TAKE CARE NEW YORK

TCNY/2020

Every Neighborhood, Every New Yorker
Everyone's Health Counts

Let's Make NYC A Health Place for All
New Yorkers

NYC Health Department's initiative to improve health and narrow the health gaps between New York City Neighborhoods.

By 2020, We Will:

- Create Healthier Neighborhoods
- Promote Healthy Childhoods
- Support Healthy Living
- Increase Access To Quality Care

In **New York City** health outcomes differ dramatically between communities-poor health outcomes cluster in places where resources and opportunities are limited.

No One's Health Should Be Determined by His or Her Zip Code, Race or Income. This is unjust and avoidable. Together, we can improve the health and well-being of all New Yorkers by improving neighborhood conditions.

Let's Take Action! In late 2015 through early 2016, the Health Department will meet with New Yorkers to identify health priorities for their neighborhoods and create a list of action steps. By the end of 2016, **TCNY** will develop a **2020 Action Agenda** outlining citywide strategies based on these discussions.
