MTA—New York City Transit

Re: Service Diversions for L Line in Spring 2015

The MTA New York City Transit's plans for weekend and weeknight construction work along the L subway line in spring 2015 which will necessitate diversions for people traveling between Brooklyn and Manhattan.

During weeknights for the nine weeks from March 24 to May 22 (Tuesday-Friday between 12:01 a.m. and 5:00 a.m.) and the six weekends from April 11 to May 18 (from 12:01 a.m. Saturday until 5:00 a.m. Monday), the following alternate operations will be in effect:

- The L line will operate normally between Lorimer Street and Canarsie-Rockaway Parkway
- A free shuttle bus will operate from the Lorimer Street L station to the Marcy Avenue J M station.
- Extra M14 service will be added from 8th Avenue to 1st Avenue in Manhattan.

As always, posters alerting our customers of these diversions will be posted in all affected stations before these weekends, MTA NYC Transit personnel will be at the Lorimer Street station to direct customers to the shuttle buses, and these diversions will also be on our website at www.mta.info. If you have any questions or concerns regarding this issue, please feel free to contact Andrew Inglesby, Assistant Director, Government and Community Relations at 646-252-2658.
