# MINUTES

**REGULAR MEETING  
TUESDAY MORNING, JANUARY 10, 2017  
10:00 A.M.**

Present: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.

**SPECIAL ORDER CALENDAR**

**171-05-BZ**

APPLICANT – Rothkrug Rothkrug & Spector, LLP, for 568 Broadway Property LLC, owner; Equinox 568 Broadway Inc., lessee.

SUBJECT – Application February 1, 2016 – Extension of Term of a previously granted Special Permit (§73-36) for the continued operation of physical culture establishment (*Equinox*) which expires on February 7, 2016. M1-5B zoning district.

PREMISES AFFECTED – 568 Broadway, Block 511, Lot 1, Borough of Manhattan.

**COMMUNITY BOARD #2M**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for an extension of the term of a previously granted special permit for a physical culture establishment (“PCE”), which expired on February 7, 2016; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Vice-Chair Hinkson performed an inspection of the site and surrounding neighborhood; and

WHEREAS, the applicant represented to the Board that Community Board 2, Manhattan, waived its recommendation for this application because it was an extension of term and not a new special permit; and

WHEREAS, the subject site is located on the northeast corner of the intersection of Broadway and Prince Street, in an M1-5B zoning district, in the SoHo-Cast Iron Historic District, in Manhattan; and

WHEREAS, the site has approximately 126 feet of frontage along Broadway, 200 feet of frontage along Prince Street, 111 feet of frontage along Crosby Street, 23,605 square feet of lot area and is occupied by a 12-story commercial building; and

WHEREAS, the Board has exercised jurisdiction over the site since February 7, 2006, when, under the subject calendar number, the Board granted a special permit,

pursuant to ZR § 73-36, allowing the establishment of a PCE, operated as Equinox, located in portions of the cellar, first floor, mezzanine and third floors and the entirety of the second floor of the subject building for a term of ten (10) years, expiring February 7, 2016; and

WHEREAS, the previous term of the special permit having expired, the applicant seeks the extension of the term for an additional ten (10) years; and

WHEREAS, the facility remains in operation as Equinox and no modifications are proposed to the previously approved hours of operation: Monday through Thursday 5:30 a.m. to 11:00 p.m., Friday 5:30 a.m. to 10:00 p.m., and Saturday through Sunday 8:00 a.m. to 9:00 p.m.; and

WHEREAS, as approved, the PCE was proposed to occupy 1,236 square feet of floor space in the cellar, 1,496 square feet of floor area on the ground floor, 413 square feet of floor area on the mezzanine, 19,802 square feet of floor area on the second floor, and 3,765 square feet of floor area on the third floor for a total of 25,476 square feet of floor area in the subject building; and

WHEREAS, the applicant represents that the PCE currently occupies 1,157 square feet of floor space in the cellar, 1,460 square feet of floor area on the ground floor, 435 square feet of floor area on the mezzanine, 19,996 square feet of floor area on the second floor, and 3,921 square feet of floor area on the third floor for a total of 25,812 square feet of floor area in the subject building; and

WHEREAS, as conditioned in the prior approval, sprinklers and an interior fire alarm were installed within the PCE space and subsequently approved and signed off by Department of Buildings; and

WHEREAS, the Board finds that a ten (10) year extension is appropriate, with the conditions set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens and amends* the resolution, dated February 7, 2006, so that as amended this portion of the resolution shall read: “to permit an extension of the term of the special permit for a term of ten (10) years, expiring February 7, 2026, *on condition* that the site shall substantially conform to drawings as filed with this application, marked ‘Received August 22, 2016’-Nine (9) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years from February 7, 2016, expiring February 7, 2026;

THAT there shall be no change in ownership or operating control of the physical culture establishment without prior application to and approval from the Board;

THAT the hours of operation shall be limited to Monday through Thursday 5:30 a.m. to 11:00 p.m., Friday 5:30 a.m. to 10:00 p.m., and Saturday through Sunday 8:00 a.m. to 9:00 p.m.;

THAT accessibility compliance under Local Law 58/87 will be reviewed and approved by Department of Buildings (“DOB”);

THAT minimum 3 foot wide exit pathways shall be provided leading to the required exits and such pathways shall always be maintained unobstructed, including from any equipment;

---

# MINUTES

---

THAT all massages shall be performed only by practitioners with valid and current NYS massage licenses;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a revised Certificate of Occupancy shall be obtained within one (1) year, by January 10, 2018;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, January 10, 2017.

-----

## 80-54-BZ

SUBJECT – Application January 25, 2016 – Special Permit (§73-36) to permit a physical culture establishment (*305 Fitness*) to operate within an existing commercial building. C5-2 zoning district.

PREMISES AFFECTED – 33 East 33<sup>rd</sup> Street, Block 863, Lot 29, Borough of Manhattan.

### COMMUNITY BOARD #5M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated December 24, 2015, acting on DOB Application No. 122564466, reads in pertinent part:

“Proposed Physical culture establishment is not permitted . . . . This job must be referred to the Board of standards and appeals [*sic*] for approval pursuant to ZR 73-36”;

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, on a site located in a C5-2 zoning district, the operation of a physical culture establishment (“PCE”) in the cellar and first floor of an existing 12-story building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Community Board 5, Manhattan, recommends approval of this application; and

WHEREAS, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the north side of East 33<sup>rd</sup> Street, between Madison Avenue and Park Avenue, in a C5-2 zoning district, in Manhattan; and

WHEREAS, the site has approximately 116 feet of frontage along East 33<sup>rd</sup> Street, 11,405 square feet of lot area and is occupied by a 12-story commercial building; and

---

# MINUTES

---

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-

04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and Certificate of Occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies 4,249 square feet of floor area in the cellar, containing the reception area, locker rooms, two dance studios and storage space, and 359 square feet of floor area on the ground floor of the existing building; and

WHEREAS, the PCE has been in operation as 305 Fitness since the spring of 2016; and

WHEREAS, the PCE's hours of operation are Monday through Friday, 6:00 a.m. to 9:00 p.m., Saturday, 9:30 a.m. to 3:00 p.m. and Sunday, 9:30 a.m. to 5:30 p.m.; and

WHEREAS, the applicant represents that the PCE use will not disrupt the character of the surrounding area, specifically, that it is predominantly located in the cellar of a commercial building with only commercial uses located above it; and

WHEREAS, the applicant submits that sound attenuation measures have been provided within the space so that that the sound level in other parts of the subject building will not exceed 45 dBA; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, the applicant states that the PCE provides facilities for cardiovascular dance instruction, which has the effects of increasing practitioner's stamina and physical fitness; and

WHEREAS, the Board finds that the subject PCE use is consistent with those eligible pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that the PCE is fully sprinklered and that an approved fire alarm—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection to an FDNY-approved central station—has been installed in the entire PCE space; and

WHEREAS, by letter dated January 3, 2017, the Fire Department states that it has no objection to the approval of this application, the existing conditions satisfy all Fire

# MINUTES

Department requirements and that the interior fire alarm system has been inspected and is functional, but minor deficiencies were noted and the alarm is scheduled to be inspected again in order to confirm that the required revisions have been made; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant represents that the PCE will not interfere with any public improvement projects; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 16-BSA-071M, dated January 25, 2016; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, on a site located in a C5-2 zoning district, the operation of a physical culture establishment on the cellar and ground floor of a 12-story building, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received August 29, 2016” – Five (5) sheets; and

THAT the term of the PCE grant will expire on March 20, 2027;

THAT there will be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT accessibility compliance under Local Law 58/87 will be as reviewed and approved by DOB;

THAT minimum 3 foot wide exit pathways shall be provided leading to the required exits and such pathways shall always be maintained unobstructed, including from any equipment;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a revised Certificate of Occupancy shall be obtained within one year, by January 10, 2018;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its

jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 10, 2017.

## 2017-2-BZ

### CEQR #17-BSA-060R

APPLICANT – NYC Mayor’s Office of Housing Recovery Operation (“HRO”)

SUBJECT – Application October 31, 2016 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program.

PREMISES AFFECTED – 40 Seafoam Street Staten Island.

### COMMUNITY BOARD #2 SI

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92, to permit, on a site within an R3X zoning district, the reconstruction, development and enlargement of a previously existing single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front and rear yards, pursuant to ZR §§ 23-45, 23-47 and 23-52; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner’s Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of Seafoam Street, between Cedar Grove Avenue and

---

# MINUTES

---

Dustan Street, in an R3X zoning district, on Staten Island; and

WHEREAS, the site has approximately 60 feet of frontage along Seafoam Street, a depth of 60 feet, 3,600 square feet of lot area and is occupied by a one-story, single-family dwelling; and

WHEREAS, Seafoam Street is an unmapped street; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-1037-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a single-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, on the dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the reconstruction, development and enlargement of the existing one-story single-family dwelling with a front yard of 4’-11” and a rear yard of 7’-3”; and

WHEREAS, the existing dwelling on the site has 1,931 square feet of floor area, a floor area ratio (“FAR”) of 0.54, a front yard measuring 9’-10”, a rear yard of 4’-3”, and side yards of 29’-9” and 6’-4”; and

WHEREAS, the applicant represents that the dwelling is in poor condition and technically unsuitable for elevation; and

WHEREAS, the applicant proposes to demolish the existing dwelling and construct a three-story, one-family dwelling with 2,068 square feet of floor area, 0.57 FAR, a 4’-11” front yard, a 7’-3” rear yard; and

WHEREAS, at the subject site, the minimum required front yard is 10 feet, pursuant to ZR § 23-45, and a minimum rear yard of 20 feet is required pursuant to ZR §§ 23-47 and 23-52; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-

CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the applicant states that the shallowness of the lot and orientation of surrounding homes perpendicular to the street creates a practical difficulty in comply with flood-resistant construction standards without the modification of the front yard and rear yard requirements and that waivers of the same are the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes that modification of the proposed perpendicular floor plan would alter the existing streetscape and that the proposed design facilitates the provision of certain accessibility features, including a chair lift and interior clearances, required by the owners of the subject site; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the Board finds that the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the building is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single- and two-family dwellings, both detached and semi-detached, and that the layout of the proposed reconstructed dwelling perpendicular to the street is consistent with the surrounding dwellings; and

# MINUTES

WHEREAS, the applicant additionally notes that the proposed reconstruction provides a larger rear yard than currently exists and decreases the degree of non-compliance with the rear yard regulations applicable at the subject site; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed reconstruction and enlargement satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17-BSA-060R, dated January 4, 2017; and

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92, to permit, on a site within an R3X zoning district, the reconstruction, development and enlargement of a single-family dwelling, which does not comply with the zoning requirements for front and rear yards, pursuant to ZR §§ 23-45, 23-47 and 23-52; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received January 4, 2017”—Four (4) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: a front yard measuring at least 4’-11” and a rear yard measuring at least 7’-3”, as illustrated on the BSA-approved plans;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorized use and/or bulk shall be signed off by DOB and all other relevant agencies by January 10, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 10, 2017.

PREMISES AFFECTED – 150 East 39<sup>th</sup> Street, Block 894, Lot 52, Borough of Manhattan.

**COMMUNITY BOARD #6M**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Ottley-Brown.....1

**THE RESOLUTION** –

WHEREAS, this is an application for an extension of term of a variance, previously granted by the Board pursuant to ZR § 11-411, which expired on July 2, 2016; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, and then to decision on January 24, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 6, Manhattan, recommends approval of this application; and

WHEREAS, the subject site is located on the south side of East 39th Street, between Lexington Avenue and Third Avenue, in an R8B zoning district, in Manhattan; and

WHEREAS, the site has approximately 75 feet of frontage along East 39th Street, 100 feet of depth, 7,483 square feet of lot area and is improved with a 16-story, with cellar, mixed-use commercial and residential building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since December 13, 1955, when, under the subject calendar number, the Board granted a variance permitting the change in use of apartments on stories one through five to office use with a coffee shop and cocktail lounge at the front of the first floor for a term of twenty (20) years, expiring December 13, 1975, on condition, *inter alia*, that the building not be increased in height or area and that

the residential aspect of the building be maintained; and

WHEREAS, on July 18, 1961, under the subject calendar number, the Board reopened and amended the resolution to permit an extension of time to complete construction and to permit transient-hotel use of the fourth and fifth floors along with other minor modifications; and

WHEREAS, on July 17, 1962, under the subject calendar number, the Board granted an application permitting an enlargement of the building's penthouse and an enlargement of the transient hotel's accessory dining room contrary to rear yard and setback regulations for a term of fifteen (15) years, expiring July 17, 1977; and

WHEREAS, on June 28, 1977, under the subject calendar number, the Board reopened and amended the resolution to restore the second and third floors to conforming use, permit office use at the rear of the first floor and to extend the term of the variance for an addition ten (10) years, expiring June 28, 1987; and

WHEREAS, the grant was subsequently amended and extended at various times to convert all floors of the premises except the cellar and first floor to as-of-right residential use; and

WHEREAS, on April 23, 2002, under the subject calendar number, the Board reopened and amended the resolution to permit the reduction of commercial cellar space and to permit an accessory recreation room in the cellar for the residents of 148–152 East 39th Street and 108 East 38th Street, Manhattan, on condition that the maximum occupancy for the recreation room be limited to twenty-five (25) persons; and

WHEREAS, on September 11, 2007, under the subject calendar number, the grant was extended for a period of ten (10) years, to expire on July 2, 2016; and

WHEREAS, by letter dated February 10, 2014, the Board approved the conversion of a portion of the first floor from commercial to residential as-of-right use; and

WHEREAS, the term of the variance having expired, the instant application seeks a further extension of the term for an additional ten (10) years to permit the continued operation of commercial uses on portions of the first floor and cellar of the existing mixed-use building; and

WHEREAS, based upon its review of the record, the Board finds that a ten (10) year extension of the term of the variance is appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated September 11, 2007, so that as amended this portion of the resolution reads: “to grant an extension of the term of the variance for a term of ten (10) years to expire on July 26, 2026; *on condition* that all work and site conditions shall comply with drawings filed with this application marked ‘Received October 11, 2016’-Five (5) sheets; and *on further condition*:

THAT this grant shall expire July 26, 2026;

THAT the hours of operation for all commercial uses shall be limited to 6:00 a.m. to 9:00 p.m., daily;

THAT the Certificate of Occupancy shall be amended to reflect that use of the recreation room in the cellar is limited to

# MINUTES

residents of 150 East 39th Street and residents of 108 East 38th Street, Manhattan;

THAT the maximum occupancy for the accessory recreation room shall be 25 persons;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT an amended Certificate of Occupancy shall be obtained within one (1) year, by January 24, 2018;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed Department of Buildings/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, January 24, 2017.

-----

## 1151-81-BZ

APPLICANT – Greenberg Traurig, LLP

SUBJECT – Application May 19, 2016 – Amendment of a previously variance to facilitate the transfer of unused development rights from the variance site for incorporation into a new as-of-right development. M1-6 (IHDA) zoning district.

PREMISES AFFECTED – 95 Vandam Street, Block 00597, Lot 7501, Borough of Manhattan.

### COMMUNITY BOARD #2M

ACTION OF THE BOARD – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Montanez and Commissioner Chanda.....3

Negative: .....0

Abstain: Vice-Chair Hinkson .....1

Absent: Commissioner Ottley-Brown.....1

#### THE RESOLUTION –

WHEREAS, this is an application to reopen and amend a variance, previously granted by the Board, which permitted residential uses on all floors above the first floor of a six-story former manufacturing building in an M1-6 zoning district; and

WHEREAS, the purpose of this application is to facilitate the transfer of 18,667 square feet to unused development rights appurtenant to the subject site by the owner of the site to the owner of a development site (tentatively comprised of Block 597, Lots 39 and 46, the “Development Site”) to be incorporated into a mixed-used commercial and residential building; and

WHEREAS, a public hearing was held on this application on September 27, 2016, after due notice by publication in *The City Record*, with a continued hearing on January 24, 2017, and then to decision on the same date; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissions Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 2, Manhattan, recommends approval of this application; and

WHEREAS, this application is brought on behalf of the V-Dog Condominium, which owns the subject site and seeks the Board’s authorization to merge the subject site with the Development Site; and

WHEREAS, the subject site is located on the north side of Vandam Street, between Greenwich Street and Hudson Street, within an M1-6 zoning district and the Special Hudson Square District, in Manhattan; and

WHEREAS, the site has approximately 49 feet of frontage along Vandam Street, 4,965 square feet of lot area and is occupied by a six-story building containing 26,848 square feet of floor area; and

WHEREAS, the Board has exercised jurisdiction over the subject site since June 15, 1927, when, under BSA Cal. No. 35-27-S, the Board granted a variance from the labor law to permit egress from the existing six-story building to the fire escape on an adjacent building to the west; and

WHEREAS, on June 5, 1928, under BSA Cal. No. 90-28-S, the Board granted another variance from the labor law, which required the provision of a fire-resistant enclosure around an interior stairway; and

WHEREAS, on March 20, 1984, under the subject calendar number, the Board granted a variance, pursuant to ZR § 72-21, to permit the maintenance of all floors above the first floor as a multiple dwelling on condition, *inter alia*, that double-glazed windows and mechanical ventilation systems be provided to attenuate exterior ambient noise levels to less than 40 dBA within the residential portions of the building (the “Variance”); and

WHEREAS, on October 8, 1985, under BSA Cal. No. 1152-81-ALC, the Board granted an application to exclude a total of 21,875 square feet of floor area (4,375 square feet on each of the second through sixth floors) from the payment of the conversion contribution then required pursuant to ZR § 15-551 in connection with conversion of the second through sixth floors of the existing building to residential use; and

WHEREAS, the applicant represents that no changes to the subject building are associated with the proposed merger of the zoning lots and development rights transfer; and

WHEREAS, in addition, the applicant states that the proposed transfer of development rights is consistent with the New York Court of Appeals’ decision in *Bella Vista v. Bennett*, 89 N.Y.2d 565 (1997), setting forth the parameters of Board review of requests for the transfer of development rights from sites for which a variance has been previously granted; and

WHEREAS, the applicant represents that the transfer of the unused development rights from the subject site is not in conflict with the Variance; and

WHEREAS, the applicant notes that the Board made all of the findings required pursuant to ZR § 72-21 in the Resolution for the Variance (the “Resolution”), but that the Resolution is silent as to whether the Board assigned any value

---

# MINUTES

---

to the unused development rights at the subject site; and

WHEREAS, accordingly, the applicant assumes that the Board ascribed no value to the unused development rights and, in support of that assumption, submits a letter from a financial consultant analyzing the value of the unused development rights appurtenant to the subject site in 1984 and concluding that the rights, indeed, had no value at that time because (1) the excess development rights could only be utilized to enlarge the existing six-story building with commercial or manufacturing uses and the market for such uses in the early 1980s was severely limited and (2) that all adjacent properties were held in separate ownership and, thus, there was no market for the transfer of these excess development rights; and

WHEREAS, the applicant additionally contends that ten of the 11 lots directly adjacent or secondarily adjacent to the subject lot that could have purchased its excess development rights were significantly underbuilt in 1984 and, thus, could have enlarged their buildings using their own unutilized floor area, but that existing bulk regulations prevented the full use of that floor area, making it further unlikely that these sites, which the applicant characterizes as narrow and irregularly shaped, would have provided a market for the subject site's excess development rights; and

WHEREAS, with regards to the last of the 11 lots directly adjacent or secondarily adjacent to the subject lot, the applicant states that the building on that lot was likely overbuilt at the time of the Variance and, as it is only secondarily adjacent to the subject lot, would have needed to merge with other zoning lots in addition to the subject site in order to use the subject site's excess development rights and, because these interstitial sites were underbuilt, the eleventh lot would have been much more likely to enlarge with the unutilized floor area appurtenant to those underbuilt sites than use the excess development rights of the subject site; and

WHEREAS, finally, the applicant notes that the mechanism for enabling the transfer of development rights through zoning lot mergers was only added to the Zoning Resolution in 1977 and, at the time, economic conditions in New York City were severely distressed, thus, development rights transfers in 1988 were highly unlikely in the zoning district; and

WHEREAS, therefore, the applicant states that an amendment to the variance to facilitate the transfer of the unused development rights from the subject site to the Development Site does not undermine the integrity of the Board's earlier findings with regards to ZR §§ 72-21(b) or 72-21(e) because the facts of the instant application are readily distinguishable from those underlying the Court's holding in *Bella Vista*; and

WHEREAS, specifically, as stated above, the applicant submits that, at the time of the variance, the subject premises were held in separate and unrelated ownership from all other parcels on the subject block and that more than 30 years have elapsed since the grant of the Variance; and

WHEREAS, the Board notes that *Bella Vista* concerned a permit request for a new as-of-right residential building proposed to be built through the transfer of development rights—from a site in which the Board granted a use variance

to permit the operation of a movie theater in a residential zoning district, to a separate adjacent site under common ownership—for the development of a complying residential building; and

WHEREAS, the Court held that review and approval of such transfers by the Board was required, *inter alia*, because the basis for the original grant, particularly with respect to the findings of financial hardship under ZR § 72-21(b) and minimum variance needed to provide relief under ZR § 72-21(e), may be implicated by the proposed transfer; and

WHEREAS, the Board credits the applicant's assertions that, unlike in *Bella Vista*, the subject site and Development Site have been under separate, unrelated ownership since the Variance that that, therefore, the applicant lacked control over the timing and nature of the development of the Development Site; and

WHEREAS, the Board also notes that a brief period of time elapsed between the issuance of the variance underlying the *Bella Vista* decision and the date of the permit application in which the owner proposed to use the floor area transferred from the variance site, further distinguishing that case from the instant application; and

WHEREAS, the Board acknowledges that in *Bella Vista*, the permit application proposing to use floor area transferred from the variance site was filed only three years after the Board grant, whereas the subject Variance was issued more than 30 years ago; and

WHEREAS, the Board agrees that the differences in timing and the health of the respective real estate markets distinguish the *Bella Vista* case from the instance case and supports the conclusion that the use of the subject site's unused development rights was not foreseeable by the owner of the Development Site or the Board; and

WHEREAS, therefore, the Board finds that the proposed transfer of development rights does not implicate or affect the basis for its findings pursuant to ZR § 72-21, specifically the (b) and (e) findings, at the time that they were made; and

WHEREAS, at hearing, the Board requested that the applicant demonstrate compliance with the conditions of the prior Resolution, including the condition requiring noise attenuation measures in the form of double-glazed windows upon the observation that several windows appear to be original and single-paned; and

WHEREAS, in response, the applicant submitted a technical memorandum analyzing whether such window attenuation remained necessary to achieve the interior noise levels deemed acceptable by the CEQR Technical Manual noise exposure guidance; and

WHEREAS, the technical memorandum, completed upon the performance of noise testing at the premises during the pendency of this application, concluded that the maximum measured noise level was in the "Acceptable" category of residential uses and below the 70 dBA threshold at which window attenuation is required under the CEQR Technical Manual; and

WHEREAS, by letter dated November 30, 2016, the New York City Department of Environmental Protection ("DEP"), determined that, upon review of the submitted noise analysis

# MINUTES

and data, no potential significant adverse noise impacts were expected; and

WHEREAS, the applicant also submitted evidence sufficient to prove compliance with regards to the remaining conditions imposed on the site in connection with the Variance; and

WHEREAS, based upon its review of the record, the Board does not object to the transfer of unused development rights from the subject site to the Development Site or to the proposed zoning lot merger, but notes that any further changes to the subject site that are inconsistent with this or prior approvals are subject to the Board's review and approval.

Therefore, it is Resolved, that the Board of Standards and Appeals reopens and amends the resolution, adopted on March 20, 1984, so that as amended this portion of the resolution shall read: to permit the merger of the subject site with contiguous parcels on Block 597, in Manhattan, and the associated modifications to the BSA approved site plan; and on condition:

THAT the zoning calculations, including any transfer of development rights, shall be subject to DOB's review and approval and shall be in full compliance with underlying bulk regulations;

THAT the site shall remain subject to the Board's jurisdictions, including modifications to the buildings on the site;

THAT all conditions from the prior resolution not specifically waived by the Board shall remain in effect; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted."

Adopted by the Board of Standards and Appeals, January 24, 2017.

## 320-05-BZ

APPLICANT – Rothkrug Rothkrug & Spector, LLP, for The Peterfield Condominium, owner; Crunch LLC, lessee.

SUBJECT – Application May 11, 2016 – Extension of Term of a previously approved Special Permit (§73-36) permitting the operation of a physical cultural establishment (Crunch) which expired on May 16, 2016. C6-2A zoning district.

PREMISES AFFECTED – 113 4<sup>th</sup> Avenue, Block 558, Lot 7502, Borough of Manhattan.

### COMMUNITY BOARD #3M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Ottley-Brown.....1

THE RESOLUTION —

WHEREAS, this is an application for an extension of the term for a previously granted special permit for a physical culture establishment ("PCE"), which expired on May 16, 2016; and

WHEREAS, a public hearing was held on this application on December 6, 2016, after due notice by publication in *The City Record*, and then to decision on January 24, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the northeastern corner of Fourth Avenue and East 12th Street, within a C6-2A zoning district, in Manhattan; and

WHEREAS, the site has approximately 71 feet of frontage along Fourth Avenue, 126 feet of frontage along East 12th Street, 13,830 square feet of lot area and is occupied by an eight-story, with cellar, mixed-use commercial and residential building; and

WHEREAS, the Board has exercised jurisdiction over the site since May 16, 2006, when, under the subject calendar number, the Board granted a special permit, pursuant to ZR § 73-36, allowing the establishment of a PCE, operated as a Crunch gym, located on portions of the cellar and first floor of the subject building for a term of ten (10) years, expiring May 16, 2016; and

WHEREAS, the previous term of the special permit having expired, the applicant seeks an extension of term for an additional ten (10) years; and

WHEREAS, the facility remains in operation as a Crunch gym and no modifications are proposed to the previously approved hours of operation: Monday through Friday, 5:00 a.m. to 11:00 p.m., and Saturdays and Sundays, 7:30 a.m. to 9:00 p.m.; and

WHEREAS, the applicant notes that the PCE continues to occupy 13,793 square feet of floor space in the cellar and 11,682 square feet of floor area on the first floor, as the Board previously approved; and

WHEREAS, as conditioned in the prior approval, sprinklers and an interior fire alarm were installed within the PCE space and subsequently approved and signed off by the Department of Buildings; and

WHEREAS, the Department of Buildings issued a Letter of Completion, dated July 28, 2016, for the fire alarm system at the premises and a Letter of Completion, dated July 28, 2016, for the sprinkler system at the premises; and

WHEREAS, the Board finds that a ten (10) year extension is appropriate, with the conditions set forth below.

Therefore it is Resolved, that the Board of Standards and Appeals reopens and amends the resolution, dated May 16, 2006, so that as amended this portion of the resolution shall read: "to permit an extension of the term of the special permit for a term of ten (10) years, expiring May 16, 2026, on condition that the site shall substantially conform to drawings as filed with this application, marked 'Received January 3, 2017'-Four (4) sheets; and on further condition:

THAT this grant shall be limited to a term of ten (10) years from May 16, 2016, expiring May 16, 2026;

THAT there shall be no change in ownership or operating control of the physical culture establishment without prior application to and approval from the Board;

# MINUTES

THAT the hours of operation shall be limited to Monday through Friday, 5:00 a.m. to 11:00 p.m., and Saturdays and Sundays, 7:30 a.m. to 9:00 p.m.;

THAT fire safety and sound attenuation measures shall be installed and/or maintained as shown on the Board-approved plans;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, January 24, 2017.

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda. ....4

Negative: .....0

Absent: Commissioner Ottley-Brown.....1

#### THE RESOLUTION —

WHEREAS, this is an application for an extension of the term of a previously granted special permit for a physical culture establishment (“PCE”), which expired on September 19, 2016; and

WHEREAS, a public hearing was held on this application on December 6, 2016, after due notice by publication in *The City Record*, and then to decision on January 24, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 5, Manhattan, waived its recommendation for this application; and

WHEREAS, the subject site is located on the east side of Park Avenue, between East 33rd Street and East 32nd Street, partially within a C5-3 zoning district and partially within a C6-1 zoning districts, in Manhattan; and

WHEREAS, the site has approximately 198 feet of frontage along Park Avenue, 230 feet of frontage along East 33rd Street, 230 feet of frontage along East 32nd Street, 45,425 square feet of lot area and is occupied by an 18-story, with cellar, commercial building; and

WHEREAS, the Board has exercised jurisdiction over the site since September 19, 2006, when, under the subject calendar number, the Board granted a special permit, pursuant to ZR § 73-36, allowing the establishment of a PCE, operated as Equinox Fitness, located on a portion of the first floor and the entire second floor of the subject building for a term of ten (10) years, expiring September 19, 2016; and

WHEREAS, the previous term of the special permit having expired, the applicant seeks an extension of term for an additional ten (10) years; and

WHEREAS, the facility remains in operation as Equinox Fitness, and no modifications are proposed to the previously approved hours of operation: Monday through Friday, 5:00 a.m. to 11:00 p.m., and Saturday and Sunday, 7:30 a.m. to 9:00 p.m.; and

WHEREAS, the applicant notes that the PCE continues to occupy 40,144 square feet of total floor area in the building, 856 square feet of floor area on the first floor and 39,288 square feet of floor area on the second floor, as previously approved by the Board; and

WHEREAS, as conditioned in the prior approval, sprinklers and an interior fire alarm were installed within the PCE space and subsequently approved and signed off by the Department of Buildings; and

WHEREAS, the Department of Buildings issued a Letter of Completion, dated February 15, 2007, for the sprinkler system at the premises, and the Fire Department issued a Letter of Approval, dated July 19, 2007, for the fire alarm system at the premises; and

WHEREAS, the Board finds that a ten (10) year extension is appropriate, with the conditions set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated September 19, 2006, so that as amended this portion of the resolution shall read: “to permit an extension of the term of the special permit for a term of ten (10) years, expiring September 19, 2026, *on condition* that the site shall substantially conform to drawings as filed with this application, marked ‘January 3, 2017’-Three (3) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years from September 19, 2016, expiring September 19, 2026;

THAT there shall be no change in ownership or operating control of the physical culture establishment without prior application to and approval from the Board;

THAT the hours of operation shall be limited to Monday through Friday, 5:00 a.m. to 11:00 p.m., and Saturday and Sunday, 7:30 a.m. to 9:00 p.m.;

THAT all massages shall be performed by New York

---

# MINUTES

---

State-licensed massage therapists only;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Absent: Commissioner Ottley-Brown.....1

THE RESOLUTION –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated July 12, 2016, acting on Department of Buildings (“DOB”) Application No. 321183312, reads in pertinent part:

1. Proposed construction located partially within the bed of a mapped street is contrary to Section 35 of the General City Law. Obtain Board of Standards and Appeals approval;
2. Proposed new building has bulk-non-

---

# MINUTES

---

compliances resulting from the location of such mapped street. Obtain Board of Standards and Appeals waiver pursuant to Zoning Resolution § 72-01(g); and

WHEREAS, this is an application to permit the development of an 11-story residential building partially within the bed of a mapped street, contrary to General City Law (“GCL”) § 35, and that affects compliance with the following applicable bulk regulations: minimum lot area (ZR §§ 34-11 and 23-32), minimum lot width (ZR §§ 34-11 and 23-32) and maximum floor area and floor area ratio (“FAR”) (ZR §§ 34-11 and 23-152); and

WHEREAS, accordingly, a waiver pursuant to ZR § 72-01(g) is requested to permit the inclusion of the mapped, but unbuilt, portion of the street into the zoning calculation for lot area, lot width, floor area and FAR; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, and then to decision on January 24, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 2, Brooklyn, waived, in writing, the holding of a public hearing regarding this application,

WHEREAS, the subject site is located on the northwestern corner of the intersection of Fleet Place and Willoughby Street, in a C6-4 zoning district within the Special Downtown Brooklyn District, in Brooklyn; and

WHEREAS, the site has approximately 100 feet of frontage along Fleet Place, 24 feet of frontage along Willoughby Street, 2,435 square feet of lot area and is occupied by a three-story building; and

WHEREAS, the site is traversed by a 10 foot wide mapped but unbuilt portion of Fleet Place; and

WHEREAS, the mapped width of Fleet Place between Willoughby Street and Fair Street was increased from 50 feet to 60 feet, effective August 12, 2006, pursuant to a 2004 Amendment to the Brooklyn Center Urban Renewal Plan proposed by the New York City Department of City Planning (“DCP”) and the New York City Economic Development Corporation (“EDC”) and adopted by the City Planning Commission; and

WHEREAS, the street was never physical widened and EDC states, by an undated letter, that no widening of the street at the subject site is anticipated and that EDC has no objection to the subject application; and

WHEREAS, by letter dated September 1, 2016, the New York City Department of Transportation (“DOT”) confirms that Fleet Place between Willoughby Street and Myrtle Avenue is mapped to a width of 50 feet and has a Corporation Council Opinion of Dedication (“CCO”) for the entire width; and

WHEREAS, DOT additionally states that the subject lot is not presently included in DOT’s Capital Improvement Program; and

WHEREAS, the applicant proposes to demolish the

existing building and construct an 11-story residential building with 24,111 square feet of floor area (9.94 FAR); and

WHEREAS, the applicant represents that the proposal complies with all bulk regulations applicable in a C6-4 zoning district except regulations regarding minimum lot area, minimum lot width and maximum floor area and FAR due to the fact that the lot is partially located within the bed of a mapped, but unbuilt portion, of Fleet Place; and

WHEREAS, in the subject zoning district, the minimum lot area for multi-family residential buildings is 1,700 square feet pursuant to ZR §§ 34-11 and 23-32; the minimum lot width required is 18 feet pursuant to ZR §§ 34-11 and 23-32; and the maximum floor area permitted is 24,250 square feet (10 FAR) pursuant to ZR §§ 34-11 and 23-152; and

WHEREAS, because of the 10 foot wide by 100 foot long portion of the subject site located in the bed of a mapped, but unbuilt portion, of Fleet Place, the maximum lot area of the site available for development as-of-right is 1,425 square feet and the maximum width of the lot developable as-of-right is approximately 14 feet; and

WHEREAS, accordingly, the applicant seeks a waiver, pursuant to ZR § 72-01(g), to permit the inclusion of the portion of the subject site in a mapped, but unbuilt portion, of Fleet Place in the calculation of lot area and lot width for the premises; and

WHEREAS, in addition, the proposed floor area of 24,111 square feet is greater than 14,250 square feet, the maximum permitted floor area for the portion of the lot not located in the bed of the mapped, but unbuilt portion of Fleet Place, which is developable as-of-right; and

WHEREAS, because the proposed 24,111 square feet of floor area does, however, comply with the maximum floor area permitted at the site if the area located in the mapped, but unbuilt portion of the street, is included in the floor area calculation, the applicant seeks a waiver pursuant to ZR § 72-01(g) to permit the inclusion of that area in such calculation; and

WHEREAS, in addition to the representation provided by EDC that widening of Fleet Place at this location is not anticipated, the applicant suggests that such widening is impracticable because of, *inter alia*, significant development in the area, which would need to be demolished to effectuate such widening, and the availability of public transportation in the area which makes widening Fleet Place in order to accommodate additional automobile traffic unnecessary; and

WHEREAS, by letter dated January 9, 2017, the New York City Department of Environmental Preservation (“DEP”) states that there is a 12-inch diameter combined sewer and an 8-inch diameter city water main in Fleet Place between Willoughby Street and Myrtle Avenue and a 15-inch diameter combined sewer in the bed of Fleet Place between Willoughby Street and Myrtle Avenue, but that DEP has no objections to the proposed application; and

WHEREAS, by letter dated January 18, 2017, the New York City Fire Department confirms that there are no plans to widen Fleet Place, that the proposed project complies with site access requirements and that the Fire Department has no objections to the proposed application; and

# MINUTES

WHEREAS, the Board notes that, pursuant to GCL § 35, it may authorize construction within the bed of the mapped street subject to reasonable requirements; and

WHEREAS, the Board additionally notes that pursuant to ZR § 72-01(g), the Board may waive bulk regulations where construction is proposed in part within the bed of a mapped street; such bulk waivers will be only as necessary to address non-compliances resulting from the location of construction within and outside of the mapped street, and the zoning lot will comply to the maximum extent feasible with all applicable zoning regulations as if the street were not mapped; and

WHEREAS, therefore, consistent with GCL § 35 and ZR § 72-01(g), the Board finds that applying the bulk regulations across the portion of the subject lot within the mapped street and the portion of the subject lot outside the mapped street as if the lot were unencumbered by a mapped street is both reasonable and necessary to allow the proposed construction; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore it is Resolved*, that the Board modifies the decision of the Department of Buildings (“DOB”), dated July 12, 2016, acting on DOB Application No. 321183312, by the power vested in it by Section 35 of the General City Law, and also waives the bulk regulations associated with the presence of the mapped but unbuilt street pursuant to Section 72-01(g) of the Zoning Resolution to grant this appeal, limited to the decision noted above *on condition* that construction will substantially conform to the drawings filed with the application marked “Received July 13, 2016”– One (1) sheet; and *on further condition*:

THAT all DOB and related agency application(s) filed in connection with the authorized use and/or bulk will be signed off by DOB and all other relevant agencies by January 24, 2021;

THAT DOB will review and approve plans associated with the Board’s approval for compliance with the underlying zoning regulations as if the unbuilt portion of the street were not mapped;

THAT to the extent required by DOB and/or DOT, a Builder’s Pavement Plan shall be filed and approved prior to the issuance of the Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 24, 2017.

### 331-14-BZ

APPLICANT – Law Office of Lyra J. Altman, for Nissim Gindi, owner.

SUBJECT – Application December 30, 2014 – Special Permit (§73-622) for the enlargement of an existing single family contrary to side yards (ZR 23-461) and less than the minimum rear yard (ZR 23-47). R5 (OP) zoning district.  
PREMISES AFFECTED – 2171 Ocean Parkway, east side of Ocean Parkway between Avenue U and Avenue V, Block 7133, Lot 45, Borough of Brooklyn.

### COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Ottley-Brown.....1

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated November 20, 2015, acting on DOB Application No. 320593256, reads in pertinent part:

1. ZR 23-47: Proposed rear yard condition is less than the minimum 30’-0” required; contrary to ZR 23-47;
2. ZR 23-461(a): Two side yards are required for a total of 13’-0”, with any side yard a minimum width of 5’-0”. The proposed side yard condition is less than required; contrary to ZR 23-461(a);
3. ZR 23-461(c): Proposed distance between buildings is less than the minimum 8’ required pursuant to ZR 23-461(c);
4. ZR 23-48: Proposed side yard for existing narrow lot 4’/foot; in no event may side yard be less than 5’ each, nor a combined total of less than 10’; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R5 zoning district, within the Special Ocean Parkway District and partially within the Special Ocean

---

# MINUTES

---

Parkway Subdistrict, the proposed enlargement of an existing single-family residence that does not comply with the zoning requirements for rear yards, side yards, distance between buildings, contrary to ZR §§ 23-47, 23-461 and 23-48; and

WHEREAS, a public hearing was held on this application on April 12, 2016, after due notice by publication in *The City Record*, with continued hearings on June 2, 2016, July 19, 2016, and November 1, 2016, and then to decision on January 24, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the east side of Ocean Parkway, between Avenue U and Avenue V, in an R5 zoning district, within the Special Ocean Parkway District and partially within the Special Ocean Parkway Subdistrict Area, in Brooklyn; and

WHEREAS, the site has approximately 27 feet of frontage along Ocean Parkway, a depth of 130 feet and 3,445 square feet of lot area; and

WHEREAS, the site is occupied by a two-story single-family detached residence with 1,682 square feet of floor area, a floor area ratio of ("FAR") of 0.49, side yards measuring 7'-2" and 2'-8" and a rear yard of 43'-8"; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached or semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage, open space, floor area, side yard, rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins. Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that, in addition to the foregoing, its determination herein is also subject to and guided by, among other things, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing single-family detached residence, as contemplated in ZR § 73-622; and

WHEREAS, the applicant seeks to enlarge the existing single-family residence with an additional story, decrease the rear yard from 43'-8" to 20 feet, reduce the 7'-2" side yard to 6' and provide a straight-line extension along the existing 2'-8" side yard; and

WHEREAS, at the subject premises, ZR § 23-47 requires a 30-foot rear yard, ZR § 23-461(a) requires two side yards totaling 13 feet wide, each measuring at least 5 feet wide; ZR

# MINUTES

§ 23-461(c) further requires a minimum 8-foot distance between buildings containing residents on adjacent zoning lots; and, because the subject lot is more narrow than the minimum lot width required for residences set forth in ZR § 23-32, ZR § 23-48 permits a reduction in the minimum side yards required by ZR § 23-461(a), but requires two side yards totaling 10 feet wide having minimum widths of 5 feet; and

WHEREAS, the applicant has submitted a 1930 map of the premises and surrounding area to demonstrate that the existing side yards predate the 1961 Zoning Resolution and, thus, the northern 2'-8" side yard is a lawful, non-complying condition; and

WHEREAS, the applicant represents that the proposed enlargement is consistent with the character of the surrounding neighborhood; and

WHEREAS, in support of this contention, the applicant provided the Board with a rear-yard comparison study of the subject block demonstrating that, of the 40 one-and-two-family residences on the same block as the subject site, 20 (50 percent) have rear yards with depths of less than 30 feet, six (15 percent) have rear yards with depths of less than 20 feet and 18 (45 percent) have garages located in the rear yard, often directly against the rear lot line, effectively reducing the depth and amount of open space in those yards; and

WHEREAS, additionally, the applicant agreed to provide a 25'-0" rear yard at the second and third floors of the proposal and represents that the garage currently located in the rear yard of the subject site will be removed as part of the subject proposal; thus, while the rear yard will be reduced, the removal of the garage will result in additional open space; and

WHEREAS, the Board acknowledges the inconsistent and irregular depths of rear yards on the subject block, particularly the prevalence of rear yards measuring 20 feet of depth or less and rear-yard garages, and notes that it is these specific existing conditions that lead to its finding that the 20-foot rear yard proposed at the subject site is consistent with the character of the surrounding neighborhood; and

WHEREAS, additionally, the Board inquired at hearing about the massing of the proposed building, specifically whether the proposed three-story residence, and its attendant height, was consistent with neighborhood character; and

WHEREAS, in response, the applicant submitted information regarding the height of surrounding residences demonstrating that the subject proposal's height was supported by existing neighborhood conditions and, thus, not inconsistent with the surrounding area; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

Therefore it is Resolved, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit,

in an R5 zoning district, the proposed enlargement of a single-family residence that does not comply with zoning requirements for rear yards, side yards and distance between buildings, contrary to ZR §§ 23-47, 23-461 and 23-48; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received January 5, 2017"-Nine (9) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: side yards with minimum widths of 6'-0" and 2'-8" and a rear yard of at least 20'-0", as illustrated on the BSA-approved plans;

THAT all existing exterior walls and joists shall remain, as shown on the BSA-approved plans, or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 24, 2017.

### CEQR #15-BSA-203Q

APPLICANT – Law Office of Jay Goldstein, for Nesiv Hatorah Inc., owner.

SUBJECT – Application May 11, 2015 – Variance (§72-21) to permit construction of a two-story use group 4 synagogue contrary to underlying bulk requirements. R2X zoning district.

PREMISES AFFECTED – 830 Hicksville Road, Block 15583, Lot 11, Borough of Queens.

### COMMUNITY BOARD #14Q

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Ottley-Brown.....1

THE RESOLUTION –

WHEREAS, the decision of the Queens Borough Commissioner, dated January 12, 2016, acting on Department of Buildings ("DOB") Application No. 421039325 reads in pertinent part:

Proposed lot coverage . . . contrary to ZR 24-11;

Proposed front yards are contrary to ZR 24-34;

Proposed side yards are contrary to ZR 24-35(a);

Proposed rear yards/rear yard equivalent are contrary to ZR 24-382(b);

---

# MINUTES

---

Proposed wall height/sky exposure contrary to ZR 24-521;

Proposed parking contrary to ZR 25-31; and

WHEREAS, this is an application under ZR § 72-21 to permit, on a site located in an R2X zoning district, the construction of a Use Group 4 house of worship that does not comply with the applicable lot coverage, front yard, side yard, rear yard, wall height, sky exposure plane and parking regulations of ZR §§ 24-11, 24-34, 24-35(a), 24-382(b), 24-521 and 25-31; and

WHEREAS, this application is filed on behalf of K'hal Nesiv Hatorah (the "Congregation"), a non-profit religious organization; and

WHEREAS, a public hearing was held on this application on July 12, 2016, after due notice by publication in *The City Record*, with continued hearings on September 13, 2016, December 6, 2016, December 13, 2016, and then to decision on January 24, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 14, Queens, recommends approval of this application; and

WHEREAS, Donovan Richards, Council Member for the 31st District, Queens, submitted a letter in support of this application; and

WHEREAS, the Board received and reviewed additional letters in support of the application and an objection on the basis that the proposed development will cause more car and pedestrian traffic in the surrounding area; and

WHEREAS, the subject site is located on the north side of Hicksville Road, between Beach 9 Street and Elvira Avenue, in an R2X zoning district, in Queens; and

WHEREAS, the site has approximately 85 feet of frontage along Hicksville Road, 74 feet of frontage along Frisco Avenue, 11,368 square feet of lot area and is currently vacant; and

WHEREAS, the applicant represents that the site was historically developed with a one-family residence, but such residence was demolished, along with its foundation, because it was insufficient to serve the needs of the Congregation; and

WHEREAS, the Congregation proposes to construct a two-story, plus cellar, Use Group 4 synagogue on the site with 10,697 square feet of floor area, a floor area ratio ("FAR") of 0.94, 59 percent lot coverage, a 7'-1" front yard, side yards measuring 7'-0" and 3'-5", rear yards measuring 26'-9" and 7'-2" and a base wall height of 25'-8" that breaches the sky exposure plane, and provide two parking spaces; and

WHEREAS, the cellar level of the proposed synagogue will consist of a social hall with a capacity of 235 persons, intended for religious celebratory use only, a prep kitchen with both refrigerated and dry storage, bathroom facilities and storage space; the first floor will contain the main prayer area with a capacity for 180 congregants,

additional bathroom facilities, a study area and rabbi's office; and the second floor will include a women's prayer area with a capacity of 179 congregants open to the main prayer area below, an administrative office, a playroom and women's bathroom facilities; and

WHEREAS, the applicant states that the social hall will not be utilized for any commercial catering and agreed to such limitation on its use being made a condition of this approval; and

WHEREAS, at the subject site, the maximum lot coverage permitted is 55 percent pursuant to ZR § 24-11; two front yards of at least 15 feet are required pursuant to ZR § 24-34; two side yards measuring at least 8 feet are required pursuant to ZR § 24-35(a); a rear yard equivalent of either an open area with a minimum depth of 60 feet midway between the two street lines, two open areas with a minimum depth of 30 feet along the full length of a street line or an open area along the full length of each side lot line with a minimum width of 30 feet is required pursuant to ZR § 24-382(b); and 24 parking spaces are required pursuant to ZR § 25-31; and

WHEREAS, because the proposed synagogue does not comply with the applicable bulk regulations for the use in the subject zoning district, the applicant seeks the requested variance; and

WHEREAS, the Congregation states that the waivers sought are essential to its ability to meet its programmatic needs, including accommodating its current membership of 116 households, 114 of which live within a three-quarter mile radius of the subject site; and

WHEREAS, the Congregation currently rents space from a girls school for religious services on weekends and Jewish holidays, when the school is not in session, and rents from neighboring facilities for its daily classes and lecture offerings; and

WHEREAS, the applicant asserts that its programming, and the growth of its membership have been inhibited by the spatial constraints of the facilities it rents; and

WHEREAS, the applicant contends that the subject proposal will provide seating adequate to accommodate its existing congregation as well as allow for modest future growth, space necessary to hold various classes and lectures simultaneously, play space for children during religious services, a library (kollel) with additional space for smaller lectures, necessary administrative offices, including an office for the Rabbi, and a social hall to be used by the Congregation on special occasions; and

WHEREAS, the Congregation represents that the irregular shape of the lot creates practical difficulties or unnecessary hardship in strictly complying with the bulk provisions of the Zoning Resolution; and

WHEREAS, specifically, the applicant states that the irregular shape of the western lot line—which runs from the northern lot line in a slightly westerly direction for approximately 63 feet before running in a slightly easterly direction for approximately 76 feet to the southern lot line, resulting in frontage along Frisco Avenue that is 11 feet

---

# MINUTES

---

narrower than the frontage along Hicksville Road—prevents the construction of a symmetrical building with sufficient space to meet the Congregation’s programmatic needs; and

WHEREAS, a synagogue constructed at the premises as-of-right would provide sanctuary space on the first floor to accommodate 131 congregants, a sanctuary space on the second floor for a maximum of 82 congregants and provide a social hall with a capacity of 162 persons, which the applicant states is insufficient for the growing congregation; and

WHEREAS, the Board acknowledges that the Congregation, a religious institution, is entitled to deference under the law of the State of New York as to zoning and its ability to rely upon programmatic needs in support of the subject variance application; and

WHEREAS, specifically, as held in *Cornell University v. Bagnardi*, 68 NY2d 583 (1986), an educational or religious institution’s application is to be granted unless it can be shown to have an adverse effect on the health, safety or welfare of the community and general concerns about traffic and disruption of the residential character of a neighborhood are insufficient grounds for the denial of such application; and

WHEREAS, based on the above, the Board finds that the programmatic needs of the Congregation create unnecessary hardship and practical difficulty in developing the premises in compliance with the applicable zoning regulations; and

WHEREAS, because the Congregation is a non-profit organization and the variance is needed to further its non-profit mission, the finding set forth in ZR § 72-21(b) does not have to be made in order to grant the variance requested in this application; and

WHEREAS, the Congregation represents that, pursuant to ZR § 72-21(c), the variance, if granted, will not alter the character of the neighborhood, impair the appropriate use or development of adjacent property, or be detrimental to the public welfare; and

WHEREAS, the applicant first notes that the proposed use is permitted as-of-right in the subject zoning district and that substantial efforts have been made to design the proposed building to appear consistent with surrounding residential and community facility buildings; and

WHEREAS, the Congregation initially proposed a building with a base wall height of 27’-2”, including the location of the first floor 3 feet above the flood plain elevation, and total proposed height of 38’-7”; and

WHEREAS, the applicant explained that the building was proposed to be lifted from grade in order to both emphasize the special function of the proposed synagogue as a religious institution and help prevent flooding at the first floor; and

WHEREAS, while the subject site is not located in a flood zone, the applicant represents that it is located across the street from a flood zone and, thus, prone to being flooded; and

WHEREAS, nevertheless, in response to Board concerns that the originally proposed building was too tall

and the overall design of the roof appeared too massive, particularly as perceived from Frisco Avenue, the applicant reduced the height of the first floor from 3’-0” to 1’-6” above grade, reduced the height of the proposed parapet along Frisco Avenue by 2’-0” to match the heights of adjacent residences and revised the roof design from a solid mansard to one with dormers along the sides fronting Hicksville Road and Frisco Avenue, intended to block the rooftop bulkheads from view; and

WHEREAS, additionally at the Board’s request, the applicant modified the plans to provide wrought iron fencing along the entire length of both side yards, gates at the side yards to prevent the utilization of the side yards for congregating or play and trees along the side lot lines to buffer the proposed use from surrounding residences; and

WHEREAS, with regards to parking, the applicant states that the requested reduction in parking spaces to 2 is reasonable for the subject use because congregants are prohibited from driving on religious days and holidays, thus the greatest need for parking will be weekday mornings and evenings, where lesser numbers of congregants will travel to the synagogue for assorted classes, lectures and small study groups; and the applicant states that, even at those times, approximately half of congregants will walk to the site because they live within a three-quarter mile radius of the premises; and

WHEREAS, based on the anticipated programming schedule at the building, the applicant concluded that 33 parking spaces would be required during peak weekday hours and prepared parking studies of the surrounding area during both morning and evening hours demonstrating that sufficient on-street parking spaces were, indeed, available; and

WHEREAS, in response to the Board’s concerns regarding the use of on-street parking by other community facilities located in the immediate area, the applicant further agreed to arrange for access to 17 parking spaces accessory to a school located across the street from the subject site on Beach 9th Street on weekdays between 5:30 a.m. and 8:30 a.m. and provided a letter confirming such access from that school’s administrator; and

WHEREAS, the applicant additionally notes that the provision of 2 parking spaces is greater than the number of parking spaces that would be required if the Congregation applied to the City Planning Commission for the parking waiver available for locally oriented houses of worship pursuant to ZR § 25-35, which the Congregation asserts it would qualify for and, under which, few enough parking spaces would be required such that all required parking could be waived pursuant to ZR § 25-33; and

WHEREAS, the Board, thus, finds that the proposal will not alter the essential character of the surrounding neighborhood, nor impair the use or development of adjacent properties, and not be detrimental to the public welfare; and

WHEREAS, the Congregation states that, per ZR § 72-21(d), the hardship was not self-created; and

WHEREAS, the Board finds that the hardship herein

# MINUTES

was not created by the Congregation; and

WHEREAS, the Congregation represents that, consistent with ZR § 72-21(e), the proposal represents the minimum variance needed to accommodate its programmatic needs; and

WHEREAS, the Board finds that this proposal is the minimum necessary to allow the synagogue to fulfill its programmatic needs; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board conducted an environmental review of the proposed action and documented relevant information about the project in the Environmental Assessment Statement (EAS) Short Form CEQR No. 15BSA203Q, dated November 18, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning, and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historical and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; and Construction; and

WHEREAS, by correspondence dated December 6, 2016, the New York City Landmarks Preservation Commission confirms that the subject site is of no architectural or archaeological significance; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration, with conditions as stipulated below, prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR § 72-21, and grants a variance to permit, on a site located in an R2X zoning district, the construction of a Use Group 4 house of worship that does not comply with the applicable lot coverage, front yard, side yard, rear yard, wall height, sky exposure plane and parking regulations of ZR §§ 24-11, 24-34, 24-35(a), 24-382(b), 24-521 and 25-31, *on condition* that all work will substantially conform to drawings filed with this application marked “Received January 24, 2017”-Twelve (12) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: a maximum of 59 percent lot coverage, a minimum 7’-1” front yard, side yards measuring at least 7’-

0” and 3’-5”, rear yards measuring a minimum of 26’-9” and 7’-2”, a maximum base wall height of 25’-8” that breaches the sky exposure plane, and the provision of at least two parking spaces, as indicated on the BSA-approved plans;

THAT the gates to the side yards shall remain locked at all times and provide access for maintenance only;

THAT landscaping and fencing shall be provided as indicated on the Board-approved plans and maintained, repaired and replaced as needed;

THAT no occupancy of the roof is permitted;

THAT no portion of the building, including but not limited to the cellar level social hall, may be utilized for commercial catering;

THAT the above conditions shall be listed on the Certificate of Occupancy;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by January 24, 2021;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portion related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 24, 2017.

Absent: Commissioner Otley-Brown.....1

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated January 15, 2016, acting on DOB Application No. 320625463, reads in pertinent part:

“Proposed use, ‘physical culture or health establishment’, is not permitted as-of-right in C5-

# MINUTES

---

2A, DB district and a BSA special permit is required”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, on a site located in a C5-2A zoning district, within the Special Downtown Brooklyn District and the Borough Hall Skyscraper Historic District, the operation of a physical culture establishment (“PCE”) on a portion of the second floor of a four-story, with cellar, commercial building, contrary to ZR § 32-10;

WHEREAS, a public hearing was held on this application on December 13, 2016, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Community Board 2, Brooklyn, recommends approval of this application; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the south side of Montague Street, between Clinton Street and Court Street, in a C5-2A zoning district, within the Special Downtown Brooklyn District and the Borough Hall Skyscraper Historic District, in Brooklyn; and

WHEREAS, the site has approximately 50 feet of frontage along Montague Street, 100 feet of depth, 5,000 square feet of lot area, and is occupied by a four-story, with cellar, commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such use is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such use contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [sic] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or

health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies 3,950 square feet of floor area on the second floor; and

WHEREAS, the PCE has operated as Orangetheory Fitness since March 5, 2016; and

WHEREAS, the applicant represents that the PCE uses the main entrance, lobby and elevator on the first floor and that the second floor contains areas for treadmills, elliptical machines, stationary bicycles, rowers and weights as well as a reception area, locker rooms with restrooms and showers, an office and retail; and

WHEREAS, the PCE’s hours of operation are Monday through Thursday, 5 a.m. to 9 p.m., Fridays, 5 a.m. to 8 p.m., Saturdays, 7 a.m. to 1 p.m., Sundays, 8 a.m. to 2 p.m.; and

WHEREAS, the applicant states that Montague Street is a frequently traveled commercial corridor with numerous commercial and mixed-use buildings; that nearby restaurants

---

# MINUTES

---

and retail stores are compatible with the PCE; and that, therefore, the PCE will not alter the essential character, future use or development of the surrounding area; and

WHEREAS, with regards to sound attenuation in the PCE, the applicant states that the PCE has installed a gypsum ceiling, a wood floating-floor system beneath the treadmills and Pliteq GenieMat FIT 70 rubber flooring material in the weights area; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to the use of the premises, the applicant states that the PCE contains facilities for physical-improvement, body-building, weight-reduction and aerobics programs; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant has submitted plans to the Board indicating that the PCE will be fully sprinklered and that an approved fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms, and connection of the interior fire alarm to an FDNY-approved central station—shall be installed in the entire PCE space; and

WHEREAS, by letter dated December 9, 2016, the Fire Department states that, based on its review of the drawings and supporting documentation for the subject PCE, as well as the fact that on-site operational testing of the interior fire alarm has already been scheduled, it has no objections to this application; and

WHEREAS, the Landmarks Preservation Commission (“LPC”) issued Certificate of No Effect No. 17-433 dated July 20, 2015, and expiring July 22, 2019, for interior alterations on the second floor associated with the subject PCE application, finding that the work will have no effect on significant protected features of the building; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant states that the PCE will not interfere with any pending or approved public improvement project; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 16-BSA-006K, dated July 16, 2015; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.3 and 617.5, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, on a site located in a C5-2A zoning district, within the Special Downtown Brooklyn District and the Borough Hall Skyscraper Historic District, the operation of a physical culture establishment (PCE) on the second floor of a four-story, with cellar, commercial building, contrary to ZR § 32-10; on condition that all work shall substantially conform to drawings filed with this application marked “Received January 4, 2017”- Eight (8) sheets; and on further condition:

THAT the term of this grant shall be for ten (10) years, expiring March 5, 2026;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3’-0” wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system shall be maintained in the entire PCE space and that such system shall include: area smoke detectors, manual pull stations at each required exit, local audible and visual alarms, and connection of the interior fire alarm and sprinkler system to an FDNY-approved central station;

THAT Local Law 58/87 shall be complied with as approved by DOB;

THAT noise abatement measures shall be provided and maintained within the PCE space—including a gypsum ceiling, a wood floating-floor system beneath the treadmills and rubber flooring in the weights area—as indicated on the BSA-approved plans;

THAT all exterior signage shall comply with applicable zoning district regulations and shall be subject to approval by the Landmarks Preservation Commission;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within one (1) year, by January 24, 2018;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals,

**CEQR #16-BSA-011M**

APPLICANT – Juan D. Reyes, III, Shefarth Shaw LLP, for 281 Broadway LLC, owner; James and Jennifer McDate (CrossFit), lessee.

SUBJECT – Application July 29, 2015 – Special Permit (§73-36) to allow a physical culture establishment (*CrossFit*) to be operated within an existing building. C6-4A zoning district.

PREMISES AFFECTED – 281 Broadway, between Reade Street and Chambers Street, Block 149, Lot 7502, Borough of Manhattan.

**COMMUNITY BOARD #1M**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Otley-Brown.....1

**THE RESOLUTION** –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated July 23, 2015, acting on DOB Application No. 121192146, reads in pertinent part:

“Proposed change of cellar use to a physical culture establishment as defined by ZR 12-10 is contrary to ZR 32-10 and must be referred to the Board of Standards and Appeals for approval pursuant to ZR 73-36”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, on a zoning lot partially located within a C6-4A zoning district, partially within a C6-3A zoning district and partially within the Tribeca Mixed-Use District, a physical culture establishment (“PCE”) in the cellar of an existing 20-story, with cellar, mixed-use commercial and residential building; and

WHEREAS, a public hearing was held on this application on October 18, 2016 after due notice by publication in *The City Record*, with a continued hearing on January 10, 2017, and then to decision on January 24, 2017; and

WHEREAS, Community Board 1, Manhattan, recommends approval of this application; and

WHEREAS, Vice-Chair Hinkson, Commissioner Otley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Lot 7502 is part of a zoning lot description, filed February 5, 2007, that includes adjacent Lots 3 and 29 on Block 149 (collectively, the “Development Site”) for purposes of facilitating a transfer of development rights; and

WHEREAS, the Development Site is partially located within a C6-4 zoning district, partially within a C6-3A zoning district and partially within the Tribeca Mixed-Use

District, in Manhattan; and

WHEREAS, the Development Site has approximately 100 feet of frontage along Broadway, 198 feet of frontage along Reade Street and 50 feet of frontage along Chambers Street; and

WHEREAS, the subject PCE is located solely on the portion of the Development Site identified as Lot 7502 (the “Subject Site”), located on the west side of Broadway, between Reade Street and Chambers Street and is wholly located within a C6-4A zoning district, in Manhattan; and

WHEREAS, the Subject Site has approximately 75 feet of frontage along Broadway, 27 feet of frontage along Reade Street, 9,098 square feet of lot area and is occupied by a twenty-story, with cellar, mixed-use commercial and residential building (the “Subject Building”); and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such use is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such use contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [sic] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a

---

# MINUTES

---

background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and

- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies 4,765 square feet of floor space in the cellar of the Subject Building; and

WHEREAS, the PCE has been operating as CrossFit TriBeCa since approximately September 2013; and

WHEREAS, the applicant represents that the cellar contains fitness areas, including areas for weight lifting, rowing and high bar use, showers, changing areas, a reception area, storage and a retail area; and

WHEREAS, the PCE is primarily accessed via stairs or an elevator from the lobby of the Subject Building fronting Broadway and represents that one of the bathrooms and shower facilities, in addition to all interior aisles and spaces, will be handicap accessible; and

WHEREAS, the PCE's hours of operation are 5:00 a.m. to 9:00 p.m. seven days per week; and

WHEREAS, the applicant states that the subject PCE is located entirely within the cellar of the existing building and, therefore, its visibility from the street is limited; that the surrounding area is predominantly commercial, containing a range of uses from retail and commercial offices to parkland; that the PCE would generate less traffic than nearby existing commercial uses; and that, therefore, the PCE will not impair the essential character or future uses in the area; and

WHEREAS, with regards to sound attenuation in the proposed PCE, the applicant states that the walls around the studios contain two layers of 5/8" gypsum board on both side of 3/8" metal studs with sound attenuation blanks and an STE rating of 52; that the weight lifting area utilizes 1-

inch plywood mounted to 6" wood frames on rubber isolators with isolation rubber on top; that the drop cushioned areas feature multiple layers of matting, a steel plate, 4" foam rubber, with 1" deflection spring isolators inset into foam to support the steel plate; that the studios contain sound-insulated transfer ducts; and that the primary structure of the building is concrete, which minimizes sound transference between floors; and

WHEREAS, as the subject PCE is located in a building with residential uses, the Board asked for proof of notice of this application to building residents in an effort to illicit neighborhood comment or complaints, if any, regarding the efficacy of the PCE's sound attenuation measures or the disruptive nature of the PCE use; and

WHEREAS, in response to the Board's request, the applicant provided a copy of the 30-day notice and represented that the same was posted in the residential lobby of the Subject Building; and

WHEREAS, in addition, the applicant submitted the results of acoustical and vibrational weight drop testing in the PCE, utilizing 150-pound weights, and concluded that the sounds and vibrations of the weights were imperceptible from the 11 nearby testing locations; and

WHEREAS, in the course of hearings, no persons submitted oral or written testimony in opposition to the subject application; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to the use of the premises, the applicant represents that the PCE contains a single open exercise room, which is used for instruction and programs for physical improvement; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant has submitted plans to the Board indicating that the entire PCE space contains an approved interior fire suppression sprinkler system as well as an approved fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station; and

WHEREAS, the Fire Department confirms, by letter dated October 17, 2016, that, an approved interior fire alarm system has been legally installed, tested and approved and that the Subject Building has an inspected and approved full sprinkler system; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

# MINUTES

WHEREAS, the applicant states that the PCE will not interfere with any pending or approved public improvement project; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 16-BSA-011M, dated July 29, 2015; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.3 and 617.5, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, on a zoning lot partially located within a C6-4 zoning district, partially within a C6-3A zoning district and partially within the Tribeca Mixed-Use District, , the operation of a physical culture establishment on a portion of the cellar of a 20-story, with cellar, mixed-use commercial and residential building, contrary to ZR § 32-10; on condition that all work shall substantially conform to drawings filed with this application marked “Received December 27, 2016”-Two (2) sheets and “January 17, 2017”-Three (3) sheets; and on further condition:

THAT the term of this grant shall be for ten (10) years, expiring January 24, 2026;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3’-0” wide exit pathways shall be provided leading to the required exits and that exit pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system shall be maintained in the entire PCE space and that such system shall include: area smoke detectors, manual pull stations at each required exit, local audible and visual alarms, and connection of the interior fire alarm and sprinkler system to an FDNY-approved central station;

THAT Local Law 58/87 shall be complied with as approved by DOB;

THAT an approved fire suppression sprinkler system shall be maintained in the entire PCE space;

THAT noise attenuation measures shall be installed and maintained as indicated on the BSA-approved plans;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within one (1) year, by January 24, 2018;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans shall be considered

approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 24, 2017.

## 277-15-BZ

APPLICANT – Law Office of Jay Goldstein, for Benjamin and Rivka Perl, owner.

SUBJECT – Application December 30, 2015 – Special Permit (§73-622) for the enlargement of an existing single family home contrary to (ZR 23-141B). R2 zoning district. PREMISES AFFECTED – 2621-2623 Avenue R (aka 1788-1798 East 27<sup>th</sup> Street) Block 6809, Lot 47, Borough of Brooklyn.

## COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Ottley-Brown.....1

THE RESOLUTION –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated December 28, 2015, acting on Department of Buildings (“DOB”) Application No. 320909406, reads in pertinent part:

1. Proposed plans are contrary to ZR 23-141(b) in that the proposed Floor Area Ratio (FAR) exceeds the permitted 50%;
2. Proposed plans are contrary to ZR 23-141(b) in that the proposed Open Space is less than the required 65%;
3. Proposed plans are contrary to ZR 23-141(b) in that the proposed lot coverage exceeds the maximum required 35%; and

WHEREAS, the Board notes that since the time of this application, the Zoning Resolution has been amended and the text formerly found in ZR § 23-141(b), setting forth the maximum floor area ratio, open space and lot coverage permitted in an R3-2 zoning district is now found at ZR § 23-142; thus the Board treats the citation to ZR § 23-141(b) in DOB’s objection as a citation to ZR § 23-142; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R3-2 zoning district, the proposed enlargement of a single-family residence that does not comply with the zoning requirements for floor area ratio, open space and lot coverage, contrary to ZR § 23-142; and

WHEREAS, a public hearing was held on this application on August 16, 2016, after due notice by publication in *The City Record*, with a continued hearings on September 27, 2016, and December 13, 2016, and then to

---

# MINUTES

---

decision on January 24, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the northwest corner of Avenue R and East 27th Street, in an R3-2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 33 feet of frontage along Avenue R, 100 feet of frontage along East 27th Street and 3,333 square feet of lot area; and

WHEREAS, the site is occupied by a two-story single-family detached residence with 1,654 square feet of floor area, a floor area ratio ("FAR") of 0.50, a side yard along the western lot line measuring 4'-10" for a length of 9'-6" and 5'-2" for the remainder, a side yard along the northern lot line measuring 39'-3", a front yard fronting Avenue R measuring 9'-6", a front yard fronting East 27th Street measuring 9'-9" and 7'-8" for 14'-7" at the entrance, and a garage in the lot's northwest corner; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached or semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*, *floor area*, *side yard*, *rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins. Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that, in addition to the foregoing, its determination herein is also subject to and guided by, among other things, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing single-family detached residence, as contemplated in ZR § 73-622; and

WHEREAS, the applicant seeks to enlarge the existing single-family residence by adding an additional story, increasing the floor area from 1,654 square feet (0.5 FAR) to 3,331 square feet (1.0 FAR), reducing the open space from 2,434 square feet (73 percent) to 2,012 square feet (60 percent), increasing the lot coverage from 27 percent to 40 percent; and

WHEREAS, at the subject premises, a maximum of 1,667 square feet of floor area (0.5 FAR), a minimum of 65 percent open space and maximum of 35 percent lot coverage is required, pursuant to ZR § 23-142; and

WHEREAS, the applicant represents that the enlargement as currently proposed is consistent with the character of the neighborhood; and

# MINUTES

WHEREAS, in support of this contention, the applicant provided the Board with a lot-coverage diagram demonstrating that, within a 400-foot radius, there are 136 lots, 89 (65 percent) of which have lot coverage between 37 and 72 percent;

WHEREAS, the applicant also provided an FAR study demonstrating that, within a 400-foot-radius, there are 33 other lots with similar FARs, ranging from 0.75 to 1.47, as well as a photo-streetscape diagram showing lot area, floor area, FAR and height of buildings within the neighborhood; and

WHEREAS, additionally, in response to Board concerns regarding the apparent massing of the proposed enlargement, the applicant revised the proposal with modifications including a reduction in roof height from 35 feet to 31 feet and a reduction in dormer height from 35 feet to 31 feet; and

WHEREAS, based upon its review of the record and inspections of the site and surrounding neighborhood, the Board finds that the proposed enlargement will neither alter the essential character of the neighborhood, nor impair the future use or development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R3-2 zoning district, the proposed enlargement of a single-family residence that does not comply with the zoning requirements for floor area ratio, open space and lot coverage, contrary to ZR § 23-142; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked “Received January 4, 2017”-Fifteen (15) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: floor area of 3,331 square feet (1.0 FAR), open space of 60 percent and lot coverage of 40 percent, as illustrated on the BSA-approved plans;

THAT all existing exterior walls as shown on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT the Department of Buildings shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 24, 2017.

## 2016-1212-BZ

### CEQR #16-BSA-069X

APPLICANT – Rothkrug Rothkrug & Spector LLP, for 932 Southern Boulevard Realty, LLC, owner; 932 Southern Boulevard, lessee.

SUBJECT – Application January 19, 2016 – Special Permit (§73-36) to operate a physical culture establishment (*Blink*) within an existing building. C2-4/R7-1 zoning district.

PREMISES AFFECTED – 932 Southern Boulevard, Block 2735, Lot 14, Borough of Bronx.

### COMMUNITY BOARD #2BX

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Ottley-Brown.....1

#### THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”) Bronx Borough Commissioner, dated November 22, 2016, acting on DOB Application No. 220547558, reads in pertinent part:

“Proposed ‘physical culture establishment’ is not permitted as-of-right as per section ZR 32-10 and a special permit by the Board of Standards and App[e]als (BSA) is required to comply with ZR 73-36”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to permit, on a site located in an R7-1 (C2-4) zoning district the operation of a physical culture establishment (“PCE”) on a portion of the first, second and third floors of a three-story, with cellar, commercial building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on December 13, 2016, after due notice by publication in *The City Record*, and then to decision on January 24, 2017; and

WHEREAS, Community Board 2, Bronx, recommends approval of this application; and

WHEREAS, Vice-Chair Hinkson performed an inspection of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the eastern side of Southern Boulevard, between Barretto Street and Hunts Point Avenue, in an R7-1 (C2-4) zoning district, in the Bronx; and

WHEREAS, the site has approximately 75 feet of frontage along Southern Boulevard, 100 feet of depth, 7,500 square feet of lot area, and is occupied by a three-story, with cellar, commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such use is so located as not to impair

---

# MINUTES

---

- the essential character or the future use or development of the surrounding area; and
- (2) that such use contains:
    - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [sic] courts, tennis courts; or
    - (ii) a swimming pool of a minimum 1,500 square feet; or
    - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
    - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning

Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE will occupy a total of 14,519 square feet of floor area in the subject building: 1,219 square feet of floor area on the first floor, 6,650 square feet of floor area on the second floor and 6,650 square feet of floor area on the third floor; and

WHEREAS, the PCE will be operated as Blink Fitness; and

WHEREAS, the applicant represents that the first floor will contain a lobby, stairwell and dedicated elevator; the second floor will feature a reception area, an office, a stretch area, a locker room and fitness areas; and the third floor will house additional exercise areas with cardiovascular exercise equipment and another locker room; and

WHEREAS, the PCE's proposed hours of operation are Monday through Saturday, 5:30 a.m. to 11:00 p.m., and Sunday, 7:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant states that the portion of Southern Boulevard near the premises is a busy commercial thoroughfare developed with commercial buildings and mixed-use buildings with commercial ground-floor uses that are compatible with the proposed PCE and, therefore, the proposed PCE will not impair the essential character or future use or development of the area; and

WHEREAS, with regards to sound attenuation in the PCE, the applicant represents that noise abatement measures shall be provided in the PCE space to ensure that sound levels in other portions of the building—including sound emanating from any sound system, if installed—do not exceed a maximum interior noise level of 45 dBA; and

WHEREAS, the applicant additionally represents that no sound issues associated with the proposed PCE use are anticipated as the PCE is adjacent only to commercial uses; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to the use of the premises, the applicant represents that the PCE contains facilities for physical-improvement, body-building, weight-reduction and aerobics programs; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant has submitted plans to the Board indicating that the PCE will be fully sprinklered and that an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit,

# MINUTES

local audible and visual alarms and connection of the interior fire alarm and sprinkler system to an FDNY-approved central station—shall be installed in the entire PCE space; and

WHEREAS, by letter dated December 8, 2016, the Fire Department states that, based on its review of the drawings and supporting documentation for the proposed PCE, it has no objection to this application; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant states that the PCE will not interfere with any pending or approved public improvement project; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 16-BSA-069X, dated January 19, 2016; and

*Therefore, it is Resolved,* that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.3 and 617.5, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to permit, on a site located in an R7-1 (C2-4) zoning district the operation of a physical culture establishment (PCE) on a portion of the first, second and third floors of a three-story, with cellar, commercial building, contrary to ZR § 32-10; on condition that all work shall substantially conform to drawings filed with this application marked “August 11, 2016”-Five (5) sheets; and on further condition:

THAT the term of this grant shall be for ten (10) years, expiring January 24, 2027;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system shall be installed in the entire PCE space—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm and sprinkler system to an FDNY-approved central station;

THAT Local Law 58/87 shall be complied with as approved by DOB;

THAT all partitions and exits shall be as approved by DOB;

THAT the PCE shall be fully sprinklered;

THAT the hours of operation for the PCE shall be Monday through Saturday, 5:30 a.m. to 11:00 p.m. and Sunday, 7:00 a.m. to 9:00 p.m.;

THAT noise abatement provided in the PCE space shall ensure that sound levels in other portions of the building do not exceed the maximum interior noise level of 45 dBA—including sound emanating from any sound system, if installed;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by January 24, 2021;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 24, 2017.

**REGULAR MEETING  
TUESDAY MORNING, JANUARY 31, 2017  
10:00 A.M.**

Present: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.

**SPECIAL ORDER CALENDAR**

**94-58-BZ**

APPLICANT – Walter T. Gorman, P.E., P.C., for Alliance Energy LLC, owner; Nor-East S/S/ Inc., lessee.

SUBJECT – Application November 19, 2015 – Extension of Term (11-411) to permit the continued use of a previously approved Automotive Service Station (UG 16B) which expired on September 30, 2013; Waiver of the Rules. R4 zoning district.

PREMISES AFFECTED – 25-65 Brooklyn Queens Expressway, Block 1046, Lot 1, Borough of Queens.

**COMMUNITY BOARD #3Q**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of the term of a variance, previously granted by the Board, which expired on September 30, 2013; and

WHEREAS, a public hearing was held on this application on September 20, 2016, after due notice by publication in *The City Record*, with continued hearing on December 6, 2016, and then to decision on January 31, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 3, Queens, recommends approval of this application on condition that signage posted on the premises relating to cash purchases be written in a larger font and that an attendant be provided to assist senior and disabled patrons; and

WHEREAS, the subject site is a full block bound by the Brooklyn Queens Expressway to the north and west, 70th Street to the east and 30th Avenue to the south, in an R4 zoning district, in Queens; and

WHEREAS, the site has approximately 278 feet of frontage along the Brooklyn Queens Expressway, 221 feet of frontage along 70th Street, 100 feet of frontage along 30th Avenue, 17,147 square feet of lot area and is occupied by an automotive service station (UG 16B), including a one-story repair bay and convenience store; and

WHEREAS, the Board has exercised jurisdiction over the subject site since September 30, 1958, when, under the subject calendar number, the Board granted a variance permitting the construction of a gasoline service station with accessory uses of a lubritorium, minor auto repairs, car washing, storage room, office and sales, and the parking and storage of motor vehicles for a term of fifteen (15) years, expiring September 30, 1973; and

WHEREAS, on May 15, 1973 and November 22, 1983, under the subject calendar number, the Board granted applications to extend the variance for additional ten (10) year terms, the latter of which expired on September 30, 1993; and

WHEREAS, on June 2, 1987, under the subject calendar number, the Board amended the resolution to permit the conversion of the sale of gasoline to self-service, the construction of two new steel canopies over two new gasoline pump islands and alterations to the existing accessory building to accommodate an attendant’s booth on condition, *inter alia*, that the gasoline pump island fronting 30th Avenue remain full-service; and

WHEREAS, on May 17, 1994, under the subject calendar number, the Board granted an application for an additional ten (10) year term, expiring September 30, 2003; and

WHEREAS, on November 18, 2008, under the subject calendar number, the Board granted a request for the waiver of its Rules, legalized certain modifications to the site—including the conversion of office space in the accessory building to a convenience store, the installation of a car vacuum and air machine, enlargements of the three curb cuts and the locating of an above-ground waste oil tank on the southeast corner of the site—and extended the term of the variance for an additional ten (10) years, expiring September 30, 2013; and

WHEREAS, the most recent term having expired, the applicant request an extension of the term of the variance for an additional ten (10) years; and

WHEREAS, the applicant also requests a waiver, pursuant to § 1-14.2 of the Board’s Rules of Practice and Procedure, of Rule § 1-07.3(b)(3)(i) to permit the filing of this application more than two years but less than 10 years after the expiration of the term; and

WHEREAS, the applicant has submitted daily gasoline delivery reports for the site dating from approximately November 2013 through July 2016 and bills for utility services provided from approximately October 2013 through February 2016 demonstrating that the use at the gasoline service station use has been continuous at the site since the expiration of the term and that substantial prejudice would result without the requested waiver; and

WHEREAS, in response to conditions suggested by Community Board 3, the applicant has provided three easily readable signs at the site indicating that prices are the same regardless of the payment method provided and has agreed to add an additional sign indicating that patrons requiring full service may honk their horns and/or call a specified phone number; and

# MINUTES

WHEREAS, the applicant additionally requests the substitution of a condition of the 1987 resolution amendment requiring the maintenance of a full-service gasoline pump with a condition that full service will be provided to senior and disabled patrons upon request; and

WHEREAS, at hearing, the Board agreed to such proposed substitution and specifically waives the condition that the gasoline pump island fronting 30th Avenue remain full-service; and

WHEREAS, the Board finds that a ten (10) year extension of the term of the variance is appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated September 30, 1958, as amended through November 18, 2008, so that as amended this portion of the resolution reads: “to grant an extension of the term of the variance for a term of ten (10) years from the expiration of the last grant to expire on September 30, 2023 and to permit the noted modifications to the previously-approved plans; *on condition* that all work and site conditions shall comply with drawings filed with this application marked ‘Received January 5, 2017’-Seven (7) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years expiring September 30, 2023;

THAT no car sales shall be permitted on the site;

THAT no overnight parking of any vehicles shall be permitted on the site;

THAT all planted areas and street trees, as indicated on BSA-approved plans, shall be maintained and replaced when required;

THAT a sign indicating that disabled and senior patrons may obtain full service by calling a specified phone number or honking their horn shall be maintained at the site within clear view;

THAT all signage shall comply with C1 zoning district regulations;

THAT there shall be no parking of vehicles on the sidewalk or in such a manner as to obstruct pedestrian or vehicular traffic;

THAT the above conditions shall be reflected on the Certificate of Occupancy;

THAT a new Certificate of Occupancy shall be obtained within one (1) year, by January 31, 2018;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, January 31, 2017.

## 619-73-BZ

APPLICANT – Sheldon Lobel, P.C., for CI Gateway LLC, owner.

SUBJECT – Application July 15, 2016 – Extension of Time to Obtain a Certificate of Occupancy of a previously approved variance (§72-21) which permitted an eating and drinking establishment (UG 6) with an accessory drive thru which expired on June 15, 2016. R4 zoning district.

PREMISES AFFECTED – 2940 Cropsey Avenue, Block 6949, Lot 37, Borough of Brooklyn.

### COMMUNITY BOARD #13BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for an extension of time to obtain a certificate of occupancy, which was to have been obtained by June 16, 2016; and

WHEREAS, a public hearing was held on January 31, 2017 after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Montanez inspected the site and surrounding neighborhood; and

WHEREAS, the subject site is a through lot as well as a corner lot bound by Cropsey Avenue to the east, Bay 52nd Street to the north and Bay 53rd Street to the south, within an R4 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 201 feet of frontage along Cropsey Avenue, 92 feet of frontage along Bay 52nd Street, and 108 feet of frontage along Bay 53rd Street; and

WHEREAS, the site has approximately 19,960 square feet of lot area and is occupied by a vacant one-story eating-and-drinking establishment with 19 parking spaces that was operated as a Burger King franchise until November 2011 and has been vacant since that time; and

WHEREAS, the Board has exercised jurisdiction over the site since February 26, 1974, when, under the subject calendar number, it granted, pursuant to ZR § 72-21, an application to permit in an R4 zoning district the construction of a one-story building to be operated as an eating-and-drinking establishment (Use Group 6) with accessory signage and parking, contrary to use regulations, for a term of ten (10) years, to expire on February 26, 1984; and

WHEREAS, on June 5, 1979, under the subject calendar number, the Board amended the grant to authorize the operation of an accessory drive-through and the reconfiguration of parking spaces at the site; and

WHEREAS, on March 18, 1986, under the subject calendar number, the Board, upon waiving its Rules of Practice and Procedure, reopened and amended the grant to include an extension of term for a period of ten (10) years, expiring on February 26, 1994; and

---

# MINUTES

---

WHEREAS, on August 9, 1988, under the subject calendar number, the Board reopened and amended the grant to permit the enlargement of the existing building, the addition of a vestibule and alterations to the dining area within the building; and

WHEREAS, on October 20, 1998, under the subject calendar number, the Board, upon waiving its Rules of Practice and Procedure, reopened and amended the grant to extend the term of the variance for a period of ten (10) years, expiring on February 26, 2004; and

WHEREAS, on June 16, 2015, under the subject calendar number, the Board, upon waiving its Rules of Practice and Procedure, reopened and amended the grant to extend the term of the variance for a period of ten (10) years, expiring on June 16, 2025, and to permit the reinstatement of an eating-and-drinking establishment and a new drive-in bank, on condition, among other things, that a certificate of occupancy be obtained by June 16, 2016; and

WHEREAS, the time to obtain a certificate of occupancy having expired, the applicant now seeks an extension of eighteen (18) months; and

WHEREAS, the applicant represents that it has experienced a number of administrative delays in obtaining necessary permits but anticipates obtaining a certificate of occupancy within the extension period requested; and

WHEREAS, based upon its review of the record, the Board finds that the requested extension of time to obtain a certificate of occupancy is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated February 26, 1974, as amended through June 16, 2015, so that as amended this portion of the resolution reads: “to grant an extension of time to obtain a certificate of occupancy to December 16, 2017, *on condition* that the use and operation of the site shall comply with BSA-approved plans associated with the prior grant, and *on further condition*:

THAT the term of the variance shall expire on June 16, 2025;

THAT signage shall comply with the C1 regulations;

THAT all signs shall be installed and maintained in accordance with BSA approved plans;

THAT landscaping shall be maintained in accordance with the BSA-approved plans;

THAT the site shall be maintained free of graffiti and debris;

THAT all vehicular ingress to the premises shall be at Cropsy Avenue and Bay 52nd Street, all egress shall be from Cropsy Avenue and Bay 53rd Street;

THAT adequate fencing shall be maintained;

THAT the hours of operation shall be unrestricted;

THAT the above conditions shall be noted on the certificate of occupancy;

THAT a certificate of occupancy shall be obtained by December 16, 2017;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the

Board in response to specifically cited and filed Department of Buildings/other jurisdiction objection(s) only; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, January 31, 2017.

