For The Executive Budget

The City of New York
Bill de Blasio, Mayor

FY 2019 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2019 executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2019 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

Fiscal Year 2019 Executive Budget Register
Community District 3, Brooklyn
Capital Budget Priorities and Requests

Priority	Tracking Code	Project Information	Executive Budget Response
01	203201901C	<p>Request: Provide more housing for medium income households</p> <p>Explanation: The Community Board understands that the litigation regarding Block 1549 lots 19 to 34 totaling 26,000 square feet has been resolved and HPD is currently accepting RFP's for development of the land. We would like Block 1549 Lot 407 totaling 8,000 square feet and Block 1548 Lot 26 to 30 totaling 10,000 square feet to be included in the RFP. It has also come to our attention that Block 1557 Lots 3,4,23,28, and 31 to 37 totaling 25,616 square feet is also under the purview of HPD. Community Board 3 strongly supports the selection of a development project which will offer the community affordable housing, expanded retail access and/or strong youth services.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Supported by: Bed-Stuy Campaign Against Hunger</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
02	203201902C	<p>Request: Upgrade existing facilities for the homeless</p> <p>Explanation: Request: In support of the rehabilitation of the Sumner Avenue Armory for Community Use, we request funding to conduct a feasibility study that would demonstrate the multifaceted usage of the Armory, which can include or exclude the current homeless program. Explanation: Community District 3 recognizes that a feasibility study would support the longstanding request to renovate the Sumner Armory in the same manner as those located in Park Slope, Crown Heights, Harlem and more recently, in Kingsbridge. Renovation of the armories has shown to be a well thought out and comprehensive use of space to benefit the communities in which they are housed.</p> <p>Responsible Agency: Department of Homeless Services</p> <p>Location Site Name: Sumner Avenue Armory</p>	<p>OMB supports the agency's position as follows: DHS has restructured to better monitor the capital and maintenance related issues that may develop at shelters and SROs. If you have a particular site you think should be inspected, please bring it to our attention.</p>

03	203201903C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: St. Andrews Park, even in its current condition remains a pivotal recreation destination in the Bedford Stuyvesant community where it resides and for several organizations throughout the borough that also use it. It has the potential to be a jewel of a park although it has not been renovated in decades and was the site of a terrible incident concerning a Park's employee. We are requesting funding for the following: to completely reconstruct the playground and the spray shower; to convert the asphalt field to a more modern, and safe asphalt surface which would include a Mondo perimeter track and fencing; reconstruct the existing basketball courts, adults fitness area to include fencing and repair drainage; reconstruct the comfort station and the perimeter sidewalks.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Councilman Robert Cornegy</p> <p>Location Site Name: St. Andrews Park/Playground</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.</p>
04	203201904C	<p>Request: Repair or upgrade subway stations or other transit infrastructure</p> <p>Explanation: Reopen the Bedford Avenue End of the Nostrand Avenue A & C Train Station. The Nostrand Avenue subway station on the "A" and "C" line is a major subway hub that should resemble a 21st century subway station. This station should be completely renovated and made ADA accessible. The rezoning of Fulton street has brought higher density apartment buildings with more retail. The usage of the station has increased substantially, which is why we are also requesting for the Bedford entrance to be re-open.</p> <p>Responsible Agency: Transit Authority</p> <p>Supported by: Assemblyman Walter Mosley Councilman Robert Cornegy</p> <p>Location Site Name: Nostrand Ave Subway Station "A"</p>	<p>For information regarding the status of this Request, contact the Transit Authority directly at telephone number 646-252-2660.</p>

