remedial Action Report (RAR) that describes the remedial activities and certifies that the remedial requirements have been achieved and lists any changes from this RAWP;
- Submission of an approved Site Management Plan (SMP) in the RAR for long-term management of residual contamination, including plans for maintenance, inspection and certification of Engineering and Institutional Controls and reporting at a specified frequency; and
- Continued registration with E-designation for the property.

Next Steps

OER will review the draft RAWP and consider all public comments submitted during the comment period before it approves a final RAWP. The approved RAWP will be placed on OER's website and a second fact sheet will be issued before remedial work begins.

If you have any questions or know of any neighbor that would like to be added to the site contact list, please contact the OER Project Manager listed on the front page of this Fact Sheet. We encourage you to share this Fact Sheet with neighbors and tenants and/or post it in a prominent area of your building.