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated April 11, 2016, acting on Department of Buildings (“DOB”) Application No. 321081752, reads in pertinent part:

1. The proposed enlargement represents an increase in the degree of non-compliance as to Permitted Floor Area Ratio, Required Open Space, and Permitted Lot Coverage, contrary to ZR Section 23-141;
2. The proposed enlargement represents an increase in the degree of non-compliance as to Required Side Yards and Rear Yard, contrary to ZR Section 23-461 and 23-47

Note: all other existing non-compliances regarding Lot Coverage; Minimum Lot Area & Width; Required Front Side and Rear Yards remain unchanged; and

WHEREAS, the Board notes that since the time of this application, the Zoning Resolution has been amended and the text formerly found in ZR § 23-141(b), setting forth the maximum floor area ratio, open space and lot coverage permitted in an R3-2 zoning district, is now found at ZR § 23-142; thus, the Board treats the citation to ZR § 23-141(b) in DOB’s objection as a citation to ZR § 23-142; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R3-2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space, lot coverage, side yards and rear yards, contrary

---

# MINUTES

---

to ZR §§ 23-142, 23-461 and 23-47; and

WHEREAS, a public hearing was held on this application on March 8, 2016, after due notice by publication in *The City Record*, with continued hearings on May 3, 2016, June 28, 2016, September 27, 2016, and December 13, 2016, and then to decision on January 31, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application on condition that the building not be utilized as a synagogue; and

WHEREAS, the subject site is located on the west side of East 27th Street, between Quentin Road and Avenue R, in an R3-2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 35 feet of frontage along East 27th Street, a depth of 100 feet and 3,500 square feet of lot area; and

WHEREAS, the site is occupied by a two-story single-family detached residence with 2,295 square feet of floor area, a floor area ratio ("FAR") of 0.66, lot coverage of 47 percent, open space of 53 percent, side yards measuring 7'-2.5" and 2'-11.5", a front yard measuring 9'-6.75" and a rear yard of 19'-4.75"; and

WHEREAS, at the subject site, the maximum floor area permitted is 1,750 square feet (0.5 FAR), the minimum required open space is 65 percent and the maximum permitted lot coverage is 35 percent, pursuant to ZR § 23-142; two side yards, each at least 5 feet wide and with a total combined width of at least 13 feet, are required pursuant to ZR § 23-461 and a rear yard of at least 30 feet is required pursuant to ZR § 23-47; and

WHEREAS, the applicant represents that the existing non-complying floor area, floor area ratio, rear yard and side yards are the result of enlargements effectuated at the premises without necessary permits by one or more prior owners of the property between 1981 and 2007 and are, thus, not legal non-compliances; and

WHEREAS, with regards to the front yard, which does not comply with the 15 feet minimum required by ZR § 23-45, the applicant asserts that that condition pre-dates the 1961 Zoning Resolution and is, thus, a legal non-compliance and has provided the Board with Sanborn maps indicating that the front yard condition on the site is consistent with that present at the site in 1930; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single-* or *two-family detached* or *semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue,

Community District 14, in the Borough of Brooklyn; and

- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*, *floor area*, *side yard*, *rear yard* or *perimeter wall height* regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single-* or *two-family detached* or *semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins. Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may

---

# MINUTES

---

prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated in ZR § 73-622; and

WHEREAS, in response to concerns from Community Board 15 that the site will be used as a synagogue, the applicant asserts that the premises is to be used as the applicant's home, not a synagogue; and

WHEREAS, the applicant proposes to legalize the existing non-compliances and enlarge the existing residence to 3,350 square feet of floor area (0.95 FAR), reduce the lot coverage to 42 percent, increase the amount of open space to 58 percent, increase the rear yard to 20 feet at the first floor and 24'-2" at the second floor, maintain the 2'-11.5" side yard and enlarge the side yard currently measuring 7'-2.5" to 8'-4.5"; and

WHEREAS, the applicant represents that the proposed enlargement is consistent with the character of the neighborhood and in support of that contention submitted FAR and rear yard studies of the subject block and surrounding area demonstrating that of the 193 single- and two-family residences within 400 feet of the subject lot, 93 dwellings (67 percent) have an FAR equal to or greater than 0.5, but that, of the 53 other lots on the same block as the subject site, which are all occupied by single- or two-family dwellings, only 11 other dwellings (21 percent) have rear yards with depths equal to or less than 30 feet; and

WHEREAS, the applicant also asserts that the proposal to decrease the lot coverage, increase the open space on the site, and reduce the encroachment of the existing dwelling into the rear yard at both the first and second floors reduces the degree of the existing dwelling's non-compliance with underlying bulk regulations; and

WHEREAS, additionally, the Board expressed concern over the proposed 32 foot height of the dwelling, though compliant with the maximum building height of 35 feet permitted at the subject site pursuant to ZR § 23-631, being consistent with the existing neighborhood character and, in response, the applicant submitted a study of the heights of dwellings on the subject social block demonstrating that of the other 43 single- or two-family dwellings, 17 dwellings (40 percent) have roof heights of 30 feet or greater, and 13 of those dwellings are on the same side of East 27th Street as the subject site and one is directly adjacent to the subject site to the north; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the

evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R3-2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space, lot coverage, side yards and rear yards, contrary to ZR §§ 23-142, 23-461 and 23-47; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received January 11, 2017"- Fourteen (14) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: maximum floor area of 3,350 square feet (0.95 FAR), maximum lot coverage of 42 percent, minimum open space of 58 percent, a rear yard of at least 20 feet at the first floor and 24'-2" at the second floor and side yards measuring at least 2'-11.5" and 8'-4.5", as illustrated on the BSA-approved plans;

THAT no sleeping shall be permitted in the cellar, as indicated on the BSA-approved plans;

THAT this approval is based on the building being utilized as a single-family residence and that use of the building as a synagogue or other house of worship is not permitted;

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 31, 2017.

Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of the Queens Borough Commissioner dated June 8, 2015, acting on DOB Application No. 421079442 reads in pertinent part:

1. Proposed ‘UG 3 Occupancy Group E’ in M1-1 Zoning District is not permitted use as of right to comply with ZR 42-00; and

WHEREAS, this is an application under ZR § 72-21 to permit, on a site located in an M1-1 zoning district, the occupancy of a Use Group 3 school that does not comply with use regulations, contrary to ZR § 42-00; and

WHEREAS, this application is filed on behalf of the United Talmudical Seminary (the “Yeshiva”), a non-profit religious corporation; and

WHEREAS, a public hearing was held on this application on July 19, 2016, after due notice by publication in *The City Record*, with continued hearings on September 27, 2016, and December 13, 2016, and then to decision on January 31, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 5, Queens, recommends disapproval of this application on the basis, *inter alia*, that the Yeshiva has not been transparent regarding the presence of the dormitory use at the site and that the proposed enlargement to the facility will place additional pressure on an already overburdened sewer system; and

WHEREAS, by letter dated July 14, 2016, Chaim M. Deutsch, New York City Council Member for the 48<sup>th</sup> District, expressed his support of this application; and

WHEREAS, by letter dated July 18, 2016, Dov Hikind, a member of the New York State Assembly, expressed his support of the subject application; and

WHEREAS, the subject site is located on the west side of 88th Street, between 72<sup>nd</sup> Drive and 77<sup>th</sup> Avenue, in an M1-1 zoning district, in Queens; and

WHEREAS, the site has approximately 175 feet of frontage along 88<sup>th</sup> Street, 135,587 square feet of lot area and is occupied by a one-story building; and

WHEREAS, the Yeshiva proposes to enlarge the building and convert its use from a Use Group 9 religious vocational trade school with accessory sleeping accommodations to a Use Group 3 school with accessory sleeping accommodations; and

WHEREAS, the applicant represents that the enlargement is as-of-right and seeks no waivers of the applicable bulk regulations in the subject application; and

WHEREAS, a Use Group 3 school is not permitted in an M1-1 zoning district pursuant to ZR § 42-00; and

WHEREAS, the applicant represents that the requested change in use groups is necessary to reflect the change in function of the Yeshiva, which the applicant represents has operated at the subject site for more than ten (10) years; and

WHEREAS, the Yeshiva is the only post-secondary school of the Satmar community school system, which serves more than 10,000 students across 15 facilities in New York, with a current enrollment of 1,050 students, aged 16 to 22; and

WHEREAS, the applicant states that the subject building was converted from a manufacturing use to a vocational trade school with sleeping accommodations in or around 2006 and received Certificate of Occupancy No. 401634148F, effective January 25, 2008; and

WHEREAS, at the time, the Yeshiva provided post-secondary instruction in a variety of professional trades—including the ritual slaughter of animals, kosher meat preparation, Torah-based supervision of kosher food production and calligraphy—as well as the various religious laws and codes that govern the trades and their associated rituals; and

WHEREAS, the Yeshiva’s programming has changed as a result of an increase in the Satmar community’s post-secondary school population and the number of students interested in a scholarly curriculum focused on the study of religious texts and philosophy intended to prepare them for careers as Torah scholars, researchers, instructors, pulpit rabbis, spiritual leaders and Torah-directed lay persons, instead of tradesmen; and

WHEREAS, accordingly, the Yeshiva seeks a variance to change from a Use Group 9 trade school to a Use Group 3 school; and

WHEREAS, the Yeshiva additionally proposes an enlargement of the existing building from 60,366 square feet of floor area (0.45 FAR) to 142,183 square feet of floor area (1.05 FAR) with a three-story addition to the existing easternmost one-story portion of the building and a cellar and four-story enlargement directly adjacent in order to provide additional classroom and dormitory space for its existing student population; and

WHEREAS, the Yeshiva previously utilized trailers on the premises for additional classroom space, but removed them upon DOB instruction and, in their absence, the Yeshiva has had to stagger its class schedule to accommodate lectures, a change that has substantially

---

# MINUTES

---

impacted the Yeshiva's operations and made the proposed expansion to the existing building necessary; and

WHEREAS, the applicant notes that the additional dormitory space is required both because of a change in the demographics of its student population, the majority of which used to come from Williamsburg, Brooklyn, but is increasingly from areas in upstate New York and abroad and require sleeping accommodations onsite and also to provide housing for more local students who prefer to live on site or wish to participate in early morning group study sessions; and

WHEREAS, the existing dormitories currently accommodate 286 students with the remaining students travelling to and from the site via 15 school buses and the proposed expansion in dormitory space, which will increase the number of beds onsite to 710, is anticipated to ultimately reduce the number of school buses travelling to and from the site daily to 6 buses; and

WHEREAS, the Yeshiva states that the waiver sought is essential to its ability to meet its programmatic needs, including providing sufficient classroom and dormitory space for its existing student population as well as the provision of religious instruction, at the same site from which it has operated for more than a decade; and

WHEREAS, the Yeshiva states that the site was originally chosen because of its simultaneous proximity to and distance from the Hassidic community located in Williamsburg and the Yeshiva's desire to provide a space that enables its students to fully devote themselves to the curriculum and fully concentrate on their studies without the distractions of everyday life and family; and

WHEREAS, the Yeshiva notes that the Satmar community heavily subsidizes the costs of tuition and boarding on site, that students are allowed to enroll and provided with on-site housing regardless of their ability to pay and that it is prohibitively expensive to acquire an additional location to accommodate its current spatial needs; and

WHEREAS, the Board acknowledges that the Congregation, as a religious institution, is entitled to deference under the law of the State of New York as to zoning and its ability to rely upon programmatic needs in support of the subject variance application; and

WHEREAS, specifically, as held in *Cornell University v. Bagnardi*, 68 NY2d 583 (1986), an educational or religious institution's application is to be permitted unless it can be shown to have an adverse effect upon the health, safety, or welfare of the community, and general concerns about traffic and disruption of the residential character of a neighborhood are insufficient grounds for the denial of an application; and

WHEREAS, based on the above, the Board finds that the programmatic needs of the Congregation create unnecessary hardship and practical difficulty in developing the premises in compliance with the applicable zoning regulations; and

WHEREAS, because the Yeshiva is a non-profit organization and the variance is needed to further its non-

profit mission, the finding set forth in ZR § 72-21(b) does not have to be made in order to grant the variance requested in this application; and

WHEREAS, the Yeshiva represents that, pursuant to ZR § 72-21(c), the variance, if granted, will not alter the character of the neighborhood, impair the appropriate use or development of adjacent property, or be detrimental to the public welfare; and

WHEREAS, the applicant states that the site is surrounded by warehouse and accessory office uses and proposes that a garden on the premises will act as a buffer between the building and 88th Street; additionally, the applicant represents that its use of the premises is self-contained—its students eat all of their meals onsite and students rarely venture off campus—and, thus, does not interfere with neighboring uses; and

WHEREAS, in response to the Board's concerns regarding the storage and collection of trash at the premises, the applicant changed its original proposal to enclose the trash compactor with 8 foot walls surrounded by landscaping at the exterior of the building, so as to shield the compactor from the public, to one in which they will relocate the trash compactor to a refrigerated room on the building's interior accessed by a roll-up door; the applicant also agreed to provide an indoor refrigerated storage room for perishable trash; and

WHEREAS, the Board agrees that the proposal will not alter the essential character of the surrounding neighborhood, nor impair the use or development of adjacent properties, and not be detrimental to the public welfare; and

WHEREAS, the Yeshiva states that, per ZR § 72-21(d), the hardship was not self-created; and

WHEREAS, the Board finds that the hardship herein was not created by the Yeshiva; and

WHEREAS, the Yeshiva represents that, consistent with ZR § 72-21(e), the proposal represents the minimum variance needed to accommodate its programmatic needs; and

WHEREAS, the Yeshiva provided an analysis of the findings required for a special permit pursuant to ZR § 73-19, whereby the Board may permit schools in C8 or M1 zoning districts and which provides, in pertinent part:

"In C8 or M1 Districts, the Board of Standards and Appeals may permit *schools* which have no *residential* accommodations except *accessory* accommodations for a caretaker, provided that the following findings are made . . . ."; and

WHEREAS, the Yeshiva states, and the Board agrees, that it is ineligible for the special permit because of the proposed onsite residential accommodations and that the requested use waiver is, therefore, the minimum variance; and

WHEREAS, accordingly, the Board finds that this proposal is the minimum necessary to allow the Yeshiva to fulfill its programmatic needs; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings require to be

# MINUTES

made under ZR § 72-21; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board conducted an environmental review of the proposed action and documented relevant information about the project in the Final Environmental Assessment (“EAS”) CEQR No. 15-BSA-214Q, dated June 30, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; and Construction; and

WHEREAS, by letter dated August 12, 2016, the New York City Department of Environmental Protection (“DEP”) states that, upon review, the March 2016 Remediation Action Plan (“RAP”) and Construction Health and Safety Plan (“CHASP”) submitted in connection with this application is acceptable and recommends that, upon the completion of construction, a Remedial Closure Report certified by a Professional Engineer indicating that all remedial requirements have been implemented properly be submitted to DEP for review and approval; and

WHEREAS, at the Board’s request, in consideration of the fact that a school and dormitory use proposed herein is in a manufacturing district, the applicant submitted an indoor air quality study, dated September 2016, reporting that no VOCs at a concentration above the New York State Department of Health (“DOH”) Air Guideline Value or the range of anticipated background were detected in the indoor air samples; and

WHEREAS, in addition, the applicant submitted, at the Board’s request, an air permit search to DEP and found that none of the active permits for uses within 400 feet of the premises were for existing industrial sources; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration, with conditions as stipulated below, prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR § 72-21, and grants a variance to permit, on a site located in an M1-1 zoning district, the occupancy of a Use Group 3 school that does not comply with use regulations, contrary to ZR § 42-00, *on condition* that all work will substantially conform to drawings filed

with this application marked “Received January 11, 2017”- Twenty-Two (22) sheets; and *on further condition*:

THAT no overnight parking of buses shall be permitted on the premises;

THAT no parking of the buses on the street shall be permitted;

THAT buses are to be utilized for pick up and drop off only and returned to a storage location off-site;

THAT composite window wall noise attenuation of 28 dBA shall be provided along the 88th Street frontage of the site;

THAT a trash compactor and refrigerated trash storage shall be installed, as shown on the BSA-approved plans;

THAT lighting and landscaping shall be installed, maintained and replaced, as needed, as shown on the BSA-approved plans;

THAT, consistent with the recommendation of the New York City Department of Environmental Protection, a Remedial Closure Report certified by a Professional Engineer indicating that all remedial requirements have been implemented properly shall be submitted to DEP for review and approval upon the completion of construction;

THAT the above conditions shall be listed on the Certificate of Occupancy;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portion related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 31, 2017.

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5  
 Negative:.....0

THE RESOLUTION –

WHEREAS, the decision of the Deputy Borough Commissioner, dated January 14, 2016, acting on Department of Buildings (“DOB”) Application No. 421205555, reads:

Proposed development is contrary to ZR Section 36-21 and requires a special permit pursuant to ZR Section 73-44; and

WHEREAS, this is an application under ZR §§ 73-44 and 73-03 to permit, on a site located within an R5 (C1-2) zoning district, the reduction in the required number of accessory parking spaces for a Use Group (“UG”) 4 ambulatory diagnostic or treatment facility from 50 spaces to 29 spaces, contrary to ZR § 36-21; and

WHEREAS, a public hearing was held on this application on September 13, 2016, after due notice by publication in *The City Record*, with a continued hearing on November 15, 2016, and then to decision on January 31, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and the surrounding neighborhood; and

WHEREAS, Community Board 7, Queens, recommends disapproval of this application on the basis that the applicant’s previous proposal to reduce the number of spaces at the site to 25 spaces, as permitted by the special permit, was insufficient to meet the demand for parking in the area; and

WHEREAS, at hearings, members of the community expressed concerns about the reduction of parking at the site, citing the high demand for and lacking availability of parking in the area, the narrowness of Barclay Avenue, existing traffic congestion and the presence of and attendant traffic demands of a school and church across the street from the subject site; and

WHEREAS, the subject site is located on the north side of Barclay Avenue, between Murray Street and 150th Street, in an R5 (C1-2) zoning district, in Queens; and

WHEREAS, the site has approximately 50 feet of frontage along Barclay Avenue, a depth of 125 feet, 6,250 square feet of lot area and is occupied by two vacant residential buildings and a garage; and

WHEREAS, the applicant proposes to demolish the existing structures and construct a five-story, plus cellar, UG 4 ambulatory diagnostic or treatment facility building with 14,975 square feet of floor area; and

WHEREAS, the applicant states that, pursuant to ZR § 36-21, 50 accessory parking spaces are required for the proposed use, calculated at a rate of one space per 300 square feet of floor area and cellar space, except cellar space used for storage; however, the applicant seeks to provide 35 spaces, 15 fewer spaces than required; and

WHEREAS, ZR § 73-44 provides as follows:

In the districts indicated, the Board of Standards

and Appeals may permit a reduction in the number of *accessory* off-street parking spaces required by the provisions of Section 36-21 or 44-21 (General Provisions) for ambulatory diagnostic or treatment facilities listed in Use Group 4 and *uses* in parking requirement category B1 in Use Group 6, 7, 8, 9, 10, 11, 14 or 16 to the applicable number of spaces specified in the table set forth at the end of this Section, provided that the Board finds that occupancy by ambulatory diagnostic or treatment facilities listed in Use Group 4 or *uses* in parking category B1 is contemplated in good faith on the basis of evidence submitted by the applicant. In such a case the Board shall require that the certificate of occupancy issued for the *building* within which such *use* is located shall state that no certificate of occupancy shall thereafter be issued if the *use* is changed to a *use* listed in parking category B unless additional *accessory* off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius.

REDUCED ACCESSORY OFF-STREET  
 PARKING SPACES REQUIRED FOR  
 AMBULATORY DIAGNOSTIC  
 OR TREATMENT FACILITIES LISTED IN  
 USE GROUP 4 AND  
 COMMERCIAL USES IN PARKING  
 REQUIREMENT CATEGORY B1

Parking Spaces Required Per Number of Square Feet on <i>Floor Area</i> *	Districts
1 per 400	C1-1 C2-1 C3 C4-1
1 per 600	C1-2 C2-2 C4-2 C8-1 M1-1 M1-2 M1-3 M2-1 M2-2 M3-1
1 per 800	C1-3 C2-3 C4-3 C7 C8-2

\* For ambulatory diagnostic or treatment facilities listed in Use Group 4, parking spaces required for number of square feet of *floor area* or *cellar space*, except *cellar space used* for storage; and

WHEREAS, pursuant to ZR § 73-44, the Board may reduce the required parking for a UG 4 ambulatory diagnostic or treatment facility at the subject site from one space per 300 square feet of floor area to one space per 600 square feet of floor area provided that the Board finds that such occupancy is contemplated in good faith; and

WHEREAS, the Board finds that the proposed UG 4 ambulatory diagnostic or treatment facility use at the subject site is contemplated in good faith; and

WHEREAS, the Board notes that its determination is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04, inclusive; and

WHEREAS, the Board directed the applicant to demonstrate that the application satisfies ZR § 73-03(a), specifically, to provide information as to how the proposed reduction in required accessory off-street parking spaces

---

will impact the surrounding community; and

WHEREAS, in response, the applicant submitted a parking study demonstrating that the maximum demand for parking generated by the proposed UG 4 use at the site will be 29 spaces on weekdays from 10 a.m. to 11 a.m. and that such demand can be accommodated by the proposed 29 spaces on site, consisting of nine two-car stackers in the cellar (18 spaces), four two-car stackers and two grade parking spaces at the rear of the first floor (10 spaces) and one ambulette parking space at the front of the lot (1 space); and

WHEREAS, the parking study also presents an on-street parking survey concluding that during the weekday peak demand hour (from 10 a.m. to 11 a.m.), there are 32 parking spaces available within a ¼ mile radius of the project site, for a utilization rate of 86 percent within the parking study area; and

WHEREAS, the applicant notes that the parking will be facilitated by attendants and that six reservoir spaces, three in the cellar and three on the first floor, are also provided on site to improve maneuverability; and

WHEREAS, in addition, the applicant provided an operational plan for the parking, representing that facility staff will drive down a ramp to the cellar level where they will be met by a parking attendant; visitors and patients will be met by a second valet at the first floor; that the first floor attendant will coordinate with drivers to determine the duration of their visits to the premises so as to most efficiently place their cars in the stackers; and that the two attendants will be in constant communication in order to effectively control the safe movement of vehicles on the site; and

WHEREAS, finally, the applicant notes that there are no residential uses directly adjacent to the subject site and proposes a variety of safety and nuisance attenuation measures on site, including steel fencing along the rear and western lot lines, landscaping along and perpendicular to the front lot line, and signage, flashing lights and audible noise alerts to ensure that parking occurs in a safe and efficient manner onsite without disruption to car or pedestrian traffic on the nearby sidewalks or streets; and

WHEREAS, accordingly, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, based upon its review of the record, the Board concludes that the findings required under ZR §§ 73-03 and 73-44 have been met; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement CEQR No. 16BSA045Q, dated June 7, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on

Land Use, Zoning, and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; and Construction; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1997, as amended, and makes each and every one of the required findings under ZR §§ 73-03 and 73-44 to permit, on a site located partially within an R5 (C1-2) zoning district, the reduction in the required number of accessory parking spaces for a Use Group 4 ambulatory diagnostic or treatment facility from 50 spaces to 29 spaces, contrary to ZR § 36-21; on condition that all work shall substantially conform to drawings as they apply to the objections above noted filed with this application marked “Received January 31, 2017”– Eighteen (18) sheets, and on further condition:

THAT parking at the site shall be facilitated by two attendants at all times;

THAT the parking attendants shall ensure that neither patrons nor staff of the facility double park on Barclay Street;

THAT all maneuvering for parking on-site shall occur on-site and that neither Barclay Street nor the sidewalk adjacent to the site shall be used to achieve such on-site parking;

THAT a minimum of 29 parking spaces shall be provided at the site;

THAT there shall be no change in the uses at the site without prior review and approval by the Board;

THAT no certificate of occupancy shall be issued if the use is changed to a use listed in parking category B unless additional accessory off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius;

THAT the above conditions shall appear on the certificate of occupancy;

THAT a certificate of occupancy shall be obtained within four (4) years, by January 31, 2021;

THAT substantial construction shall be completed in accordance with ZR § 73-70;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted;

# MINUTES

and

THAT DOB must ensure compliance with all of applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 31, 2017.

## 2016-1209-BZ

APPLICANT – Law Office of Jay Goldstein, for Yechezkel Reichman, owner.

SUBJECT – Application January 14, 2016 – Special Permit (§73-622) & Variance (§72-21) for the enlargement of an existing single family home. R2 zoning district.

PREMISES AFFECTED – 2701 Avenue K (1085 East 27<sup>th</sup> Street), Block 7609, Lot 9, Borough of Brooklyn.

### COMMUNITY BOARD #14BK

ACTION OF THE BOARD – Application for variance withdrawn without prejudice; Application for special permit granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated December 23, 2015, acting on Department of Buildings (“DOB”) Application No. 321120568, reads in pertinent part:

1. Proposed plans are contrary to Z.R. 23-141... in that the proposed Floor Area Ratio (FAR) exceeds the permitted 50%;
2. Proposed plans are contrary to Z.R. 23-141... in that the proposed Open Space Ratio (OSR) is less than the required 150%;
3. Plans are contrary to Z.R. 23-461(a) in that the existing minimum side yard is less than the required minimum 5’-0”;
4. Proposed plans are contrary to Z.R. 23-45(a) front yard is less than the required 15’-0”;

WHEREAS, this is an application under ZR § 73-622 to permit, in an R2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space ratio and side yards, contrary to ZR §§ 23-141 and 23-461(a); and

WHEREAS, because a special permit pursuant to ZR § 73-622 does not permit waivers of applicable front yard requirements, the applicant additionally seeks a variance, pursuant to ZR § 72-21, to permit a front yard contrary to ZR § 23-45(a); and

WHEREAS, a public hearing was held on this application on August 16, 2016, after due notice by publication in *The City Record*, with continued hearings on November 1, 2016 and November 15, 2016, and then to

decision on January 31, 2017, and

WHEREAS, prior to the close of the hearing, the applicant asked to withdraw their request for a variance and the Board voted to grant such request without prejudice; accordingly, the applicant has proceeded only with an application for the special permit pursuant to ZR § 73-622, seeking waivers of ZR §§ 23-141 and 23-461(a); and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 14, Brooklyn, recommends approval of this application; and

WHEREAS, by letter dated November 14, 2016, Chaim Deutsch, New York City Council Member for the 48th District, expressed approval of the subject application; and

WHEREAS, the subject site is located on the northwest corner of the intersection of Avenue K and East 27<sup>th</sup> Street, in an R2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 35 feet of frontage along Avenue K, 100 feet of frontage along East 27<sup>th</sup> Street and 3,450 square feet of lot area; and

WHEREAS, the site is occupied by a two-story plus attic single-family detached residence with 2,768 square feet of floor area, a floor area ratio (“FAR”) of 0.80, an open space ratio of 84, side yards measuring 29’-10” and 4’-1” and front yards measuring 9’-4” and 10’-10”;

WHEREAS, at the subject site, the maximum floor area permitted is 1,725 square feet of floor area (0.5 FAR) and the minimum open space ratio of 150 is required pursuant to ZR § 23-141; two side yards with widths of at least 5 feet and 20 feet are required pursuant to ZR § 23-461 and two front yards measuring 15 feet are required pursuant to ZR § 23-45(a); and

WHEREAS, with regards to the existing front yards, which do not comply with the 15 feet minimum required by ZR § 23-45(a), the applicant submitted certified Sanborn maps of the premises and surrounding area with dates ranging from 1930 to 2007 illustrating that the non-compliant front yard conditions pre-date the 1961 Zoning Resolution and are, thus, legal non-compliances; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single-* or *two-family detached* or *semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-

---

# MINUTES

---

BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage, open space, floor area, side yard, rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins.

Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that

the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated in ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing residence to 3,218 square feet of floor area (0.93 FAR), reduce the open space ratio to 66, reduce the 29'-10" side yard to 20'-5" and maintain the existing 4'-1" side yard; specifically, the enlargement consists of a two-story straight-line addition along the building's eastern side at the rear of the residence and an extension to the second floor at the front of the residence, both of which increase the degree to which the existing 4'-1" side yard does not comply with applicable regulations; and

WHEREAS, the applicant represents that the proposed enlargement is consistent with the character of the neighborhood and notes, in particular, that the rear lot line of the subject lot abuts the district boundary of an R4 zoning district, wherein a maximum 0.75 FAR is permitted as-of-right; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review, accepts the withdrawal of the application pursuant to ZR § 72-21, without prejudice, and makes the required findings under ZR § 73-622, to permit, in an R2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space ratio and side yards, contrary to ZR §§ 23-141 and 23-461(a); *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received July 27, 2016"-Fourteen (14) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: maximum floor area of 3,218 square feet (0.93 FAR), minimum open space ratio of 66 and side yards with widths of at least 20'-5" and 4'-1", as illustrated on the BSA-approved plans;

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the

APPLICANT –Sheldon Lobel, P.C., for 1128 36<sup>th</sup> LLC, owner.

SUBJECT – Application February 5, 2016 – Special Permit (§73-19) to allow for a Use Group 3 school (*Yeshiva Ohr Yoseph*) on the basement to third floors of a new six-story building and Special Permit (§73-44) to permit a reduction in the number of accessory off-street parking spaces required pursuant to ZR 44-21 for commercial office use (UG 6B) on the fourth to sixth floors. M1-2 zoning district. PREMISES AFFECTED – 1128 36<sup>th</sup> Street, Block 5292, Lot 39, Borough of Brooklyn.

**COMMUNITY BOARD #12BK**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated September 6, 2016, acting on DOB Application No. 320916078, reads in pertinent part:

1. 42-00, 42-12: Proposed Use group 3A school is not a permitted use in Manufacturing District M1-2 as per Zoning Resolution section 42-00 and ZR 42-12;
2. 44-21: Proposed number of Required Off-Street Parking Spaces for proposed use group 6B PRC-B1, is contrary to Zoning Resolution section 44-21; and

WHEREAS, this is an application under ZR §§ 73-19 and 73-44 to permit, on a site within an M1-2 zoning district, the operation of a Use Group (“UG”) 3A school at the premises and the reduction in the required number of accessory off-street parking spaces, contrary to ZR §§ 42-00, 42-12 and 44-21; and

WHEREAS, the application is filed on behalf of Yeshiva Ohr Yoseph (the “Yeshiva”); and

WHEREAS, a public hearing was held on this application on August 16, 2016, after due notice by publication in *The City Record*, with continued hearings on September 27, 2016, and December 13, 2016, and then to decision on January 31, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 12, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the south side of 36th Street, between Fort Hamilton Parkway and 12th Avenue, in an M1-2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 80 feet of frontage along 36th Street, 5,840 square feet of lot area and is currently under development; and

WHEREAS, the applicant proposes to construct a six-story mixed-use community facility and commercial building containing 19,900 square feet of floor area in the basement and on the first, second and third floors dedicated to the Yeshiva and 7,811 square feet of floor area on the fourth, fifth and sixth floors for UG 6B commercial offices (the “Proposed Building”); and

WHEREAS, the applicant represents that the Proposed Building will comply with applicable bulk regulations and seeks a special permit, pursuant to ZR § 73-19, to permit the proposed UG 3 use and a reduction in the number of required off-street parking spaces for the proposed office use from 27 to 18; and

WHEREAS, ZR § 73-19 provides as follows:

In C8 or M1 Districts, the Board of Standards and Appeals may permit *schools* which have no *residential* accommodations except *accessory* accommodations for a caretaker, provided that the following findings are made:

- (a) that within the neighborhood to be served by the proposed *school* there is no practical possibility of obtaining a site of adequate size located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
- (b) that such *school* is located not more than 400 feet from the boundary of a district wherein such *school* is permitted as-of-right;
- (c) that an adequate separation from noise, traffic and other adverse effects of the surrounding *non-Residential Districts* is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along *lot lines* of the *zoning lot*; and
- (d) that the movement of traffic through the *streets* on which the *school* is located can be controlled so as to protect children going to and from the *school*. The Board shall refer the application to the Department of Traffic for its report with respect to vehicular hazards to the safety of children within the block and in the immediate vicinity of the proposed site.

The Board may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and

---

# MINUTES

---

guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is located in a zoning district in which a special permit pursuant to ZR § 73-19 is available and the applicant represents that the Yeshiva meets the ZR § 12-10 definition of “school” that the subject special permit is intended to permit because it provides full-time day instruction and a course of study that meets the requirements of Sections 3204, 3205 and 3210 of the New York State Education Law; and

WHEREAS, the Yeshiva has been located in a three-story building located at 4404 14th Avenue, in an R6 zoning district in Brooklyn since it began operations in 2014 with a ninth grade class; the Yeshiva now provides both ninth and tenth grade class instruction, has reached capacity at its current location, which contains only two classrooms, and does not have sufficient room to accommodate new incoming classes as the Yeshiva expands to provide instruction to eleventh and twelfth grade classes; and

WHEREAS, an enlargement of the Yeshiva’s current location to accommodate a projected enrollment of 166 students being infeasible, the applicant seeks the subject relief; and

WHEREAS, with regards to ZR § 73-19(a), the applicant submits that there is no practical possibility of obtaining a site of adequate size in the neighborhood to be served—specifically the R5 or R6 zoning districts adjacent to the subject M1-2 zoning district—because most of the sites within those zoning districts are occupied by single- and multi-family residences; the applicant further states that the Yeshiva identified three available sites in its year-long search for an appropriate site within its catchment area of Borough Park, Brooklyn, but one site, though adequately sized, was too expensive to rent and required extensive and costly renovations, a second site was too small and consisted of several buildings, which would have caused operational and safety issues for the Yeshiva, and the third site was too small for the Yeshiva’s needs absent significant renovations; and

WHEREAS, in light of the foregoing, the Board finds that the requirements of ZR § 73-19(a) are met; and

WHEREAS, as for the finding required pursuant to ZR § 73-19(b), the applicant states that the Proposed Building is adjacent to the district boundary line of an R5 zoning district, which permits UG 3A schools as-of-right, and that the entire site is, thus, within 400 feet of a district where a school is permitted as-of-right; and

WHEREAS, the applicant also submitted to the Board a radius map showing that the subject site is less than 200 feet from an R5 zoning district; and

WHEREAS, accordingly, the Board finds that the requirements of ZR § 73-19(b) are met; and

WHEREAS, in response to the findings set forth in ZR § 73-19(c), the applicant has provided the Board with a noise study that examined both mobile and stationary noise sources and concluded that noise levels at the premises fall within an acceptable range; accordingly, the applicant does not propose additional window or wall attenuation in the Proposed Building for the proposed UG 3A use; and

WHEREAS, the Board credits the conclusion of the

submitted noise study that no sound-attenuating exterior wall and/or window construction is necessary at the subject site and finds that the requirements of ZR § 73-19(c) have been satisfied; and

WHEREAS, the applicant makes the following recommendations in pursuit of meeting the findings of ZR § 73-19(d): the addition of high-visibility crosswalks at Fort Hamilton Parkway, 12th Avenue and Minna Street where standard crosswalks currently exist; curb extensions at the intersection of Minna Street and 36th Street and the intersection of 12th Avenue and 36th Street; land-use signs for the southbound approach at the intersection of Fort Hamilton Parkway and 37th Street, pedestrian countdown signals and relocation of the easterly pedestrian ramp located at the intersection of Fort Hamilton Parkway and 36th Street; the creation of a 50-foot long No Standing zone along the south side of 36th Street, at Minna Street, on school days between the hours of 6:00 a.m. and 6:30 a.m. and 8:00 p.m. to 8:30 p.m.; and

WHEREAS, the Board referred the application to the School Safety Engineering Office of the New York City Department of Transportation (“DOT”); and

WHEREAS, by letter dated August 15, 2016, DOT states that they reviewed the plans associated with this application, found them to be acceptable, and suggested that a final assessment regarding a school loading zone be performed once construction of the Proposed Building is complete; and

WHEREAS, the Board finds that the applicant’s recommendations will control traffic so as to protect children going to and from the proposed school and, therefore, finds that the requirements of ZR § 73-19(d) are met; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-19; and

WHEREAS, the applicant additionally seeks a special permit, pursuant to ZR § 73-44, permitting a reduction of the 27 off-street parking spaces required for the Proposed Building, which was calculated as follows: pursuant to ZR § 44-21, within an M1-2 zoning district, one accessory parking space for every 300 square feet of floor area is required, thus, the 7,811 square feet of UG 6B floor area in the Proposed Building requires the provision of 27 off-street parking spaces; and

WHEREAS, the applicant originally proposed to provide 13 parking spaces, but at the Board’s request increased the number of parking spaces provided on-site to 18, the combined parking demand for the UG 3A and UG 6B uses at the site set forth in the traffic demand study conducted as part of the environmental review for this application, and, thus, decreased the degree of the requested parking reduction from 14 to 9 spaces; and

WHEREAS, ZR § 73-44 provides as follows:

In the districts indicated, the Board of Standards and Appeals may permit a reduction in the number of *accessory* off-street parking spaces required by the provisions of Section 36-21 or 44-21 (General Provisions) for ambulatory diagnostic

# MINUTES

or treatment facilities listed in Use Group 4 and *uses* in parking requirement category B1 in Use Group 6, 7, 8, 9, 10, 11, 14 or 16 to the applicable number of spaces specified in the table set forth at the end of this Section, provided that the Board finds that occupancy by ambulatory diagnostic or treatment facilities listed in Use Group 4 or *uses* in parking category B1 is contemplated in good faith on the basis of evidence submitted by the applicant. In such a case the Board shall require that the certificate of occupancy issued for the *building* within which such *use* is located shall state that no certificate of occupancy shall thereafter be issued if the *use* is changed to a *use* listed in parking category B unless additional *accessory* off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius.

REDUCED ACCESSORY OFF-STREET  
PARKING SPACES REQUIRED FOR  
AMBULATORY DIAGNOSTIC  
OR TREATMENT FACILITIES LISTED IN  
USE GROUP 4 AND  
COMMERCIAL USES IN PARKING  
REQUIREMENT CATEGORY B1

Parking Spaces Required

1 per 400	C1-1 C2-1 C3 C4-1
1 per 600	C1-2 C2-2 C4-2 C8-1 M1-1 M1-2 M1-3 M2-1 M2-2 M3-1
1 per 800	C1-3 C2-3 C4-3 C7 C8-2

\* For ambulatory diagnostic or treatment facilities listed in Use Group 4, parking spaces required for number of square feet of *floor area* or *cellar* space, except *cellar* space used for storage; and

WHEREAS, pursuant to ZR § 73-44, the Board may reduce the required parking for a commercial use in parking requirement category B1 to one space per 600 square feet of floor area provided that the Board finds that such occupancy is contemplated in good faith; and

WHEREAS, the applicant has submitted an affidavit, sworn to by the owner of the premises on April 1, 2016, stating that the UG 6B office use in parking category B1 proposed on the fourth, fifth and sixth floors of the Proposed Building is contemplated in good faith; and

WHEREAS, the Board finds that the applicant has submitted sufficient evidence of good faith in maintaining the indicated uses at the subject site; and

WHEREAS, in reference to ZR § 73-03(a) and the application sought under ZR § 73-19, the Board acknowledges that the Yeshiva, as an educational institution, is entitled to deference under the law of the State of New York as to zoning; specifically, as held in *Cornell University v. Bagnardi*, 68 NY2d 583 (1986), an education institution's zoning application is to be granted unless it can be shown to

have an adverse effect upon the health, safety or welfare of the community, and general concerns about traffic and disruption of the residential character of a neighborhood are insufficient grounds for a denial; and

WHEREAS, the Board nevertheless inquired, in the interest of the Yeshiva students' safety, as to how the applicant proposed to keep the UG 3A use separate and distinct from the UG 6B use in the Proposed Building; and

WHEREAS, in response, the applicant provided a security protocol for the Proposed Building—including separate lobby entrances for the Yeshiva (southern lobby) and the UG 6B office (northern lobby) uses; locking the Yeshiva's southern lobby to prevent unauthorized entry; utilizing an intercom system and Yeshiva staff to oversee the daily arrival and departure of students; separate stairs for the two uses with no access to the fourth, fifth and sixth floors from the Yeshiva's southern stairs and no access to the Yeshiva stairs from the office floors; alarmed push bar devices on the UG 6B office doors leading into the Yeshiva's southern stair cases and on the Yeshiva doors leading to the UG 6B northern stair cases; restrictions on students' use of the elevator absent adult supervision; elevator access to the first, second and third floors secured by a key or card system; and security cameras throughout the buildings with monitoring screens in the Yeshiva's administrative offices; and

WHEREAS, in light of the operational protocol provided, along with the applicant's agreement to amend the application to satisfy all of the parking demand for the Proposed Building on-site, the Board finds that, under the conditions and safeguard imposed, any hazard or disadvantage to the community at large due to the proposed special permit UG 3A use and parking reduction is outweighed by the advantages to be derived by the community; and

WHEREAS, with regards to ZR § 73-03(b), the applicant represented that the proposed special permit UG 3A use and parking reduction will not interfere with any pending public improvement project; and

WHEREAS, the applicant submits that ZR § 73-03 subsections (c), (d), (f) and (g) are inapplicable to both of its special permit applications herein, states that, in reference to ZR § 73-03(e), neither ZR § 73-19 nor ZR § 73-44 specify a term of years and proposes that a term on either special permit is inappropriate; and

WHEREAS, in light of the above, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-03 for the special permits requested herein pursuant to ZR §§ 73-19 and 73-44; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the project in the Final Environmental Assessment Statement ("EAS"), CEQR No. 16BSA073K, dated 11/22/2016; and

WHEREAS, the EAS documents that the project as proposed will not have significant adverse impacts on Land

---

Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; or Construction; and

WHEREAS, the New York City Department of Environmental Protection's ("DEP") Bureau of Environmental Planning and Analysis reviewed the project for noise, air quality and hazmat; and

WHEREAS, DEP reviewed and accepted the Noise Chapter in the EAS and backup materials and concluded that the proposed project would not result in any potential for significant adverse impacts in regards to noise; and

WHEREAS, DEP reviewed the Air Quality Chapter in the EAS, the Air Quality Memorandum and backup materials and, likewise, concluded that the potential for significant air quality impact from the proposed project are not anticipated; and

WHEREAS, with regards to hazmat, DEP reviewed the August 2016 Phase II Subsurface Investigation and recommended that (1) the applicant submit a site-specific Construction Health and Safety Plan ("CHASP") on the basis of possible exposure of workers and/or community to contaminants from the proposed project delineating the requirements for Health and Safety personnel, personal protective equipment, dust control, air monitoring and emergency response procedures and (2) a minimum of two feet of DEP approved certified clean fill material be placed in all landscape/grass covered areas not capped with concrete or asphalt; and

WHEREAS, subsequently, DEP reviewed the September 2016 CHASP and found it acceptable on condition that: (1) the names and phone numbers of the Site Supervisor and an Alternate Site Health and Safety Office is incorporated in the CHASP and (2) upon the completion of the project, indoor air sampling using a photoionization detector ("PID") be conducted in the on-site building and the results incorporated in an indoor air sampling report submitted to DEP for review and approval; and

WHEREAS, the Board notes that the DEP-requested additions were made to the CHASP and an amended CHASP was submitted into the record; and

WHEREAS, the New York City Landmarks Preservation Commission ("LPC") reviewed the project for historic and cultural resources and concluded that though the subject site is of no architectural or archaeological significance, it is within the radius of several LPC-designated New York City landmarks and in the radius of a National Register of Historic Places listing, specifically Greenwood Cemetery, which itself contains individually designated LPC properties, but that no adverse direct or indirect shadow impacts to the cemetery are anticipated as a result of this action; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617 and § 6-07(b) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-19, 73-44 and 73-03 and grants a special permit to allow, on a site located within an M1-2 zoning district, the operation of a Use Group 3A school on the basement, first, second and third floors of a six-story building, contrary to ZR §§ 42-00 and 42-12, and a special permit to permit a reduction in the required off-street parking spaces from 27 parking spaces to 18 parking spaces, contrary to ZR § 44-21; *on condition* that any and all work shall substantially conform to drawings as they apply to the objections above noted, filed with this application marked "Received January 11, 2017"-Fourteen (14) sheets and letter from "Yeshiva Ohr Yoseph"-Seven (7) pages; and *on further condition*:

THAT Yeshiva students shall not be allowed access to the elevator unless accompanied by an adult;

THAT the primary access for Yeshiva students shall be the stair lobby of the building and not the elevator lobby;

THAT the applicant shall comply with the following school safety operational protocol:

Secure Yeshiva Entrance: The Yeshiva and offices will have separate lobby entrances. The Yeshiva will have exclusive use of the southern lobby, which will be locked to prevent unauthorized entry. Yeshiva staff will be present in the lobby to oversee student arrival and departure. An intercom system will be installed at the Yeshiva lobby entrance, which will be monitored by Yeshiva staff. Outside of student arrival and departure periods, access to the Yeshiva lobby will require a key or use of the intercom system.

Separate Lobbies & Stairs: As noted above, the Yeshiva and offices will have separate lobby entrances and will also have separate stairs. Signage will direct building tenants and visitors to the appropriate entrance. The Yeshiva will have exclusive use of the southern lobby and southern stairs (the "Yeshiva stairs"). The Yeshiva stairs will permit students to move freely between the basement, first, second and third floors. Students will not have access to the fourth, fifth and sixth floors from the Yeshiva stairs. Doors from the Yeshiva stairs to the office floors will be secured to prevent unauthorized access by students. Additionally, entry from the office floors to the Yeshiva stairs will also be secured to prevent unauthorized access to the Yeshiva. Access from the office floors to the Yeshiva stairs will be limited to emergencies. The doors of the office

---

# MINUTES

---

floors leading into the Yeshiva stairs will be equipped with alarmed push bar devices.

The northern lobby is ADA-compliant and will be dedicated for office use and limited Yeshiva use. The offices will have exclusive use of the northern stairs (the "Office stairs"). Entry from the Office stairs to the first, second and third Yeshiva floors will be secured to prevent unauthorized access to the Yeshiva. Access from the Office stairs to the Yeshiva floors will be limited to emergencies. Signage will indicate which floors are secure (i.e., no exit from stairs from until basement level). In addition, the doors on the first, second and third Yeshiva floors leading into the Office stairs will be equipped with alarmed push bar devices to prevent unauthorized access from the Yeshiva floors into the Office stairs.

Elevator Restrictions: Yeshiva student elevator use will only be permitted in limited circumstances under adult supervision, such as for students with mobility issues. Adult Yeshiva staff will accompany all students using the elevator. Elevator access to the first, second and third Yeshiva floors would be secured by a key or card system to prevent unauthorized elevator access.

Security Cameras: Security cameras would be installed throughout the building, including the stairwells and on all Yeshiva floors. The security cameras would be linked to monitoring screens in two of the Yeshiva's administrative offices. Yeshiva staff will monitor the security cameras and the alarmed doors will alert Yeshiva staff to unauthorized or emergency access to secured areas in the building.

Students and parents will be notified of all of the Yeshiva's security policies. Yeshiva staff will monitor and enforce student compliances with these policies.

THAT a copy of the school safety operational protocol, and the associated drawings, shall be incorporated into the approved plan set and submitted to DOB;

THAT, upon the completion of construction at the site, an indoor air sampling using a photoionization detector ("PID") shall be conducted inside the on-site building and the results shall be incorporated in an indoor air sampling report submitted to DEP for review and approval;

THAT, in accordance with the DEP-approved CHASP and prior to occupancy of the building and/or acquiring a Temporary Certificate of Occupancy, whichever comes first, the applicant shall conduct any and all remedial action(s) set forth in the CHASP as required based on detected PID levels;

THAT a minimum of two feet of DEP approved certified clean fill material be placed in all landscape/grass covered areas not capped with concrete or asphalt;

THAT upon completion of construction, the applicant shall contact DOT for a final assessment regarding the

necessity of a school loading zone;

THAT no Certificate of Occupancy shall be issued if the use is changed to a use listed in parking category B unless additional accessory off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius;

THAT substantial construction shall be completed in accordance with ZR § 73-07;

THAT a Certificate of Occupancy shall be obtained within four (4) years;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted;

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 31, 2017.

**1129-64-BZ**

APPLICANT - Sheldon Lobel P.C., for 147-36 Brookville Boulevard Corp., owner.

SUBJECT - Application November 10, 2004 - Extension of term filed pursuant to sections 72-01 and 72-22, which was originally granted March 2, 1965, to permit the erection of a one story enlargement to an existing building used for the sale of auto supplies in an R3-2 zoning district.

PREMISES AFFECTED – 147-36 Brookville Boulevard, southwest corner of 147th Road and Brookville Boulevard, Block 13729, Lots 30 and 33, Borough of Queens.

**COMMUNITY BOARD #13Q**

APPEARANCES -

For Applicant: Jordan Most.

**ACTION OF THE BOARD** - Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Srinivasan, Commissioner Miele and Commissioner Chin.....3

Negative:.....0

Absent: Vice-Chair Babbar.....1

THE RESOLUTION –

WHEREAS, this is an application for a reopening and, pursuant to Z.R. §§ 72-01 and 72-22, an extension of the term of the variance, which will expire on June 10, 2005; and

WHEREAS, a public hearing was held on this application on May 17, 2005 after due notice by publication in *The City Record*, and then to decision on June 7, 2005; and

WHEREAS, Community Board 13, Queens, and the Queens Borough President recommend approval of this application subject to certain conditions listed below; and

WHEREAS, on March 2, 1965, under the above referenced calendar number, the Board granted an application to permit, in an R3-2 district, the erection of a one-story enlargement to an existing building to be used for the sale of auto supplies for a term of ten years; and

WHEREAS, since the original grant, the applicant has obtained subsequent extensions of the term of the variance, the most recent extension being granted on October 16, 1996; and

WHEREAS, the subject building is located on the southwest corner of 14<sup>th</sup> Road; and

WHEREAS, in a letter dated January 13, 2005 to the Queens Borough President, and in a subsequent letter to the Board dated May 17, 2005, the owner, Melvin Gallub of Rosedale Auto Parts, Inc., agreed to comply with certain conditions requested by the Queens Borough President and Community Board 13, including: posting signs and taking other necessary action to discourage clientele from replacing auto parts or doing mechanical work on the street outside the

---

---

establishment; removing and permanently banning abandoned vehicles from the parking lot; performing general maintenance and improvements to the property; performing a general clean-up of the property and continuing to maintain the property free of litter; maintaining bushes and shrubs; discouraging motorists from using the parking lot as a public street by keeping one gate closed except when actually in use; and updating, removing and replacing signage affixed to the building in accordance with the Building Code; and

WHEREAS, therefore, the Board finds that this application for an extension of term is appropriate to grant.

*Therefore it is Resolved*, that the Board of Standards and Appeals, *reopens and amends* the resolution, said resolution having been adopted on March 2, 1965, and subsequently amended and extended, and extends the term of the variance, which will expire on June 10, 2005 so that, as amended, this portion of the resolution shall read: "to permit the extension of the term of the variance for an additional ten years from June 10, 2005 expiring on June 10, 2015; *on condition* that all work shall substantially conform to drawings as they apply to the objection above-noted, filed with this application marked "Received May 25, 2005"-(3) sheets; *and on further condition*:

THAT all mechanical work and replacement of auto parts shall take place on the site and no work shall be done on the streets surrounding the site; signs shall be posted to that effect;

THAT any and all abandoned vehicles shall be removed from the parking lot;

THAT general maintenance and improvements shall be performed on the property, including trim painting, litter removal, and the clean-up of bushes and shrubs;

THAT the gates to the parking area shall be closed at all times except when in actual use;

THAT the above conditions shall appear on the certificate of occupancy;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the signs affixed to the building shall be updated, removed and replaced in compliance with the Building Code;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted." (DOB Application #402017571)

Adopted by the Board of Standards and Appeals, June 7, 2005.

# MINUTES

**REGULAR MEETING  
TUESDAY MORNING, FEBRUARY 14, 2017  
10:00 A.M.**

Present: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.

**SPECIAL ORDER CALENDAR**

**7-95-BZ**

APPLICANT – Law Office of Fredrick A. Becker, for Redmont Realty Company, LLC, owner; TSI Whitestone, LLC dba New York Sports Club, lessee.

SUBJECT – Application August 30, 2016 – Extension of Term of a previously approved variance (§72-21) which permitted the operation of a Physical Culture Establishment (*New York Sports Club*) which expired on August 8, 2016; Amendment to permit a change in hours of operation. C1-2/R3-2 zoning district.

PREMISES AFFECTED – 153-37 Cross Island Parkway, Block 4717, Lot 16, Borough of Queens.

**COMMUNITY BOARD #7Q**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for an extension of term and amendment to a variance, previously granted by the Board, which expired on April 25, 2006; and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown performed an inspection of the site and surrounding neighborhood; and

WHEREAS, Community Board 7, Queens, recommends approval of this application on condition that an elevator violation at the location be cured first; and

WHEREAS, the subject site is located on the north side of the Cross Island Parkway between Clintonville Street and 154th Street, in an R3-2 (C1-2) zoning district, in Queens; and

WHEREAS, the site has approximately 295 feet of frontage along the Cross Island Parkway, 156 feet of frontage along Clintonville Street, 726 feet of frontage along 14th Road, 403,415 square feet of lot area and is occupied by shopping center; and

WHEREAS, the Board has exercised jurisdiction over the subject site since August 8, 1995, when, under the same calendar number, the Board granted a variance to permit the

establishment of a physical cultural establishment (“PCE”) in a two-story plus cellar building located within the larger shopping center development for a term of ten (10) years, expiring August 8, 2005; and

WHEREAS, on April 25, 2006, under the same calendar number, the Board extended the term of the variance for an additional ten (10) years, expiring August 8, 2015, and amended the variance to reflect a change in the PCE operator on condition, *inter alia*, that the hours of the PCE be limited to weekdays, 5:30 a.m. to 11:00 p.m., and weekends, 8:00 a.m. to 10:00 p.m.; and

WHEREAS, a typo in the conditions to the 2006 Resolution misstates that the term expired on August 8, 2016; and

WHEREAS, this application was timely filed with reference to the misstated August 8, 2016 date of the expiration of the previous term, but the Board notes that this extension will run from the actual date of expiration, August 8, 2015; and

WHEREAS, the most recent term, thus, having expired, the applicant requests an extension of the term of the variance for an additional ten (10) years and an amendment to the variance reflecting a change in the PCE’s hours of operation: Monday through Thursday, 5:30 a.m. to 11:00 p.m., Friday, 5:30 a.m. to 10:00 p.m., and Saturday and Sunday, 7:00 a.m. to 10:00 p.m.; and

WHEREAS, the applicant states that there has been no change to the operator of the facility; and

WHEREAS, with regards to the Community Board’s recommendation, the applicant represents that the elevator in the building is operational and that the violation will be cured upon the issuance of the new Certificate of Occupancy; and

WHEREAS, at hearing, the Fire Department stated that the sprinkler and fire alarm systems at the premises have been approved, that the location receives routine inspections and that there are no outstanding violated; and

WHEREAS, the Board finds that the requested amendment and a ten (10) year extension of the term of the variance is appropriate with certain conditions as set forth below.

*Therefore, it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated August 8, 1995, as amended through April 25, 2006, so that as amended this portion of the resolution reads: “to grant an extension of the term of the variance for a term of ten (10) years from the expiration of the last grant, to expire on August 8, 2025, and amend the hours of operation; *on condition* that all work and site conditions shall comply with drawings filed with this application marked ‘Received October 6, 2016’—Five (5) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years, expiring August 8, 2025;

THAT the hours of operation shall be limited to Monday through Thursday, 5:30 a.m. to 11:00 p.m., Friday, 5:30 a.m. to 10:00 p.m., and Saturday and Sunday, 7:00 a.m. to 10:00 p.m.;

THAT there shall be no change in ownership or

# MINUTES

operating control of the physical culture establishment without prior application to and approval from the Board;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a new Certificate of Occupancy shall be obtained within one (1) year, by February 14, 2018;

THAT fire safety measures shall be maintained as shown on the Board-approved plans;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, February 14, 2017.

-----

## 133-06-BZ

APPLICANT – Law Office of Fredrick A. Becker, for Trinity Hudson Holdings, owner; TSI Varick Street, LLC dba New York Sports Club, lessee.

SUBJECT – Application August 1, 2016 – Extension of Term of a previously approved Special Permit (§73-36) which permitted the operation of a physical culture establishment (New York Sports Club) located on the second floor of an existing 12 story commercial building which expired on July 1, 2006. M1-5 Zoning District.

PREMISES AFFECTED – 225 Varick Street, Block 581, Lot 63, Borough of Manhattan.

### COMMUNITY BOARD #2M

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for an extension of the term of a previously granted special permit for a physical culture establishment (“PCE”), which expired on July 1, 2016; and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown performed an inspection of the site and surrounding neighborhood; and

WHEREAS, Community Board 2, Manhattan, recommends approval of this application; and

WHEREAS, the subject site is located on the west side of Varick Street, between Clarkson Street and West Houston Street, within an M1-5 zoning district, in Manhattan; and

WHEREAS, the site has approximately 200 feet of frontage along Varick Street, 125 feet of frontage along Clarkson Street, 126 feet of frontage along West Houston Street, 25,000 square feet of lot area and is occupied by a 12-story, with cellar, commercial-and-industrial building; and

WHEREAS, the Board has exercised jurisdiction over the site since February 6, 2007, when, under the subject calendar number, the Board granted a special permit, pursuant to ZR § 73-36, allowing the legalization of a PCE, operated as New York Sports Club, located on a portion of second floor of the subject building, with an entrance on the first floor, for a term of ten (10) years, expiring July 1, 2016; and

WHEREAS, the previous term of the special permit having expired, the applicant seeks an extension of term for an addition ten (10) years; and

WHEREAS, the facility remains in operation as New York Sports Club, and no modifications are proposed to the previously approved hours of operation: Monday through Thursday, 6 a.m. to 11 p.m.; Friday, 6 a.m. to 9 p.m.; and Saturday and Sunday, 9 a.m. to 7 p.m.; and

WHEREAS, the applicant notes that the PCE continues to occupy 16,741 square feet of total floor area in the building, 893 square feet of floor area on the first floor and 15,848 square feet of floor area on the second floor, as previously approved by the Board; and

WHEREAS, as conditioned in the prior approval, the applicant represents that an approved building-wide sprinkler system and an approved interior fire alarm system are installed in the entire PCE space—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm and sprinkler system to a Fire Department-approved central station—and subsequently approved and signed off by the Department of Buildings; and

WHEREAS, the Fire Department confirms that the building-wide sprinkler system and the fire alarm system have been installed at the premises; and

WHEREAS, the Board finds that a ten (10) year extension is appropriate, with the conditions set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens and amends* the resolution, dated February 6, 2007, so that as amended this portion of the resolution shall read: “to permit an extension of the term of the special permit for a term of ten (10) years, expiring July 1, 2026, *on condition* that the site shall substantially conform to drawings as filed with this application, marked ‘August 1, 2016’ - Five (5) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years from July 1, 2016, expiring July 1, 2026;

THAT there shall be no change in ownership or operating control of the physical culture establishment without prior application to and approval from the Board;

THAT Local Law 58/87 compliance shall be as reviewed

# MINUTES

and approved by DOB;

THAT fire safety measures shall be installed and/or maintained as shown on the Board-approved plans;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, February 14, 2017.

-----

## 528-64-BZ

APPLICANT – Gerald Caliendo, RA, AIA, for 240-02 Realty LLC/Tim Broliieb, owner.

SUBJECT – Application November 4, 2013 – Amendment of a previously approved Variance (§72-21) which permitted the erection of a two story enlargement of an auto showroom (UG 16B). The amendment seeks to enlarge the existing automobile showroom and include an addition of a parking deck to the existing automobile dealership (*East Hills Chevrolet*). R1-2 zoning district.

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated March 6, 2014, acting on DOB Application No. 420650922, reads in pertinent part:

“Proposed UG 2 is not permitted in an M1-4

---

# MINUTES

---

zoning district; contrary to ZR 42-10”; and

WHEREAS, this is an application under ZR § 72-21 to permit, on a site located within an M1-4 zoning district, the construction of three-story plus cellar multiple dwelling, contrary to ZR § 42-10; and

WHEREAS, a public hearing was held on this application on August 16, 2016, after due notice by publication in *The City Record*, with a continued hearing on January 31, 2017, and then to decision on February 14, 2017; and

WHEREAS, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 5, Queens, recommends disapproval of this application on the basis that, as part of an Industrial Business Zone, the site should be developed, instead, for industrial use and promote local industrial jobs; and

WHEREAS, a neighbor submitted a letter in support of the variance, stating that the lot has been vacant and an eyesore in the neighborhood for more than twenty-five years, that no one has yet come forward to develop the lot with a conforming use and that the proposed residential building is consistent with the residential use of the adjacent lots; and

WHEREAS, the subject site is located on the northeastern corner of the intersection of Decatur Street and Irving Avenue, in an M1-4 zoning district, in Queens; and

WHEREAS, the site has approximately 90 feet of frontage along Decatur Street, 25 feet of frontage along Irving Avenue, 2,257 square feet of lot area and is vacant; and

WHEREAS, the applicant submitted into the record a Certificate of Occupancy for the site, dated September 10, 1945, indicating that the site was previously developed with a two-story plus cellar mixed-use commercial and residential building having a restaurant and cabaret on the first floor and single-family dwelling on the second floor; and

WHEREAS, the applicant submits that such building occupied the site until 1971, when it was demolished, and that the site has been vacant since that time; and

WHEREAS, the subject application is for construction of a three-story plus cellar residential building with six residential units, two on each floor, having 4,500 square feet of floor area, a floor area ratio (“FAR”) of 1.99, 30 feet in height and with 66 percent lot coverage; and

WHEREAS, the applicant represents that the proposal complies with the zoning regulations applicable in an R6 zoning district, noting that an R6 zoning district is located directly across Irving Avenue from the subject site; and

WHEREAS, as residential use is not permitted in an M1-4 zoning district as of right, the applicant seeks the subject relief; and

WHEREAS, the applicant states that, per ZR § 72-21(a), the history of development of the site with residential use, its location adjacent to other residential properties both on the subject block and across the street in an R6 zoning

district, as well as its narrow width, shallow depth and location on a narrow street create practical difficulties and unnecessary hardship in developing the subject site in conformance with the zoning regulations applicable in the underlying district; and

WHEREAS, specifically, the applicant represents that the small size of the site precludes the development of the lot with a building have a floorplate sufficient to support a viable conforming use; additionally, the narrowness of the lot prevents the inclusion of a loading dock and that the narrowness of the surrounding streets would frustrate truck access to the site for pick-ups and deliveries; and

WHEREAS, the applicant provided the Board with a uniqueness study of the area within 1,000 feet of the subject site located in manufacturing districts (M1-4, M1-1 and M1-4D zoning districts), excluding the areas to the north and south of the subject site located in R6, R5B and R6B and R4-1 zoning districts (the “Study Area”); such study supports the applicant’s assertion that narrow and shallow sites such as the subject lot are unsuitable for manufacturing uses in that it demonstrates that lots currently developed with conforming uses have multiple times the lot area of the subject site and lots of similar size to the subject lot, including those on the subject block, are developed with residential buildings; and

WHEREAS, the study additionally identifies all of the other lots in the Study Area with a width of 25 feet or less and demonstrates that of these 12 total properties, not including the subject site, 10 are used in conjunction with and/or held in common ownership with an adjacent lot, including two lots that are utilized for parking; one lot is subject to a Board variance permitting its development with a residential building; and one lot, which is ten feet deeper than the subject site, is vacant; and

WHEREAS, therefore, the study concludes that the subject site suffers from practical difficulties that are uniquely burdensome and meets the finding set forth in ZR § 72-21(a); and

WHEREAS, based on the foregoing, the Board finds that the aforementioned unique physical conditions create unnecessary hardship and practical difficulties in developing the site in conformance with applicable zoning regulations; and

WHEREAS, with regards to ZR § 72-21(b), the applicant submits that there is no reasonable possibility that a conforming development at the subject site will bring a reasonable return and, in support of that assertion, submitted a financial analysis of (1) a two-story plus cellar building consisting of artists spaces with an elevator, 4,513 square feet of floor area and 100 percent lot coverage (“the As-of-Right Development”) and (2) the subject proposal, demonstrating that only the subject proposal would provide a reasonable return; and

WHEREAS, to wit, the financial analysis concludes that the As-of-Right Development would generate a project loss of more than \$300,000, whereas the subject proposal would yield a return of approximately \$31,000; and

WHEREAS, the return for the subject proposal was

---

# MINUTES

---

analyzed based on its proposal of six two-bedroom residential units as follows: two two-bedroom, 1-1/2 bathroom duplexes on the first floor and cellar, having an average of 585 square feet of floor area on the first floor and an average of 487 square feet of floor space in the cellar; two two-bedroom, one bath units on each of the second and third floors, averaging 585 square feet of floor area each; and open access to the roof of the building by all residents; and

WHEREAS, upon review of the applicant's submissions, the Board finds that, due to the site's unique physical conditions, there is no reasonable possibility that a development in strict conformance with applicable zoning requirements will provide a reasonable return; and

WHEREAS, the applicant represents that the proposal will not alter the essential character of the neighborhood, will not substantially impair the appropriate use or development of adjacent property and will not be detrimental to the public welfare in accordance with ZR § 72-21(c) because the proposal is consistent with the residential character of the subject block and the residential character of the blocks directly to the south of the subject site, located across Irving Avenue in an R6 zoning district, and the bulk of the proposed building complies with zoning regulations applicable in an R6 zoning district; and

WHEREAS, the Board finds that the proposal will not alter the essential character of the neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, the Board finds that the hardship claimed as a ground for the variance was not created by the owner or a predecessor in title in accordance with ZR § 72-21(d); and

WHEREAS, the applicant represents that the subject proposal is the minimum variance necessary to afford relief because it complies with the zoning regulations applicable in the residential zoning district located directly across the street, continues the historic use of the subject site and realizes only a modest return on investment; and

WHEREAS, accordingly, the Board finds that this proposal is the minimum necessary to afford relief; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as a Type I action pursuant to 6 NYCRR, Part 617.4; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment (EAS) CEQR No. 14BSA135Q, received March 18, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning, and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse

Gas Emissions; Noise; Public Health; Neighborhood Character; or Construction; and

WHEREAS, the New York City Landmarks Preservation Commission ("LPC") environmental review of the proposal indicates that the site has no architectural or archaeological significance; and

WHEREAS, the New York City Department of Environmental Protection ("DEP") reviewed the project for potential significant adverse noise and air quality impacts; and

WHEREAS, by letters dated May 2, 2016, and June 20, 2016, respectively, DEP states that it has determined that the proposal would not result in either potential significant adverse noise or air quality impacts; and

WHEREAS, DEP reviewed and accepted the Work Plan, Health and Safety Plan ("HASP") and, by letter dated July 17, 2015, requested the development and submission of a Remedial Action Plan ("RAP") and a site-specific Construction Health and Safety Plan ("CHASP"); and

WHEREAS, by letter dated January 25, 2017, DEP requested that, at a minimum, a vapor barrier be incorporated into the design plan of the proposal and the manufacturer's specification be included in the RAP and submitted to DEP for review and approval; that the name and phone number for an alternate Site Health and Safety Officer be included in the CHASP and that, provided that these edits were incorporated into the July 2015 RAP and CHASP and the manufacturer's specifications for the vapor barrier submitted to DEP, the July 2015 RAP and CHASP were acceptable; and

WHEREAS, by letter dated January 30, 2017, DEP accepted the revised January 2017 RAP—which, as requested, incorporated a proposal to install a vapor barrier system below the slab of the mechanical and storage areas of the building and behind foundation walls—and the July 2015 CHASP and additionally requested that, upon the completion of the project, a Remedial Closure Report, certified by a Professional Engineer and indicating that all remedial requirements as set forth in the January 2017 RAP and July 2015 CHASP have been properly implemented, be submitted to DEP for review and approval; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type I Negative Declaration, with conditions as stipulated below, prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR § 72-21 to permit, on a site within an M1-4 zoning district, the construction of three-story plus cellar multiple dwelling, contrary to ZR § 42-10, *on condition* that all work will

# MINUTES

substantially conform to drawings filed with this application marked "Received February 2, 2017"- Thirteen (13) sheets; and *on further condition:*

THAT upon completion of the project, a Remedial Closure Report, certified by a Professional Engineer and indicating that all remedial requirements as set forth in the January 2017 Remedial Action Plan and July 2015 Construction Health and Safety Plan have been properly implemented, be submitted to DEP for review and approval;

THAT such Remedial Closure Report shall be submitted prior to the receipt of the Certificate of Occupancy;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT a Certificate of Occupancy shall be obtained within four (4) years;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 14, 2017.

## 181-14-BZ

### CEQR #15-BSA-038K

APPLICANT – Sheldon Lobel, P.C., for The Greek School of Plato, LTD, owner.

SUBJECT – Application August 1, 2014 – Variance (§72-21) to permit the construction of an educational and cultural facility be located on the premises. R4B zoning district.

PREMISES AFFECTED – 670 92<sup>nd</sup> Street, between Battery Avenue and 7<sup>th</sup> Avenue, Block 6143, Lot 35, Borough of Brooklyn.

### COMMUNITY BOARD #10BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, by Department of Buildings ("DOB") Chief Plan Examiner, dated August 23, 2014, acting on DOB Application No. 320932871 reads in pertinent part:

1. Sec 24-10 Does not comply in that the building exceeds the permitted Lot Coverage;
2. Sec. 24-34 Does not comply in that the building does not provide the minimum Front Yard;

3. Sec. 24-37 Does not comply in that the building does not provide the minimum Rear Yard;

4. Sec. 24-521 Does not comply with the Sky Exposure and Set Back requirements;

5. Sec 24-551 Does Not comply in that the building does not provide the required side set back;

6. Sec. 24-35 Does Not Comply in that one yard is less than 8'-0";

7. [ . . . ]

8. Sec. 25-31 Does Not Comply in that the site does not provide the required parking; and

WHEREAS, this is an application under ZR § 72-21 to permit, on a site located in an R4B zoning district, the construction of a three-story plus cellar Use Group ("UG") 4A, non-profit without sleeping accommodations, and UG 3 school that does not comply with lot coverage, front yard, rear yard, sky exposure plane, set back, side set back, side yard and parking requirements, contrary to ZR §§ 24-10, 24-34, 24-37, 24-521, 24-551, 24-35 and 25-31; and

WHEREAS, a public hearing was held on this application on April 12, 2016, after due notice by publication in *The City Record*, with continued hearings on June 14, 2016, September 20, 2016, and December 13, 2016, and then to decision on February 14, 2017; and

WHEREAS, this application has been filed on behalf of The Greek School (the "Applicant"), a not-for-profit organized under Section 501(c)(3) of the Internal Revenue Code founded in 1977 that currently provides afterschool and weekend instruction for pre-school to ninth grade students in Greek culture, language, literature, history and religion and plans to operate a Universal Pre-Kindergarten ("UPK") program as part of the subject proposal; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 10, Brooklyn, recommends approval of this application on condition that the flat roofs on the two stair bulkheads at the fifth floor of the originally proposed building be revised to sloped roofs with "invisible"-type fencing around the roof level and that the plans be revised to include a 10 foot setback at the fourth floor at the southwest corner of the site abutting the adjacent residential property; and

WHEREAS, by letter dated September 20, 2016, New York State Senator Martin Golden expressed support for this application; and

WHEREAS, the subject site is located on the south side of 92nd Street, between Battery Avenue and Seventh Avenue, in an R4B zoning district, in Brooklyn, and

WHEREAS, the site has approximately 70 feet of frontage along 92nd Street, 4,532 square feet of lot area and is currently occupied with a one-story plus cellar UG 4 medical office, which will be demolished to effectuate the subject proposal; and

WHEREAS, the applicant originally proposed, and the

---

# MINUTES

---

Community Board based its recommendation on a review of, a four-story plus cellar building with a trellis containing solar panels atop a 10 foot high fence on the roof, 10,655 square feet of floor area, a floor area ratio (“FAR”) of 2.35, 64 percent lot coverage, no rear yard at floors two through four, no front yard, side yards measuring 8’-1/2” and 3’-3/4”, a total wall height of 59’-6” and no parking; and

WHEREAS, in the course of hearings, and in response to concerns raised by members of the surrounding community and the Board, the applicant modified the proposal to a three-story plus cellar building with a 10 foot high rooftop fence, 9,064 square feet of floor area, 2.0 FAR, 64 percent lot coverage, no rear yard at floors two and three, a front yard measuring 8 feet, no side yards, total wall height of 39’-3”, no parking, no front setback no side setbacks; and

WHEREAS, at the subject site, the maximum FAR permitted is 2.0 and the maximum floor area permitted is 9,064 square feet pursuant to ZR § 24-11, a maximum of 55 percent lot coverage is permitted pursuant to ZR § 24-11; a rear yard of at least 20 feet is required pursuant to ZR §§ 24-36 and 24-37; a front yard of at least 15 feet is required pursuant to ZR § 24-34; two side yards measuring at least 8 feet each are required pursuant to ZR § 24-35; a front setback is required 35 feet above the front yard line pursuant to ZR § 24-521; 27 parking spaces are required pursuant to ZR 25-31; and side setbacks are required 35 feet or more than three stories above the level of a side yard, whichever is lower, pursuant to ZR § 24-551; and

WHEREAS, the applicant seeks the subject variance to waive the bulk requirements of ZR §§ 24-10 (lot coverage), 24-34 (front yard), 24-37 (rear yard), 24-521 (sky exposure plane and set back), 24-551 (side setbacks), 24-35 (side yards) and 25-31 (parking); and

WHEREAS, the applicant states that, consistent with ZR § 72-21(a), the shallow depth of the lot creates a practical difficult and unnecessary hardship in developing the site in conformance with the underlying district regulations; specifically, a complying building on the lot, which has a depth of 60’-1” at its eastern end and a depth of 70’-1” at its western end, would have a functional depth of only 25 feet and be unable to accommodate sufficient classroom space for the Applicant’s operations; and

WHEREAS, the Applicant submitted a uniqueness study demonstrating that the subject lot is among the 25 most shallow lots of the 233 lots on the four tax blocks located at the intersection of Battery Avenue and 92nd Street and the second most shallow lot of the 42 lots within the same study area developed subsequent to the enactment of the 1961 Zoning Resolution; and

WHEREAS, the Applicant asserts that the depth of the lot was adversely affected by the widening of 92nd Street in 1959, which reduced its depth by 40 feet; and

WHEREAS, as a result of the shallow lot depth, the Applicant represents that strict compliance with applicable zoning regulations results in an inefficient building with the majority of the space on the upper floors dedicated to circulation space rather than classroom space; and

WHEREAS, the Board agrees that the aforementioned

unique physical conditions at the site create unnecessary hardship and practical difficulty in developing the site in conformance with the applicable zoning regulations; and

WHEREAS, because the Applicant is a non-profit organization and the variance is requested to further its non-profit mission, the finding set forth in ZR § 72-21(b) is not required in order to grant the subject variance; and

WHEREAS, with regards to ZR § 72-21(c), the Applicant states that the variance, if granted, will not alter the character of the neighborhood, impair the appropriate use or development of adjacent property or be detrimental to the public welfare because the subject site is located on a wide street in an area comprised of residential and community facility uses and features a few larger institutions as well, including a school on nearly 26 acres located directly east and southeast of the premises, and two medical buildings, one six-stories and the other seven-stories, located diagonally across 92nd Street from the premises; and

WHEREAS, the Applicant additionally represents that a significant number of buildings in the area were developed prior to 1961 and do not comply with the applicable zoning regulations, vary in height and bulk parameters, and, thus, the subject proposal would not be out of character due to this lack of a consistent building typology; and

WHEREAS, at hearing, several members of the community (the “Opposition”) expressed opposition to the height and massing of the proposal as out of context with the character of the subject block, which they define as uniformly consisting of two-story single- and two-family residences, and, in response, the Applicant revised the proposed design—removing the originally proposed fourth floor, setting the roof top play area back from the front of the building, angling back the stair bulkheads to reduce their visibility from the street, removing a solar panel trellis proposed over the roof, reducing the amount of space dedicated for office and administrative use, relocating the stairwells in the side yards and reducing the degree to which the building entrance encroaches into the front yard; and

WHEREAS, in response to the Board’s requests, the Applicant also revised the proposal to reduce the size of a sidewalk vault in the cellar, thereby facilitating the retention of a large tree located in front of the site; and

WHEREAS, there was discussion at hearing regarding the material proposed for the exterior of the building, which members of the Board expressed a familiarity with and a concern that such material was sufficiently durable and/or would be properly maintained so as to not make the building a blight on the surrounding community; and the Applicant agreed to conditions regarding this material, including that it be maintained, repaired and replaced as needed to main the building’s appearance in a first class condition, which have been included herein; and

WHEREAS, the Opposition additionally objected generally to the subject proposal, raising questions about the applicant’s status as a “school” for zoning purposes and entitlement to deference in zoning applications, as well as issues emanating from the operation of this facility at the

---

# MINUTES

---

subject premises, including the safety of students, especially pre-Kindergarten students, traveling to and from the facility; the lack of on-site parking and the current deficiency of on-street parking in the area; the additional strain the use will place on existing neighborhood utilities; concerns of increased noise associated with the proposed use; and the additional traffic congestion anticipated to be created by the proposal and the inability of the surrounding area to accommodate it; and

WHEREAS, the Board first notes that the Applicant has not received the deference afforded to education and religious institutions pursuant to the New York Court of Appeals' holding in *Cornell University v. Bagnardi*, 68 NY2d 583 (1986); and

WHEREAS, with regards to traffic and parking, the Applicant represents that the parking requirement for the proposal is driven by the UG 4A non-profit without sleeping accommodations use (that is, the provision of afterschool and weekend instruction in Greek culture, language, literature, history and religion); that the facility's heaviest hours of operation—weekday afternoons and Saturdays—are outside of the typical rush hours; that while there are approximately 175 students currently enrolled in the Applicant's programming, they are from 98 families and many families transport more than one child to the facility at a time, thereby reducing the number of vehicle trips; that families will often participate in car pools, further limiting the number of cars that drop-off or pick-up at the site; that 30 percent of students live within 1 mile of the site and 78 percent of students live within 2 miles of the site, meaning that their parents will likely drop them off at the site and return home, rather than utilize on-street parking nearby; that classes are staggered throughout the week such that the entire student body does not attend each day; that large events in the proposed multi-purpose room will only occur two to three times a year and bring up to 50 cars into the neighborhood and any larger events will occur offsite; that under ZR § 25-31, as applied to the projected number of staff persons onsite, the UG 4A use yields a parking requirement of only 3 spaces, a number low enough to be waived pursuant to ZR § 25-33; and a majority of the current teachers and staff (7 out of 12) travel to the site via public transportation; and

WHEREAS, the Applicant provided a traffic and parking study concluding that there is, indeed, sufficient on-street parking to accommodate the peak parking demand created by the proposed uses at the site, projected to be seven to eight vehicles on weekday evenings and four to five vehicles on Saturday mornings; and

WHEREAS, the Applicant additionally obtained a 55 foot long "No Standing" zone in front of the site from the New York City Department of Transportation ("DOT"), effective from 8:00 a.m. to 6:00 p.m. Mondays through Saturdays, which would allow pick-ups and drop-offs to occur without disturbing street traffic; and

WHEREAS, DOT reinstated five parking spaces in the vicinity to mitigate the loss of parking spaces due to the installation of the "No Standing" zone; and

WHEREAS, in light of the above, the Board finds that this action will not alter the essential character of the neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, the applicant state that, per ZR § 72-21(d), the hardship was not self-created; and

WHEREAS, the Board finds that the hardship herein was not created by the owner or a predecessor in title; and

WHEREAS, to demonstrate that the subject proposal is the least variance necessary to accommodate its programming, the Applicant provided an analysis of three alternative proposals: (1) a building that extended further into the side yards (the "Wider Building Scenario"), (2) a building made shorter by lowering the existing slab to the bottom of the footings (the "Lower Slab Scenario") and (3) a building that complies with all applicable zoning regulations (the "As-of-Right Scenario"); and

WHEREAS, the Applicant represents that the three alternatives are fiscally impracticable and/or do not meet the needs of the Applicant's current programming—to wit, the Wider Building Scenario, in going beyond the bounds of the existing foundation walls and requiring additional demolition, excavation, shoring, bracing, underpinning and footings, would cost nearly 15 percent more than subject proposal and, thus, pose a financial hardship; the Lower Slab Scenario would similarly require additional foundation costs and be prohibitively expensive; finally, the As-of-Right Scenario could accommodate only four classrooms, which would accommodate only 48 of the Applicant's 175 students simultaneously and, thus, would be inadequate for both the Applicant's current and future enrollment; and

WHEREAS, the Applicant currently rents space in several neighborhood locations for its administrative office, classroom and storage needs and the subject proposal is intended to unite all of these functions within a single structure easily accessed by the Applicant's currently enrolled students as well as the large Greek populations located in Bay Ridge, Dyker Heights and Staten Island; and

WHEREAS, the Applicant anticipates that its current enrollment will increase by approximately 15 students annually and projects a total enrollment numbering 325 students in ten years, a number the Applicant notes is not without precedent in its operational history and likely in light of the construction of the dedicated facility proposed herein; and

WHEREAS, accordingly, the subject proposal provides 11 small classrooms, with an approximate size of 300 square feet each, dedicated to use for Greek language, history, religion, culture, dance, art, theater, philosophy and ancient Green mythology instruction on weekday afternoons and Saturdays, and two classrooms for a UPK program, to be established and operated by the Applicant, which will be utilized non-simultaneously, specifically from 8:30 a.m. to 3:00 p.m., Monday through Friday; and

WHEREAS, the Applicant additionally proposes to establish a nursery program at the premises, operating from 12:00 p.m. to 2:15 p.m., Tuesday and Thursday; and

---

# MINUTES

---

WHEREAS, the building will also be utilized for special activities related to the Greek language and culture instruction occurring onsite—including theatrical productions and art exhibitions; accordingly, the proposal includes a multipurpose room in the cellar with a capacity for approximately 225 people, as well as laundry facilities to enable the maintenance of specialty costumes, utilized in said productions, onsite; and

WHEREAS, the As-of-Right Scenario would provide nine fewer classrooms and only 40 percent of the floor area provided in the subject proposal in a building the Applicant identifies as highly inefficient in that a majority of floor area on the second and third floors would be dedicated to circulation space and less than 25 percent of the floor area would be usable for the Applicant's programming; and

WHEREAS, the Board again notes the significant modifications made to the subject proposal in light of Board comments, including revisions to the building envelope and the addition of a daytime UPK program in response to Board concerns regarding the apparent under-utilization of the building, and the attendant decrease in the number and degree of waivers herein requested; and

WHEREAS, the Board agrees, in accordance with ZR § 72-21(e), that the subject proposal is the minimum necessary to afford the owner relief; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement (EAS) Short Form CEQR No. 15-BSA-038K, dated March 11, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; [Public Health;]Neighborhood Character; or Construction; and

WHEREAS, by letter dated December 27, 2016, the New York City Department of Environmental Protection ("DEP") states that, upon review of a study of the potential noise effects of the rooftop playground component of the subject proposal and backup materials, it was determined that the proposed rooftop playground will not result in any potential for significant adverse impacts with regards to noise; and

WHEREAS, no other significant effects upon the environmental that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact

on the environment; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration, with conditions as stipulated below, prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR, Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR § 72-21 to permit, on a site located in an R4B zoning district, the construction of a three-story plus cellar UG 4A non-profit without sleeping accommodations, and UG 3 school that does not comply with lot coverage, front yard, rear yard, sky exposure plane, set back, side set back, side yard and parking requirements, contrary to ZR §§ 24-10, 24-34, 24-37, 24-521, 24-551, 24-35 and 25-31; *on condition* that any and all work will substantially conform to drawings as they apply to the objections above noted, filed with this application marked "Received February 10, 2017"- Ten (10) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: a maximum of 64 percent lot coverage, a front yard measuring at least 8 feet, no rear yard at the second and third floors, a maximum height of 39'-3", no front setbacks, no side setbacks, no side yards and 0 parking spaces, as reflected on the BSA-approved plans;

THAT the rooftop playground shall not be utilized for play prior to 9:00 a.m. or after 7:00 p.m.;

THAT the EIFS façade material shall be maintained, repaired and replaced as needed to maintain the building's appearance in a first class condition and shall be installed with thermal barriers to prevent interior fire spread in accordance with the International Building Code requirements for EIFS and foam plastic insulation and shall comply with special inspection requirements EIFS, if applicable to installation method;

THAT other non-foam plastic insulation materials may be substituted for EIFS;

THAT the school shall provide monitors to prevent double parking in front of the school loading zone and to ensure that crowds disperse before and after instructional sessions and events at the premises;

THAT the building shall not be used for catering or commercial purposes;

THAT any increase to the number of classrooms utilized for the Universal Pre-Kindergarten program shall require prior approval by the Board;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its

# MINUTES

jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 14, 2017.

