

Kids Create: Exploring Natural Pigments

Thursday
July 17, 2025
11am-1pm
Jamaica Bay
Library

In the spirit of
Brooklyn Public
Library's summer

theme, Color Everywhere, during this drop-in program

participants will use natural materials—from flowers to vegetables and more—to make their own paint! Drawing inspiration from self-taught artists like Aloise Corbaz, Melvin Edward Nelson, and Jimmy Lee Sudduth, they'll use their hand-made paint to create art to bring home.

Inspired by the Collection of the American Folk Art Museum; led by AFAM Educators

Geared for ages 5-12, but all are welcome!
