YOUR GUIDE NEW YORK CITY CHARTER REVISION COMMISSION 2019

WHAT IS THE CHARTER?

The New York City Charter is the City's constitution. It creates a framework for our government. The Charter controls how the City spends our tax dollars, how decisions are made about changes to our neighborhoods and the power of our elected officials. Nearly 30 years ago, a Charter Revision Commission overhauled the city's government. Now it's time for a fresh look.

CHARTER 101

Significant chapters in the Charter outline the budget, planning, zoning, contracting, collective bargaining, and land use processes for the city. The Charter establishes key institutions- including City agencies such as the Department of Housing Preservation and Development, Sanitation, NYPD, 311, and more- and defines the authority and responsibilities of these agencies and elected officials.

WHAT CAN THE CHARTER DO?

There are many areas that the Charter may regulate, but there are some limits. Here are a few examples:

CAN:

- Establish the powers of and limits on City officials
- Set the stage for governmental leaders to achieve desired changes
- Decide how land in the city is developed

CAN'T:

- Eliminate political infighting
- Decrease local crime
- Stop a controversial project

GOALS

1. Establish a commission to review the Charter.
2. Get public input.
3. Gather recommendations and vote.

HOW CAN I GET INVOLVED?

1. Attend a public meeting or hearing.
2. Tell us what you think.
3. VOTE!
4. Stay connected.

Bike New York Free Bike Education Safety Classes

Bike New York wants to offer free bike education safety classes in communities impacted by the L Train shut down. With anticipated increased bike ridership during the L Train Shut Down, their free bike safety classes help cyclists of all skill levels to bike safely and confidently in the city, knowing the rules of the road. And, for an added bonus, cycling is a zero-emissions activity! No matter the skill level or age, they have a free class with free certified instructors that can be offered right in the L Train community. All that is needed is a room or lounge, conference room, classroom, or other community space to teach the class. Bike New York provides/teaches the bike safety classes; host registration and advertises the class.

Invite Bike New York by visiting their website at <https://www.bike.nyc/> to request their attendance at or participation in a community event, meeting, conference, health fair or town hall!

Bushwick Community Plan

In 2013, inspired by the increasing amount of out-of-context development in the neighborhood, Bushwick's Community Board 4 requested that their City Councilmembers examine the possibility of creating a plan for the community. In 2014, Councilmembers Antonio Reynoso and Rafael Espinal initiated a community-based planning process, inviting residents

to create a vision for Bushwick's future. To download a PDF version of the plan recently released in September 2018, visit www.bushwickcommunityplan.org. The board held a public hearing on the plan on November 14, 2018. The board's office continues to accept testimony in advance of the symbolic (non-ULURP related) vote at the January Regular Meeting on Wednesday, January 16, 2019.

New York City Department of Transportation

New York City Department of Transportation (DOT) is pleased to inform the community of an approved CityBench site in our district: Site ID: 4128, Location: 143 Cooper Street between Evergreen & Central Avenues. The purpose of the CityBench program is to install beaches throughout New York City to support transit use and walking, particularly for elderly and mobility-impaired New Yorkers. Therefore DOT encourage you to identify any additional sites that would benefit from bench installations using the online form at www.nyc.gov/citybench

New York City Department of Transportation

New York City Department of Transportation (DOT) is pleased to inform the community that The 2019 Weekend Walks, applications are now available. The application and additional information is available on the program's website: www.nyc.gov/weekendwalks.

NYC Emergency Management and the Health Department NYC Emergency Management and the Health Department urge New Yorkers to prepare for extreme cold.

Code Blue – A Code Blue Weather Emergency notice is issued when the temperature is forecast to drop to 32 degrees Fahrenheit or less between 4 p.m. and 8 a.m., including National Weather Service calculations for wind chill values. No one who is homeless and seeking shelter in NYC during a Code Blue will be denied. Should you see an individual who appears to be homeless and in need out in the cold, please call 311 and an outreach team will be dispatched to offer assistance. During Code

Blue Weather emergencies, experienced outreach teams work to connect homeless New Yorkers with the following resources:

Shelters: During a Code Blue, shelter is available system-wide to accommodate anyone who is reasonably believed to be homeless and is brought to a shelter by outreach teams. Accommodations are also available for walk-ins.

Drop-in centers: All drop-in centers are open 24-hours per day, including when Code Blue procedures are in effect, and will assist as many people as possible for the duration of the emergency. Drop-in staff and the dedicated outreach teams they work closely with each and every day can also make arrangements for homeless individuals at other citywide facilities.

Safe havens and stabilization beds: Chronically homeless individuals may be transported directly to these low-threshold housing programs.

Street homeless outreach: Teams will contact vulnerable individuals on their Code Blue Priority lists a minimum of once every four (4) hours beginning at 8 p.m. during Code Blue Alerts and once every two (2) hours beginning at 8 p.m. for Enhanced Code Blue Alerts to encourage them to accept services, including transportation to a shelter placement. DSS coordinates borough-level Code Blue efforts directly with partner City agencies, including but not limited to NYPD, DSNY, and the Parks Department.