**259-14-BZ**

**CEQR #15-BSA-089K**

APPLICANT – Fried, Frank, Harris, Shriver & Jacobson LLP, for The Rector, Church-Wardens and Vestrymen of Trinity Church in the City of New York, owner.

SUBJECT – Application October 17, 2014 – Variance (§72-21) to permit the proposed structure in rear yard of the interior lot portion of the site contrary to (ZR 33-23 and ZR 33-26) of the zoning resolution. C5-5 (SLMD) zoning district.

PREMISES AFFECTED – 68-74 Trinity Place aka 103-109 Greenwich Street, Block 51, Lot 7, Borough of Manhattan.

**COMMUNITY BOARD #1M**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of a Department of Building (“DOB”) Zoning Specialist, dated July 21, 2016, acting on DOB Application No. 121186885 reads in pertinent part:

“ZR 33-23, ZR 33-26: Proposed structure, 101’3” in height at the rear of the interior lot portion of the site along Greenwich Street, and 115’0” in height at the rear of the interior lot portion of the site along Trinity Place, is not a permitted obstruction in the rear yard, contrary to ZR 33-23 and ZR 33-26; and

WHEREAS, this is an application under ZR § 72-21 to permit, on a site located in a C5-5 zoning district and the Special Lower Manhattan District, the construction of a 27-story mixed-use community facility and commercial building that does not comply with the rear yard requirements set forth in ZR §§ 33-23 and 33-26; and

WHEREAS, this application is filed on behalf of The Rector, Church-Wardens and Vestrymen of Trinity Church (the “Applicant” or “Trinity”), a non-profit Episcopal parish based in Lower Manhattan; and

WHEREAS, a public hearing was held on this application on October 18, 2016, after due notice by publication in *The City Record*, with a continued hearing on January 24, 2017, and then to decision on February 14, 2017; and

WHEREAS, Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 1, Manhattan, recommends approval of this application; and

WHEREAS, by letter dated October 18, 2016, Manhattan Borough President Gale Brewer expressed support for the approval of this application and lauded Trinity’s efforts in engaging the local community on the development of the subject site; and

WHEREAS, at hearing, New York City Council Member Margaret Chin expressed her support of this application and appreciation of the Applicant’s efforts in integrating community interests in the proposed design; and

WHEREAS, the subject site is located on the west side of Trinity Place, between Rector Street and Thames Street, in a C5-5 zoning district and the Special Lower Manhattan District, in Manhattan; and

WHEREAS, the site is comprised of a through lot and two interior lots, having approximately 133 feet of frontage along Trinity Place, 108 feet of frontage along Greenwich Street and 16,733 square feet of lot area; and

WHEREAS, the site is currently vacant, but was formerly occupied by a 26-story building and four-story building; the former buildings were partially joined on their interiors and utilized in part by Trinity for programming with the remainder rented to third parties, but Trinity submits that they were inadequately configured to accommodate the totality of Trinity’s programming needs; and

WHEREAS, the Applicant now proposes to develop the site with a 27-story mixed use building containing 109,346 square feet of community facility floor area on the cellar level through eighth floors and 141,470 square feet of commercial space on floors 10 through 26, with mechanical equipment on floors nine and 27 (the “Proposed Building”); and

WHEREAS, , a rear yard with a depth of not less than 20 feet must be provided at each of the rear lot lines of the two interior lot portions of the subject site, pursuant to ZR § 33-26, and only obstructions identified in ZR § 33-23 are permitted within those required yards; and

WHEREAS, as no rear yards are proposed at the interior lot portions of the site and the obstructions proposed therein are not permitted obstructions as set forth in ZR § 33-23, the Applicant requests the subject variance; and

WHEREAS, the applicant notes, and the Board confirms, that the waivers requested relate only to the community facility portion of the Proposed Building and waivers are neither requested nor required for the commercial floors of the Proposed Building; and

WHEREAS, the Proposed Building is located across the street from Trinity Church, the Applicant’s primary sanctuary, and will be connected to Trinity Church by an existing pedestrian bridge over Trinity Place; and

WHEREAS, the community facility portion of the Proposed Building, the Parish Center, is intended to provide sufficient space for the Applicant’s programming and associated support services; among those spaces is the Parish Hall, which, with a capacity of 280 congregants, will serve as the hub of the Parish Center and be the central gathering space for, among other uses, worship services and a Coffee Hour following religious services held at Trinity

---

Church; and

WHEREAS, Trinity states that the irregular shape and composition of the lot creates practical difficulties or unnecessary hardship in strictly complying with the bulk provisions of the Zoning Resolution; specifically, the site has two narrow interior lot portions—one on the northern end of the site measuring approximately 48 feet wide with a depth ranging from 48 feet to 52 feet and a second on the southern end of the site measuring approximately 4 feet wide by 101 feet deep—that would result in an irregularly shaped conforming building, and the site decreases in elevation from east to west such that the street level of Trinity Place is more than 9 feet higher than Greenwich Street; and

WHEREAS, the Applicant submits that the practical difficulties resulting from the aforementioned unique conditions of the subject site include an inability for Trinity to effectively accommodate its wealth of programming or rationally lay out core building services, including stairs, elevators, restrooms and egress corridors; strict compliance with the rear yard regulations applicable to the interior lot portions of the site would additionally result in a loss of more than 10,000 square feet of interior program and outdoor space; and

WHEREAS, in addition, the Applicant notes, and the Board recognizes, that Trinity, as a religious institution, is entitled to deference under the law of the State of New York as to zoning and its ability to rely upon programmatic needs in support of the subject variance application; specifically, as held in *Cornell University v. Bagnardi*, 68 NY2d 583 (1986), an educational or religious institution's zoning application is to be granted unless it can be shown to have an adverse effect on the health, safety or welfare of the community and general concerns about traffic and disruption of the residential character of a neighborhood are insufficient grounds for the denial of such application; and

WHEREAS, based on the above, the Board finds that the Applicant is entitled to deference on this application and satisfaction of the (a) finding is not required; and

WHEREAS, because Trinity is a non-profit organization and the variance is requested to further its non-profit mission, the finding set forth in ZR § 72-21(b) is not required in order to grant the subject variance; and

WHEREAS, with regards to ZR § 72-21(c), the Applicant represents that the variance, if granted, will not alter the character of the neighborhood, impair the appropriate use or development of adjacent property or be detrimental to the public welfare because the Proposed Building is surrounded by institutional, commercial and residential buildings of similar or greater scale; the 27-story Proposed Building will replace the recently demolished 26-story mixed-use community facility and commercial building constructed at the subject site in the early 20th Century that encroached upon a, now required, rear yard area on the interior portion of the lot; and, with the exception of the rear yard waivers herein requested, the Proposed Building will comply with all applicable zoning regulations relating to height, setback and floor area; and

WHEREAS, in addition, Trinity states that the absence of rear yards at the subject site will not adversely affect the two buildings located adjacent to those areas in which such rear yards would be required because neither building has operable windows in the areas in which the rear yards are required and, therefore, neither building relies on the existence of rear yards at the subject site for light and/or air; and

WHEREAS, with regards to the New York Curb Exchange building (later known as the American Stock Exchange building), an individual landmark designated by the New York City Landmark Preservation Commission, located directly north of the subject site and flush against the rear yard required at the northern end of the subject site, the Applicant states that the building will be protected during construction of the Parish Center and that a landmark protection plan is being prepared in accordance with DOB Technical Policy and Procedure Notice # 10/88; and

WHEREAS, in light of the foregoing, the Board finds that the proposal will not alter the essential character of the surrounding neighborhood, nor impair the use or development of adjacent properties, and not be detrimental to the public welfare; and

WHEREAS, the Applicant states and the Board finds that, per ZR § 72-21(d), the hardship was not self-created; and

WHEREAS, finally, the Applicant submits that, consistent with ZR § 72-21(e), the requested waivers are the minimum necessary to allow Trinity to fulfill its programmatic needs; and

WHEREAS, the Applicant states that the Parish Center is proposed to accommodate the anticipated future growth of Trinity's congregation in light of the rapidly growing residential population of Lower Manhattan; Trinity's current membership totals 900 congregants, 1,500 congregants are anticipated by 2020, when the Parish Center is projected to open, and an additional 50 percent increase in the congregation is anticipated upon the opening of the Parish Center; and

WHEREAS, in planning the Parish Center, the Applicant both looked at its existing programming and engaged the local community through charrettes, interviews of community leaders and surveys sent to residents of Lower Manhattan to determine how the Proposed Building could serve Trinity congregants as well as the greater community through additional program offerings; and

WHEREAS, as evidence of the extent of their existing programming, the Applicant submitted a recent Weekly Bulletin to serve as an example of Trinity's offerings in a given week, which include religious services held six days a week; youth Sunday School; a variety of adult education sessions and lectures; evening prayer sessions; the Brown Bag Lunch Ministry, a charitable food program that provides lunch to approximately 100 people daily; poetry workshops; meetings for various church groups, including Trinity Women and an Environmental Justice Group, as well as community service and grassroots organizations; silent meditation sessions; a ministry for Trinity's senior

---

# MINUTES

---

congregants; spiritual journaling sessions; bible study; information sessions for various service opportunities; a film series; Trinity Institute Dialogue conferences; youth overnights; art workshops; dramatic readings and performances; and Congregational Council Committee meetings; and

WHEREAS, the Applicant submits that in addition to providing adequate space for these programs, the Parish Center must additionally accommodate Eucharist services for families with children, English language classes, community open hours sessions, marriage counseling, parenting groups, sessions dedicated to the provision of job and housing assistance, and rehearsal and performance space for Trinity's adult and children's choirs and orchestras, including the Movement Choir, Youth Chorus and Youth Orchestra; and

WHEREAS, the Parish Hall, a double-height column-less room, is the central programmatic element of the Parish Center purposefully located on the second level to facilitate a direct connection from the Trinity Church via the existing footbridge that traverses Trinity Place and, thus, was identified by Trinity as the primary driver of the layout for the entirety of the Parish Center; and

WHEREAS, the size of the Parish Hall was nevertheless constrained and reduced in size from its ideal capacity of 300 congregants to a capacity of 280 congregants in response to the following considerations: proper horizontal circulation from Trinity Church to the Parish Hall and from the Parish Hall to seminar rooms on the same level; adequate egress from the Parish Hall to grade-level entrances; adequate vertical circulation throughout the Parish Center, accomplished with a dedicated elevator banks of four elevators in order to meet industry standards for timing and capacity; locating restrooms in the same location on each level in order to assist in wayfinding, facilitate the efficient layout of plumbing throughout the Parish Center and advance Trinity's historic objective, through its "Restroom Ministry," of providing publically accessible restrooms; and the preference for locating adult education seminar rooms on the same level and in close proximity to the Parish Hall; and

WHEREAS, the Applicant represents that the resulting layout of Level 2 of the Parish Center, in demanding the particular locating of core building functions such as elevators and staircases, constrained the layouts of the Parish Center's remaining floors, but that in the design of these remaining floors, Trinity was guided by the following design principals and programming objectives: transparency and connection to Trinity Church; provision of space for programming with specific needs, including social space for junior high school and high school students—a demographic with which Trinity struggles to maintain a connection—and art spaces for expanded religious art and music programming; flexible multi-function spaces for worship as well as sports opportunities, identified as integral in achieving Trinity's mission of supporting young families; and the accommodation of all Sunday programming in a layout that is both efficient and intuitive; and

WHEREAS, Trinity identified, in particular, the consolidation of its Sunday School programming into a single facility as of particular import for the Parish Center, citing the current absence of nearly 100 percent of its Sunday School attendees from church services due to the Sunday School being located five blocks away from Trinity Church; and

WHEREAS, in light of those considerations, Sunday School classrooms and their attendant support spaces are located one floor away from the Parish Hall, on both Level 3 and the Mezzanine (1M) Level, to maximize the benefits of a direct adjacency to the Parish Hall and, by traversing the Trinity Place footbridge, Trinity Church; Level 3 contains Sunday School classrooms for children in grades 3 through 12 while Level 1M contains Sunday School classrooms for children in second grade and younger; and

WHEREAS, the Applicant represents that the construction methods and spans needed to accommodate the Parish Hall permitted the inclusion of a multi-function gymnasium located directly above the Parish Hall, on Level 4, and designed consistent with YMCA standards for a variety of sports activities, which the Applicant represents will be used for family-friendly worship-in-the-round services on those Sunday morning when both Trinity Church and the Parish Hall itself are filled to capacity, as well as after school programming; and

WHEREAS, Level 4 is proposed to feature spaces for Trinity's visual arts programming, including an art studio, art workshop and a rehearsal studio for Trinity's Movement Choir, Youth Orchestra and kinetic arts programs; and

WHEREAS, Level 5 of the Parish Center is dedicated to social spaces for junior high school and high school-aged congregants for purposes of meeting Trinity's mission of providing a supportive environment to young people in the throes of their spiritual development; the spaces include gathering spaces to be used to host a variety of educational events—including tutoring, mentoring and discussion groups, a community kitchen in which to host food-related programming and group-bonding opportunities, and an outdoor terrace space; and

WHEREAS, in response to Board questions regarding the monitoring of activities on Level 5 of the Proposed Building, the Applicant submitted that there is space on the floor allocated for a staff member to monitor and administer the youth programming and, with regards to use of the community kitchen, assured the Board that where the kitchen is hosting an intergenerational event, adequate supervision would be provided to ensure that such events remain separate and distinct from any contemporaneous youth-only activities on the floor; and

WHEREAS, Levels 6, 7 and 8 will be dedicated to consolidating all clergy and administrative offices, currently housed in multiple buildings throughout Lower Manhattan, and will accommodate both existing clergy and staff members as well as permit modest staff increases associated with the anticipated growth in Trinity's programming offerings; administrative teams are proposed to be located in clusters on the three floors to facilitate communication,

---

# MINUTES

---

collaboration and coordination; and

WHEREAS, to wit, Level 6 is proposed to include Trinity's program divisions, including Pastoral Care and Community, Community Engagement and Social Justice, and Congregational Life and the Arts; Level 7 will combine Trinity's support departments necessary for the day-to-day administration of Trinity's programming, including human resources, information technology, creative services, media production and the general counsel's office; and Level 8 will house offices for Trinity's church leadership, including the Rector, and additionally provide an outdoor terrace overlooking Trinity Place; and

WHEREAS, as an alternative to the Proposed Building, and to demonstrate that the Proposed Building is the least variance necessary to accommodate the Applicant's program, the Applicant submitted an as-of-right community facility scenario in which rear yards were provided in accordance with applicable zoning regulations (the "As-of-Right Scenario"); and

WHEREAS, Trinity submits that the As-of-Right Scenario results in the loss of 7,700 square feet of interior space and 3,070 square feet of outdoor spaces, a reduction that would result in modifications to the Proposed Building including the removal of one elevator from the proposed bank of four elevators; reductions in the size and number of necessary programming and programming support spaces; relocation of bathrooms on each of the floors, frustrating way finding and causing restrooms to occupy some of the limited transparent frontage of the Proposed Building otherwise preferred for programming space because of the access to natural light; the removal of several collaborative spaces on Levels 6, 7 and 8, frustrating the proposed adjacencies on those floors; and the elimination of the outdoor terrace space on Level 8; and

WHEREAS, in response to inquiries from the Board regarding whether it was necessary for the elevator bank to contain four, rather than three, elevators, the Applicant provided a vertical transportation system study for the subject site concluding that, based on a minimum acceptable full simultaneous exiting time of 25 minutes, four elevators are required to allow full exit for peak Sunday programming and that three elevators would provide "very poor quality service" and be unable to fully exit the population in even 30 minutes; additionally, with regards to regular daily use, the calculated interval for three elevators is more than 50 percent greater than the calculated interval for four elevators, and a reduction to three elevators would result in longer queuing times, significant congestion and fall far below acceptable operation standards for a new building; and

WHEREAS, in response to Board inquiries regarding the utility of the outdoor terrace space on Level 8, the Applicant explained that the terrace is necessary to meet Trinity's high demand for outdoor events—including welcome receptions for invited guests and speakers, receptions and fundraisers for Trinity's growing pre-school parents association, and morning community fellowship events—which Trinity is currently only able to

accommodate in the churchyard/graveyard of Trinity Church and St. Paul's Chapel, Trinity's second church site located at Broadway and Fulton Street; and

WHEREAS, the Applicant also offers that the required rear yards, if provided, would serve no practical purpose for the Proposed Building as they would be too narrow for outdoor recreational use (particularly the southern rear yard, which would measure only 4'-5.5" by 20 feet) and surrounded on all sides by windowless brick walls; further, the rear yards would be inaccessible from the street and, therefore, have no effect on the character of the surrounding neighborhood; and

WHEREAS, in light of the foregoing, the Board finds that this proposal is the minimum necessary to allow Trinity to fulfill its programmatic needs; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 15-BSA-089K, dated October 17, 2014; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes each and every one of the required findings under § 72-21, and grants a variance to permit, on a site located in a C5-5 zoning district and the Special Lower Manhattan District, the construction of a 27-story mixed use community facility and commercial building that does not comply with the rear yard regulations of ZR §§ 33-23 and 33-26; *on condition* that all work will substantially conform to drawings filed with this application marked "Received January 31, 2017"-Twenty-Two (22) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: no rear yards in the interior lot portions of the zoning lot, as illustrated on the Board-approved plans;

THAT the Parish Hall shall not be utilized as a for-profit commercial banquet or catering hall and shall only be used accessory to Trinity Church;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by February 14, 2021;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portion related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

APPLICANT – Eric Palatnik, P.C., for Buffalo Avenue Realty Associates, LLC, owner.

SUBJECT – Application April 23, 2015 – Variance (§72-21) proposed redevelopment of existing Use group hospital with the use of USG3 nursing home and sky exposure plain. R6 zoning district.

PREMISES AFFECTED – 170 Buffalo Avenue, between St. Marks Avenue and Prospect Place, Block 1362, Lot 1, Borough of Brooklyn.

**COMMUNITY BOARD #8BK**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative:.....0

**THE RESOLUTION** –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated December 7, 2016, acting on Department of Buildings (“DOB”) Application Nos. 321482418, reads in pertinent part:

Proposed redevelopment of existing Use Group 4 hospital with proposed Use Group 3 nursing home is contrary to ZR Section 24-552 (sky exposure plane) and therefore must be referred to the NYC Board of Standards and Appeals; and

WHEREAS, this is an application under ZR § 72-21, to authorize, on a site located within an R6 zoning district, the maintenance of non-complying setbacks which were constructed pursuant to a special permit previously-issued by the Board; the owner of the subject property has discontinued the use for which the special permit was issued and, as such,

the setbacks do not comply with ZR § 24-522; this application also seeks to legalize the configuration of the subject zoning lot, which is not in compliance with the BSA-approved plans; and

WHEREAS, a public hearing was held on this application on June 21, 2016, after due notice by publication in the *City Record*, with a continued hearing on August 16, 2016, and then to decision on August 23, 2016; and

WHEREAS, the record was re-opened on February 14, 2017, to accept a revised objection from DOB, closed and voted again on the same date; and

WHEREAS, Vice-Chair Hinkson, Commissioner Montanez, Commissioner Ottley-Brown, and Commissioner Chanda performed inspections of the subject site and neighborhood; and

WHEREAS, Community Board 8, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located in an R6 zoning district, in Brooklyn; the site has approximately 700 feet of frontage along the north side of Prospect Place, 256 feet of frontage along the west side of Buffalo Avenue, and 307 feet of frontage along the south side of St. Marks Avenue; a 59 foot wide portion of the site has a depth of approximately 934 feet running west from Buffalo Avenue; the site contains approximately 101,888 sq. ft. of lot area; and

WHEREAS, the applicant states that the existing seven-story with penthouse building (the “Subject Building”) was constructed in 1979 pursuant to a special permit issued by the Board under BSA Cal. No. 600-75-BZ (the “Special Permit”); the Special Permit authorized the construction of the Subject Building contrary to ZR § 24-522, which requires a front wall height of 60 feet or six-stories, whichever is less; the front wall height of the Subject Building at the street lines along Prospect Place and St. Marks Avenue reaches a height of eight stories (approximately 85’-8” feet) before setting back; and

WHEREAS, the applicant states that the Subject Building, which has a penthouse, cellar, and two sub-cellars, contains approximately 176,321 sq. ft. of floor area (1.73 FAR); as per the Special Permit, the Subject Building was used as a Use Group 4 hospital, with 241 beds; the applicant states that the Use Group 4 hospital use was discontinued in 2005 after its parent company filed for bankruptcy; the applicant states that the Subject Building has been vacant since that time; and

WHEREAS, the applicant maintains that the 2005 closure of the Use Group 4 hospital is consistent with a trend identified in the “Commission on Health Care facilities in the 21<sup>st</sup> Century, Final Report,” issued by the New York State Department of Health in 2006 (the “Berger Report,” which was submitted by the applicant and reviewed by the Board); the applicant notes that the Berger Report concluded, *inter alia*, that “health care services are migrating rapidly out of large institutional settings into ambulatory, home and community-based settings”; and

WHEREAS, the applicant also submitted an Outpatient Facility Analysis, dated July 5, 2016 (the “Outpatient Facility Analysis,” which was reviewed by the Board); the applicant represents that, as stated in the Outpatient Facility Analysis ,

---

# MINUTES

---

the trend identified in the Berger Report has created an excess of 1,235 inpatient hospital beds in Brooklyn, notwithstanding the closure of a number of hospitals in the last decade; the Outpatient Facility Analysis concludes that restoring a hospital use at the subject site is not feasible and is also in contravention of public policy and, therefore, that the Subject Building is functionally obsolete for the purpose for which it was constructed in 1979; and

WHEREAS, the applicant proposes to convert the Subject Building into a Use Group 3 Long Term Care Facility with 281 beds and 38 parking spaces (the “Proposed Conversion”); the applicant states that the Proposed Conversion is as-of-right in the subject zoning district and that the Subject Building is complying with the exception of the non-complying setbacks which are the subject of this application; and

WHEREAS, specifically, the applicant proposes to upgrade the Subject Building as follows: in the sub-cellars, the applicant proposes to upgrade the Subject Building’s mechanical equipment and spaces; in the cellar, the applicant proposes to create an “amenity zone” for residents and their families, and also upgrade the kitchen and dining facilities located therein; at the first floor of the Subject Building, the applicant proposes to construct a physical/occupational therapy suite, as well as 28 beds, a resident lounge, a dining room, kitchens, and storage; on each of the second through seventh floors of the Subject Building, the applicant proposes to construct bedrooms, lounge space, staff stations, dining/recreation areas, kitchens, and a service/staging corridor, as well as storage space; specifically, the applicant proposes to locate 60 beds on the second floor of the Subject Building, 33 beds on the third floor of the Subject Building, and 40 beds on each of the fourth, fifth, sixth, and seventh floors of the Subject Building; and

WHEREAS, the applicant will provide 34 parking spaces in an open space parking lot on the site and an additional four parking spaces enclosed within an existing garage which is located along Prospect Place; and

WHEREAS, in order to effect the Proposed Conversion, the applicant seeks a waiver of ZR § 24-522; as noted, the Subject Building has setbacks which do not comply with ZR § 24-522, pursuant to the Special Permit; the applicant also seeks the Board’s authorization of the current configuration of the subject zoning lot, which does not comply with the BSA-approved plans filed in connection with the Special Permit; and

WHEREAS, the applicant states that, in accordance with ZR § 72-21(a), the unique physical conditions which create an unnecessary hardship in developing the site in compliance with applicable regulations are the history of the development of the site and the obsolescence of the Subject Building, which was purpose-built for inpatient hospital use, for either that use or another as-of-right use; and

WHEREAS, the applicant argues that the Subject Building was designed for a Use Group 4 hospital use which, as evidenced by the ten year vacancy of the Subject Building upon the closure and bankruptcy of the hospital for which the Special Permit was issued, cannot be maintained at the site; the applicant refers to the Berger Report and the Outpatient

Facility Analysis and maintains that in addition to the institutional obsolescence of inpatient hospitals, outpatient facilities, another use to which the Subject Building might otherwise be put, must be sited in connection with larger inpatient facilities, but that the subject site is not located in close enough proximity to, and does not share a relationship with, any such hospital, thus, the applicant argues, the Subject Building is obsolete not only for the inpatient hospital use for which the Special Permit was issued and for which it was built, but also for an outpatient facility; and

WHEREAS, the applicant cites to the Berger Report in support of its application, and notes that since the Berger Commission formed to study the problem of excess inpatient hospital capacity, 18 hospitals in New York State have closed, including twelve in New York City (including the hospital for which the Subject Building was constructed); and

WHEREAS, at hearing, the Board asked the applicant to discuss the viability of the Subject Building for an outpatient hospital facility; and

WHEREAS, the applicant states that the Subject Building is not suitable for outpatient hospital services, nor could it provide the parking required therefor; in support of this statement, the applicant provided an analysis of an as-of-right outpatient facility; the analysis shows that such facility could accommodate only 106 parking spaces, less than the required 220; the applicant refers to the Outpatient Facility Analysis for the proposition that because of Brooklyn’s excess of inpatient beds and a lack of inter-hospital planning for the site, the Subject Building would not be authorized by the State of New York as an outpatient hospital center as it is unaffiliated with local hospital systems; and

WHEREAS, based upon the foregoing, the Board finds that the history of the development of the site and the obsolescence of the Subject Building for an as-of-right use create unnecessary hardship and practical difficulty in developing the site in compliance with the applicable zoning regulations; and

WHEREAS, the applicant asserts that, per ZR § 72-21(b), there is no reasonable possibility that the development of the site in strict compliance with the Zoning Resolution will bring a reasonable return; and

WHEREAS, as a threshold matter, the applicant reasserts the Use Group 4 Hospital Use for which the Subject Building was constructed, and for which the Special Permit was granted, is not feasible for the reasons set forth in the Berger Report and as evidenced by the closure of the hospital which was located at the site, and the bankruptcy of that hospital’s parent entity; and

WHEREAS, in order to demonstrate that there is no reasonable possibility of earning a reasonable return at the subject site by using the property in strict compliance with Zoning Resolution, or upon the issuance of a lesser variance, the applicant provided the Board with a financial analysis of the following development scenarios: (1) an As-of-Right Residential Development (the “Residential Development Scenario”); (2) an As-of-Right Long Term Care Facility Development (the “Long Term Care Development Scenario”); and (3) the Proposed Conversion; and

---

# MINUTES

---

WHEREAS, with respect to the Residential Development Scenario, the applicant states that such development cannot provide a reasonable return; specifically, the applicant states that using the capitalization of income method, the capitalized value of the Residential Development Scenario is \$24,550,000, and the total development cost for the Residential Development Scenario, including estimated property value, hard construction costs and soft costs, is estimated to be \$108,012,000; thus, the applicant concludes, the Residential Development Scenario contains \$83,462,000 less value than its total development costs; and

WHEREAS, with the respect to the Long Term Care Development Scenario, the applicant states that such development cannot provide a reasonable return; specifically, the applicant states that a complying setback on the seventh floor of the Subject Building will result in a loss of 860 sq. ft. of floor area from both sides of the Subject Building, resulting in the loss of two beds; the applicant states further that the removal of the non-complying setbacks which were authorized by the Special Permit would cost \$644,994, and would also result in an annual \$43,285 loss in revenue, which is the amount that would otherwise be generated by use of the two beds which would be forfeited in order to comply with the applicable setback regulations; upon making modifications to its analysis based on comments from the Board, the applicant states that, using the capitalization of income method, the capitalized value for the Long Term Care Development Scenario is \$86,257,000, and the total development cost for the Long Term Care Development Scenario, including estimated property value, hard construction costs and soft costs, is estimated to be \$87,987,000; thus, the applicant concludes, the Long Term Care Development Scenarios contains \$1,730,000 less value than its total development costs; and

WHEREAS, with respect to the Proposed Conversion, the applicant states that it is the only use of the property by which a reasonable return can be made; upon making modifications to its analysis based on comments from the Board, the applicant states that, using the capitalization of income method, the capitalized value of the Proposed Conversion is \$86,886,000, and the total development cost, including estimated property value, hard construction costs and soft costs, is estimated to be \$86,203,000; thus, the applicant concludes, the Proposed Conversion yields a return of \$683,000 which, the applicant states, is a minimally feasible investment opportunity; and

WHEREAS, the foregoing financial analyses were supported by a Financial Report dated April 9, 2015, and updated in response to concerns articulated by the Board and Board staff by letters dated March 28, 2016 and July 27, 2016; and

WHEREAS, based upon its review of the applicant's submissions, the Board has determined that because of the site's unique physical conditions there is no reasonable possibility of development of the site in strict compliance with the Zoning Resolution; and

WHEREAS, the applicant represents that the Proposed Conversion will not alter the essential character of the neighborhood, will not substantially impair the appropriate use

or development of adjacent property, and will not be detrimental to the public welfare, in accordance with ZR § 72-21(c); and

WHEREAS, the applicant notes that the Proposed Conversion does not result in an increase in the floor area of the Subject Building, which, the applicant also notes, was constructed in 1979; and

WHEREAS, the applicant also maintains that the neighborhood is characterized, in part, by large community facilities like the Subject Building; and

WHEREAS, the applicant submitted a land use study, which the Board reviewed, which shows that in the neighborhood surrounding the subject site there are three public schools and the Brooklyn Campus of the New York Children's Center; the applicant also notes that the closure of the hospital which previously occupied the Subject Building had a negative impact on the neighborhood, which would benefit from its proposed community facility use; and

WHEREAS, the applicant notes that the difference between the use authorized in conjunction with the Special Permit, that of a Use Group 4 hospital, is not dissimilar to the proposed Use Group 3 Long Term Care Facility; and

WHEREAS, the applicant shall improve the landscaping on the subject site and proposes to landscape and maintain the 59 foot wide strip of land that extends west down the center of the subject block in order to screen adjacent properties from the use of the Subject Building upon the completion of the work associated with the Proposed Conversion; and

WHEREAS, the applicant states that it will record a permanent easement for the benefit of ProMark Condominiums, its neighbor on the subject block, which will consist of two 5'-0" wide pathways across the 59 foot wide strip of land extending west down the center of the subject block; and

WHEREAS, accordingly, the Board finds that this action will not alter the essential character of the surrounding neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, the Board finds that, consistent with ZR § 72-21(d), the hardship herein was not created by the owner or a predecessor in title, but is due to the peculiarities of the site, including the history of the development of the site and the split-lot condition of the site; and

WHEREAS, the Board finds that the subject proposal is the minimum necessary to afford the owner relief, in accordance with ZR § 72-21(e); and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement (EAS) Short Form CEQR No. 16BSA124K, dated August 1, 2016; and

WHEREAS, the 2014 CEQR Technical Manual Table 19-2 contains noise exposure guidelines and recommends for a

# MINUTES

residential use such as the propose, an L10 of between 65 and 70 dB(A) is identified as marginally acceptable external exposure, while levels between 70 and 75 dB(A) are identified as marginally acceptable; and

WHEREAS, the applicant conducted a noise analysis showing that the highest recorded L10 at the St. Marks Avenue frontage of the subject property was 66.5 dB(A) during the late mid-day period, the highest recorded L10 at the Buffalo Avenue frontage of the subject property was 71.0 dB(A) during the late-midday period and the highest recorded L10 at the Prospect Place frontage of the subject property was 65.9 dB(A) during the morning period; and

WHEREAS, accordingly, the building façade fronting Buffalo Avenue is recommended to provide composite window-wall attenuation achieving a 28 dB reduction in noise levels and maintain a closed window condition to ensure an acceptable indoor noise environment; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning, and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; and Construction; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration, with conditions as stipulated below, prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR § 72-21 to permit, on a site located within an R6 zoning district, the configuration of the subject zoning lot and the maintenance of non-complying setbacks contrary to ZR § 24-522; *on condition* that any and all work will substantially conform to drawings as they apply to the objections above noted, filed with this application marked “Received August 19, 2016”– Twenty-One (21) sheets; and *on further condition*:

THAT the following will be the parameters of the proposed building: a Use Group 3 Long Term Care Facility with 281 Beds containing 176,321 sq. ft. of floor area (1.72 FAR) with a wall height of 85’-8”, all as reflected on the BSA-approved plans;

THAT the configuration of the zoning lot shall be as shown on the BSA-approved plans and any change in such configuration shall require authorization from the BSA;

THAT the applicant shall maintain landscaping as shown on the BSA-approved plan;

THAT the applicant shall record a permanent easement for the benefit of ProMark Condominiums, its neighbor on the subject block, consisting of two 5’-0” wide pathways across the

59 foot wide strip of land extending west down the center of the subject block, which is owned by the applicant, prior to the issuance of the Certificate of Occupancy;

THAT the building façade fronting Buffalo Avenue must provide composite window-wall attenuation achieving a 28 dB reduction in noise levels, maintain a closed window condition and provide an alternate means of ventilation, means of which include, but are not limited to, central air conditioning; and

THAT the above conditions shall be listed on the Certificate of Occupancy;

THAT substantial construction shall be completed in accordance with ZR § 72-23;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by February 14, 2021;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 14, 2017.

## 2016-4141-BZ

### CEQR #16-BSA-094M

APPLICANT – Kramer Levin Naftalis & Frankel LLP, for 30 Park Place Hotel LLC, owner; Four Seasons Hotel New York Downtown, lessee.

SUBJECT – Application March 17, 2016 – Special Permit (§73-36) to permit a physical culture establishment (*Four Seasons Hotel Spa*) on a portion of the third floor of a mixed-use hotel and residential building. C5-3 (LM) zoning district.

PREMISES AFFECTED – 99 Church Street (aka 27 Barclay Street, Block 123, Lot(s) 1101-1260 (fka 10), Borough of Manhattan.

### COMMUNITY BOARD #1M

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

#### THE RESOLUTION —

WHEREAS, the decision of the Department of Buildings (“DOB”) Manhattan Borough Commissioner, dated January 12, 2017, acting on DOB Application No. 110089779, reads in pertinent part:

“ZR 32-10: The proposed physical culture establishment is not permitted, as of right, and requires BSA special permit pursuant to ZR 73-36”; and

---

# MINUTES

---

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to permit, on a site located in a C5-3 zoning district, within the Special Lower Manhattan District, the operation of a physical culture establishment (“PCE”) on portions of the first and third floors of a 70-story, with cellar, mixed-use hotel-and-residential building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, and then to decision on February 14, 2017; and

WHEREAS, Community Board 1, Manhattan, recommends approval of this application; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, the site is located on the eastern side of Church Street, between Park Place and Barclay Street, in a C5-3 zoning district and within the Special Lower Manhattan District, in Manhattan; and

WHEREAS, the site is comprised of three tax lots: (1) Lot 7502 has approximately 148 feet of frontage along Church Street, 197 feet of frontage on Park Place, 201 feet of frontage on Barclay Street, 29,125 square feet of lot area and is occupied by a 70-story, with cellar, mixed-use hotel-and-residential building (the “PCE Site”); (2) Lot 18 has approximately 28 feet of frontage along Park Place, 2,106 square feet of lot area and is occupied by a five-story commercial building; and (3) Lot 3 has approximately 25 feet of frontage along Barclay Street, 1,880 square feet of lot area and is occupied by a three-story commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such use is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such use contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [sic] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts:

- (1) that such *use* shall be an incidental part of a permitted *physical culture or health establishment* located within the same *commercial or mixed building*;
- (2) that such *use* shall be open and unobstructed to the sky;
- (3) that such use shall be located on a roof not less than 23 feet above *curb level*;
- (4) that the application for such *use* shall be made jointly by the owner of the *building* and the operator of such *physical culture or health establishment*; and
- (5) that the Board shall prescribe appropriate controls to minimize adverse impacts on the surrounding area, including but not limited to, requirements for the location, size and types of signs, limitations on the manner and/or hours of operation, shielding of floodlights, adequate screening, and the control of undue noise including the amplification of sound, music or voices; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04 and 73-36(b)(4), it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or

---

# MINUTES

---

revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE will occupy a total of 6,542 square feet of floor area in the 70-story building located on the PCE site: 2,971 square feet of floor area on the first floor and 3,571 square feet of floor area on the third floor; and

WHEREAS, the PCE will be operated by the Four Seasons Hotel New York Downtown; and

WHEREAS, the applicant represents that the first floor portion of the PCE will contain a lobby, elevator and stairs and that the third floor will include a reception area, locker rooms with changing areas, bathrooms, showers, saunas and steam rooms, waiting rooms, treatment rooms and an outdoor terrace; and

WHEREAS, the applicant states that a gym and pool, also located on the third floor of the PCE Site, are accessory to the hotel use and not part of the subject PCE; and

WHEREAS, the PCE's hours of operation will be 8:00 a.m. to 8:00 p.m. daily, seven days per week; and

WHEREAS, the applicant states that the surrounding neighborhood is a vibrant, thriving region replete with offices, stores, residences as well as academic cultural institutions and that, therefore, the PCE would not impair the future use and development of the surrounding mixed-use area; and

WHEREAS, with regards to sound attention in the PCE, the applicant represents that sound-attenuation blankets within partition walls will be used to absorb noise, echoes and reverberation, if any, created by the PCE; and

WHEREAS, the applicant also represents that no sound issues associated with the proposed PCE use are anticipated because the PCE will not provide exercise classes, play loud music or contain exercise equipment; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to use of the premises, the applicant represents that the PCE will provide a variety of massage treatments by New York State licensed massage therapists; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the applicant represents that, because the PCE's outdoor terrace will have 651 square feet of floor area, will be used minimally and will be located within the same building as the PCE, the outdoor PCE use will be incidental to the incidental to the proposed PCE; and

WHEREAS, the Board finds that outdoor use of the rooftop terrace will be incidental to the PCE located within the same building; and

WHEREAS, the applicant represents and the Board finds that the proposed terrace is open and unobstructed to the sky; and

WHEREAS, the applicant represents that the outdoor terrace is located on a roof 78 feet in elevation; and

WHEREAS, the Board finds that the outdoor terrace will be located on a roof more than 23 feet above curb level; and

WHEREAS, the applicant represents that the application has been made by the PCE operator with the authorization of the owner of the building and that the subject proposal is effectively a joint application; and

WHEREAS, the Board finds that the subject application has been made jointly by the owner of the building and the PCE operator; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant has submitted plans to the Board indicating that an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to a Fire Department-approved central station—shall be installed in the entire PCE space; and

WHEREAS, by letter dated January 3, 2017, the Fire Department states that, based on its review of the drawings and supporting documentation for the proposed PCE, it has no objection to this application; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant states that the PCE will not interfere with any pending or approved public improvement project; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 16-BSA-094M, dated March 17, 2016; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.3 and 617.5, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to permit, on a site located in a C5-3 zoning district, within the Special Lower Manhattan District, the operation of a physical culture establishment ("PCE") on a portion of the third floor of a 70-story, with cellar, mixed-use hotel-and-residential building, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked "Received September 16, 2016"—Four (4) sheets; and *on further*

# MINUTES

condition:

THAT the term of this grant shall be for ten (10) years, expiring February 14, 2027;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station—shall be installed in the entire PCE space;

THAT Local Law 58/87 shall be complied with as approved by DOB;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by February 14, 2021;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 14, 2017.

## 2016-4219-BZ

APPLICANT – Eric Palatnik, P.C., for Sergey Rybak, owner.

SUBJECT – Application June 17, 2016 – Special Permit (§73-622) to permit the enlargement of a single-family residence, contrary to floor area requirements (ZR §23-142). R3-1 zoning district.

PREMISES AFFECTED – 239 Beaumont Street, Block 8740, Lot 84, Borough of Brooklyn.

### COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated June 16, 2016, acting on Department of Buildings (“DOB”) Application No. 321373562, reads in pertinent part:

“Proposed floor area ratio is contrary to ZR 23-

142”; and

WHEREAS, this is an application under ZR §§ 73-622 and 73-03 to permit, in an R3-1 zoning district, the proposed enlargement of a single-family residence that does not comply with the zoning requirements for floor area, contrary to ZR § 23-142; and

WHEREAS, a public hearing was held on this application on December 13, 2016, after due notice by publication in *The City Record*, and then to decision on February 14, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the east side of Beaumont Street, between Oriental Boulevard and the Manhattan Beach esplanade, in an R3-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 60 feet of frontage along Beaumont Street, a depth of 100 feet and 6,000 square feet of lot area; and

WHEREAS, the site is also located in Zone AE, an area of special flood hazard, on FEMA’s Preliminary Flood Insurance Rate Map (“FIRM”) and the application was referred to the Technical Affairs and Code Development Unit of DOB for review; and

WHEREAS, the site is occupied by an existing one-story, single-family detached residence with 2,200 square feet of floor area, a floor area ratio (“FAR”) of 0.37, lot coverage of 37 percent, 63 percent of open space, side yards measuring 7 feet and 3 feet and a rear yard of 19’-4”; and

WHEREAS, at the subject site, the maximum floor area permitted is 3,000 square feet (0.5 FAR) pursuant to ZR § 23-142; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached* or *semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit

---

# MINUTES

---

Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*, *floor area*, *side yard*, *rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins. Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated in ZR § 73-622; and

WHEREAS, the applicant proposes to add a second floor and attic, thereby increasing the floor area from 2,200 square feet (0.37 FAR) to 5,449 square feet (0.91 FAR), as well as remedy the existing residence's non-compliances with regards to lot coverage, open space, side yards and rear yards; and

WHEREAS, the applicant represents that the proposed enlargement complies with all applicable flood regulations, including but not limited to Appendix G of the Building Code and, among other things, proposes to elevate the first floor of the existing dwelling to an elevation of 16.02', more than five feet above the 11 foot Base Flood Elevation; by email dated January 6, 2017, DOB's Technical Affairs and Code Development confirmed review of the plans and deemed them to be satisfactory; and

WHEREAS, the applicant represents that the proposed enlargement is consistent with the character of the neighborhood; and

WHEREAS, in support of that contention, the applicant surveyed properties within 400 feet of the subject site and, of the 96 other one-and-two-family residences, 70 residences (73 percent) have an FAR greater than 0.50 and 20 residences (21 percent) have an FAR of 0.75 or greater; and

WHEREAS, the applicant also submitted, among other evidence, a photographic streetscape study illustrating that the proposed enlargement is in context with surrounding properties; and

WHEREAS, based upon its review of the record and its inspections of the site and surrounding area, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR §§ 73-622 and 73-03.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR §§ 73-622 and 73-03, to permit, in an R3-1 zoning district, the proposed enlargement of a single-family residence that does not comply with the zoning requirements for floor area, contrary to ZR § 23-142; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received January 20, 2017"-Twenty (20) sheets; and *on further condition*:

THAT the maximum floor area of the building shall be 5,449 square feet (0.91 FAR), as illustrated on the BSA-approved plans;

THAT all existing exterior walls indicated to remain on the BSA-approved plans shall remain or the special permit is void;

THAT removal of more than the total existing floor area, as illustrated on the BSA-approved plans, will void the

special permit;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 14, 2017.

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92, to permit, on a site within an R3X (C1-1) zoning district, the alteration of an existing two-story detached two-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for rear yards, pursuant to ZR §§ 23-47 and 23-52; and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner’s Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

---

# MINUTES

---

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of Milbank Road, approximately 87 feet from the intersection of Milbank Road and Cedar Grove Avenue, in an R3X (C1-1) zoning district, on Staten Island; and

WHEREAS, the site has approximately 60 feet of frontage along Milbank Road, 60 feet of depth, 3,600 square feet of lot area and is occupied by detached two-story detached two-family dwelling; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-1069-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a two-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leaving to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the alteration of an existing two-story detached two-family dwelling to eliminate a portion of a one-story addition at the rear of the building that extends 1’-10” beyond the rear lot line of the subject property; and

WHEREAS, the applicant represents that the dwelling will be elevated by approximately 9 feet in its current footprint with the exception of portions of the rear one-story addition, including the portion that that extends beyond the property line, which will be removed, and an increase of approximately 3 square feet of floor area to square off the one-story addition, and that the resulting dwelling will have no rear yard; and

WHEREAS, at the subject site, a rear yard of at least 20 feet is required pursuant to ZR §§ 23-47 and 23-52; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-

COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the applicant states that the shallowness of the lot, the substandard size of the existing dwelling in relation to modern living standards and the composition of the dwelling on the subject lot create practical difficulties in complying with flood-resistant construction standards without the modification of the rear yard requirements and that waivers of the same are the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR §64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single- and two-family detached homes and that the proposed alteration and elevation of the home, while necessitating a bulk waiver, will reduce the degree of non-compliance at the rear yard and improve existing conditions; and

WHEREAS, by letter dated February 7, 2017, the Fire Department states that the proposal complies with all Fire Department requirements established by the Build it Back Task Force; and

# MINUTES

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17-BSA-077R, dated January 30, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R3X (C1-1) zoning district, the alteration and elevation of a two-story detached two-family dwelling, which does not comply with zoning requirements for rear yards, pursuant to ZR §§ 23-47 and 23-52; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received January 30, 2017”—Seven (7) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: no rear yard, as illustrated on the BSA-approved plans;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorized use and/or bulk shall be signed off by DOB and all other relevant agencies by February 14, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 14, 2017.

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92, to permit, on a site within an R3-1 zoning district, the alteration and elevation of an existing detached two-story single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for side yards, rear yards and open area required between buildings containing residences,, pursuant to ZR §§ 23-461(a), 23-461(c) and 23-47; and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner’s Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the north side of Mapleton Avenue, between Baden Place and Colony Avenue, in an R3-1 zoning district, on Staten Island; and

WHEREAS, the site has approximately 20 feet of frontage along Mapleton Avenue, a depth of 100 feet, 2,000 square feet of lot area and is occupied by a detached two-story single-family dwelling; and

WHEREAS, the Board has exercised jurisdiction over the subject site since March 8, 2016, when, under BSA Cal. No. 2016-2569-A, the Board granted a waiver of General City Law (“GCL”) § 35 to permit the elevation of the existing single-family home on a portion of a site that lies within the bed of a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon no building or other structure being constructed over an existing DEP-managed water or sewer main; no building or other structure being within 5 feet of a DEP-managed existing water or sewer main; any new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building not being within 5 feet of a DEP-managed existing water or sewer main; if the curb-to-curb

---

width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line, the building having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code, the provision of an interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 or the New York City Building Code, the underside of the building having an exterior assembly with a 2-hour fire resistance rating where the foundation is not completely closed, and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the alteration and elevation of the existing detached two-story single-family dwelling with a front yard measuring 4'-1", a rear yard measuring 34'-1", side yards measuring 1'-8" and 2'-6" and less than 8 feet from the residential building on the adjacent zoning lot; and

WHEREAS, at the subject site, a front yard of at least 15 feet is required pursuant to ZR § 23-45, a rear yard of at least 30 feet is required pursuant to ZR § 23-47, side yards with a combined width of at least 13 feet, each at least 5 feet wide, are required pursuant to ZR § 23-461(a) and an open area with a minimum total width of 8 feet is required between buildings containing residences on adjacent zoning lots pursuant to ZR § 23-461(c); and

WHEREAS, in addition to elevating the existing dwelling, the applicant proposes to shift the building footprint towards to the rear of the lot, expand the front yard to a zoning compliant depth of 15 feet in order to accommodate front stairs with a chair lift, and decrease the depth of the rear yard to 24'-6"; the existing side yards will also be slightly enlarged to widths of 2'-3" and 3'-5"; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

(a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;

- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the applicant states that the narrowness of the lot and the need to provide a chair lift in the front yard and maintain the existing floor area create practical difficulties in complying with flood-resistant construction standards without the modification of the side and rear yard requirements and that waivers of the same are the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single and two-family detached and semi-detached homes placed perpendicular to the street and that the proposed alteration and elevation includes flood mitigating elements, including landscaping, that will contribute positively to the existing neighborhood fabric; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA086R, dated February 9, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on

# MINUTES

a site within an R3-1 zoning district, the alteration and elevation of an existing detached two-story single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for side yards, rear yards and open area required between buildings containing residences, pursuant to ZR §§ 23-461(a), 23-461(c) and 23-47; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received February 14, 2017”—four (4) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: a rear yard of at least 24’-6”, side yards with a minimum width of 2’-3” and 3’-5” and an open area with a width of less than 8 feet between the subject building and the residential building on the adjacent zoning lot, as illustrated on the BSA-approved plans;

THAT this approval shall be limited to the Build it Back program;

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92, to permit, on a site within an R3-1 (C1-1) zoning district, the alteration and elevation

of an existing detached two-story two-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, pursuant to ZR § 23-45; and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner’s Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Hett Avenue, between New Dorp Lane and Beacon Place, in an R3-1 (C1-1) zoning district, on Staten Island; and

WHEREAS, the site has approximately 60 feet of frontage along Hett Avenue, a depth of 100 feet, 6,000 square feet of lot area and is occupied by a detached two-story two-family dwelling; and

WHEREAS, the Board has exercised jurisdiction over the subject site since March 8, 2016, when, under BSA Cal. No. 2016-4078-A, the Board granted a waiver of General City Law (“GCL”) § 35 to permit the elevation of the existing two-family home on a portion of a site that lies within the bed of a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon no building or other structure being constructed over an existing DEP-managed water or sewer main; no building or other structure being within 5 feet of a DEP-managed existing water or sewer main; any new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building not being within 5 feet of a DEP-managed existing water or sewer main; if the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line, the building having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code, the provision of an interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 or the New York City Building Code, the underside of the building having an exterior assembly with a 2-hour fire resistance rating where the foundation is not completely closed, and the height from grade plane to the highest window-sill leading to a habitable space not

exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the alteration and elevation of the existing detached two-story two-family dwelling with a front yard measuring approximately 7 inches and side yards measuring 7 inches and 41'7"; and

WHEREAS, at the subject site, a front yard of at least 15 feet is required pursuant to ZR § 23-45 and side yards with a combined width of at least 13 feet, each with a width of at least 5 feet, are required pursuant to ZR § 23-461; and

WHEREAS, in addition to elevating the existing dwelling, the applicant proposes to shift the building footprint enlarging the non-compliant 7" side yard to a complying width of 5 feet, but maintain the approximately 7 inch deep front yard; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the composition of the existing dwelling on the lot creates practical difficulties in complying with flood-resistant construction standards without the modification of the front

yard requirements and that a waiver of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes that the lateral shifting of the dwelling on the lot reduces the degree to which the dwelling does not comply with applicable bulk regulations, specifically, it facilitates the provision of two compliant side yards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single- and two-family detached and semi-detached dwellings and that the proposal improves the existing side yard condition thus, makes a positive contribution to the existing neighborhood fabric; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA087R, dated February 9, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R3-1 (C1-1) zoning district, the alteration and elevation of an existing detached two-story two-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, pursuant to ZR § 23-45; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received February 9<sup>th</sup>, 2017"-Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: a front yard of at least 7", as illustrated on the BSA-approved plans;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by February 14, 2021;

THAT the approved plans shall be considered

---

approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 14, 2017.

## \*CORRECTION

**This resolution adopted on January 24, 2017, under Calendar No. 160-15-BZ and printed in Volume 102, Bulletin Nos. 4-5, is hereby corrected to read as follows:**

### 160-15-BZ

#### CEQR #16-BSA-006K

APPLICANT – Sheldon Lobel, P.C., for 186 Montague Street, LLC, owner.

SUBJECT – Application July 16, 2015 – Special Permit (73-36) to permit the operation of a Physical Culture Establishment (*Orangetheory Fitness*). C5-2A zoning district.

PREMISES AFFECTED – 186 Montague Street, Block 250, Lot 34, Borough of Brooklyn.

#### COMMUNITY BOARD #2BK

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

Absent: Commissioner Otley-Brown.....1

#### THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated January 15, 2016, acting on DOB Application No. 320625463, reads in pertinent part:

“Proposed use, ‘physical culture or health establishment’, is not permitted as-of-right in C5-2A, DB district and a BSA special permit is required”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, on a site located in a C5-2A zoning district, within the Special Downtown Brooklyn District and the Borough Hall Skyscraper Historic District, the operation of a physical culture establishment (“PCE”) on a portion of the second floor of a four-story, with cellar, commercial building, contrary to ZR § 32-10;

WHEREAS, a public hearing was held on this application on December 13, 2016, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Community Board 2, Brooklyn, recommends approval of this application; and

WHEREAS, Vice-Chair Hinkson, Commissioner Otley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the south side of Montague Street, between Clinton Street and Court Street, in a C5-2A zoning district, within the Special Downtown Brooklyn District and the Borough Hall Skyscraper Historic District, in Brooklyn; and

WHEREAS, the site has approximately 50 feet of frontage along Montague Street, 100 feet of depth, 5,000 square feet of lot area, and is occupied by a four-story, with cellar, commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such use is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such use contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [sic] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-

---

# MINUTES

---

04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies 3,950 square feet of floor area on the second floor; and

WHEREAS, the PCE has operated as Orangetheory Fitness since March 5, 2016; and

WHEREAS, the applicant represents that the PCE uses the main entrance, lobby and elevator on the first floor and that the second floor contains areas for treadmills, elliptical machines, stationary bicycles, rowers and weights as well as a reception area, locker rooms with restrooms and showers, an office and retail; and

WHEREAS, the PCE's hours of operation are Monday through Thursday, 5 a.m. to 9 p.m., Fridays, 5 a.m. to 8 p.m., Saturdays, 7 a.m. to 1 p.m., Sundays, 8 a.m. to 2 p.m.; and

WHEREAS, the applicant states that Montague Street is a frequently traveled commercial corridor with numerous commercial and mixed-use buildings; that nearby restaurants and retail stores are compatible with the PCE; and that, therefore, the PCE will not alter the essential character, future use or development of the surrounding area; and

WHEREAS, with regards to sound attenuation in the PCE, the applicant states that the PCE has installed a gypsum ceiling, a wood floating-floor system beneath the treadmills and Pliteq GenieMat FIT 70 rubber flooring material in the weights area; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to the use of the premises, the applicant states that the PCE contains facilities for physical-improvement, body-building, weight-reduction and aerobics programs; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant has submitted plans to the Board indicating that an approved fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms, and

connection of the interior fire alarm to an FDNY-approved central station—shall be installed in the entire PCE space; and

WHEREAS, by letter dated December 9, 2016, the Fire Department states that, based on its review of the drawings and supporting documentation for the subject PCE, as well as the fact that on-site operational testing of the interior fire alarm has already been scheduled, it has no objections to this application; and

WHEREAS, the Landmarks Preservation Commission (“LPC”) issued Certificate of No Effect No. 17-433 dated July 20, 2015, and expiring July 22, 2019, for interior alterations on the second floor associated with the subject PCE application, finding that the work will have no effect on significant protected features of the building; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant states that the PCE will not interfere with any pending or approved public improvement project; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 16-BSA-006K, dated July 16, 2015; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.3 and 617.5, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, on a site located in a C5-2A zoning district, within the Special Downtown Brooklyn District and the Borough Hall Skyscraper Historic District, the operation of a physical culture establishment (PCE) on the second floor of a four-story, with cellar, commercial building, contrary to ZR § 32-10; on condition that all work shall substantially conform to drawings filed with this application marked “Received January 4, 2017”- Five (5) sheets; and on further condition:

THAT the term of this grant shall be for ten (10) years, expiring March 5, 2026;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

---

# MINUTES

---

THAT an approved interior fire alarm system shall be maintained in the entire PCE space and that such system shall include: area smoke detectors, manual pull stations at each required exit, local audible and visual alarms, and connection of the interior fire alarm to an FDNY-approved central station;

THAT Local Law 58/87 shall be complied with as approved by DOB;

THAT noise abatement measures shall be provided and maintained within the PCE space—including a gypsum ceiling, a wood floating-floor system beneath the treadmills and rubber flooring in the weights area—as indicated on the BSA-approved plans;

THAT all exterior signage shall comply with applicable zoning district regulations and shall be subject to approval by the Landmarks Preservation Commission;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within one (1) year, by January 24, 2018;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 24, 2017.

## REGULAR MEETING MARCH 28, 2017, 10:00 A.M.

**NOTICE IS HEREBY GIVEN** of a public hearing, Tuesday morning, March 28, 2017, 10:00 A.M., at 22 Reade Street, Spector Hall, New York, N.Y. 10007, on the following matters:

-----

### SPECIAL ORDER CALENDAR

#### 187-08-BZ

**APPLICANT** – Sheldon Lobel, P.C., for Congregation & Yeshiva Maschzikei Hadas, owner.  
**SUBJECT** – Application April 22, 2016 – Amendment to a variance (§72-21) to allow a five-story school (*Congregation & Yeshiva Maschzikei Hadas*). The application seeks to increase the zoning lot contrary to the previous Board approval. M1-2/R6B zoning district.  
**PREMISES AFFECTED** – 1247 38<sup>th</sup> Street, Block 5295, Lot(s) 52 & 109, Borough of Brooklyn.  
**COMMUNITY BOARD #12BK**

-----

#### 301-13-BZ

**APPLICANT** – Eric Palatnik, P.C., for Rabbi Mordechai Jofen, owner.  
**SUBJECT** – Application September 6, 2016 – Amendment of a previously approved Variance (§72-21) permitting the addition of three floors to an existing one story and basement UG 4 synagogue for a religious-based college and post graduate (UG 3) with 10 dormitory rooms, contrary to sections 24-11, 24-521, 24-52,24-34(a),24-06. The amendment seeks a correction that the original DOB objection did not include a waiver of ZR §24-551 (side yard) and ZR §24-11 (Lot Coverage) R5B zoning district.  
**PREMISES AFFECTED** – 1502 Avenue N, Block 6753, Lot 1, Borough of Brooklyn.  
**COMMUNITY BOARD #14BK**

-----

### APPEALS CALENDAR

#### 2016-4170-A

**APPLICANT** – Juan D. Reyes of Seyfarth Shaw, for Cast Iron Corp., owner.  
**SUBJECT** – Application April 15, 2017 – Appeal to challenge the NYC Department of Buildings Permit Number 121236983-01-AL. C6-1 zoning district.  
**PREMISES AFFECTED** – 809-811 Broadway, Block 563, Lot 35, Borough of Manhattan  
**COMMUNITY BOARD #2M**

-----

## REGULAR MEETING MARCH 28, 2017, 1:00 P.M.

**NOTICE IS HEREBY GIVEN** of a public hearing, Tuesday afternoon, March 28, 2017, 1:00 P.M., at 22 Reade Street, Spector Hall, New York, N.Y. 10007, on the following matters:

-----

### ZONING CALENDAR

#### 330-14-BZ

**APPLICANT** – Law Office of Lyra J. Altman, for Jack Guindi, owner.  
**SUBJECT** – Application December 30, 2014 – Special Permit (73-622) for the enlargement of an existing two family home to be converted into a single family home contrary to floor area, lot coverage and open space (ZR 23-141); side yards (ZR 23-461); perimeter wall height (ZR 23-263) and less than the required minimum rear yard (ZR23-47); R3-2 zoning district.  
**PREMISES AFFECTED** – 1746 East 21<sup>st</sup> Street, Block 6783, Lot 18, Borough of Brooklyn.  
**COMMUNITY BOARD #15BK**

-----

## REGULAR MEETING TUESDAY MORNING, FEBRUARY 28, 2017 10:00 A.M.

Present: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.

### SPECIAL ORDER CALENDAR

#### 1122-81-BZ

APPLICANT – Eric Palatnik, P.C., for NCBP East Elmhurst LLC, owner.

SUBJECT – Application November 3, 2014 – Extension of Term of a previously approved Variance (§72-21) which permitted a one-story enlargement of a then existing metal supply establishment (UG 17) increasing the degree of non-conformity, which expired on November 9, 2012; Waiver of the Rules. R3-2 zoning district.

PREMISES AFFECTED – 105-14 Astoria Boulevard, southwest corner of 106<sup>th</sup> Street and Astoria Boulevard, Block 01692, Lot 3, Borough of Queens.

#### COMMUNITY BOARD #4Q

ACTION OF THE BOARD – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda. ....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of term of a variance, previously granted by the Board pursuant to ZR § 72-21, which expired on November 9, 2012; and

WHEREAS, a public hearing was held on this application on February 23, 2016, after due notice by publication in *The City Record*, with a continued hearing on February 14, 2017, and then to decision on February 28, 2017; and

WHEREAS, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 3, Queens, recommends approval of this application on condition, *inter alia*, that the subject site be kept free of debris and graffiti, that graffiti be removed within 48 hours and that building supplies be kept below the height of the fence; and

WHEREAS, the subject site is located on the southwest corner of Astoria Boulevard and 106th Street, in an R6B (C2-3) zoning district, in Queens; and

WHEREAS, the site has approximately 171 feet of frontage along Astoria Boulevard, 71 feet of frontage along 106th Street, 14,233 square feet of lot area and is improved with a one-story industrial building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since November 9, 1982, when, under the

subject calendar number, the Board granted a variance for a term of twenty (20) years, expiring November 9, 2002, to permit in a then R3-2 zoning district the erection of a one-story enlargement to expand an existing roofing and metal supply establishment that increased the degree of non-conformity on condition, *inter alia*, that the hours of operation be limited to 7:00 a.m. to 5:30 p.m. Monday through Friday and 8:00 a.m. to 1:00 p.m. on Saturday, closed Sunday, that trees be planted on Astoria Boulevard and 106th Street, that patrons’ vehicles not be double-parked while awaiting service, pick-up or delivery and that exterior lighting be placed on the front façade of the building, shielded and directed away from residential developments; and

WHEREAS, on October 21, 2003, under the subject calendar number, the Board extended the term of the variance for a term of ten (10) years, expiring November 9, 2012, and reopened and amended the resolution to allow the installation of a firewall on the east side of the building on condition that, among other things, the premises be maintained free of debris and graffiti, that graffiti be removed within 48 hours, that the hours of operation be limited to 7:00 a.m. to 5:30 p.m. Monday through Friday and 8:00 a.m. to 1:00 p.m. on Saturday, closed Sunday, and that landscaping be provided and maintained; and

WHEREAS, the term of the variance having expired, the instant application seeks a further extension of the term for an additional ten (10) year term; and

WHEREAS, in addition, the applicant requests a waiver, pursuant to § 1-14.2 of the Board’s Rules of Practice and Procedure, of Rule § 1-07.3(b)(2) to permit the filing for an extension of term less than two (2) years after the expiration of the term; and

WHEREAS, the applicant has demonstrated that the use has been continuous since the expiration of term and that substantial prejudice would result without such a waiver; and

WHEREAS, the Board finds that a ten (10) year extension of the term of the variance is appropriate with certain conditions as set forth below.

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and *reopens* and *amends* the resolution, dated November 9, 1982, as amended through October 21, 2003, so that as amended this portion of the resolution reads: “to grant an extension of the term of the variance for a term of ten (10) years from the expiration of the last grant, to expire November 9, 2022; *on condition* that all work and site conditions shall comply with drawings filed with this application marked ‘Received January 26, 2017’-Four (4) sheets and ‘February 23, 2017’-One (1) sheet and ; and *on further condition*:

THAT this grant shall expire November 9, 2022;

THAT no service or work of any kind shall be permitted on the street;

THAT a site safety manager shall accompany the forklift when it crosses the sidewalk and is in the street;

THAT trucks shall be monitored during loading and

# MINUTES

unloading;

THAT mirrors shall be mounted on both ends of the property so that pedestrian activity on sidewalks shall be visible to drivers;

THAT drivers shall honk the horns and be attentive to speed when entering and exiting the site;

THAT no equipment associated with the subject use shall be placed on the sidewalk of the subject site;

THAT the premises shall be maintained free of debris and graffiti;

THAT any graffiti located on the premises shall be removed immediately;

THAT the hours of operation shall be limited to Monday through Friday, 7:00 a.m. to 5:30 p.m., Saturday, 8:00 a.m. to 1:00 p.m., and closed Sunday;

THAT landscaping shall be provided and maintained in accordance with BSA approved plans;

THAT street trees shall be maintained;

THAT building supplies and materials shall be kept below the height of the existing fence;

THAT the above conditions and all conditions from prior resolutions shall appear on the Certificate of Occupancy;

THAT an amended Certificate of Occupancy shall be obtained within one (1) year, by February 28, 2018;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed Department of Buildings/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, February 28, 2017.

-----

## 74-07-BZ

APPLICANT – Fried, Frank, Harris, Shriver & Jacobson LLP, for Trustees of the Congregation Shearith Israel of the City of New York, owner.

SUBJECT – Application June 16, 2016 – Extension of Time to Complete Construction of a previously approved Variance (§72-21) permitting a nine (9) story residential/community facility building contrary to regulations for lot coverage (§24-11), rear yard (§24-36), base height, building height and setback (§23-633) and rear setback (§23-663) which expired on January 22, 2016; Amendment to the approved plans; Waiver of the Rules. R8B and R10A districts.

PREMISES AFFECTED – 6-10 West 70<sup>th</sup> Street, Block 1122, Lot(s) 36 & 37, Borough of Manhattan.

## COMMUNITY BOARD #7M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure (the “Rules”), an amendment to a variance, previously approved by the Board, and an extension of time to complete construction under the same, which expired on January 22, 2016; and

WHEREAS, a public hearing was held on October 14, 2016, after due notice by publication in *The City Record*, with continued hearing on January 10, 2017, and then to decision on February 28, 2017; and

WHEREAS, by resolution dated September 6, 2016, Community Board 7, Manhattan, recommends disapproval of certain of the proposed plan changes but approval of the request for an extension of time to complete construction; and

WHEREAS, by resolution dated December 6, 2016, Community Board 7, Manhattan reiterated its disapproval of the request to amend the variance on the basis that the findings justifying the grant of the previously approved variance, specifically financial hardship and the minimum variance, were no longer met due to the passage of time; and

WHEREAS, New York Assembly Member Richard Gottfried provided oral testimony on behalf of both himself and New York State Senator Brad Hoylman in opposition to this application on the basis that, *inter alia*, the proposed amendments are not minor and the proposal would negatively impact the Central Park West Historic District; Assembly Member Gottfried also expressed doubt that the proposed community facility will, indeed, contain classrooms; and

WHEREAS, the Board received additional testimony in opposition to the subject application, the specifics of which are addressed below; and

WHEREAS, this application is filed on behalf of the Trustees of the Congregation Shearith Israel, a not-for-profit religious institution (the “Applicant” or “Congregation”); and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Vice-Chair Hinkson recused herself from hearings and voting on the application; and

WHEREAS, the subject site is located on the southwestern corner of the intersection of West 70<sup>th</sup> Street and Central Park West, partially within an R8B zoning district and partially within an R10A zoning district, within the Upper West Side/Central Park West Historic District, in Manhattan; and

WHEREAS, the site has approximately 172 feet of frontage along West 70<sup>th</sup> Street, 100 feet of frontage along Central Park West, 17,272 square feet of lot area; Lot 37 is currently vacant and Lot 36 is occupied by the Congregation Shearith Israel synagogue building (the “Synagogue”), a landmark designated by the New York City Landmarks

---

# MINUTES

---

Preservation Commission (“LPC”), and a parsonage building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since August 26, 2008, when, under the subject calendar number, the Board granted a variance, pursuant to ZR § 72-21, permitting the construction of a nine-story, plus cellar, mixed-use community facility and residential building that does not comply with applicable lot coverage, rear yard, base height, building height, front setback and rear setback regulations, contrary to ZR §§ 24-11, 77-24, 24-36, 23-66 and 23-633 (the “Proposed Building”); and

WHEREAS, the variance grant was conditioned, *inter alia*, on the Proposed Building having a total of 42,406 square feet of floor area, 20,054 square feet of floor area dedicated to community facility use, 22,352 square feet of floor area dedicated to residential use, a base height of 95’-1”, a front setback of 12’-0”, total height of 105’-10”, a rear yard of 20’-0”, a rear setback of 6’-8” and an interior lot coverage of 80 percent; and

WHEREAS, pursuant to the variance grant and ZR § 72-23, construction on the proposed building was required to have been substantially completed by August 26, 2012; and

WHEREAS, the Board’s resolution on the variance was issued on August 29, 2008; on September 29, 2008, proceedings were filed in New York State Supreme Court to annul the Board’s decision and such appeals were exhausted on February 21, 2012, when the New York State Court of Appeals’ decision to deny leave to appeal was entered and the decision of the New York Supreme Court Appellate Division, First Department, dated June 23, 2011, upholding the Board’s resolution, was therefore rendered final; and

WHEREAS, ZR § 72-23 provides that, where judicial proceedings have been instituted to review the Board’s decision to grant a variance, the four year period after which a variance grant will lapse will commence upon the date of entry of the final order in such proceedings, including appeals; and

WHEREAS, accordingly, the time by which substantial construction was to have been completed at the subject site pursuant to the variance was tolled from September 29, 2008 to February 21, 2012, and the time by which the Applicant was required to substantially complete construction expired on January 22, 2016; and

WHEREAS, construction at the site having not been substantially completed by that time, the Applicant now seeks a four (4) year extension of time; and

WHEREAS, to permit the filing of this application less than two years after the expiration of the time to complete construction, the Applicant requests a waiver, pursuant to § 1-14.2 of the Board’s Rules, of Rule § 1-07.3(c)(2); and

WHEREAS, the Applicant represents that upon resolution of the judicial proceedings, they diligently retained consultants to assist in obtaining construction financing, obtaining extensions of necessary approvals and developing an approvable set of plans for the New York City Department of Buildings (“DOB”), but faced unanticipated setbacks beyond their control and did not obtain a building permit until August 2015; and

WHEREAS, in addition, the Applicant states that its loan

documents were subject to approval by the New York State Attorney General (the “NYS AG”) and New York State courts, a process that was not completed until March 2016; and

WHEREAS, the Applicant submits that, with permits and financing in hand, they are now prepared to proceed with the construction of the Proposed Building; and

WHEREAS, in addition to an extension to time to complete construction, the Applicant seeks an amendment to the variance to update the BSA-approved plans to show different interior partitions required in response to changes in the New York City Building Code and reflect the now finalized location of structural elements and mechanical equipment (the “2016 Plans”); and

WHEREAS, the Applicant states that the previously approved plans were filed prior to July 1, 2008, the date that the 2008 Building Code became effective, but that, because of the delay in construction caused by litigation, the Proposed Building must now comply with the 2008 Building Code; and

WHEREAS, specifically, the Applicant states that the change in the Building Code definition of “lot line” turned the tax lot boundary between Lots 36 and 37 into a “lot line” along which glass is to be fire-rated, but the incorporation of such glass into the previously approved plans would have caused the Proposed Building to project into Lot 36; because the New York City Department of Buildings (“DOB”) would not permit a three-dimensional lot line, the Applicant opted to pull back the eastern wall of the seventh and eighth floors of the Proposed Building in order to provide the required fire-rated separation and not intrude into Lot 36; and

WHEREAS, in addition, the 2008 Building Code no longer permits scissor stairs in the Proposed Building, thus the 2016 Plans replace the scissor stairs provided in the previously approved plans with separately enclosed egress stairs for the community facility use on the first through fourth floors and shift interior partitions in order to accommodate the larger footprint of these stairs; and

WHEREAS, the Applicant submits that the 2016 Plans differ from the previously approved plans in the following respects: the elimination of a proposed connection between the Synagogue and the Proposed Building; a reduction of 1,900 square feet of total floor area; a reduction of 1,697 square feet of community facility floor area; a reduction of 203 square feet of residential floor area; reductions in the FAR of the community facility portion of the building from 2.77 FAR to 2.67 FAR, in the residential portion of the building from 1.29 FAR to 1.28 FAR and in the total FAR of the building from 4.06 FAR to 3.95 FAR; a reduction in the base height of the building; a reduction in the total height of the building; the addition of three vent enclosures on the first floor roof; a lowering of the first floor roof in order to accommodate the new vent enclosures without increasing the height of the first floor; the provision of a larger mechanical rooftop bulkhead to accommodate the elevator overrun and an emergency generator; and the addition of louvers for air intake and exhaust on the rear façade of the fourth floor; and

WHEREAS, the Applicant represents that, consistent with the originally approved plans, the 2016 Plans propose six toddler classrooms with en-suite bathrooms on the second floor

---

# MINUTES

---

with only minor changes to the interior partitions and a slight reduction in their total capacity from 63 to 58 toddlers; six youth classrooms on the third floor and one shared youth and adult classroom on the fourth floor programming with only minor changes to the interior partitions that reduce the total capacity of the seven classrooms from 81 children and 102 adults to 76 children and 99 adults; and three adult classrooms on the fourth floor, including the one classroom shared with youth, with minor changes to interior partitions that reduce their total capacity from 55 adults to 52 adults; and

WHEREAS, the Applicant notes that they no longer seek to enlarge the small synagogue on the first floor of the Proposed Building, which they now intend to maintain at its current size and configuration and leaving its historic character intact, but argues that the elimination of this aspect of building programming has no impact on the programmatic needs previously presented by the Applicant to the Board in the original application for a variance and does not affect any of the space for which zoning waivers were ultimately granted; and

WHEREAS, in response to Board questions about how the Applicant will compensate for the loss of space resulting from the elimination of the planned small synagogue expansion, the Applicant states that additional rows of chairs will be added to each section of the synagogue and larger services and events will be relocated to the main sanctuary and/or classrooms; and

WHEREAS, as for the residential floors of the Proposed Buildings, floors five through nine, the Applicant states that the only revisions contained in the 2016 Plans are an update to show the reconfiguration of stairs to meet the 2008 Building Code, the addition of separately enclosed egress stairs on the fifth floor and the addition of mechanical shafts; and

WHEREAS, finally, the Applicant notes that it submitted plans to DOB in August 2015 and to the Board in February 2016 (in connection with a request for a Letter of Substantial Compliance<sup>1</sup>) that varied from both the previously approved plans and the 2016 Plans submitted herein in that they did not reflect the Applicant's program (the "Intermediary Plans"), but asserts that the Applicant and its consultants have since identified solutions to the design issues that led to creation of the Intermediary Plans and the 2016 Plans fully meet the Applicant's programmatic needs as presented in the original variance application; and

WHEREAS, in sum, the Applicant asserts that the requested amendment reflects the same program reviewed and approved by the Board in 2008, seeks no additional waivers, and the space subject to the waivers granted continue to be utilized for the programming identified in the variance, thus, the subject application constitutes a minor amendment that is

---

<sup>1</sup> Pursuant to § 1-12.11 of the Board's rules, certain minor amendments of or corrections to previously approved plans may be approved by the Chair by Letter of Substantial Compliance, provided that the amendments or corrections substantially comply with the Board's previous approval. The Applicant's February 2016 request was denied by Board staff.

has been properly filed on the Board's Special Order Calendar; and

WHEREAS, members of the community, some represented in blocs by counsel, testified at the hearing and provided testimony in opposition to the subject application (collectively, the "Opposition") contesting the Applicant's assertion that the subject amendment is minor and arguing that the subject application, particularly the 2016 Plans, evidence major changes to the Applicant's programming and, thus, constitute a major amendment that must be heard on the Board's Zoning Calendar with a re-consideration of the findings required for the variance pursuant to ZR § 72-21; and

WHEREAS, counsel for an owner of a townhouse located at 15 West 70th Street, across the street from the subject site ("Opposition Group 1"), raised concerns regarding the subject application including the following: the Intermediary Plans, on which spaces previously labeled as "classrooms" were labeled as "offices," contradict the Applicant's purported programmatic needs and are evidence of the Applicant's true intentions of operating commercial enterprises on the site; the originally proposed classrooms were eliminated and replaced with offices on the Intermediary Plans once the Applicant's intended occupant of that space, a Jewish school, ended its lease of the space, demonstrating that classroom spaces were not the true motivator of the variance; the true driver of the variance is the Applicant's desire for a commercial banquet hall and wedding venue; the elimination of a proposed enlargement of the small synagogue demonstrates that the expansion is not, in fact, necessary and undermines the Applicant's assertion that such an enlargement was necessary for their programming; the Applicant's true intention is to construct the largest building with as many commercial components as possible; the Applicant intentionally concealed all drawings and documents relating to the Intermediary Plans and omitted these plans from the subject filing; the Applicant's inactivity with regards to pursuing construction on the site between May 2015 and January 2016 is to blame for the lapse of the variance; the Applicant should have known that the Proposed Building would have had to comply with the 2008 Building Code; the subject site can accommodate all of the Applicant's programmatic needs without the subject variance; and the financial analyses submitted to support the 2008 variance are outdated and no longer relevant; and

WHEREAS, in response to Board questions regarding the labeling of spaces on the Intermediary Plans, the Applicant stated that the word "office" was intended to refer to the size of the rooms (i.e. "office-sized") because they were smaller than conventional classrooms, rather than their use; in response to Board questions regarding utilization of the classroom space proposed on the 2016 Plans, the Applicant submitted a programmatic analysis of how the Applicant intends to utilize the community facility portion of the Proposed Building and the Board found such study to be acceptable; and

WHEREAS, otherwise, the Board dismisses a substantial number of the concerns raised by Opposition Group 1 as speculative, extraneous to the relief requested in this application and/or unsupported by the record; particularly, in

---

# MINUTES

---

response to the allegation that the Applicant “concealed,” intentionally or otherwise, all drawings and documentation relating to the Intermediary Plans, the Board makes reference to Opposition Group 1’s own filing, which, as it argues that the Intermediary Plans were “systematically conceal[ed],” contradictorily presents a timeline of the Applicant’s publicly accessible filings of the Intermediary Plans with three New York City agencies, including the Board; in response to the allegation that the Applicant sat on its variance and did nothing to move forward with constructing the Proposed Building between May 2015 and the lapse of the variance, the Board points to statements made by the Applicant that the building formerly located on the subject site (the Community House) was demolished in or around May 2015 to make way for construction of the Proposed Building and that the Applicant corresponded with the NYS AG between December 2015 and March 2016 regarding the approval of loans for the project; and

WHEREAS, with regards to Opposition Group 1’s concern about the age and irrelevance of the financial analyses provided in connection with the 2008 variance application, the Board notes that, as a not-for-profit, the Applicant was not required to demonstrate that a development in strict conformity with the zoning requirements would yield a reasonable return for the community-facility portion of the Proposed Building, where the majority of the revisions to the previously approved plans are herein proposed, and the previously submitted financial analyses were related only to the residential floors, the revisions to which, the Board finds, do not warrant or require revisions to the previously provided financial analyses; and

WHEREAS, Opposition Group 1 also alleged that the Applicant misrepresented their activity at DOB to the Board by failing to acknowledge any of the events subsequent to DOB’s approval of the Applicant’s New Building application on May 5, 2015, most notably: a Zoning Challenge and Appeal filed at DOB objecting to, *inter alia*, the repurposing of classrooms for offices and increased height of the building, as shown on the Intermediary Plans, dated June 10, 2015; DOB’s acceptance of the zoning challenge, dated September 22, 2015; and DOB’s letter indicating an intention to revoke the approval and permits and order to stop all work at the premises, dated March 30, 2016; and

WHEREAS, with regards to these allegations, the Board clarifies that DOB accepted two out of the four challenges raised by Opposition Group 1—that the interior layouts had been substantially changed through all floors of the building and that the altered location of the caretaker’s apartment was not substantially consistent with the previously approved plans—yet stated that it was “unable to make a determination on the specific question of the validity of the BSA variance on the grounds that the underpinning for the ‘programmatic need’ argument has changed” and required the Applicant to return to the Board “for a modification of the previous approval, or other measure as deemed appropriate by the Board”; and

WHEREAS, in addition, the Board clarifies that the timeline provided by the Applicant, and identified by Opposition Group 1 as misleading by its omissions, was prepared to indicate the Applicant’s efforts to substantially complete construction at the site and justify the request for an

extension of time to complete construction; and

WHEREAS, Opposition Group 1 also questioned whether the 2008 variance was granted by the Board not solely to satisfy the applicant’s programmatic needs, but to also allow the Applicants to make a reasonable return on its investment in the subject property, and points to the Intermediary Plans as having undermined the Applicant’s claims so much as to vacate the variance and require the Applicant to, once again, make all of the variance findings set forth in ZR § 72-21; and

WHEREAS, the West Side Neighbors Association, a coalition of individuals who live in close proximity to the subject site and represented by separate counsel (“Opposition Group 2”), additionally raised the following concerns in their filings with the Board on this application: the proposed modification are significant, not minor the proposed modifications undermine the financial analysis completed in connection with the 2008 variance application, requiring disapproval of the subject application or the submission of revised financial analyses; the significant amount of time since the 2008 variance grant and the improvements in the real estate market that have resulted in, among other things, the value of the Proposed Building having doubled since 2008 (based on a 2015 appraisal submitted by the Applicant to the New York State Supreme Court), warrant a reevaluation of the basis for the 2008 variance; and the addition of mechanical bulkheads without an adequate study of their adverse environmental impacts; and

WHEREAS, the Board finds with the characterization of the proposed modifications as significant or material with respect to the original variance granted to be contradicted by the evidence and notes that Opposition Group 2’s list of modifications from the previously approved plans present on the 2016 Plans is somewhat misleading in that it includes the same alteration present on several floors (i.e. open stairs replaced with enclosed linear egress stairs and added perimeter columns) as discrete modifications; and

WHEREAS, the Board also distinguishes BSA Cal. No. 135-05-BZ (217 West 147th Street, Manhattan), a Board decision provided by Opposition Group 2 in advance of his argument that a revised financial analysis is required in connection with the subject variance amendment request because of the proposed plan changes, by the facts that, in that case, the proposed amendment included an additional waiver and increased the scope of a previously approved waiver, neither of which are requested in the subject application; and

WHEREAS, with regards to the 2015 appraisal, the Board notes that the appraisal’s purpose is to present the market value of the project according to its highest and best use in order to justify the loan for which the Applicant seeks approval and such purpose is separate and distinct from the purpose of the financial analyses submitted to and reviewed by the Board in connection with applications for a variance, therefore, the appraisal is irrelevant to the subject application; and

WHEREAS, as to Opposition Group 2’s citation to the Resolution issued for BSA Cal. No. 299-82-BZ (207 Chrystie Street, Manhattan), which states that the amendment sought therein was minor because “the waivers and conditions of the

---

# MINUTES

---

underlying grant are not implicated” and “the configuration of the other buildings on the zoning lot will remain the same,” the Board clarifies that those quotes were specifically identified in the Resolution as arguments made by the applicant in support of their position that the proposed amendment was appropriate, not a conclusion made by the Board; and

WHEREAS, Opposition Group 2 additionally cites Fisher v. Board of Standards and Appeals, 71 AD3d 487 (1st Dept 2010) aff'g 21 Misc3d 1134(A) (Sup Ct 2008), which held that an application to enlarge a zoning lot subject to a Board variance was a minor modification because it did not change any of the conditions of the prior variance pertinent to the waivers authorized by the variance and introduced no new non-compliances, to support his contention that the subject amendment is not minor; and

WHEREAS, the Board notes that its conclusion that the subject proposed amendment is minor is consistent with Fisher—the 2016 Plans constitute a minor amendment precisely because they do not change any of the conditions of the prior variance relevant to the waivers granted therein and do not request additional waivers; and

WHEREAS, the Board submits that, pursuant to § 1-07(a)(1), the determination of whether the scope of a requested amendment is minor is within its discretion, and if, upon further review of the application or during hearing, the Board determines that the request is, instead, major, the Board may request additional information, including financial analyses and the review of environmental impacts; and

WHEREAS, as previously stated, the Board finds that no additional financial analyses are required in connection with this application, but echoes Opposition Group 2’s concern regarding the potential, and heretofore unanalyzed, impacts of the various rooftop mechanicals added to the 2016 Plans and, accordingly, asked for additional review and information regarding their potential impacts on neighboring properties; and

WHEREAS, in response, the Applicant provided additional noise studies demonstrating that during evening hours, the noise levels emanating from the subject site would be less perceptible than they are during daytime hours and that if all the proposed mechanical equipment, including the kitchen exhaust and HVAP equipment, was running at the same time during a period when the ambient noise level was low, the resulting noise level would range from nearly imperceptible to marginally noticeable; and

WHEREAS, the Applicant also proposed additional noise attenuation measures to ensure that noise levels are no greater than 2 dBA above ambient daytime hours and no greater than 1 dBA above ambient levels during nighttime hours and incorporated those measures into the 2016 Plans; and

WHEREAS, counsel for Landmark West!, property owners and residents of the immediate vicinity of the subject site (“Opposition Group 3”), raised the following additional issues in opposition to this application: the Applicant’s failure to submit the 2016 Plans to DOB for review prior to filing with the Board is an attempt to “skip the line” and “put the cart before the horse”; the Applicant failed to provide notice of this application to affected property owners in accordance with the

Board’s Rules; the subject application is untimely; the Applicant failed to provide the Board with its March 2016 application to the Charities Registration Bureau of the NYS AG’s Office for approval of a mortgage loan, justifying denial of the application; and the Applicant failed to address the relocation of the caretaker’s apartment from the third floor to the fourth floor, contrary to the executed restrictive covenant previously; and

WHEREAS, the Board addresses, and dismisses, each of Opposition Group 3’s points as follows, in turn: it is not uncommon for sites under Board jurisdiction to seek Board approval of revised plans, whether by Letter of Substantial Compliance or a formal application, prior to submitting them to DOB; as previously stated, this application was filed on the Board’s Special Order Calendar, the procedures for which are set forth in § 1-07 et seq., and do not require notice to affected property owners; the subject application was, in fact, filed after the Applicant’s time to complete construction expired, but the Applicant requested a waiver of the Board’s Rules regarding the timing of the application, as permitted by Rule § 1-14.2, as required; the Board fails to understand why the absence of the Applicant’s mortgage loan to the NYS AG from the record requires denial of this application, which is for an extension of time, and clarifies that the record in this case does, in fact, reflect the Applicant’s correspondence with the NYS AG with regards to the approval of financing relating to the Proposed Building; and the Applicant agreed to amend the restrictive covenant to the extent required by DOB to reflect the relocation of the caretaker’s apartment to the fourth floor; and

WHEREAS, the Opposition has paid significant attention to the discrepancies between the Board’s previously approved plans for this site and the Intermediary Plans submitted by the Applicant to DOB, but the Board notes that, for this application, the 2016 Plans, not the Intermediary Plans, which were disapproved and are not before this Board for its approval, are the relevant comparator to the previously approved plans, and the Board finds that, as compared to the previously approved plans, the alterations present in the 2016 Plans are, in fact, minor in nature; and

WHEREAS, in sum, the Board finds that the Applicant has submitted sufficient evidence into the record regarding their actions, and the setbacks they experienced, from the time of the cessation of the litigation to the expiration of time to complete construction pursuant to the 2008 variance, as tolled by the same litigation, to warrant a grant of the requested extension of time to complete construction and that the requested amendment to the variance is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* the Rules of Practice and Procedures, *reopens* and *amends* the resolution, dated August 26, 2008, so that as amended this portion of the resolution reads: “to grant a four (4) year extension of time to complete construction to January 22, 2020; *on condition* that any and all work shall substantially conform to drawings filed with this application marked “Received November 16, 2016”—Four (4) sheets, “Received February 23, 2017”—One (1) sheet, “Received November 16, 2016”—Eight (8) sheets, “Received January

# MINUTES

24, 2017”—Two (2) sheets, “Received February 23, 2017”—One (1) sheet, “Received November 16, 2016”—Three (3) sheets, for a total of nineteen (19) sheets; and *on further condition*:

THAT construction shall be completed within four (4) years, by January 22, 2020;

THAT the applicant shall obtain an updated Certificate of Appropriateness from the Landmarks Preservation Commission prior to any building permit being issued by the Department of Buildings;

THAT refuse generated by the Synagogue shall be stored in a refrigerated vault within the building, as shown on the BSA-approved plans;

THAT this approval is limited to the relief granted by the Board, in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approval plans shall be considered approved only for the portions related to the specific relief granted;

THAT substantial construction be completed in accordance with ZR § 72-23;

THAT all conditions from the prior resolution not specifically waived by the Board remain in effect; and

THAT Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, February 28, 2017.

