Area: Sheepshead Bay-Gerritsen Beach-Manhattan Beach

A Message from Department of Transportation

Work Zone Safety

NYC DOT keeps NYC moving. Help keep our crews safe.

Be Patient

Milling and paving may temporarily disrupt your routine for a short period of time, but street improvements will last for years to come.

Be Kind

Our crews are delivering a much-needed public service. Treat us like your neighbor. Harassment and physical violence will not be tolerated. Violators can and will be prosecuted.

Be Safe

Crossing into a work zone area can create unsafe conditions for you and our crews. Asphalt can

reach temperatures of over 250 degrees Fahrenheit. Entering a work zone can damage personal property, or roadway, and ultimately delay work.