05	203201905C	<p>Request: Provide a new, or new expansion to, a building in a park</p> <p>Explanation: Request: Conversion of Marcy/Kosciuszko Pool into a Year-Round Facility Explanation: This project has been long overdue. Former Councilman Al Vann had a feasibility study completed in his last term. The facility is under- utilized by an ever-expanding community. It is in use only two months during the year. As was stated over the last couple of years, the pool is housed on a site that can be used as a pool/recreation center with programs occupying a portion of the site and the rest of the area as community spaces with various uses. P.S. 256 is located across the street and it has been suggested that the site be transformed into a continuous campus abutting the school. There is public transportation with the B38 Bus and the G Train nearby.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Councilman Robert Cornegy</p> <p>Location Site Name: Kosciuszko Pool</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. We recommend this project be brought to the attention of your elected officials, i.e. Borough President and/or City Council member.</p>
06	203201906C	<p>Request: Roadway maintenance (i.e. pothole repair, resurfacing, trench restoration, etc.)</p> <p>Explanation: Trench Restoration Hancock Street between Tompkins Avenue and Marcy Avenue. There is a deep depression practically the full length of this block in the middle of the street. You literally have to drive on the side and hope you don't hit a parked car on your left or right, depending on which side you choose to drive on.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Councilman Robert Cornegy Assemblywoman Tremaine Wright</p> <p>Project Id(s): HWTRK1</p> <p>Location Site Street: Hancock Street Cross Street 1: Tompkins Avenue Cross Street 2: Marcy Avenue</p>	<p>This project was funded in a prior fiscal year and the scope is now underway.</p>

07	203201907C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Request: Renovate Charlie's Place Playground. Explanation: Community Board 3 is pleased that Charlie's Place Playground was renovated, except for the basketball courts and the garden. Our request is to have those two components completed as well. Charlie's Place Playground is adjacent to PS 37K, Brooklyn Transitional Center for developmentally challenged students ages 9-12. It is named after Charles Lubin, the founder of Sara Lee. It is situated in a relatively new community of families with young children. This playground is situated in the middle of two NYCHA developments and other playgrounds in the area are an uncomfortable distance away, where parents would not feel secure sending their children.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Supported by: Councilman Robert Cornegy</p> <p>Location Site Name: Charlie's Place Playground</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. In the middle of the block and near Stuyvesant Avenue there is a deep depression. 10	203201910C	<p>Request: Build new, expand or repair storm sewers</p> <p>Explanation: Request : Construction of a catch basin on the Northeast and Northwest corners of Macon Street and Throop Avenue The Northwest corner is the front entrance of a church and the Northeast corner is the front entrance of a private homeowner. There is no catch basin in either location and when it rains a large pool of water remains in front of both locations for an extended period of time. This pool of water becomes a breeding ground for mosquitos during the summer.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Councilman Robert Cornegy Assemblywoman Tremaine Wright</p> <p>Location Address: Macon Street and Throop Avenue Site Street: Macon Street Cross Street 1: Throop Avenue</p>	<p>OMB supports the agency's position as follows: More information is needed from the community board before making a funding decision. Explanation: Community Board 3 is requesting for this infrastructure work to address the ongoing flooding and damage to property occurring along this corridor. It is critical that this project be completed so the city avoids and/or mitigates a host of damages and associated liabilities for which it is ultimately responsible for. (SEL002348) The corridor is home to two major housing developments and is used daily by a large numbers of students, families and seniors.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: Councilman Robert Cornegy</p> <p>Location Site Street: Gates Avenue Cross Street 1: Throop Ave Cross Street 2: Lewis Ave</p>	<p>OMB supports the agency's position as follows: More communication from residents regarding this complaint is needed. 22	203201922C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Request: Install New Double Head M-Pole lights. The pedestrian paths are poorly illuminating within the Bedford Historic District & Stuyvesant Heights/Expansion Historic District's, which present a safety hazard for all residents traveling home at night, has created opportunities for criminals to prey upon the residents here in robberies, and make it difficult for local law enforcement to monitor our streets and keep them safe due to low visibility. M-Poles were historically used in this neighborhood as the streets are very wide and dark in the evening. Evidence of this can be found throughout the entire neighborhood in the 1940's tax photos, 215 & 217 Jefferson Ave and 57 Halsey Street are just few reference locations that had them. Most properties along these blocks</p> <p>Responsible Agency: Department of Transportation</p>	<p>It is recommended that this request be brought to the attention of your Elected Officials.</p>