## 66-12-BZ

APPLICANT – Rosenberg & Estis, P.C., for Ladera LLC, owner.

SUBJECT – Application August 18, 2016 – Extension of Time to Complete Construction of a previously approved Variance (§72-21) permitting the construction of a new mixed-use building containing a FRESH Program food store, a preschool and 164 residential units, contrary to use (§22-10), lot coverage (§24-11) and parking (§25-23) regulations which is set to expire October 23, 2016 . R7A, R8A/C2-4 zoning districts.

PREMISES AFFECTED – 223-237 St. Nicholas Avenue, 305 W. 121<sup>st</sup> Street, 300 W. 122<sup>nd</sup> Street, Block 1948, Lot(s) 30, 35, Borough of Manhattan.

## COMMUNITY BOARD #10M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of time to complete construction pursuant to a variance, previously granted by the Board pursuant to ZR § 72-21, which expired on October 23, 2016; and

WHEREAS, a public hearing was held on February 28, 2017, after due notice by publication in *The City Record*, and then to decision on that same date; and

WHEREAS, Commissioner Ottley-Brown performed an inspection of the site and surrounding neighborhood; and

WHEREAS, Lots 30 and 35 (the “Project Site”) on Block 1948, bounded by Saint Nicholas Avenue, West 122nd Street, West 121st Street and Manhattan Avenue, are part of a larger zoning lot that also includes Lots 24, 25, 26, 29 and 40 (also known as condominium lots 1001–1006) collectively (the “Zoning Lot”); and

WHEREAS, the subject application concerns proposed construction only on the Project Site; and

WHEREAS, the Project Site is located on the southwest corner of Saint Nicholas Avenue and West 122st Street, partially within an R7A zoning district and partially within an R8A (C2-4) zoning district, in Manhattan; and

WHEREAS, the Project Site has approximately 207 feet of frontage along Saint Nicholas Avenue, 66 feet of frontage along 122nd Street, 50 feet of frontage along West 121st Street, 20,606 square feet of lot area and is occupied by a two-story garage on Lot 30 and a gas station on Lot 35 that has been closed for a year; and

WHEREAS, the Board has exercised jurisdiction over the subject site since October 23, 2012, when, under the subject calendar number, the Board granted a variance pursuant to ZR § 72-21 to permit a new 13-story mixed-use residential, commercial and community facility building containing a FRESH Program food store, a preschool and 164 residential units, contrary to use, lot coverage and parking regulations under ZR §§ 22-10, 23-145 and 25-23, on condition that, *inter alia*, a minimum of 30 accessory residential parking spaces be provided and maintained at 2280 Frederick Douglass Boulevard, in Manhattan; and

WHEREAS, on September 2, 2014, the Board granted the applicant’s request for a letter confirming that a reduction in the number of residential dwelling units from 164 to 127 and the resulting reduction in the number of parking spaces required at the site to 44 spaces-- less than the original requirement of 66 spaces but more than the 30 off-site parking spaces required by the Board’s prior approval—was in substantial compliance with the variance grant; and

WHEREAS, construction was to have been substantially completed by October 23, 2016, pursuant to ZR § 72-23; and

WHEREAS, the applicant represents that, though the structures existing on the Project Site at the time of the variance grant were demolished, construction has not been completed because of delays caused by: the length of time to obtain approvals from the City Planning Commission for participation in the FRESH Program, pursuant to ZR §§ 63-211 and 63-22; the complexity of engineering review required to obtain a permit from the Metropolitan Transit Authority for construction activity near a subway line; the unanticipated length of time in preparing and obtaining approval of plans for environment remediation under the New York State Brownfield Cleanup Program; litigation

---

# MINUTES

---

with a prior owner lasting for two years; and market conditions caused by the expiration of the 421-a tax exemption program; and

WHEREAS, the applicant represents that, with the abovementioned approvals now in place, it anticipates completing construction of the subject project in 24 to 30 months and seeks a four (4) year extension of time to complete construction; and

WHEREAS, the applicant asserts that there have been no substantial changes in the character and nature of the surrounding area since the grant of the variance; and

WHEREAS, based upon its review of the record, the Board finds that the requested extension of time to complete construction is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals reopens and amends the resolution, dated October 23, 2012, so that as amended this portion of the resolution reads: “to grant a four (4) year extension of time to complete construction and obtain a Certificate of Occupancy to October 23, 2020; *on condition* that any and all work shall substantially conform to drawings as they apply to the objections above noted; and *on further condition*:

THAT construction shall be completed and a Certificate of Occupancy shall be obtained within four (4) years, by October 23, 2020;

THAT a minimum of 30 accessory residential parking spaces shall be provided and maintained at 2280 Frederick Douglas Boulevard, Manhattan;

THAT the above conditions shall be noted on the certificate of occupancy;

THAT prior to DOB’s issuance of any building permit, the New York City Office of Environmental Remediation (“OER”) must issue a Notice to Proceed pursuant to the site’s “E” designation and the NYS Brownfield Cleanup Agreement;

THAT prior to DOB’s issuance of a certificate of occupancy, OER must issue a Certificate of Completion and a Notice of Satisfaction;

THAT the parameters of the proposed building shall include the following: a maximum of 127 dwelling units and a total floor area of 168,837 square feet, as reflected on the BSA-approved plans stamped “September 2, 2014”—Twenty (20) sheets;

THAT the internal floor layouts on each floor of the proposed building shall be as reviewed and approved by DOB;

THAT the Board has not waived floor area or height regulations and notes that (1) the proposed floor area relies on certification by the City Planning Commission to allow a bonus of 16,190.97 square feet associated with the FRESH Program, pursuant to ZR § 63-211 and (2) the height relies on an authorization by the City Planning Commission to allow the proposed height associated with the FRESH Program, pursuant to ZR § 63-22; in the absence of such actions, the applicant must revise its plan and comply with underlying floor area and height regulations;

THAT all conditions from the prior resolution not specifically waived by the Board remain in effect; and

THAT this approval is limited to the relief granted by the Board, in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, February 28, 2017.

## **COMMUNITY BOARD #1SI**

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Staten Island Deputy Borough Commissioner, dated December 13, 2013, acting on Department of Buildings (“DOB”) Application No. 520146208, reads in pertinent part:

“ZR 73-01” “Per final CO 510027506F, dated 04/13/2010, BSA CAL 719-56 BZ shall expire on 04-27-2017. The proposed enlargement to the existing building used for automotive service station facility is contrary to previous approval

---

# MINUTES

---

under BSA calendar 719-56 BZ and therefore must be referred back to Board of Standards and Appeals”; and

WHEREAS, this is an application for a special permit pursuant to ZR §§ 73-211 and 73-03 to permit the expansion of an existing automotive service station (Use Group 16B) and conversion of the existing service bay to an accessory convenience store on a site located in an R3-2 (C2-1) zoning district; and

WHEREAS, a public hearing was held on this application on July 19, 2016, after due notice by publication in *The City Record*, with a continued hearing on December 6, 2016, the case was closed on that same date. On January 31, 2017 the case was reopened, and then to decision on February 28, 2017; and

WHEREAS, Community Board 1, Staten Island, recommends approval of this application on condition that garbage pickup occur before 11:00 p.m.; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the northwest corner of Victory Boulevard and Willowbrook Road, between Montauk Place and Wyona Avenue, in an R3-2 (C2-1) zoning district, on Staten Island; and

WHEREAS, the site has approximately 177 feet of frontage along Victory Boulevard, 103 feet of frontage along Willowbrook Road, 147 feet of frontage along Montauk Place, 24,945 of lot area, and is occupied by an existing automobile service station with an accessory one-story building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since June 25, 1957, when, under calendar number 719-56-BZ, the Board granted a variance to permit in a retail and residence use district the construction and maintenance of a gasoline service station with an accessory building and accessory uses including office, sales, a non-automatic car wash, minor repairs and lubritorium with curb cuts and a business entrance near a residence use district for a term of ten (10) years, expiring June 25, 1967; and

WHEREAS, on June 25, 1957, under calendar number 321-57-A, the Board granted an appeal pursuant to General City Law § 35 to permit the use of the portion of the site within the bed of Victory Boulevard to be used for entrance and exit to the site on condition that this portion of the site shall be paved, that no buildings or structures be erected thereon, and that when acquisition by the City of New York takes place, payment shall be determined by a court; and

WHEREAS, on April 21, 1987, under calendar number 1096-86-A, the Board granted an appeal to permit the use of self-service gasoline pumps contrary to Administrative Code § 27-4081(b) under certain safeguards for a term of five (5) years, which expired April 21, 1992; and

WHEREAS, the variance under calendar number 719-56-BZ was amended and extended from time to time; and

WHEREAS, most recently, on February 10, 2009, under calendar number 719-56-BZ, the Board granted an

application to waive of its rules, to reopen and extend the term of the variance to April 27, 2017, and to extend the time to obtain a certificate of occupancy to November 10, 2009; and

WHEREAS, the applicant proposes to enlarge the automotive service station’s existing 1,252-square-foot building by 1,175 square feet to a total floor area of 2,698 square feet and to convert the building to an accessory convenience store; and

WHEREAS, under ZR § 11-412, an amendment to the existing variance is not permitted because the applicant proposes an enlargement in excess of 50 percent of the building; and

WHEREAS, the applicant represents that, should the Board grant the special permit requested herein, the variance granted under calendar number 719-56-BZ would no longer be necessary; and

WHEREAS, ZR § 73-211 provides, in pertinent part: In any C2, C4, C6 or C7 District whose longer dimension is 375 feet or more (exclusive of land in *streets*), the Board of Standards and Appeals may permit *automotive service stations*, provided that the following findings are made:

- (a) that the site for such *use* has a minimum area of 7,500 square feet; and
- (b) that the site for any such *use* which is not located on an arterial highway or a major *street* has a maximum area of 15,000 square feet; and

WHEREAS, the Board confirms that the C2-1 zoning district in which the subject site is located has a length of more than 375 feet; the subject site has a minimum area of 7,500 square feet; and that the site is located on Victory Boulevard, a major street, rendering the maximum area provision of ZR § 73-211 inapplicable; and

WHEREAS, further pursuant to ZR § 73-211, the Board is required to prescribe the following conditions:

- (1) that any facilities for lubrication, minor repairs or washing are located within a *completely enclosed building*;
- (2) that the site is so designed as to provide reservoir space for five waiting automobiles within the *zoning lot* in addition to spaces available within an enclosed lubritorium or at the pumps;
- (3) that entrances and exits are so planned that, at maximum expected operation, vehicular movement into or from the *automotive service station* will cause a minimum of obstruction on *streets* or sidewalks;
- (4) that, along any *rear lot line* or *side lot line* adjoining a *Residence District*, the *zoning lot* is screened, as the Board may prescribe, by either of the following methods:
  - (i) a strip at least four feet wide, densely planted with shrubs or trees at least four feet high at the time of planting and which are of a type which may be

---

# MINUTES

---

- expected to form a year-round dense screen at least six feet high within three years; or
- (ii) a wall or barrier or uniformly painted fence of fire-resistant material at least six feet high, but not more than eight feet above finished grade. Such wall, barrier, or fence may be opaque or perforated, provided that not more than 50 percent of its face is open; and
- (5) that *signs*, other than *advertising signs*, shall be subject to the applicable district *sign* regulations, provided that:
- (i) in C2 Districts, the provisions of Sections 32-642 (Non-illuminated signs) and 32-643 (Illuminated non-flashing signs) shall be modified to permit non-*illuminated* or *illuminated non-flashing signs* with a total *surface area* not exceeding 150 square feet on any *zoning lot*; and
  - (ii) the provisions set forth in Section 32-652 (Permitted projection in all other Commercial Districts) may be modified in accordance with the provisions of Section 73-212 (Projection of accessory signs); and

WHEREAS, the applicant represents that the proposed automotive service station will not have facilities for lubrication, minor repairs or washing of automobiles outdoors and that the site provides seven (7) reservoir spaces, one (1) of which is an accessible space, on the zoning lot in addition to the spaces at the pumps; and

WHEREAS, in reference to vehicular movement on the site, the applicant provided a passenger-car circulation plan and traffic-assessment report and represents that existing access along Victory Boulevard and Willowbrook Road would be maintained; that the fueling island configuration would be modified to provide eight (8) fueling positions; that deliveries will not occur during peak periods of 7 a.m. to 9 a.m. and 4 p.m. to 7 p.m.; that six (6) parking stalls are anticipated to be needed during peak demand; that, based on field observations at similar establishments, at most four (4) parking stalls are expected to be occupied during peak hours; that the site would effectively provide a total of 15 vehicle positions for the entire development at any given time; and that the on-site layout would provide efficient means of ingress and egress to not obstruct streets or sidewalks while also avoiding adversely affecting traffic or pedestrian conditions; and

WHEREAS, the applicant proposes a chain link fence with privacy slats along the Montauk Place frontage and the interior side lot line with planting and landscaping, including evergreen trees, along the perimeter of the site as a buffer between the site and residential property; and

WHEREAS, the applicant also proposes six (6) illuminated and three (3) non-illuminated signs, ranging in size from 12 square feet to 26 square feet, totaling 111

square feet along Willowbrook Road and 70 square feet along Victory Boulevard, none of which will face the nearby Residence District and none of which will project over the property line; and

WHEREAS, the applicant represents that the building will feature a full-height parapet along the building's rooftop perimeter to screen rooftop equipment and that such equipment has been located as far as possible from the edge of the building's roof to mitigate any potential audible or visual impacts on adjoining neighbors; and

WHEREAS, the Board finds that the applicant has submitted sufficient evidence that the findings set forth in ZR § 73-211 have been met; and

WHEREAS, the Board finds that the subject proposal will not interfere with an pending public improvement project; and

WHEREAS, the Board finds that, under the conditions and safeguard imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings pursuant to ZR §§ 73-211 and 73-03; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR Part 617; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement ("EAS"), CEQR No. 14-BSA-099R, dated January 9, 2014; and

WHEREAS, the EAS documents that the proposed special permit for an automotive service station will not have significant adverse impacts on Land Use, Zoning and Public Policy, Socioeconomic Conditions, Community Facilities, Open Space, Shadows, Historic and Cultural Resources, Urban Design, Natural Resources, Hazardous Materials, Infrastructure, Solid Waste and Sanitation Services, Energy, Transportation, Air Quality, Greenhouse Gas Emissions, Noise, Public Health, Neighborhood Character or Construction Impacts; and

WHEREAS, the Board has determined that the operation of the automotive service station at the premises will not have a significant adverse impact on the environment.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617 and § 6-07(b) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-211 and 73-03 to permit the enlargement of an existing automotive service station (Use Group 16B) and conversion of the existing service bay to an accessory convenience store on a site located in an R3-2 (C2-1) zoning district; *on condition* that all work shall substantially conform to drawings filed with this application

# MINUTES

marked "Received February 17, 2017"- Eight (8) sheets"; and *on further condition*:

THAT all garbage pickup at the site shall occur before 11 p.m.;

THAT the remediation equipment enclosure currently on the site shall be removed from the site upon completion of the remedial work;

THAT the portion of the site within the bed of a mapped street shall be paved; no buildings or structures shall be erected thereon; and when acquisition by the City of New York takes place, payment shall be determined by the Court;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within four (4) years;

THAT substantial construction shall be completed in accordance with ZR § 73-70;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 28, 2017.

## 2016-1211-BZ

APPLICANT – Eric Palatnik, P.C. for Albert Hasson, owner.

SUBJECT – Application January 19, 2016 – Special Permit (§73-622) for the enlargement of an existing single family home, contrary to floor area, lot coverage and open space (§23-141(b)). R3-1 zoning district.

PREMISES AFFECTED – 920 Shore Boulevard, Block 8746, Lot 107, Borough of Brooklyn.

### COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings ("DOB"), dated December 29, 2015, acting on Application No. 321126483, reads in pertinent part:

"The proposed enlargement of one family dwelling, use group 1, Located within R3-1 zoning district is contrary to the following: Proposed floor area is contrary to ZR 23-141(b) . . ."; and

WHEREAS, the Board notes that since the time of this application, the Zoning Resolution has been amended and the text formerly found in ZR § 23-141(b), setting forth the maximum floor area ratio, open space and lot coverage permitted in an R3-1 zoning district, is now found at ZR § 23-142; thus, the Board treats the citation to ZR § 23-141(b) in DOB's objection as a citation to ZR § 23-142; and

WHEREAS, this is an application under ZR §§ 73-622 and 73-03 to permit, in an R3-1 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirement for floor area ratio ("FAR"), contrary to ZR § 23-142; and

WHEREAS, a public hearing was held on this application on September 20, 2016, after due notice by publication in *The City Record*, with a continued hearing on December 13, 2016, and then to decision on February 28, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, certain neighbors provided testimony in opposition to this application (the "Opposition") citing concerns regarding the proposal's compliance with the flood regulations contained in Appendix G of the 2014 New York City Building Code ("Appendix G") and that the proposal constituted a new building rather than an enlargement; and

WHEREAS, the subject site is located on the southwest corner of Shore Boulevard and Hastings Street, in an R3-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 85 feet of frontage along Hastings Street, 108 feet of frontage along Shore Boulevard and 11,367 square feet of lot area; and

WHEREAS, the site is occupied by a two-story, plus attic and cellar, single-family residence with 3,773 square feet of floor area, an FAR of 0.33, 15 percent lot coverage and 85 percent open space; and

WHEREAS, the site is also located in Zone AE, an area of special flood hazard, on FEMA's Preliminary Flood Insurance Rate Map ("FIRM") and, accordingly, the Board considered whether the proposal was required to comply with Appendix G; and

WHEREAS, the applicant was referred to DOB's Technical Affairs and Code Development Unit for further information regarding the subject proposal's compliance with Appendix G; and

WHEREAS, the applicant was advised that compliance with Appendix G required flood vents to be provided for the lowest floor and, as a result, revised the plans to include flood vents at the building's lowest level in addition to the applicant's existing proposal to dry flood proof the cellar and elevate the first floor of the residence to 13 feet NAVD88; and

WHEREAS, ZR § 73-622 provides that: The Board of Standards and Appeals may permit an *enlargement* of an existing *single-* or *two-*

---

# MINUTES

---

*family detached or semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*, *floor area*, *side yard*, *rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins. Above such height, the setback regulations of

Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, among other things, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing single-family detached residence, as contemplated in ZR § 73-622; and

WHEREAS, the applicant seeks to increase the floor area of the residence from 3,773 square feet (0.33 FAR) to 9,529 square feet (0.84 FAR); and

WHEREAS, the applicant originally proposed to increase the floor area to 10,281 square feet (0.90 FAR) and increase the lot coverage from 15 percent to 36 percent, but modified the proposed enlargement in response to the Board's concerns about its massing in the context of the existing neighborhood; and

WHEREAS, at the subject premises, the maximum FAR permitted is 0.50 (5,683 square feet of floor area) pursuant to ZR 23-142(a), which permits an increase of the otherwise 0.50 maximum FAR by up to 20 percent, provided that such increase is located directly under a sloping roof which rises at least 3.5 inches in vertical distance for each foot of horizontal distance and the structural headroom of such floor area is between five and eight feet; and

WHEREAS, the applicant represents that the enlarged building is consistent with the essential character of the neighborhood; and

WHEREAS, in support of this assertion, the applicant surveyed properties within the immediate area surrounding the subject site occupied by single- or two-family residences, finding that 12 have between 8,000 and 11,725 square feet of floor area with FARs ranging from 0.67 to 1.69, and a residence immediately adjacent to the subject site has 11,252 square feet of floor area (1.03 FAR); and

WHEREAS, in addition to the floor area study, the applicant also submitted a photographic streetscape diagram, lot coverage diagram, aerial photographs and a building width diagram to support that the enlarged building would not alter the neighborhood's eclectic character, particularly in light of the subject site's location on the corner of a wide street; and

WHEREAS, in response to questions posed by the Opposition and the Board regarding the true character of the proposal as an enlargement, rather than new construction, the applicant revised the plans to show the retention of 100

# MINUTES

percent of the existing foundation walls and 63 percent of the existing perimeter walls on the first and second floors; and

WHEREAS, based upon its review of the record, the Board finds that the enlarged residence proposed will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR §§ 73-622 and 73-03.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR §§ 73-622 and 73-03, to permit, in an R3-1 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirement for floor area ratio, contrary to ZR § 23-142; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked “Received February 24, 2017”-Fourteen (14) sheets; and *on further condition*:

THAT the maximum floor area of the building shall be 9,529 square feet (0.84 FAR), as illustrated on the BSA-approved plans;

THAT the removal of any existing exterior walls indicated to remain on the BSA-approved plans shall void the special permit;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 28, 2017.

## 2016-4126-BZ

### CEQR #16-BSA-082M

APPLICANT – Rothkrug Rothkrug & Spector LLP, for 670 Broadway Owner LP, owner; Equinox 670 Broadway, Inc., lessee.

SUBJECT – Application February 24, 2016 – Special Permit (§73-36) to operate a physical culture establishment (*Equinox*) within an existing building. M1-5B zoning district.

PREMISES AFFECTED – 670 Broadway, Block 530, Lot 1, Borough of Manhattan.

### COMMUNITY BOARD #2M

**ACTION OF THE BOARD** – Application granted on

condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda. ....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”) Manhattan Borough Commissioner, dated January 11, 2017, acting on DOB Application No. 122928788, reads in pertinent part:

“The proposed Physical Culture Establishment located in an M1-5B Zoning District is contrary to ZR 42-[10] and requires a special permit from the Board of Standards and Appeals”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, on a site located in an M1-5B zoning district and within the NoHo Historic District, the operation of a physical culture establishment (“PCE”) on portions of the sub-cellar, cellar, first, second, mezzanine and third floors of an existing five-story commercial building, contrary to ZR § 42-10; and

WHEREAS, a public hearing was held on this application on January 31, 2017, after due notice by publication in The City Record, and then to decision on February 28, 2017; and

WHEREAS, Community Board 2, Manhattan, recommends approval of this application; and

WHEREAS, Commissioner Ottley-Brown performed an inspection of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the northeast corner of Bond Street and Broadway, in an M1-5B zoning district within the NoHo Historic District, in Manhattan; and

WHEREAS, the site has approximately 130 feet of frontage along Bond Street, 86 feet of frontage along Broadway, 11,125 square feet of lot area and is occupied by a five-story, with cellar and sub-cellar, commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such use is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such use contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [sic] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction,

---

# MINUTES

---

- aerobics or martial arts; or
- (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies a total of 22,293 square feet of floor area in the subject building: 1,035 square feet of floor space in the sub-cellar, 9,345 square feet of floor space in the cellar, 1,910 square feet of floor area on the first floor, 9,470 square feet of floor area on the second floor, 1,443 square feet of floor area on the second-floor mezzanine and 9,470 square feet of floor area

on the third floor; and

WHEREAS, the PCE has been in operation as Equinox since December 12, 2016; and

WHEREAS, the applicant represents that the sub-cellar contains mechanical space; the cellar contains locker rooms, steam and spa areas, a Pilates studio, laundry facilities, offices and storage; the first floor has an entry lobby, accessible from Bond Street, juice bar and retail shop; the second floor has a sales office as well as strength, cardiovascular equipment and cycling areas; the second-floor mezzanine contains employee areas and storage; and the third floor includes additional cardiovascular equipment areas, yoga space and areas dedicated to stretching and group fitness; and

WHEREAS, the applicant represents that all massages are performed by New York State licensed therapists and submitted licenses for three massage therapists who provide massages within the PCE; and

WHEREAS, the PCE's hours of operation are Monday through Friday, 5:00 a.m. to 11:30 p.m., Saturday and Sunday, 7:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant states that there is no foreseeable adverse effect on the privacy, quiet, light and air in the surrounding area and that, therefore, the proposed PCE will not impair the essential character or future use or development of the area; and

WHEREAS, with regards to sound attenuation in the PCE, the applicant represents that noise abatement measures shall be provided in the PCE space to ensure that sound levels in other portions of the building—including sound emanating from any sound system, if installed—do not exceed a maximum interior noise level of 45 dBA; and

WHEREAS, the applicant additionally represents that no sound issues associated with the proposed PCE use are anticipated as the PCE is located within a manufacturing district; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to the use of the premises, the applicant represents that the PCE contains facilities for physical-improvement, body-building, weight-reduction and aerobics programs; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant has submitted plans to the Board indicating that the PCE is fully sprinklered and that an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to a Fire Department-approved central station—is installed in the entire PCE space; and

---

# MINUTES

---

WHEREAS, the applicant has also provided documentation confirming that DOB has inspected and approved the sprinkler system installed at the premises and a fire alarm; and

WHEREAS, the Fire Department states that, based on its review of the drawings and supporting documentation for the PCE, it has no objection to this application; and

WHEREAS, the Landmarks Preservation Commission (“LPC”) issued Certificate of No Effect No. 17-7757, dated October 13, 2015, and expiring October 15, 2019; No. 18-7321 dated June 15, 2016, and expiring June 15, 2020, and No. 19-0793, dated July 15, 2016, and expiring July 15, 2020, for alterations associated with the subject PCE application, finding that the work will have no effect on significant protected features of the building; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant states that the PCE will not interfere with any pending or approved public improvement project; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit; and

WHEREAS, the project is classified as a Type I action pursuant to 6 NYCRR Part 617.4; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement CEQR No. 16-BSA-082M, dated February 24, 2016; and

WHEREAS, the EAS documents that the operation of the PCE would not have significant adverse impacts on Land Use, Zoning, and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; and Construction; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment.

Therefore, it is Resolved, that the Board of Standards and Appeals issues a Type I Negative Declaration determination prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617 and § 6-07(b) of the Rules of Procedure for City Environmental Quality Review and Executive

Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to permit, on a site located in an M1-5B zoning district and the NoHo Historic District, the operation of a physical culture establishment (“PCE”) on portions of the sub-cellar, cellar, first, second, mezzanine and third floors of an existing five-story commercial building, contrary to ZR § 42-10; on condition that all work shall substantially conform to drawings filed with this application marked “September 27, 2016”-Seventeen (17) sheets; and on further condition:

THAT the term of this grant shall be for ten (10) years, expiring December 12, 2026;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3’-0” wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT the installed sprinklers and interior fire alarm systems shall be maintained;

THAT Local Law 58/87 shall be complied with as approved by DOB;

THAT noise abatement provided in the PCE space shall ensure that sound levels in other portions of the building do not exceed the maximum interior noise level of 45 dBA—including sound emanating from any sound system, if installed;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within one (1) year, by February 28, 2018;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, February 28, 2017.

## \*CORRECTION

**This resolution adopted on June 16, 2015, under Calendar No. 619-73-BZ and printed in Volume 100, Bulletin Nos. 25-26, is hereby corrected to read as follows:**

### 619-73-BZ

APPLICANT – Sheldon Lobel, P.C., for CI Gateway LL, owner.

SUBJECT – Application October 23, 2014 – Re-instatement of a variance (§72-21) which permitted the operation of an eating and drinking establishment (UG 6) with an accessory drive thru which expired on February 26, 2004; Amendment to permit the redevelopment of the site; Waiver of the Rules.

R4 zoning district.

PREMISES AFFECTED – 2940 Cropsey Avenue, front of Bay 52nd Street, Cropsey Avenue and 53rd Street, Block 6949, Lot 37, Borough of Brooklyn.

### COMMUNITY BOARD #13BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative:.....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Rules of Practice and Procedure, a re-opening and an extension of term for a variance permitting an eating and drinking establishment within a residence district, which expired on February 26, 2004, and an amendment of the aforesaid variance to permit the reinstatement of an eating and drinking establishment use and a new drive-in bank use at the subject premises; and

WHEREAS, a public hearing was held on this application on April 28, 2015, after due notice by publication in *The City Record*, with a continued hearing on June 2, 2015, and then to decision on June 16, 2015; and

WHEREAS, the premises and surrounding area had site and neighborhood examinations by Vice-Chair Hinkson, Commissioner Montanez and Commissioner Ottley-Brown; and

WHEREAS, Community Board 13, Brooklyn, recommends approval of the application; and

WHEREAS, the subject site has frontage on Bay 52<sup>nd</sup> Street, Cropsey Avenue and Bay 53<sup>rd</sup> Street and is thus a through lot as well as a corner lot, within an R4 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 200 feet of frontage along Cropsey Avenue, 92 feet of frontage along Bay 52<sup>nd</sup> Street and 107 feet of frontage along Bay 53<sup>rd</sup> Street; and

WHEREAS, the site has approximately 19,960 sq. ft. of lot area and is occupied by a vacant one-story eating and drinking establishment with 19 parking spaces; it was operated as a Burger King franchise until November, 2011, and has been

vacant since that time; and

WHEREAS, the Board has exercised jurisdiction over the site since February 26, 1974, when, under the subject calendar number, it granted, pursuant to ZR § 72-21, an application to permit in an R4 zoning district the construction of a one-story building to be operated as an eating and drinking establishment (Use Group 6) with accessory signage and parking, contrary to use regulations, for a term of ten (10) years, to expire on February 26, 1984; and

WHEREAS, the variance was amended at various times in subsequent years, including on June 5, 1979, when the Board amended the grant to authorize the operation of an accessory drive-through and the reconfiguration of parking spaces at the site; and

WHEREAS, on March 18, 1986, also under the subject calendar number, the Board, upon waiving its Rules of Practice and Procedure, reopened and amended the grant to include an extension of term for a period of ten years, expiring on February 26, 1994; and

WHEREAS, on August 9, 1988, also under the subject calendar number, the Board reopened and amended the grant to permit the enlargement of the existing building, add a vestibule and alter the dining area within the building; and

WHEREAS, on October 20, 1998, also under the subject calendar number, the Board, upon waiving its Rules of Practice and Procedure, reopened and amended the grant to extend the term of the variance for a period of ten (10) years, expiring on February 26, 2004; and

WHEREAS, the applicant now seeks, upon a waiver of the Board's Rules of Practice and Procedure, an extension of the term of the variance for a period of ten (10) years and an amendment of the variance to permit a new eating and drinking establishment and drive-in bank at the site (both of which are proposed to be within the footprint of the existing building); and

WHEREAS, the applicant proposes to maintain the majority of the Use Group 6 eating and drinking establishment within the footprint of the existing building but to eliminate the existing accessory drive-through, thereby reducing the required number of parking spaces at the site and eliminating the outdoor menu board and amplified intercom system; the applicant further proposed to construct a new Use Group 6 drive-in bank with approximately 150 square feet of floor area, also within the footprint of the existing building, which would be accessed via the existing drive-through lane; and

WHEREAS, the applicant notes that the site contains 19 parking spaces, four fewer than the 23 spaces which were required under the Board's previous grant, and states that the removal of four spaces resulted from the previous owner's installation of a curb cut at Bay 52<sup>nd</sup> Street; and

WHEREAS, the applicant proposes to eliminate the curb cut at Bay 52<sup>nd</sup> Street, restore the four previously eliminated parking spaces and add three additional spaces, increasing the total number of parking spaces on the site to 26, which would comply with the parking regulations applicable in a C1-1 zoning district (which would require 22 parking spaces); and

WHEREAS, the applicant states that the parking spaces will comply with all applicable provisions of ZR § 36-50 with

---

# MINUTES

---

respect to the size of parking spaces, maneuverability, travel lanes and minimum turnarounds, as if the site were located in a C1-1 zoning district; and

WHEREAS, pursuant to 2 RCNY § 1-07.3(b)(4)(ii), the Board may reinstate a use variance granted pursuant to a post-1961 variance where, as here, the grant is limited to a term that is specified only as a condition in the Board's resolution as, an amendment to modify such term; and

WHEREAS, pursuant to ZR §§ 72-01 and 72-22, the Board may, in appropriate cases, allow an extension of the term of a variance; and

WHEREAS, at hearing, the Board directed the applicant to add signage directing drivers to yield for pedestrians; and

WHEREAS, the applicant provided the Board with updated plans depicting four signs, located at the entrance and exist to the drive-in bank lane, directing drivers to yield for pedestrians; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made for an extension of term under ZR §§ 72-01 and 72-22.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* the Rules of Practice and Procedure, *reopens* and *amends* the resolution, dated February 11, 2003, so that as amended the resolution reads: "to permit an extension of the term of the variance for an additional ten years to expire on June 16, 2025; *on condition* that all work will substantially conform to drawings, filed with this application marked "Received, June 4, 2015" – (11) sheets; and on further condition:

THAT the term of the variance shall expire on June 16, 2025;

THAT the signage shall comply with the C1 regulations;

THAT landscaping shall be maintained in accordance with the BSA-approved plans;

THAT the site shall be maintained free of graffiti and debris;

THAT the above conditions shall be noted on the certificate of occupancy;

THAT a certificate of occupancy shall be obtained by June 16, 2016;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s); and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted."

Adopted by the Board of Standards and Appeals, June 16, 2015.

**\*The resolution has been amended.  
Corrected in Bulletin Nos. 9-10, Vol. 102, dated March 2, 2017.**

## REGULAR MEETING TUESDAY MORNING, MARCH 7, 2017 10:00 A.M.

Present: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.

### SPECIAL ORDER CALENDAR

#### 26-94-BZ

APPLICANT – Eric Palatnik, P.C., for CDC Realty, owner.  
SUBJECT – Application December 4, 2015 – Extension of Term of a Special Permit (§73-242) for a (UG6) eating and drinking establishment (*The Mansion Grand*) which expires on March 5, 2016; Amendment. C3A (SSRD) zoning district.

PREMISES AFFECTED – 141 Mansion Avenue, Block 5201, Lot 33, Borough of Staten Island.

#### COMMUNITY BOARD #3SI

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4  
Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for a reopening, amendment and extension of term of a previously granted special permit for an eating and drinking establishment (Use Group 6), which expired on March 5, 2016; and

WHEREAS, a public hearing was held on this application on October 18, 2016, after due notice by publication in *The City Record*, with a continued hearing on January 31, 2017, and then to decision on March 7, 2017; and

WHEREAS, Community Board 3, Staten Island, recommends approval of this application; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the southwest corner of Mansion Avenue and McKee Avenue, in a C3A zoning district and the Special South Richmond Development District, on Staten Island; and

WHEREAS, the subject site has approximately 104 feet of frontage on McKee Avenue, 100 feet of frontage on Mansion Avenue, 10,400 square feet of lot area, and is occupied by an existing two-story commercial building used as an eating and drinking establishment; and

WHEREAS, the Board has exercised jurisdiction over the subject site since April 2, 1985, when, under BSA Calendar No. 826-84-BZ, the Board granted a special permit under ZR § 73-242 to permit the construction of an two-story plus cellar eating and drinking establishment for a term of five (5) years, expiring April 2, 1990; and

WHEREAS, on March 5, 1996, under the subject

calendar number, the Board reestablished the expired special permit, extending the term for an additional five (5) years to expire March 5, 2001, with hours of operation limited to 8:00 a.m. to midnight, Sunday through Thursday and 8:00 a.m. to 2:00 a.m. Friday and Saturday; and

WHEREAS, on December 4, 2001, June 6, 2006, and November 9, 2010, under the subject calendar number, the Board extended the term for additional five (5) year terms, the latest of which expired on March 5, 2016; and,

WHEREAS, the applicant now requests an additional extension of the term as well as an amendment in order to make interior renovations and the addition of approximately 768 square feet of floor area to the building; and

WHEREAS, at the hearing, the Board expressed concerns about existing site conditions—including the maintenance of fencing surrounding the site and landscaping of the parking lot, lighting of the site, refuse storage and the accessibility of the eating and drinking establishment for persons with disabilities—as well as the potential adverse noise effects of a proposed new covered terrace at the site; and

WHEREAS, in response, the applicant submitted photographs reflecting improved site conditions, such as replaced fencing and landscaping as well as enclosures for existing HVAC equipment and refuse, clarified that handicap access is provided by a ramp and push button door opener at the rear of the building, that the purpose of the terraces is to infuse the restaurant with light and air, not provide additional seating for patrons, and provided a noise impact study concluding that opening the doors to the terrace will not exceed the thresholds permitted by the New York City Noise Code; and

WHEREAS, with regards to parking, the applicant states that, pursuant to ZR § 36-21, the enlarged building, with 4,570 square feet of floor area, triggers a parking requirement of 30 spaces, and that 23 spaces will be provided by attended parking on site and the remaining seven spaces will be provided at off-site at 142 Mansion Avenue, a location within 600 feet as required under ZR § 36-43, pursuant to a 50-year lease, thus satisfying the requirements of ZR § 36-45; and

WHEREAS, the Board notes that its determination is subject to and guided by ZR § 73-03; and

WHEREAS, consistent with ZR § 73-03(a), the Board finds that, under the conditions and safeguards imposed, the hazards of disadvantage to the community at large of the special permit are outweighed by the advantages to be derived by the community; and

WHEREAS, as to ZR § 73-03(b), the Board finds that the subject special permit will not interfere with any public improvement project; and

WHEREAS, the Board notes that ZR § 73-03 subsections (c) and (d) are inapplicable to the subject application; and

WHEREAS, § 73-242 currently mandates a term of no more than five (5) years and, thus, pursuant to ZR § 73-03(e), the Board's imposition of a five (5) year term is not at the Board's discretion; and

# MINUTES

WHEREAS, consistent with ZR § 73-03(f), the Board finds that the circumstances warranting the original grant still obtain and that the applicant has complied with the conditions and safeguards theretofore described by the Board during the prior term; and

WHEREAS, the Board finds that the proposed enlargement would be permitted under ZR § 73-242, noting specifically that the capacity of the enlarged establishment will not exceed a capacity of 200 persons, are required under ZR § 73-03(g); and

WHEREAS, based upon the above, the Board finds the requested extension and amendment appropriate, with certain conditions as set forth below.

*Therefore, it is Resolved*, that the Board of Standards and Appeals reopens and amends the resolution, as adopted on March 5, 1996, as amended through November 9, 2010, so that as amended this portion of the resolution shall read: “to extend the term for a period of five (5) years from March 5, 2016, to expire on March 5, 2021, *on condition* that the use shall substantially conform to drawings as filed with this application, marked ‘Received March 7, 2017’– Ten (10) sheets; and *on further condition*:

THAT the term of this grant shall expire on March 5, 2021;

THAT the hours of operation shall be limited to 8:00 a.m. to midnight Sunday through Thursday and 8:00 a.m. to 2:00 a.m. Friday and Saturday;

THAT on-site valet parking shall be in place during all hours of operation;

THAT the entrance to the parking lot shall be made secure after business hours with a chain to prevent unauthorized entry;

THAT landscaping and street trees shall be planted and replaced as necessary in accordance with BSA approved plans;

THAT a sign shall remain posted at the exit on McKee Avenue prohibiting left turns as shown on plans;

THAT all identification and business signs shall be oriented towards Mansion Avenue;

THAT the term of this grant shall not exceed the duration of the 50-year lease permitting off-site parking at 142 Mansion Avenue, Staten Island;

THAT any change to the location of off-site parking shall require the Board’s prior consent;

THAT the terrace doors shall be closed if noise levels exceed 40 dBA, as measured from three feet inside the nearest residential window, if noise becomes a nuisance on the street or if noise complaints are lodged with New York City complaint reporting systems (including but not limited to 311) or the Board;

THAT the above conditions shall be listed on the certificate of occupancy;

THAT a revised Certificate of Occupancy shall be obtained within one (1) year;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect and shall be listed on the certificate of occupancy;

THAT this approval is limited to the relief granted by

the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, March 7, 2017.

## 66-96-BZ

APPLICANT – Francis R. Angelino, Esq., for Haug Properties, LLC, owner; Epiphany Community Nursery School, lessee.

SUBJECT – Application June 21, 2016 – Extension of Term of a previously approved Special Permit (§73-19) permitting the operation of a day care center school (UG 3) which expires on August 6, 2016. M1-4 zoning district.

PREMISES AFFECTED – 510 East 74<sup>th</sup> Street, Block 1485, Lot 45, Borough of Manhattan.

## COMMUNITY BOARD #8M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a reopening and an extension of the term of a previously granted special permit for the operation of a school within an M1-4 zoning district, which expired on August 6, 2016; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, with a continued hearing on March 7, 2017, and then to decision on the same date; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 8, Manhattan, recommends approval of this application; and

WHEREAS, the subject site is located on the southern side of East 74<sup>th</sup> Street, between York Avenue and Franklin D. Roosevelt East River Drive, within an M1-4 zoning district, approximately 50 feet east of an R10 zoning district, in Manhattan; and

WHEREAS, the site has approximately 50 feet of frontage along East 74<sup>th</sup> Street, 102 feet of depth, 5,108 square feet of lot area and is occupied by a three-story, with penthouse, community-facility building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since August 6, 1996, when, under the subject calendar number, the Board granted a special permit pursuant to ZR § 73-19 to permit a day care center (Use Group 3 school) within the subject M1-4 zoning district, contrary to ZR § 42-10, for a term of twenty (20) years, expiring August 6, 2016; and

# MINUTES

WHEREAS, the applicant now seeks to extend the term of the special permit for an additional twenty (20) years; and

WHEREAS, in response to concerns raised by the Board regarding the use of public streets for stroller storage, the applicant submitted revised plans reflecting stroller racks within the entry corridor that accommodate 28 strollers and leave adequate room for egress; and

WHEREAS, the Board notes that its determination is subject to and guided by ZR § 73-03; and

WHEREAS, consistent with ZR § 73-03(a), the Board finds that, under the conditions and safeguards imposed, the hazards of disadvantage to the community at large of the special permit are outweighed by the advantages to be derived by the community; and

WHEREAS, as to ZR § 73-03(b), the Board finds that the subject special permit will not interfere with any public improvement project; and

WHEREAS, the Board notes that ZR § 73-03 subsections (c),(d) and (g) are inapplicable to the subject application; and

WHEREAS, consistent with ZR § 73-03(f), the Board finds that the circumstances warranting the original grant still obtain and that the applicant has complied with the conditions and safeguards theretofore described by the Board during the prior term; and

WHEREAS, based upon its review of the record, and in accordance with ZR § 73-03(e), the Board finds an additional twenty (20) year term is appropriate with certain conditions as set forth below.

*Therefore, it is Resolved*, that the Board of Standards and Appeals reopens and amends the resolution, dated August 6, 1996, so that as amended this portion of the resolution shall read: “to extend the term for a period of twenty (20) years from August 6, 2016, to expire on August 6, 2036; *on condition* that the use shall substantially conform to drawings filed with this application marked ‘Received February 14, 2017’-seven (7) sheets; and *on further condition*:

THAT this special permit shall be limited to a term of twenty (20) years to expire on August 6, 2036;

THAT no strollers shall be stored on the sidewalk in front of the premises;

THAT the mechanical equipment shall be located and enclosed as set forth in the Board-approved plans and shall comply with the New York City Noise Code;

THAT the above conditions shall appear on the certificate of occupancy;

THAT a new certificate of occupancy shall be obtained by March 7, 2018;

THAT all conditions from the prior resolution not specifically waived by the Board remain in effect;

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other

relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, March 7, 2017.

## 149-95-BZ

APPLICANT – Law Office of Fredrick A. Becker, for Brodcom West Development Company, LLC, owner; TSI West End, LLC dba New York Sports Club, lessee.

SUBJECT – Application July 28, 2016 – Extension of Term of a previously approved Special Permit (§73-36) which permitted the operation of a physical culture establishment (*New York Sports Club*) which expires on July 30, 2016. C4-7 zoning district.

PREMISES AFFECTED – 75 West End Avenue, Block 1171, Lot 63, Borough of Manhattan.

## COMMUNITY BOARD #7M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for an extension of the term of a previously granted special permit for a physical culture establishment (“PCE”), which expired on July 30, 2016; and

WHEREAS, a public hearing was held on this application on March 7, 2017 after due notice by publication in *The City Record*, and then to decision on March 7, 2017; and

WHEREAS, Commissioner Ottley-Brown performed an inspection of the site and surrounding neighborhood; and  
WHEREAS, Community Board 7, Manhattan, recommends approval of this application; and

WHEREAS, the subject site is located on the southwest corner of West End Avenue and West 63rd Street, within a C4-7 zoning district, in Manhattan; and

WHEREAS, the site has approximately 413 feet of frontage on West End Avenue, 240 feet of frontage along West 63rd Street, 75,484 square feet of lot area and is occupied by a 38-story mixed residential-and-commercial buildings; and

WHEREAS, the zoning lot is part of a general large-scale development that expressly contemplated the inclusion of a PCE, and the PCE is located within the northern building with frontage on West 63rd Street (the “subject building”); and

WHEREAS, the Board has exercised jurisdiction over the site since July 30, 1996, when, under the subject calendar number, the Board granted a special permit, pursuant to ZR § 73-36, to permit the existing PCE in the basement and a portion of the first floor of the subject building for a term of ten (10) years, expiring July 30, 2006; and

WHEREAS, on July 10, 2007, under the subject

# MINUTES

calendar number, the Board granted a waiver of its Rules of Practice and Procedure, reopened and extended the term of the special permit for ten (10) years, expiring July 30, 2016; and

WHEREAS, on February 10, 2014, the Board issued a letter of no objection the change in ownership of the facility from Crunch to New York Sports Club; and

WHEREAS, the previous term of the special permit having expired, the applicant now seeks an extension of term for an additional ten (10) years; and

WHEREAS, the facility remains in operation as New York Sports Club with the following hours of operation: Monday through Thursday, 5:30 a.m. to 11:00 p.m., Friday, 5:30 a.m. to 9:00 p.m., and Saturday and Sunday, 8:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant notes that the PCE continues to occupy 15,765 square feet of total floor area in the building, 1,749 square feet of floor area in the basement and 14,016 square feet of floor area on the first floor, as previously approved by the Board; and

WHEREAS, the Board notes that its determination is subject to and guided by ZR § 73-03; and

WHEREAS, consistent with ZR § 73-03(a), the Board finds that, under the conditions and safeguards imposed, the hazards of disadvantage to the community at large of the special permit are outweighed by the advantages to be derived by the community; and

WHEREAS, as to ZR § 73-03 subsections (b) and (c), the Board finds, respectively, that the subject special permit will not interfere with any public improvement project and that the use will not interfere with the existing street system; and

WHEREAS, the Board notes that ZR § 73-03 subsections (d) and (g) are inapplicable to the subject application; and

WHEREAS, § 73-36 mandates a term not to exceed ten (10) years and, thus, pursuant to ZR § 73-03(e), the Board shall establish a term not to extend ten (10) years; and

WHEREAS, consistent with ZR § 73-03(f), the Board finds that the circumstances warranting the original grant still obtain and that the applicant has complied with the conditions and safeguards theretofore described by the Board during the prior term; and

WHEREAS, based upon its review of the record, the Board finds that a ten (10) year extension is appropriate with certain conditions as set forth below.

*Therefore, it is Resolved*, that the Board of Standards and Appeals reopens and amends the resolution, dated July 30, 1996, as amended through July 10, 2007, so that as amended this portion of the resolution shall read: “to permit an extension of the term of the special permit for a term of ten (10) years, expiring July 30, 2026, *on condition* that the site shall substantially conform to drawings as filed with this application, marked “Received July 28, 2016”- Five (5) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years from July 30, 2016, expiring July 30, 2026;

THAT there shall be no change in ownership or

operating control of the physical culture establishment without prior application to and approval from the Board;

THAT the rooftop air conditioning unit shall comply with the New York City Noise Control Code and shall be in compliance with Board-approved plans;

THAT Local Law 58/87 compliance shall be as reviewed and approved by the Department of Buildings;

THAT fire safety measures shall be installed and/or maintained as shown on the Board-approved plans;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed Department of Buildings/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, March 7, 2017.

---

side of West 37th Street, between Ninth Avenue and Eighth Avenue, within a C6-4M zoning district and the Special Garment Center District, the Preservation Area 2 (P-2) Sub-district and an Inclusionary Housing Designated Area, within Manhattan; and

WHEREAS, the site has approximately 100 feet of frontage on West 37th Street, 99 feet of depth, 9,875 square feet of lot area and is occupied by a 14-story commercial building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since September 11, 2012, when, under the subject calendar number, the Board granted a variance, pursuant to ZR § 72-21, to permit the legalization of a Use Group 6 office use within the commercial building, contrary to ZR §§ 121-11 and 121-113, on condition that: the building not be occupied by adult establishments, banks, banquet halls, catering establishments, drug stores or eating or drinking establishments, except restaurants with a capacity of 200 persons or less; and the applicant reserve at least one space within the building for rent to a non-profit organization; and

WHEREAS, construction was to have been substantially completed by September 11, 2016, pursuant to ZR § 72-23; and

WHEREAS, the applicant represents that construction has not been completed because of delays caused by: necessary upgrades to achieve compliance with the New York City Construction Codes, including sprinkler-system upgrades, installation of a new fire-alarm system, construction of accessible bathroom facilities; upgrading an egress landing, as required by Fire Code; and other unanticipated construction delays caused by the age of the building; and

WHEREAS, the applicant represents that, with various approvals from city agencies now in place, it anticipates completion of the subject project within four (4) years and seeks such extension of time to complete construction; and

WHEREAS, the applicant asserts that there have been no substantial changes in the character and nature of the surrounding area since the grant of the variance; and

WHEREAS, based upon its review of the record, the Board finds that the requested extension of time to complete construction is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals reopens and amends the resolution, dated September 11, 2012, so that as amended this portion of the resolution reads: “to grant a four (4) year extension of time to complete construction and obtain a Certificate of Occupancy to September 11, 2020; *on condition* that any and all work shall substantially conform to drawings as they apply to the objections above noted; and *on further condition*:

THAT construction shall be substantially completed and a Certificate of Occupancy shall be obtained within four (4) years, by September 11, 2020;

THAT the building will not be occupied by the following uses: adult establishments; banks; banquet halls;

catering establishments; drug stores; eating or drinking establishments, except restaurants with a capacity of 200 persons or less;

THAT the applicant will reserve at least one space within the building to be rented to a non-profit organization;

THAT the above conditions shall appear on the certificate of occupancy;

THAT all conditions from the prior resolution not specifically waived by the Board remain in effect; and

THAT this approval is limited to the relief granted by the Board, in response to specifically cited and filed Department of Buildings/other jurisdiction objection(s) only;

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

### 272-15-A

APPLICANT – Eric Palatnik, P.C., for Tribanor Real Estate, owner.

SUBJECT – Application December 14, 2015 – Proposed construction of a commercial building, not fronting a legally mapped street, contrary to General City Law 36. M3-1 zoning district.

PREMISES AFFECTED – 35 Derick Court, Block 7206, Lot 510, Borough of Staten Island.

### COMMUNITY BOARD #3SI

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated November 17, 2015, acting on New Building Application No. 520039459, reads in pertinent part:

“GCL 36, BC 502.1” “The street giving access to proposed building is not duly placed on the official map of the City of New York therefore:

A) No Certificate of Occupancy can be issued pursuant to Article 3, Section 36 of General City Law;

B) Proposed construction does not have at least 8% of the total perimeter of buildings(s) fronting directly upon a legally mapped street or frontage space contrary to section 502.1 of the 2008 NYC Building Code”; and

WHEREAS, this is an application to allow for the construction of a one-story, with mezzanine, Use Group (“UG”) 16 warehouse, that does not front on a mapped street, contrary to General City Law (“GCL”) § 36; and

WHEREAS, a public hearing was held on this application on August 16, 2016, after due notice by publication in *The City Record*, with continued hearings on September 27, 2016, and December 13, 2016, and then to decision on March 7, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 3, Staten Island, recommends approval of this application; and

WHEREAS, the subject site is located north of Arthur Kill Road on Derick Court, in an M3-1 zoning district and the Special South Richmond Development District, on Staten Island; and

WHEREAS, the site has 265,984 square feet of lot area; and

WHEREAS, GCL § 36 provides that no certificate of occupancy shall be issued for any building unless a street or highway giving access to such structure has been officially mapped and adequately improved in respect to the public

---

# MINUTES

---

health, safety and general welfare; and

WHEREAS, said statute empowers the Board to vary this requirement where there is practical difficulty or unnecessary hardship; and

WHEREAS, the applicant proposes to develop the subject site with a one-story, with mezzanine, UG 16 warehouse with 29,573 square feet of floor area, 26 parking spaces and two loading berths; and

WHEREAS, the applicant states that the proposed building complies with and conforms to all applicable zoning district regulations, including those applicable in the Special South Richmond Development District; and

WHEREAS, the applicant also represents that the subject site is located in a tidal wetlands adjacent area but is not located in a flood hazard zone, tidal wetland area or freshwater wetlands zone; and

WHEREAS, the applicant states that Derick Court is a paved, unmapped private street that extends north from Industrial Loop and ends in a cul-de-sac with a 35-foot radius; the applicant states further that Industrial Loop is an improved, one-way road that is not duly placed on the official map of the City of New York; the applicant notes that Industrial Loop, which begins and ends at Arthur Kill Road, provides access to several commercial and manufacturing lots north of Arthur Kill Road; and

WHEREAS, the applicant notes that vehicles enter the Industrial Loop off of Arthur Kill Road to the south of the subject site and complete a loop by traveling north, west and south, exiting again on Arthur Kill Road approximately 310 feet west of the point of entrance; and

WHEREAS, because the subject site is only accessible from Industrial Loop, which is not a street duly placed on the official map of the City of New York, the applicant seeks the relief sought herein; and

WHEREAS, the drawings submitted in support of this application demonstrate that both Derick Court and Industrial Loop are 40 feet in width; and

WHEREAS, the evidence further demonstrates that no parking is currently permitted along Derick Court or Industrial Loop and that enforcement occurs by towing at the expense of the vehicle owner; and

WHEREAS, the applicant represents that a deed restriction, which requires that a property owners' association be formed, has been placed on the property and that such association, Arthur Kill Association, Ltd., a not-for-profit corporation, was in fact formed; that each property owner is required to join the property owners' association; and that the property owners' association is responsible for continuously maintaining Industrial Loop and Derick Court, their utilities, sanitary sewer system, no-parking signage and property-servicing appurtenances in good working condition; and

WHEREAS, in addition, the applicant amended the By-Laws of the Arthur Kill Association to state that roadway signs indicating that no parking is allowed will be installed and maintained on Derick Court by the association and that any automobiles violating this restriction may be towed at the owner's expense; and

WHEREAS, by letter dated June 9, 2016, the Fire Department states that it has no objection to the subject application provided that (1) all required Siamese connections be within 100 feet of a hydrant and (2) parking be prohibited along the on-site fire apparatus access road with signage required by Fire Code § 503.2.7.2.1; and

WHEREAS, in response to the Fire Department's concerns, the applicant submitted amended plans including notes of the Fire Department's recommendations; and

WHEREAS, by letter dated September 24, 2013, the New York State Department of Environmental Conservation ("NYSDEC") states that NYSDEC Permit No. 2-6405-00553/00003 has been issued; and

WHEREAS, the applicant represents that the drawings filed with this application conform to those approved by NYSDEC; that, as condition of permit issuance by NYSDEC, riprap rock revetment slope protection will be constructed prior to installation of the proposed building foundation along with native grasses and shrubbery; and that such features will be maintained from the subject site's seaward frontage as accessed by boat; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore, it is Resolved*, that the decision of the Department of Buildings, dated November 17, 2015, acting on New Building Application No. 520039459, be *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be *granted*, limited to the objection noted, *on condition* that all construction shall substantially conform to the drawings filed with the application marked "Received December 1, 2016"- One (1) sheet; and that all applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT curb and pavement improvements for the site shall be completed in substantial compliance with the Builder's Pavement Plan;

THAT all curbs, curb cuts, sidewalks, pavement, street lighting and street signage shall be designed and constructed in accordance with the requirements of the New York City Department of Transportation ("DOT") and be subject to DOT review and approval;

THAT all required Siamese connections shall be within 100 feet of a hydrant;

THAT parking shall be prohibited along the on-site fire apparatus access road with required signage as found in Fire Code § 503.2.7.2.1;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by DOB;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals,

**2016-4129-A & 2016-4130-A**

APPLICANT – Eric Palatnik, P.C., for Harris Lane Associates Corp., owner.

SUBJECT – Application March 4, 2016 – Proposed construction of family dwelling not fronting on a legally mapped street contrary to General City Law 36. R3-1 (SRD) zoning district.

PREMISES AFFECTED – 72 & 74 Harris Lane, Block 7094, Lot(s) 1 & 9, Borough of Staten Island.

**COMMUNITY BOARD #3SI**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decisions of the Department of Buildings (“DOB”), dated February 10, 2016, acting on New Building Application Nos. 520259826 and 520251931 read in pertinent part:

“The street giving access to the proposed building is not duly placed on the official map of the City of New York therefore:

- A) No certificate of occupancy can be issued pursuant to Article 3, Section 36 of the General City Law;
- B) Proposed construction does not have at least 8% of the total perimeter of the building fronting directly upon a legally mapped street or frontage space contrary to Sec 501.3.1 of the 2014 NYC. Building Code”; and

WHEREAS, this is an application to allow the construction of two single-family residences that do not front on a mapped street, contrary to General City Law (“GCL”) § 36; and

WHEREAS, a public hearing was held on this application on July 19, 2016, after due notice by publication in *The City Record*, with continued hearings on October 14, 2016, and January 10, 2017, and then to decision on March 7, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 3, Staten Island, recommends disapproval of the subject application, citing concerns about access to the private sewer system, the Fire Department’s position on parking along Harris Lane, tandem parking, the environmental impact to adjoining properties and ownership of Harris Lane; and

WHEREAS, the subject site is located on the north side of Harris Lane, an unmapped private street unbuilt at the subject location, in an R3-1 zoning district as well as the Special South Richmond Development District and a Lower Density Growth Management Area, on Staten Island; and

WHEREAS, the subject site is currently Block 7094, Lot 1, which the applicant proposes to subdivide into tentative Lots 1 and 3; and

WHEREAS, the applicant provided the Board with the Application for Mergers or Apportionments submitted to the New York City Department of Finance for to the proposed subdivision, which was approved October 9, 2015, and the approval of Application N160116RCR by the New York City Department of City Planning for certification of future subdivision from one zoning lot into two zoning lots, pursuant to ZR § 107-08, on July 29, 2016; and

WHEREAS, Lot 1 has 49 feet of frontage along Harris Lane and 6,079 square feet of lot area; and Lot 3 has 49 feet of frontage along Harris Lane and 5,685 square feet of lot area; and

WHEREAS, GCL § 36 provides that no certificate of occupancy shall be issued for any building unless a street or highway giving access to such structure has been officially mapped and adequately improved in respect to the public health, safety and general welfare; and

WHEREAS, said statute empowers the Board to vary this requirement where there is practical difficulty or unnecessary hardship; and

WHEREAS, the applicant states that the proposed buildings are part of a larger development of 60 residential homes, all but two of which have already been built and occupied; and

WHEREAS, because the subject site is only accessible from Harris Lane, which is not a street duly placed on the official map of the City of New York, the applicant seeks the relief sought herein; and

WHEREAS, Harris Lane is built to a width of 30 feet just east of the subject site but is unbuilt at the subject site; Harris Lane connects to Bloomingdale Road, a two-way street appearing on the official map of the City of New York at a record width of 80 feet, but built to a width of approximately 50 feet and located approximately 600 feet to the east of the subject site; and

WHEREAS, the applicant proposes to build an extension of Harris Lane to front the subject site to a final width of between 30’-6” and 30’-4”;

WHEREAS, the applicant represents that the proposed residences comply with and conform to all applicable zoning district regulations, including those applicable in the Special South Richmond Development District and Lower Density Growth Management Areas; and

WHEREAS, the applicant states that each proposed residence will provide three accessory parking spaces and will be fully sprinklered with interconnected smoke alarms; and

WHEREAS, the drawings submitted in support of this application demonstrate that the newly improved portion of Harris Lane will have a width of 30 feet, a grade not exceeding 10 percent and “no parking” signs posted; and

WHEREAS, by letter dated September 18, 2015, the New York State Department of Environmental Conservation states that the site is not within its jurisdiction under the Fresh Wetlands Act or the Tidal Wetlands Act, so neither a

---

# MINUTES

---

tidal wetlands permit nor a freshwater wetlands permit is required; and

WHEREAS, the Board requested that the applicant provide information about the status of pending applications with the Department of City Planning for subdivision and school-seat certification; and

WHEREAS, by letter dated July 29, 2016, the Department of City Planning states that applicants for subdivision and school-seat certification were approved; and

WHEREAS, by letter dated November 3, 2015, the Fire Department states that it has no objection to this application, provided that both buildings be fully sprinklered, have interconnected smoke alarms and that “no parking” signs be affixed along Harris Lane; and

WHEREAS, by letter dated November 20, 2015, the Fire Department states that its Bureau of Facilities Management has determined that the proposed project will not affect any existing fire alarm facilities and does not require the addition of any fire alarm boxes; and

WHEREAS, in its recommendation report dated April 26, 2016, Community Board 3, Staten Island, recommended that the applicant clarify whether the Fire Department’s “no parking” condition applies to all of Harris Lane or to the newly improved section; and

WHEREAS, by letter dated June 9, 2016, the Fire Department clarifies that parking is prohibited along the newly developed portion of Harris Lane upon which the proposed residences front and addition the following additional conditions: a hydrant must be located within 250 feet of both main front entrances and the grade of the new portion of Harris Lane not exceed 10 percent; and

WHEREAS, the applicant revised the drawings and by letter dated January 5, 2017, the Fire Department states that the drawings are in compliance with its requirements for residential buildings; and

WHEREAS, at the hearings, the Board expressed concerns about clear and free access to the site, maintenance of the private street by a homeowners’ association and street lighting; and

WHEREAS, in response to the Board’s concerns, the applicant submitted revised plans and provided information about the proposed homeowners’ association as well as a chronological history of the larger development site; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore, it is Resolved*, that decisions of the Department of Buildings, dated February 10, 2016, acting on New Building Application Nos. 520259826 and 520251931, be *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be *granted*, limited to the objection noted, *on condition* that construction shall substantially conform to the drawings filed with the application marked “Received December 9, 2016”– One (1) sheet; and that all applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT the restrictive declaration submitted in

connection with this application shall be recorded in the Office of the County Clerk, County of Richmond, prior to the issuance of any certificate of occupancy;

THAT the restrictive declaration shall be recorded on the certificates of occupancy;

THAT the recorded restrictive declaration shall substantially conform to the form and substance of the following:

DECLARATION made this \_\_\_\_\_, by Harris Lane Corp., hereinafter referred to as the “Declarant,” with a principal office located at 35 Bar Court, Staten Island, New York.

WHEREAS, the Declarant is the fee owner of certain land located in the City and State of New York, Borough of Staten Island, designated as Block 7094, Lots 1 and 3, on the Tax Map of the City of New York, hereinafter referred to as Parcel A (the “Subject Premises”), more particularly described by a metes and bounds description set forth in Schedule A annexed hereto and by this reference made a part hereof;

WHEREAS, the Declarant has requested the New York City Board of Standards and Appeals (the “BSA”) act upon BSA Cal. Nos. 2016-4129-A and 2016-4130-A to appeal the decision of the Staten Island Borough Commissioner, under application numbers 520259826 and 520251931 pursuant to Article III, Section 36 of the General City Law, denying the permit on the basis that the street giving access to the proposed buildings is not duly placed on the official map of the City of New York; and

WHEREAS, the BSA requires Declarant to execute and file this restrictive declaration prior to obtaining a Certificate of Occupancy for the Subject Premises.

NOW, THEREFORE, in consideration of BSA approval to allow the proposed construction of a two-family residence not fronting on a legally mapped street, contrary to General City Law 36, Declarant does hereby declare that Declarant and his successors and/or assigns shall be legally responsible for operating and maintaining the Subject Premises in compliance with the following restrictions of the FDNY’s letter of June 9, 2016 (As listed on the proposed site plan dated \_\_\_\_\_), and that such compliance shall be subject to enforcement by the Fire Commissioner:

1. That both buildings shall also be fully sprinklered.
2. That a hydrant must be located within 250 feet of both main front entrances.
3. Signs shall be conspicuously posted along the driveway indicating no parking permitted anytime along the entire newly developed portion of Harris Lane upon which the proposed residences front.
4. That the grade of the newly developed Harris

# MINUTES

Lane shall not exceed 10% as stated in NYC Fire Code 503.2.2.3.

5. That all the following conditions found on the stamped approved plan titled Harris Lane Residential Development dated June 9, 2016 shall be complied with.

a. Both proposed buildings must be fully fire sprinklered in conformity with the sprinkler provisions of the New York City Fire Department as well as reference standards of the New York City Building Code;

b. Both proposed buildings shall be provided with interconnected smoke alarms, which shall be designed and installed in accordance with the New York City Building Code Section 907.2.11.

c. No parking signs shall be affixed along Harris Lane in accordance with the New York City Fire Code Chapter 5 FC 503.2.7.2.1 signage.

1. This declaration may not be modified, amended or terminated without the prior written consent of the BSA;

2. The covenants set forth herein shall run with the land and be binding upon and inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns;

3. Failure to comply with the terms of this declaration may result in the revocation of a building permit or Certificate of Occupancy as well as any other authorization or waiver granted by the BSA; and

4. This declaration shall be recorded at the Office of the County Clerk against the Subject Premises and title of the declaration shall be recorded on each temporary and permanent certificate of occupancy hereafter issued to any building located on the Subject Premises and in any deed for the conveyance thereof.

IN WITNESS THEREOF, Declarant has made and executed the foregoing restrictive declaration as of the date hereinabove written;

THAT both proposed buildings must be fully fire sprinklered in conformity with the sprinkler provisions of the New York City Fire Department as well as reference standards of the New York City Building Code;

THAT both proposed buildings shall be provided with interconnected smoke alarms, which shall be designed and installed in accordance with the New York City Buildings Code Section 907.2.1.0;

THAT no parking signs shall be affixed along the entirely newly developed portions of Harris Lane upon

which the proposed buildings front in accordance with the New York City Fire Code Chapter 5 FC 3505.2.7.2.1 Signage;

THAT a hydrant must be located within 250 feet of the main front entrances of both proposed buildings;

THAT the grade of the newly development Harris Lane shall not exceed 10 percent as stated in the New York City Fire Code 503.2.2.3;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by DOB;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configurations(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 7, 2017.

THE RESOLUTION –

WHEREAS, the decisions of the Department of Buildings (“DOB”), dated April 13, 2016, acting on New Building Application Nos. 421204510, 421204529, 421256508, 421256544, 421256517, 421219443, 421219452, 421256492, 421256447, 421262289, 421302450 (dated January 11, 2017), 421306223, 421306214, 421306189, 421306205, 421306492, 421304939, 421262038, 421262216, 421266418 and 421266427 read in pertinent part:

“Section GCL 36, BC 501.3.1” “The street giving access to proposed building is not duly placed on the official map of the City of New York therefore:

---

# MINUTES

---

- A) No certificate of occupancy can be issued pursuant to Article 3, Section 36 of General City Law.
- B) Proposed construction does not have at least 8% of the total perimeter of the building(s) fronting directly upon a legally mapped street or frontage space contrary to Section 501.3.1 of the 2014 NYC Building Code”; and

WHEREAS, this is an application to allow the construction of twenty-one single-family residences that do not front on a mapped street, contrary to General City Law (“GCL”) § 36; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, with a continued hearing on February 28, 2017, and then to decision on March 7, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 7, Queens, recommends approval of the subject application; and

WHEREAS, the subject site is located along Sullivan Drive, a proposed and unmapped private street, between 150th Street and Powell’s Cove Boulevard, in an R2 zoning district, in Queens; and

WHEREAS, the subject site consists of twenty-one lots to be apportioned from of Block 4509, Lot 1 pursuant to an Application for Mergers or Apportionments submitted to the New York City Department of Finance and approved as of July 29, 2015; as the lots do not yet appear on the New York City Tax Map, they will be referred to herein as “Tentative Lots”; and

WHEREAS, the applicant represents that Tentative Lot 16 will have 5,940 square feet of lot area and be developed with a dwelling with 2,930 square feet of floor area (0.49 FAR); Tentative Lot 18 will have 7,531 square feet of lot area and be developed with a dwelling with 3,146 square feet of floor area (0.42 FAR); Tentative Lot 20 will have 7,511 square feet of lot area and be developed with a dwelling with 3,146 square feet of floor area (0.42 FAR); Tentative Lot 22 will have 7,492 square feet of lot area and be developed with a dwelling with 3,146 square feet of floor area (0.42 FAR); Tentative Lot 24 will have 7,054 square feet of lot area and be developed with a dwelling with 3,146 square feet of floor area (0.45 FAR); Tentative Lot 26 will have 5,483 square feet of lot area and be developed with a dwelling with 2,702 square feet of floor area (0.49 FAR); Tentative Lot 28 will have 5,322 square feet of lot area and be developed with a dwelling with 2,597 square feet of floor area (0.49 FAR); Tentative Lot 30 will have 5,301 square feet of lot area and be developed with a dwelling with 2,597 square feet of floor area (0.49 FAR); Tentative Lot 32 will have 5,279 square feet of lot area and be developed with a dwelling with 2,597 square feet of floor area (0.49 FAR); Tentative Lot 34 will have 5,258 square feet of lot area and be developed with a dwelling with 2,597 square feet of floor

area (0.49 FAR); Tentative Lot 78 will have 7,401 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.40 FAR); Tentative Lot 80 will have 7,084 square feet of lot area and be developed with a dwelling with 3,431 square feet of floor area (0.48 FAR); Tentative Lot 82 will have 6,238 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); Tentative Lot 84 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); Tentative Lot 86 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); Tentative Lot 88 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); Tentative Lot 90 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); Tentative Lot 92 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); Tentative Lot 94 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); Tentative Lot 96 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); and Tentative Lot 98 will have 6,200 square feet of lot area and be developed with a dwelling with 3,050 square feet of floor area (0.49 FAR); and

WHEREAS, GCL § 36 provides that no certificate of occupancy shall be issued for any building unless a street or highway giving access to such structure has been officially mapped and adequately improved in respect to the public health, safety and general welfare; and

WHEREAS, said statute empowers the Board to vary this requirement where there is practical difficulty or unnecessary hardship; and

WHEREAS, the applicant states that the proposed buildings are part of a larger development of 45 residences, 24 of which have frontage on the mapped streets 6th Avenue, 150th Street and Powell’s Cove Boulevard; and

WHEREAS, because the subject site is only accessible from Sullivan Drive, which not a street duly placed on the official map of the City of New York, the applicant seeks the relief sought herein; and

WHEREAS, the applicant represents that the proposed residences comply with and conform to all applicable zoning district regulations; and

WHEREAS, the applicant also represents that the subject site is not located in a flood hazard zone, tidal wetlands area or freshwater wetlands zone; and

WHEREAS, the drawings submitted in support of this application demonstrate that Sullivan Drive will have a width of 48 feet (34 feet curb-to-curb) and extend from 150th Street to Powell’s Cove Boulevard; and

WHEREAS, the applicant represents that Sullivan Drive will contain a new sewer line, utilities, street lighting, sidewalks, curbs and street trees in compliance with all applicable requirements and that the proposed buildings will be fully sprinklered; and

# MINUTES

WHEREAS, at the hearings, the Board expressed concerns about maintenance of the private street by a homeowners' association, street lighting and standards for roadwork; and

WHEREAS, in response to the Board's comments, the applicant submitted a draft Homeowner's Association Declaration ("HOA") providing, among other things, that the drainage system and roadway will be maintained by the as-yet-to-be-formed Homeowner's Association (the "Association"), that the owner of each dwelling unit on the site will be a member of the Association and that each member of the Association shall have a right and easement of use in and to the drainage system and roadway; the applicant additionally represented that the HOA will be recorded prior to the transfer of title to any new homeowner and the deed will be expressly subject to the HOA; and

WHEREAS, by letter dated October 5, 2016, the Fire Department states that it has no objection to the applicant's proposal, provided that Sullivan Drive has a minimum curb-to-curb width (?) of 34 feet between 150th Street and Powell's Cove Boulevard, that private fire hydrants be installed a minimum of every 250 feet or part thereof within the development and that private fire hydrant systems be maintained in good working order and be repaired when defective; and

WHEREAS, by letters dated December 16, 2016, and January 27, 2017, the Department of Transportation requested that the applicant describe the location of the easement private street on the proposed Sullivan Drive in the site plan and specify Sullivan Drive's curb cut locations and turning radius dimensions to ensure utility trucks can access the proposed private street; and

WHEREAS, in response to the Board's, the Fire Department's and the Department of Transportation's concerns, the applicant submitted revised plans and provided additional information about the proposed homeowners' association; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore, it is Resolved*, that the decisions of the Department of Buildings, April 13, 2016, acting on New Building Application Nos. 421204510, 421204529, 421256508, 421256544, 421256517, 421219443, 421219452, 421256492, 421256447, 421262289, 421302450 (dated January 11, 2017), 421306223, 421306214, 421306189, 421306205, 421306492, 421304939, 421262038, 421262216, 421266418 and 421266427, be *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be *granted*, limited to the objection noted, *on condition* that construction shall substantially conform to the drawings filed with the application marked "Received March 3, 2017"— Two (2) sheets; and that all applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT a Homeowners' Association Declaration ("HOA") that substantially conforms with the one submitted

in connection with this application and requiring, *inter alia*, that a homeowners' association be formed, that each property owner shall be required to join the homeowners' association and that the homeowners' association shall be responsible for continuously maintaining the development, including the common areas and the streets, its utilities and property-servicing appurtenances in good working conditions, and including during times of inclement weather, shall be recorded with the New York State Attorney General prior to the transfer of title to any new owner of the subject lots;

THAT the restrictive declaration submitted in connection with this application shall be recorded in the Office of the City Register in Queens County prior to the issuance of any Certificate of Occupancy;

THAT the restrictive restriction shall be recorded on the certificates of occupancy;

THAT the recorded deed restriction shall substantially conform to the form and substance of the following:

DECLARATION made this \_\_\_\_\_, by Fulcrum Real Estate Advisors, LLC, hereinafter referred to as the "Declarant," with a principal office at 7-05 153rd Street, Suite 303, Whitestone, NY 11357.

WHEREAS, the Declarant is the fee owner of certain land located in the City and State of New York, Borough of Queens, designated as Block 4509 Lots 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98 on the Tax Map of the City of New York, hereinafter referred to as Parcel A (the "Subject Premises"), more particularly described by a metes and bounds description set forth in Schedule A annexed hereto and by this reference made a part hereof:

WHEREAS, the Declarant has requested the New York City Board of Standards and Appeals (the "BSA") act upon BSA Cal. Nos. 2016-4186-A through 2016-4207-A to appeal the decisions of the Queens Borough Commissioner, as follows pursuant to Article III, Section 36 of the General City Law, denying permits on the basis that the street giving access to the proposed buildings is not duly placed on the official map of the City of New York

; and

WHEREAS, the BSA, requires Declarant to execute and file this restrictive declaration prior to obtaining a Certificate of Occupancy for the subject Premises.

NOW, THEREFORE, in consideration of BSA approval to allow the proposed construction of single family residences not fronting on a legally mapped street, contrary to General City Law 36, Declarant does hereby declare that Declarant and his successors and/or assigns shall maintain the street in a good state of repair and cleanliness, including but not limited to the following:

- a) Maintaining the paved surfaces of the street in good repair;
- b) Maintaining street lights, if any in good working order;
- c) Assuring that street lights, if any operate during hours of darkness;
- d) Replacing street lights, if any when needed;
- e) Snow plowing at such times as the accumulated snow falls in any 12 hour period exceed two inches;
- f) Maintaining any required storm and sanitary drainage systems in a clear, workable and efficient manner;
- g) Maintaining all required utilities located under the streets in good working order, to the extent they are not maintained by public utilities or municipal agencies.

FURTHER, in consideration of BSA approval to allow the proposed construction of single family residences not fronting on a legally mapped street, contrary to General City Law 36, Declarant does hereby declare that Declarant and his successors and/or assigns shall be legally responsible for operating and maintaining the Subject Premises in compliance with the following parking restrictions of the FDNY's letter of October 5, 2016 (As listed on the proposed site plan dated \_\_\_\_\_), and that such compliance shall be subject to enforcement by the Fire Commissioner.

- The proposed private street Sullivan Drive shall have a minimum curb to curb distance of 34 feet, this distance shall be maintained

from 150th Street through Powell's Cove Boulevard

- Private fire hydrants shall be installed a minimum of 250 feet or part thereof within the Development
  - Private fire hydrant systems shall be maintained in good working order at all times and shall be repaired when defective. Additions, repairs, alterations and servicing shall comply with approved standards.
1. This declaration may not be modified, amended or terminated without the prior written consent of the BSA;
  2. The covenants set forth herein shall run with the land and be binding upon and inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns;
  3. Failure to comply with the terms of this declaration may result in the revocation of a building permit or Certificate of Occupancy as well as any other authorization or waiver granted by the BSA; and
  4. This declaration shall be recorded at the city register's office against the Subject Premises and the cross-reference number and title of the declaration shall be recorded on each temporary and permanent certificate of occupancy hereafter issued to any building located on the subject Premises and in any deed for the conveyance thereof.

THIS DECLARATION IS ONLY EFFECTIVE UPON APPROVAL BY THE BOARD OF STANDARDS AND APPEALS OF THE APPLICATIONS FILED UNDER CAL. NOS. 2016-4186-A THROUGH 2016-4207-A.

IN WITNESS WHEREOF, Declarant has made and executed the foregoing restrictive declaration as of the date hereinabove written;

THAT all curbs, curb cuts, sidewalks and pavement to the middle of the street shall comply with the requirements of the Department of Transportation;

THAT all street trees shall comply with the requirements of the Department of Parks and Recreation;

THAT all street lighting shall comply with the requirements of the Department of Transportation;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by DOB;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configurations(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 7, 2017.

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4  
Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated July 22, 2016, acting on Department of Buildings (“DOB”) Application No. 321138372, reads in pertinent part:

“Proposed PCE in a C2-4 (R6B) zoning district is contrary to Section 32-10 ZR and should be referred to the BSA”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to permit, on a site located within an R6B (C2-4) zoning district, the operation of a physical culture establishment (“PCE”) in a two-story, with cellar, commercial building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on February 28, 2017, after due notice by publication in *The City Record*, and then to decision on March 7, 2017; and

WHEREAS, Community Board 6, Brooklyn, recommends approval of this application; and

WHEREAS, Commissioner Montanez performed an inspection of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the northwest corner of the intersection of Smith Street and Douglass Street, in an R6B (C2-4) zoning district, in Brooklyn; and

WHEREAS, the site has approximately 100 feet of frontage along Smith Street, 50 feet of frontage along Douglass Street, 5,000 square feet of lot area, and is proposed to be occupied by a new two-story, with cellar, commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in

---

# MINUTES

---

certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the proposed PCE will occupy a total of 10,000 square feet of floor area as follows: 5,000 square feet of floor space in the cellar consisting of group-fitness and spinning areas, storage, laundry and a locker room; 5,000 square feet of floor area on the first floor featuring a reception area, exercise equipment, child care, office, storage and a second locker room; and 5,000 square feet of floor area on the second floor, which will house exercise equipment, a bathroom and storage; and

WHEREAS, the PCE will be operated as Crunch Fitness with proposed hours of operation of Monday to Saturday, 5:00 a.m. to 11:00 p.m., and Sunday, 7:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant represents that the PCE will be the sole tenant in a commercial building in a commercial area and, thus, the use will be consistent with the character of the surrounding area; the PCE will nevertheless have sound attenuation measures, including hanging speakers, thick padding and rubber floor mats in the exercise areas,

designed to ensure that sound levels experienced in neighboring buildings do not exceed 45 dBA, including sound emanating from any sound system installed; and

WHEREAS, the applicant further submits that a majority of the PCE's patrons will be residents of the neighborhood and that the PCE will be an asset to the surrounding area, providing a desirable use to the local community; and

WHEREAS, in light of the foregoing, the Board finds that the PCE use is located so as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to use of the premises, the applicant represents that the PCE contains facilities for physical improvement classes as well as equipment to improve patrons' cardiovascular health and fitness and aid in weight reduction; and

WHEREAS, the Board finds that the facilities provided at the proposed PCE are consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that the PCE will be fully sprinklered and that an approved interior fire alarm—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection to a Fire Department-approved central station—will be installed in the entire PCE space; and

WHEREAS, by letter dated February 23, 2017, the Fire Department states that it has no objection to this application; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant represents that the PCE will not interfere with any public improvement projects; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No.17-BSA-008K, dated August 9, 2016; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.3 and 617.5, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to permit, on a site located within an R6B (C2-4) zoning district, the operation of a physical culture

# MINUTES

---

establishment in a two-story, with cellar, commercial building, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received March 3, 2017”- Six (6) sheets; and *on further condition*:

THAT the term of this grant shall be for ten (10) years, expiring March 7, 2027;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be providing leading to the required exits and such pathways shall always be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection to a Fire Department-approved central station—shall be installed in the entire PCE space;

THAT the PCE shall be fully sprinklered;

THAT Local Law 58/87 shall be complied with as approved by the Department of Buildings;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by March 7, 2021;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 7, 2017.

