District Overview

Narrative	<p>Community Board 3 is experiencing steady population growth at the rate of 6.3% between 2000 and 2010, outpacing New York City's overall growth rate of 2.1% in that same time period. While the majority (84.5%) of the population is of Black/African American and/or Hispanic origin, there has been a 10% decline among Black/African American residents. Of all age groups, the highest growth is taking place among residents between the ages of 20-64 years old.</p> <p>Unemployment and income remain as two of CB3's top issues. According to the U.S. Census 2008-2012 5-year average, the unemployment rate for persons 16 years old and older is 8.8% in Community District 3, greater than the City's overall unemployment rate of 6.4%. In 2012, the median family income in New York City was \$57,113, compared to \$44,300 in CB3. Out of all Brooklyn neighborhoods, CB3 also has the fourth largest number of residents with income less than 125% of the poverty level. In fact, more than one quarter of all families in CB3 live below the poverty level. These statistics reflect the need for greater investments in economic opportunities, social services, and community resources for the residents of Bedford-Stuyvesant.</p> <p>Although a number of social and economic issues persist, the overall outlook for Community District 3 is positive as local residents and stakeholders continue to come together to develop and implement community-centric solutions. Partnering with Community Board 3, civic and not-for-profit groups and local organizations such as Bedford Stuyvesant Restoration Corporation and the Bed-Stuy Gateway Business Improvement District are instrumental in multiplying the number of employment and business opportunities, enhancing the physical landscape of the district, and facilitating investments benefiting the community. These improvements will help create more pathways to economic prosperity and broaden the local tax base to support ongoing community growth.</p>

Most Pressing Issues

Three Most Important Issues	Affordable housing Crime Schools
Commentary why these three were chosen as top issues	<p>Affordable housing is a critical issue as 77% of families in Community District 3 make less than \$75,000 a year (2010-2012 American Community Survey 3-Year Estimates). According to MNS.com, the average rent for one-bedroom apartments in Bedford-Stuyvesant is \$2,053 (as of September 2015). In order to afford rent (assuming a family should spend no more than 30% of their income on rent), a family in Community District 3 must make at least \$72,000 a year. This implies that the average rent is too expensive for most families in our community. We need more affordable housing options that will enable our families to not only enjoy a good quality of life, but also to preserve their financial security.</p> <p>Crime continues to be a top issue in Community District 3. Precincts 79 and 81 rank among the top ten precincts in Brooklyn North for the seven major felony offenses. In the 79th Precinct, there have been increases in reports of rape (23.5%), grand larceny (3.8%), sex crimes (40%), and shooting victims (6.9%). In the 81st Precinct, there have been increases in reports of crimes related to transit (5.3%), housing (12.3%), and petit larceny (9.7%). [Stats from CompStat Report Covering the Week 10/5/2015 Through 10/11/2015. Percentage changes year to date.]</p> <p>Community District 3's schools have made progress, but are in need of further resources in order to accelerate improvements. The 2015 Common Core test scores for grades 3-8 show that District 16, which is located entirely within Community Board 3, ranked as #26 for English Language Arts (ELA) and as #27 for Mathematics out of NYC's 32 school districts. Districts 13 and 14, both of which cover parts of CB3, also have potential for growth. District 13 ranked #17 for ELA and #21 for math while District 14 ranked #15 for ELA and math.</p>

Health Care and Human Services

Health Care and Human Services Most Important Issue	Services for low-income and vulnerable New Yorkers
Most Important Issue Explanation	In our community, the rates of persons without access to quality care are higher than the rest of Brooklyn and New York City at large. Much of our high death rates are due to people lacking a personal doctor for the management of treatable illness. In this Community, people utilize the emergency room for sickness as opposed to the intended emergency treatment. Health issues such as heart disease, high blood pressure, diabetes, depression, prenatal care, and HIV can be managed with appropriate medical check-ups with a personal doctor for regular treatment.

Explain and Specify Request	Request: Continue Funding for Obesity Prevention and Outreach Programs. As statistics continue to be bleak, our children in Head Start programs and public elementary schools are obese. Public high school students are obese and let's not forget the adults in Bedford-Stuyvesant. In this community, most people and children exercise little or not at all and eat inadequate servings of fruits and vegetables per day. Obesity is a major health concern. It causes health problems across generations, i.e., diabetes, high blood pressure, high cholesterol, cancer and heart disease. It is imperative that DOHMH provide funding to support community based activities that promote active living and healthy eating habits.

