

# REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Preliminary Budget Fiscal Year 2026

## Brooklyn 3

The City of New York  
Eric Adams, Mayor

## FY 2026 Preliminary Budget Register of Community Board Budget Priorities

The **Register of Community Board Budget Requests for the Preliminary Budget** reports the FY Preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2026 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Adopted Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Preliminary Budget recommendation for each budget request.

**Capital Budget Priorities and Requests**

Priority	Tracking Code	Project Information	Agency Response
01	203202601C	<p><b>Request:</b> Provide more housing for medium income households</p> <p><b>Explanation:</b> The pace and breadth of new affordable housing does not meet the demand resulting in widespread displacement and it is significantly impacting neighborhood demographics. Since 2010, the population of CB3 has grown by more than 14% but the Black population in CB3 has dropped by over 22,000 people (or 22.4%). The Board urges the agency to continue, and quickly expand, programs like the Bedford-Stuyvesant Housing Initiative as well as develop new initiatives that will bring new units on line at twice the current rate.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>Agency supports and can accommodate; remove request</p> <p><b>Explanation:</b> HPD continues to develop a range of affordable housing in CB3 and is partnering with DCP to advance the Atlantic Avenue Mixed Use Plan to deliver new affordable housing units in the district.</p>
01	203202601CS	<p><b>Request:</b> Provide new or upgrade existing sanitation garages or other sanitation infrastructure</p> <p><b>Explanation:</b> The City has control of the site identified for the garage. The development of the scope of work for the Community Board # 3 Sanitation Garage was approved as an expense request two years ago and should be completed. To improve the environmental health in Community BD # 3, construction of the Sanitation Garage would be a Capital request. Have a co-terminus sanitation site in CB # 3 will reduce gas emissions by shortening the distance sanitation trucks must travel to service this community board.</p> <p><b>Responsible Agency:</b> Department of Sanitation Assembly Member Tremaine Wright</p> <p><b>Location Site Name:</b> BK3 Sanitation Garage</p>	<p>Agency supports but cannot accommodate; resubmit request</p> <p><b>Explanation:</b> No alternate site has been identified to support the proposed action.</p>
02	203202602C	<p><b>Request:</b> Roadway maintenance (resurfacing, trench restoration, etc.)</p> <p><b>Explanation:</b> The Broadway corridor is in dire need of repair. It is vital thoroughfare but in its current condition it is dangerous for pedestrians, cyclists, motorists, and truck drivers. The Board is urging the agency to perform trench restoration, pothole repair and resurfacing as well as improve design and resilience so that all of the street's users can navigate safely.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Agency supports but cannot accommodate; resubmit request</p> <p><b>Explanation:</b> The agency supports this request but funding cannot be determined at this time. DOT has an unfunded capital project to reconstruct Broadway, remove the concrete roadway, and install pedestrian safety improvements. In the interim we are looking to install in-house safety improvement at certain intersections.</p>

03 203202603C	<p><b>Request:</b> Other capital budget request for DEP</p> <p><b>Explanation:</b> The impacts of the changing climate have created more extreme weather events that easily overwhelm local infrastructure. Targeted flood resilience and storm water management investments are vital for developing a sustainable community that is prepared for the evolving climate crisis. The Board requests the installation of storm water management systems and related infrastructure innovations that mitigate for flooding and localized ponding. These improvements are needed across the community with particular urgency along the Marcy Avenue, Patchen Avenue, and Howard Avenue corridors.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>Agency does not support and cannot accommodate; remove request</p> <p><b>Explanation:</b> Please contact the agency directly and promptly for more information.</p>

15	203202615E	<p><b>Request:</b> Other expense budget request for HPD</p> <p><b>Explanation:</b> Residents need more homeownership opportunities. Home prices on the open market are far out of range for the vast majority of residents and without targeted programs that address historical inequity in wealth accumulation along racial lines, the disparity will continue to grow. The Board urges the agency to establish and expand initiatives designed to promote equitable pathways to homeownership.</p> <p><b>Responsible Agency:</b> Department of Housing Preservation &amp; Development</p>	<p>Agency supports and can accommodate; remove request</p> <p><b>Explanation:</b> Answer responded to in another inquiry from the same CB.</p>