### 2017-46-BZ

#### CEQR #17-BSA-091K

APPLICANT – NYC Mayor’s Office of Housing Recovery Operations, for Mathew Loughran, owner.

SUBJECT – Application February 16, 2017– Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R4 zoning district.

PREMISES AFFECTED – 35 Nova Court, Block 8866, Lot 1398, Borough of Brooklyn.

#### COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92, to permit, on a site within an R3 zoning district, the alteration and elevation of an existing single-family detached residence in compliance with flood-resistant construction standards that does not comply with the zoning requirements of ZR § 64-723; and

WHEREAS, a public hearing was held on this application on February 28, 2017, after due notice by publication in *The City Record*, and then to decision on March 7, 2017; and

WHEREAS, this application is brought on behalf of the property owner by the Build It Back program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner’s Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service

for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the western side of Nova Court, between Noel Avenue and Madoc Avenue, in an R4 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 40 feet of frontage along Nova Court, 45 feet of depth, 1,800 square feet of lot area and is occupied by a two-story, detached single-family dwelling; and

WHEREAS, the applicant seeks a special permit, pursuant to ZR § 64-92, to allow the alteration and elevation of an existing single-family detached residence in compliance with flood-resistant construction standards that does not comply with the zoning requirements of ZR § 64-723; and

WHEREAS, Department of Buildings has interpreted ZR § 64-723 to require that residences be elevated in their exact footprint and insists that a waiver of the same is required because the elevation proposed herein will also demolish a 7 inch portion of a rear addition that encroaches over the property line and, therefore, will not be within the footprint of the existing dwelling; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s

---

# MINUTES

---

potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the applicant states that the, because the original footprint of the dwelling encroaches over the property line, the original footprint cannot be maintained, which creates practical difficulties in comply with flood-resistant construction standards without modification of ZR § 64-723, which is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district, thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single- and two-family detached homes and that the proposed alteration and elevation includes flood-mitigating elements, including change in stairway direction, that will contribute positively to the existing neighborhood fabric; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA091K, dated February 27, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4 zoning district, the alteration and elevation of an existing single-family detached residence in compliance with flood-resistant construction standards that does not comply with the zoning requirements of ZR § 64-723; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received February 27, 2017"—Eight (8) sheets; and *on further condition*:

THAT this approval shall be limited to the Build It Back program;

THAT all Department of Buildings and related agency application(s) filed in connection with the authorize use

and/or bulk shall be signed off by the Department of Buildings and all other relevant agencies by March 7, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 7, 2017.

## \*CORRECTION

**This resolution adopted on January 30, 2015, under Calendar No. 38-14-BZ and printed in Volume 100, Bulletin Nos. 5-6, is hereby corrected to read as follows:**

### **38-14-BZ**

APPLICANT – Eric Palatinik, P.C., for Yury Dreysler, owner.

SUBJECT – Application February 28, 2014 – Special Permit (§73-622) for the enlargement of single family home, contrary to floor area, lot coverage and open space (§23-141), side yard (§23-461) and less than the required rear yard (§23-47). R3-1 zoning district.

PREMISES AFFECTED – 116 Oxford Street, between Shore boulevard and Oriental Boulevard, Block 8757, Lot 89, Borough of Brooklyn.

### **COMMUNITY BOARD #15BK**

**ACTION OF THE BOARD** – Application granted on condition.

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez.....4  
Negative:.....0

### **THE RESOLUTION –**

WHEREAS, the decision of the New York City Department of Buildings (“DOB”), dated February 4, 2014, acting on DOB Application No. 320870063, reads in pertinent part:

1. Proposed floor area ratio is contrary to ZR 23-141(a).
2. Proposed open space contrary to ZR 23-141(a).
3. Proposed lot coverage is contrary to ZR 23-141(a).
4. Proposed side yards (exist. Non-compliance) contrary to ZR 23-461(a).
5. Proposed rear yard is contrary to ZR 23-47.  
Minimum required: 30’  
Proposed: 20’

WHEREAS, this is an application under ZR § 73-622, to permit, on a site within an R3-1 zoning district, the proposed enlargement of a single-family home, which does not comply with the zoning requirements for floor area ratio (“FAR”), open space ratio, side yards, and rear yard, contrary to ZR §§ 23-141, 23-461, and 23-47; and

WHEREAS, a public hearing was held on this application on October 7, 2014, after due notice by publication in *The City Record*, with continued hearings on November 18, 2014, November 25, 2014, and January 6, 2015, and then to decision on January 30, 2015; and

WHEREAS, Chair Perlmutter, Vice Chair Hinkson and Commissioners Montanez and Ottley-Brown performed inspections of the subject premises and site, together with its surrounding area and neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of the application; and

WHEREAS, the subject site is located on the west side of Oxford Street, between Shore Boulevard and Oriental Boulevard, within an R3-1 zoning district; and

WHEREAS, the site has 25 feet of frontage along Oxford Street and approximately 2,500 sq. ft. of lot area; and

WHEREAS, the site is occupied by a one-story, single-family home with 834 sq. ft. of floor area (0.33 FAR); and

WHEREAS, the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the applicant now seeks to enlarge the single-family home by enlarging the first floor of the existing building and adding an additional two floors, thereby increasing the floor area of the building from 834 sq. ft. (0.33 FAR) to 2,489 sq. ft. (0.99 FAR) (the maximum permitted floor area is 1,500 sq. ft. (0.6 FAR) which includes the 250 square feet (0.1 FAR) that must be provided directly under a sloping roof) and increasing the height of the building from 16’-9” to 35’-0”;

WHEREAS, in order to comply with applicable flood regulations the applicant shall raise the building by removing the existing floor beams from the north and south walls thereof, increasing the height of the shelf upon which the existing floor currently rests using solid brick masonry and replacing the existing floor beams so that the first floor elevation will be increased from 6’-7” to 13’-00”;

WHEREAS, the applicant seeks to decrease the open space ratio from 67 percent to 53.5 percent; the minimum required open space ratio is 65 percent; and

WHEREAS, the applicant seeks to maintain existing side yard widths of 0’-1” and 2’-11”;

the general requirement is two side yards with a minimum total width of 13’-0” and a minimum width of 5’-0” each, however, as per ZR § 23-48, the minimum total width of 13’-0” is not required at the subject site; and

WHEREAS, the applicant also seeks to decrease its rear yard depth from 34’-2” to 20’-0”;

a rear yard with a minimum depth of 30’-0” is required; and

WHEREAS, the applicant represents that the proposed building will not alter the essential character of the neighborhood and will not impair the future use or development of the surrounding area; and

WHEREAS, the applicant asserts that the proposed 0.99 FAR and 2,489 sq. ft. of floor area is consistent with the bulk and lot area of one and two-family homes in the surrounding area; and

WHEREAS, in support of this assertion, the applicant provided evidence of 19 one- or two-family homes within 400’ of the subject site with an FAR equal to or in excess of 0.99 and floor area equal to or in excess of 2,450 sq. ft.; and

WHEREAS, at hearing, the Board directed the applicant to narrow its analysis of neighborhood character to focus on the block on which the site is located, as such character is, in the subject area, block specific; and

WHEREAS, in response, the applicant identified one and two-family homes on the subject block which consist of two or

---

# MINUTES

---

more stories and provided a streetscape which included the proposed building; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 N.Y.C.R.R. Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, on a site within an R3-1 zoning district, the proposed enlargement of a single-family home, which does not comply with the zoning requirements for FAR, open space ratio, side yards, and rear yard, contrary to ZR §§ 23-141, 23-461, and 23-47; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked “December 18, 2014”– (10) sheets; and *on further condition*:

THAT the following will be the bulk parameters of the building: a maximum floor area of to 2,489 sq. ft. (0.99 FAR), a minimum open space of 53.5 percent, side yards with minimum widths of 0’-1” and 2’-11”, and a minimum rear yard depth of 20’-0”, as illustrated on the BSA-approved plans;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objections(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted;

THAT substantial construction be completed in accordance with ZR § 73-70; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 30, 2015.

**The resolution has been amended. In the 10<sup>th</sup> WHEREAS....300 square feet. Now reads: ...250 square feet... Corrected in Bulletin No. 11, Vol. 102, dated March 6, 2017.**

## REGULAR MEETING TUESDAY MORNING, MARCH 21, 2017 10:00 A.M.

Present: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.

### SPECIAL ORDER CALENDAR

#### 651-60-BZ

APPLICANT – Kramer Levin Naftalis & Frankel, for Briar Hill Realty LLC, owner.

SUBJECT – Application September 26, 2016 – Extension of Term (§11-411) of a variance allowing the conversion of cellar space in an existing multiple dwelling to a valet service, office/stationary store and packaged goods store which expired on March 7, 2011; Waiver of the Rules. R4 zoning district.

PREMISES AFFECTED – 600 West 246<sup>th</sup> Street, Block 5909 Lot 825, Borough of Bronx.

#### COMMUNITY BOARD #8BX

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of the term of a variance, previously granted by the Board, which expired on March 7, 2011; and

WHEREAS, a public hearing was held on this application on March 21, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Community Board 8, Bronx, recommends approval of this application; and

WHEREAS, the subject site is located at the southeast corner of the intersection of West 246<sup>th</sup> Street and Independence Avenue, in an R4 zoning district, in the Bronx; and

WHEREAS, the site has approximately 592 feet of frontage along West 246<sup>th</sup> Street, 468 feet of frontage along Independence Avenue, 401 feet of frontage along Blackstone Avenue and is occupied by a 13-story multiple-dwelling residential building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since March 7, 1961, when, under the subject calendar number, the Board granted a variance to permit a conversion of one apartment in the cellar of the existing building to a valet service without dry-cleaning as an accessory to the development for a term of ten (10) years, expiring March 7, 1971, on condition that the use be limited to the tenants of the development, there be no signs on the

exterior of the building, that all applicable laws, rules and regulations be complied with and that all permits be obtained, all work completed, and a Certificate of Occupancy be obtained pursuant to the Zoning Resolution; and

WHEREAS, on April 20, 1971, and June 2, 1981, under the subject calendar number, the Board extended the term of the variance for additional ten (10) year terms, the latter of which expired on March 7, 1991; and

WHEREAS, on February 8, 1994, under the subject calendar number, the Board waived its Rules, amended the variance to permit the continued use of an existing home occupation in the basement of the premises and extended the variance term for an additional ten (10) years, expiring March 7, 2001, on condition, *inter alia*, that a new Certificate of Occupancy be obtained with one (1) year; and

WHEREAS, by letter dated August 14, 2002, the Board approved a change in use of a portion of the valet service space to a packaged non-perishable goods store; and

WHEREAS, on January 8, 2008, under the subject calendar number, the Board again waived its Rules and extended the term of the variance for ten (10) years, expiring March 7, 2011; and

WHEREAS, the previous term having expired, the applicant presently seeks a further ten (10) year extension of the term of the variance; and

WHEREAS, the applicant also seeks to surrender the variance as it relates to a 361 square foot portion of the previously-approved valet service area, which the applicant submits will be utilized as an accessory rental office; valet services will continue to be provided in the remaining portion of the variance space; and

WHEREAS, in addition, the applicant requests a waiver, pursuant to § 1-14.2 of the Board’s Rules of Practice and Procedure, of Rule § 1-07.3(b)(3) to permit the filing of this application more than two (2) years but less than ten (10) years after the expiration of the term; and

WHEREAS, consistent with the requirements of Rule § 1-07.3(b)(3), the applicant has demonstrated that the valet service use has been continuous at the site since the expiration of the term and that substantial prejudice would result without the requested waiver; and

WHEREAS, pursuant to ZR § 11-411, the Board finds that a ten (10) year extension of the term of the variance is appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure, *reopens* and *amends* the resolution, dated March 7, 1961, as amended through January 8, 2008, so that as amended this portion of the resolution reads: “to grant an extension of the term of the variance for a term of ten (10) years from the expiration of the last grant to expire on March 7, 2021, and to permit the surrender of a portion of the variance as it relates to a 361 square foot area noted as a modification to the previously-approved plans; *on condition* that all work and site conditions shall comply with drawings filed with this application marked ‘Received September 26, 2016’-Four (4) sheets; and *on further condition*:

---

# MINUTES

---

THAT this grant shall be limited to a term of ten (10) years expiring March 7, 2021;

THAT the use of the valet service shall be limited to the tenants of this development;

THAT there shall be no signs on the exterior of the building;

THAT the above conditions shall be reflected on the Certificate of Occupancy;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, March 21, 2017.

-----

## 574-85-BZ

APPLICANT – Law Office of Fredrick A. Becker, for 125 East 39<sup>th</sup> Street Realty LLC, owner.

SUBJECT – Application September 26, 2016 – Extension of term for a previously granted Variance (§72-21) permitting an eating and drinking establishment (UG6) located in the cellar, basement and first floor of a five story building which expired on June 17, 2016. C1-5(R-10) zoning district.

PREMISES AFFECTED – 125 East 39<sup>th</sup> Street, Block 895, Lot 18, Borough of Manhattan.

## COMMUNITY BOARD #6M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of the term of a variance, previously granted by the Board, which expired on June 17, 2016; and

WHEREAS, a public hearing was held on this application on March 21, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Chanda performed an inspection of the site and the surrounding neighborhood; and

WHEREAS, Community Board 6, Manhattan, recommends approval of this application for an additional five (5) year term; and

WHEREAS, the subject site is located on the north side of East 39<sup>th</sup> Street, between Lexington Avenue and Park Avenue, in an R10 (C1-5) zoning district, in Manhattan; and

WHEREAS, the site has approximately 20 feet of frontage along East 39<sup>th</sup> Street, a depth of 99 feet, 1,975 square feet of lot area and is occupied by a five-story mixed-use commercial and residential building; and

WHEREAS, the Board has exercised jurisdiction over this site since June 17, 1986, when, under the subject calendar number, the Board granted a variance to permit the extension of an eating and drinking establishment (Use Group 6) located in the basement of the existing building to the first floor of the same, contrary to use regulations, for a term of ten (10) years, expiring June 17, 1996; and

WHEREAS, on April 15, 1997, under the subject calendar number, the Board extended the term of the variance for an additional ten (10) years, expiring June 17, 2006; and

WHEREAS, on November 21, 2006, under the subject calendar number, the Board waived its Rules and granted a ten (10) year extension of the term of the variance, expiring June 17, 2016; and

WHEREAS, the previous term having expired, the applicant presently seeks a further extension of the term of the variance for an additional ten (10) years; and

WHEREAS, in addition, the applicant requests, pursuant to § 1-14.2 of the Board’s Rules of Practice and Procedure, a waiver of Rule § 1-07.3(b)(2) to permit the filing of this application less than two (2) years after the expiration of the term; and

WHEREAS, consistent with Rule § 1-07.3(b)(2), the applicant represents that the use has been continuous at the site since the expiration of the term and that substantial prejudice would result without the requested waiver; and

WHEREAS, the Board finds that the requested amendment and a ten (10) year extension of the term of the variance is appropriate with certain conditions as set forth below.

*Therefore, it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated June 17, 1986, as amended through November 21, 2006, so that as amended this portion of the resolution reads: “to grant an extension of the term of the variance for a term of ten (10) years from the expiration of the last grant, to expire on June 17, 2026; *on condition* that the use and operation shall substantially conform to the previously approved plans; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years, expiring June 17, 2026;

THAT the hours of operation for commercial use on the first floor (second story) shall be limited to not later than 11:00 P.M. daily;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a new Certificate of Occupancy shall be obtained within one (1) year;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

---

# MINUTES

---

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, March 21, 2017.

APPLICANT – Rothkrug Rothkrug & Spector LLP, for Mylaw Realty Corporation, owner; Crunch Fitness, lessee. SUBJECT – Application February 24, 2016 – Extension of time to obtain a certificate of occupancy for a previously granted physical culture establishment (Crunch Fitness) which expired on October 29, 2014; Waiver of the Rules. C2-4/R7A zoning district.

PREMISES AFFECTED – 671/99 Fulton Street, Block 2096, Lot(s) 66, 69, Borough of Brooklyn.

### COMMUNITY BOARD #2BK

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of time to obtain a Certificate of Occupancy, which expired on October 29, 2014; and

WHEREAS, a public hearing was held on February 14, 2017, after due notice by publication in *The City Record*, with continued hearing on March 21, 2017, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the northwest corner of Fulton Street and St. Felix Street, in an R7A (C2-4) zoning district, in Brooklyn; and

WHEREAS, the site has approximately 166 feet of frontage along Fulton Street, 175 feet of frontage along St. Felix Street and is occupied by a two-story commercial building at 691 Fulton Street (Lot 69) and a one-story commercial building at 695 Fulton Street (Lot 66); and

WHEREAS, the Board has exercised jurisdiction over the subject premises since July 12, 2005, when, under the subject calendar number, the Board granted a special permit, pursuant to ZR § 73-36, to allow the locating of a physical cultural establishment (“PCE”) within the cellar and first floor of the two-story building on Lot 69 for a term of ten (10) years, which expired on July 12, 2015; and

WHEREAS, on April 24, 2007, under the subject calendar number, the Board amended the special permit to

allow the enlargement and extension of the existing PCE into the first floor of the adjacent one-story building on Lot 66; and

WHEREAS, on July 17, 2012, under the subject calendar number, the Board granted an application for an extension of time to obtain a Certificate of Occupancy, the time for which expired on April 24, 2011, until July 17, 2013; and

WHEREAS, on October 29, 2013, under the subject calendar number, the Board further extended the time to obtain a Certificate of Occupancy to October 29, 2014; and

WHEREAS, the applicant having still not obtained a Certificate of Occupancy for the enlarged and extended PCE, the applicant presently seeks a one year extension from the date of approval of this application; and

WHEREAS, the applicant additionally requests a waiver, pursuant to § 1-14.2 of the Board’s Rules of Practice and Procedure, or Rule § 1-07.3(d)(2) to permit the filing of this application more than thirty (30) days after the expiration of the time to obtain a Certificate of Occupancy; and

WHEREAS, the applicant represents that attempts to obtain a Certificate of Occupancy have been stymied by the bankruptcy filing of the PCE operator’s parent company, as well as several audits at Department of Buildings, but submits that efforts are already underway to resolve the outstanding objections and that all necessary work at the premises can be completed within one (1) year of the approval of this application; and

WHEREAS, based upon its review of the record, the Board finds that the requested extension of time to obtain a Certificate of Occupancy is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure, *reopens* and *amends* the resolution, dated July 12, 2005, as amended through October 29, 2013, so that as amended this portion of the resolution reads: “to grant an extension of time to obtain a Certificate of Occupancy to March 21, 2018; *on condition* that the use and operation of the site shall comply with BSA-approved plans associated with the prior grant; and *on further condition*:

THAT there shall be no change in ownership or operating control of the PCE without prior approval from the Board;

THAT all massages shall be performed only by New York State licensed massage professionals;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained by March 21, 2018;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objections(s); and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

## THE RESOLUTION –

WHEREAS, the decisions of the Department of Buildings (“DOB”) Brooklyn Borough Commissioner dated August 15, 2016 acting on DOB Application Nos. 321192464, 321192259, 321192277 and 321192286 read in pertinent part:

The street giving access to proposed building is not duly placed on the official map of the City of New York therefore:

- A) No Certificate of Occupancy can be issued pursuant to Article 3, Section 36 of General City Law;
- B) Proposed construction does not have at least 8% of the total perimeter of building(s) fronting directly upon a legally mapped street or frontage space contrary to section 501.3 of the 2014NYC Building Code; and

WHEREAS, this is an application to allow the construction of four single-family residences that do not front on a mapped street, contrary to General City Law (“GCL”) § 36; and

WHEREAS, a public hearing was held on this application on January 24, 2017, after due notice by publication in *The City Record*, with a continued hearing on March 21, 2017, and then to decision on that date; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 13, Brooklyn, recommended disapproval of this application; and

WHEREAS, the subject lots are located on the northwestern corner of the intersection of Manhattan Avenue and Neptune Avenue, in an R3-1 zoning district, in Brooklyn; and

WHEREAS, the site is currently identified as Block 7024, Lot 119 on the New York City Tax Map (“Tax Map”), but an Application for Mergers or Apportionments, dated January 3, 2016, requesting the apportionment of Lot 119 into four new tax lots—Tentative Lots 122, 121, 120 and 119—was submitted to the New York City Department of Finance; the new Lots were issued as of January 6, 2016, but as the new lots do not yet appear on the Tax Map, there are herein referred to as “Tentative Lots”; and

WHEREAS, Tentative Lot 119 will have 2,200 square feet of lot area, Tentative Lot 120 will have 2,201 square feet of floor area, Tentative Lot 121 will have 2,204 square feet of lot area and Tentative Lot 122 will have 2,404 square feet of lot area; and

WHEREAS, the applicant proposes to develop each of the Tentative Lots as follows: a single family four-story semi-detached residence with 1,292 square feet of floor area, a floor area ratio (“FAR”) of 0.59 and 33 percent lot coverage on Tentative Lot 119; a four-story one-family semi-detached residence with 1,292 square feet of floor area, 0.59 FAR and 33 percent lot coverage on Tentative Lot 120; a four-story one-family semi-detached residence with 1,292 square feet of floor area, 0.59 FAR and 33 percent lot coverage on Tentative Lot 121; and a two-story one-family semi-detached residence with

1,420 square feet of floor area, 0.59 FAR and 35 percent lot coverage on Tentative Lot 122; and

WHEREAS, the applicant represents that each of the four new tax lots will also be new zoning lots; and

WHEREAS, at hearing, the Board expressed concern regarding the size of Tentative Lot 122, specifically whether, because of its curved lot line, the Tentative Lot complied with applicable zoning regulations regarding minimum lot width and could provide the side yards required by applicable zoning; and

WHEREAS, specifically, the Board was concerned that the apportionment of Tentative Lot 122 will create a future variance site; and

WHEREAS, in response to this concern, the applicant submits that, consistent with the ZR § 12-10 definition of “lot width,”<sup>1</sup> the width of Tentative Lot 122 is approximately 29 feet, a width that complies with the 18 foot minimum lot width requirement for the use proposed on the lot; and

WHEREAS, nevertheless, the Board notes, and so advised the applicant, that in the case Tentative Lot 22 becomes the subject of a future variance application, pursuant to ZR § 72-21, in which the lot’s size and/or shape is the “unique physical condition” alleged to cause practical difficulties or unnecessary hardship in complying with the use or bulk provisions of the Zoning Resolution, the apportionment of the same in connection with the subject application constitutes a self-created hardship “created by the owner or by a predecessor in title” that precludes the (d) finding for such variance; and

WHEREAS, at hearing, the former president of the Sea Gate Association (the “Association”) expressed opposition to the proposal on the basis that the proposed development exceeds the height regulations applicable in the zoning district, is out of character with the surrounding neighborhood and that the development of four dwellings on a lot previously developed with one dwelling will impose a significant burden on existing sewage infrastructure; and

WHEREAS, the Board notes that no zoning regulation waivers are associated with this application and, thus, the proposed dwellings must comply with all applicable zoning regulations, including height; the Board also notes that there is no neighborhood character finding associated with applications for waivers of GCL § 36 and the only concern expressed in association with such waivers is the protection of the existing and future street grid—to wit, the law suggests only that the Board “may in passing on such appeal make any reasonable exception . . . that will protect any future street or highway layout”; and

WHEREAS, the dwellings proposed on Tentative Lots 119, 120 and 121 will each front and have parking accessible via curb cuts on Manhattan Avenue and the dwelling proposed on Tentative Lot 122 will front both Manhattan Avenue and Neptune Avenue, but have parking accessible only by curb cut on Manhattan Avenue; and

WHEREAS, the applicant represents that each of the dwellings will fully comply with all flood plain regulations as

---

1 “Lot width” is defined in ZR § 12-10 as “the mean horizontal distance between the *side lot lines* of a *zoning lot*.”

# MINUTES

well as all zoning requirements applicable in the zoning district and seeks the subject relief because the proposed dwellings will front Manhattan Avenue and Neptune Avenue, private roads that, as part of the private community of Sea Gate, are not duly placed on the official map of the City of New York; and

WHEREAS, the Association is the owner in fee of streets within the community, including Manhattan Avenue and Neptune Avenue, and, pursuant to the Association's Rules and Regulations, property owners are responsible for the maintenance and repair of sidewalks, keeping sidewalks, driveways, front yards and porches clear of debris; and

WHEREAS, the applicant submitted into the record a topographical survey of the area showing that Manhattan Avenue and Neptune Avenue have unobstructed widths of not less than 34 feet—Manhattan Avenue is improved to a width of 34 feet and Neptune Avenue is improved to a width of 42 feet at the subject site—and, therefore, the residences proposed herein are not required to be sprinklered pursuant to Section 503.3.2 of the Fire Code ("FC"); and

WHEREAS, in addition, the applicant submits that a private fire hydrant is located on the opposite side of Neptune Avenue within 250 feet of the entrances to the proposed residences, in compliance with FC 508.5.1; and

WHEREAS, by letter dated October 20, 2016, the Fire Department states that, as the proposal complies with all Fire Code provisions relative to street access, street width, parking, site access and distances from required hydrants, it has no objection to the subject application; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant the approval of the subject application subject to certain conditions set forth herein.

*Therefore it is Resolved*, that the decisions of the DOB dated March 2, 2016 acting on DOB Application Nos. 321192464, 321192259, 321192277 and 321192286, are modified by the power vested in the Board by Section 36 of the General City Law, and that this appeal is granted, limited to the decision noted above; *on condition* that construction shall substantially conform to the drawing filed with the application marked "Received March 3, 2017"- One (1) sheet; that the proposal will comply with all applicable zoning district requirements; and that all other applicable laws, rules, and regulations shall be complied with; and *on further condition*:

THAT a future application for a variance, pursuant to ZR § 72-21, for Tentative Lot 22 on the basis that the lot size and/or shape causes practical difficulties or unnecessary hardship has been precluded by the apportionment of Tentative Lot 22 in connection with the subject application because such size and/or shape was created by the subject applicant;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by DOB;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related

to the relief granted.

Adopted by the Board of Standards and Appeals, March 21, 2017.

publication in *The City Record*, with a continued hearing on March 21, 2017, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 11, Queens, originally recommended disapproval, but, upon learning that adjacent neighbors retracted their opposition after making the determination that the homes on the site, which have been vacant and subject to vandalism, would contribute more positively to the community if occupied, now has no objection to the subject application; and

WHEREAS, the subject site is located at the northwestern corner of the intersection of 223rd Street and Mia Drive, in an R1-2 zoning district, in Queens; and

WHEREAS, the site is a single zoning lot comprised of four tax lots having approximately 100 feet of frontage along 223rd Street, 230 feet of frontage along Mia Drive, and 22,859 square feet of lot area; and

WHEREAS, the zoning lot is developed with four two-story single family homes and provides a 15 foot rear yard along the eastern lot line; and

WHEREAS, the Board has exercised jurisdiction over the subject site since July 13, 2010, when, under BSA Cal. Nos. 23-10-A thru 26-10-A, the Board recognized that the owner had acquired a common law vested right to continue the development of the single-family dwellings after the subject site was rezoned from an R2 zoning district to an R1-2 zoning district and the development no longer complied with applicable minimum front yard regulations; and

WHEREAS, such determination relied, in part, on the Board's finding that the construction was conducted pursuant to valid permits, a finding that was based on letters issued from DOB, dated March 18, 2010, and June 7, 2010, stating that the applicable permits were lawfully issued prior to the date of the rezoning; and

WHEREAS, the applicant now seeks a variance of the rear yard requirements to legalize the four single-family dwellings based on practical difficulties and unnecessary hardship resulting from the applicant's reliance, in good faith, on validly issued DOB permits and DOB determinations that the subject site was a through lot and no rear yards were required; and

WHEREAS, the applicant sets forth the following timeline for the existing dwellings' approval process: in February and March 2004, the applicant obtained New Building Permits from DOB for the construction of four single-family detached homes at the subject premises; in a letter to the then-Queens Borough Commissioner dated October 6, 2004, a nearby property owner (the "Opposition") challenged the issuance of the permits alleging that, because the property directly east of the eastern lot line of the subject property was a public park, the subject site was an interior lot, not a through lot, and a 30 foot rear yard was, therefore, required; on October 20, 2004, the then-Queens Borough Commissioner issued a Stop

Work Order and Intent to Revoke Approvals and Permits to the site unless and until the applicant verified that the subject lot constituted a "through lot" as defined in ZR § 12-10; on October 28, 2004, in response to a letter from the applicant's architect requesting confirmation that the site is a through lot with no rear yard requirement because it fronts on the mapped Cross Island Parkway, the Queens Borough President's Consulting Engineer issued a letter confirming that the Topographical Bureau of the then-Queens Borough President's Office had determined that the east lot line of Lot 154 coincides with the west mapped street line of the Cross Island Parkway; upon receipt of the Topographical Bureau's determination, DOB vacated the Stop Work Order; and in a letter dated May 20, 2005, the then-Queens Borough Commissioner responded to the Opposition sharing her conclusion that the subject site was a through lot; and

WHEREAS, on April 12, 2005, (the "Effective Date"), the rezoning of the site from an R2 zoning district to an R1-2 zoning district became effective and two of the subjects dwellings—39-39 223rd Street and 223-19 Mia Drive—were rendered non-compliant with regards to front yards, but the applicant avers that construction was entitled to continue, pursuant to ZR § 11-331(b), because the foundation of at least one of the four dwelling had been completed prior to the Effective Date; and

WHEREAS, the applicant submits that final construction, electrical and plumbing signoffs were obtained for the dwelling located at 39-39 223rd Street on August 22, 2005, February 13, 2006, and May 8, 2006, respectively; that final electrical signoff was obtained for the remaining three dwellings on October 24, 2005, and that final construction signoff was obtained for a second dwelling at 223-09 Mia Drive on November 29, 2005; and

WHEREAS, nevertheless, the applicant states that, though construction at the site was substantially completed by April 12, 2007, they were unable to obtain certificates of occupancy for the dwellings within two years after the Effective Date, pursuant to ZR § 11-332(a); and

WHEREAS, accordingly, the applicant filed the aforementioned vested rights applications at the Board on February 23, 2010; by letter dated March 18, 2010, DOB Counsel issued a letter stating that the permits for the subject buildings were lawfully issued, a conclusion that was subsequently re-confirmed by additional letters dated May 13, 2010, and June 7, 2010; the Board granted the vested rights applications on July 13, 2010, and the time for the applicant to complete construction and obtain Certificates of Occupancy for the dwellings on the site was extended until July 13, 2012; and

WHEREAS, although the applicant continued to work with DOB, since the Board's 2012 grant of an extension of time, to resolve issues preventing the issuance of Certificates of Occupancy for the four subject dwellings, on January 10, 2012, DOB issued an Intent to Revoke permits as well as zoning objections for the failure to provide a 30 foot rear yard; DOB also subsequently denied the applicant's request for reconsideration of those zoning objections on February 6, 2012, citing another DOB final determination—dated October 12, 2010, and affirmed by the Board in a decision dated March

---

# MINUTES

---

8, 2011, for BSA Cal. No. 215-10-A (29-01 216th Street, Queens)—that a similarly situated lot was an interior lot, not a through lot; and

WHEREAS, the applicant represents that in order to provide the rear yards, approximately 15 feet of the total 27 foot width of the existing dwelling at 223-19 Mia Drive would have to be demolished and that such action is cost prohibitive and would result in a substandard, unmarketable dwelling approximately 12 feet wide; and

WHEREAS, accordingly, the applicant has filed for the subject relief; and

WHEREAS, the Board notes that New York State courts have recognized that property owners may invoke the principle of good faith reliance in the context of a variance application when they have made expenditures towards construction performed pursuant to a building permit that is later revoked due to a non-compliance that existed at the time the permit was issued and such reliance resulted in a unique hardship, thereby serving as a substitute for the customary uniqueness finding set forth in ZR § 72-21(a);

WHEREAS, in *Jayne Estates, Inc. v. Raynor*, 22 N.Y.2d 417 (1968), the Court of Appeals determined that the expenditures made by a property owner in reliance on permits deemed to be invalid were suitably considered in an application for a variance, particularly with regards to the (a) finding, in which an applicant must allege “unnecessary hardship,” because (1) the property owner acted in good faith and (2) there was no reasonable basis upon which the property owner could have been charged with constructive notice of the permit’s invalidity; and

WHEREAS, in *Pantelidis v. Board of Standards and Appeals*, 10 N.Y.3d 846 (2008), the Court of Appeals, in a limited opinion, held that it was appropriate for the New York State Supreme Court to have conducted a good faith reliance hearing, rather than remand the case to the Board, to determine whether the property owner could claim reliance in the context of an Article 78 proceeding to overturn the Board’s denial of a variance application; the Court established that the Board should conduct such a hearing and that good faith reliance is relevant to the variance analysis; and

WHEREAS, most recently, in *Woods v. Srinivasan*, 108 A.D.3d 412 (1st Dep’t 2013) *lv to appeal denied*, 22 N.Y.3d 859 (2014), the Appellate Division found that, where the issue was whether construction documents and plans complied with the applicable side lot line requirements, DOB, rather than the property owner, was in the best position to avoid the erroneous issuance of the permit; accordingly, the Appellate Division found that the owner had relied in good faith on DOB’s permit issuance and remanded the matter to the Board to consider whether petitioner satisfied the remaining elements required for a variance; and

WHEREAS, the Board notes that the body of case law that addresses good faith reliance and a property owner’s ability to establish detrimental reliance that can be introduced in a variance application is limited to those instances where there is a unique history of approvals from high-level municipal officials—the Village Board of Trustees in *Jayne Estates* and a DOB Borough Commissioner in *Pantelidis*—on

the precise matter at issue; and

WHEREAS, accordingly, the Board identifies the findings for good faith reliance under the common law as: (1) that a permit was issued and later revoked based on a permit defect that existed when the permit was first issued; (2) that the permit approval process included an inquiry into the issue that would subsequently be the basis for the revocation of such permit; (3) that the owner could not have known that the permit was defective despite municipal assurances to the contrary; and (4) that construction was performed and expenditures were made subsequent to the issuance of the permit; and

WHEREAS, with respect to the first and second elements of good faith reliance, the applicant asserts that DOB issued the permits in February and March 2004 and issued an Intent to Revoke the permits on January 10, 2012, based on the purported non-compliance of the development with ZR § 23-47, a defect that existed in 2004 and was the precise subject of inquiry by the Queens Borough Commissioner, who, after issuing an Intent to Revoke and Stop Work Order for the site on October 20, 2004, unless and until it was verified that the site constituted a “through lot” as defined in ZR § 12-10, in a 2005 letter concluded that the subject site was, indeed, a through-lot and had the Stop Work Order vacated; and

WHEREAS, with regard to the third element, the applicant submits that it could not have known that the permits were defective despite multiple municipal assurances to the contrary because DOB’s denial of a request for reconsideration for the rear yard zoning objections relied, in part, on a DOB final determination, dated October 12, 2010, that post-dated both the 2004 issuance of permits for the subject site and the substantial completion of construction at the site in 2007; and

WHEREAS, finally, in satisfaction of the fourth element, the applicant represents that construction on the four residences was completed subsequent to the 2004 issuance of the permits at a cost of approximately \$1 million as of 2010, when the applicant applied to the Board to recognize a common law vested right to continue the development of the site; and

WHEREAS, while the Board acknowledges that government agencies, such as DOB, maintain the ability to correct mistakes and that DOB may not be estopped from correcting the erroneous approval of a building permit or issuance of a Certificate of Occupancy, the Board finds the retroactive application of DOB’s corrected interpretation as to whether properties similar to the subject site are “interior lots” rather than “through lots” to have, in this case, resulted in a unique hardship; and

WHEREAS, accordingly, the Board finds that the applicant has made all of the findings required to establish their good faith reliance on the issuance of the 2004 permits in satisfaction of ZR § 72-21(a); and

WHEREAS, the applicant states that, in accordance with ZR § 72-21(b), there is no reasonable possibility that modifications to the site required for compliance with the Zoning Resolution, specifically, the demolition of approximately 15 feet from the existing 27-foot wide single-family residence located at 223-19 Mia Drive, will bring a

---

# MINUTES

---

reasonable return and, in support of this contention, provided cost estimates for the demolition and reconstruction of a revised as-of-right 12-foot wide residence at this location (approximately \$538,000), the costs associated with the construction of the existing residence (assumed to be one-quarter of the total construction costs, approximately \$274,000), and the loss in sales value of a 12-foot wide residence as compared to a 27-foot wide residence; and

WHEREAS, as evidence of the significant loss in sale value, stated to be approximately \$1 million, the applicant provided letters from two real estate brokers with experience selling property in the area surrounding the subject site who both concluded that a 12-foot wide home would be substandard, have an inefficient and unattractive layout and, therefore, be unmarketable, regardless of its location in an up-scale neighborhood, and that the cost to convert it from its existing conditions would be greater than its market value; and

WHEREAS, in sum, demolition and reconstruction of the existing residence at 223-19 Mia Drive required for compliance with ZR § 23-47 and the provision of a 30-foot rear yard at the site would constitute a loss of more than \$1.8 million; and

WHEREAS, upon review of these submissions, the Board has determined that because of the applicant's good faith reliance on early DOB approvals, there is no reasonable possibility that development in strict conformance with applicable zoning requirements will provide a reasonable return; and

WHEREAS, the applicant represents that the surrounding area is predominated by residential uses, primarily one- and two-family residences, and, thus, the subject proposal will not alter the essential character of the neighborhood, will not substantially impair the appropriate use or development of adjacent property and will not be detrimental to the public welfare, in accordance with ZR § 72-21(c); and

WHEREAS, the applicant prepared a study of the area surrounding the subject site—including sites on the same Tax Block, located to the west of the Cross Island Parkway and north of the Long Island Railroad tracks, and sites on neighboring Tax Blocks 6197, 6344 and 6340 (the "Study Area")—and, of the 83 total sites in the Study Area, 81 (98 percent) of the lots are improved with single-family homes, 22 of these have floor area ratios ("FARs") equal to or greater than the FAR of the subject site (0.49 FAR) and an additional 35 (a total of 70 percent) have FARs equal to or greater than 0.40; and

WHEREAS, the applicant concedes that a majority of the lots on the same Tax Block as the subject site provide larger open areas between their eastern building walls and rear lot lines, but the applicant submits that, because the rear yard in question abuts an area currently mapped as park land adjoining the Cross Island Parkway, the granting of the subject variance, and the maintenance of the existing 15 foot rear yard in lieu of an enlargement to 30 feet, will have no impact on the light, air or open space enjoyed by the

neighboring homes, nor will it decrease the distance between the subject dwellings and their neighbors; and

WHEREAS, in light of the foregoing, the Board finds that this action will not alter the essential character of the neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, the applicant states that, per ZR § 72-21(d), the hardship was not self-created, but was, instead, the result of reliance on multiple assurances from municipal officials that the subject site was a "through lot" for which rear yards were not required; and

WHEREAS, the applicant additionally cites the New York Supreme Court's decision in *Pantelidis*, 10 Misc.3d 1077(A), 9 (N.Y. Cnty. 2005), for the proposition that the presence of good faith precludes a finding of self-created hardship; and

WHEREAS, accordingly, the Board finds that the hardship herein was not created by the owner or a predecessor in title; and

WHEREAS, supported by their study of the surrounding area and submission that the existing dwellings are comparable in bulk to their neighbors, the applicant represents that the subject proposal is the minimum needed to provide relief; and

WHEREAS, the Board agrees, in accordance with ZR § 72-21(e), that the subject proposal is the minimum necessary to afford the owner relief; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 13-BSA-019Q, dated August 15, 2013; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR § 72-21 to permit, in an R1-2 zoning district, the legalization of four sing-family dwellings that do not comply with rear yard requirements, contrary to ZR § 23-47; *on condition* that all work shall substantially conform to drawings filed with this application marked "Received July 1, 2017—twelve (12) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the site: minimum rear yard depth of 15'-0", as reflected on the BSA-approved plans;

THAT Certificates of Occupancy shall be obtained within one (1) year;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

# MINUTES

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 21, 2017.

## 2016-1221-BZ

### CEQR #16-BSA-075M

APPLICANT – Jay Goldstein, Esq., for Fifth Jam Development, LLC, owner; EVF Row House Inc., lessee.

SUBJECT – Application February 11, 2016 – Special Permit (§73-36) to permit a physical culture establishment (*Row House*) on the second floor of an existing commercial building. C2-7A zoning district.

PREMISES AFFECTED – 269 West 23<sup>rd</sup> Street, Block 773, Lot 9, Borough of Manhattan.

### COMMUNITY BOARD #4M

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, the decision of the Chief Plan Examiner of the Manhattan Borough Office of the Department of Buildings (“DOB”), dated August 29, 2016, acting on DOB Application No. 122514323, reads in pertinent part:

Proposed ‘Physical Culture Establishment’ is not permitted As-Of-Right as per section ZR 32-10 and is referred to the Board of Standards and Appeals for a special permit under ZR 73-36; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, on a site located within a C2-7A zoning district, the operation of a physical culture establishment (“PCE”) on a portion of the first floor and the second floor of an existing two-story commercial building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on September 27, 2016, after due notice by publication in *The City Record*, with a continued hearing on January 10, 2017, and then to decision on March 21, 2017; and

WHEREAS, Community Board 4, Manhattan recommends approval of this application; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the north side of West 23rd Street, between Eighth Avenue and Seventh Avenue, in a C2-7A zoning district, in Manhattan; and

WHEREAS, the site has approximately 38 feet of frontage along West 23rd Street, a depth of 99 feet, 3,703 square feet of lot area and is occupied by a two-story commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X,

C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the

---

# MINUTES

---

subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and Certificate of Occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies 130 square feet of floor area on the first floor, consisting of stairs to the second floor, and 2,465 square feet of floor area on the second floor of the existing building containing a reception area, locker rooms, storage and a rowing studio; and

WHEREAS, the PCE has been in operation as Row House since November 2015; and

WHEREAS, the PCE's hours of operation are Monday through Friday, 5:00 a.m. to 10:00 p.m., and Saturday and Sunday, 6:00 a.m. to 7:00 p.m.; and

WHEREAS, the applicant represents that the PCE use will not impair the essential character or the future use or development of the surrounding area because it is entirely contained within an existing commercial building and surrounded by other commercial uses; and

WHEREAS, in addition, the applicant submits that sound attenuation measures have been provided within the space so as to not disturb other tenants in the building; and

WHEREAS, accordingly, the Board finds that the PCE is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, the applicant states that the PCE provides facilities for a low-impact full body workout combining rowing circuits with interval training; and

WHEREAS, the Board finds that the subject PCE use is consistent with those eligible pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that the PCE is equipped with an interior fire alarm system—including smoke detectors, manual pull stations, local audible and visual alarms and a connection to the building's interior fire alarm connected to an FDNY-approved central station; and

WHEREAS, by letter dated March 8, 2017, the Fire Department recommended that no final decision be made on this application until on-site inspection of the premises was scheduled and received a confirmed date, but at hearing, the Fire Department revised its position, noting that an existing sprinkler and fire alarm system has been approved for the subject building and that it no longer has any objection to approval of this application; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant represents that the PCE will not interfere with any public improvement projects; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 16-BSA-075M, dated February 11, 2016; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, on a site located in a C2-7A zoning district, the operation of a physical culture establishment on a portion of the first floor and second floor of an existing two-story commercial building, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked "Received February 11, 2016" – Four (4) sheets and "Received March 1, 2017" – One (1) sheet and;

THAT the term of the PCE grant will expire on November 1, 2025;

THAT there will be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT accessibility compliance under Local Law 58/87 will be as reviewed and approved by DOB;

THAT the existing fire alarm system will be maintained as indicated on the Board-approved plans;

THAT minimum 3 foot wide exit pathways shall be provided leading to the required exits and such pathways shall always be maintained unobstructed, including from any equipment;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a revised Certificate of Occupancy shall be obtained within one year;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

**2016-4164-BZ**

APPLICANT – Law Office of Lyra J. Altman, for Mark M. Papa and Chana S. Papa, owners.

SUBJECT – Application April 6, 2016 – Special Permit (§73-622) to permit the enlargement of an existing single family home, contrary to floor area, open space and lot coverage (§23-141); side yard requirements (§§23-461 & 23-48) and less than the required rear yard (§23-47). R3-2 zoning district.

PREMISES AFFECTED – 1744 East 29<sup>th</sup> Street, Block 6811, Lot 22, Borough of Brooklyn.

**COMMUNITY BOARD #15BK**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4  
Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated March 8, 2016, acting on Department of Buildings (“DOB”) Application No. 321307046, reads in pertinent part:

1. Proposed plans are contrary to Zoning Resolution Section 23-141 in that the proposed floor area ratio exceeds the maximum permitted;
2. Proposed plans are contrary to Zoning Resolution Section 23-141 in that the proposed open space is less than the minimum required;
3. Proposed plans are contrary to Zoning Resolution Section 23-141 in that the proposed lot coverage exceeds the maximum permitted;
4. Proposed plans are contrary to Zoning Resolution Section 23-461 and 23-48 in that the proposed side yard is less than the minimum required;
5. Proposed plans are contrary to Zoning Resolution Section 23-47 in that the proposed rear yard is less than the minimum required; and

WHEREAS, the Board notes that since the filing of this application, the Zoning Resolution has been amended and the text formerly found in ZR § 23-141, setting for the maximum floor area ratio, minimum required open space and maximum lot coverage permitted in an R3-2 zoning district, is now found in ZR § 23-142; thus, the Board treats the citation to ZR § 23-141 in DOB’s objection as a citation to ZR § 23-142; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R3-2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space, lot coverage, side yards, and rear yards, contrary to ZR §§ 23-142, 23-461, 23-48 and 23-47; and

WHEREAS, a public hearing was held on this application on August 23, 2016, after due notice by publication in *The City Record*, with continued hearings on November 1, 2016, and January 24, 2017, and then to decision on March 21, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the west side of East 29th Street, between Quentin Road and Avenue R, in an R3-2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 30 feet of frontage along East 29th Street, a depth of 100 feet and 3,000 square feet of lot area; and

WHEREAS, the site is occupied by a two-story single-family detached dwelling with 1,483 square feet of floor area, a floor area ratio (“FAR”) of 0.49, 71 percent open space, 29 percent lot coverage, side yards measuring 3’-1” and 6’-7” and a rear yard of 37’-2”; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached* or *semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*, *floor area*, *side yard*, *rear yard* or *perimeter wall*

---

# MINUTES

---

height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins.

Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated in ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing dwelling to 2,526 square feet of floor area (0.84 FAR), decrease the percentage of open space from 71 percent to 56 percent, increase the lot coverage from 29 percent to 44 percent, maintain the existing side yards, and reduce the existing 37'-2" rear yard to 20 feet at the first floor and 25 feet at the second floor; and

WHEREAS, at the subject site, a maximum FAR of 0.50 is permitted, a minimum of 65 percent open space is required and a maximum of 35 percent lot coverage is permitted pursuant to ZR § 23-142; two side yards with widths of at least 5 feet each are required pursuant to ZR §§ 23-461 and 23-48; and a rear yard of at least 30 feet is required pursuant to ZR § 23-47; and

WHEREAS, the applicant submits that the existing side yards pre-date the 1961 Zoning Resolution and are, thus, legal non-compliances; in support of that contention the applicant has submitted a 1930 Sanborn map of the premises demonstrating that the position of the existing dwelling on the lot has not changed since that time; and

WHEREAS, the applicant presented analyses of the floor area ratio of single- and two-family residences within 200 feet of subject lot, of the rear yards at the first and second floors of residences on the subject block and of the lot coverage of one- and two-family residences within 400 feet of subject premises to demonstrate that the proposed enlargement is consistent with character of the surrounding neighborhood; and

WHEREAS, the floor area analysis concluded that 25 of the 32 residences (78 percent) in the study area had FARs greater than 0.50 ranging from 0.52 and 1.01 FAR; the lot coverage analysis concluded that of the 159 residences in the study area, 125 (80 percent) have a lot coverage greater than 35 percent, ranging from 36 percent to 65 percent; and the rear yard analyses submitted by the applicant demonstrated that 24 of the 54 residences on the subject block (41 percent) have rear yards with depths of less than 30 feet at the first floor and 9 (15 percent) have rear yards of less than 30 feet at the second floor; and

WHEREAS, neighbors voiced objections to the subject proposal on the basis that the enlarged house was not consistent with the character of the subject block, particularly with regards to the proposal to eliminate the front setback at the second floor of the existing dwelling, a design feature common to the other dwelling on the block, and, make the second floor flush with the first floor, as well as the applicant's original proposal to reduce the rear yard to 20 feet at both the first and second floor; and

WHEREAS, at hearing, the Board discussed the applicability of a potential as-of-right building envelope to an analysis of neighborhood character and concluded that, while the as-of-right envelope is sometimes relevant if indicative of public policy, the actually built conditions are dispositive with respect to the Board's analysis on this finding of the special permit; and

WHEREAS, in response to comments from the Board and neighborhood objections that the existing character of the neighborhood did not support a shallow rear yard at the second floor of the proposed enlargement, and consistent with the applicant's own study of rear yard conditions on the subject block, the applicant revised the proposal to provide a 20 foot rear yard at the first floor and a 25 foot rear yard at the second floor; and

WHEREAS, the applicant additionally provided overlay drawings to demonstrate that the proposed modifications to the front elevation of the dwelling fits within the character of the subject block and offered that the architect designed the wrapped roof detail around the front elevation to pay homage to the character of the subject block; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

# MINUTES

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R3-2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space, lot coverage, side yards and rear yards, contrary to ZR §§ 23-142, 23-461, 23-48 and 23-47; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked “Received March 10, 2017”- Nine (9) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: maximum floor area of 2,526 square feet (0.84 FAR), a minimum of 56 percent open space, a maximum of 44 percent lot coverage, side yards of at least 3’-1” and 6’-7” and a rear yard of at least 20 feet at the first floor and 25 feet at the second floor, as illustrated on the BSA-approved plan; and

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 21, 2017.

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated August 19, 2016, acting on New Building Application No. 321192437, reads in pertinent part:

“ZR 36-21” “Proposed number of parking spaces for the proposed commercial use is less than the minimum required contrary to ZR 36-21”; and

WHEREAS, this is an application under ZR §§ 73-44 and 73-03 to permit, within a C4-3 zoning district, a reduction in the required number of accessory off-street parking spaces for Use Group 6 offices in parking requirement category B1, contrary to ZR § 36-21; and

# MINUTES

WHEREAS, a public hearing was held on this application on March 21, 2017, after due notice by publication in *The City Record*, and then to decision on the same day; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 1, Brooklyn, recommends disapproval of this application; and

WHEREAS, the subject site is located on the block bounded by Havemeyer Street, South 4th Street, Marcy Avenue and South 5th Street, in a C4-3 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 103 feet of frontage on Havemeyer Street, 163 feet of frontage on South 4th Street, 124 feet of frontage on Marcy Avenue, 290 feet of frontage on South 5th Street, and 50,738 square feet of lot area; and

WHEREAS, the zoning lot is comprised of six tax lots (Lots 13, 19, 35, 36, 41 and 135), with a two-story building on Lot 36, a one-story building on Lot 135, and a one-story and a two-story building on Lot 35; and

WHEREAS, the applicant notes that the buildings on Lots 135 and Lot 35 will be demolished to effectuate the subject proposal, while the building on Lot 36 will remain; and

WHEREAS, the applicant proposes to construct a 22-story mixed-use building with commercial, residential and community-facility space having a total floor area of 233,388 (4.6 FAR) and 301 accessory parking spaces, 104 of which would be accessory to the office use; and

WHEREAS, the applicant represents that, pursuant to ZR § 36-21, 208 accessory parking spaces are required for the proposed office use, calculated at a rate of one space per 400 square feet of floor area; however, the applicant seeks to provide 104 spaces, 104 fewer spaces than required; and

WHEREAS, ZR § 73-44 provides:

In the districts indicated, the Board of Standards and Appeals may permit a reduction in the number of *accessory* off-street parking spaces required by the provisions of Section 36-21 or 44-21 (General Provisions) for ambulatory diagnostic or treatment facilities listed in Use Group 4 and *uses* in parking requirement category B1 in Use Group 6, 7, 8, 9, 10, 11, 14 or 16 to the applicable number of spaces specified in the table set forth at the end of this Section, provided that the Board finds that occupancy by ambulatory diagnostic or treatment facilities listed in Use Group 4 or *uses* in parking category B1 is contemplated in good faith on the basis of evidence submitted by the applicant. In such a case the Board shall require that the certificate of occupancy issued for the *building* within which such *use* is located shall state that no certificate of occupancy shall thereafter be issued if the *use* is changed to a *use* listed in parking category B unless additional *accessory* off-street parking spaces sufficient to

meet such requirements are provided on the site or within the permitted off-site radius.

REDUCED ACCESSORY OFF-STREET  
PARKING SPACES REQUIRED FOR  
AMBULATORY DIAGNOSTIC  
OR TREATMENT FACILITIES LISTED IN  
USE GROUP 4 AND  
COMMERCIAL USES IN PARKING  
REQUIREMENT CATEGORY B1

Parking Spaces Required

Per Number of Square

Feet on *Floor Area*\* Districts

1 per 400		C1-1	C2-1	C3	C4-1
1 per 600		C1-2	C2-2	C4-2	C8-1
		M1-1	M1-2	M1-3	
		M2-1	M2-2	M3-1	
1 per 800		C1-3	C2-3	C4-3	C7 C8-2

\* For ambulatory diagnostic or treatment facilities listed in Use Group 4, parking spaces required for number of square feet of *floor area* or *cellar* space, except *cellar* space used for storage; and

WHEREAS, pursuant to ZR § 73-44, the Board may reduce the required parking for Use Group 6 offices in parking requirement category B1 at the subject site from one space per 400 square feet of floor area to one space per 800 square feet of floor area provided that the Board finds that such occupancy is contemplated in good faith; and

WHEREAS, the applicant submitted an affidavit stating that the building will be occupied by office use in parking category B1; and

WHEREAS, the applicant further states that any certificate of occupancy for the building will state that no subsequent certificate of occupancy may be issued if the Use Group 6 offices are changed to a use listed in parking category B unless additional accessory off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius; and

WHEREAS, the Board finds the affidavit credible and that the applicant has submitted sufficient evidence of good faith in maintaining the proposed commercial use at the site; and

WHEREAS, the Board notes that its determination is also subject to and guided by, among other things, ZR §§ 73-01 through 73-04, inclusive; and

WHEREAS, the Board directed the applicant to demonstrate that the application satisfies ZR § 73-03(a), specifically, to provide information as to how the proposed reduction in required accessory off-street parking spaces will impact the surrounding community; and

WHEREAS, in response, the applicant submitted a parking study demonstrating that the maximum demand for parking generated by the proposed Use Group 6 offices will be 40 spaces on weekdays from 9 a.m. to 11 a.m. and that such demand can be accommodated by the proposed 104 spaces on site, which will be attended and will utilize stackers; and

---

# MINUTES

---

WHEREAS, the parking study also demonstrates that the maximum demand for parking generated by all uses on site simultaneously will be 98 spaces on weekdays from 3 p.m. to 5 p.m., and that such demand can be accommodated by the proposed 301 total parking spaces on site; and

WHEREAS, in response to questions from the Board at hearing, the applicant further represents that, because of the diverse mix of uses on the site, the on-site uses have different periods of peak parking demand; and

WHEREAS, the applicant also represents that the parking study reflects conservative overestimates for parking demand and that a number of parking garages in the area currently go underutilized; and

WHEREAS, accordingly, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed modification of parking regulations is outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant represents that the parking modification will not interfere with any public improvement project; and

WHEREAS, based upon its review of the record, the Board concludes that the findings required under ZR §§ 73-44 and 73-03 have been met; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement CEQR No. 17-BSA-015K, dated February 17, 2017; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; or Construction; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment.

*Therefore, it is Resolved,* that the Board of Standards and Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1997, as amended, and makes each and every one of the required findings under ZR §§ 73-44 and 73-03 to *permit*, within a C4-3 zoning district, a reduction in the required number of accessory off-street parking spaces for Use Group 6 offices in parking requirement category B1, contrary to ZR § 36-21; *on*

*condition* that all work shall substantially conform to drawings as they apply to the objections above noted filed with this application marked “Received February 17, 2017”–Seventeen (17) sheets, and *on further condition:*

THAT no certificate of occupancy shall be issued if the office use in parking requirement category B1 in Use Group 6 is changed to a use listed in parking category B unless additional accessory off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius;

THAT the above condition shall be stated on the certificate of occupancy;

THAT a certificate of occupancy shall be obtained within four (4) years, by March 21, 2021;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 21, 2017.

## **2017-63-BZ**

### **CEQR #17-BSA-104K**

APPLICANT – NYC Mayor’s Office of Housing Recovery Operation (“HRO”)

SUBJECT – Application March 16, 2017 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R4 zoning district.

PREMISES AFFECTED – 9 Post Court, Block 8856, Lot 1882, Borough of Brooklyn.

### **COMMUNITY BOARD #15BK**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4 zoning district, the redevelopment and elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards, lot coverage and open space, pursuant to ZR §§ 23-45, 23-461 and 23-142; and

WHEREAS, a public hearing was held on this

---

# MINUTES

---

application on March 21, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City's effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner's Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the northwestern corner of the intersection of Post Court and Madoc Avenue, in an R4 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 40 feet of frontage along Post Court, 45 feet of frontage along Madoc Avenue, 1,800 square feet of lot area and was formerly occupied by a one one-half story single-family detached home; and

WHEREAS, the applicant seeks a special permit, pursuant to ZR § 64-92, to allow the redevelopment and elevation of the previously existing single-family detached home, which was non-compliant with regards to front yards, side yards, lot coverage and open space, providing front yards measuring 3'-11", side yards measuring 4 feet and 4'-2.5", 66 percent lot coverage and 34 percent open space; and

WHEREAS, at the subject site, a front yard of at least 10 feet is required fronting both Post Court and Madoc Avenue, pursuant to ZR § 23-45; one side yard measuring at least 5 feet and one side yard measuring at least 20 feet are required, pursuant to ZR § 23-461; and a maximum of 45 percent lot coverage and a minimum of 55 percent open space are required pursuant to ZR § 23-142; and

WHEREAS, in reconstructing and elevating the dwelling, the applicant has additionally proposed to set back the redeveloped building from Post Court to permit the addition of a stair for ingress and egress to the dwelling; and

WHEREAS, as a result, the reconstructed building will provide a 10 foot front yard, maintain the 3'-11" front yard fronting Madoc Avenue; maintain the 4 feet and 4'-2.5" side yards, decrease lot coverage to 55 percent and increase the open space to 45 percent; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards

and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to set the reconstructed residence further back from Post Court to provide improved egress creates practical difficulties in complying with flood-resistant construction standards without the modification of the front yard, side yards, lot coverage and open spaces requirements and that a waiver of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single- and two-family detached dwellings and that the proposal improves the existing front yard condition thus, making a positive contribution to the

# MINUTES

existing neighborhood fabric; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA104K, dated March 16, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4 zoning district, the redevelopment and elevation of an existing detached one and one-half-story single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards, lot coverage and open space, pursuant to ZR §§ 23-45, 23-461 and 23-142; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received March 16, 2017”- Eight (8) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: front yards measuring at least 10 feet and 3’-11”, side yards measuring 4 feet and 4’-2.5”, maximum lot coverage of 55 percent and at least 45 percent open space, as illustrated on the BSA-approved plans;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by March 21, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 21, 2017.

## 105-15-BZ

# MINUTES

## REGULAR MEETING TUESDAY MORNING, MARCH 28, 2017 10:00 A.M.

Present: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.

### SPECIAL ORDER CALENDAR

#### 67-91-BZ

APPLICANT – Eric Palatnik, P.C., for BSM Management, LLC, owner.

SUBJECT – Application September 11, 2015 – Amendment (§11-412) to a previously-granted Automotive Service Station (Gulf) (UG 16B), with accessory uses, to permit the enlargement of an existing 1 story building and convert service bays to an accessory convenience store and install 6 new multiple product dispensers. C2-2/R3-2 zoning district. PREMISES AFFECTED – 54-55 Little Neck Parkway aka 260-01 Horace Harding Expressway, Block 8274, Lot 135, Borough of Queens.

#### COMMUNITY BOARD #11Q

ACTION OF THE BOARD – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application, pursuant to ZR § 11-412, to reopen and amend a variance, previously granted by the Board and permitting an automotive service station (Use Group 16B) with accessory uses, to permit, on a site located partially within an R4 (C1-2) and partially within an R1-2 zoning district, the enlargement of an existing one-story building, the conversion of service bays to an accessory convenience store and the installation of new multiple product dispensers; and

WHEREAS, a public hearing was held on this application on January 31, 2017, after due notice by publication in *The City Record*, with a continued hearing on March 21, 2017, and then to decision on March 28, 2017; and

WHEREAS, Vice-Chair Hinson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 11, Queens, recommends approval of this application; and

WHEREAS, the subject site is located on the northwest corner of Little Neck Parkway and Nassau Boulevard, partially within an R4 (C1-2) zoning district and partially within an R1-2 zoning district, in Queens; and

WHEREAS, the site has approximately 231 feet of frontage on Little Neck Parkway, 100 feet of frontage on Nassau Boulevard, 17,100 square feet of lot area and is

occupied by a one-story automotive service station with an automotive repair shop and accessory convenience store; and

WHEREAS, the Board has exercised jurisdiction over the subject site since July 15, 1947, when, under BSA Calendar Number 721-41-BZ, the Board granted a variance to permit construction of a gasoline service station and for minor repairs and accessory uses for a term of ten (10) years; and

WHEREAS, on May 2, 1950, under BSA Calendar Number 721-41-BZ, the Board reopened and amended the variance to approve working plans and impose further conditions; and

WHEREAS, on September 12, 1950, under BSA Calendar Number 721-41-BZ, the Board amended its resolution and extended the term of the variance to fifteen (15) years from the date of this amendment; and

WHEREAS, on July 21, 1964, under BSA Calendar Number 721-41-BZ, the Board amended its grant to permit a total of ten 550-gallon approved storage tanks; and

WHEREAS, on September 28, 1965, under BSA Calendar Number 721-41-BZ, the Board reopened and extended the term of the variance for an additional ten (10) years on condition; and

WHEREAS, on May 20, 1969, under BSA Calendar Number 66-69-BZ, the Board permitted the enlargement in lot area and floor area and a change in use to automotive service station with accessory uses on condition that the re-grading, repaving and drainage of the lot be to the satisfaction of the Department of Buildings; and

WHEREAS, on June 2, 1970, under BSA Calendar Number 66-69-BZ, the Board reopened and amended its grant to extend the time to substantially complete construction pursuant to the previous grant by one (1) year, expiring May 20, 1971, on condition that a copy of the resolution as amended, and a certified copy of the Board-approved drawings, be permanently posted in the office of the automotive service station; and

WHEREAS, on October 28, 1975, under BSA Calendar Number 66-69-BZ, the Board reopened and amended its grant to extend the term of the variance, previously granted under BSA Calendar Number 721-41-BZ, for ten (10) years; and

WHEREAS, on February 15, 1984, under BSA Calendar Number 1058-83-A, the Board granted on condition an application to permit the installation and use of self-service devices in the gasoline service station for a term of five (5) years, which expired February 15, 1989; and

WHEREAS, on February 15, 1984, under BSA Calendar Number 66-69-BZ, the Board reopened and amended its grant to permit the construction of a canopy, the installation of new gasoline pump islands with new self-serve dispensers and the change of the office and sales area of the accessory building to an attendant's office on condition that the surface of the lot be resurfaced, all planting areas be restored with new shrubbery and be maintained and promptly replaced when necessary, the parking of cars be limited to five cars awaiting service, the

---

# MINUTES

---

premises be maintained clean and free of debris at all times and there be no parking of vehicles on the sidewalk or in such a manner as to obstruct pedestrian or vehicular traffic; and

WHEREAS, on March 17, 1992, under the subject calendar number, the Board granted a reestablishment of the expired variance for a term of ten (10) years to permit continued use of the site as an automotive service station with minor repairs and accessory uses on condition that there be no sale of cars on the lot, there be no parking of cars on the sidewalk, there be no storage of vehicles on the lot, there be no automotive repairs conducted on the open lot, all fencing be in accordance with the Board-approved plans, the existing picket fence be painted, all landscaping be installed and maintained in accordance with the Board-approved plans and all site lighting be directed downward and away from adjacent residential uses; and

WHEREAS, on October 19, 2004, under the subject calendar number, the Board reopened and amended its grant to permit a minor reconfiguration of the sales area, private office and utility room to facilitate the sale of convenience store items and the placement of a container for storage and refrigeration of soft drinks for an additional term of ten (10) years on condition that the site be maintained free of debris and graffiti, any graffiti located on the site be removed within 48 hours and all signage conform to applicable zoning district requirements; and

WHEREAS, on December 11, 2012, under the subject calendar number, the Board reopened and amended its grant to permit an extension of term for ten (10) years, expiring on March 17, 2022, on condition that landscaping be maintained in accordance with the Board-approved plans, the site be maintained free of debris and graffiti, no parking be permitted on the landscaped area at the rear of the site and signage comply with C1 zoning district regulations; and

WHEREAS, the applicant now seeks to enlarge of the existing one-story building, convert service bays to an accessory convenience store and install new multiple product dispensers; and

WHEREAS, in response to questions from the Board concerning landscaping, the shrubbery buffer, fencing, the trash enclosure, repaving, the button for assistance, retail selling floor area as well as the proposed operational plan with hours of operation and refuse collection, the applicant revised the drawings and revised its proposal to provide landscaping and a shrubbery buffer along the north and east frontages, to show the trash enclosure designed to match the quality of the new construction, repave the site, place signs at the pumps for customers needing assistance to call a specified number, proof that the previous enlargement of the existing building did not increase the floor area by more than 50 percent, proposed the hours of operation as 24 hours per day, seven days per week, and proposed to schedule refuse collection once per week; and

WHEREAS, the applicant represents that the convenience store contains 1,649 square feet of retail selling floor area within a completely enclosed building, which satisfies TPPN # 10/99 and that the proposed alterations are

permitted pursuant to ZR § 11-412; and

WHEREAS, based on the foregoing, the Board has determined that the requested amendments to the variance are appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated March 17, 1992, as amended through December 11, 2012, so that as amended this portion of the resolution shall read: “to permit the enlargement of an existing one-story building, the conversion of service bays to an accessory convenience store and the installation of new multiple product dispensers, *on condition* that all work will substantially conform to drawings, filed with this application marked “Received March 24, 2017”- Ten (10) sheets; and *on further condition*:

THAT the term of the variance grant expires on March 17, 2022;

THAT there shall be a payment screen at each fueling position featuring a ‘help’ button that, when pressed, activates an intercom system with the attendant area;

THAT there shall be a ‘honk for assistance’ sign at each fueling position;

THAT landscaping shall be installed and maintained in accordance with the Board-approved plans;

THAT there shall be no sale of cars on the lot;

THAT there shall be no parking of cars on the sidewalk;

THAT there shall be no parking on the landscaped area at the rear of the site;

THAT there shall be no storage of vehicles on the lot;

THAT there shall be no automotive repairs conducted on the open lot;

THAT all fencing shall be in accordance with the Board-approved plans;

THAT the existing picket fence shall be painted;

THAT all site lighting be directed downward and away from adjacent residential uses;

THAT the site shall be maintained free of debris and graffiti;

THAT any graffiti located on the site shall be removed within 48 hours;

THAT all signage shall conform to C1 zoning district regulations;

THAT the above conditions shall be listed on the certificate of occupancy;

THAT a revised certificate of occupancy shall be obtained within one (1) year, by March 28, 2018;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or

**THE RESOLUTION** –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated January 26, 2016, acting on Alteration Application No. 320956239, reads in pertinent part:

“Proposed development is contrary to ZR 36-21 and requires a special permit pursuant to ZR Section 73-44”; and

WHEREAS, this is an application under ZR §§ 73-44 and 73-03 to permit, on a site located within an R6 (C1-3) zoning district, a reduction in the required number of accessory parking spaces for a Use Group (“UG”) 4 ambulatory diagnostic or treatment facility, contrary to ZR § 36-21; and

WHEREAS, a public hearing was held on this application on January 10, 2017, after due notice by publication in *The City Record*, with a continued hearing on March 28, 2017, and then to decision on the same day; and

WHEREAS, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and the surrounding neighborhood; and

WHEREAS, Community Board 1, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the west side of Havemeyer Street, between South 2nd Street and South 3rd Street, within an R6 (C1-3) zoning district, in Brooklyn; and

WHEREAS, the site is an L-shaped lot having approximately 24 feet of frontage along Havemeyer Street, 20 feet of frontage along South 3rd Street, 2,969 square feet of lot area and is occupied by a four-story, with cellar, mixed-use commercial and community-facility building having 1,291 square feet of UG 6 retail floor area and 9,145 square feet of UG 4 ambulatory diagnostic or treatment facility floor area<sup>1</sup>; and

---

<sup>1</sup> The site currently provides zero parking spaces; the applicant represents that the parking requirement for the existing building was waived pursuant to ZR § 36-231.

WHEREAS, the applicant proposes to enlarge the existing building to 13,642 square feet of total floor area with 12,351 square feet of floor area dedicated to the UG 4 use and no change in the floor area dedicated to the UG 6 retail use; and

WHEREAS, the applicant represents that, pursuant to ZR § 36-21, 31 accessory parking spaces are required for the proposed enlarged ambulatory diagnostic or treatment facility use, calculated at a rate of one space per 400 square feet of floor area; however, the applicant seeks to provide 15 spaces for the UG 4 use, 16 fewer spaces than required and, accordingly, seeks the relief requested herein; and

WHEREAS, the UG 6 retail use also generates a parking requirement of three spaces, pursuant to ZR § 36-21 and, as ZR § 73-44 only authorizes a reduction in the required number of parking spaces for floor area occupied by an ambulatory diagnostic or treatment facilities and uses in parking requirement category B1, no reduction in the number of these parking spaces is requested as part of this application and a total of 34 parking spaces are required for the subject site; and

WHEREAS, the applicant submits that, upon grant of this relief, waiver of the remaining 18 parking spaces will be sought pursuant to ZR § 36-231, which allows the waiver of all accessory parking in cases where the total number of required accessory off-street parking spaces is less than 25; and

WHEREAS, the Board takes no position as to whether approval of the subject special permit application qualifies the site for a parking waiver pursuant to ZR § 36-231, which is a determination subject to review by DOB; and

WHEREAS, the applicant states that the building will otherwise comply with the zoning regulations relating to floor area, height, yards and setbacks applicable in the underlying zoning district; and

WHEREAS, ZR § 73-44 provides:

In the districts indicated, the Board of Standards and Appeals may permit a reduction in the number of *accessory* off-street parking spaces required by the provisions of Section 36-21 or 44-21 (General Provisions) for ambulatory diagnostic or treatment facilities listed in Use Group 4 and *uses* in parking requirement category B1 in Use Group 6, 7, 8, 9, 10, 11, 14 or 16 to the applicable number of spaces specified in the table set forth at the end of this Section, provided that the Board finds that occupancy by ambulatory diagnostic or treatment facilities listed in Use Group 4 or *uses* in parking category B1 is contemplated in good faith on the basis of evidence submitted by the applicant. In such a case the Board shall require that the certificate of occupancy issued for the *building* within which such *use* is located shall state that no certificate of occupancy shall thereafter be issued if the *use* is changed to a *use* listed in parking category B unless additional *accessory* off-street parking spaces sufficient to meet such requirements are provided on the site

# MINUTES

or within the permitted off-site radius.  
 REDUCED ACCESSORY OFF-STREET  
 PARKING SPACES REQUIRED FOR  
 AMBULATORY DIAGNOSTIC  
 OR TREATMENT FACILITIES LISTED IN  
 USE GROUP 4 AND  
 COMMERCIAL USES IN PARKING  
 REQUIREMENT CATEGORY B1

Parking Spaces Required Per Number of Square Feet on <i>Floor Area</i> *	Districts
1 per 400	C1-1 C2-1 C3 C4-1
1 per 600	C1-2 C2-2 C4-2 C8-1 M1-1 M1-2 M1-3 M2-1 M2-2 M3-1
1 per 800	C1-3 C2-3 C4-3 C7 C8-2

\* For ambulatory diagnostic or treatment facilities listed in Use Group 4, parking spaces required for number of square feet of *floor area* or *cellar* space, except *cellar* space used for storage; and

WHEREAS, pursuant to ZR § 73-44, the Board may reduce the required parking for a UG 4 ambulatory diagnostic or treatment facility at the subject site from one space per 400 square feet of floor area to one space per 800 square feet of floor area provided that the Board finds that such occupancy is contemplated in good faith; and

WHEREAS, the applicant submitted an affidavit stating that the proposed UG 4 community facility use shall be limited to use as an ambulatory diagnostic or treatment facility; and

WHEREAS, the applicant also notes that the medical practice currently utilizing the existing building, and proposing the subject enlargement to expand the practice by providing an ambulatory facility and additional treatment rooms, has been in the neighborhood for over thirty years; and

WHEREAS, the applicant further states that any certificate of occupancy for the building will state that no subsequent certificate of occupancy may be issued if the UG 4 ambulatory diagnostic or treatment facility is changed to a use listed in parking category B unless additional accessory off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius; and

WHEREAS, the applicant submitted a copy of the current certificate of occupancy for the existing building, which demonstrates that the current lawful occupancy includes a four-story ambulatory diagnostic and treatment facility, without sleeping accommodations, in UG 4; and

WHEREAS, the Board finds the affidavit credible and that the applicant has submitted sufficient evidence of good faith in maintaining the proposed ambulatory diagnostic or treatment facility use at the site; and

WHEREAS, the Board notes that its determination is also subject to and guided by, among other things, ZR §§ 73-01 through 73-04, inclusive; and

WHEREAS, the Board directed the applicant to

demonstrate that the application satisfies ZR § 73-03(a), specifically, to provide information as to how the proposed reduction in required accessory off-street parking spaces will impact the surrounding community; and

WHEREAS, in response, the applicant submitted a parking study demonstrating that the maximum demand for parking generated by the proposed enlarged UG 4 use at the site will be 3 spaces during the peak hour of demand, weekdays from 11 a.m. to 12 p.m., and that such demand can be accommodated by available on-street parking spaces; and

WHEREAS, the parking study further shows that approximately 34 percent of the existing medical practice's current patients and staff travel to the site by public transit, 41 percent arrive by foot, 9 percent travel by taxi and 16 percent travel by car; and

WHEREAS, the parking study also presents an on-street parking survey concluding that, during the weekday peak demand hours from 11 a.m. to 12 p.m., there are 45 parking spaces available within a one-quarter mile radius (a walking distance of approximately five minutes), for a utilization rate of 88 percent within the parking study area; and

WHEREAS, accordingly, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed modification of parking regulations is outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant represents that the parking modification will not interfere with any public improvement project; and

WHEREAS, based upon its review of the record, the Board concludes that the findings required under ZR §§ 73-44 and 73-03 have been met; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement CEQR No. 16BSA079K, dated September 15, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; and Construction; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment.

*Therefore, it is Resolved*, that the Board of Standards and

# MINUTES

Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1997, as amended, and makes each and every one of the required findings under ZR §§ 73-44 and 73-03 to *permit*, on a site located within an R6 (C1-3) zoning district, a reduction in the required number of accessory parking spaces for a mixed-use Use Group 6 retail and Use Group 4 ambulatory diagnostic or treatment facility building from 34 to 18, contrary to ZR § 36-21; *on condition* that all work shall substantially conform to drawings as they apply to the objections above noted filed with this application marked “Received March 28, 2017”–Nineteen (19) sheets, and *on further condition*:

THAT no revised certificate of occupancy shall be issued if the ambulatory diagnostic or treatment facility listed in Use Group 4 is changed to a use listed in parking category B unless additional accessory off-street parking spaces sufficient to meet such requirements are provided on the site or within the permitted off-site radius;

THAT DOB shall review the proposal to determine whether the site qualifies for a waiver of the required number of parking spaces pursuant to ZR § 36-231;

THAT the above condition shall appear on the revised certificate of occupancy;

THAT a revised certificate of occupancy shall be obtained within four (4) years, by March 28, 2021;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 28, 2017.

#### THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92, to permit, on a site within an R3X zoning district, the redevelopment and elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards and side yards, pursuant to ZR §§ 64-723, 23-45 and 23-461; and

WHEREAS, a public hearing was held on this application on March 28, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner’s Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the southeast corner of the intersection of Dustan Street and Maple Terrace, in an R3X zoning district, on Staten Island; and

WHEREAS, the site has approximately 62 feet of frontage along Dustan Street, 60 feet of frontage along Maple Terrace, 3,720 square feet of lot area and was formerly occupied by a two-story, with cellar, single-family detached home; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Calendar Number 2016-962-A, the Board granted application to allow the elevation and reconstruction of a single-family detached residence that does not front on a mapped street, contrary to General City Law § 36, as well as a waiver of the Board’s Rules of Practice and Procedure on condition that the building have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the building be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the building where the foundation is not closed have a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceed 32’-0” feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the redevelopment and elevation of the previously existing single-family detached home, which had one non-compliant front yard and one non-compliant side yard; and

WHEREAS, the existing residence provided front yards measuring 9’-9” fronting Maple Terrace and 18’-10” fronting Dustan Street and side yards measuring 16 feet and 7’-6”; and

WHEREAS, at the subject site, front yards of at least 10 feet are required, pursuant to ZR § 23-45, and one side yard measuring at least 20 feet and one side yard measuring at least 10 feet are required, pursuant to ZR § 23-461; and

WHEREAS, the reconstructed building will maintain the existing front and side yards but proposes to add a new-encroachment into the 16 foot side yard to accommodate an added handicapped accessible bathroom; and

WHEREAS, the Department of Buildings (“DOB”) has interpreted ZR § 64-723 to require that residences be elevated in their exact footprint and insists that a waiver of the same is required for this application because, with the new encroachment in the non-complying side yard, the reconstructed building would not be in the original footprint; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant*

---

# MINUTES

---

*construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the applicant states that the need to accommodate the elevated home and its front stairs with a chair lift within the lot creates practical difficulties in complying with flood-resistant construction standards without the modification of the front yard and side yard requirements and that a waiver of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single- and two-family detached dwellings; that the design of the residence is consistent with

the existing aesthetic of the neighborhood; and that the proposed flood resistant construction would serve as a model for future development in the area; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA107R, dated March 20, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R3X zoning district, the redevelopment and elevation of an existing detached two-story, with cellar, single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards and side yards, pursuant to ZR §§ 64-723, 23-45 and 23-461; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received March 20, 2017"- four (4) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: a front yard measuring at least 9'-9" fronting Maple Terrace and side yards measuring at least 16'-0" and 7'-6", as illustrated on the BSA-approved plans;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by March 28, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 28, 2017.

**COMMUNITY BOARD #11Q**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT –**

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4  
Negative:.....0

**THE RESOLUTION –**

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of term of a variance, previously granted by the Board pursuant to ZR § 72-21, which expired on May 24, 2014; and

WHEREAS, a public hearing was held on this application on August 23, 2016, after due notice by publication in *The City Record*, with continued hearings on January 24, 2017, March 21, 2017, and March 28, 2017, and then to decision on April 4, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 11, Queens, recommends disapproval of this application out of concerns that the subject building is too small for a full-service restaurant and that the continuation of the use will exacerbate traffic and parking conditions in the neighborhood; and

WHEREAS, by letter dated November 1, 2016, Senator Tony Avella recommends disapproval of this application, citing concerns about traffic, parking and neighborhood character; and

WHEREAS, in addition, the Auburndale Improvement Association provided written and oral testimony in opposition to this application, expressing concerns regarding parking, prior noise complaints associated with the former operator at the site and the potential for the proposed as-of-right residential units on the second and third floors of the subject buildings to become SRO or dormitory units; and

WHEREAS, the subject site is located on the northern side of Northern Boulevard, between 189th and 190th Streets, partially within an R3-2 zoning district and partially within an R3X zoning district, in Queens; and

WHEREAS, the site has approximately 50 feet of frontage along Northern Boulevard, 110 feet of depth, 5,436 square feet of lot area and is occupied by an existing three-story, with basement, mixed-used commercial and residential building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since May 24, 1994, when, under the subject calendar number, the Board granted a variance to legalize, for a term of ten (10) years and expiring May 24, 2004, an office use (Use Group 6B) on the first floor of an existing three-story, with basement, multiple dwelling on condition that the barbed wire around the fence be removed, the fence be limited to 6 feet in height, there be no open storage on the lot and landscaping be maintained; and

WHEREAS, on December 13, 2005, under the subject calendar number, the Board reopened and amended the variance to extend the term for ten (10) years, expiring May 24, 2014, and to allow the change of use of the first floor from office to an eating and drinking establishment with accessory food preparation and storage in the basement on condition that the hours of operation be 7 a.m. to 12 a.m. daily, all deliveries be made from Northern Boulevard between 9 a.m. and 9 p.m., there be no storage of vehicles on the site, the existing fence along the property lines be replaced with a 6’-0” high aluminum fence, all exterior lighting be directed away from adjacent residences and all signage on the site comply with C1 zoning district regulations; and

WHEREAS, the term of the variance having expired, the instant application seeks a further extension of the term of the variance for an additional ten (10) years; and

WHEREAS, at hearing, the Board expressed concerns about the compatibility of the subject use with residential uses both above and around the use, the outdoor seating proposed in the front yard, the handicap accessibility of the building, trash storage and dilapidated fencing conditions at the site, landscaping along the site perimeter to buffer the use from its

---

# MINUTES

---

residential neighbors, the proposed hours of operation, fire-safety measures taken with the building (including sprinklers, means of egress and exit signage), traffic and noise impacts of the continued eating and drinking establishment use and the hours of deliveries; and

WHEREAS, Community Board 11, Senator Avella and various members of the community expressed similar concerns about the eating and drinking establishment's compatibility with nearby residential uses, hours of operation, deliveries, trash storage and poor condition of the existing fencing; and

WHEREAS, in response, the applicant agreed to reduce the proposed hours of operation to 7 a.m. to 10:30 p.m., Sunday through Thursday, with no music or outdoor seating after 10 p.m., and 7 a.m. to 12 a.m., Friday and Saturday, with no music or outdoor seating after 10 p.m.; amended the drawings to reflect changes in interior layouts, additional sprinkler heads and indicate the installation of a new weather treated fence and additional landscaping along the rear property line; redesigned the handicap accessibility ramp; relocated the trash storage for commercial use to the front of the building away from the residential entrance; and represented that the residential units above will each be one-family only; and

WHEREAS, additionally, addressing community concerns about delivery hours and at the Board's request, the applicant further reduced delivery hours from 9 a.m. to 8 p.m.; and

WHEREAS, with regards to concerns regarding parking, the Board notes that a parking availability survey provided by the applicant demonstrates that sufficient parking spaces exist on the surrounding blocks to accommodate the parking demand; and

WHEREAS, in addition, the applicant notes that, though not part of the subject application, two parking spaces are proposed as accessory to the residential units at the site and this represents an increase in parking provided at the premises; and

WHEREAS, at hearing, the Fire Department stated that it has no objection to this application on condition that Department of Buildings reviews egress; and

WHEREAS, in addition, the application requests, pursuant to § 1-14.2 of the Board's Rules of Practice and Procedure, a waiver of Rule § 1-07.3(b)(2) to permit the filing of this application less than two (2) years after the expiration of the term; and

WHEREAS, consistent with Rule § 1-07.3(b)(2), the applicant represents that the prior commercial tenant was evicted for non-payment of rent and for constructing an enclosure in the rear yard without authorization in December 2014, but that substantial prejudice would result without the requested waiver; and

WHEREAS, the Board finds the requested waiver and a ten (10) year extension of the term of the variance are appropriate with certain conditions as set forth below.