Explain and Specify Request	Brooklyn Community Board 3 would like funding to be made available for an assisted living facility within the catchment area of this community. We have a large senior population and we would like to afford them the opportunity to age in place. Our duty is to honor our elders, many of whom continue to play an active role in community affairs, by showing that they are the foundation of this community and that we want them to stay here. The elders of any community deserve no less and we here in Bedford-Stuyvesant are adamant about that.

Explain and Specify Request	Request: Rehabilitate the Sumner Avenue Armory for Community Use. Explanation: Community Board 3 is requesting that the Sumner Armory be renovated in the same manner as the ones in Park Slope, Union Street, Bedford Avenue, Harlem and more recently in the Bronx at Kingsbridge. Renovation of the armories is a well thought out and comprehensive use of space to benefit the communities in which they are housed. The Community Board recognizes the work of the Department of Homeless Services and we welcome an opportunity to work with them concerning the use of the Armory collectively, with no disruption of services on their part. Board 3 is poised to work with DHS to conduct a feasibility study.

Community Board 3 continues to request Smart Boards in all public elementary, middle and high schools. Smart Boards are unique in that they speak to the way our youth operates in the 21st Century. Our state test scores in English and Math continue to fall. This has not changed for the better. It is time that the children are taught in a way in which they would be most responsive. Smart Boards are the answer, for children are technologically adept and will respond well.</p>

Explanation: Current violent crimes statistics, gun violence and assaults committed by young people demand that we consider new alternatives to the existing public safety measures. A Bedford-Stuyvesant Community Justice Center would provide a viable alternative system to the current juvenile detention driven programs. The completion of the feasibility study is a first step in fostering a healthier, crime-free community. Community Board 3 is requesting that funding be made for a comprehensive feasibility study for a Community Justice Center.

Public Safety Most Important Issue	Police-community relations
------------------------------------	----------------------------

Most Important Issue Explanation	This Board works in close partnership with the 79th and 81st Precincts and Precinct Councils to bring about meaningful change in police-community relations. It is recommended that creative avenues be developed to open meaningful dialogue between residents and businesses and NYPD personnel. Since there is a new law enforcement administration, it is recommended that a joint task force be convened to develop a pilot program that would result in projects that are designed to close the wide gap of mistrust that still exists. Such a task force must reach beyond the usual groups to include young African American men, at-risk youth and their families, and community organizations that serve those populations.

Explain and Specify Request	Community Board 3 acknowledges that there has been an increase in officers in PSA3. However, we are still requesting additional officers as gun violence and other crimes like robbery are increasing. Our request is to have an adequate number of officers so that they will not be spread so thinly and can take a proactive stance with NYCHA residents and mend the deteriorating relations with PSA 3 officers. This would eliminate some of the confrontational behaviors that exist, instead of always being reactive. Community Board 3 still requests additional officers for PSA 3.

Request	Provide resources to train officers, e.g. in community policing
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	This request is so crucial for us as a society. Relations with our law enforcement officers is at an all time low. Police/Community relations continue to plummet, especially with PSA 3. Our community affairs have fostered excellent relationships with the residents in the community. We would like to see their model become department-wide. If residents and the police were not mistrustful, crime could be greatly reduced. Many lives would not be foolishly lost. Community Board 3 is aware that there is sensitivity training in place, however we request that a comprehensive new plan be developed that will be effective for the officers and the community.

Cleanliness/trash collection

Most Important Issue Explanation

Community District 3 is still without our own Sanitation Garage. We have been making this request since 1980. The designated site on Nostrand Avenue for our BK3 sanitation garage was acquired. There were multiple suits filed to prevent us from being able to utilize that site. We were successful in each of those litigations. Our demand is for OMB, DOS, the Mayor's Office and the City Council to put the money back in the DSNY construction budget!

In this district, there are other concerns that we deem crucial. Illegal dumping, which runs rampant is now endemic. Sanitation does not have enough police to monitor and enforce infractions that are being committed. The DSNY police force must be increased so we can eliminate these problems.

Request: Reconstruct Gates Avenue Between Throop and Lewis Avenues.
 Explanation: Community Board 3 is requesting for this infrastructure work to address the ongoing flooding and damage to property occurring along this corridor. It is critical that this project be completed so the city avoids and/or mitigates a host of damages and associated liabilities for which it is ultimately responsible for. (SEL002348) The corridor is home to two major housing developments and is used daily by a large numbers of students, families and seniors.

Explain and Specify Request	Request: Hire Additional Manpower for Sanitation Enforcement. Explanation: We need additional manpower to deal with dumping in lots, vacant buildings, parks, closed businesses and even at our litter baskets. This happens late at night or in the early hours of the morning. Dog excrement is everywhere. All of this contributes to dirty sidewalks. Without adequate enforcement covering multiple shifts, this condition cannot be obliterated. Community Board 3 is requesting that funding be made available for enforcement officers.