Department of Consumer Affairs

Department of Consumer Affairs (DCA) Commissioner Lorelei Salas announced a lawsuit against Berkeley College – one of the largest for-profit colleges in New York State with approximately 4,000 students

– alleging violations of the NYC Consumer Protection Law and local debt collection rules. DCA's lawsuit, filed in New York County Supreme Court, alleges numerous violations and wide-ranging consumer harm, and seeks to end Berkeley's unlawful practices and restore any illegal profits back to consumers. DCA encourages any consumer who believes they may have experienced any wrongdoing by Berkeley to contact the agency by calling 311, or by filing a complaint at nyc.gov/dca.

Civilian Complaint Review Board

Civilian Complaint Review Board – 4 Facts About the Right to Know Act – Changes in local law may affect your interactions with New York City Police Department (NYPD) officers. As of October 19, 2018, during certain frisks, searches, at sobriety checkpoints, and other encounters, officers should:

- Identify themselves by providing their name and other information such as their rank, command, and shield number.
- With some exceptions, explain the purpose of the interaction.
- Inform you of your right to say “no” when asking for your consent to search your person, property, vehicle or home.
- Offer a business card with the officer's information that explains how to comment or complain about an interaction with the NYPD. Civilians may request this business card in all interactions. If you feel your encounter with an NYPD officer did not follow these guidelines, file a complaint with the NYC Civilian Complaint Review Board: nyc.gov/ccrbcomplaint or call at 1-800-341-2272

Department of Sanitation Adopt-a-Basket Program

The NYC Department of Sanitation is looking to partnership with New Yorkers, businesses and organizations

by adopting a litter basket! Volunteers can help protect our health and quality of life by keeping many of the City's 25,000 litter baskets from overflowing. Participants can highlight that they're doing their share for their community! The Department presents all participants with a Certificate of Appreciation, which can be put on display. To sponsor a basket or learn more about this initiative, email CustomerService@dsny.nyc.gov

Department of Sanitation Foam Ban

Ban on single-use foam products will go into effect by January 1, 2019. There are many alternative packing options available including aluminum, rigid plastics, uncoated paper, glass and compostable items. DSNY encourages everyone to explore and use reusable, returnable and/or refillable containers. Contact your packing distributor about alternatives to foam products. To learn more, visit the DSNY website at www.nyc.gov/foamban.

Department of Social Services (DSS) HOPE 2019 Survey

Calling on all New Yorkers to help them canvass parks, subways, and other public spaces to estimate the number of people who are living on the street on one of the coldest nights of the year. Volunteers are needed from approximately 10:00 p.m. to 4:00 a.m. on the night of January 28th, 2019. Please visit nyc.gov/hope or CityShare to learn more and to register. Your help is essential to help us address the problem of homelessness that had built up over many years.

Food Service Establishment Inspection History Report

You can now request an Inspection History Report for your restaurant. The individualized report shows violations that have been cited two or more times during your restaurant's most recent inspections over a three year period. The report also includes the steps necessary to correct and to prevent each violation from reoccurring. Reports are available to all restaurants that have received two or more gradable inspections.

Please note: this information is based solely on sanitary violations cited during an inspection, regardless of the results of the OATH hearing. For more information, visit nyc.gov/health and search for inspection history report.

Food Service Establishment Consultative Inspections

The New York City Health Department offers consultative inspections for your food service establishment. This is an educational visit from a Public Health Inspector that will help you identify and solve food safety

problems, protect customers' health and avoid common violations.

Please note: these inspections are educational, and you will NOT be graded or fined. Inspections are scheduled with the restaurant owner during the restaurant's regular business hours. To request an educational inspection, visit nyc.gov/health/foodservice, call 212-676-1600 or email infobfscs@health.nyc.gov.

School Construction Authority (SCA)

The New York City School Construction Authority (SCA) wishes to advise you that a construction project will begin on the building's Parapets, Roofs, Exterior Masonry, cafeteria Floor. The work also includes Flood Elimination.

Work will begin shortly. The work requires asbestos abatement. The workers in actual contact with the asbestos will be wearing protective suits and respirators. A licensed asbestos abatement contractor performs the asbestos removal work, when the school is unoccupied. An environmental consulting firm manages the abatement work. This work is done under a Department of Environmental Protection permit. Representatives of the environmental consulting firm will be on site for the duration of the project to ensure that the contractor adheres to all

the proper regulations. The consultant will also monitor the air in the immediate area to insure that the removal is taking place properly.

The entire project is expected to be completed in October, 2020. During the school year, regular project work will start after normal school hours and go until the time permitted by the Department of Building's issued After Hours Variance Permit.

Thank you for your cooperation during this important work on the building. If you have any questions or need further information, please call Yvette Knight, Project Support Manager, at (718) 472-8199.