*Therefore, it is Resolved,* that the Board of Standards and Appeals waives its Rules of Practice and Procedure and reopens and amends the resolution, dated May 24, 1994, as amended through December 13, 2005, so that as amended this portion of the resolution reads: "to grant an extension of the term of the variance for a term of ten (10) years from the expiration of the last grant, to expire May 24, 2024; *on condition* that all work and site conditions shall comply with drawings filed with this application marked 'Received March 31, 2017'-Six (6) sheets; and *on further condition:*

THAT the term of this grant shall be for ten (10) years, to expire on May 24, 2024;

THAT hours of operation shall be limited to 7 a.m. to 10:30 p.m., Sunday through Thursday, with no music or outdoor seating after 10 p.m., and 7 a.m. to 12 a.m., Friday and Saturday, with no music or outdoor seating after 10 p.m.;

THAT deliveries shall be limited to between 9 a.m. and 8 p.m.;

THAT residential units in the building shall be limited to one single-family dwelling unit per floor;

THAT the rear yard and garage shall only be used by residential tenants;

THAT access to the rear yard for the eating and drinking establishment shall be for emergency egress only;

THAT no storage of commercial materials shall be permitted in the rear yard;

THAT the open portion of the front fence shall be repaired and all fencing shall be maintained in accordance with Board-approved plans;

THAT the ceiling between the first and second floor shall be sound insulated to protect residential occupants from noise emitted by the eating and drinking establishment below;

THAT there shall be no open storage, including storage of vehicles, on the lot;

THAT landscaping shall be maintained in accordance with the Board-approved plans;

THAT all deliveries shall be made from Northern Boulevard;

THAT all exterior lighting shall be directed away from adjacent residences;

THAT all signage shall comply with C1 zoning district regulations;

THAT the above conditions and all conditions from prior resolutions shall appear on the Certificate of Occupancy;

THAT an amended Certificate of Occupancy shall

---

# MINUTES

---

be obtained within one (1) year, by April 4, 2018;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, April 4, 2017.

## 57-95-A

APPLICANT – Mitchell S. Ross, Esq., for Upwest Company, LLC, owner.

SUBJECT – Application February 9, 2015 – Amendment/Time to complete construction filed under Certificate of Occupancy Modification. R7-2 zoning district.

PREMISES AFFECTED – 473 Central Park West, West side of Central Park West between West 107th and West 108th Streets, Block 01843, Lot 32, Borough of Manhattan.

### COMMUNITY BOARD #7M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of time to obtain a Certificate of Occupancy, which expired on September 18, 2008; and

WHEREAS, a public hearing was held on November 24, 2015, after due notice by publication in *The City Record*, with continued hearings on February 2, 2016, April 5, 2016, August 23, 2016, September 27, 2016, and January 31, 2017, and then to decision on April 4, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the west side of Central Park West, between West 107th and West

108th Street, in an R7-2 zoning district, in Manhattan; and

WHEREAS, the site has approximately 24 feet of frontage along Central Park West, 100 feet of depth, 2,400 square feet of lot area and is occupied by a five-story residential building; and

WHEREAS, the Board has exercised jurisdiction over the subject premises since January 29, 1963, when, under BSA Calendar No. 1874-61-A, the Board granted waivers of Sections 216 and 34(6) of the New York State Multiple Dwelling Law (“MDL”), pursuant to MDL § 310, to permit the creation of Class A apartments in the cellar for a term of five (5) years, expiring January 29, 1968, on condition that a Certificate of Occupancy be obtained; and

WHEREAS, the Board granted waivers of the same MDL sections and for the same purposes for adjacent buildings located at 474/475 and 476 Central Park West under BSA Cal. Nos. 1937-61-A and 1871-61-A, respectively (referred to herein, together with the subject premises, as the “Subject Buildings”); and

WHEREAS, on June 18, 1968, December 5, 1972, and January 17, 1978, under BSA Calendar No. 1874-61-A, the Board granted extensions of the term of the MDL waivers for additional five (5) year terms, the last of which expired on January 17, 1983, on condition that a new Certificate of Occupancy be obtained; and

WHEREAS, on October 25, 1983, under BSA Calendar No. 1874-61-A, the Board granted another extension of the term of the MDL waivers for an additional five (5) year term, expiring January 17, 1988, on condition that access to the street through the cellar conform to the Board-approved plans, that, in the event the building was separately sold, an easement permitting the required access to the street must be provided at the time of sale and such easement condition must appear on the Certificate of Occupancy and a new Certificate of Occupancy be obtained within one (1) year; and

WHEREAS, on November 21, 1995, under the subject calendar number, the MDL waivers having lapsed and occupancy of the dwelling units in the cellar having continued, the Board reinstated the waiver for a term of ten (10) years, expiring November 14, 2005, on condition that, in the event the building was separately sold, an easement permitting the required access to the street must be provided at the time of sale and such easement condition must appear on the Certificate of Occupancy, that smoke detectors and exit signs be provided in accordance with the Board-approved plans and a new Certificate of Occupancy be obtained within one (1) year; and

WHEREAS, on March 18, 2008, under the subject calendar number, the Board granted a waiver of its Rules, amended the MDL waivers to eliminate the term of years and extended the time to obtain a Certificate of

---

# MINUTES

---

Occupancy by six months, to be obtained by September 18, 2008, on condition that, in the event the building is sold separately, an easement permitting the required access to the street be provided and all fire safety measures be installed and maintained pursuant to the Board-approved plans; and

WHEREAS, the applicant now seeks an extension of time to obtain a Certificate of Occupancy and a waiver, pursuant to § 1-14.2 of the Board's Rules of Practice and Procedure, of Rule § 1-07.3(d)(2) to permit the filing of this application more than thirty (30) days after the expiration of time to obtain a Certificate of Occupancy; and

WHEREAS, each of the Subject Buildings remains filed under separate calendar numbers, but all three applications were heard together; and

WHEREAS, the photographs submitted with the subject applications raised issues regarding the safety and maintenance of the cellar dwelling units and showed, *inter alia*, the metal stairs, public corridors, flooring and masonry in the buildings' cellars to be in poor condition, impermissible storage of materials along the fire route and maintenance of unenclosed garbage under the stairs and in front of cellar dwelling unit windows; and

WHEREAS, at the public hearing held on November 24, 2015, the Board also raised concerns regarding the substantial number of outstanding Department of Buildings ("DOB") and Housing Preservation and Development ("HPD") violations at the Subject Buildings and requested that all violations be corrected; and

WHEREAS, by letter dated November 23, 2015, the Fire Department requested that any action by the Board on this applications be conditioned on the installation of a full sprinkler system throughout the cellars of the Subject Buildings; and

WHEREAS, shortly before the public hearing held on February 2, 2016, ownership of the Subject Buildings was transferred and the management company for the purchaser proposed a plan to resolve the open violations, which included the replacement and conversion of the boiler systems, installation of fire stopping in the cellar ceilings, installation of an automatic sprinkler system in the cellars, and gut renovation of the 34 dwelling units (out of a total 75 dwelling units in the Subject Buildings) that were vacant; and

WHEREAS, at that public hearing, the Board requested additional information regarding the timeline for the proposed renovations and plans for correcting violations in occupied dwelling units; the Board additionally discussed reinstatement of the term of the MDL waivers due to the present conditions in the Subject Buildings; and

WHEREAS, at this time, the applicant represented

that the vacant dwelling units included two of the four total dwelling units located in the cellar of 473 Central Park West, three of the seven total dwelling units located in the cellar of 474/475 Central Park West and all four of the dwelling units located in the cellar of 476 Central Park West; and

WHEREAS, by letter dated February 25, 2016, in light of the applicant's representation that dwelling units in the Subject Buildings would be gut renovated, the Fire Department revised its recommendation to request that any Board action be conditioned on the installation of sprinklers throughout all dwelling units, hallways and accessory spaces of the Subject Buildings in compliance with the MDL, New York City Building Code and New York City Fire Code; and

WHEREAS, by submission dated March 17, 2016, the applicant voiced its opposition to the Fire Department's request that the Subject Buildings be sprinklered in their entirety on the basis that the Fire Department had misunderstood the representations previously made by the applicant regarding the scope of the proposed renovation work and that no applicable law or code required full sprinklering; and

WHEREAS, by letter dated March 18, 2016, the Fire Department identified testimony by the applicant's representative from the prior public hearing that, indeed, referenced "gut renovations," acknowledged that strict interpretation of applicable codes did not require sprinklers in the Subject Buildings, but stated that its recommendation was, further, based on the historical mismanagement, lack of proper maintenance and violation history of the subject premises and the Fire Department's interest in ensuring that life safety systems in aging buildings are brought to current code, whenever possible; and

WHEREAS, the Board was further alarmed by the physical conditions of the cellar dwelling units as indicated by additional photos of the premises submitted into the record by the applicant's submission, dated March 17, 2016; in particular, the Board expressed concern that the repair work being undertaken to address the existing violations was minor and failing to address or correct underlying building issues, including, but not limited to, evident plumbing leaks and potential mold; and

WHEREAS, the Board noted that given the substantial number of vacant dwelling units in the Subject Buildings located above grade, and, thus, the potential to relocate tenants from the cellar, continued occupancy of the cellar dwelling units and the grant of the relief requested herein could only be justified if the dwelling units in the cellar were maintained in desirable conditions; and

WHEREAS, the Board also stated, at the public hearing held on April 5, 2016, that the significant number

---

# MINUTES

---

of HPD violations and quantity of vacant dwelling units suggested that tenants vacated the Subject Buildings due to the prior owner's neglect and that rent-regulated dwelling units may have been deregulated as a result of these vacancies; and

WHEREAS, by letter dated July 27, 2016, the Fire Department further revised its recommendation to request that sprinklers be installed throughout the cellars of each of the Subject Buildings, including all public areas, service areas, storage areas and residential units; sprinklers be installed in all public hallways and stairways, cellar to bulkhead inclusive, of the Subject Buildings; hard-wired smoke and carbon monoxide detectors be installed in all residential units, both renovated and currently occupied, of the Subject Buildings; and that no vote be taken by the Board until the sprinkler systems are installed and approved by both the Fire Department and DOB; and

WHEREAS, on September 14, 2016, the Board performed a site visit of the Subject Buildings, gained access to the vacant cellar dwelling units, rear and side yards, as well as a recently renovated dwelling unit on an upper floor, but was unable to view any of the occupied cellar dwelling units; at that visit, the project manager in charge of building construction represented that the intention was to retain all demising and interior walls in the cellar apartments, skim coat the walls, paint and install kitchen cabinets, appliances and fixtures, relocate corridor walls and install electrical upgrades, if required by code; and

WHEREAS, at the Executive Session, held on September 26, 2016, the Board stated that these statements contradicted the floorplans submitted with the applicant's submission, dated September 8, 2016, which showed that all interior partitions at the cellar level, including all corridor walls, as new; and

WHEREAS, as a result of these conflicting representations, and the Board's recognition that many of the cellar dwelling units are undersized and non-compliant with MDL regulations regarding minimum unit and room sizes, the Board further stated that it was inclined to deny the subject applications as proposed unless the applicant agreed to comply with the following: gut renovation of the cellars of the Subject Buildings that matches the quality of the renovated units located on the upper floors of the Subject Buildings with full sprinklering in the cellar and hard wired smoke detectors; combination of the cellar units so as to provide units of habitable size and layout in compliance with the MDL; installation of code compliant radiators in lieu of ceiling-mounted coil heating units; relocation of all exposed piping, as necessary, so as to be concealed in the hung ceiling; replacement of all wiring in the cellar; clear route from all cellar units to a second means of egress to the Subject Buildings' side or rear yards via doors rather than windows; installation of a

raised insulated floor in the unit located over the boiler room to reduce the extreme heat load currently experienced in that unit and the maintenance of an 8 foot floor to ceiling height in that unit; relocation of electric and gas meters to an enclosed meter closet in a corridor recess so as to not impact the corridor's width or circulation; an uninterrupted and continuous corridor floor without any features that would compromise access or egress; enclosure of corridor walls with finished material; and replacement of stairs to cellar levels with stairs that meet the rise to run and tread width requirements of the Building Code; and

WHEREAS, the Board further requested that tenants of rent-regulated dwelling units located in the cellars be relocated to apartments located above grade without any increase to their rent and that hard-wired smoke detectors be installed in all rent-regulated dwelling units in the Subject Buildings, whether or not they have been renovated; and

WHEREAS, the Board expressed concern that the requested combination of cellar dwelling units—requested so as to improve the condition of those units, particularly with regards to access to light and air and the provision of secondary means of egress, such that a grant of the requested relief would be warranted—not result in the reduction in the number of rent-regulated dwelling units or an increase in rent for those units' current tenants; and

WHEREAS, at the public hearing held on September 27, 2016, the applicant agreed, to relocate the two remaining tenants of rent-regulated dwelling units located in the cellars to above-grade dwelling units in the Subject Buildings, or other buildings within the owner's real estate portfolio, without any increase in rent and to consult with landlord-tenant counsel to ensure that cellar dwelling units would be combined so as to not reduce the number of rent-regulated units; and

WHEREAS, the applicant provided revised plans for the cellar dwelling units in the Subject Buildings showing a reduction in the number of units in the cellar of 473 Central Park West from four to two (one studio and one two-bedroom unit), a reduction in the number of units in the cellar of 474/475 Central Park West from seven to four (1 one-bedroom, 2 two-bedrooms and one studio) and a reduction in the number of units in the cellar of 476 Central Park West from four to two (one studio and one two-bedroom); and

WHEREAS, of the eight reconfigured cellar dwelling units, the applicant represented that the following four would remain rent-regulated: both units in the cellar of 473 Central Park West (Units A and B), the two-bedroom unit in the cellar of 474 Central Park West (Unit B) and the studio unit in the cellar of 476 Central Park West (Unit A); and

WHEREAS, the applicant additionally stated that

---

# MINUTES

---

one of the last two rent-regulated tenants of cellar dwelling units had successfully been relocated to a formerly fair market apartment at another building under the same ownership as the Subject Buildings', which the applicant represented became rent-regulated as a matter of law, without any increase in rent and that efforts were being made to similarly relocate the final tenant of a cellar dwelling unit in 473 Central Park West; and

WHEREAS, thus, as a result of the reconfiguration of the cellar dwelling units and relocation (and planned relocation) of rent-regulated tenants of these cellar units, the applicant represents that five rent-regulated cellar dwelling units would be retained as follows: four units in the cellars of the Subject Buildings, one new rent-regulated unit in another building under the same ownership as the Subject Buildings and the possibility of a sixth rent-regulated unit, should the final rent-regulated tenant from a cellar unit in 473 Central Park West be relocated to a market rate unit that would become rent-regulated as a matter of law; and

WHEREAS, the applicant agreed to set the first rent for the rent-regulated cellar dwelling units below the current rent threshold at which such units could be eligible for deregulation by the New York State Division of Housing and Community Renewal ("DHCR") and, at the Board's request, provided the rent rolls for the rent-regulated units in the cellars of the Subject Buildings; and

WHEREAS, the applicant satisfactorily addressed the remainder of the Board's concerns, including substantial progress on the correction of outstanding violations, secondary means of egress from the cellar dwelling units, installation of an insulated floor in the cellar dwelling unit located above a boiler room, relocation of the electric and gas meters and reconfiguration of the cellar corridors; and

WHEREAS, nevertheless, the Board notes that the prior owner of the Subject Buildings was greatly enriched by the MDL waivers; the prior owner benefitted, for decades, from rents collected for fifteen cellar dwelling units that that owner failed to maintain in proper and safe condition; and that the current owner initially demonstrated a reluctance to substantially improve these conditions by proposing only to paint and upgrade building systems if required by code; and

WHEREAS, thus, the Board finds that reinstatement of a term is necessary based on the historical lack of maintenance of the cellars at the subject premises; and

WHEREAS, based upon its review of the record, the Board finds that the requested extension of time to obtain a Certificate of Occupancy is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure,

*reopens* and *amends* the resolution, dated November 21, 1995, as amended through March 18, 2008, so that as amended this portion of the resolution reads: "to grant an extension of time to obtain a Certificate of Occupancy to April 4, 2020; *on condition* that all work shall substantially conform to drawings filed with this application marked "Received March 16, 2017"-Seven (7) sheets; and *on further condition*:

THAT a Certificate of Occupancy shall be obtained within three (3) years, by April 4, 2020;

THAT the term of years for the waivers is reinstated, to run from the date of this grant, for a term of thirteen (13) years, expiring April 4, 2030;

THAT the rents for each of the rent-regulated dwelling units in the cellar (473 Central Park West Unit A and 473 Central Park West Unit B) shall start at the maximum monthly rent permitted in New York City for such units, based on size, for tenants earning 100 percent Area Medium Income ("AMI"), calculated as of the time the dwelling unit is first occupied;

THAT DOB shall verify that all window openings meet the lighting and ventilation requirements of MDL § 30;

THAT the cellar shall not be occupied until issuance of the Certificate of Occupancy;

THAT there shall be no construction in the cellar until the final occupant of the cellar has been relocated;

THAT a new sprinkler system fully compliant with the New York City Fire Code and New York City Building Code shall be installed throughout the cellar, including individual dwelling units and hallways, and throughout the hallways and common areas, up to bulkheads of the remainder of the building;

THAT in the event that this building is sold separately from the adjacent buildings at 474/475 and 476 Central Park West, an easement permitting the required access to the street must be provided at the time of sale;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objections(s); and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted."

Adopted by the Board of Standards and Appeals, April 4, 2017.

Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of time to obtain a Certificate of Occupancy, which expired on September 18, 2008; and

WHEREAS, a public hearing was held on November 24, 2015, after due notice by publication in *The City Record*, with continued hearings on February 2, 2016, April 5, 2016, August 23, 2016, September 27, 2016, and January 31, 2017, and then to decision on April 4, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the west side of Central Park West, between West 107th and West 108th Street, in an R7-2 zoning district, in Manhattan; and

WHEREAS, the site has approximately 72 feet of frontage along Central Park West, 100 feet of depth, 7,200 square feet of lot area and is occupied by two five-story residential buildings (474/475 Central Park West and 476 Central Park West; and

WHEREAS, the Board has exercised jurisdiction over the subject premises since January 29, 1963, when, under BSA Calendar No. 1937-61-A, the Board granted waivers of Sections 216 and 34(6) of the New York State Multiple Dwelling Law (“MDL”), pursuant to MDL § 310, to permit the creation of Class A apartments in the cellar for a term of five (5) years, expiring January 29, 1968, on condition that a Certificate of Occupancy be obtained; and

WHEREAS, the Board granted waivers of the same MDL sections and for the same purposes for adjacent buildings located at 473 and 476 Central Park West under BSA Cal. Nos. 1874-61-A and 1871-61-A, respectively (referred to herein, together with the subject premises, as

the “Subject Buildings”); and

WHEREAS, on June 18, 1968, December 5, 1972, and January 17, 1978, under BSA Calendar No. 1937-61-A, the Board granted extensions of the term of the MDL waivers for additional five (5) year terms, the last of which expired on January 17, 1983, on condition that a new Certificate of Occupancy be obtained; and

WHEREAS, on October 25, 1983, under BSA Calendar No. 1937-61-A, the Board granted another extension of the term of the MDL waivers for an additional five (5) year term, expiring January 17, 1988, on condition that access to the street through the cellar conform to the Board-approved plans, that, in the event the building was separately sold, an easement permitting the required access to the street must be provided at the time of sale and such easement condition must appear on the Certificate of Occupancy and a new Certificate of Occupancy be obtained within one (1) year; and

WHEREAS, on November 21, 1995, under the subject calendar number, the MDL waivers having lapsed and occupancy of the dwelling units in the cellar having continued, the Board reinstated the waiver for a term of ten (10) years, expiring November 14, 2005, on condition that, in the event the building was separately sold, an easement permitting the required access to the street must be provided at the time of sale and such easement condition must appear on the Certificate of Occupancy, that smoke detectors and exit signs be provided in accordance with the Board-approved plans and a new Certificate of Occupancy be obtained within one (1) year; and

WHEREAS, on March 18, 2008, under the subject calendar number, the Board granted a waiver of its Rules, amended the MDL waivers to eliminate the term of years and extended the time to obtain a Certificate of Occupancy by six months, to be obtained by September 18, 2008, on condition that, in the event the building is sold separately, an easement permitting the required access to the street be provided and all fire safety measures be installed and maintained pursuant to the Board-approved plans; and

WHEREAS, the applicant now seeks an extension of time to obtain a Certificate of Occupancy and a waiver, pursuant to § 1-14.2 of the Board’s Rules of Practice and Procedure, of Rule § 1-07.3(d)(2) to permit the filing of this application more than thirty (30) days after the expiration of time to obtain a Certificate of Occupancy; and

WHEREAS, each of the Subject Buildings remains filed under separate calendar numbers, but all three applications were heard together; and

WHEREAS, the photographs submitted with the subject applications raised issues regarding the safety and maintenance of the cellar dwelling units and showed, *inter*

---

# MINUTES

---

*alia*, the metal stairs, public corridors, flooring and masonry in the buildings' cellars to be in poor condition, impermissible storage of materials along the fire route and maintenance of unenclosed garbage under the stairs and in front of cellar dwelling unit windows; and

WHEREAS, at the public hearing held on November 24, 2015, the Board also raised concerns regarding the substantial number of outstanding Department of Buildings ("DOB") and Housing Preservation and Development ("HPD") violations at the Subject Buildings and requested that all violations be corrected; and

WHEREAS, by letter dated November 23, 2015, the Fire Department requested that any action by the Board on this applications be conditioned on the installation of a full sprinkler system throughout the cellars of the Subject Buildings; and

WHEREAS, shortly before the public hearing held on February 2, 2016, ownership of the Subject Buildings was transferred and the management company for the purchaser proposed a plan to resolve the open violations, which included the replacement and conversion of the boiler systems, installation of fire stopping in the cellar ceilings, installation of an automatic sprinkler system in the cellars, and gut renovation of the 34 dwelling units (out of a total 75 dwelling units in the Subject Buildings) that were vacant; and

WHEREAS, at that public hearing, the Board requested additional information regarding the timeline for the proposed renovations and plans for correcting violations in occupied dwelling units; the Board additionally discussed reinstatement of the term of the MDL waivers due to the present conditions in the Subject Buildings; and

WHEREAS, at this time, the applicant represented that the vacant dwelling units included two of the four total dwelling units located in the cellar of 473 Central Park West, three of the seven total dwelling units located in the cellar of 474/475 Central Park West and all four of the dwelling units located in the cellar of 476 Central Park West; and

WHEREAS, by letter dated February 25, 2016, in light of the applicant's representation that dwelling units in the Subject Buildings would be gut renovated, the Fire Department revised its recommendation to request that any Board action be conditioned on the installation of sprinklers throughout all dwelling units, hallways and accessory spaces of the Subject Buildings in compliance with the MDL, New York City Building Code and New York City Fire Code; and

WHEREAS, by submission dated March 17, 2016, the applicant voiced its opposition to the Fire Department's request that the Subject Buildings be sprinklered in their entirety on the basis that the Fire

Department had misunderstood the representations previously made by the applicant regarding the scope of the proposed renovation work and that no applicable law or code required full sprinklering; and

WHEREAS, by letter dated March 18, 2016, the Fire Department identified testimony by the applicant's representative from the prior public hearing that, indeed, referenced "gut renovations," acknowledged that strict interpretation of applicable codes did not require sprinklers in the Subject Buildings, but stated that its recommendation was, further, based on the historical mismanagement, lack of proper maintenance and violation history of the subject premises and the Fires Department's interest in ensuring that life safety systems in aging buildings are brought to current code, whenever possible; and

WHEREAS, the Board was further alarmed by the physical conditions of the cellar dwelling units as indicated by additional photos of the premises submitted into the record by the applicant's submission, dated March 17, 2016; in particular, the Board expressed concern that the repair work being undertaken to address the existing violations was minor and failing to address or correct underlying building issues, including, but not limited to, evident plumbing leaks and potential mold; and

WHEREAS, the Board noted that given the substantial number of vacant dwelling units in the Subject Buildings located above grade, and, thus, the potential to relocate tenants from the cellar, continued occupancy of the cellar dwelling units and the grant of the relief requested herein could only be justified if the dwelling units in the cellar were maintained in desirable conditions; and

WHEREAS, the Board also stated, at the public hearing held on April 5, 2016, that the significant number of HPD violations and quantity of vacant dwelling units suggested that tenants vacated the Subject Buildings due to the prior owner's neglect and that rent-regulated dwelling units may have been deregulated as a result of these vacancies; and

WHEREAS, by letter dated July 27, 2016, the Fire Department further revised its recommendation to request that sprinklers be installed throughout the cellars of each of the Subject Buildings, including all public areas, service areas, storage areas and residential units; sprinklers be installed in all public hallways and stairways, cellar to bulkhead inclusive, of the Subject Buildings; hard-wired smoke and carbon monoxide detectors be installed in all residential units, both renovated and currently occupied, of the Subject Buildings; and that no vote be taken by the Board until the sprinkler systems are installed and approved by both the Fire Department and DOB; and

WHEREAS, on September 14, 2016, the Board performed a site visit of the Subject Buildings, gained

access to the vacant cellar dwelling units, rear and side yards, as well as a recently renovated dwelling unit on an upper floor, but was unable to view any of the occupied cellar dwelling units; at that visit, the project manager in charge of building construction represented that the intention was to retain all demising and interior walls in the cellar apartments, skim coat the walls, paint and install kitchen cabinets, appliances and fixtures, relocate corridor walls and install electrical upgrades, if required by code; and

WHEREAS, at the Executive Session, held on September 26, 2016, the Board stated that these statements contradicted the floorplans submitted with the applicant's submission, dated September 8, 2016, which showed that all interior partitions at the cellar level, including all corridor walls, as new; and

WHEREAS, as a result of these conflicting representations, and the Board's recognition that many of the cellar dwelling units are undersized and non-compliant with MDL regulations regarding minimum unit and room sizes, the Board further stated that it was inclined to deny the subject applications as proposed unless the applicant agreed to comply with the following: gut renovation of the cellars of the Subject Buildings that matches the quality of the renovated units located on the upper floors of the Subject Buildings with full sprinklering in the cellar and hard wired smoke detectors; combination of the cellar units so as to provide units of habitable size and layout in compliance with the MDL; installation of code compliant radiators in lieu of ceiling-mounted coil heating units; relocation of all exposed piping, as necessary, so as to be concealed in the hung ceiling; replacement of all wiring in the cellar; clear route from all cellar units to a second means of egress to the Subject Buildings' side or rear yards via doors rather than windows; installation of a raised insulated floor in the unit located over the boiler room to reduce the extreme heat load currently experienced in that unit and the maintenance of an 8 foot floor to ceiling height in that unit; relocation of electric and gas meters to an enclosed meter closet in a corridor recess so as to not impact the corridor's width or circulation; an uninterrupted and continuous corridor floor without any features that would compromise access or egress; enclosure of corridor walls with finished material; and replacement of stairs to cellar levels with stairs that meet the rise to run and tread width requirements of the Building Code; and

WHEREAS, the Board further requested that tenants of rent-regulated dwelling units located in the cellars be relocated to apartments located above grade without any increase to their rent and that hard-wired smoke detectors be installed in all rent-regulated dwelling units in the Subject Buildings, whether or not they have been renovated; and

WHEREAS, the Board expressed concern that the requested combination of cellar dwelling units—requested so as to improve the condition of those units, particularly with regards to access to light and air and the provision of secondary means of egress, such that a grant of the requested relief would be warranted—not result in the reduction in the number of rent-regulated dwelling units or an increase in rent for those units' current tenants; and

WHEREAS, at the public hearing held on September 27, 2016, the applicant agreed, to relocate the two remaining tenants of rent-regulated dwelling units located in the cellars to above-grade dwelling units in the Subject Buildings, or other buildings within the owner's real estate portfolio, without any increase in rent and to consult with landlord-tenant counsel to ensure that cellar dwelling units would be combined so as to not reduce the number of rent-regulated units; and

WHEREAS, the applicant provided revised plans for the cellar dwelling units in the Subject Buildings showing a reduction in the number of units in the cellar of 473 Central Park West from four to two (one studio and one two-bedroom unit), a reduction in the number of units in the cellar of 474/475 Central Park West from seven to four (1 one-bedroom, 2 two-bedrooms and one studio) and a reduction in the number of units in the cellar of 476 Central Park West from four to two (one studio and one two-bedroom); and

WHEREAS, of the eight reconfigured cellar dwelling units, the applicant represented that the following four would remain rent-regulated: both units in the cellar of 473 Central Park West (Units A and B), the two-bedroom unit in the cellar of 474 Central Park West (Unit B) and the studio unit in the cellar of 476 Central Park West (Unit A); and

WHEREAS, the applicant additionally stated that one of the last two rent-regulated tenants of cellar dwelling units had successfully been relocated to a formerly fair market apartment at another building under the same ownership as the Subject Buildings', which the applicant represented became rent-regulated as a matter of law, without any increase in rent and that efforts were being made to similarly relocate the final tenant of a cellar dwelling unit in 473 Central Park West; and

WHEREAS, thus, as a result of the reconfiguration of the cellar dwelling units and relocation (and planned relocation) of rent-regulated tenants of these cellar units, the applicant represents that five rent-regulated cellar dwelling units would be retained as follows: four units in the cellars of the Subject Buildings, one new rent-regulated unit in another building under the same ownership as the Subject Buildings and the possibility of a sixth rent-regulated unit, should the final rent-regulated tenant from a cellar unit in 473 Central Park West be relocated to a market rate unit that would become rent-

---

regulated as a matter of law; and

WHEREAS, the applicant agreed to set the first rent for the rent-regulated cellar dwelling units below the current rent threshold at which such units could be eligible for deregulation by the New York State Division of Housing and Community Renewal (“DHCR”) and, at the Board’s request, provided the rent rolls for the rent-regulated units in the cellars of the Subject Buildings; and

WHEREAS, the applicant satisfactorily addressed the remainder of the Board’s concerns, including substantial progress on the correction of outstanding violations, secondary means of egress from the cellar dwelling units, installation of an insulated floor in the cellar dwelling unit located above a boiler room, relocation of the electric and gas meters and reconfiguration of the cellar corridors; and

WHEREAS, nevertheless, the Board notes that the prior owner of the Subject Buildings was greatly enriched by the MDL waivers; the prior owner benefitted, for decades, from rents collected for fifteen cellar dwelling units that that owner failed to maintain in proper and safe condition; and that the current owner initially demonstrated a reluctance to substantially improve these conditions by proposing only to paint and upgrade building systems if required by code; and

WHEREAS, thus, the Board finds that reinstatement of a term is necessary based on the historical lack of maintenance of the cellars at the subject premises; and

WHEREAS, based upon its review of the record, the Board finds that the requested extension of time to obtain a Certificate of Occupancy is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure, *reopens* and *amends* the resolution, dated November 21, 1995, as amended through March 18, 2008, so that as amended this portion of the resolution reads: “to grant an extension of time to obtain a Certificate of Occupancy to April 4, 2020; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received April 3, 2017”- Seven (7) sheets; and *on further condition*:

THAT a Certificate of Occupancy shall be obtained within three (3) years, by April 4, 2020;

THAT the term of years for the waivers is reinstated, to run from the date of this grant, for a term of thirteen (13) years, expiring April 4, 2030;

THAT the rent for the rent-regulated dwelling unit in the cellar (474 Central Park West Unit B) shall start at the maximum monthly rent permitted in New York City for such units, based on size, for tenants earning 100 percent Area Medium Income (“AMI”), calculated as of the time the dwelling unit is first occupied;

THAT DOB shall verify that all window openings

meet the lighting and ventilation requirements of MDL § 30;

THAT the cellar shall not be occupied until issuance of the Certificate of Occupancy;

THAT a new sprinkler system fully compliant with the New York City Fire Code and New York City Building Code shall be installed throughout the cellar, including dwelling units and hallways, and throughout the hallways and common areas, up to the bulkheads, of the remainder of the building;

THAT in the event that this building is sold separately from the adjacent buildings at 473 and 476 Central Park West, an easement permitting the required access to the street must be provided at the time of sale;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objections(s); and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, April 4, 2017.

## 59-95-A

APPLICANT – Mitchell S. Ross, Esq., for Upwest Company, LLC, owner.

SUBJECT – Application February 9, 2015 – Amendment/Time to complete construction filed under Certificate of Occupancy Modification. R7-2 zoning district.

PREMISES AFFECTED – 476 Central Park West, West side of Central Park West between West 107th and West 108th Streets, Block 01843, Lot 34, Borough of Manhattan.

## COMMUNITY BOARD #7M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and an extension of time to obtain a Certificate of Occupancy, which expired on September 18, 2008; and

---

# MINUTES

---

WHEREAS, a public hearing was held on November 24, 2015, after due notice by publication in *The City Record*, with continued hearings on February 2, 2016, April 5, 2016, August 23, 2016, September 27, 2016, and January 31, 2017, and then to decision on April 4, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the west side of Central Park West, between West 107th and West 108th Street, in an R7-2 zoning district, in Manhattan; and

WHEREAS, the site has approximately 72 feet of frontage along Central Park West, 100 feet of depth, 7,200 square feet of lot area and is occupied by two five-story residential buildings (474/475 Central Park West and 476 Central Park West); and

WHEREAS, the Board has exercised jurisdiction over the subject premises since January 29, 1963, when, under BSA Calendar No. 1871-61-A, the Board granted waivers of Sections 216 and 34(6) of the New York State Multiple Dwelling Law (“MDL”), pursuant to MDL § 310, to permit the creation of Class A apartments in the cellar for a term of five (5) years, expiring January 29, 1968, on condition that a Certificate of Occupancy be obtained; and

WHEREAS, the Board granted waivers of the same MDL sections and for the same purposes for adjacent buildings located at 473 and 474/475 Central Park West under BSA Cal. Nos. 1874-61-A and 1937-61-A, respectively (referred to herein, together with the subject premises, as the “Subject Buildings”); and

WHEREAS, on June 18, 1968, December 5, 1972, and January 17, 1978, under BSA Calendar No. 1871-61-A, the Board granted extensions of the term of the MDL waivers for additional five (5) year terms, the last of which expired on January 17, 1983, on condition that a new Certificate of Occupancy be obtained; and

WHEREAS, on October 25, 1983, under BSA Calendar No. 1871-61-A, the Board granted another extension of the term of the MDL waivers for an additional five (5) year term, expiring January 17, 1988, on condition that access to the street through the cellar conform to the Board-approved plans, that, in the event the building was separately sold, an easement permitting the required access to the street must be provided at the time of sale and such easement condition must appear on the Certificate of Occupancy and a new Certificate of Occupancy be obtained within one (1) year; and

WHEREAS, on November 21, 1995, under the subject calendar number, the MDL waivers having lapsed and occupancy of the dwelling units in the cellar having continued, the Board reinstated the waiver for a term of

ten (10) years, expiring November 14, 2005, on condition that, in the event the building was separately sold, an easement permitting the required access to the street must be provided at the time of sale and such easement condition must appear on the Certificate of Occupancy, that smoke detectors and exit signs be provided in accordance with the Board-approved plans and a new Certificate of Occupancy be obtained within one (1) year; and

WHEREAS, on March 18, 2008, under the subject calendar number, the Board granted a waiver of its Rules, amended the MDL waivers to eliminate the term of years and extended the time to obtain a Certificate of Occupancy by six months, to be obtained by September 18, 2008, on condition that, in the event the building is sold separately, an easement permitting the required access to the street be provided and all fire safety measures be installed and maintained pursuant to the Board-approved plans; and

WHEREAS, the applicant now seeks an extension of time to obtain a Certificate of Occupancy and a waiver, pursuant to § 1-14.2 of the Board’s Rules of Practice and Procedure, of Rule § 1-07.3(d)(2) to permit the filing of this application more than thirty (30) days after the expiration of time to obtain a Certificate of Occupancy; and

WHEREAS, each of the Subject Buildings remains filed under separate calendar numbers, but all three applications were heard together; and

WHEREAS, the photographs submitted with the subject applications raised issues regarding the safety and maintenance of the cellar dwelling units and showed, *inter alia*, the metal stairs, public corridors, flooring and masonry in the buildings’ cellars to be in poor condition, impermissible storage of materials along the fire route and maintenance of unenclosed garbage under the stairs and in front of cellar dwelling unit windows; and

WHEREAS, at the public hearing held on November 24, 2015, the Board also raised concerns regarding the substantial number of outstanding Department of Buildings (“DOB”) and Housing Preservation and Development (“HPD”) violations at the Subject Buildings and requested that all violations be corrected; and

WHEREAS, by letter dated November 23, 2015, the Fire Department requested that any action by the Board on this applications be conditioned on the installation of a full sprinkler system throughout the cellars of the Subject Buildings; and

WHEREAS, shortly before the public hearing held on February 2, 2016, ownership of the Subject Buildings was transferred and the management company for the purchaser proposed a plan to resolve the open violations, which included the replacement and conversion of the

---

# MINUTES

---

boiler systems, installation of fire stopping in the cellar ceilings, installation of an automatic sprinkler system in the cellars, and gut renovation of the 34 dwelling units (out of a total 75 dwelling units in the Subject Buildings) that were vacant; and

WHEREAS, at that public hearing, the Board requested additional information regarding the timeline for the proposed renovations and plans for correcting violations in occupied dwelling units; the Board additionally discussed reinstatement of the term of the MDL waivers due to the present conditions in the Subject Buildings; and

WHEREAS, at this time, the applicant represented that the vacant dwelling units included two of the four total dwelling units located in the cellar of 473 Central Park West, three of the seven total dwelling units located in the cellar of 474/475 Central Park West and all four of the dwelling units located in the cellar of 476 Central Park West; and

WHEREAS, by letter dated February 25, 2016, in light of the applicant's representation that dwelling units in the Subject Buildings would be gut renovated, the Fire Department revised its recommendation to request that any Board action be conditioned on the installation of sprinklers throughout all dwelling units, hallways and accessory spaces of the Subject Buildings in compliance with the MDL, New York City Building Code and New York City Fire Code; and

WHEREAS, by submission dated March 17, 2016, the applicant voiced its opposition to the Fire Department's request that the Subject Buildings be sprinklered in their entirety on the basis that the Fire Department had misunderstood the representations previously made by the applicant regarding the scope of the proposed renovation work and that no applicable law or code required full sprinklering; and

WHEREAS, by letter dated March 18, 2016, the Fire Department identified testimony by the applicant's representative from the prior public hearing that, indeed, referenced "gut renovations," acknowledged that strict interpretation of applicable codes did not require sprinklers in the Subject Buildings, but stated that its recommendation was, further, based on the historical mismanagement, lack of proper maintenance and violation history of the subject premises and the Fire Department's interest in ensuring that life safety systems in aging buildings are brought to current code, whenever possible; and

WHEREAS, the Board was further alarmed by the physical conditions of the cellar dwelling units as indicated by additional photos of the premises submitted into the record by the applicant's submission, dated March 17, 2016; in particular, the Board expressed concern that the repair work being undertaken to address the existing

violations was minor and failing to address or correct underlying building issues, including, but not limited to, evident plumbing leaks and potential mold; and

WHEREAS, the Board noted that given the substantial number of vacant dwelling units in the Subject Buildings located above grade, and, thus, the potential to relocate tenants from the cellar, continued occupancy of the cellar dwelling units and the grant of the relief requested herein could only be justified if the dwelling units in the cellar were maintained in desirable conditions; and

WHEREAS, the Board also stated, at the public hearing held on April 5, 2016, that the significant number of HPD violations and quantity of vacant dwelling units suggested that tenants vacated the Subject Buildings due to the prior owner's neglect and that rent-regulated dwelling units may have been deregulated as a result of these vacancies; and

WHEREAS, by letter dated July 27, 2016, the Fire Department further revised its recommendation to request that sprinklers be installed throughout the cellars of each of the Subject Buildings, including all public areas, service areas, storage areas and residential units; sprinklers be installed in all public hallways and stairways, cellar to bulkhead inclusive, of the Subject Buildings; hard-wired smoke and carbon monoxide detectors be installed in all residential units, both renovated and currently occupied, of the Subject Buildings; and that no vote be taken by the Board until the sprinkler systems are installed and approved by both the Fire Department and DOB; and

WHEREAS, on September 14, 2016, the Board performed a site visit of the Subject Buildings, gained access to the vacant cellar dwelling units, rear and side yards, as well as a recently renovated dwelling unit on an upper floor, but was unable to view any of the occupied cellar dwelling units; at that visit, the project manager in charge of building construction represented that the intention was to retain all demising and interior walls in the cellar apartments, skim coat the walls, paint and install kitchen cabinets, appliances and fixtures, relocate corridor walls and install electrical upgrades, if required by code; and

WHEREAS, at the Executive Session, held on September 26, 2016, the Board stated that these statements contradicted the floorplans submitted with the applicant's submission, dated September 8, 2016, which showed that all interior partitions at the cellar level, including all corridor walls, as new; and

WHEREAS, as a result of these conflicting representations, and the Board's recognition that many of the cellar dwelling units are undersized and non-compliant with MDL regulations regarding minimum unit and room sizes, the Board further stated that it was inclined to deny the subject applications as proposed unless the applicant

---

# MINUTES

---

agreed to comply with the following: gut renovation of the cellars of the Subject Buildings that matches the quality of the renovated units located on the upper floors of the Subject Buildings with full sprinklering in the cellar and hard wired smoke detectors; combination of the cellar units so as to provide units of habitable size and layout in compliance with the MDL; installation of code compliant radiators in lieu of ceiling-mounted coil heating units; relocation of all exposed piping, as necessary, so as to be concealed in the hung ceiling; replacement of all wiring in the cellar; clear route from all cellar units to a second means of egress to the Subject Buildings' side or rear yards via doors rather than windows; installation of a raised insulated floor in the unit located over the boiler room to reduce the extreme heat load currently experienced in that unit and the maintenance of an 8 foot floor to ceiling height in that unit; relocation of electric and gas meters to an enclosed meter closet in a corridor recess so as to not impact the corridor's width or circulation; an uninterrupted and continuous corridor floor without any features that would compromise access or egress; enclosure of corridor walls with finished material; and replacement of stairs to cellar levels with stairs that meet the rise to run and tread width requirements of the Building Code; and

WHEREAS, the Board further requested that tenants of rent-regulated dwelling units located in the cellars be relocated to apartments located above grade without any increase to their rent and that hard-wired smoke detectors be installed in all rent-regulated dwelling units in the Subject Buildings, whether or not they have been renovated; and

WHEREAS, the Board expressed concern that the requested combination of cellar dwelling units—requested so as to improve the condition of those units, particularly with regards to access to light and air and the provision of secondary means of egress, such that a grant of the requested relief would be warranted—not result in the reduction in the number of rent-regulated dwelling units or an increase in rent for those units' current tenants; and

WHEREAS, at the public hearing held on September 27, 2016, the applicant agreed, to relocate the two remaining tenants of rent-regulated dwelling units located in the cellars to above-grade dwelling units in the Subject Buildings, or other buildings within the owner's real estate portfolio, without any increase in rent and to consult with landlord-tenant counsel to ensure that cellar dwelling units would be combined so as to not reduce the number of rent-regulated units; and

WHEREAS, the applicant provided revised plans for the cellar dwelling units in the Subject Buildings showing a reduction in the number of units in the cellar of 473 Central Park West from four to two (one studio and one two-bedroom unit), a reduction in the number of units

in the cellar of 474/475 Central Park West from seven to four (1 one-bedroom, 2 two-bedrooms and one studio) and a reduction in the number of units in the cellar of 476 Central Park West from four to two (one studio and one two-bedroom); and

WHEREAS, of the eight reconfigured cellar dwelling units, the applicant represented that the following four would remain rent-regulated: both units in the cellar of 473 Central Park West (Units A and B), the two-bedroom unit in the cellar of 474 Central Park West (Unit B) and the studio unit in the cellar of 476 Central Park West (Unit A); and

WHEREAS, the applicant additionally stated that one of the last two rent-regulated tenants of cellar dwelling units had successfully been relocated to a formerly fair market apartment at another building under the same ownership as the Subject Buildings', which the applicant represented became rent-regulated as a matter of law, without any increase in rent and that efforts were being made to similarly relocate the final tenant of a cellar dwelling unit in 473 Central Park West; and

WHEREAS, thus, as a result of the reconfiguration of the cellar dwelling units and relocation (and planned relocation) of rent-regulated tenants of these cellar units, the applicant represents that five rent-regulated cellar dwelling units would be retained as follows: four units in the cellars of the Subject Buildings, one new rent-regulated unit in another building under the same ownership as the Subject Buildings and the possibility of a sixth rent-regulated unit, should the final rent-regulated tenant from a cellar unit in 473 Central Park West be relocated to a market rate unit that would become rent-regulated as a matter of law; and

WHEREAS, the applicant agreed to set the first rent for the rent-regulated cellar dwelling units below the current rent threshold at which such units could be eligible for deregulation by the New York State Division of Housing and Community Renewal ("DHCR") and, at the Board's request, provided the rent rolls for the rent-regulated units in the cellars of the Subject Buildings; and

WHEREAS, the applicant satisfactorily addressed the remainder of the Board's concerns, including substantial progress on the correction of outstanding violations, secondary means of egress from the cellar dwelling units, installation of an insulated floor in the cellar dwelling unit located above a boiler room, relocation of the electric and gas meters and reconfiguration of the cellar corridors; and

WHEREAS, nevertheless, the Board notes that the prior owner of the Subject Buildings was greatly enriched by the MDL waivers; the prior owner benefitted, for decades, from rents collected for fifteen cellar dwelling units that that owner failed to maintain in proper and safe condition; and that the current owner initially

---

# MINUTES

---

demonstrated a reluctance to substantially improve these conditions by proposing only to paint and upgrade building systems if required by code; and

WHEREAS, thus, the Board finds that reinstatement of a term is necessary based on the historical lack of maintenance of the cellars at the subject premises; and

WHEREAS, based upon its review of the record, the Board finds that the requested extension of time to obtain a Certificate of Occupancy is appropriate with certain conditions, as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure, *reopens* and *amends* the resolution, dated November 21, 1995, as amended through March 18, 2008, so that as amended this portion of the resolution reads: “to grant an extension of time to obtain a Certificate of Occupancy to April 4, 2020; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received April 3, 2017”-Seven (7) sheets; and *on further condition*:

THAT a Certificate of Occupancy shall be obtained within three (3) years, by April 4, 2020;

THAT the term of years for the waivers is reinstated, to run from the date of this grant, for a term of thirteen (13) years, expiring April 4, 2030;

THAT the rent for the rent-regulated dwelling unit in the cellar (476 Central Park West Unit A) shall start at the maximum monthly rent permitted in New York City for such units, based on size, for tenants earning 100 percent Area Medium Income (“AMI”), calculated as of the time the dwelling unit is first occupied;

THAT DOB shall verify that all window openings meet the lighting and ventilation requirements of MDL § 30;

THAT the cellar shall not be occupied until issuance of the Certificate of Occupancy;

THAT a new sprinkler system fully compliant with the New York City Fire Code and New York City Building Code shall be installed throughout the cellar, including individual dwelling units and hallways, and throughout the hallways and common areas, up to the bulkheads, of the remainder of the building;

THAT in the event that this building is sold separately from the adjacent buildings at 473 and 474/475 Central Park West, an easement permitting the required access to the street must be provided at the time of sale;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objections(s); and

THAT DOB must ensure compliance with all

other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, April 4, 2017.

SUBJECT – Application March 27, 2015 – Variance pursuant to Section 310 of the NYSMDL to allow the 2,708 square foot penthouse enlargement to a non-fireproof Old law Tenement building contrary to the height regulations. C4-6AEc-3 zoning district.

PREMISES AFFECTED – 230 West 97<sup>th</sup> Street, Block 1868, Lot 44, Borough of Manhattan.

### COMMUNITY BOARD #7M

ACTION OF THE BOARD – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated March 5, 2015, acting on Alteration Application No. 104599043 reads in pertinent part:

“MDL 211.1” “Proposed increase in bulk and/or height exceeds threshold of 5 stories for non-fireproof tenement”; and

WHEREAS, this is an application pursuant to Multiple Dwelling Law (“MDL”) § 310 to legalize the vertical enlargement of a seven-story, with cellar, non-fireproof old-law tenement, contrary to MDL § 211(1); and

WHEREAS, a public hearing was held on this application on September 20, 2016, after due notice by publication in *The City Record*, with a continued hearing on December 13, 2016, and then to decision on April 4, 2017; and

WHEREAS, former Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the southeast corner of Broadway and West 97th Street, within a C4-6A zoning district and the Special Enhanced Commercial District 3, in Manhattan; and

WHEREAS, the site has approximately 101 feet of frontage along Broadway, 100 feet of frontage along West 97th Street and 10,092 square feet of lot area;

WHEREAS, the site is occupied by an existing seven-story, with cellar, building with a one-story penthouse enlargement; and

WHEREAS, prior to being enlarged, the building contained 56,104 square feet of floor area (5.57 FAR) on seven stories, 75 feet in height with commercial uses in the cellar and on the first floor and 31 residential apartments on the first through seventh floors; and

WHEREAS, the enlarged building currently contains 58,812 square feet of floor area (5.84 FAR) on eight stories, 82 feet in height with an additional three dwelling units on the eighth floor; and

WHEREAS, Certificate of Occupancy No. 107626, issued on July 19, 1995, and Certificate of Occupancy No. 58572, issued on November 1, 1969, indicate that the existing building is an “old-law tenement,” which MDL § 4(11) defines, in pertinent part, as “a tenement existing before April twelfth, nineteen hundred one”; and

WHEREAS, accordingly, the existing building was a tenement built prior to April 12, 1901; and

WHEREAS, the applicant proposes to legalize the eighth-story penthouse enlargement that occurred between 2007 and 2008 pursuant to an invalid building permit issued under Alteration Application No. 104599043; and

WHEREAS, the applicant states that the eighth story contains three apartments and 2,078 square feet of floor area resulting in a building with a total floor area of 58,812 square feet (5.84 FAR); and

WHEREAS, the applicant notes that the enlargement is fully compliant with the zoning district regulations applicable to the subject site, but that it does not comply with MDL § 211(1); and

WHEREAS, MDL § 211(1) prohibits any non-fireproof tenement from being increased in height so that it exceeds five stories without adhering to the MDL provisions applicable to multiple dwellings erected after April 18, 1929; and

WHEREAS, accordingly, the applicant requests that the Board exercise its authority under MDL § 310 to permit the eighth-story enlargement, contrary to MDL § 211(1); and

WHEREAS, pursuant to MDL § 310(2)(a), the Board has the authority to vary or modify certain provisions of the MDL for multiple dwellings that existed on July 1, 1948, provided that the Board determines that strict compliance with such provisions would cause practical difficulties or unnecessary hardships, and that the spirit and intent of the MDL are maintained, public health, safety and welfare are preserved, and substantial justice is done; and

WHEREAS, as noted above, the building was constructed prior to April 12, 1901, and existed on July

---

# MINUTES

---

1, 1948; therefore, the building is subject to MDL § 310(2)(a); and

WHEREAS, specifically, MDL § 310(2)(a) empowers the Board to vary or modify provisions or requirements related to: (1) height and bulk; (2) required open spaces; (3) minimum dimensions of yards or courts; (4) means of egress; and (5) basements and cellars in tenements converted to dwellings; and

WHEREAS, the Board notes that MDL § 211(1) specifically relates to the height and bulk of tenements; therefore, the Board has the power to vary or modify the subject provision under MDL § 310(2)(a)(1); and

WHEREAS, turning to the findings under MDL § 310(2)(a), the applicant asserts that practical difficulty and unnecessary hardship would result from strict compliance with the MDL; and

WHEREAS, the applicant states that the eighth-story enlargement would be lawful were it to conform to Article 4 of the MDL, which would require, among other things, the reconstruction of all floors of the building with non-combustible material and the creation of a new stairwell, which would reduce the size of existing apartments throughout the building as evidenced by plans submitted by the applicant comparing the existing enlargement with an enlargement of the building compliant with Article 4; and

WHEREAS, the applicant also represents that demolition of the eighth-story enlargement or compliance with Article 4 of the MDL would both result in extraordinary construction costs and provided cost estimates to that effect; and

WHEREAS, based on the above, the Board agrees that there are practical difficulties or unnecessary hardship in complying with the requirements of the MDL; and

WHEREAS, the applicant states that the requested variance of MDL § 211(1) is consistent with the spirit and intent of the MDL, and will preserve public health, safety and welfare, and substantial justice; and

WHEREAS, specifically, the applicant states that the proposal includes numerous fire safety improvements to mitigate the existing fire infirmities inherent in the subject building; and

WHEREAS, the Board notes that MDL § 2 (“Legislative Finding”) provides that the intent of the law is to protect against dangers such as “overcrowding of multiple dwelling rooms, inadequate provision for light and air, and insufficient protection against the defective provision for escape from fire . . .”; and

WHEREAS, the applicant represents that the proposed enlargement will not impact existing fire safety measures and will, to the contrary, improve fire

safety at the subject site; and

WHEREAS, specifically, the applicant proposes to provide the following fire safety improvements: (1) full sprinklering of all common areas; (2) installation of a full automatic wet sprinkler system in the basement; (3) addition of emergency lighting, with back-up battery power, in all common areas; (4) addition of 5/8” gypsum board to all hallway walls and ceilings, resulting in a three-hour fire rating for the walls and ceilings; (5) installation of 1-1/2 hour fire-rated doors in all apartments; (6) installation of full automatic wet sprinkler systems in 15 of the existing 31 apartments; and (7) installation of hard-wired smoke and carbon-monoxide detectors in 15 of the existing 31 apartments; and

WHEREAS, the applicant further proposes to install a full automatic wet sprinkler system and hard-wire the existing battery-operated smoke and carbon-monoxide detectors in the remaining 16 of the existing 31 apartments as they become vacant and to install 1-1/2 hour fire-rated doors in all stairwells; and

WHEREAS, in response to concerns from the Board, the applicant further notes that a substantial number of the improvements to fire safety have already been installed throughout the building, including 5/8” gypsum board on the walls and ceilings of common areas, sprinklers and hard-wired smoke detectors in some apartments with existing tenants, and 1-1/2 hour fire-rated doors on all floors; and

WHEREAS, at the Board’s request, the applicant provided an evacuation plan for the subject site, which provides two means of egress for all existing apartments; and

WHEREAS, in response to questions from the Board, the applicant provided additional information about the site’s alternate entrance at 226 West 97th Street, which the applicant represents is not a primary entrance but a convenience opening subject to an egress easement agreement utilized as a fireproof exit from the subject building to the street, and the applicant represents that the area subject to this agreement is sprinklered and of fireproof construction and that the door between the subject site and 226 West 97th Street will be three-hour fire-rated; and

WHEREAS, the Board notes that this use of 226 West 97th Street was the subject of an Order from the State of New York Division of Housing and Community Renewal (“DHCR”), Docket Number DS430004OD, issued May 31, 2016, granting permission to modify the lobby of the subject building to utilize a newly constructed corridor connected to the lobby of 226 West 97th Street pursuant to the terms of a signed Agreement between the owners and the tenants, a copy of which was attached to the order; and

---

# MINUTES

---

WHEREAS, the applicant submitted a plan of the first floor of 226 West 97th Street, represents that the convenience opening indicated therein is in compliance with the DHCR Order and attached Agreement, and, accordingly, this plan of the first floor of 226 West 97th Street has been included in the set of plan approved in connection with this application; and

WHEREAS, the applicant also represents that the combustible deck on the roof complies with the Building Code because it covers 15 percent, which is no more than 20 percent as permitted, of the roof area; that the first floor of the building is concrete and fireproof; and that the proposed fire safety measures will result in a substantial increase to the public health, safety, and welfare, which far outweighs any impact from the proposed enlargement; and

WHEREAS, the Board notes that the owner has agreed to record a Restrictive Declaration against the property stating that rents will not be increased for any rent-regulated or rent-stabilized tenant as a result of the safety improvements made in order to legalize the eighth story enlargement and that recordation of such Declaration has been incorporated as a condition of this grant; and

WHEREAS, based on the above, the Board finds that the proposed variance to the height and bulk requirements of MDL § 211(1) will maintain the spirit and intent of the MDL, preserve public health, safety and welfare, and ensure that substantial justice is done; and

WHEREAS, accordingly, the Board finds that the applicant has submitted adequate evidence in support of the findings required to be made under MDL § 310(2)(a) and that the requested variance of the height and bulk requirements of MDL § 211(1) is appropriate, with certain conditions set forth below.

*Therefore it is Resolved*, that the decision of the Department of Buildings (“DOB”), dated March 5, 2015, be *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law and that the application be *granted* limited to the objection noted, *on condition* that construction shall substantially conform to the drawings filed with the application marked “Received March 31, 2017”–Twenty-Five (25) sheets, and that all applicable laws, rules and regulations shall be complied with, and *on further condition*:

THAT all work described on the Board-approved drawings, including sprinkler installation, shall be completed prior to the issuance of a certificate of occupancy;

THAT the Board has no objection to the issuance of temporary certificates of occupancy for the eighth-story penthouse enlargement or other dwelling units

within the building provided that, prior to the issuance of any temporary certificate of occupancy for the eighth-story enlargement, the fire escape has been extended and all other fire safety work related to the eighth-story enlargement has been completed;

THAT the Egress Easement Agreement permitting a second means of egress from the subject site through 226 West 97th Street be recorded with the Office of the City Register;

THAT a restrictive declaration, which requires that no rent be increased as a result of any fire safety work completed within the building pursuant to the Board’s variance of MDL § 211(1), shall be placed on the property;

THAT a copy of the restrictive declaration shall be recorded with the Office of the City Register and made part of the Department of Buildings file prior to the issuance of a certificate of occupancy;

THAT the restrictive declaration shall be noted on the certificate of occupancy and on any temporary certificate of occupancy, if any be issued;

THAT the recorded restrictive declaration shall substantially conform to the form and substance of the following:

DECLARATION made this \_\_\_\_ of \_\_\_\_\_, 2017, by 230 West 97th Street, LLC, hereinafter referred to as the “Grantor,” hereinafter referred to as the “Declarant,” with a principal office located at 421 Seventh Avenue, 11th Floor, New York, NY 10001.

WHEREAS, the Declarant is the fee owner of certain land located in the City and State of New York, Borough of Manhattan, designated as Block 1868 Lot 44, on the Tax Map of the City of New York, hereinafter referred to as Parcel A (the “Subject Premises”), more particularly described by a metes and bounds description set forth in Schedule A annexed hereto and by this reference made a part hereof:

WHEREAS, the Declarant has requested the New York City Board of Standards and Appeals (the “BSA”) act upon BSA Cal. No. 68-15-A; and

WHEREAS, the BSA, requires Declarant to execute and file this restrictive declaration prior to obtaining a Certificate of Occupancy for the subject Premises.

NOW, THEREFORE, in consideration of BSA approval to allow the 2,708 square foot penthouse enlargement, contrary to the height regulations of Section 211 of the New York State Multiple Dwelling Law, Declarant

---

# MINUTES

---

does hereby declare that Declarant and his successors and/or assigns shall be legally responsible for operating and maintaining the Subject Premises in compliance with the following restrictions:

1. Declarant covenants and agrees that it will not increase the rent, as of the date of this agreement, of any rent-regulated or rent-stabilized tenant, as a result of the safety improvements required by the BSA in connection with its approval under BSA Cal. No. 68-15-A.
2. This declaration may not be modified, amended or terminated without the prior written consent of the BSA.
3. The covenants set forth herein shall run with the land and be binding upon and inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns;
4. Failure to comply with the terms of this declaration may result in the revocation of a building permit or Certificate of Occupancy as well as any other authorization or waiver granted by the BSA; and
5. This declaration shall be recorded at the city register's office against the Subject Premises and title of the declaration shall be recorded on each temporary and permanent certificate of occupancy hereafter issued to any building located on the subject Premises and in any deed for the conveyance thereof.

IN WITNESS WHEREOF, Declarant has made and executed the foregoing restrictive declaration as of the date hereinabove written.

THAT the dimensions of the proposed dwelling units in the penthouse shall be subject to review by the Department of Buildings;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings related to the Multiple Dwelling Law;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals,

April 4, 2017.

**2016-4139-A**

APPLICANT – Alexander Levkovich, for Zafar Mahmudov, owner.

SUBJECT – Application March 16, 2016 – Proposed construction of 2-story, 2-family semi-detached home not fronting on a legally mapped street contrary to General City Law 36, R3-1 zoning district.

PREMISES AFFECTED – 3737 Cypress Avenue, Block 6791, Lot 58, Borough of Brooklyn.

**COMMUNITY BOARD #13BK**

ACTION OF THE BOARD – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated December 19, 2016, acting on New Building Application No. 321176142, reads in pertinent part:

“The street giving access to the proposed building is not duly placed on the official map of the City of New York therefore:

A) No Certificate of Occupancy can be issued pursuant to Article 3, Section 36 of the General City Law;

B) Proposed construction does not have at least 8% of the total perimeter of building fronting directly upon a legally mapped street or frontage space contrary to Section 501.3.1 of the 2014 NYC Building Code”; and

WHEREAS, this is an application to allow the construction of two single-family semi-detached residences that do not front on a mapped street, contrary to General City Law (“GCL”) § 36; and

WHEREAS, a public hearing was held on this application on February 28, 2017, after due notice by publication in *The City Record*, and then to decision on April 4, 2017; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 13, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located in a private community known as Seagate, on the north side of Cypress Avenue, between Sea Gate Avenue and West 37th Street, within an R3-1 zoning district, in Brooklyn;

---

# MINUTES

---

and

WHEREAS, the site has approximately 53 feet of frontage along Cypress Avenue, 100 feet of depth, 5,250 square feet of lot area and is vacant; and

WHEREAS, the applicant proposes to construct two single-family semi-detached residences at the premises; and

WHEREAS, the applicant represents that the site is located within Zone AE, a special flood hazard area, notes that the new dwellings will be raised to accommodate the FEMA and DOB requirements for base flood elevation and are designed to comply with the relevant building codes and flood requirements; and

WHEREAS, GCL § 36 provides that no certificate of occupancy shall be issued for any building unless a street or highway giving access to such structure has been officially mapped and adequately improved in respect to the public health, safety and general welfare; and

WHEREAS, GCL § 36 empowers the Board to vary this requirement where its enforcement would entail practical difficulty or unnecessary hardship and where the circumstances of the case do not require the structure to be related to existing or proposed streets or highways; and

WHEREAS, because the subject site is only accessible from Cypress Avenue, which is not a street duly placed on the official map of the City of New York, the applicant seeks the relief requested herein; and

WHEREAS, by letter dated January 31, 2017, the Fire Department states that it has no objection to this application provided that a hydrant be located within 250 feet of the main front entrance and that the proposed structure be fully sprinklered in accordance with Chapter 5 of the New York City Fire Code; and

WHEREAS, in response, the applicant revised the plans to indicate compliance with the Fire Department's conditions; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore, it is Resolved*, that the decision of the Department of Buildings, dated December 19, 2016, acting on Application No. 321176142, be *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be *granted*, limited to the objection noted, *on condition* that construction shall substantially conform to the drawings filed with the application marked "Received March 16, 2017"– One (1) sheet; and that all applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT the residences shall be fully sprinklered;  
THAT a hydrant shall be located within 250 feet of the main front entrance of each residence;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, April 4, 2017.

### 2016-4152-BZ

#### CEQR #15-BSA-028K

APPLICANT – Law Office of Jay Goldstein, for Midyan Gate Realty No. 3 LLC, owner.

SUBJECT – Application March 28, 2016 – Special Permit (§73-19) to allow a school (UG 3) (*Yeshiva Darche Eres*) to occupy a portion of the first floor and the entirety of the second, third and fourth floors of the Premises, contrary to use regulation (§42-10). M1-1 (OP) zoning district.

PREMISES AFFECTED – 325 Avenue Y, Block 7192, Lot 45, Borough of Brooklyn.

#### COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated September 14, 2016, acting on Alteration Application No. 321312263 reads in pertinent part:

“Proposed use group 3 school is not permitted in a Manufacturing Zoning District, as per ZR 42-10”; and

WHEREAS, this is an application, under ZR §§ 73-19 and 73-03, to legalize the operation of a school (Use Group 3) within an M1-1 zoning district and the Special Ocean Parkway District, contrary to ZR § 42-10; and

WHEREAS, the application is filed on behalf of Yehsivat Darche Eres, a non-profit religious corporation (the “School”); and

WHEREAS, a public hearing was held on this application on September 13, 2016, after due notice by publication in *The City Record*, with continued hearings on November 15, 2016, January 31, 2017, and March 7, 2017, and then to decision on April 4, 2017; and

WHEREAS, Vice-Chair Chanda, Commissioner Montanez and Commissioner Ottley-Brown performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application, but noted board members’ concerns regarding traffic during drop off and pick up times; and

WHEREAS, the subject site is located on the north side of Avenue Y, between Shell Road and West 3rd Street, within an M1-1 zoning district and the

Special Ocean Parkway District, in Brooklyn; and

WHEREAS, the subject site has approximately 240 feet of frontage along Avenue Y, 110 feet of depth, 25,800 square feet of lot area and is occupied by a four-story, with cellar, mixed- use commercial and community facility building and accessory attendant parking for 40 cars; and

WHEREAS, the Board has exercised jurisdiction over the subject site since July 29, 2014, when, under BSA Calendar Number 311-13-BZ, the Board granted an application to permit, under ZR § 73-36, the operation of a physical culture establishment (“PCE”) for a term of ten (10) years, expiring October 1, 2023, on condition that parking for all uses within the building be as reviewed and approved by DOB, there be no change in ownership or operating control of the PCE without prior Board approval, Local Law 58/87 compliance be as reviewed and approved by DOB and fire safety measures be installed and maintained as shown on the approved plans; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR §§ 73-19 and 73-03, to legalize the existing school on a portion of the first floor and the entirety of the second through fourth floors of the existing four-story building, which has operated at the site since September 2016; and

WHEREAS, ZR § 73-19 provides as follows:

In C8 or M1 Districts, the Board of Standards and Appeals may permit *schools* which have no *residential* accommodations except *accessory* accommodations for a caretaker, provided that the following findings are made:

- (a) that within the neighborhood to be served by the proposed *school* there is no practical possibility of obtaining a site of adequate size located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;
- (b) that such *school* is located not more than 400 feet from the boundary of a district wherein such *school* is permitted as-of-right;
- (c) that an adequate separation from noise, traffic and other adverse effects of the surrounding non-*Residential Districts* is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along *lot lines* of the *zoning lot*; and

---

# MINUTES

---

- (d) that the movement of traffic through the *streets* on which the *school* is located can be controlled so as to protect children going to and from the *school*. The Board shall refer the application to the Department of Traffic for its report with respect to vehicular hazards to the safety of children within the block and in the immediate vicinity of the proposed site.

The Board may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, as a threshold matter, the Board notes that the site is located in a zoning district in which a special permit pursuant to ZR § 73-19 is available and the applicant represents that the School meets the ZR § 12-10 definition of “school” that the subject special permit is intended to permit because it provides full-time day instruction and a course of study that meets the requirements of Section 3204, 3205 and 3210 of the New York State Education Law; and

WHEREAS, the School was founded in 2011, has a total enrollment of 867 students of ages 2-17, currently operates its pre-school, boys’ elementary school and boys’ high school at other locations and its girls’ elementary school at the subject site; and

WHEREAS, at full capacity, the subject building is anticipated to accommodate 631 students, in day care through 6th grade, in 33 classrooms along with accessory rooms including an art and music room, a multi-purpose room, a library, learning center computer room, science lab and administrative offices; and

WHEREAS, with regard to ZR § 73-19(a), the applicant submits that there is no practical possibility of obtaining a site of adequate size in the neighborhood to be served because the School’s programmatic needs require, at a minimum, 40,000 square feet of floor space; and

WHEREAS, the applicant provided a survey of sites within the area bound by Avenue S, Avenue Y, Coney Island Avenue and McDonald Avenue, the center point of their student catchment area, located within adjacent R3-1, R4, R5 or R6A zoning districts where a UG 3 school would be permitted as-of-right, able to be developed with a building containing 40,000 square feet of floor space and not occupied with substantial improvements (i.e. with buildings having a floor area ratio (“FAR”) of 1.0 or less); and

WHEREAS, the submitted survey represents that, within an adjacent R6A zoning district, where the maximum FAR for a community facilities is 3.0, one lot having 13,000 square feet of lot area or more exists, but

the existing building, having 0.89 FAR, is owner-occupied; within the adjacent R3-1 zoning district, in which the maximum FAR for a community facility is 1.0, no lots having 40,000 square feet of lot area or more exist; there is one site located partially within an adjacent R3-1 zoning district and partially located within an adjacent R5 zoning district having a lot area of more than 40,000 square feet, but such lot is occupied by an active synagogue; within an adjacent R5 zoning district, where the maximum FAR for a community facility is 2.0, there are no lots having a lot area of 20,000 square feet or more without substantial improvements; and within an adjacent R4 zoning district, where the maximum FAR for a community facility is 2.0, there are five lots having 20,000 square feet of lot area or more, but three are owner-occupied, the fourth is park occupied by athletic fields and the fifth is partially located within a C8-1 zoning district where a UG 3 school is not permitted as-of-right; and

WHEREAS, in light of the foregoing, the Board finds that the requirement of ZR § 73-19(a) has been met; and

WHEREAS, as for the finding required under ZR § 73-19(b), the applicant states that the eastern lot line of the subject site is located on the district boundary between an M1-1 and an R4 zoning district, where the School would be permitted as-of right, and that the site is within 400 feet of such R4 zoning district; and

WHEREAS, the applicant also submitted to the Board a radius map showing that the subject site is less than 400 feet from an R4 zoning district; and

WHEREAS, accordingly, the Board finds that the requirements of ZR § 73-19(b) are met; and

WHEREAS, in response to the findings set forth in ZR § 73-19(c), the applicant has provided the Board with a noise study that examined both mobile and stationary noise sources and concluded that noise levels at the site fall within an acceptable range; and

WHEREAS, review of the noise study by the New York City Department of Environmental Protection (“DEP”) concluded that the building must provide composite window/wall noise attenuation of 33 dBA and an alternative means of ventilation must be incorporated into the building design and construction; and

WHEREAS, the Board adopts the recommendations of DEP with regards to noise and finds that, with compliance of those recommendations, that the requirements of ZR § 73-19(c) have been met; and

WHEREAS, with regards to meeting the requirements of ZR § 73-19(d), the applicant, in consultation with the New York City Department of Transportation (“DOT”) proposes the following:

---

# MINUTES

---

changes to the traffic signal timing at the intersection of 86th Street Shell Road and Avenue X and the intersection of Shell Road and Avenue Y; an increase in width to a nearby traffic lane; the creation of a 280-foot long “no standing” zone along the north side of Avenue Y on school days from 7:00 a.m. to 10:00 a.m. and 3 p.m. to 6 p.m.; funding a Traffic Enforcement Agent to help facilitate traffic movements near the school during peak periods; placement of two school crossing guards at the intersections of Shell Road and Avenue Y and at West 3rd Street and Avenue Y; arrival of buses from the east into the “no standing” zone; using the existing parking lot for the drop off and pick up of children by private transport; and prohibiting bus parking in front of the site; and

WHEREAS, the Board additionally referred the application to the School Safety Engineering Office of DOT, which, by letter dated February 1, 2017, states that the proposed changes to the traffic signal timing, lane restriping, modifications to the parking regulations and placement of a Traffic Enforcement Agent with two school crossing guards appear reasonable and feasible; and

WHEREAS, accordingly, the Board finds that the requirements of ZR § 73-19(d) are met; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-19; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, among other things, ZR §§ 73-01 through 73-04; and

WHEREAS, the applicant represents that any hazards or disadvantages to the community at large are outweighed by the advantages to be derived by the grant of this special permit; and

WHEREAS, at hearing, the Board expressed concerns regarding the operational plan for dropping off and picking up students, parking for the PCE currently located in the subject building as well as buses utilized for the School, the number of bathrooms provided, trash storage and HVAC noise protection; and

WHEREAS, in response, the applicant represents, and DOT confirms, that a “no standing” zone was obtained in front of the School; that the School will employ staff members and security guards during hours of student arrival and departure to ensure the safe and efficient transfer of students from buses and private transport to the building; that spaces in the existing parking lot will be made available for drop-offs and pickups from private transport; that the PCE currently leases 30 parking spaces at 599 Avenue Z, one block southeast of the subject site, on a month-to-month basis,

thereby allowing the School’s proposed use of the parking lot for private transport pickup and drop-off; and provided notes on the drawings that the bathrooms are compliant with applicable codes, refrigerated and dry trash storage will be located in the cellar and vinyl fencing with sound attenuation will be installed around the HVAC units located on the roof; and

WHEREAS, the Board notes that it takes no position as to the legal validity or compliance, with zoning regulations or other relevant law under DOB’s jurisdiction, of the PCE’s leasing of off-site parking spaces and, at hearing, expressed doubts that such an arrangement is necessary because the PCE and the School have different hours of peak use of the parking lot; and

WHEREAS, by letter dated August 25, 2016, the Fire Department states that the building is fully protected by existing sprinklers, that the School will include an approved interior fire alarm and that all egress locations, egress paths, egress travel distances and roof access are acceptable; and

WHEREAS, the Board finds that any adverse effects of the School on the neighborhood will be minimized by appropriate conditions; and

WHEREAS, the applicant represents that the subject special permit will not interfere with any public improvement project; and

WHEREAS, based upon its review of the record, the Board concludes that the findings required under ZR §§ 73-19 and 73-03 have been met; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement CEQR No. 15BSA028K, dated July 11, 2014 and the Technical Memorandum submitted January 20, 2017; and

WHEREAS, the EAS and Technical Memorandum document that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; or Construction; and

WHEREAS, by letter dated February 1, 2017, DOT states that the proposed changes to the traffic signal timing, lane restriping, modifications to the

---

# MINUTES

---

parking regulations and placement of a Traffic Enforcement Agent with two school crossing guards appear reasonable and feasible; and

WHEREAS, DEP reviewed the application with regards to air quality, hazardous material and noise; by letter dated March 8, 2016, DEP states that no significant air quality impact from the proposal are anticipated; by letter dated February 10, 2017, DEP states that it finds the results of the indoor quality survey provided by the applicant to be acceptable; and by letter dated March 30, 2017, DEP concludes that the provision of a composite window and wall noise attenuation of 33 dBA and an alternate means of ventilation incorporated into the building design and construction will be efficient to address the noise effects of the surrounding area and that, based on the number of school buses, vans and cars generated by the proposal, the proposal would not cause a significant mobile source noise impact; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment.

*Therefore, it is Resolved,* that the Board of Standards and Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1997, as amended, and makes each and every one of the required findings under ZR §§ 73-19 and 73-03 to legalize the operation of a school (Use Group 3) within a portion of the first floor and the entirety of the second, third and fourth floors of the existing four-story building, located within an M1-1 zoning district and the Special Ocean Parkway District, contrary to ZR § 42-10; *on condition* that all work shall substantially conform to drawings as they apply to the objections above noted filed with this application marked “Received April 3, 2017”—Twelve (12) sheets; and *on further condition:*

THAT buses shall arrive from the east and pull into the no-standing zone;

THAT a “no standing” zone shall be maintained in front of the School;

THAT the opposite side of the street shall be maintained opened for businesses;

THAT a Traffic Enforcement Agent and two school crossing guards shall be employed to facilitate traffic movements and to improve pedestrian and vehicular safety and operation associated with the subject school;

THAT no parking of buses shall be permitted in front of the site;

THAT the maximum student population of the subject school shall be 631;

THAT the trash shall be stored inside the building interior at all times prior to pick up;

THAT the existing physical culture establishment at the site shall be permitted to use the on-site parking lot when the School is not in session;

THAT a composite window/wall noise attenuation of 33 dBA shall be provided in the existing building;

THAT an alternate means of ventilation shall be incorporated into the building design and construction;

THAT the above condition shall be stated on the certificate of occupancy;

THAT an amended certificate of occupancy shall be obtained within one (1) year, by April 4, 2018;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, April 4, 2017.

### **CEQR #16-BSA-107R**

APPLICANT – Law Office of Steven Simicich, for CeeJay Real Estate Development Corp., owner.

SUBJECT – Application April 8, 2016 – Variance (§72-21) to permit the construction of single family detached home, contrary to side yard and minimum distance regulation (ZR §23-461c). R3A zoning district.

PREMISES AFFECTED – 94 Elm Street, Block 158, Lot 84, Borough of Staten Island.

### **COMMUNITY BOARD #1SI**

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the New York City Department of Buildings (“DOB”), dated March 16,

---

# MINUTES

---

2016, acting on Application No. 520263223 reads in pertinent part:

“ZR 23-461(c): The proposed side yard and open area requirements are not provided and contrary to ZR 23-461(c) in that the proposed side yard is less than 8 feet required between buildings containing residences”; and

WHEREAS, this is an application under ZR § 72-21, to permit, in an R3A zoning district and within a Lower Density Growth Management Area, the construction of a two story plus cellar single-family detached residence that does not comply with minimum open area distance between buildings and required side yards, contrary to ZR § 23-461(c); and

WHEREAS, a public hearing was held on this application on March 7, 2017, after due notice by publication in *The City Record*, with continued hearing on April 4, 2017, and then to decision on that date; and

WHEREAS, Commissioner Montanez performed an inspection of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 1, Staten Island, recommends approval of this application; and

WHEREAS, the subject site is located on the west side of Elm Street, between Richmond Terrace and Henderson Avenue, in an R3A zoning district and a Lower Density Growth Management Area, on Staten Island; and

WHEREAS, the site has approximately 23 feet of frontage along Elm Street, 2,672 square feet of lot area, and is currently vacant; and

WHEREAS, the applicant proposes to develop the subject site with a two-story, plus cellar detached single-family residence with 1,600 square feet of floor area and a floor area ratio (“FAR”) of 0.60, a 3’-0” side yard along the southern lot line resulting in a 6’-7” open area between the subject proposed residence and the residence immediately to the south and a 5’-0” side yard on the north side of the site resulting in a 5’-2” open area between the subject proposal and the residence immediately to the north, contrary to ZR § 23-461(c); and

WHEREAS, the applicant represents that while the subject site meets the minimum lot area requirements for a single-family detached residence pursuant to ZR § 23-32, it does not meet the minimum lot width requirement of that same section (25 feet), yet the subject proposal is permitted, pursuant to ZR § 23-33 because the subject zoning lot was owned separately and individually from all other adjoining tracts of land on December 8, 2005 and will be so separately owned on the date of application for a building permit; and

WHEREAS, at the subject site, pursuant to ZR § 23-461(c)(1), an open area with a minimum total width

of eight feet is required between buildings containing residences on adjacent zoning lots; and

WHEREAS, additionally, pursuant to ZR § 23-461(c)(2), where such open area requirements result in side yards totaling more than 13 feet on the subject zoning lot, the width of such side yards may be reduced to not less than five feet, provided that the total width of both side yards on the subject zoning lot is at least 13 feet; and

WHEREAS, the applicant represents that developing a residence on the subject lot, which is only 23 feet wide, in compliance with ZR § 23-461(c) would result in an uninhabitable residence, only 10 feet; and

WHEREAS, therefore, in order to develop the property as proposed, the applicant seeks a waiver for the minimum open area distance between buildings requirements of ZR § 23-461(c)(1) and the side yard requirements of ZR § 23-461(c)(2); and

WHEREAS, the applicant states that, per ZR § 72-21(a), the following are unique physical conditions, which create practical difficulties and unnecessary hardship in developing the subject site in conformance with underlying district regulations: (1) the narrowness of the lot and (2) the close proximity of adjacent residential buildings to the side lot lines; and

WHEREAS, the applicant has provided the Board with a uniqueness study of lots on the subject block as well as the block immediately east of the subject site located in an R3A zoning district (the “Study Area”), consisting of 179 total tax lots, demonstrating that eight other vacant lots exist within the Study Area; five of the eight lots are held under common ownership with an adjacent lot and the remaining three are wider than the subject site with widths of either 50 feet or 70 feet; and

WHEREAS, in addition, the applicant notes that the residence to its immediate south is located only 3’-7” from the subject site’s southern side lot line and the residence to its immediate north is located only 2 inches from the subject site’s northern lot line, meaning that strict compliance with ZR § 23-461(c) would result in a residence that would be too narrow to be practically inhabited; and

WHEREAS, based on the above, the Board finds that the aforementioned unique physical conditions create unnecessary hardship and practical difficulty in developing the site in conformance with the applicable zoning regulations; and

WHEREAS, the Board has determined that because of the subject lot’s unique physical conditions, there is no reasonable possibility that compliance with applicable zoning regulation will result in a habitable home; and

WHEREAS, the applicant represents that the proposed building will not alter the essential character

---

# MINUTES

---

of the neighborhood, will not substantially impair the appropriate use or development of adjacent property, and will not be detrimental to the public welfare, in accordance with ZR § 72-21(c); and

WHEREAS, the applicant represents that the surrounding area has a mix of residence types; that the proposed detached single-family residence is consistent with the mix of existing single- and two-family detached and semi-detached residences in the neighborhood; and that the proposed 5 foot reduction in side yard width and 1'-5" and 2'-10" reductions in open area between the subject proposed residence and residences located on adjacent lots will not impair the light and air of those adjacent residences; and

WHEREAS, the applicant provided the Board with a 1937 Sanborn Map showing that a residence previously occupied the subject site while residences existed on adjoining lots and that narrow open areas existed among the three residences, existing, and therefore reconstructing a home on the subject site will only replicate a historical condition; and

WHEREAS, the applicant additionally agreed to equip the entire subject proposed residence with an automatic sprinkler system to mitigate concerns of fire spread due to the close proximity of the subject proposal and its neighbors; and

WHEREAS, the Board finds that this action will not alter the essential character of the neighborhood, nor impair the use of development of adjacent properties, nor will it be detrimental to the public welfare, in accordance with ZR § 72-21(c); and

WHEREAS, the applicant states that the practical difficulties and unnecessary hardship are inherent in the narrow width of the site and that the owner or predecessor has not created any of these conditions; and

WHEREAS, specifically, the applicant submitted a 1917 Sanborn Map showing that the site existed at its current narrow width and the site has not been subdivided since then, therefore the narrowness was not self-created; and

WHEREAS, the Board finds that, consistent with ZR § 72-21(d), the hardship herein was not created by the owner or a predecessor in title, but was due to the peculiarities of the site; and

WHEREAS, the Board also finds that this proposal is the minimum necessary to afford the owner relief, in accordance with ZR § 72-21(e); and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR, Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR

Checklist No. 16-BSA-107R, dated April 8, 2016; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review, and makes each and every one of the required findings under ZR § 72-21 to permit, in an R3A zoning district, the construction of a two story plus cellar single-family detached residence that does not comply with open area between buildings and side yard requirements, contrary to ZR § 23-461(c); *on condition* that all work shall substantially conform to drawings filed with this application marked "Received March 22, 2017"- Twelve (12 sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: side yards with minimum widths of 5 feet and 3 feet, as indicated on the BSA-approved plans;

THAT the subject building shall be fully sprinklered, as indicated on the BSA-approved plans;

THAT substantial construction shall be completed in accordance with ZR § 72-23;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, April 4, 2017.

## **2016-4210-BZ**

APPLICANT – Law Office of Steven Simicich, for James De Francesco, owner.

SUBJECT – Application May 26, 2016 – Variance (§72-21) to permit the construction of a single family detached home contrary to ZR §107-42 (Lot Area) and ZR §23-47 (Rear Yard) regulations. R3-1 (SRD) zoning district.

PREMISES AFFECTED – 19 Robinson Avenue, Block 5315, Lot 62, Borough of Staten Island.

