

# NYC Urban Forest Plan 2025

## Urban Forest Plan Community Workshop May 3, 1 p.m. Salt Marsh Nature Center Marine Park, Brooklyn

NYC's forests play an important role in the health, safety, and sustainability of our communities—providing clean air, reducing extreme heat, improving mental health, and creating habitat for wildlife. As we work to create a long-term vision for protecting and expanding these natural areas, we want to hear from you!