Explain and Specify Request	Request: Construct a Sanitation Garage in Community District 3 (S-186). Explanation: Community Board 3 continues to advocate for a Sanitation Garage within the district's boundaries. We have done so for the past thirty-three (33) years, in and out of economic distress, to no avail. Once again we are requesting that we have a Sanitation Garage that is housed in the CD3 catchment area. For the last two Budget Consultation audiences, we were told that we will be on the top of the list once the fiscal crises has lifted. We eagerly await funding being made available for a garage.

Explain and Specify Request

There is a tremendous amount of construction going on in Bedford-Stuyvesant. In light of that, we are requesting that there be funding made available for additional inspectors for housing code compliance. We often hear of collapses, fires, toxic contaminations and such in connection with development projects. It is not uncommon for developers to take short cuts but this city, as a responsible overseer, should provide adequate personnel to monitor development throughout our community. The citizens of this city deserve to be safe.

Explain and Specify Request
 The Community Board understands that the litigation regarding Block 1549 lots 19 to 34 totaling 26,000 square feet has been resolved and HPD is currently accepting RFP's for development of the land. We would like Block 1549 Lot 407 totaling 8,000 square feet and Block 1548 Lot 26 to 30 totaling 10,000 square feet to be included in the RFP. It has also come to our attention that Block 1557 Lots 3,4,23,28, and 31 to 37 totaling 25,616 square feet is also under the purview of HPD. Community Board 3 strongly supports the selection of a development project which will offer the community affordable housing, expanded retail access and/or strong youth services.

Transportation Most Important Issue Roadway maintenance

Most Important Issue Explanation We have a number of roadbeds that are in hazardous/deplorable conditions. Broadway, which borders Community District 4, Bushwick, is so bad that cars have to actually travel in the opposite lane to avoid vehicular damage or an accident. Atlantic Avenue, which borders Community District 8, Crown Heights, also has a hazardous roadbed. This is not limited to those two roadways however; there are depressions and potholes in many of our streets. There seems to be no oversight for street excavations that inadequately close the streets after they have completed their work. The restoration compliance guidelines should require that work done on City streets been restored to their original state.

Explain and Specify Request	Request: Renovate Charlie's Place Playground. Explanation: Community Board 3 is pleased that Charlie's Place Playground was renovated, except for the basketball courts and the garden. Our request is to have those two components completed as well. Charlie's Place Playground is adjacent to PS 37K, Brooklyn Transitional Center for developmentally challenged students ages 9-12. It is named after Charles Lubin, the founder of Sara Lee. It is situated in a relatively new community of families with young children. This playground is situated in the middle of two NYCHA developments and other playgrounds in the area are an uncomfortable distance away, where parents would not feel secure sending their children.

Explain and Specify Request	<p>Request: Provide Funding to Convert Marcy/Kosciuszko Pool Into a Year-Round Facility.</p> <p>Explanation: This project has been long overdue. The facility is only used two months a year and sits unused for the remaining ten months. As we stated for the last two years, the pool is housed on a site that can be used as a pool/recreation center with programs occupying a portion of the site and the rest of the area as community spaces with various uses. P.S. 256 is located across the street and it has been suggested that the site be transformed into a continuous campus abutting the school. There is public transportation with the B38 Bus and the G Train nearby. The Community Board is requesting that funding be made available to promote this project.</p>

Explain and Specify Request	Request: Renovate the Kitchen at the Von King Cultural Center. Explanation: The renovation of the kitchen was in the original plans. We understand funding for the kitchen was moved to the theatre to make it ADA accessible. Community Board 3 is requesting additional funding for this project for the renovation of the kitchen. We would like to see the kitchen transformed into a state of the art culinary training facility.

Explain and Specify Request	Request: Renovate the Comfort Station at Saratoga Park. Explanation: With childhood obesity continually rising in our urban setting, the longer children can be active in a park the better. Saratoga Park is newly renovated and deserves a bathroom that is functioning all the time. It would go a long way towards extending the visits to the Park. We have to do our part to help our youth stay active, therefore promoting good health.

Please explain and specify your request. *Please limit your explanation to 100 words*

Request: Increase/Develop Programming for Mentoring Youth. Explanation: Our youth are precious resources being wasted due to lack of stimulation. With programs in place to utilize their skills and challenge their minds after school and on weekends, we can stop some of the violence, gang/other criminal activities. Community Board 3 is requesting that programs be developed and funded to eliminate so much idle time, to promote positive behavior and develop responsible community citizenry. "We have to wake up and take a stand".