## **COMMUNITY BOARD #3SI**

**ACTION OF THE BOARD** – Application Denied.

**THE VOTE TO GRANT** –

---

# MINUTES

---

Affirmative: Vice Chair Chanda and Commissioner Montanez.....2

Negative: Chair Perlmutter and Commissioner Ottley-Brown.....2

## THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated May 24, 2016, acting on DOB Application No. 520225578 reads in pertinent part:

1. ZR 107-42: Proposed Building is non-compliance [*sic*] of ZR 107-42 for lot area;
2. ZR 23-47: Proposed Building is non-compliance [*sic*] of ZR 23-47 for required 30.00 feet year [*sic*] yard; and

WHEREAS, this is an application under ZR § 72-21 to permit, within an R3-1 zoning district and the Special South Richmond Development District, the construction of a two-story single-family detached home that does not comply with minimum lot size and rear yard requirements, contrary to ZR §§ 107-42 and 23-47; and

WHEREAS, a public hearing was held on this application on December 6, 2016, after due notice by publication in *The City Record*, with a continued hearing on February 14, 2017, and then to decision on April 4, 2017; and

WHEREAS, Commissioner Montanez performed an inspection of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 3, Staten Island, recommends approval of this application; and

WHEREAS, the subject site is located on the north side of Robinson Avenue, between Hylan Boulevard and Tennyson Drive, in an R3-1 zoning district and the Special South Richmond Development District, on Staten Island; and

WHEREAS, the site has approximately 40 feet of frontage along Robinson Avenue, a depth of 85 feet, 3,400 square feet of lot area and is currently undeveloped; and

WHEREAS, the applicant asserts that the site was formerly occupied by a residence at least since 1937 until 1979, when it was destroyed by fire and subsequently demolished; and

WHEREAS, the applicant proposes to construct a two-story detached single-family residence on the site with 1,955 square feet of floor area, a floor area ratio of 0.58 and a rear yard of 25 feet; and

WHEREAS, at the subject site, a lot having a minimum of 3,800 square feet of lot area is required for a single-family detached residence pursuant to ZR § 107-42 and a rear yard with a depth of at least 30 feet is required pursuant to ZR § 23-47; and

WHEREAS, the applicant represents that the proposal otherwise complies with all zoning regulations

applicable in the subject zoning district and the Special South Richmond Development District; and

WHEREAS, the applicant states that, pursuant to ZR § 72-21(a), the narrow width and shallow depth of the site create practical difficulty and unnecessary hardship in redeveloping the site in conformance with the underlying district regulations; and

WHEREAS, specifically, the applicant submits that the subject site is the only similarly-sized vacant lot within the immediately surrounded area that cannot be redeveloped as-of-right and, in support of that contention, provided a study of the area four blocks north and south of the site in the same R3-1 zoning district (the “Study Area”) concluding that there are only six other privately owned vacant lots within the Study Area and, of those six, four are triangular corner lots having lot areas ranging from 180 square feet to 1,300 square feet and are far too undersized to be developed on their own and the remaining two, both previously occupied with residences demolished after Hurricane Sandy, are re-developable as-of-right pursuant to the Special Regulations for Neighborhood Recovery Zoning Text (Article VI, Chapter IV, Appendix A of the Zoning Resolution), which permits, on zoning lots having less than the prescribed minimum lot area or lot width required in the applicable zoning district, reconstruction of single-family or two-family detached residences destroyed by Hurricane Sandy; and

WHEREAS, the applicant further states that residences on lots within the Study Area having a depth of less than 95 feet, similar to the subject site, could be rebuilt or elevated with a rear yard only 25 feet in depth pursuant to ZR § 67-A353, which permits a six inch reduction in the rear yard depth for each foot by which the mean lot depth is less than 95 feet; and

WHEREAS, the applicant also directs the Board’s attention to a portion of ZR § 107-42, which further states:

However, one *single-family detached residence* or, where permitted, one *single* or *two-family residence*, may be built upon a *zoning lot* consisting entirely of a tract of land, that:

- (a) Has less than the minimum *lot area* or *lot width* required pursuant to this Section; and
- (b) Was owned separately and individually from all other adjoining tracts of land, both on December 8, 2005, and on the date of application for a building permit; and

WHEREAS, the applicant states that because the subject site was owned in common with the adjacent lot, Lot 64, on December 8, 2005, the proposed single-family detached residence cannot be constructed as-of-right; and

WHEREAS, prior to an amendment effective December 5, 2005, ZR § 107-42 permitted the

---

# MINUTES

---

construction of a single-family detached residence on a tract of land having less than the minimum lot area required if it was owned separately and individually from all other adjoining tracts of land “both on September 11, 1975, and on the date of application for a building permit”; and

WHEREAS, with regards to the history of ownership of the site, the applicant submits that the subject lot was owned separately and individually from all other adjacent tracts of land on September 11, 1975, that the premise has been owned in common with Lot 64 since 1982 and that both lots were sold to the current owner in 1987 and remained in common ownership at the time of hearings; and

WHEREAS, the applicant accordingly submits that prior to the 2005 amendment, construction of a single-family detached residence was permitted as-of-right at the subject site in satisfaction ZR § 107-42; and

WHEREAS, at hearing, some Board commissioners recognized that the change in the text, effective December 8, 2005, prevented the as-of-right development of the subject proposal only insofar as it changed the date upon which the site to be developed was required to be owned separately and individually from all other adjoining tracts of land and did not impose any zoning criteria on the lot that created a new hardship; and

WHEREAS, another commissioner opined that the change in date did impose a zoning criteria that created a new hardship on the site and rendered it undevelopable with a single-family residence as-of-right; and

WHEREAS, all of the commissioners agreed that the applicant conclusively established that the subject site was owned separately and individually from all other adjoining tracts of land on September 11, 1975, and observed that, prior to the 2005 text change, the subject applicant, as owner of Lot 64, could have developed a single-family detached residence on the subject lot on an as-of-right basis as long as ownership of either the subject lot or Lot 64 was transferred, either through gift or sale, to another party as of the date of application for a building permit so as to comply with the separate and individual ownership requirement of ZR § 107-42; and

WHEREAS, some commissioners noted that narrow lot conditions are often remedied by the purchase of an adjacent lot, and that in variance cases, vacant narrow lots are often distinguished from similarly-sized lots located in a particular study area by the fact that they are not owned in common and used in conjunction with adjacent lots and, thus, have no opportunity for as-of-right development without the requested relief; and

WHEREAS, in this case, however, the same Board commissioners observe that because the subject lot is owned in common with Lot 64, directly adjacent and occupied with a single-family detached residence, it may

be developed in connection with Lot 64 as-of-right; and

WHEREAS, in response, the applicant states that an enlargement of the existing residence on Lot 64 is not desired and that such enlargement would be inconsistent with the character of the neighborhood, in contrast with the proposal, which the applicant averred is similar in size to surrounding residences; and

WHEREAS, the same Board commissioners responded that a preference for development different from that permitted as-of-right in the Zoning Resolution cannot serve as the basis for a variance; and

WHEREAS, the applicant directed the Board’s attention to its decision in 165 Woolley Avenue, Staten Island, BSA Cal. No. 213-14-BZ (Oct. 27, 2015) (“Woolley”), wherein the Board granted a variance permitting the development of a single-family detached residence on a 3,600 square foot lot that did not meet the minimum lot area requirements and did not qualify for the exception under ZR § 23-33, which permits the development of single-family detached residences on undersized lots if, among other things, and similar to ZR § 107-42, the lot was owned separately and individually from all other adjoining tracts of land on December 8, 2005, and the date of application for a building permit; and

WHEREAS, the applicant asserts that in Woolley, the site requesting relief was owned in conjunction with an adjacent lot from 1952 to 2008; the site requesting relief could have been developed under applicable zoning regulations at the time the site was acquired by the applicant; all the adjacent lots were developed with residences and, therefore, merger and redevelopment of the site requesting relief with its neighbors would likely result in the demolition of an existing home or a significant alteration resulting in a residence that was out of context with the surrounding area; the site requesting relief existed in the same dimensions since at least 1907; the site requesting relief was only 200 square feet smaller than the minimum required for the proposed development and appeared zoning compliant from the street; and that 100 percent of the lots on the same block were smaller than the minimum lot area requirement and developed with single-family residences; and

WHEREAS, the applicant submits that, similarly, the subject site was owned in common with an adjacent lot from 1982 to the present; when purchased in 1987, the subject site could have been developed with a single-family detached residence as-of-right; merger with the commonly owned adjacent lot would result in its demolition or significant alteration that would be out of context with the neighborhood; the subject site has existed in its current dimensions since at least 1937; the subject site is only 400 square feet smaller than the minimum required for the proposed development and appears zoning

---

# MINUTES

---

compliant from the street; 84 percent of the lots on the same block are smaller than the minimum lot area requirement and developed with residences; and

WHEREAS, certain Board commissioners noted that Woolley is distinguished from the subject application in that, in 2008, the zoning of the site was changed from an R3X zoning district (where, pursuant to ZR § 23-32, the minimum lot area required for development with a single-family detached residence is 3,325 square feet) to an R2 zoning district (where the minimum lot area required is 3,800 square feet, pursuant to the same section) and the site was, as a result, no longer able to be developed with a single-family residence as-of-right; therefore, the text change that affected the development potential of the site requesting relief was the rezoning, specifically the change in the minimum lot area requirement, and not any change to the date on which, pursuant to ZR § 23-33, the site requesting relief was required to be owned separately and individually from all adjacent tracts of land; and

WHEREAS, the same Board commissioners also observed that, because the site requesting relief in Woolley was not held in common ownership with any adjacent lots at the time of the application, there was no as-of-right development scenario that would not have required the acquisition of adjacent tracts of land, further distinguishing it from the subject application, where the subject lot may be utilized or developed in connection with Lot 64, with which it is commonly owned; and

WHEREAS, accordingly, two commissioners find that the subject site was neither unique nor subject to practical difficulties or unnecessary hardship in satisfaction of ZR § 72-21(a) and, thus, the variance request must be denied; and

WHEREAS, the remaining two commissioners find Woolley to be instructive, the effect on development potential brought about by a re-zoning (as in Woolley) to be comparable to the change in development potential caused by the change in the operative day of separate ownership in ZR § 107-42 and that the evidence and arguments submitted by applicant enables a finding that ZR § 72-21(a) has been satisfied in this case; and

WHEREAS, pursuant to § 1-11.5 of the Board's Rules of Practice and Procedure a concurring vote of at least three (3) commissioners is necessary for a decision to grant an application and a failure to receive the requisite three (3) votes is to be deemed a denial; and

WHEREAS, in addition, ZR § 72-21(a) is a threshold finding that must be met for a grant of a variance and the absence of a quorum on this finding obviates Board analysis of the remaining findings set forth in ZR § 72-21; and

*Therefore, it is Resolved,* that the decision of the Department of Buildings, dated May 24, 2016, acting on

Department of Buildings Application No. 520225578, is sustained and the subject application is hereby denied.

Adopted by the Board of Standards and Appeals, April 4, 2017.

**\*CORRECTION**

**This resolution adopted on October 16, 2007, under Calendar No. 298-06-A and printed in Volume 92, Bulletin Nos. 39-41, is hereby corrected to read as follows:**

**298-06-A**

APPLICANT – Glen V. Cutrona, AIA, for John Massamillo, owner.

SUBJECT – Application November 13, 2006 – Proposed construction of a four story mixed use (commercial & residential) bldg. located within the bed of mapped street( Victory Boulevard ) contrary to General City Law Section 35 . C4-2 /R5 Zoning District. Companion BZ case under Cal. No. 297-06-BZ.

PREMISES AFFECTED – 130 Montgomery Avenue, between Victory Boulevard and Fort Place, Block 17, Lot 116, Borough of Staten Island.

**COMMUNITY BOARD #1SI**

APPEARANCES –

For Applicant: Glen V. Cutrona.

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Srinivasan, Vice Chair Collins, Commissioner Ottley-Brown and Commissioner Hinkson.....4  
Negative:.....0

**THE RESOLUTION** –

WHEREAS, the decision of the Staten Island Borough Commissioner, dated November 6, 2006 and updated on August 8, 2007, acting on Department of Buildings Application No. 500855452, reads in pertinent part:

“Objection #1 – Construction proposed in the bed of a final mapped street that is contrary to Article 111, Section 35 of the General City Law”; and

WHEREAS, this application requests permission to build a mixed-use building, partially located within the bed of a mapped street (Victory Boulevard Extension); and

WHEREAS, a separate application was filed under BSA Cal. No. 297-06-BZ, for waivers of rear yard and lot coverage requirements pursuant to ZR § 72-21 and is addressed within a separate resolution; and

WHEREAS, a public hearing was held on this application on September 18, 2007 after due notice by publication in the *City Record*, and then to closure and decision on October 16, 2007; and

WHEREAS, by letter dated February 23, 2007, the Department of Transportation (DOT) states that it has

reviewed the application and requests that the sidewalk and curb adjacent to the proposed development should follow the same width and alignment as currently exists adjacent to the improved properties on the west side of Montgomery Avenue; and

WHEREAS, the Board notes that DOT did not indicate that it intends to include the applicant’s property in its ten-year capital plan; and

WHEREAS, in response to DOT’s request, the applicant agreed that once the Builder’s Pavement Plan is prepared it will follow the same width and alignment as currently exists adjacent to the improved properties on the west side of Montgomery Avenue, and

WHEREAS, by letter dated July 30, 2007, DOT states that it has reviewed the applicant’s submission and has no further comments; and

WHEREAS, by letter dated September 27, 2007, the Fire Department states that it has reviewed the application and has no objection; and

WHEREAS, by letter dated December 21, 2006, the Department of Environmental Protection (DEP) states that it has reviewed the above application and advises the Board that there is an adopted Drainage Plan PRD-2D, Sheet 7 of 9, which calls for two 10-in. diameter sanitary sewer and a 12-in. diameter storm sewer in the bed of the Victory Boulevard Extension between Montgomery Avenue and Monroe Avenue; and

WHEREAS, therefore, DEP requires that the applicant either amend the drainage plan or provide a Sewer Corridor with a minimum width of 35’-0” in the bed of the Victory Boulevard Extension between Montgomery Avenue and Monroe Avenue for the purpose of installation, maintenance, and/or reconstruction of two 10-in. diameter drainage plan sanitary sewer and a 12-in. diameter drainage plan storm sewer; and

WHEREAS, in response to DEP’s request, the applicant met with DEP and provided evidence of the existing conditions of the sewers at the site; and

WHEREAS, by letter dated March 5, 2007 , DEP states that it has reviewed the evidence submitted and finds that there is no need to modify the drainage plan at this time; and

WHEREAS, the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore it is Resolved* that the decision of the Staten Island Borough Commissioner, dated November 6, 2006 and updated on August 8, 2007, acting on Department of Buildings Application No 500855452, is modified by the power vested in the Board by Section 35 of the General City Law, and that this appeal is granted, limited to the decision noted above; *on condition* that construction shall substantially conform to the drawing filed with the application marked “Received August 8, 2007,” “A-2b” - one (1) sheet; that the proposal shall

---

# MINUTES

---

comply with all applicable zoning district requirements; and that all other applicable laws, rules, and regulations shall be complied with; and *on further condition*:

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, October 16, 2007.

**\*The resolution has been amended.  
Corrected in Bulletin No 15, Vol. 102, dated April 20, 2017.**

## \*CORRECTION

**This resolution adopted on January 31, 2017, under Calendar No. 137-15-BZ and printed in Volume 102, Bulletin No. 6, is hereby corrected to read as follows:**

### **137-15-BZ CEQR #15-BSA-214Q**

APPLICANT – Law Office of Jay Goldstein for Congregation YGS, owner.

SUBJECT – Application – Variance (72-21) change of use and enlargement from existing Use Group 9 trade school to use Group 3 religious school (*Yeshiva Godolah Seminary*) with additional classrooms and dormitories. M1-1 zoning district.

PREMISES AFFECTED – 74-10 88<sup>th</sup> Street, Block 3810, Lot 93, Borough of Queens.

### **COMMUNITY BOARD #5Q**

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....5

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Queens Borough Commissioner dated June 8, 2015, acting on DOB Application No. 421079442 reads in pertinent part:

1. Proposed ‘UG 3 Occupancy Group E’ in M1-1 Zoning District is not permitted use as of right to comply with ZR 42-00; and

WHEREAS, this is an application under ZR § 72-21 to permit, on a site located in an M1-1 zoning district, the occupancy of a Use Group 3 school and Use Group 3 school dormitory that does not comply with use regulations, contrary to ZR § 42-00; and

WHEREAS, this application is filed on behalf of the United Talmudical Seminary (the “Yeshiva”), a non-profit religious corporation; and

WHEREAS, a public hearing was held on this application on July 19, 2016, after due notice by publication in *The City Record*, with continued hearings on September 27, 2016, and December 13, 2016, and then to decision on January 31, 2017; and

WHEREAS, Vice-Chair Hinkson, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 5, Queens, recommends disapproval of this application on the

---

# MINUTES

---

basis, *inter alia*, that the Yeshiva has not been transparent regarding the presence of the dormitory use at the site and that the proposed enlargement to the facility will place additional pressure on an already overburdened sewer system; and

WHEREAS, by letter dated July 14, 2016, Chaim M. Deutsch, New York City Council Member for the 48<sup>th</sup> District, expressed his support of this application; and

WHEREAS, by letter dated July 18, 2016, Dov Hikind, a member of the New York State Assembly, expressed his support of the subject application; and

WHEREAS, the subject site is located on the west side of 88<sup>th</sup> Street, between 72<sup>nd</sup> Drive and 77<sup>th</sup> Avenue, in an M1-1 zoning district, in Queens; and

WHEREAS, the site has approximately 175 feet of frontage along 88<sup>th</sup> Street, 135,587 square feet of lot area and is occupied by a one-story building; and

WHEREAS, the Yeshiva proposes to enlarge the building and convert its use from a Use Group 9 religious vocational trade school with accessory sleeping accommodations to a Use Group 3 school with accessory sleeping accommodations; and

WHEREAS, the applicant represents that the enlargement is as-of-right and seeks no waivers of the applicable bulk regulations in the subject application; and

WHEREAS, a Use Group 3 school and school dormitory are not permitted in an M1-1 zoning district pursuant to ZR § 42-00; and

WHEREAS, the applicant represents that the requested change in use groups is necessary to reflect the change in function of the Yeshiva, which the applicant represents has operated at the subject site for more than ten (10) years; and

WHEREAS, the Yeshiva is the only post-secondary school of the Satmar community school system, which serves more than 10,000 students across 15 facilities in New York, with a current enrollment of 1,050 students, aged 16 to 22; and

WHEREAS, the applicant states that the subject building was converted from a manufacturing use to a vocational trade school with sleeping accommodations in or around 2006 and received Certificate of Occupancy No. 401634148F, effective January 25, 2008; and

WHEREAS, at the time, the Yeshiva provided post-secondary instruction in a variety of professional trades—including the ritual slaughter of animals, kosher meat preparation, Torah-based supervision of kosher food production and calligraphy—as well as the various religious laws and codes that govern the trades and their associated rituals; and

WHEREAS, the Yeshiva's programming has

changed as a result of an increase in the Satmar community's post-secondary school population and the number of students interested in a scholarly curriculum focused on the study of religious texts and philosophy intended to prepare them for careers as Torah scholars, researchers, instructors, pulpit rabbis, spiritual leaders and Torah-directed lay persons, instead of tradesmen; and

WHEREAS, accordingly, the Yeshiva seeks a variance to change from a Use Group 9 trade school to a Use Group 3 school and school dormitory; and

WHEREAS, the Yeshiva additionally proposes an enlargement of the existing building from 60,366 square feet of floor area (0.45 FAR) to 142,183 square feet of floor area (1.05 FAR) with a three-story addition to the existing easternmost one-story portion of the building and a cellar and four-story enlargement directly adjacent in order to provide additional classroom and dormitory space for its existing student population; and

WHEREAS, the Yeshiva previously utilized trailers on the premises for additional classroom space, but removed them upon DOB instruction and, in their absence, the Yeshiva has had to stagger its class schedule to accommodate lectures, a change that has substantially impacted the Yeshiva's operations and made the proposed expansion to the existing building necessary; and

WHEREAS, the applicant notes that the additional dormitory space is required both because of a change in the demographics of its student population, the majority of which used to come from Williamsburg, Brooklyn, but is increasingly from areas in upstate New York and abroad and require sleeping accommodations onsite and also to provide housing for more local students who prefer to live on site or wish to participate in early morning group study sessions; and

WHEREAS, the existing dormitories currently accommodate 286 students with the remaining students travelling to and from the site via 15 school buses and the proposed expansion in dormitory space, which will increase the number of beds onsite to 710, is anticipated to ultimately reduce the number of school buses travelling to and from the site daily to 6 buses; and

WHEREAS, the Yeshiva states that the waiver sought is essential to its ability to meet its programmatic needs, including providing sufficient classroom and dormitory space for its existing student population as well as the provision of religious instruction, at the same site from which it has operated for more than a decade; and

WHEREAS, the Yeshiva states that the site was originally chosen because of its simultaneous proximity to and distance from the Hassidic community located in

---

# MINUTES

---

Williamsburg and the Yeshiva's desire to provide a space that enables its students to fully devote themselves to the curriculum and fully concentrate on their studies without the distractions of everyday life and family; and

WHEREAS, the Yeshiva notes that the Satmar community heavily subsidizes the costs of tuition and boarding on site, that students are allowed to enroll and provided with on-site housing regardless of their ability to pay and that it is prohibitively expensive to acquire an additional location to accommodate its current spatial needs; and

WHEREAS, the Board acknowledges that the Congregation, as a religious institution, is entitled to deference under the law of the State of New York as to zoning and its ability to rely upon programmatic needs in support of the subject variance application; and

WHEREAS, specifically, as held in *Cornell University v. Bagnardi*, 68 NY2d 583 (1986), an educational or religious institution's application is to be permitted unless it can be shown to have an adverse effect upon the health, safety, or welfare of the community, and general concerns about traffic and disruption of the residential character of a neighborhood are insufficient grounds for the denial of an application; and

WHEREAS, based on the above, the Board finds that the programmatic needs of the Congregation create unnecessary hardship and practical difficulty in developing the premises in compliance with the applicable zoning regulations; and

WHEREAS, because the Yeshiva is a non-profit organization and the variance is needed to further its non-profit mission, the finding set forth in ZR § 72-21(b) does not have to be made in order to grant the variance requested in this application; and

WHEREAS, the Yeshiva represents that, pursuant to ZR § 72-21(c), the variance, if granted, will not alter the character of the neighborhood, impair the appropriate use or development of adjacent property, or be detrimental to the public welfare; and

WHEREAS, the applicant states that the site is surrounded by warehouse and accessory office uses and proposes that a garden on the premises will act as a buffer between the building and 88th Street; additionally, the applicant represents that its use of the premises is self-contained—its students eat all of their meals onsite and students rarely venture off campus—and, thus, does not interfere with neighboring uses; and

WHEREAS, in response to the Board's concerns regarding the storage and collection of trash at the premises, the applicant changed its original proposal to enclose the trash compactor with 8 foot walls surrounded by landscaping at the exterior of the

building, so as to shield the compactor from the public, to one in which they will relocate the trash compactor to a refrigerated room on the building's interior accessed by a roll-up door; the applicant also agreed to provide an indoor refrigerated storage room for perishable trash; and

WHEREAS, the Board agrees that the proposal will not alter the essential character of the surrounding neighborhood, nor impair the use or development of adjacent properties, and not be detrimental to the public welfare; and

WHEREAS, the Yeshiva states that, per ZR § 72-21(d), the hardship was not self-created; and

WHEREAS, the Board finds that the hardship herein was not created by the Yeshiva; and

WHEREAS, the Yeshiva represents that, consistent with ZR § 72-21(e), the proposal represents the minimum variance needed to accommodate its programmatic needs; and

WHEREAS, the Yeshiva provided an analysis of the findings required for a special permit pursuant to ZR § 73-19, whereby the Board may permit schools in C8 or M1 zoning districts and which provides, in pertinent part:

"In C8 or M1 Districts, the Board of Standards and Appeals may permit *schools* which have no *residential* accommodations except *accessory* accommodations for a caretaker, provided that the following findings are made . . . ."; and

WHEREAS, the Yeshiva states, and the Board agrees, that it is ineligible for the special permit because of the proposed onsite residential accommodations and that the requested use waiver is, therefore, the minimum variance; and

WHEREAS, accordingly, the Board finds that this proposal is the minimum necessary to allow the Yeshiva to fulfill its programmatic needs; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings require to be made under ZR § 72-21; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board conducted an environmental review of the proposed action and documented relevant information about the project in the Final Environmental Assessment ("EAS") CEQR No. 15-BSA-214Q, dated June 30, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources;

---

# MINUTES

---

Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; and Construction; and

WHEREAS, by letter dated August 12, 2016, the New York City Department of Environmental Protection (“DEP”) states that, upon review, the March 2016 Remediation Action Plan (“RAP”) and Construction Health and Safety Plan (“CHASP”) submitted in connection with this application is acceptable and recommends that, upon the completion of construction, a Remedial Closure Report certified by a Professional Engineer indicating that all remedial requirements have been implemented properly be submitted to DEP for review and approval; and

WHEREAS, at the Board’s request, in consideration of the fact that a school and dormitory use proposed herein is in a manufacturing district, the applicant submitted an indoor air quality study, dated September 2016, reporting that no VOCs at a concentration above the New York State Department of Health (“DOH”) Air Guideline Value or the range of anticipated background were detected in the indoor air samples; and

WHEREAS, in addition, the applicant submitted, at the Board’s request, an air permit search to DEP and found that none of the active permits for uses within 400 feet of the premises were for existing industrial sources; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration, with conditions as stipulated below, prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR § 72-21, and grants a variance to permit, on a site located in an M1-1 zoning district, the occupancy of a Use Group 3 school and Use Group 3 school dormitory that does not comply with use regulations, contrary to ZR § 42-00, *on condition* that all work will substantially conform to drawings filed with this application marked “Received January 11, 2017”- Twenty-Two (22) sheets; and *on further condition*:

THAT no overnight parking of buses shall be

permitted on the premises;

THAT no parking of the buses on the street shall be permitted;

THAT buses are to be utilized for pick up and drop off only and returned to a storage location off-site;

THAT composite window wall noise attenuation of 28 dBA shall be provided along the 88th Street frontage of the site;

THAT a trash compactor and refrigerated trash storage shall be installed, as shown on the BSA-approved plans;

THAT lighting and landscaping shall be installed, maintained and replaced, as needed, as shown on the BSA-approved plans;

THAT, consistent with the recommendation of the New York City Department of Environmental Protection, a Remedial Closure Report certified by a Professional Engineer indicating that all remedial requirements have been implemented properly shall be submitted to DEP for review and approval upon the completion of construction;

THAT the above conditions shall be listed on the Certificate of Occupancy;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portion related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, January 31, 2017.

**ACTION OF THE BOARD** – Application dismiss for lack of prosecution.

**THE VOTE TO DISMISS –**

Affirmative: Chair Perlmutter, Vice Chair Chanda,  
Commissioner Ottley-Brown and Commissioner  
Montanez.....4  
Negative: .....0

**THE RESOLUTION –**

WHEREAS, the decision of the Department of Buildings (“DOB”), dated October 21, 2013, acting on Alteration Application No. 420532472, reads in pertinent part:

- “1. The proposed enlargement of an existing automobile showroom and addition of a parking deck in an R1-2 zoning district does not comply with section 22-10 of the Zoning Resolution.
- “2. This premises was previously the subject of a variance granted under Cal. No. 528-64-BZ and must be referred back to the Board of Standards and Appeals for its determination. Proposed changes do not comply with the Board of Standards and Appeals Resolution and approved plans granted under BSA Cal. No. 528-64-BZ. Applicant to refer to the Board of Standards and Appeals for amendment pursuant to the NYC Zoning Resolution”; and

WHEREAS, this is an application, pursuant to ZR §§72-01 and 72-22, to reopen and amend a variance, previously granted by the Board, to permit an enlargement of the automobile showroom and addition of a parking deck;

and

WHEREAS, a public hearing was held on this application on November 24, 2015, after due notice by publication in *The City Record*, with a continued hearing on July 19, 2016, and then to decision on April 25, 2017; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 11, Queens, recommends approval of the subject application; and

WHEREAS, the subject site is located on the southwest intersection of Northern Boulevard and Alameda Avenue, within an R1-2 zoning district, in Queens; and

WHEREAS, the site has approximately 321 feet of frontage along Northern Boulevard, 158 feet of depth, 62,213 square feet of lot area and is occupied by a one-story, with cellar, commercial building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since February 15, 1956, when, under BSA Calendar No. 415-55-BZ, the Board granted a variance to permit parking within the residential area in connection with an automobile showroom in a local retail district on condition, *inter alia*, that planting areas be maintained, with curbing not less than 10 inches in height for protection and such planting to the south and east be dense planting with sizeable trees so as to act as complete screen for Hanford Street and the residential property to the south and such planting be continued within the three-foot strip along Northern Boulevard with suitable planting of suitable dense hedge type which need not exceed five feet in height and that the areas in front of the building, to the east of the showroom, also be properly planted; and

WHEREAS, on February 13, 1957, under BSA Calendar No. 415-55-BZ, the Board amended its resolution to permit two 550 gallon lubricating tanks and one 550 gallon oil tank for the lubrication system of cars to be located at the site; and

WHEREAS, on May 1, 1962, under BSA Calendar No. 415-55-BZ, the Board granted a further variance to permit, at the existing auto showroom with service of new and used cars and trucks, car conditioning storage and sale of parts with auto repairs, the construction of a one-story extension for car conditioning and roof parking extending into the residence portion of the site; and

WHEREAS, on July 21, 1964, under the subject calendar number, the Board granted a variance, pursuant to ZR § 72-21, to permit the construction of a one- and two-story enlargement to the existing auto showroom and service station on condition, *inter alia*, that the planting on Alameda Avenue and Hanford Street be put in good condition and maintained; and

WHEREAS, on November 17, 1964, under the subject calendar number, the Board amended its resolution to allow the owner to change the arrangement of the ramp from Northern Boulevard and the entrance, exit and curb-cut facilities on 234th Street, and to provide additional roof parking over the southerly portion of the new extension; and

WHEREAS, on December 7, 1965, under the subject

---

# MINUTES

---

calendar number, the Board amended its resolution to permit the owner to redesign and rearrange the building, including a reduction in floor area; and

WHEREAS, on May 11, 1965, under the subject calendar number, the Board extended the time to complete construction; and

WHEREAS, on January 4, 1967, under the subject calendar number, the Board granted another extension of time to complete construction and amended its resolution to permit the reduction in area and rearrangement of the building and premises; and

WHEREAS, on January 16, 1968, under the subject calendar number, the Board granted an additional extension of time to complete construction in view of the applicant's statement that a building permit had been obtained and work was in progress; and

WHEREAS, the applicant now seeks an amendment of the variance to enlarge the existing auto showroom and add a parking deck to the existing auto dealership; and

WHEREAS, on January 8, 2014, the Board's staff issued a Notice of Comments to the applicant requesting, *inter alia*, a detailed narrative explaining the need for the proposed enlargement and the addition of a parking deck as well as an explanation of violations or complaints against the site with a plan to bring the site into compliance; and

WHEREAS, by letters dated December 29, 2015, April 7, 2016, February 16, 2016, May 12, 2016, September 26, 2016, January 27, 2017, and April 17, 2017, the applicant requested adjournments of continued public hearings; and

WHEREAS, over the course of the three years since the filing of the subject application, the applicant has failed, time and again, to respond to the Board's requests for additional information or to make any progress towards bringing the site into compliance with the conditions of the Board's prior grants; and

WHEREAS, additionally, the Board's inspections of the premises revealed that the subject site is in a state of disrepair, that planting areas have not been maintained and that no dense planting of sizeable trees exist to completely screen the site's commercial uses from view of nearby residential properties, as contemplated by the Board's conditions; and

WHEREAS, photographs submitted by the applicant reveal that, rather than looking upon lush screening, nearby residences see the site's parked automobiles through a rusty, dilapidated fence adorned with sparse vines sinking downward into the dead-alive beds of spiritless shrubs; and

WHEREAS, the Board notes that, under ZR § 72-22, failure to comply with the Board's conditions or restrictions "shall constitute a violation of this [Zoning] Resolution, and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies"; and

WHEREAS, because of the applicant's failure to prosecute the subject application, it must be dismissed in its entirety.

*Therefore it is Resolved*, that the application filed

under BSA Calendar No. 528-64-BZ is hereby *dismissed* for failure to prosecute.

Adopted by the Board of Standards and Appeals, April 25, 2017.

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated February 26, 2014, acting on Alteration Application No. 320888544, reads in pertinent part:

“BSA approval [required] for use group 3A (school) in M1-2 zoning district” “42-30 Uses permitted by Special Permit” “42-31 – By the BSA as per Art. 7 Chap. 3 – M1 #Schools#, provided they have no living or sleeping Accommodations”; and

WHEREAS, this is an application under ZR §§ 73-19 and 73-03 to legalize, in an M1-2 zoning district, a school without residential accommodations; and

WHEREAS, this application is filed on behalf of United Talmudical Academy Torah V’yirah Rabbinical, Inc., a not-for-profit corporation (the “School”); and

WHEREAS, a public hearing was held on this application on January 6, 2015, after due notice by publication in The City Record, with continued hearings on January 22, 2015, February 24, 2015, March 10, 2015, April 28, 2015, June 16, 2015, September 22, 2015, November 17, 2015, January 22, 2016, February 23, 2016, May 24, 2016, September 13, 2016, December 6, 2016, and then to decision on April 25, 2017; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez and former Vice-Chair Hinkson performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 2, Brooklyn, recommends disapproval of this application due to, among other things, specific complaints regarding the management of the School and supervision of its students; and

WHEREAS, New York State Senator Daniel Squadron, New York State Assemblyman Joseph Lentol and New York City Councilmember Laurie Cumbo submitted testimony in support of this application; and

WHEREAS, the subject site is located on an L-shaped lot having frontages on Waverly Avenue and Washington Avenue, between Flushing Avenue and Park Avenue, in an M1-2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 182 feet of frontage along Waverly Avenue, 75 feet of frontage along Washington Avenue, 25,690 square feet of lot area and is occupied by a three-story industrial building with commercial uses on the first floor and the School on the second and third floors; and

WHEREAS, the School has operated at the premises for 20 years and represents that it meets the requirements of the special permit authorized by ZR § 73-19 to legalize the school use in an M1-2 zoning district; and

WHEREAS, ZR § 73-19 provides as follows:

In C8 or M1 Districts, the Board of Standards and Appeals may permit *schools* which have no *residential* accommodations except *accessory* accommodations for a caretaker, provided that the following findings are made:

(a) that within the neighborhood to be served by

---

# MINUTES

---

the proposed *school* there is no practical possibility of obtaining a site of adequate size located in a district wherein it is permitted as of right, because appropriate sites in such districts are occupied by substantial improvements;

- (b) that such *school* is located not more than 400 feet from the boundary of a district wherein such *school* is permitted as-of-right;
- (c) that an adequate separation from noise, traffic and other adverse effects of the surrounding *non-Residential Districts* is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along *lot lines* of the *zoning lot*; and
- (d) that the movement of traffic through the *streets* on which the *school* is located can be controlled so as to protect children going to and from the *school*. The Board shall refer the application to the Department of Traffic for its report with respect to vehicular hazards to the safety of children within the block and in the immediate vicinity of the proposed site.

The Board may prescribe additional appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is located in a zoning district in which a special permit pursuant to ZR § 73-19 is available; and

WHEREAS, ZR § 73-19 (a) requires an applicant to demonstrate the inability to obtain a site for the development of a school within the neighborhood to be served and with a size sufficient to meet the programmatic needs of the school within a district where the school is permitted as-of-right; and

WHEREAS, the applicant represents that the School accommodates approximately 575 persons on a daily basis, made up of 514 students and 61 employees, in approximately 51,380 square feet of floor space; and

WHEREAS, the applicant represents that, within R5B and R6B zoning districts within the neighborhood, which permit community facility buildings with a floor area ratio ("FAR") of up to 2.0 as-of-right, the School would need a site with more than 25,000 square feet of floor area to develop a school and that none of the nearby sites have sufficient lot area; and

WHEREAS, in response to the Board's request, the applicant conducted an evaluation of sites within a half-mile radius, concluding that, of 28 sites with more than 10,000 square feet of lot area, three would not permit development

of floor area sufficient for the School's needs with the remainder either already developed with substantial improvements or in development for residential use; and

WHEREAS, the applicant maintains that the site search establishes that there is no practical possibility of obtaining a site of adequate size in a nearby zoning district where a school would be permitted as-of-right; and

WHEREAS, therefore, the Board finds that the requirements of ZR § 73-19(a) are met; and

WHEREAS, ZR § 73-19(b) requires an applicant to demonstrate that the proposed school is located no more than 400 feet from the boundary of a district in which such a school is permitted as of right; and

WHEREAS, the applicant submitted a map demonstrating that the subject site is located within 400 feet of an R6B zoning district located south of Park Avenue, where the School would be allowed as-of-right; and

WHEREAS, therefore, the Board finds that the requirements of ZR § 73-19(b) are met; and

WHEREAS, ZR § 73-19(c) requires an applicant to demonstrate how it will achieve adequate separation from noise, traffic and other adverse effects of the surrounding non-residential district; and

WHEREAS, the applicant represents that adequate separation from noise, traffic and other adverse effects of the surrounding M1-2 zoning district has already been achieved for the frontage along Waverly Avenue, which does not require any additional work to maintain an interior noise level of 45 dBA, but that additional layers of glazing will be applied to existing windows or windows will be replaced in order to achieve a composite window and wall noise attenuation of 28 dBA for the building's Washington Avenue frontage; and

WHEREAS, as to air quality, the applicant submitted an indoor air sampling assessment, which did not identify any readings that would require further testing or mitigation measures; and

WHEREAS, the Board finds that the conditions surrounding the site and the building's construction will adequately separate the proposed school from noise, traffic and other adverse effects of any of the uses within the surrounding M1-2 zoning district; thus, the Board finds that the requirements of ZR § 73-19(c) are met; and

WHEREAS, ZR § 73-19(d) requires an applicant to demonstrate how the movement of traffic through the street on which the school will be located can be controlled so as to protect children traveling to and from the school; and

WHEREAS, the applicant submitted a traffic study indicating that neither Washington Avenue nor Waverly Avenue operate at their full capacity with low levels of traffic on both and that neither student arrivals, at or around 6:30 a.m., nor departures, at or around 7:30 p.m., occur during peak traffic hours; and

WHEREAS, the Board referred the application to the School Safety Engineering Office of the Department of Transportation ("DOT"); and

WHEREAS, by letter dated May 29, 2014, the DOT School Safety Engineering Office states that it has no

---

# MINUTES

---

objection to the School but suggested the development of a safe route plan; and

WHEREAS, in response, the applicant submitted an operational plan providing for morning drop-off and evening pick-up procedures so as to safeguard students going to and from the School; and

WHEREAS, therefore, the Board finds that the requirements of ZR § 73-19(d) are met; and

WHEREAS, at hearing, the Board expressed concerns about open violations on the site, fire safety, egress and the presence of a bus garage on the first floor of the subject building; and

WHEREAS, in response, the applicant submitted additional information about steps being taken to mitigate outstanding building violations and upgrade existing fire-safety systems and explained how the garage schedules bus maintenance work so as to minimize the impact on the public street system; and

WHEREAS, the applicant has, among other things, installed all required panic hardware and safety lighting, provided 3-hour fire rating fire proofing between the first floor and the upper floors, dismantled a seven-story abandoned elevator shaft and converted it into a new staircase with roof access, and replaced all of the ¾" piping for the existing sprinkler system with 1" piping to comply with updates to the Building Code and the change in use of the building to a school; and

WHEREAS, the Fire Department represents that installation of the sprinkler system is in progress and that it has no objection to the subject application; and

WHEREAS, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, the proposed project will not interfere with any pending public improvement project; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-03; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-19; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement CEQR No. 14BSA123K, submitted October 8, 2014; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design and Visual Resources; Natural Resources; Hazardous Materials; Water and Sewer Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse

Gas Emissions; Noise; Public Health; Neighborhood Character; or Construction; and

WHEREAS, the Department of Environmental Protection ("DEP") reviewed the subject application with regards to hazardous materials, air quality and noise; and

WHEREAS, by letter dated May 29, 2015, DEP states that the proposed project would not result in any potential for significant adverse impacts in regards to air quality but that a composite window and wall noise attenuation of 28 dBA is required for the building's Washington Avenue frontage with an alternate means of ventilation to be incorporated into the building's design and construction; and

WHEREAS, by letter dated June 14, 2016, DEP states that it finds the indoor air quality assessment acceptable and has no objection to this project; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment.

*Therefore, it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1997, as amended, and makes each and every one of the required findings under ZR §§ 73-19 and 73-03 to legalize, in an M1-2 zoning district, a school without residential accommodations, *on condition* that all work shall substantially conform to drawings as they apply to the objections above noted filed with this application marked "Received April 17, 2015"—Seven (7) sheets; and *on further condition*:

THAT all storage drums on the subject site shall be properly stored, recycled and disposed of in accordance with all applicable federal, state and local regulations;

THAT the above condition shall appear on the certificate of occupancy;

THAT an amended certificate of occupancy shall be obtained within one (1) year of the issuance of this Resolution, by May 19, 2018

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, April 25, 2017.

**CEQR #16-BSA-058Q**

APPLICANT – Michio Sanga, for Nohar Sumasar, owner.  
SUBJECT – Application December 15, 2015– Variance (§72-21) to permit the construction of a 2-story two-family residence contrary to ZR §23-461c (open area between buildings containing residences) and ZR §23-141 (Lot Coverage) R4-1 zoning district.

PREMISES AFFECTED – 144-29 South Road aka Tuskegee Airmen Way, Block 10045, Lot 18, Borough of Queens.

**COMMUNITY BOARD #12Q**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated March 21, 2017, acting on New Building Application No. 421187281, reads in pertinent part:

“Proposed front yard is contrary to ZR 23-45”;  
and

WHEREAS, this is an application under ZR § 72-21 to permit, in an R4-1 zoning district, the construction of a two-story, two-family residence, contrary to ZR § 23-45 (front yards); and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, with a continued hearing on April 25, 2017, and then to decision on that date; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 12, Queens, recommends disapproval of this application; and

WHEREAS, the subject site is located on the southwest corner of South Road and Inwood Street, in an R4-1 zoning district, in Queens; and

WHEREAS, the site has approximately 25 feet of frontage along South Road, 100 feet of frontage along Inwood Street, 2,503 square feet of lot area and is vacant; and

WHEREAS, initially, the applicant proposed to construct a two-story, two-family residence along the southwestern lot line at a distance of 3’-2” from the adjacent building south of the subject site on South Road; and

WHEREAS, in response to concerns raised by the Board, the applicant modified the proposal to provide a 4’-10” side yard on the lot line shared with the neighbor to the southwest and a front yard of 5’-2” along Inwood Street; and

WHEREAS, because a front yard of at least 10 feet is required pursuant to ZR § 23-45, the applicant seeks the subject variance; and

WHEREAS, the applicant represents that, in

accordance with ZR § 72-21(a), the narrow width of the lot creates a practical difficulty and unnecessary hardship in developing the site in conformance with the underlying district regulations; specifically, a complying building on the lot, which has a width of 25 feet, would result in an uninhabitable residence totaling 10’-2” in width with an interior wall-to-wall width of 9 feet; and

WHEREAS, the applicant states that, while the surrounding area is characterized by lots having similar widths of 25 feet, the majority of those lots are developed with residences built prior to the 1961 Zoning Resolution and, thus, contain legal non-compliant yards; and

WHEREAS, the applicant provided the Board with a uniqueness study of the area demonstrating that, within 400 feet of the subject site, there are no vacant corner lots and that within 1,000 feet of the subject site, there are four vacant corner lots. but two are held in common ownership with an adjacent tract of land and the other two are used as community gardens and subject to deed restrictions; and

WHEREAS, the applicant also provided evidence that, unlike the other vacant corner lots, the subject site is and has been owned separately and individually from all other adjoining tracts of land; and

WHEREAS, based upon a review of the record, the Board finds that the cited unique physical condition creates practical difficulties in developing the site in strict compliance with the applicable zoning regulations; and

WHEREAS, the Board agrees that because of the site’s unique physical condition, there is no reasonable possibility that compliance with applicable zoning regulations will result in a habitable home; and

WHEREAS, the applicant represents that the proposed building will not alter the essential character of the neighborhood, will not substantially impair the appropriate use or development of adjacent property, and will not be detrimental to the public welfare, in accordance with ZR § 72-21(c); and

WHEREAS, the applicant submitted a study of corner lots within 1,000 feet of the subject site, which evidences that all but one of the 41 corner lots with widths of 25 feet have non-complying front yards; and

WHEREAS, the applicant conducted a neighborhood character study, showing that the 16 lots on the same side of South Road are occupied by buildings between 17 and 20 feet in width with between 5 and 8 feet of open area between buildings, which is comparable to the subject proposal to construct a building 15 feet in width with an 8-foot open area along the southwestern lot line; and

WHEREAS, the neighborhood character study further demonstrates that 10 of 12 nearby corner lots along Inwood Street have buildings constructed at or near the lot line with non-complying front yards along the lots’ wide sides; and

WHEREAS, lastly, as requested by the Board, the applicant provided evidence that 70 percent of the homes within a 400-foot radius are two- or three-family residences, showing that the applicant’s proposed two-family residence is consistent with the surrounding area; and

WHEREAS, the applicant also submitted photographic

---

# MINUTES

---

streetscape diagrams and illustrations of the surrounding neighborhood; and

WHEREAS, in light of the above, the Board finds that this action will not alter the essential character of the neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, based on the documentation submitted by the applicant, the Board finds that, consistent with ZR § 72-21(d), the hardship herein was not created by the owner or a predecessor in title; and

WHEREAS, as to the minimum variance requirement set forth at ZR § 72-21(e), the applicant represents that the inclusion of the complying front yard along South Road and two complying side yards limit the degree of the variance, which has been reduced from the applicant's original proposal, which included additional waivers for open area between buildings and lot coverage, and that the front-yard waiver reflects the minimum necessary to afford the applicant relief; and

WHEREAS, the Board also finds that this proposal is the minimum necessary to afford the owner relief, in accordance with ZR § 72-21(e); and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 16-BSA-058Q, dated December 15, 2015; and

WHEREAS, accordingly, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under ZR § 72-21, and is therefore entitled to relief on the grounds of practical difficulty or unnecessary hardship.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR § 72-21 and that the application be *granted* to permit, within an R4-1 zoning district, the construction of a two-story, two-family residence, contrary to ZR § 23-45 (front yards), *on condition* that all work shall substantially conform to drawings filed with this application marked "Received April 3, 2017"—Nine (9) sheets, and *on further condition*:

THAT the following shall be the bulk parameters of the site: minimum front yard depth of 5'-2" along Inwood Street, as reflected on the BSA-approved plans;

THAT a certificate of occupancy shall be obtained within four (4) years;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other

relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, April 25, 2017.

APPLICANT – Law Office of Lyra J. Altman, for BD 2018 East 4<sup>th</sup> LLC, owner.

SUBJECT – Application March 10, 2016 – Special Permit (§73-622) for the enlargement of an existing single family home, contrary to floor area (§23-141) and perimeter wall height (§23-631). R2X (OP) zoning district.

PREMISES AFFECTED – 2018 East 4<sup>th</sup> Street, Block 7106, Lot 176, Borough of Brooklyn.

### COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda,  
Commissioner Ottley-Brown and Commissioner Montanez...4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated March 11, 2016, acting on Alteration Application No. 321239290, reads in pertinent part:

“The proposed enlargement of the existing one family residence in an R2X zoning district:

1. Creates non-compliance with respect to floor area by exceeding the allowable floor area ratio and is contrary to Section 23-141 of the Zoning Resolution.
  2. Creates non-compliance with respect to perimeter wall height by exceeding allowable perimeter wall height and is contrary to Section 23-631(b) of the Zoning Resolution”;
- and

WHEREAS, the Board notes that since the filing of this application, the Zoning Resolution has been amended and the text formerly found in ZR § 23-141, setting for the maximum floor area ratio, minimum required open space and maximum lot coverage permitted in an R3-2 zoning district, is now found in ZR § 23-142; thus, the Board treats the citation to ZR § 23-141 in DOB’s objection as a citation to ZR § 23-142; and

WHEREAS, this is an application under ZR § 73-622 to permit, within an R2X zoning district in the Special Ocean Parkway District, the enlargement of an existing two-story, with cellar, single-family detached residence, contrary

---

# MINUTES

---

ZR § 23-142 (floor area ratio) and ZR § 23-631 (perimeter wall height); and

WHEREAS, a public hearing was held on this application on April 25, 2017, after due notice by publication in *The City Record*, and then to decision on the same day; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the west side of East 4th Street, between Avenue S and Avenue T, within an R2X zoning district in the Special Ocean Parkway District, in Brooklyn; and

WHEREAS, the site has approximately 40 feet of frontage along East 4th Street, 100 feet of depth and 4,000 square feet of lot area; and

WHEREAS, the site is occupied by an existing two-story, with cellar, single-family detached residence with 2,282 square feet of floor area, a floor area ratio ("FAR") of 0.57, side yards measuring 3'-6" and 15'-5", a rear yard of 26'-11", a building height of 31 feet and a perimeter wall height of 22'-3"; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached or semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*,

*floor area*, *side yard*, *rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins.

Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated in ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing dwelling to 4,553 square feet of floor area (1.14 FAR), maintain the existing 3'-6" side yard, decrease the existing 15'-5" to 8'-5", decrease the existing 26'-11" rear yard to 20 feet, increase the existing 31-foot building height to 34'-11" and decrease the existing 22'-3" perimeter wall height to 21'-7"; and

WHEREAS, at the subject site, a maximum of 3,400 square feet of floor area (0.85 FAR) is permitted under ZR § 23-142, and a maximum perimeter wall height of 21 feet is permitted under ZR § 23-631(b); and

WHEREAS, the applicant submits that the proposed perimeter wall height would comply with ZR § 73-622(3)

---

# MINUTES

---

because the subject site is within an R2X zoning district and the proposed perimeter wall height is equal to that of an adjacent single-family detached residence's street-facing perimeter wall, which is also non-complying; and

WHEREAS, the applicant presented analyses of the floor area ratio of single- and two-family residences on the same social block of the subject site to demonstrate that the proposed enlargement is consistent with the character of the surrounding neighborhood; and

WHEREAS, the floor area analysis concludes that 11 homes have FARs equal to or greater than 0.85, ranging from 0.85 to 1.43, including six on the same side of the street as the subject site, with FARs ranging from 1.01 to 1.36, and a residence directly across the street from the subject site with an FAR of 1.37; and

WHEREAS, in addition to the floor area analysis, the applicant also submitted a photographic study of the residences with FARs greater than 0.85, a photographic streetscape diagram of the social block and a comprehensive photographic study of the subject site to support the contention that the enlarged building would not alter the neighborhood's built character and, with its similar design, architectural features and building materials, would instead pay homage to the character of the subject block; and

WHEREAS, in response to the Board's regarding the building's floor-to-ceiling heights changing as between the existing conditions and the proposed, the applicant confirmed that there would be no change in the existing building's floor joists and clarified that this change resulted from the addition of radiant flooring to the proposed home; and

WHEREAS, the Board questioned whether the side yards comply with ZR § 23-461(c)(4), and the applicant further confirmed that the proposed building would comply with all zoning regulations, including those applicable within the Special Ocean Parkway District; and

WHEREAS, at hearing, the applicant provided further explanation as to how the dormers of the proposed building are visually consistent with numerous others on the existing social block and testified that the other buildings on the social block appear to constitute lawful conditions, based on publicly available records from DOB; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, the applicant represents that the proposed modification of bulk regulations will not interfere with any public improvement project; and

WHEREAS, the Board also finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed modification of parking regulations is outweighed by the advantages to be derived by the community; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR §§ 73-622 and 73-03.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR §§ 73-622 and 73-03 to permit, within an R2X zoning district in the Special Ocean Parkway District, the enlargement of an existing two-story, with cellar, single-family detached residence, contrary ZR § 23-142 (floor area) and ZR § 23-631 (perimeter wall height); *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received February 7, 2017"-Twelve (12) sheets; and *on further condition*:

THAT following shall be the bulk parameters of the building: maximum floor area of 4,553 square feet (1.14 FAR) and a maximum perimeter wall height of 21'-7", as illustrated on the BSA-approved plans;

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, April 25, 2017.

## REGULAR MEETING TUESDAY MORNING, MAY 2, 2017 10:00 A.M.

Present: Chair Perlmutter, Vice-Chair Chanda,  
Commissioner Ottley-Brown and Commissioner Montanez.

### SPECIAL ORDER CALENDAR

#### 395-60-BZ

APPLICANT – Eric Palatnik, P.C., for Ali Swati, owner.  
SUBJECT – Application March 11, 2016 – Extension of  
Term (§11-411) of a previously approved variance  
permitting the operation of an Automotive Repair Facility  
(UG 16) which expired on December 9, 2015; Waiver of the  
Rules. R5 zoning district.

PREMISES AFFECTED – 2557 Linden Boulevard, Block  
4461, Lot 27, Borough of Brooklyn.

#### COMMUNITY BOARD #5BK

**ACTION OF THE BOARD** – Application granted on  
condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda,  
Commissioner Ottley-Brown and Commissioner  
Montanez.....4  
Negative: .....0

#### THE RESOLUTION –

WHEREAS, this is an application for a waiver of the  
Board’s Rules of Practice and Procedure and an extension of  
the term of the variance previously granted by the Board,  
which expired on December 9, 2015; and

WHEREAS, a public hearing was held on this  
application on March 7, 2017, after due notice by  
publication in *The City Record*, with a continued hearing on  
May 2, 2017, and then to decision on that date; and

WHEREAS, Commissioner Ottley-Brown and  
Commissioner Montanez performed inspections of the site  
and surrounding neighborhood; and

WHEREAS, Community Board 5, Brooklyn,  
recommends approval of this application on condition that  
there be no storage of automobiles awaiting service on the  
street; and

WHEREAS, the subject site is located on the northeast  
corner of Linden Boulevard and Euclid Avenue, within an  
R5 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 221 feet of  
frontage along Linden Boulevard, 130 feet of frontage along  
Euclid Avenue, 15,172 square feet of lot area and is  
occupied by a one-story, industrial building used as an  
automobile service station; and

WHEREAS, the subject site coincides with Lot 27 as  
shown on the official tax map of the City of New York and  
does not include Lot 25; and

WHEREAS, the Board has exercised jurisdiction over  
the subject site since November 1, 1960, when, under the  
subject calendar number, the Board granted a variance to  
permit the construction of a gasoline service station with

accessory uses for a term of fifteen (15) years, expiring  
November 1, 1975, on condition that flood lights be directed  
toward the station only and not into the streets and that all  
walls, both the walls of the accessory building and the fence  
wall, be faced with brick; and

WHEREAS, on October 31, 1961, and December 4,  
1962, under the subject calendar number, the Board granted  
extensions of time to complete construction pursuant to the  
previously approved variance; and

WHEREAS, on December 9, 1975, under the subject  
calendar number, the Board granted an extension of the term  
of the variance for ten (10) years, expiring December 9,  
1985, on condition that the façade of the building be cleaned  
and that the sidewalk in front of the site along Euclid  
Avenue be paved for its full width in accordance with the  
rules and regulations of the New York State Department of  
Highways; and

WHEREAS, on February 25, 1986, under the subject  
calendar number, the Board granted an extension of the term  
of the variance for ten (10) years, expiring December 9,  
1995, and amended its resolution to legalize the installation  
of the existing 6 foot high wrought iron fences and gates and  
to permit the window openings on the east wall of the  
accessory building to remain sealed on condition that there  
be no parking of vehicles on the sidewalk or in such a  
manner as to obstruct pedestrian or vehicular traffic; and

WHEREAS, on January 19, 1999, under the subject  
calendar number, the Board granted an extension of the term  
of the variance for ten (10) years, expiring December 9,  
2005, and amended its resolution to permit the legalization  
of an enlargement of the accessory building for use as a  
convenience store on condition that the premises remain  
graffiti free at all times, that the hours of operation be  
Sunday through Saturday 7:00 a.m. to 10:00 p.m. and that  
signs be maintained in accordance with the BSA-approved  
plans; and

WHEREAS, on November 17, 2009, under the subject  
calendar number, the Board amended the resolution to  
permit a change from Use Group 16 gasoline service station  
to Use Group 16 auto repair shop and Use Group 6  
convenience store and to extend the term of the variance for  
ten (10) years, expiring December 9, 2015, on condition that  
approval by the New York City Department of  
Environmental Protection be obtained for any work  
associated with the termination of the gasoline service  
station use at the site, that the site be maintained free of  
debris, that all graffiti be removed within 48 hours, that  
signage comply with C1 zoning district sign regulations, that  
fencing be maintained in good condition and that the  
parking lot be paved and maintained in good condition; and

WHEREAS, on November 9, 2010, under the subject  
calendar number, the Board granted an extension of time to  
obtain a certificate of occupancy; and

WHEREAS, on December 3, 2012, the Board issued a  
letter of substantial compliance to allow minor modifications  
to the approved plans depicting the approved auto repair  
shop; and

WHEREAS, on January 3, 2014, a certificate of

---

# MINUTES

---

occupancy was issued; and

WHEREAS, the term of the variance having expired, the applicant now seeks to extend the term for an additional ten (10) years; and

WHEREAS, in addition, the applicant requests a waiver, pursuant to § 1-14.2 of the Board's Rules of Practice and Procedure, of § 1-07.3(b)(2) to permit the filing for an extension of term less than two (2) years after the expiration of the term; and

WHEREAS, the applicant has demonstrated that the use has been continuous since the expiration of term and that substantial prejudice would result without such a waiver; and

WHEREAS, in response to the Board's concerns at hearing, the applicant submitted evidence of improved site maintenance and repairs to the site—including the removal of graffiti, razor wire, debris and a refrigerator and the relocation of a dumpster—and improved landscaping, including newly planted trees along the site perimeter; and

WHEREAS, the Board finds the requested waiver and a ten (10) year extension of the term of the variance are appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and *reopens* and *amends* the resolution, dated November 1, 1960, as amended through November 9, 2010, so that as amended this portion of the resolution reads: "to grant an extension of the term of the variance for a term of ten (10) years from the expiration of the last grant, to expire December 9, 2025; *on condition* that all work and site conditions shall comply with drawings filed with this application marked 'Received November 22, 2016' - Four (4) sheets; and on further condition:

THAT this grant shall be limited to a term of ten (10) years from December 9, 2015, expiring December 9, 2025;

THAT the site shall be maintained free of graffiti and debris;

THAT all fencing and landscaping shall be maintained in good condition, as indicated on the BSA-approved plans, and replaced as needed;

THAT there shall be no storage of automobiles awaiting service on the street;

THAT no sales of automobiles shall be permitted on the site;

THAT this approval shall be for the subject site (Lot 27) only, and the adjacent site (Lot 25) shall not be considered part of this approval or used in conjunction with the subject site;

THAT Department of Environmental Protection approval shall be obtained for any work associated with the termination of the gasoline service station use at the site;

THAT all graffiti shall be removed within 48 hours;

THAT the hours of operation shall be limited to Sunday through Saturday 7:00 a.m. to 10:00 p.m.;

THAT all signage shall comply with C1 zoning district sign regulations;

THAT the parking lot shall be paved and maintained in good condition;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 2, 2017.

-----

## 1129-64-BZ

APPLICANT – Davidoff Hatcher & Citron, LLP, for 147-36 Brookville Boulevard Corp., owner.

SUBJECT – Application January 11, 2016 – Extension of Term of a previously approved Variance (72-21) permitting the operation of an Auto Supplies Sales Establishment (UG 6) which expired on June 10, 2015; Amendment to legalize interior layout changes, permit general Use Group 6 Use and eliminate the term of the variance; Waiver of the Rules. R3-2 zoning district.

PREMISES AFFECTED – 147-36 Brookville Boulevard, Block 13729, Lot(s) 30, 33, Borough of Queens.

## COMMUNITY BOARD #13Q

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board's Rules of Practice and Procedure, an extension of the term of the variance, previously granted by the Board pursuant to ZR § 72-21, which expired on June 10, 2015, and an amendment to permit uses in Use Group 6 and eliminate the term of years; and

WHEREAS, a public hearing was held on this application on August 16, 2016, after due notice by publication in *The City Record*, with continued hearings on January 24, 2017 and April 25, 2017, and then to decision on May 2, 2017; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez and former Vice-Chair Hinkson performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 13, Queens, recommends approval of this application, without elimination of the term, and seeks assurances that customers will not perform car repairs in the parking lot; and

WHEREAS, the subject site is located on the west side of Brookville Boulevard, between 147th Road and 147th Drive, in an R3-2 zoning district, in Queens; and

WHEREAS, the site has approximately 45 feet of frontage along Brookville Boulevard, between 113 and 135 feet of depth, 10,743 square feet of lot area and is occupied by a one-story commercial building; and

---

# MINUTES

---

WHEREAS, the Board has exercised jurisdiction over Lot 33 alone since July 3, 1956, when, under BSA Calendar No. 176-55-BZ, the Board granted a variance to permit in the existing building the continuation of factory use on condition that the building not be increased in height and area and that such portable fire-fighting appliance be maintained as directed by the Fire Department for a term of five (5) years, expiring July 3, 1961; and

WHEREAS, on April 4, 1961, under BSA Calendar No. 176-55-BZ, finding no justification for the exercise of discretion, the Board denied an application to permit, on both Lots 30 and 33, the construction of a one-story extension of the existing factory building for the assemblage of automobile transmissions and extend the use to include minor auto repairs limited to the installation and servicing of transmissions and parking of cars awaiting service; and

WHEREAS, on March 2, 1965, under the subject calendar number, the Board granted a variance for both Lots 30 and 33 to permit the construction of a one-story enlargement to an existing building used for the sale of auto supplies for a term of ten (10) years, expiring March 2, 1975, on condition that the screening around the parking area be done in accordance with ZR § 25-77, that there be no repairs or installation of parts conducted on the subject site and that all work be done and a certificate of occupancy obtained within one (1) year; and

WHEREAS, on April 13, 1966, under the subject calendar number, the Board granted an application to reopen and extend the time to complete construction and to obtain a certificate of occupancy by one (1) year; and

WHEREAS, on June 10, 1975, under the subject calendar number, the Board granted an extension of the term of the variance for a term of ten (10) years, expiring June 10, 1985, on condition that a new certificate of occupancy be obtained; and

WHEREAS, on November 19, 1985, under the subject calendar number, the Board granted a further extension of term for a subsequent ten (10) years, expiring June 10, 1995, on condition that a new certificate of occupancy be obtained within one (1) year; and

WHEREAS, on October 16, 1996, under the subject calendar number, the Board granted an extension of term for ten (10) years, expiring June 10, 2005, on condition that exterior lighting be directed down and away from residential properties, that landscaping and fencing be maintained, that gates to the parking area be secured during non-business hours and that a new certificate of occupancy be obtained within one (1) year; and

WHEREAS, on June 7, 2005, under the subject calendar number, the Board granted an extension of term of the variance for a term of ten (10) years, expiring June 10, 2015, on condition that all mechanical work and replacement of auto parts take place on-site with no work done on the streets surrounding the site, as specified in signage posted to that effect, that any and all abandoned vehicles be removed from the parking not, that general maintenance and improvement be performed on-site, including trim painting, litter removal and clean-up of

bushes and shrubs, that gates to the parking area be closed at all times except when in actual use and that signs affixed to the building be updated, removed and replaced in compliance with the Building Code; and

WHEREAS, the term of the variance having expired, the instant application seeks a further extension of the term of the variance for an additional ten (10) years and an amendment to permit Use Group 6 uses at the site and eliminate the term of the variance; and

WHEREAS, additionally, the applicant seeks a waiver, pursuant to § 1-14.2 of the Board's Rules of Practice and Procedure (the "Rules"), of Rule § 1-07.3(b)(2) to permit the filing of the application less than two (2) years after the expiration of term; and

WHEREAS, as required under that Rule, applicant has demonstrated that the use has been continuous since the expiration of the term of the grant and that substantial prejudice would result without such a waiver; and

WHEREAS, the applicant submits that the requested amendment would provide much needed flexibility, that the building has been a continuous commercial presence in the area, previously for the sale of auto supplies, and that other commercial uses in Use Group 6 would be consistent with the historic use of the site; and

WHEREAS, the applicant further represents that the elimination of the term is consistent with the longstanding commercial use of the site, which has existed continuously for more than 50 years; and

WHEREAS, in response to the Community Board's concerns, the Board notes that certain conditions and safeguards have been imposed in order to protect the character of the surrounding neighborhood and that violations of the Board's conditions or of the Zoning Resolution may subject the applicant to appropriate enforcement action, including fines, revocation of the variance under ZR § 11-62 or criminal prosecution under ZR § 11-61, which renders any such violator guilty of a misdemeanor; and

WHEREAS, the applicant further represents that certain modifications to the plans—including construction of an access ramp to the rear space, installation of accessories in the toilet room for persons with disabilities, repair of the exit stair from the rear and fire stopping at the demising partition wall—are necessary improvements to comply with the New York City Construction Codes and Fire Code; and

WHEREAS, in response to requests from the Board, the applicant repaved the sidewalk and curb cut, replaced the wooden staircase with a metal staircase and railing, brought the signage into compliance with the size restrictions applicable in the zoning district, repaired and painted the fence, replaced dead plantings with bushes expected to grow to six feet in height and painted the building façade; and

WHEREAS, the applicant also installed new interior curbs around the planting beds as well as concrete bumpers; and

WHEREAS, in response to the Community Board and the Board's concerns about parking, the applicant revised

# MINUTES

the drawings to demonstrate the adequacy of the parking configuration and compliance with C1-2 zoning district parking regulations; and

WHEREAS, the Board finds that the requested waiver of the Rules, extension of term and amendments will not impair the essential character or the future use or development of the surrounding area and, accordingly, are appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and *reopens* and *amends* the resolution, dated July 3, 1956, as amended through June 7, 2005, so that as amended this portion of the resolution reads: “to eliminate the term of the variance, *on condition* that all work shall substantially conform to the drawings as they apply to the objection above-noted, filed with this application marked ‘Received April 27, 2017’ - Four (4) sheets, *and on further condition*:

THAT the ADA accessible ramp shall be installed as shown on the Board-approved plans;

THAT any Use Group 6 use on the site shall be within Parking Category B (PRC-B) or less, requiring at least 1 space per 400 square feet of floor area;

THAT all mechanical work and replacement of auto parts shall take place on the site and no work shall be done on the streets surrounding the site; signs shall be posted to that effect;

THAT any and all abandoned vehicles shall be removed from the parking lot;

THAT general maintenance and improvements shall be performed on the property, including trim painting, litter removal, and the clean-up of bushes and shrubs;

THAT the gates to the parking area shall be closed at all times except when in actual use;

THAT the above conditions shall appear on the certificate of occupancy;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the signs affixed to the building shall be updated, removed and replaced in compliance with the Building Code;

THAT a certificate of occupancy shall be obtained within one (1) year, by May 2, 2018;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 2, 2017.

## 80-05-BZ

APPLICANT – Aura Wellness Spa Corp., for Erol Devli, owner; Rockford Chun, lessee.

SUBJECT – Application December 15, 2015 – Extension of Term of a previously granted Special Permit (§73-36) for the continued operation of physical culture establishment (Aura Wellness Spa Corp.) which expired on November 15, 2015.

C6-6 and C6-4.5 zoning district.

PREMISES AFFECTED – 49 West 33<sup>rd</sup> Street, Block 835, Lot 9, Borough of Manhattan.

### COMMUNITY BOARD #5M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for an extension of term of a special permit, previously granted by the Board pursuant to ZR § 73-36, which expired on November 15, 2015; and

WHEREAS, a public hearing was held on this application on June 2, 2016, after due notice by publication in *The City Record*, with continued hearings on June 2, 2016 and March 28, 2017, and then to decision on May 2, 2017; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez and former Vice-Chair Hinkson performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 5, Manhattan, recommends approval of this application; and

WHEREAS, the subject site is located on the north side of West 33<sup>rd</sup> Street, between Broadway and Fifth Avenue, partially within a C6-6 zoning district and partially within a C6-4.5 zoning district in the Special Midtown District, in Manhattan; and

WHEREAS, the site has approximately 45 feet of frontage along West 33<sup>rd</sup> Street, 99 feet of depth, 4,398 square feet of lot area and is occupied by a four-story, with cellar, commercial building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since November 15, 2005, when, under the subject calendar number, the Board granted an application to permit a physical culture establishment (“PCE”) on a portion of the cellar, first floor and second floor of the building for a term of ten (10) years, expiring November 15, 2015, on condition that there be no change in ownership or operating control of the PCE without prior application to and approval from the Board, that massages be performed only by New York State-licensed masseurs or masseuses, that Local Law 58/87 compliance be as reviewed by the Department of Buildings (“DOB”), that fire safety measures, including a sprinkler system, be installed and maintained and that an interior fire alarm system be provided; and

WHEREAS, on May 13, 2014, the Board issued a

# MINUTES

letter of substantial compliance permitting the change in ownership and operating control of the PCE from “Nikko Spa and Health Corp.” to “Aura Wellness Spa Corp.”; and

WHEREAS, the applicant seeks an extension of the term of the special permit for an additional ten (10) years; and

WHEREAS, at hearing, the Board requested that the applicant revise the plans to reflect the current layout and provide additional information about the hours of operation, staffing plan and fire-safety systems; and

WHEREAS, in response, the applicant provided revised plans, clarifying, among other things, that the locker room facilities are separated by gender, and submitted an operational plan; and

WHEREAS, the applicant states that the facility operates from 10:00 a.m. to 2:00 a.m., seven days a week, accepts walk-in clients until 11:00 p.m. only, after which time service is by appointment only; and

WHEREAS, the Fire Department represents that it has no objection to the subject application; and

WHEREAS, the Board finds that a ten (10) year extension is appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens and amends* the resolution, dated November 15, 2005, so that as amended this portion of the resolution reads: “to grant an extension of the term of the special permit for a term of ten (10) years, to expire November 15, 2025, *on condition that* all work and site conditions shall comply with drawings filed with this application marked ‘Received April 13, 2017’-Three (3) sheets, and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years from November 15, 2015, expiring November 15, 2025;

THAT there shall be no change in ownership or operating control of the physical culture establishment without prior application to and approval from the Board;

THAT all massages shall be performed only by New York State-licensed masseurs or masseuses;

THAT the above conditions shall appear on the certificate of occupancy;

THAT an amended certificate of occupancy shall be obtained within one (1) year, by May 2, 2018;

THAT Local Law 58/87 compliance shall be as reviewed and approved by the Department of Buildings;

THAT fire safety measures, including a sprinkler system, shall be maintained as illustrated on the Board-approved plans;

THAT an interior fire alarm system shall be as provided as set forth on the Board-approved plans and as reviewed and approved by the Department of Buildings;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.”

Adopted by the Board of Standards and Appeals, May 2, 2017.

## 301-13-BZ

APPLICANT – Eric Palatnik, P.C., for Rabbi Mordechai Jofen, owner.

SUBJECT – Application September 6, 2016 – Amendment of a previously approved Variance (§72-21) permitting the addition of three floors to an existing one story and basement UG 4 synagogue for a religious-based college and post graduate (UG 3) with 10 dormitory rooms, contrary to sections 24-11, 24-521, 24-52,24-34(a),24-06. The amendment seeks a correction that the original DOB objection did not include a waiver of ZR §24-551 (side yard) and ZR §24-11 (Lot Coverage) R5B zoning district. PREMISES AFFECTED – 1502 Avenue N, Block 6753, Lot 1, Borough of Brooklyn.

## COMMUNITY BOARD #14BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application to amend a variance, previously granted by the Board pursuant to ZR § 72-21, to correct errors in the original application, specifically, the lot coverage calculation and the absence of a waiver reflected in the previously approved plans; and

WHEREAS, a public hearing was held on this application on March 28, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 2, 2017, and then to decision on the same date; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 14, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the southeast corner of the intersection of Avenue N and East 15th Street, in an R5B zoning district, in Brooklyn; and

WHEREAS, the site has approximately 40 feet of frontage along Avenue N, 100 feet of frontage along East 15th Street, 4,000 square feet of lot area and is occupied by a one-story plus basement UG 4 synagogue; and

WHEREAS, the Board has exercised jurisdiction over the subject site since June 16, 2015, when, under the subject calendar number, the Board granted a variance, pursuant to ZR § 72-21, to permit the construction of a four-story plus basement UG 3 seminary and UG 4 synagogue contrary to

# MINUTES

zoning regulations for floor area, lot coverage, height, sky exposure plane, front yards, side yards and parking, contrary to ZR §§ 24-11, 24-34, 24-35(a), 24-521, 24-52 and 25-31 (the “2015 Resolution”); and

WHEREAS, as a condition of that grant, the building parameters were defined as: a maximum floor area of 16,711.19 square feet (4.18 FAR), a maximum lot coverage of 87 percent, a maximum building height of 54 feet, no front yard, a single side yard of 10 feet, eight bicycle parking spaces and one motor vehicle parking space; and

WHEREAS, the applicant now seeks to correct the calculation of the approved building’s lot coverage, which is 89 percent, rather than 87 percent as stated in the 2015 Resolution, and recognize an additional waiver of ZR § 24-551, which was evident in the previously approved plans but absent from the Department of Buildings (“DOB”) objection and the Board Resolution; and

WHEREAS, the applicant represents that there are no changes proposed to the previously approved plans and that the Yeshiva’s program has not changed since the Board’s 2015 approval; and

WHEREAS, accordingly, the revised DOB decision, dated December 2, 2016, acting on Application No. 320832248 adds in pertinent part:

Proposed plans are contrary to ZR 24-551 in that the proposed side setback exceeds a height of 35 feet and exceeds the sky exposure plane of 2:1; and

WHEREAS, in the course of reviewing this application, the Board noted that the subject site had open Environmental Control Board (“ECB”) violations and fines and requested that such fines be paid and certificates of correction filed, as necessary, prior to the Board’s vote on this application; and

WHEREAS, at hearing, the applicant indicated that all outstanding ECB fines had been paid; and

WHEREAS, the Board also noted that the proposed plans submitted with this application included additional detailing on the roof—including bulkheads, air conditioning units and acoustical fencing—absent from the plans approved in connection with the 2015 Resolution and requested that these proposed plans be amended to pull the air conditioning units and fencing to the center of the roof in order to be less visible from the street and to better incorporate the bulkheads into the overall design of the building; and

WHEREAS, the applicant made these requested changes in satisfaction of the Board’s request; and

WHEREAS, based on the foregoing, the Board finds that the requested amendment does not alter the Board’s findings made for the original variance, specifically, the proposed variance, as amended, continues to reflect the minimum variance, and has determined that the request to amend the 2015 Resolution to correct the maximum lot coverage calculation and recognize an additional waiver of ZR § 24-551 is appropriate with certain conditions as set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated June 16, 2015, so that as amended this portion of the resolution shall read: “to permit a four-story and basement building to be occupied by a rabbinical seminary (college and post-graduate)

(Use Group 3) and synagogue (Use Group 4), which does not comply with the underlying zoning regulations for floor area, lot coverage, height, sky exposure plane, front yards, side yards, parking and side yard setback, contrary to ZR §§ 24-11, 24-34, 24-35(a), 24-521, 24-52, 25-31 and 24-551, *on condition* that any and all work shall substantially conform to drawings as filed with this application, marked ‘Received April 14, 2017’ – Eighteen (18) sheets; and *on further condition*:

THAT the building parameters will be: a maximum floor area of 16,711.19 sq. ft. (4.18 FAR); a maximum lot coverage of 89 percent; a maximum building height of 54’-0”; no front yard; a single side yard of 10’-0”; eight bicycle parking spaces and a single motor vehicle parking space, all as illustrated on the BSA-approved plans;

THAT any change in control or ownership of the building shall require the prior approval of the Board;

THAT the use shall be limited to a rabbinical seminary (college and post-graduate) (Use Group 4) with accessory synagogue (Use Group 3);

THAT the above conditions shall be listed on the certificate of occupancy;

THAT construction shall proceed in accordance with ZR § 72-23;

THAT a certificate of occupancy shall be obtained within four (4) years of this amendment;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, May 2, 2017.

### COMMUNITY BOARD #12Q

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, the decisions of the Department of Buildings (“DOB”), dated July 18, 2016, acting on Application Nos. 421234088, 421234079, 421234060 and 421229799 read in pertinent part:

“Proposed construction located in the bed of a mapped street is contrary to section 35 of the General City Law. Therefore, Board of Standards and Appeals approval is required”; and

WHEREAS, this is an application to allow the construction of a residential development within the bed of a mapped street, contrary to General City Law (“GCL”) § 35; and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, with a continued hearing on March 28, 2017, and then to decision on May 2, 2017; and

WHEREAS, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the site and surrounding neighborhood; and

---

# MINUTES

---

WHEREAS, Community Board 12, Queens, recommends approval of this application; and

WHEREAS, the subject site is located on the southwest corner of 95th Avenue and Brisbin Street, in an R5 zoning district, in Queens; and

WHEREAS, the subject site is comprised of three lots (presently identified as Lots 5, 6 and 10), which the applicant proposes to subdivide into four tax lots (Lot 5 and tentative Lots 7, 8 and 9), with approximately 101 feet of frontage along 95th Avenue, 92 feet of frontage along Brisbin Street, 9,661 square feet of lot area and is vacant; and

WHEREAS, the site is traversed by a mapped but unbuilt portion of 95th Avenue; and

WHEREAS, the applicant proposes to construct four three-story, with cellar, three-family multiple dwellings on the site; and

WHEREAS, by letter dated March 23, 2017, the Department of Transportation (“DOT”) confirms that Atlantic Avenue (aka 95th Avenue) is mapped at irregular widths and that the City of New York (“City”) has a Corporation Counsel Opinion of Dedication (“CCO”) for a width of 66 feet and no title for 34 feet; and

WHEREAS, DOT further states that it has no objection to the subject application, but requested that the applicant complete and submit the SL-11D Form to the DOT Director of Street Lighting, and this request that has been incorporated as a condition of this grant; and

WHEREAS, by letter dated February 23, 2017, the Department of Environmental Protection (“DEP”) states that, based on its maps, there is a 10-inch diameter sanitary sewer, a 12-inch diameter sanitary sewer, a 36-inch diameter storm sewer and an 8-inch diameter City water main in the bed of Atlantic Avenue the subject location, but based on the plot plan submitted with this application, showing a 15 foot wide easement for DEP inside of the subject property line along Atlantic Avenue for the maintenance and/or reconstruction of the existing 8-inch diameter City water main, it has no objection to the subject application; and

WHEREAS, by letter dated January 31, 2017, the Fire Department states that it has no objection to the subject application provided that the entire development be fully sprinklered and a hydrant be located within 250 feet of all main front entrances; and

WHEREAS, the applicant purchased the site from the City of New York (the “City”) and the deed is subject to a restrictive covenant, requiring that the applicant provide the City with a Certificate of Occupancy by a date certain; and

WHEREAS, the date of delivery for the Certificate of Occupancy was extended, by a letter from the Department of Citywide Administrative Services (“DCAS”) dated August 20, 2015, to August 20, 2018, on conditions, including that this extension inured to the benefit of the present owner only and will not pertain to and/or benefit any other assignee, purchaser, or transferee of the subject site, whether by direct conveyance or by stock transfer without written consent of DCAS; and

WHEREAS, in response to the Board’s questions at

hearing about the restrictive covenant on the property, compliance with zoning regulations for predominantly built up areas and the locations of utility poles and trees, the applicant submitted additional information, including a maneuverability study, and revised the drawings and zoning calculations demonstrating that the proposal complies with applicable zoning regulations, including the maximum permitted floor area ratio, and will not utilize any predominantly building up area provisions; and

WHEREAS, the applicant also submits that any work performed would be at the applicant’s own risk of the City’s exercising its rights under the restrictive covenant; and

WHEREAS, at hearing the Board expressed concerns with maintenance of the site, including debris-strewn sidewalks and fencing in disrepair, which the Board witnessed during its inspection of the site; and

WHEREAS, the applicant represents that, since the Board’s inspection, the site has been cleaned up; and

WHEREAS, the Board notes that pursuant to GCL § 35 it may authorize construction within the bed of a mapped street subject to reasonable requirements; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore it is Resolved*, that the decisions of the Department of Buildings (“DOB”), dated July 18, 2016, acting on Application Nos. 421234088, 421234079, 421234060 and 421229799, be *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be *granted*, limited to the objections noted, *on condition* that construction shall substantially conform to the drawings filed with the application marked “Received April 14, 2017”– Six (6) sheets; and that all applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT the SL-11D Form shall be completed and submitted with DOT in the manner requested;

THAT the dwellings shall be fully sprinklered;

THAT a hydrant shall be located within 250 feet of the main front entrances of the dwellings;

THAT all DOB And related agency application(s) filed in connection with the authorized use and/or bulk will be signed off by DOB and all other relevant agencies within four (4) years, by May 2, 2021;

THAT DOB will review and approve plans associated with the Board’s approval for compliance with the underlying zoning regulations as if the unbuilt portion of the street were not mapped;

THAT to the extent required by DOB and/or DOT, a Builder’s Pavement Plan shall be filed and approved prior to the issuance of a Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by DOB;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the

# MINUTES

Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configurations(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 2, 2017.

