HOW DO YOU APPLY FOR THE REBATE?

There are two ways to apply for the rebate program once the qualified appliance(s) have been purchased and, if applicable, the old appliances have been recycled:

1. Fill out the **Application Form** online at www.nyapplianceswapout.com/application.aspx and mail in the required proof of purchase and/or proof of recycling information.
2. Or call the program hotline at 1-877-NY-SMART to complete the form over the phone, then mail in the required proof of purchase and, if applicable, proof of recycling.

THE ENERGY STAR APPLIANCE PURCHASE RECEIPT MUST INCLUDE:

- 1) Make; 2) Model; 3) Price; 4) Date of purchase of qualifying appliance; and 5) Receipt #

Note on Option 1 - Single Appliance Rebate: Only the original new appliance purchase receipt will be accepted for the rebate. Copies are acceptable only when multiple applications are submitted for purchases on the same receipt.

Note on Option 2 - Appliances Bundle Rebate: Only the original new appliance purchase receipt(s) will be accepted for the rebate. Photocopies of receipts will not be accepted.

REQUIREMENTS FOR RECYCLING

1. Recycled appliance type must match purchased appliance type.
2. In order to receive the maximum rebate amount offered, you must recycle the replaced appliance (see tables on previous page). A receipt providing proof of recycling, including make and model of the replaced appliance, must be submitted with the completed application.

WAYS TO RECYCLE YOUR OLD APPLIANCE

1. *Recycle through a retailer:* many retailers have pickup and delivery services that include recycling
2. *Recycle through a recycling center:* be sure to check ahead of time to ensure you can use this option (<http://www.dec.ny.gov/chemical/8511.html>)
3. *Recycle through a transfer station:* some local transfer stations offer recycling services (http://www.dec.ny.gov/docs/materials_minerals_pdf/tslistregist.pdf.)
4. *For New York City resident:* confirmation numbers from the NYC 311 hotline will be accepted as recycling verification for refrigerators and freezers. If you wish to receive a rebate for clothes washers and dishwashers, however, Department of Sanitation (DOS) does not provide a confirmation number for recycling them, so you must have a store recycle them in order to receive the maximum rebate with recycling.

IMPORTANT NOTE TO PARTICIPANTS

Applications will be accepted on a *first come, first served* basis, and rebates will be provided based on the availability of funding, which may be exhausted at any time without notice. However, as soon as you complete the application online (or calls to have the application filled out) and receive a unique *Rebate Reservation Number*, the rebate money is reserved for you.

If your application is incomplete, you will be notified and advised of the necessary steps you must take to get your application approved and you will have 15 days from date of notification to complete the requirements of your application.

If you do not submit a timely application or submit an application that fails to qualify (does not meet all rebate criteria), your application will be denied.