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda,

Commissioner Ottley-Brown and Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated April 21, 2017, acting on Department of Buildings (“DOB”) Application No. 320596734 reads in pertinent part:

1. Proposed plans are contrary to ZR 23-141(c) in that the proposed lot coverage exceeds the permitted 55%;
2. Proposed plans are contrary to ZR 23-141(c) in that the proposed open space ratio (OSR) is less than the required 45%;
3. Proposed plans are contrary to ZR 23-461(a) in that the existing minimum side yard is less than the required 5’;
4. Proposed plans are contrary to ZR 23-45(a) in that the front yard is less than the required 10’;
5. Proposed plans are contrary to ZR 23-841 in that the outer court width is more than its depth;
6. Proposed plans are contrary to ZR 25-621(b) in that the proposed parking space is located between the street line and street wall; and

WHEREAS, the Board notes that since the time of this application, the Zoning Resolution has been amended and the text formerly found in ZR § 23-141(c), setting forth the required open space ratio and maximum lot coverage permitted in an R4 zoning district, is now found at ZR § 23-142; thus the Board treats the citation to ZR § 23-141(c) in DOB’s objection as a citation to ZR § 23-142; and

WHEREAS, this is an application under ZR § 72-21 to permit, within an R4 zoning district and the Special Ocean Parkway District, the enlargement and conversion of a two-family residence to a single-family residence that does not comply with the underlying regulations pertaining to lot coverage, open space ratio, side yards, front yards, outer courts and parking, as set forth in ZR §§ 23-142, 23-461(a), 23-45(a), 23-841 and 25-621(b); and

WHEREAS, a public hearing was held on this application on November 15, 2016, after due notice by publication in *The City Record*, with a continued hearing on February 14, 2017, and then to decision on April 4, 2017; and

WHEREAS, the record was re-opened on May 2, 2017, to revise a revised objection from DOB, closed and voted again on the same date; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of the application; and

WHEREAS, the subject site is located on the northwest corner of Southgate Court and West 1st Street, in an R4 zoning district and the Special Ocean Parkway District, in Brooklyn; and

WHEREAS, the site has approximately 30 feet of

---

# MINUTES

---

frontage along Southgate Court, 100 feet of frontage along West 1st Street, 3,000 square feet of lot area and is occupied by a two-family residence with 2,225 square feet of floor area, a floor area ratio ("FAR") of 0.74, a total height of 27'-7", a 63'-1" front yard fronting Southgate Court and no front yard along West 1st Street, two side yards of 0 feet and 3'-8", 29 percent lot coverage, 71 percent open space and a one-story one-car garage; and

WHEREAS, the applicant proposes to enlarge the existing residence to 3,838 square feet of floor area, 1.28 FAR, 64 percent lot coverage, 36 percent open space, two side yards of 3'-4" and 3'-8", a total height of 30'-11", a 23 foot front yard fronting Southgate Court and no front yard fronting West 1st Street and demolish the existing garage but maintain a single accessory off-street parking space; and

WHEREAS, at the subject site, the minimum open space required is 55 percent and the maximum lot coverage and FAR permitted are 45 percent and 1.35, respectively, pursuant to ZR § 23-143; the maximum total height is 35 feet, pursuant to ZR § 23-631; two front yards of at least 18 feet and 10 feet are required pursuant to ZR § 23-45 and two side yards of at least 20 feet and 5 feet are required pursuant to ZR § 23-461; and

WHEREAS, the applicant submits that the subject site is located within a "predominantly built-up area" and that ZR § 23-143 is applicable at the subject site because the subject block is located entirely within an R4 zoning district, the area of the block does not exceed four acres, buildings on zoning lots comprise more than 50 percent of the block area, residences on the block received certificates of occupancy between 1920 and 1950 and submitted a Predominantly Built-Up Area Study demonstrating that the aggregate length of street frontages occupied by single- or two-family detached or semi-detached residences on each side of West 1st Street and each side of Southgate Court constitutes less than 75 percent of the aggregate length of those blocks; and

WHEREAS, the applicant states that, pursuant to ZR § 72-21(a), the small size of the lot and the small size, orientation to the street and the functional obsolescence of the existing residence for modern living create a practical difficulty and unnecessary hardship in redeveloping the site in conformance with the underlying district regulations; and

WHEREAS, specifically, the applicant submits that the subject site is only 30 feet wide, whereas in the subject zoning district, the minimum lot width required for a single-family detached residence is now 40 feet pursuant to ZR § 23-32; that the existing residence, which was constructed in or around 1920, has undersized rooms, is positioned on the northern portion of the lot and flush along the site's eastern lot line fronting West 1st Street, within both a required side yard and front yard, compared to other residences on Southgate Court, which are positioned closer to their southern lot lines; and

WHEREAS, the applicant provided a study of all lots located within 400 feet of the subject site (the "Study Area") illustrating that the existing residence is the only dwelling with the complained of lot orientation within the Study Area and that, of the 18 other corner lots within the Study Area, 15 are developed with semi-attached dwellings required to provide only one side yard; and

WHEREAS, in response to Board inquiry on the history of development of the existing residence, the applicant submits that the residence was legally constructed in or around 1920 and subsequently converted to a two-family dwelling in or around 1950, when a new Certificate of Occupancy was issued for such use at the subject site; and

WHEREAS, with regards to obsolescence, the applicant makes reference to the 2014 New York City Building Code, which sets forth a minimum ceiling height of 8 feet and a minimum dimension of 8 feet for habitable rooms and spaces, and notes that almost half of the existing residence's floor area is located at the basement where the floor to ceiling height is 6'-6", that nearly three-quarters of the floor area in the attic has a floor to ceiling height of less than 8 feet and that the existing first floor living room and one first floor bedroom have plan dimensions of 6'-11" and 7'-11", respectively, rendering more than half of the total floor area of the existing residence unsuitable for modern living; and

WHEREAS, in response to inquiry from the Board regarding whether the existing residence was simply obsolete as a two-family residence, but could meet contemporary modern living standards as a one-family dwelling without the subject variance, the applicant represents that an as-of-right vertical enlargement is impracticable because of the existing structures front yard and side yard non-compliances and the requirement that the vertical enlargement provide a 10 foot front yard and 20 foot side yard in compliance with underlying yard regulations; the applicant additionally represents that an as-of-right horizontal enlargement is similarly frustrated by the existing structure's placement along the lot line fronting West 1st Street, placement that requires compliance with court regulations that, in the subject zoning district, require the width of a court to be equal to its depth and, thus, enables the development at the subject site of a one-story enlargement measuring only 15 feet by 5 feet, which, even with the redesigning of partitions, still results in an obsolete dwelling with undersized habitable spaces unsuitable for modern living; and

WHEREAS, based on the above, the Board finds that the functional obsolescence of the existing residence for modern living and its orientation to the street create unnecessary hardship and practical difficulty in developing the site in conformance with the applicable zoning regulations; and

WHEREAS, the Board has determined that because of the subject lot's unique physical conditions, there is no reasonable possibility that compliance with applicable zoning regulations will result in a habitable home, in satisfaction of ZR § 72-21(b); and

WHEREAS, the applicant notes that the proposed enlargement complies with floor area, FAR, wall height and building height regulations and that the requested waivers of lot coverage and open space are consistent with the existing conditions of corner lots located within the Study Area and, therefore, the subject proposal will not alter the essential character of the neighborhood, will not substantially impair the appropriate use or development of adjacent property and will not be detrimental to the public welfare, in accordance

# MINUTES

with ZR § 72-21(c); and

WHEREAS, the applicant submits that the existing dwelling's location at the lot line fronting West 1st Street and non-compliant front yard has existed and been part of the neighborhood's character since 1920, thus a straight-line extension of the dwelling will maintain the character of both the dwelling and the surrounding neighborhood; and

WHEREAS, in hearing, the Board questioned the extent to which the proposed enlargement exacerbated the non-compliant front yard by elongating the side of the dwelling located along the lot line by more than 34 feet and suggested that the lesser variance scenario submitted by the applicant—which would elongate the side of the dwelling located along the lot line by a little more than 24 feet and result in an enlarged dwelling having 3,300 square feet of floor area, 1.1 FAR, 55 percent lot coverage, 45 percent open space, two side yards of 3'-4" and 3'-8", a total height of 30'-11", a 33'-1" front yard fronting Southgate Court and no front yard fronting West 1st Street (the "Lesser Variance")—was more in scale with the neighborhood; and

WHEREAS, in the course of hearing, the applicant abandoned the original proposal and amended the application to pursue the Lesser Variance, which is compliant with underlying zoning regulations relating to lot coverage and open space ratio; and;

WHEREAS, accordingly, the Board finds that the Lesser Variance will not alter the essential character of the neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, the applicant state that, per ZR § 72-21(d), the hardship was not self-created; and

WHEREAS, the Board finds that the hardship herein was not created by the owner or a predecessor in title; and

WHEREAS, in response to inquiry from the Board regarding the subject site's eligibility for a special permit pursuant to ZR § 73-622 in lieu of the proposed variance, the applicant states that the existing residence is a "zero lot line building," as defined in ZR § 12-10 and, thus, ineligible for the special permit, which is only available to "detached" and "semi-detached" residences; and

WHEREAS, the applicant additionally submits that the special permit does not permit enlargements that create new non-compliances and the subject proposal creates a non-compliant court, an alternative basis for the disqualification of the subject premises from consideration for a special permit pursuant to ZR § 73-622; and

WHEREAS, accordingly, and in light of the applicant's submission that the Lesser Variance is the minimum relief required to provide the owner with rooms commonly found in other new or enlarged homes, the Board finds that the subject proposal is the minimum necessary to afford the owner relief, consistent with ZR § 72-21(e); and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 16-BSA-074K, dated October 11, 2016; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR § 72-21 to permit, in an R4 zoning district and the Special Ocean Parkway District, the enlargement and conversion of a two-family residence to a single-family residence that does not comply with the underlying regulations pertaining to side yards, front yards, outer courts and parking, as set forth in ZR §§ 23-461(a), 23-45(a), 23-841 and 25-621(b); *on condition* that all work shall substantially conform to drawings filed with this application marked "Received April 5, 2017" - Twelve (12) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the site: minimum side yard widths of 3'-4" and 3'-8", no front yard along West 1st Street, a maximum outer court width of 36'-9" and a maximum of one (1) open parking space located between the street line and street wall, as reflected on the BSA-approved plans;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 2, 2017.

# MINUTES

---

WHEREAS, the decision of the Department of Buildings (“DOB”), dated April 5, 2017, acting on Alteration Application No. 321549570, reads in pertinent part:

“Proposed Physical Culture Establishment (PCE) located in Zoning District C4-3 requires a Special Permit pursuant to ZR section 73-36”; and

WHEREAS, this is an application pursuant to ZR §§ 73-36 and 73-03 to permit, in a C4-3A zoning district, the operation of a physical culture establishment (“PCE”), contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on March 7, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 2, 2017, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 6, Brooklyn, recommends approval of this application on condition that there be acoustical separation between the proposed PCE and the existing retail space in the building; and

WHEREAS, the subject site is located on the northeast corner of 5th Avenue and 15th Street, within a C4-3A zoning district, in Brooklyn; and

WHEREAS, the site has approximately 74 feet of frontage along 5th Avenue, 100 feet of frontage along 15th Street, 7,350 square feet of lot area and is occupied by a two-story plus cellar commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the proposed PCE will occupy a total of 7,351 square feet of floor area (12,841 square feet of gross floor space) as follows: 5,490 square feet of floor space in the cellar consisting of a group-fitness area, lounge, child care facilities, locker rooms, storage and office space; 1,518 square feet of floor area on the first floor with a reception area and training room; and 5,833 square feet of floor area on the second floor, which will house an equipment-filled fitness floor and restrooms; and

WHEREAS, the PCE will be operated as Crunch Fitness with proposed hours of operation of Monday to Saturday, 5:00 a.m. to 11:00 p.m., and Sunday, 7:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant represents that the PCE use is consistent with the commercial character of the

# MINUTES

surrounding area and that the PCE is fully contained in an existing structure, generates little noise and is not a nuisance to other uses in the building; and

WHEREAS, with regards to sound attenuation in the PCE, the applicant represents that attenuation measures—including resilient flooring, rubber matting, batt insulation and acoustic tiles—will be provided to ensure that sound levels in other portions of the building will not exceed 45 dBA; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to the use of the premises, the applicant states that the PCE provides facilities for classes, instruction and programs for physical improvement, specifically group fitness; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant has submitted plans to the Board indicating that an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to a Fire Department-approved central station—shall be installed in the entire PCE space and that the PCE will be fully sprinklered; and

WHEREAS, the Fire Department represents that, based on its review of the drawings and supporting documentation for the proposed PCE, it has no objection to this application; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 16-BSA-077K, dated February 19, 2016; and

WHEREAS, accordingly, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03 and that the applicant has substantiated a basis to warrant exercise of discretion to grant.

*Therefore it is Resolved*, that the Board of Standards and Appeals *issues* a Type II determination under 6 NYCRR Part 617.3 and 617.5, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1977, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to *permit*, in a C4-3A zoning district, the operation of a physical culture establishment, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received April 12, 2017”- Seven (7) sheets; and *on further condition*:

THAT the term of this grant shall be for ten (10) years, expiring May 2, 2027;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3’-0” wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station—shall be installed in the entire PCE space and the PCE shall be fully sprinklered, as indicated on the BSA-approved plans;

THAT sound attenuation shall be installed in the PCE as indicated on the BSA-approved plans;

THAT Local Law 58/87 shall be complied with as approved by DOB;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by May 2, 2021;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 2, 2017.

## 2016-4163-BZ

APPLICANT – Sheldon Lobel, P.C., for George Arsoff, owner.

SUBJECT – Application April 1, 2016 – Special Permit (§73-622) for the enlargement of an existing single family home contrary to floor area and open space ZR 23-141. R2 zoning district.

PREMISES AFFECTED – 8120 Colonial Road, Block 5994, Lot 45, Borough of Brooklyn.

## COMMUNITY BOARD #10BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Borough Commissioner,

# MINUTES

dated December 2, 2016, acting on Department of Buildings (“DOB”) Application No. 340291339 reads in pertinent part:

“Proposed enlargement of an existing Residential Building (cited above) exceeds floor area [and open space ratio] permissible pursuant to Z.R. Section 23-10 et seq. A Special Permit is available through the Board of Standards and Appeals pursuant to ZR 73-622 – ZR 23-141 which addresses the proposed Floor Area Non-compliance”; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R2 zoning district and the Special Bay Ridge District, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area and open space ratio, contrary to ZR § 23-141; and

WHEREAS, a public hearing was held on this application on March 21, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 2, 2017, and then to decision on the same date; and

WHEREAS, Vice-Chair Chanda and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 10, Brooklyn, recommends disapproval of the application on the basis that Community Board 10, at the time of the filing of this application, was in the process of filing a zoning text change with the New York City Department of City Planning (“DCP”) to remove Community Board 10 from the areas in which a special permit pursuant to ZR § 73-622 is available and, thus, support of this application would be inconsistent with the request for this text change; and

WHEREAS, the Board notes that this application is expressly mentioned in the amended text of ZR § 73-622(c), adopted October 27, 2016; and

WHEREAS, the subject site is located on the northwest corner of Colonial Road and 82nd Street, within an R2 zoning district and the Special Bay Ridge District, in Brooklyn; and

WHEREAS, the site has approximately 109 feet of frontage along Colonia Road, 50 feet of frontage along 82nd Street and 5,467 square feet of lot area; and

WHEREAS, the site is occupied by a two-story single-family detached residence with 3,117 square feet of floor area, a floor area ratio (“FAR”) of 0.57 and an open space ratio of 122; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single-* or *two-family detached* or *semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27,

2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*, *floor area*, *side yard*, *rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single-* or *two-family detached* or *semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building’s non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins.

Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the

---

# MINUTES

---

foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the subject special permit is available to the subject site as indicated in ZR § 73-622(c); and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated by ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing dwelling on the second floor and attic level resulting in a dwelling with 4,044 square feet of floor area, an FAR of 0.74 and an open space ratio of 94; and

WHEREAS, at the subject site, a maximum FAR of 0.50 is permitted and an open space ratio of at least 150 is required pursuant to ZR § 23-141; and

WHEREAS, the applicant notes that the open space ratio is decreasing as a result of the enlargement only because of the increase in total floor area and that no changes to the amount of open space on the lot are herein proposed; and

WHEREAS, in support of the application, the applicant submitted an FAR study of single- and two-family dwellings located within 400 feet of the subject site (the "Study Area") illustrating that 61 of the 94 other residences in the Study Area (65 percent) have FARs greater than 0.50, including all seven of the developed sites located across Colonial Road from the subject premises, which have FARs ranging from 0.69 to 0.84; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R2 zoning district and the Special Bay Ridge District, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area and open space ratio, contrary to ZR § 23-141; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received April 13, 2017"- Fourteen (14) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: a maximum floor area of 4,044 square feet (0.74 FAR) and an open space ratio of at least 94, as illustrated on the BSA-approved plan; and

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the

Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 2, 2017.

## THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated May 11, 2017, acting on Application No. 321066877, reads in pertinent part:

Proposed plans are contrary to:

ZR 23-141 . . . in that the proposed floor area (F.A.R.) exceeds the maximum permitted;

ZR 23-141 in that the proposed open space ratio is less than the minimum required; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area and open space ratio, contrary to ZR § 23-141; and

WHEREAS, a public hearing was held on this application on March 7, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 16, 2017, and then to decision on the same date: and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 14, Brooklyn, recommends approval on condition that no mechanical equipment be placed in the west side yard; and

WHEREAS, the subject site is located on the southwest corner of Avenue J and East 22nd Street, within an R2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 50 feet of frontage along Avenue J, 100 feet of frontage along East 22nd Street and 5,000 square feet of lot area; and

WHEREAS, the site is occupied by a three-story single-family detached dwelling with 3,461 square feet of floor area, a floor area ratio (“FAR”) of 0.69, an open space ratio of 95 and side yards measuring 5.1 feet and 18.3 feet; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached* or *semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit

---

# MINUTES

---

shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage*, *open space*, *floor area*, *side yard*, *rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins.

Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated by ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing dwelling with second floor additions to the one-story

portions of the existing dwelling and a two-story enlargement at the front, resulting in a dwelling with 4,679 square feet of floor area, an FAR of 0.93 and an open space ratio of 65; and

WHEREAS, at the subject site, a maximum FAR of 0.50 is permitted and an open space ratio of at least 150 is required pursuant to ZR § 23-141 and two side yards of at least 5 feet each and a single side yard with a width of at least 20 feet are required pursuant to ZR § 23-461; and

WHEREAS, in response to an inquiry by the Board regarding the legality of a non-compliant side yard and the presence, in that required side yard, of a garage and one-story extension to the existing dwelling, the applicant submitted a 1929 Sanborn map of the subject area showing that both the garage and the extension existed on the premises prior to 1961 and are, therefore, along with the 18.3 feet wide side yard, legal non-compliances; and

WHEREAS, in support of the subject special permit application, the applicant additionally submitted a survey of one- and two-family residences within 400 feet of the subject site and an R2 zoning district (the "Study Area") demonstrating that of the 76 residences in the Study Area, 20 (25 percent) have FARs greater than 0.75, ranging from 0.76 to 2.08; and

WHEREAS, in addition, the applicant submits that the streetscape of the subject block is characterized by two- and three-story residences with pitched roofs and that the proposal is consistent with this existing character; and

WHEREAS, in response to testimony from a neighbor in opposition to the proposal on the basis that the proposed enlargement would leave the neighbor's home in shadow, the applicant submitted a shadow study illustrating that the proposal will not substantially adversely affect the neighboring residence with regards to light access; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area and open space ratio, contrary to ZR § 23-141; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received April 28, 2017"- Twelve (12) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: a maximum floor area of 4,679 square feet (0.93 FAR) and an open space ratio of at least 65 as illustrated on the BSA-approved plan; and

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

# MINUTES

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 16, 2017.

## 88-15-BZ

APPLICANT – Law Office of Lyra J. Altman, for Lisa Wortman and Bruce Wortman, owners.

SUBJECT – Application April 20, 2015 – Special Permit (§73-622) for the enlargement of an existing single family home contrary to floor area (ZR 23-141); side yards (ZR 23-461) and less than the required rear yard (ZR 23-47). R3-2 zoning district.

PREMISES AFFECTED – 1834 East 21<sup>st</sup> Street, Block 6803, Lot 21, Borough of Brooklyn.

## COMMUNITY BOARD #15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated March 20, 2015, acting on Application No. 320915159, reads in pertinent part:

1. ZR 23-47: The proposed rear yard depth is contrary to ZR 23-47;
2. ZR 23-141: The proposed floor area is contrary to ZR 23-141(b);
3. ZR 23-461: The proposed side yard is contrary to ZR 23-461(a); and

WHEREAS, the Board notes that since the filing of this application, the Zoning Resolution has been amended and the text formerly found in ZR § 23-141(b), setting forth the maximum floor area ratio permitted in an R3-2 zoning district, is now found in ZR § 23-142; thus, the Board treats the citation to ZR § 23-141(b) in DOB’s objection as a citation to ZR § 23-142; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R3-2 zoning district, the proposed enlargement of single-family detached residence that does not comply with the zoning requirements for rear yard, floor area and side yards, contrary to ZR §§ 23-47, 23-142 and 23-461(a); and

WHEREAS, a public hearing was held on this application on May 2, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 16, 2017, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the west side of East 21st Street, between Quentin Road and Avenue R, in an R3-2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 40 feet of frontage along East 21st Street, 100 feet of depth and 4,000 square feet of lot area; and

WHEREAS, the site is occupied by a two-story single-family detached dwelling with 1,584 square feet of floor area, a floor area ratio (“FAR”) of 0.40, side yards measuring 3’-10” and 12’-9” and a rear yard of 36’-8”; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached or semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage, open space, floor area, side yard, rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear*

---

# MINUTES

---

- lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins. Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated by ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing dwelling with a two-story plus cellar enlargement at the rear and an enlargement at the front of the dwelling at the second floor, resulting in a dwelling with 2,661 square feet of floor area, 0.66 FAR, side yards of 3'-10" side yard and 10 feet and a rear yard of 22'-3"; and

WHEREAS, at the subject site, a maximum FAR of 0.50 is permitted pursuant to ZR § 23-142; two side yards at least 5 feet wide each and a total combined width of at least 13 feet are required pursuant to ZR § 23-461(a); and a rear yard of at least 30 feet is required pursuant to ZR § 23-47; and

WHEREAS, the applicant presented an analysis of the floor area ratios of the one-and two-family residences on the same block as the subject lot within an R3-2 zoning district and on the block immediately to the east (Block 6804) demonstrating that 32 of the 65 dwellings (49 percent) have FARs ranging from 0.52 to 0.78, including 17 of the dwellings on the same street as the subject lot, one of which has an FAR of 0.55 and is located immediately north of the subject site, and 19 of those dwellings (59 percent) have FARs of 0.60 or greater; and

WHEREAS, the applicant additionally notes that the rear property line of the subject site is on a district boundary line separating an R3-2 zoning district and an R7-A zoning district,

in which the maximum permitted FAR is 4.00, and a building that shares its rear lot line with the subject site is occupied by a six-story building having an FAR of 4.55; and

WHEREAS, the applicant also presented the Board with analyses of the rear yard depths of buildings located on the same social block as the subject lot showing that, of the 20 buildings on the social block located in an R3-2 zoning district, 8 (40 percent) have rear yards of less than 30 feet and ranging in depth from 19 feet to 25 feet, including the dwelling located immediately north of the subject site, which has a rear yard of 25 feet; and of the total 40 buildings on the social block (20 of which are located in an R7-2A zoning district), 21 (53 percent) have rear yards of less than 30 feet and ranging in depth from 11 feet to 27 feet; and

WHEREAS, at hearing, the Board mentioned a general preference for the subject proposal to match the rear yard depth of the dwelling to its immediate north, but understood that a reduction in the proposed extension at the rear of the existing dwelling would significantly compromise the depth of the new bedrooms proposed on the second floor and further noted that the remainder of the existing dwellings was not planned to be gutted and, thus, be reconfigured to compensate for such reduction; and

WHEREAS, with regards to the proposed enlargement at the front of the existing dwelling, the Board notes that there is a wide variety of typologies on the subject block and that the proposal, is consistent with this variety; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R3-2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for rear yard depth, floor area ratio and side yards, contrary to ZR §§ 23-47, 23-142, 23-461; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received February 14, 2017"-Eleven (11) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: a maximum floor area of 2,661 square feet (0.66 FAR), side yards of at least 3'-10" and 10 feet and a rear yard of at least 22'-3", as illustrated on the BSA-approved plan; and

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

# MINUTES

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 16, 2017.

## 2016-4211-BZ

APPLICANT – Law Office of Lyra J. Altman, for Chanie Edelstein and Shimon Edelstein, owners.

SUBJECT – Application June 1, 2016 – Special Permit (§73-622) for the enlargement of an existing single family home contrary to floor area and open space ratio (ZR §23-141); side yards (ZR §23-461) and less than the required rear yard (ZR §23-47). R2 zoning district.

PREMISES AFFECTED – 1052 East 23<sup>rd</sup> Street, Block 7604, Lot 66, Borough of Brooklyn.

## COMMUNITY BOARD #14BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated May 5, 2016, acting on Department of Buildings (“DOB”) Application No. 321232368, reads in pertinent part:

1. Proposed plans are contrary to Zoning Resolution Section 23-141 in that the proposed floor area ratio exceeds the maximum permitted;
2. Proposed plans are contrary to Zoning Resolution Section 23-141 in that the proposed open space ratio is less than the minimum required;
3. Proposed plans are contrary to Zoning Resolution Section 23-461 in that the proposed side yard is less than the minimum required;
4. Proposed plans are contrary to Zoning Resolution Section 23-47 in that the proposed rear yard is less than the minimum required; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R2 zoning district, the proposed enlargement of single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space ratio, side yards and rear yards, contrary to ZR §§ 23-141, 23-461 and 23-47; and

WHEREAS, a public hearing was held on this application on May 2, 2017, after due notice by publication in *The City Record*, with a continued hearings on May 16, 2017, and then to decision on that date; and

WHEREAS, Commissioner Ottley-Brown and

Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 14, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site located on the western side of East 23<sup>rd</sup> Street, between Avenue J and Avenue K, in an R2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 40 feet of frontage along East 23<sup>rd</sup> Street, 100 feet of depth and 4,000 square feet of lot area; and

WHEREAS, the site is occupied by a two-story plus attic single-family detached dwelling with 3,243 square feet of floor area, a floor area ratio (“FAR”) of 0.81, an open space ratio of 80 percent, side yards measuring 4 feet and 10’-2” and a rear yard measuring 26’-9”;

WHEREAS, the applicant asserts that the existing rear yard is a legal non-compliance and, in support of that contention, submitted a 1950 Sanborn map of the site and surrounding area showing a rear yard condition at the subject site substantially similar to the existing rear yard conditions, specifically the existing rear yard extension; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached or semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage, open space, floor area, side yard, rear yard* or perimeter wall height regulations, provided that:

---

# MINUTES

---

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in 2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins.

Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated by ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing dwelling to 3,769 square feet of floor area, an FAR of 0.94, an open space ratio of 59 percent, side yards measuring 4 feet and 9 feet and a rear yard of 20 feet; and

WHEREAS, at the subject site, a maximum FAR of 0.50 and a minimum open space ratio of 150.0 are permitted pursuant to ZR § 23-141; two side yards at least 5 feet wide each and a total combined width of at least 13 feet are required pursuant to ZR § 23-461; and a rear yard of at least 30 feet is required pursuant to ZR § 23-47; and

WHEREAS, the applicant proposes extensions on the first floor at the rear, in the southern side yard and in the front yard and an extension in a corner of the second floor in the rear yard, which, in sum, the Board finds to be very modest; and

WHEREAS, the applicant provided the Board with a

streetscape montage demonstrating that the subject block contains a variety of building typologies and that the subject proposal will fit within this existing eclectic character; and

WHEREAS, the applicant also provided the board with open space and FAR studies of residences within 400 feet of subject site showing that all but one of the single- or two-family dwellings within the study area have open space ratios of less than 150.0 and from which the Board observed that there were several buildings within the study area of 1.0 FAR or greater; and

WHEREAS, the applicant additionally provided the Board with a study of the rear yard depths of other single- and two-family dwellings on the same social block as the subject premises demonstrating, that of the 33 residences in the study area, all 33 (100 percent) have rear yards with depths of less than 30 feet and 18 (55 percent) have rear yards with depth of 20 feet or less; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, open space ratio, side yards and rear yards, contrary to ZR §§ 23-141, 23-461 and 23-47; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked "Received February 14, 2017"- Twelve (12) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: a maximum floor area of 3,769 square feet (0.94 FAR), an open space ratio of at least 59 percent, side yards with widths of at least 4 feet and 9 feet and a rear yard of at least 20 feet, as illustrated on the BSA-approved plans; and

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

APPLICANT – Rothkrug Rothkrug & Spector LLP, for MB-REEC Houston Property Owner LLC, owner; Equinox 196 Orchard Street, Inc., lessee.

SUBJECT – Application May 11, 2016 – Special Permit (§73-36) to permit a physical culture establishment (*Equinox*) within a new mixed-use building, C6-2A/C4-4A zoning district.

PREMISES AFFECTED – 194 Orchard Street, Block 412, Lot 12, Borough of Manhattan.

#### COMMUNITY BOARD #3M

**ACTION OF THE BOARD** – Application granted on condition.

## THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner

Montanez. . . . .4

Negative: . . . . .0

## THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated April 15, 2016, acting on New Building Application No. 121473208, reads in pertinent part:

“Proposed physical culture establishment, in a C6-2A and C4-4A zoning districts is contrary to Section ZR 32-10 . . . .”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to permit, on a site partially within a C6-2A zoning district and partially within a C4-4A zoning district, a physical culture establishment (“PCE”), contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on May 16, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site

and surrounding neighborhood; and

WHEREAS, Community Board 3, Manhattan, recommends disapproval of this application; and

WHEREAS, the subject site is located on the southeast corner of Orchard Street and East Houston Street, partially within a C6-2A zoning district and partially within a C4-4A zoning district, in Manhattan; and

WHEREAS, the site has approximately 120 feet of frontage along Orchard Street, 140 feet of frontage along East Houston Street, 30,000 square feet of lot area and is currently under development, in part, with a 12-story, with cellar and sub-cellar, mixed-use commercial and residential building; and

WHEREAS, a portion of the site is subject to an environmental designation (E-126) and under the jurisdiction of the New York City Office of Environmental Remediation; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

---

# MINUTES

---

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the proposed PCE will occupy a total of 25,538 square feet of floor area as follows: 1,188 square feet on the first floor consisting of a lobby, reception area, lounge and juice bar, 11,520 square feet of floor area on the second floor with strength-training areas, cardiovascular space, stretching areas, changing areas, a lounge and shop, locker rooms, a spa lounge and treatment area, and 12,830 square feet on the third floor, which will include spaces for strength training, stretching, cardiovascular enhancement, group fitness, cycling and yoga; and

WHEREAS, the PCE will be operated as Equinox Fitness with proposed hours of operation of Monday through Friday, 5:30 a.m. to 11:30 p.m., and Saturday and Sunday, 7:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant represents that the PCE use is consistent with the surrounding commercial area, that the majority of members will be residents of the neighborhood and employees of nearby commercial establishments and, therefore, walk to the site or arrive by public transportation; and

WHEREAS, in addition, the applicant submits that sound attenuation measures will be provided within the space so as to not disturb other tenants in the building by ensuring that the sound levels in adjacent building areas do not exceed 45 dBA, including batt insulation and jack slab flooring; and

WHEREAS, accordingly the Board finds that the PCE

is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, the applicant states that the PCE contains facilities for classes, instruction and programs for physical improvement, body building, weight reduction and aerobics—including group fitness, yoga and stretching; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that the PCE will be fully sprinklered and that an approved interior fire alarm—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station—will be installed in the entire PCE space; and

WHEREAS, by letter dated May 9, 2017, the Fire Department states that it has no objection to this application; and

WHEREAS, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, the proposed project will not interfere with any pending public improvement project; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-03; and

WHEREAS, the project is classified as an Unlisted action pursuant to 6 NYCRR, Part 617.2; and

WHEREAS, the Board has conducted an environmental review of the proposed action and has documented relevant information about the project in the Final Environmental Assessment Statement CEQR No. 16-BSA-118M, dated May 11, 2016; and

WHEREAS, the EAS documents that the project as proposed would not have significant adverse impacts on Land Use, Zoning and Public Policy; Socioeconomic Conditions; Community Facilities; Open Space; Shadows; Historic and Cultural Resources; Urban Design; Natural Resources; Hazardous Materials; Infrastructure; Solid Waste and Sanitation Services; Energy; Transportation; Air Quality; Greenhouse Gas Emissions; Noise; Public Health; Neighborhood Character; or Construction Impacts; and

WHEREAS, by letter dated June 3, 2015, OER issued a Notice to Proceed stating that the applicant's noise remedial action plan, including window and wall attenuations of 31 dBA for all facades, 31 dBA in residential spaces and 26 dBA in the commercial space, and the applicant's air quality remedial action plan, proposing to use natural gas for the hot water heaters and electricity for HVAC and other remaining systems, are both acceptable;

# MINUTES

and

WHEREAS, in addition, OER states that a Notice of Satisfaction from OER is required prior to the issuance of any final or temporary Certificate of Occupancy for the subject building, a condition that has been incorporated herein; and

WHEREAS, no other significant effects upon the environment that would require an Environmental Impact Statement are foreseeable; and

WHEREAS, the Board has determined that the proposed action will not have a significant adverse impact on the environment; and

WHEREAS, accordingly, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03 and that the applicant has substantiated a basis to warrant exercise of discretion to grant.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Negative Declaration prepared in accordance with Article 8 of the New York State Environmental Conservation Law and 6 NYCRR Part 617, the Rules of Procedure for City Environmental Quality Review and Executive Order No. 91 of 1997, as amended, and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to *permit*, on a site partially in a C6-2A and a C4-4A zoning district, a physical culture establishment, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received January 17, 2017”- Eighteen (18) sheets; and *on further condition*:

THAT the term of this grant shall be for ten (10) years, expiring May 16, 2027;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3’-0” wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station—shall be installed in the entire PCE space and the PCE shall be fully sprinklered, as indicated on the BSA-approved plans;

THAT sound attenuation shall be installed in the PCE as indicated on the BSA-approved plans;

THAT a Notice of Satisfaction from the New York City Office of Environmental Remediation, signifying that all remedial action requirements established for this project have been satisfied, be issued prior to the issuance of a final or temporary Certificate of Occupancy;

THAT Local Law 58/87 shall be complied with as approved by the Department of Buildings;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained

within four (4) years, by May 16, 2021;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 16, 2017.

THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated December 27, 2016, acting on New Building Application No. 421077667, reads in pertinent part:

“Proposed physical culture establishment is not permitted as of right in a C2-4(R6B) zoning district per ZR32-10”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to permit, in an R6B (C2-4) zoning district, a physical culture establishment (“PCE”), contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on May 16, 2017, after due notice by publication in *The City Record*, and then to decision on the same day; and

WHEREAS, Vice-Chair Chanda performed an inspection of the site and surrounding neighborhood; and

WHEREAS, Community Board 4, Queens, recommends approval of this application; and

WHEREAS, the subject site is located on the south side of Roosevelt Avenue, between 108th Street and 111th Street, in an R6B (C2-4) zoning district, in Queens; and

WHEREAS, the site has approximately 100 feet of

frontage along Roosevelt Avenue, 100 feet of depth, 10,000 square feet of lot area and is proposed to be developed with a new three-story plus cellar commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the

foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the proposed PCE will occupy a total of 14,450 square feet of floor area as follows: 450 square feet on the first floor consisting of a lobby; 7,000 square feet of floor area on the second floor, which includes areas for cardiovascular fitness, strength training, offices, storage, lockers and retail; and 7,000 of square feet of floor area on the third floor with dumbbell areas, strength-training machines, cardiovascular-fitness equipment, a stretching area, a locker room and storage; and

WHEREAS, the PCE will be operated as Blink Fitness with proposed hours of operation of Monday to Saturday, 5:30 a.m. to 11:00 p.m., and Sunday, 7:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant represents that the PCE use is consistent with the commercial character of the surrounding area; that Roosevelt Avenue is characterized by similar commercial and mixed-use developments with ground-floor commercial use akin to the subject site and proposed PCE; and that the majority of the PCE's members will be residents of the neighborhood and employees of nearby commercial uses; and

WHEREAS, the applicant submits that sound attenuation measures—including rubber flooring in activity areas and demising walls with batt installation—will be installed within the space to ensure that sound levels in other portions of the building will not exceed a maximum level of 45 dBA; and

WHEREAS, as discussed at hearing, the applicant further represents that no parking is required pursuant to ZR §§ 36-21 and 36-23, which waive the parking requirement of 20 spaces commanded by commercial use of the entire building; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to use of the premises, the applicant represents that the PCE will contain facilities for classes, instruction and programs for physical improvement, body building, weight reduction and aerobics; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2),

# MINUTES

for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that the PCE will be fully sprinklered and that an approved interior fire alarm—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection to an FDNY-approved central station—will be installed in the entire PCE space; and

WHEREAS, by letter dated May 9, 2017, the Fire Department states that, based on its review of the drawings and supporting documentation for the proposed PCE, it has no objection to this application; and

WHEREAS, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, the proposed project will not interfere with any pending public improvement project; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-03; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 16-BSA-119Q, dated May 11, 2016; and

WHEREAS, accordingly, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03 and that the applicant has substantiated a basis to warrant exercise of discretion to grant.

*Therefore it is Resolved*, that the Board of Standards and Appeals *issues* a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 *permit*, on a site located within an R6B (C2-4) zoning district, a physical culture establishment, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received May 16, 2017”-Five (5) sheets; and *on further condition*:

THAT the term of this grant shall be for ten (10) years, expiring May 16, 2027;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system—including area smoke detectors, manual pull stations at each

required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station—shall be installed in the entire PCE space and the PCE shall be fully sprinklered, as indicated on the BSA-approved plans;

THAT sound attenuation shall be installed in the PCE as indicated on the BSA-approved plans;

THAT Local Law 58/87 shall be complied with as approved by the Department of Buildings;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within four (4) years, by May 16, 2021;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 16, 2017.

---

first floor of an existing mixed-use commercial and community facility building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on May 16, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 3, Manhattan, recommends approval of this application; and

WHEREAS, the subject site consists of a block bound by Astor Place to the south, Fourth Avenue to the west, East 9th Street to the north and Third Avenue to the east, in a C6-3 zoning district, in Manhattan; and

WHEREAS, the site has approximately 171 feet of frontage along Astor Place, 198 feet of frontage along Fourth Avenue, 231 feet of frontage along East 9th Street, 166 feet of frontage along Third Avenue, 36,117 square feet of lot area and is occupied by a 14-story, plus cellar and sub-cellar, mixed-use commercial and community facility building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the

commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies a total of 458 square feet of floor area (5,075 square feet of floor space) in the existing building as follows: 4,617 square feet of floor space in the cellar, which includes a spinning studio, locker areas with showers and restrooms, an office, reception area, retail space, storage and an IT room, and 458 square feet of floor area on the first floor with a lobby, dedicated staircase to the cellar and access to elevators shared with adjacent commercial tenants; and

WHEREAS, the PCE has been in operation as Flywheel since March 2016; and

WHEREAS, the facility operates Monday through Friday, 5:30 a.m. to 9:00 p.m., and Saturday and Sunday, 8:00 a.m. to 5:30 p.m.; and

WHEREAS, the applicant represents that the PCE use is contained within the cellar of the existing building and, accordingly, has limited visibility from the street; that the surrounding area contains a variety of uses, ranging from office buildings and community facilities to restaurants and residential uses; and that the PCE does not attract significant additional traffic to the area; and

WHEREAS, with regards to sound attenuation, the

---

# MINUTES

---

applicant represents that sound attenuation measures—including sheetrock, batt insulation, foam isolators, isolated mat subfloor with neoprene isolators, fiberglass batting, perimeter isolation boards and sealed penetrations at the studio ceiling and partitions—have been installed such that partitions have an STC rating of 60 and all flooring has an STC rating of 64; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to use of the premises, the applicant represents that the PCE contains a group-fitness room that is used for spinning classes; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that an approved fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection to an FDNY-approved central station—and approved sprinkler system have been installed in the entire PCE space; that all sprinkler work was signed-off and a letter of completion was issued by DOB; and that the Fire Department performed an initial inspection of the fire alarm system, requested minor corrections, and a follow-up inspection will be performed; and

WHEREAS, by letter dated October 20, 2016, the Fire Department confirms that an approved interior fire alarm system has been legally filed and installed and that a final on-site inspection is pending; that the building is fully protected with a legally installed, inspected and approved sprinkler system; and, further, states that it has no objection to this application provided that the applicant provide additional information about egress; and

WHEREAS, in response to this request, the applicant revised the drawings to detail the path and terminus of egress from the locker room, a response that, at hearing, the Fire Department indicated was satisfactory; and

WHEREAS, therefore, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, the Board also finds that proposed project will not interfere with any pending public improvement project; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-03; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist

No. 17-BSA-006M, dated August 3, 2016; and

WHEREAS, accordingly, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03 and that the applicant has substantiated a basis to warrant exercise of discretion to grant; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, in a C6-3 zoning district, a physical culture establishment, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received February 23, 2017”- Four (4) sheets; and *on further condition*:

THAT the term of this grant shall be for ten (10) years, expiring March 1, 2026;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station—and sprinkler system shall be maintained in the entire PCE space;

THAT sound attenuation shall be maintained in the PCE as indicated on the BSA-approved plans;

THAT Local Law 58/87 shall be complied with as approved by the Department of Buildings;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within one (1) year, by May 16, 2018;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 16, 2017.

**2016-4250-BZ**

**CEQR #17-BSA-017M**

APPLICANT – Transform Fitness Inc., for 133 E. 58<sup>th</sup> Street, LLC, owner.

SUBJECT – Application September 9, 2016 – Special Permit (§73-36) to permit the operation of a physical culture establishment (*Transform Fitness*) an existing building. C5-2) zoning district.

PREMISES AFFECTED – 133 East 58<sup>th</sup> Street, Block 1313, Lot 14, Borough of Manhattan.

**COMMUNITY BOARD #5M**

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated August 11, 2016, acting on Alteration Application No. 122827389, reads in pertinent part:

“Proposed Physical Culture Establishment in C5-2 zoning district is not permitted pursuant to ZR 32-10”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, in a C5-2 zoning district, a physical culture establishment (“PCE”) located on a portion of the ninth floor of an existing 14-story commercial building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on May 16, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 5, Manhattan, waives its recommendation for this application; and

WHEREAS, the subject site is located on the northwest corner of East 58th Street and Lexington Avenue, in a C5-2 zoning district, in Manhattan; and

WHEREAS, the site has approximately 107 feet of frontage along East 58th Street, 80 feet of frontage along Lexington Avenue, 9,345 square feet of lot area and is occupied by a 14-story, with cellar, commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:

- (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
- (ii) a swimming pool of a minimum 1,500 square feet; or
- (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
- (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

---

# MINUTES

---

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the PCE occupies 1,173 square feet of floor area on the ninth floor, consisting of an area with fitness equipment, a yoga therapy room, changing rooms and an office; and

WHEREAS, the PCE has been in operation as Transform Fitness, Inc., with hours of operation of Monday through Sunday, 5:00 a.m. to 9:00 p.m.; and

WHEREAS, the applicant represents that the PCE use is consistent with the mixed residential and commercial uses and character of the surrounding area, that the PCE is located on the ninth floor of a commercial building; that the surrounding area, Midtown Manhattan, is one of the nation's largest centers for commerce, entertainment and media; that the facility plays soft music and that the clients work with personal trainers on a one-on-one basis; and

WHEREAS, the applicant further represents that the PCE is fully contained in an existing structure, generates very little noise and would not be a nuisance to other tenants in the subject building; and

WHEREAS, accordingly, the Board finds that the PCE is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, with regards to the use of the premises, the applicant states that the PCE will be used as a one-on-one personal training establishment with medical-grade fitness equipment, personal trainers and daily fitness and health training instruction, services and sessions; and

WHEREAS, the Board finds that the PCE use is consistent with those eligible, pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that the building has an interior fire alarm and that regular fire drills are performed in the building, but that there is no fire alarm within the PCE space; and

WHEREAS, at hearing, the Fire Department confirmed that there is a functional fire alarm system in the subject building and recommended that smoke detectors, connected to the existing fire alarm, be installed within the PCE space; and

WHEREAS, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, the proposed project will not interfere with any pending public improvement project; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-03; and

WHEREAS, the project is classified as a Type II

action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 17-BSA-017M, dated September 9, 2016; and

WHEREAS, accordingly, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03 and that the applicant has substantiated a basis to warrant exercise of discretion to grant.

*Therefore it is Resolved*, that the Board of Standards and Appeals *issues* a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, in a C5-2 zoning district, a physical culture establishment ("PCE"), contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked "Received February 1, 2017"-Four (4) sheets; and *on further condition*:

THAT the term of this grant shall be for ten (10) years, expiring May 16, 2027;

THAT smoke detectors shall be installed in the PCE space and connected to the existing building-wide fire alarm system; and

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT Local Law 58/87 shall be complied with as approved by the Department of Buildings;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plans or configurations not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 16, 2017.

culture establishment (*I Love Kickboxing*) on a portion of the first floor of an existing building. C4-5X zoning district. PREMISES AFFECTED – 120 Lenox Avenue a/k/a 47 West 116<sup>th</sup> Street, Block 1600, Lot 7501, Borough of Manhattan.

## COMMUNITY BOARD #10M

**ACTION OF THE BOARD** – Application granted on condition.

### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

### THE RESOLUTION –

WHEREAS, the decision of the Department of Buildings (“DOB”), dated August 30, 2016, acting on Alteration Application No. 122704733, reads in pertinent part:

“ZR 32-10, ZR 73-36: Proposed use as a physical culture establishment, as defined by ZR 12-10, is contrary to ZR 32-10 and must be referred to the Board of Standards and Appeals for approval pursuant to ZR 73-36”; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, in a C4-5X zoning district, a physical culture establishment (“PCE”) located on a portion of the first floor of an 11-story mixed-use commercial and residential building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on May 16, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown performed an inspection of the site and surrounding neighborhood; and

WHEREAS, Community Board 10, Manhattan, recommends approval of this application; and

WHEREAS, the subject site is located on the east side of Lenox Avenue, between West 117th Street and West 116th Street, in a C4-5X zoning district, in Manhattan; and

WHEREAS, the site has approximately 202 feet of frontage along Lenox Avenue, 450 feet of frontage along West 117th Street, 350 feet of frontage along West 116th Street, 80,731 square feet of lot area and is occupied by an 11-story, with cellar, mixed-use commercial and residential building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts,

paddleball courts, racketball [*sic*] courts, tennis courts; or

- (ii) a swimming pool of a minimum 1,500 square feet; or
- (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
- (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be satisfactory; and
- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and certificate of occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

---

# MINUTES

---

WHEREAS, the subject PCE occupies 3,002 square feet of floor area on the first floor, consisting of a lobby with reception desk, training floor with floor-mounted boxing bags, locker rooms, toilets, a break room and storage space; and

WHEREAS, the PCE has been in operation as I Love Kickboxing since March 15, 2016; and

WHEREAS, the facility operates Monday through Friday, 6:00 a.m. to 10:00 p.m., and Saturday and Sunday, 9:00 a.m. to 3:00 p.m.; and

WHEREAS, the applicant represents that the PCE is entirely contained within the existing building in an area characterized by a mix of commercial and residential uses and that the PCE has not attracted significant additional traffic to the surrounding area; and

WHEREAS, in addition, the applicant submits that sound attenuation measures—including acoustic ceiling panels, soundproofing drywall, floor mats and full insulation—have been installed within the space so as to not disturb other tenants in the building; and

WHEREAS, at hearing, in response to the Board's questions with respect to potential noise created by the floor-mounted boxing bags, the applicant explained that the boxing bags sit on a water-filled base, which in turn sits upon thick, padded floor mats and that the subject space is located above a parking garage; and

WHEREAS, accordingly, the Board finds that the PCE use is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, the applicant represents that the PCE operates class-based fitness instruction with a strong emphasis on boxing and kick-boxing training using boxing bags; and

WHEREAS, the Board finds that the subject PCE use is consistent with those eligible pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof, and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that an approved fire alarm—including area smoke detectors, manual pull stations at each required exist, local audible and visual alarms and connection to an FDNY-approved central station—and sprinkler system have been installed in the entire PCE space; and

WHEREAS, at hearing, the Fire Department confirmed that the sprinklers have been installed and an inspection has been scheduled, that an inspection has also been inspected for the fire alarm system, and stated that it has no objections to this application; and

WHEREAS, the Board finds that, under the conditions and safeguards imposed, any hazard or disadvantage to the community at large due to the proposed special permit use is outweighed by the advantages to be derived by the community; and

WHEREAS, the proposed project will not interfere

with any pending public improvement project; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-03; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 17BSA020M, dated September 15, 2016; and

WHEREAS, accordingly, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03 and that the applicant has substantiated a basis to warrant exercise of discretion to grant; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, in a C4-5X zoning district, a physical culture establishment, contrary to ZR § 32-10; *on condition* that all work shall substantially conform to drawings filed with this application marked "Received November 1, 2016"-Two (2) and "Received on December 19, 2016"- One (1) sheet for a total of Three (3) sheets; and *on further condition*:

THAT the term of this grant shall be for ten (10) years, expiring March 15, 2026;

THAT there shall be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT minimum 3'-0" wide exit pathways shall be provided leading to the required exits and that pathways shall be maintained unobstructed, including from any gymnasium equipment;

THAT an approved interior fire alarm system—including area smoke detectors, manual pull stations at each required exit, local audible and visual alarms and connection of the interior fire alarm to an FDNY-approved central station—and sprinklers shall be maintained throughout the entire PCE space;

THAT sound attenuation shall be installed in the PCE as indicated on the BSA-approved plans; specifically, the boxing bags shall be stationary, placed on water-filled bases and sit on padded floor mats;

THAT Local Law 58/87 shall be complied with as approved by the Department of Buildings;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a Certificate of Occupancy shall be obtained within one (1) year, by May 16, 2018;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by the Department of Buildings;

THAT the approved plans shall be considered

## 2017-146-BZ

### CEQR #BSA-120-K

APPLICANT – NYC Mayor’s Office of Housing Recovery Operation (HRO)

SUBJECT – Application May 11, 2017 – Special Permit (§64-92) to waive bulk requirements for the reconstruction of homes damaged/destroyed by Hurricane Sandy for properties registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 3722 Neptune Avenue, Block 7003, Lot 25, Borough of Brooklyn.

### COMMUNITY BOARD #13BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92, to permit, on a site within an R3-1 zoning district, the redevelopment and enlargement of a two-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for side yards, pursuant to ZR § 23-461; and

WHEREAS, a public hearing was held on this application on May 16, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuild homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-05.3 (Filing Period), (3) 2 RCNY § 1-05.4 (Application Referral), (4) 2 RCNY § 1-05.6 (Hearing Notice), (5) 2 RCNY § 1-05.7 (List of Affected Property Owners), (6) 2 RCNY § 1-09.4 (Owner’s Authorization), and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject

application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of Neptune Avenue, between Seagate Avenue and West 37th Street, in an R3-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 30 feet of frontage along Neptune Avenue, 100 feet of depth, 3,000 square feet of lot area and is occupied by a two-story two-family detached home; and

WHEREAS, the applicant seeks a special permit, pursuant to ZR § 64-92, to allow the enlargement of the existing brick framed two-family detached home, which has non-compliant side yards, to allow for the abandonment of the lowest existing level, located partially below grade, and rebuild eligible square footage atop the existing structure to elevate of levels of the residence above the base flood elevation (“BFE”); and

WHEREAS, the existing residence provides side yards measuring 2.6 feet and 4.9 feet; and

WHEREAS, at the subject site, two side yards of at least 5 feet each and measuring at least 13 feet total are required, pursuant to ZR § 23-461; and

WHEREAS, the enlarged building will maintain the existing side yards, increasing the building’s degree of non-compliance at the new second story, hence the applicant seeks the subject relief; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the

---

# MINUTES

---

future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the applicant states that the existing brick framing of the residence makes elevation of the existing building financially infeasible and the resulting need to, instead, abandon the lowest level and reconstruct atop the existing structure creates practical difficulties in complying with flood-resistant construction standards without the modification of the side yard requirements and that a waiver of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the neighborhood is characterized by single- and two-family detached and semi-detached dwellings; that the design of the residence is consistent with the existing aesthetic of the neighborhood; that the building includes numerous mitigating design features, such as green plantings and improved stairway flow; and that the proposed flood resistant construction would serve as a model for future development in the area; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. BSA-120-K, dated May 11, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R3-1 zoning district, the enlargement of an existing detached two-story two-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for side

yards, pursuant to ZR § 23-461; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 11, 2017"- Six (6) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: side yards measuring at least 2.6 feet and 4.9 feet, as illustrated on the BSA-approved plans;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 16, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 16, 2017.

**ACTION OF THE BOARD** – Application granted on condition.

#### THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda.....4

Negative: .....0

#### THE RESOLUTION –

WHEREAS, the decision of the Queens Borough Commissioner, dated August 10, 2012, acting on Department of Buildings (“DOB”) Application No. 491762035 reads in pertinent part:

ZR 23-47, ZR 12-10: Rear yard provided is contrary to ZR 23-47. The eastern portion of the lot abuts the parkland adjoining to Cross Island Parkway; therefore this property cannot be considered a through lot. Provide 30-ft rear yard; and

WHEREAS, this is an application under ZR § 72-21 to permit, within an R1-2 zoning district, to legalize four single-family dwellings that do not comply with the rear yard requirement, contrary to ZR § 23-47; and

WHEREAS, a public hearing was held on this application on February 14, 2017, after due notice by publication in *The City Record*, with a continued hearing on March 21, 2017, and then to decision on the same date; and

WHEREAS, Commissioner Ottley-Brown, Commissioner Montanez and Commissioner Chanda performed inspections of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 11, Queens, originally recommended disapproval, but, upon learning that adjacent neighbors retracted their opposition after making the determination that the homes on the site, which have been vacant and subject to vandalism, would contribute more positively to the community if occupied, now has no objection to the subject application; and

WHEREAS, the subject site is located at the northwestern corner of the intersection of 223<sup>rd</sup> Street and Mia Drive, in an R1-2 zoning district, in Queens; and

WHEREAS, the site is a single zoning lot comprised of four tax lots having approximately 100 feet of frontage along 223<sup>rd</sup> Street, 230 feet of frontage along Mia Drive, and 22,859 square feet of lot area; and

WHEREAS, the zoning lot is developed with four two-story single family homes and provides a 15 foot rear yard along the eastern lot line; and

WHEREAS, the Board has exercised jurisdiction over the subject site since July 13, 2010, when, under BSA Cal. Nos. 23-10-A thru 26-10-A, the Board recognized that the owner had acquired a common law vested right to continue the development of the single-family dwellings after the subject site was rezoned from an R2 zoning district to an R1-2 zoning district and the development no longer complied with applicable minimum front yard regulations; and

WHEREAS, such determination relied, in part, on the Board’s finding that the construction was conducted pursuant to valid permits, a finding that was based on letters issued from DOB, dated March 18, 2010, and June 7, 2010, stating that the applicable permits were lawfully issued prior to the date of the rezoning; and

WHEREAS, the applicant now seeks a variance of the rear yard requirements to legalize the four single-family dwellings based on practical difficulties and unnecessary hardship resulting from the applicant’s reliance, in good faith, on validly issued DOB permits and DOB determinations that the subject site was a through lot and no rear yards were required; and

WHEREAS, the applicant sets forth the following timeline for the existing dwellings’ approval process: in February and March 2004, the applicant obtained New Building Permits from DOB for the construction of four single-family detached homes at the subject premises; in a letter to the then-Queens Borough Commissioner dated October 6, 2004, a nearby property owner (the “Opposition”) challenged the issuance of the permits alleging that, because the property directly east of the eastern lot line of the subject property was a public park, the subject site was an interior lot, not a through lot, and a 30 foot rear yard was, therefore, required; on October 20, 2004, the then-Queens Borough Commissioner issued a Stop Work Order and Intent to Revoke Approvals and Permits to the site unless and until the applicant verified that the subject lot constituted a “through lot” as defined in ZR § 12-10; on October 28, 2004, in response to a letter from the applicant’s architect requesting confirmation that the site is a through lot with no rear yard requirement because it fronts on the mapped Cross Island Parkway, the Queens Borough President’s Consulting Engineer issued a letter confirming that the Topographical Bureau of the then-Queens Borough President’s Office had determined that the east lot line of Lot 154 coincides with the west mapped street line of the Cross Island Parkway; upon receipt of the Topographical Bureau’s determination, DOB vacated the Stop Work Order; and in a letter dated May 20, 2005, the then-Queens Borough Commissioner responded to the Opposition sharing her conclusion that the subject site was a through lot; and

---

# MINUTES

---

WHEREAS, on April 12, 2005, (the “Effective Date”), the rezoning of the site from an R2 zoning district to an R1-2 zoning district became effective and two of the subjects dwellings—39-39 223rd Street and 223-19 Mia Drive—were rendered non-compliant with regards to front yards, but the applicant avers that construction was entitled to continue, pursuant to ZR § 11-331(b), because the foundation of at least one of the four dwelling had been completed prior to the Effective Date; and

WHEREAS, the applicant submits that final construction, electrical and plumbing signoffs were obtained for the dwelling located at 39-39 223rd Street on August 22, 2005, February 13, 2006, and May 8, 2006, respectively; that final electrical signoff was obtained for the remaining three dwellings on October 24, 2005, and that final construction signoff was obtained for a second dwelling at 223-09 Mia Drive on November 29, 2005; and

WHEREAS, nevertheless, the applicant states that, though construction at the site was substantially completed by April 12, 2007, they were unable to obtain certificates of occupancy for the dwellings within two years after the Effective Date, pursuant to ZR § 11-332(a); and

WHEREAS, accordingly, the applicant filed the aforementioned vested rights applications at the Board on February 23, 2010; by letter dated March 18, 2010, DOB Counsel issued a letter stating that the permits for the subject buildings were lawfully issued, a conclusion that was subsequently re-confirmed by additional letters dated May 13, 2010, and June 7, 2010; the Board granted the vested rights applications on July 13, 2010, and the time for the applicant to complete construction and obtain Certificates of Occupancy for the dwellings on the site was extended until July 13, 2012; and

WHEREAS, although the applicant continued to work with DOB, since the Board’s 2012 grant of an extension of time, to resolve issues preventing the issuance of Certificates of Occupancy for the four subject dwellings, on January 10, 2012, DOB issued an Intent to Revoke permits as well as zoning objections for the failure to provide a 30 foot rear yard; DOB also subsequently denied the applicant’s request for reconsideration of those zoning objections on February 6, 2012, citing another DOB final determination—dated October 12, 2010, and affirmed by the Board in a decision dated March 8, 2011, for BSA Cal. No. 215-10-A (29-01 216th Street, Queens)—that a similarly situated lot was an interior lot, not a through lot; and

WHEREAS, the applicant represents that in order to provide the rear yards, approximately 15 feet of the total 27 foot width of the existing dwelling at 223-19 Mia Drive would have to be demolished and that such action is cost prohibitive and would result in a substandard, unmarketable dwelling approximately 12 feet wide; and

WHEREAS, accordingly, the applicant has filed for the subject relief; and

WHEREAS, the Board notes that New York State courts have recognized that property owners may invoke the principle of good faith reliance in the context of a variance application when they have made expenditures towards construction performed pursuant to a building permit that is later revoked

due to a non-compliance that existed at the time the permit was issued and such reliance resulted in a unique hardship, thereby serving as a substitute for the customary uniqueness finding set forth in ZR § 72-21(a);

WHEREAS, in *Jayne Estates, Inc. v. Raynor*, 22 N.Y.2d 417 (1968), the Court of Appeals determined that the expenditures made by a property owner in reliance on permits deemed to be invalid were suitably considered in an application for a variance, particularly with regards to the (a) finding, in which an applicant must allege “unnecessary hardship,” because (1) the property owner acted in good faith and (2) there was no reasonable basis upon which the property owner could have been charged with constructive notice of the permit’s invalidity; and

WHEREAS, in *Pantelidis v. Board of Standards and Appeals*, 10 N.Y.3d 846 (2008), the Court of Appeals, in a limited opinion, held that it was appropriate for the New York State Supreme Court to have conducted a good faith reliance hearing, rather than remand the case to the Board, to determine whether the property owner could claim reliance in the context of an Article 78 proceeding to overturn the Board’s denial of a variance application; the Court established that the Board should conduct such a hearing and that good faith reliance is relevant to the variance analysis; and

WHEREAS, most recently, in *Woods v. Srinivasan*, 108 A.D.3d 412 (1st Dep’t 2013) *lv to appeal denied*, 22 N.Y.3d 859 (2014), the Appellate Division found that, where the issue was whether construction documents and plans complied with the applicable side lot line requirements, DOB, rather than the property owner, was in the best position to avoid the erroneous issuance of the permit; accordingly, the Appellate Division found that the owner had relied in good faith on DOB’s permit issuance and remanded the matter to the Board to consider whether petitioner satisfied the remaining elements required for a variance; and

WHEREAS, the Board notes that the body of case law that addresses good faith reliance and a property owner’s ability to establish detrimental reliance that can be introduced in a variance application is limited to those instances where there is a unique history of approvals from high-level municipal officials—the Village Board of Trustees in *Jayne Estates* and a DOB Borough Commissioner in *Pantelidis*—on the precise matter at issue; and

WHEREAS, accordingly, the Board identifies the findings for good faith reliance under the common law as: (1) that a permit was issued and later revoked based on a permit defect that existed when the permit was first issued; (2) that the permit approval process included an inquiry into the issue that would subsequently be the basis for the revocation of such permit; (3) that the owner could not have known that the permit was defective despite municipal assurances to the contrary; and (4) that construction was performed and expenditures were made subsequent to the issuance of the permit; and

WHEREAS, with respect to the first and second elements of good faith reliance, the applicant asserts that DOB issued the permits in February and March 2004 and issued an Intent to Revoke the permits on January 10, 2012, based on the purported non-compliance of the development with ZR § 23-

---

# MINUTES

---

47, a defect that existed in 2004 and was the precise subject of inquiry by the Queens Borough Commissioner, who, after issuing an Intent to Revoke and Stop Work Order for the site on October 20, 2004, unless and until it was verified that the site constituted a “through lot” as defined in ZR § 12-10, in a 2005 letter concluded that the subject site was, indeed, a through-lot and had the Stop Work Order vacated; and

WHEREAS, with regard to the third element, the applicant submits that it could not have known that the permits were defective despite multiple municipal assurances to the contrary because DOB’s denial of a request for reconsideration for the rear yard zoning objections relied, in part, on a DOB final determination, dated October 12, 2010, that post-dated both the 2004 issuance of permits for the subject site and the substantial completion of construction at the site in 2007; and

WHEREAS, finally, in satisfaction of the fourth element, the applicant represents that construction on the four residences was completed subsequent to the 2004 issuance of the permits at a cost of approximately \$1 million as of 2010, when the applicant applied to the Board to recognize a common law vested right to continue the development of the site; and

WHEREAS, while the Board acknowledges that government agencies, such as DOB, maintain the ability to correct mistakes and that DOB may not be estopped from correcting the erroneous approval of a building permit or issuance of a Certificate of Occupancy, the Board finds the retroactive application of DOB’s corrected interpretation as to whether properties similar to the subject site are “interior lots” rather than “through lots” to have, in this case, resulted in a unique hardship; and

WHEREAS, accordingly, the Board finds that the applicant has made all of the findings required to establish their good faith reliance on the issuance of the 2004 permits in satisfaction of ZR § 72-21(a); and

WHEREAS, the applicant states that, in accordance with ZR § 72-21(b), there is no reasonable possibility that modifications to the site required for compliance with the Zoning Resolution, specifically, the demolition of approximately 15 feet from the existing 27-foot wide single-family residence located at 223-19 Mia Drive, will bring a reasonable return and, in support of this contention, provided cost estimates for the demolition and reconstruction of a revised as-of-right 12-foot wide residence at this location (approximately \$538,000), the costs associated with the construction of the existing residence (assumed to be one-quarter of the total construction costs, approximately \$274,000), and the loss in sales value of a 12-foot wide residence as compared to a 27-foot wide residence; and

WHEREAS, as evidence of the significant loss in sale value, stated to be approximately \$1 million, the applicant provided letters from two real estate brokers with experience selling property in the area surrounding the subject site who both concluded that a 12-foot wide home would be substandard, have an inefficient and unattractive layout and, therefore, be unmarketable, regardless of its location in an

up-scale neighborhood, and that the cost to convert it from its existing conditions would be greater than its market value; and

WHEREAS, in sum, demolition and reconstruction of the existing residence at 223-19 Mia Drive required for compliance with ZR § 23-47 and the provision of a 30-foot rear yard at the site would constitute a loss of more than \$1.8 million; and

WHEREAS, upon review of these submissions, the Board has determined that because of the applicant’s good faith reliance on early DOB approvals, there is no reasonable possibility that development in strict conformance with applicable zoning requirements will provide a reasonable return; and

WHEREAS, the applicant represents that the surrounding area is predominated by residential uses, primarily one- and two-family residences, and, thus, the subject proposal will not alter the essential character of the neighborhood, will not substantially impair the appropriate use or development of adjacent property and will not be detrimental to the public welfare, in accordance with ZR § 72-21(c); and

WHEREAS, the applicant prepared a study of the area surrounding the subject site—including sites on the same Tax Block, located to the west of the Cross Island Parkway and north of the Long Island Railroad tracks, and sites on neighboring Tax Blocks 6197, 6344 and 6340 (the “Study Area”)—and, of the 83 total sites in the Study Area, 81 (98 percent) of the lots are improved with single-family homes, 22 of these have floor area ratios (“FARs”) equal to or greater than the FAR of the subject site (0.49 FAR) and an additional 35 (a total of 70 percent) have FARs equal to or greater than 0.40; and

WHEREAS, the applicant concedes that a majority of the lots on the same Tax Block as the subject site provide larger open areas between their eastern building walls and rear lot lines, but the applicant submits that, because the rear yard in question abuts an area currently mapped as park land adjoining the Cross Island Parkway, the granting of the subject variance, and the maintenance of the existing 15 foot rear yard in lieu of an enlargement to 30 feet, will have no impact on the light, air or open space enjoyed by the neighboring homes, nor will it decrease the distance between the subject dwellings and their neighbors; and

WHEREAS, in light of the foregoing, the Board finds that this action will not alter the essential character of the neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, the applicant states that, per ZR § 72-21(d), the hardship was not self-created, but was, instead, the result of reliance on multiple assurances from municipal officials that the subject site was a “through lot” for which rear yards were not required; and

WHEREAS, the applicant additionally cites the New York Supreme Court’s decision in *Pantelidis*, 10 Misc.3d 1077(A), 9 (N.Y. Cnty. 2005), for the proposition that the presence of good faith precludes a finding of self-created

---

# MINUTES

---

hardship; and

WHEREAS, accordingly, the Board finds that the hardship herein was not created by the owner or a predecessor in title; and

WHEREAS, supported by their study of the surrounding area and submission that the existing dwellings are comparable in bulk to their neighbors, the applicant represents that the subject proposal is the minimum needed to provide relief; and

WHEREAS, the Board agrees, in accordance with ZR § 72-21(e), that the subject proposal is the minimum necessary to afford the owner relief; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 13-BSA-019Q, dated August 15, 2013; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR § 72-21 to permit, in an R1-2 zoning district, the legalization of four sing-family dwellings that do not comply with rear yard requirements, contrary to ZR § 23-47; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received July 1, 2017—twelve (12) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the site: minimum rear yard depth of 15’-0”, as reflected on the BSA-approved plans;

THAT Certificates of Occupancy shall be obtained within one (1) year of the date of filing of this resolution, by May 5, 2018;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, March 21, 2017.

**\*The resolution has been amended.**

## REGULAR MEETING TUESDAY MORNING, MAY 23, 2017 10:00 A.M.

Present: Chair Perlmutter, Vice-Chair Chanda,  
Commissioner Ottley-Brown and Commissioner Montanez.

### SPECIAL ORDER CALENDAR

#### 1289-80-BZ

APPLICANT – Troutman Sanders LLP, for Evelyn L. Wells, as surviving Trustee and Steven R. Straus, owner; Bally Total Fitness, lessee.

SUBJECT – Application July 15, 2016 – Extension of Term of a variance allowing the operation of a Physical Culture Establishment (*24 Hour Fitness*) which expired on July 21, 2016. C1-3/R6 zoning district.

PREMISES AFFECTED – 298 West 231<sup>st</sup> Street, Block 5711, Lot 29, Borough of Bronx.

#### COMMUNITY BOARD #8BX

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for an extension of the term of a previously granted variance for a physical culture establishment (“PCE”), which expired on July 21, 2016, and an amendment to reflect a change in the PCE operator and remove a previously imposed condition; and

WHEREAS, a public hearing was held on this application on March 21, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 23, 2017, and then to decision on that date; and

WHEREAS, Commissioner Ottley-Brown performed an inspection of the site and surrounding neighborhood; and

WHEREAS, Community Board 8, Bronx, recommends approval of this application; and

WHEREAS, the subject site is located on the southwest corner of the intersection of West 231<sup>st</sup> Street and Tibbett Avenue, within an R6 (C1-3) zoning district, in the Bronx; and

WHEREAS, the site has approximately 135 feet of frontage along West 231<sup>st</sup> Street, 422 feet of frontage along Tibbett Avenue, 75 feet of frontage along Corlear Avenue, 52,900 square feet of lot area and is occupied by a one-story plus cellar commercial building of which the subject PCE is the sole occupant; and

WHEREAS, the Board has exercised jurisdiction over the subject site since July 21, 1981, when, under the subject calendar number, the Board granted a variance, pursuant to ZR § 72-21, to permit the change in use of the existing building from a supermarket to a physical culture establishment for a term of five (5) years, expiring July 21,

1986, on condition that its hours of operation be restricted to 10:00 a.m. to 10:00 p.m. daily; that lighting be provided for the parking area and directed away from the adjoining plots; that the retaining wall and fence indicated on the approved plans be repaired and properly maintained; and that the gates to the parking facility be locked after business hours; and

WHEREAS, on June 10, 1986, under the subject calendar number, the Board granted an extension of the term of the variance for ten (10) years, expiring July 21, 1996; and

WHEREAS, on June 23, 1998, under the subject calendar number, the Board amended the resolution to extend the term for ten (10) years, expiring July 21, 2006, and permit a change in the hours of operation to 6:00 a.m. to 11:00 p.m. Monday through Thursday, 6:00 a.m. to 10:00 p.m. on Friday, 9:00 a.m. to 6:00 p.m. on Saturday and 9:00 a.m. to 5:00 p.m. on Sunday, on condition that a continuous video monitoring systems at the entrance, security mirrors, wallet size security lock boxes and coin-operated security lockers be installed and maintained; that the security guard in the parking lot be maintained; that fencing, screening and gates surrounding the premises be adequately maintained; and that the premises be maintained graffiti free; and

WHEREAS, on October 24, 2006, under the subject calendar number, the Board again amended the variance to extend the term another ten (10) years, expiring July 21, 2016, on condition that there be no change in ownership or operating control of the PCE without prior approval from the Board; and

WHEREAS, the previous term of the variance having expired, the applicant seeks an extension of term for an additional ten (10) years in addition to an amendment to permit and reflect a change in the ownership and operating control of the PCE; and

WHEREAS, the PCE was previously under operation by Bally Total Fitness of Greater New York and is currently operated by 24 Hour Fitness, Inc. from 6:00 a.m. to 11:00 p.m. Monday to Thursday, 6:00 a.m. to 10:00 p.m. on Friday, 9:00 a.m. to 6:00 p.m. on Saturday and 9:00 a.m. to 5:00 p.m. on Sunday in compliance with the 1998 variance amendment; and

WHEREAS, the Department of Investigation has performed a background check on the new corporate owner and operator of the establishment and the principals therefore and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that no changes are sought to the area of the building occupied by the subject PCE, but notes that the plans submitted with this application include minor alterations, including reverse door swings, the removal and reconfiguration of partitions and the relocation of storage areas; and

WHEREAS, at hearing, the Fire Department represented that the existing fire alarm and sprinklers at the site are functioning and that it has no objection to the subject application; and

WHEREAS, the applicant additionally submits that, in compliance with the 1998 variance amendment, video

# MINUTES

---

monitoring is maintained in the facility, including at the front entrance, as are security mirrors and coin-operated security lockers and that the operator has implemented an active graffiti-removal program to clear the façade, as required, but requests that the Board remove the condition that a security guard be maintained in the parking lot; and

WHEREAS, the applicant represents that the parking lot at the premises is completely fenced in, well-lit and sees significant pedestrian activity daily, obviating the need for a security guard; and

WHEREAS, the Board waives the prior condition that a security guard be maintained in the parking lot, approved the change in operator and finds that a ten (10) year extension are appropriate, with the conditions set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated July 21, 1981, as amended through October 24, 2006, so that as amended this portion of the resolution shall read: “to permit an extension of the term of the special permit for a term of ten (10) years, expiring July 21, 2026, *on condition* that the site shall substantially conform to drawings as filed with this application, marked ‘Received May 15, 2017’-Four (4) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years, expiring July 21, 2026;

THAT there shall be no change in ownership or operating control of the physical culture establishment without prior application to and approval from the Board;

THAT the hours of operation shall be limited to 6:00 a.m. to 11:00 p.m. Monday through Thursday, 6:00 a.m. to 10:00 p.m. on Friday, 9:00 a.m. to 6:00 p.m. on Saturday and 9:00 a.m. to 5:00 p.m. on Sunday;

THAT a continuous video monitoring system at the entrance of the facility, security mirrors, wallet-size security lock boxes and coin-operated security lockers shall be maintained;

THAT the fencing, screening and gates surrounding the premises shall be adequately maintained;

THAT the premises shall be maintained graffiti free;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a revised Certificate of Occupancy shall be obtained within one (1) year, by May 23, 2018;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, May 23, 2017.

-----  
**117-07-BZ**

APPLICANT – Rothkrug Rothkrug & Spector LLP, for Rosebud Owner LLC, owner; Crunch LLC, lessee.

SUBJECT – Application December 9, 2016 – Extension of Term of a previously approved Special Permit (§73-36) which permitted the operation of a physical culture establishment (*Crunch*) in an existing 21-story mixed-use building which expires on July 24, 2017. C1-9A (TA) zoning district.

PREMISES AFFECTED – 222 East 34<sup>th</sup> Street, Block 914, Lot 36, Borough of Manhattan.

**COMMUNITY BOARD #6M**

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for an extension of the term of a previously granted special permit for a physical culture establishment (“PCE”), which will expire on July 24, 2017, and an amendment reflected a change in hours of operation; and

WHEREAS, a public hearing was held on this application on May 23, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Vice-Chair Chanda and Commissioner Montanez performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 6, Manhattan, recommends approval of the application; and

WHEREAS, the subject site is located on the south side of East 34th Street, between Second Avenue and Third Avenue, in a C1-9A zoning district and partially within the Special Transit Land Use District, in Manhattan; and

WHEREAS, the site has approximately 360 feet of frontage along East 34th Street, 35,396 square feet of lot area and is occupied by a 21-story mixed-use commercial and residential building; and

WHEREAS, the Board has exercised jurisdiction over the subject site since July 24, 2007, when, under the subject calendar number, the Board granted a special permit, pursuant to ZR § 73-36, to allow the establishment of a physical culture establishment on the first and second floors of the subject building for a term of ten (10) years, expiring July 24, 2017, on condition that the hours of operation be limited to Monday through Thursday, 5:00 a.m. to 11:00 p.m., Friday 5:00 a.m. to 9:00 p.m., Saturday and Sunday, 7:00 a.m. to 7:00 p.m.; that all massages only be performed by New York State licensed massage therapists; that measures be implemented to ensure there is no noise impact from the use in residential units in the building; and that fire safety measures be installed and maintained as shown on the approved plans; and

WHEREAS, by letter dated January 14, 2013, the Board

---

# MINUTES

---

approved a change in ownership and operating control of the PCE from Club H Fitness to Crunch Fitness and modifications to the interior layout as in substantially compliance with the previously approved plans; and

WHEREAS, the applicant presently seeks an extension of the term of the special permit without any further proposed changes to the operator and an amendment to the permitted hours of operation and previously approved plans to reflect a slight reduction in floor area on the first floor; and

WHEREAS, the applicant proposes to change the operating hours in order to be consistent with Crunch's other facilities; specifically, the applicant requests that the hours be changed to Monday through Thursday, 5:00 a.m. to 11:00 p.m., Friday 5:00 a.m. to 10:00 p.m., Saturday 7:00 a.m. to 9:00 p.m. and Sunday 8:00 a.m. to 9:00 p.m.; and

WHEREAS, in addition, the applicant represents that the PCE currently occupies 3,855 square feet of floor area on the first floor and 21,749 square feet of floor area on the second floor, a reduction of 589 square feet of floor area on the first floor and resulting in the PCE occupying a total of 25,604 square feet of floor area in the subject building; and

WHEREAS, finally, the applicant clarifies that no massages are offered at the facility and no such services are herein proposed; and

WHEREAS, at hearing, the Fire Department confirmed that an interior fire alarms and sprinkler have been installed in the space and that it has no objection to the subject application; and

WHEREAS, the Board finds that a ten (10) year extension is appropriate, with the conditions set forth below.

*Therefore it is Resolved*, that the Board of Standards and Appeals *reopens* and *amends* the resolution, dated July 24, 2007, so that as amended this portion of the resolution shall read: "to permit an extension of the term of the special permit for a term of ten (10) years, expiring July 24, 2027, *on condition* that the site shall substantially conform to drawings as filed with this application, marked 'Received December 9, 2016' - Five (5) sheets; and *on further condition*:

THAT this grant shall be limited to a term of ten (10) years, expiring July 24, 2027;

THAT there shall be no change in ownership or operating control of the physical culture establishment without prior application to and approval from the Board;

THAT the hours of operation shall be limited to Monday through Thursday, 5:00 a.m. to 11:00 p.m., Friday 5:00 a.m. to 10:00 p.m., Saturday 7:00 a.m. to 9:00 p.m. and Sunday 8:00 a.m. to 9:00 p.m.;

THAT all signage shall comply with regulations applicable in the underlying zoning district and shall not exceed 150 square feet;

THAT accessibility compliance under Local Law 58/87 will be reviewed and approved by DOB;

THAT minimum 3 foot wide exit pathways shall be provided leading to the required exits and such pathways shall always be maintained unobstructed, including from any equipment;

THAT measure are implemented to ensure there is no noise impact from the PCE in residential units in the building;

THAT fire safety measures shall be installed and/or maintained as shown on the Board-approved plans;

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a revised Certificate of Occupancy shall be obtained within one (1) year;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s) only;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT the Department of Buildings must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted."

Adopted by the Board of Standards and Appeals, May 23, 2017.

### 2016-4332-A

APPLICANT – Eric Palatnik, P.C., for Dov Finman, owner. SUBJECT – Application November 11, 2016 – To permit the proposed development of a one family home, contrary to Article 3 Section 36 of the General City Law. R4-1 zoning district.

PREMISES AFFECTED – 4 Williams Court, Block 15622, Lot 181, Borough of Queens.

### COMMUNITY BOARD #14Q

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decisions of the Department of Buildings (“DOB”), dated October 17, 2016, acting on Application No. 420658176 reads in pertinent part:

The proposed new building fronts on an unmapped street. General City Law Sec. 36 (2) requires that a street giving access to a structure has been duly placed on the official map or plan; number 4 Williams Court fronts on an unmapped street; and

WHEREAS, this is an application to permit the construction of a single-family, two-story dwelling that does not front on a mapped street, contrary to General City Law (“GCL”) § 36; and

WHEREAS, a public hearing was held on this application on March 28, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 23, 2017, and then to decision on that date; and

WHEREAS, Vice-Chair Chanda performed an inspection of the site and surrounding neighborhood; and

WHEREAS, the subject lot is located on the west side of Williams Court, approximately 149 feet from the intersection of New Haven Avenue and Williams Court, in an R4-1 zoning district, in Queens; and

WHEREAS, the site has approximately 56 feet of frontage along Williams Court, 2,610 square feet of lot area and is currently vacant; and

WHEREAS, the applicant proposes to develop the site with a single-family two-story dwelling compliant with all zoning requirements applicable in the zoning district and seeks the subject relief because the proposed dwelling will fronts on two streets identified as Williams Court, neither of which are

# MINUTES

duly placed on the official map of the City of New York; and

WHEREAS, the City does not have title to the street, but there are Corporation Counsel Opinions of Dedication, dated August 20, 1991, recognizing both the Williams Court located to the northeast of the subject site that runs approximately 280 feet east of Caffrey Avenue and the Williams Court located to the southwest of the site running to New Haven Avenue as dedicated to public use as a public streets for widths of 20 feet and 30 feet, respectively; and

WHEREAS, Caffrey Avenue and New Haven Avenue are both paved legally mapped streets; and

WHEREAS, the Williams Court located to the southwest of the site allows parking only its western side, the same side of the street as the subject site, and “No Parking Anytime” signs are located on the opposite side of the street; and

WHEREAS, the applicant submits that a fire hydrant is currently located in front of the proposed residence and that the proposed dwelling will be fully sprinklered; and

WHEREAS, at hearing, the Fire Department stated that it has no objection to the subject application; and

WHEREAS, the Board has determined that the applicant has submitted adequate evidence to warrant approval of the application subject to certain conditions set forth herein.

*Therefore it is Resolved*, that the decisions of the DOB dated October 17, 2016, acting on DOB Application No. 420658176 is modified by the power vested in the Board by Section 36 of the General City Law, and that this appeal is granted, limited to the decision noted above; *on condition* that construction shall substantially conform to the drawing filed with the application marked “Received May 5, 2017”- One (1) sheet; that the proposal will comply with all applicable zoning district requirements; and that all other applicable laws, rules, and regulations shall be complied with; and *on further condition*:

THAT the dwelling shall be fully sprinklered, as indicated on the BSA-approved plans;

THAT curb and pavement improvements for the site shall be completed in substantial compliance with the Builder’s Pavement Plan;

THAT all curbs, curb cuts, sidewalks, pavement, street lighting and street signage shall be designed and constructed in accordance with the requirements of the New York City Department of Transportation (“DOT”) and be subject to DOT review and approval;

THAT this approval is limited to the relief granted by the Board in response to objections cited and filed by DOB;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 23, 2017.

### COMMUNITY BOARD #3SI

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Deputy Borough Commissioner, dated July 18, 2016, acting on Department of Buildings (“DOB”) Application No. 520268282 reads in pertinent part:

23-47 (ZR): Proposed rear yard is contrary to Sec 23-47 of the Zoning Resolution; and

WHEREAS, this is an application under ZR § 72-21 to permit, within an R3X zoning district and the Special South Richmond Development District, the construction of a two-story plus cellar detached two-family dwelling that does not comply with the underlying regulations pertaining to rear yards, as set forth in ZR § 23-47; and

WHEREAS, a public hearing was held on this application on March 21, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 2, 2017, and then to decision on that date; and

WHEREAS, Commissioner Montanez performed an inspection of the subject site and surrounding neighborhood; and

WHEREAS, Community Board 3, Staten Island, recommends approval of this application on condition that the garage at the site face Drumgoole Road West and that the

---

# MINUTES

---

driveway be located in front of the proposed dwelling instead of to the side; and

WHEREAS, the subject site is located on the north side of Drumgoole Road West, between Nippon Avenue and Huguenot Avenue, in an R3X zoning district and the Special South Richmond Development District, on Staten Island; and

WHEREAS, the site has approximately 100 feet of frontage along Drumgoole Road West, 4,905 square feet of lot area and is currently vacant; and

WHEREAS, the applicant proposes to develop the subject site with a two-story plus cellar detached two-family home with 2,102 square feet of floor area, a floor area ratio (“FAR”) of 0.43 and a 13’-2” rear yard; and

WHEREAS, at the subject site, a rear yard of at least 30 feet is required pursuant to ZR § 23-47; and

WHEREAS, the applicant states that, pursuant to ZR § 72-21(a), the shallow depth of the lot, ranging from approximately 44 feet deep at its eastern end to approximately 53 feet deep at its western end, is a unique physical condition that creates a practical difficulty and unnecessary hardship in developing the site in conformance with the underlying district regulations; and

WHEREAS, the applicant represents that the subject site—the result of a merger of former lots 201 and 203—is comprised of lots created in or around 1928 with depth varying from approximately 148 feet at the eastern end of former lot 203 to approximately 133 feet at the western end of former lot 201, but the depth of these lots were reduced to their current dimensions in the 1960s when the New York State Department of Transportation (“NYSDOT”) mapped and constructed the Richmond Parkway and the Drumgoole Road West service road; additionally a 30 foot deep slope easement exists across the site and a one-foot wide strip of land currently owned by NYSDOT (Lots 200 and 202) lies between the subject site and Drumgoole Road West; and

WHEREAS, by letter dated February 24, 2016, NYSDOT states that it has no objection to the construction of the proposal within the slope easement and access across Lots 200 and 202 on condition that the site conform to the site plan reviewed by NYSDOT, Job # 1096, dated, 10/20/16, prepared by Joseph M. Morace, AIA, Architect and that any revisions to those plans not reviewed and approved by the State will result in the rescinding of their permission; and

WHEREAS, the applicant submitted a study of all sites within 1,000 feet of the subject site (the “Study Area”) concluding that 83 percent of those lots are developed with single- or two-family dwellings, have an average lot depth of 119 feet and have a median depth of 100 feet; and

WHEREAS, of the 264 lots in the Study Area, 17 sites, including the subject site, have depths of less than 60 feet: five of those sites have a dimension (either frontage/width or depth) measuring less than 10 feet and, thus, undevelopable on their own; four are already developed with dwellings; two are used in common as a parking lot; two others are part of the Staten Island Railway right-of-way; and

WHEREAS, only three sites within the Study Area are vacant—Lots 209, 207 and 205 located immediately east of the subject premises on the subject block—but the applicant

represents that they do not share the same hardship as the subject site because they are owned in common with Lot 109, which has a depth of approximately 140 feet, and aerial photos provided by the applicant show that Lots 109, 209 and 207 are, in fact, surrounded by a single fence and, thus, utilized in common; and

WHEREAS, based on the above, the Board finds that the shallow depth of the subject site is a unique physical condition that creates unnecessary hardship and practical difficulty in developing the site in conformance with the applicable zoning regulations; and

WHEREAS, the Board has determined that because of the subject lot’s unique physical conditions, there is no reasonable possibility that compliance with applicable zoning regulations will result in a habitable home, in satisfaction of ZR § 72-21(b); and

WHEREAS, the applicant states that the proposal to develop the subject site with a residential use compliant with FAR, total height, front yard and side yard regulations is consistent with the essential character of the surrounding district and, thus, will not substantially impair the appropriate use or development of adjacent property and not be detrimental to the public welfare, in accordance with ZR § 72-21(c); and

WHEREAS, in support of this contention, the applicants submitted photographs of single- and two-family dwellings located within close proximity to the subject site with similar massing to the proposed; and

WHEREAS, at hearing, the Board expressed confusion regarding the Community Board’s objection to the orientation of the garage and location of the driveway, noting that other dwellings on the subject block had driveways located to the side, rather than in the front, and that the applicant’s proposed treatment of parking at the subject site is more desirable and safe layout in that it provides sufficient room for a vehicle to make a U-turn; and

WHEREAS, the Board finds that the subject proposal will not alter the essential character of the neighborhood nor impair the use or development of adjacent properties, nor will it be detrimental to the public welfare; and

WHEREAS, in hearing, the Board questioned whether the merger of former lots 201 and 203 to create the subject site resulted in the hardship complained of herein by removing the site(s) from eligibility for an as-of-right reduction, pursuant to ZR § 23-52, of the depth of the required rear yards from 30 feet to 10 feet, and requested proof that viable complying dwellings could not be built on former lots 201 and 203 if they had not been merged; and

WHEREAS, in response to the Board’s request, the applicant submitted as-of-right plans depicting the dwellings that would result from the application of ZR § 23-52 to former lots 201 and 203, to wit, a two-story single-family dwelling with 1,287 square feet of floor area, a 13’-2” rear yard and two parking spaces on former lot 201 and a two-story single-family dwelling with 578 square feet of floor area, a ten foot rear yard and two parking spaces on former lot 203; and

WHEREAS, in addition, the applicant submitted a

# MINUTES

letter from a licensed real estate broker with knowledge of the real estate market on Staten Island opining that, because the subject area consists primarily of dwellings containing between 1,500 and 5,000 square feet of floor area, dwellings containing less than 1,500 square feet of floor area would be unmarketable; and

WHEREAS, accordingly, the applicant submits that the merger of the two lots did not create the hardship and, instead, mitigated it, allowing the applicant to construct one viable two-family residence rather than two non-viable single-family residences; and

WHEREAS, a neighbor testified at hearing in opposition to the application on the basis that the proposed dwelling is only 13 feet from his property line and will reduce both his property value and privacy; and

WHEREAS, in response to this concern, the Board notes that, as demonstrated by the as-of-right plans submitted by the applicant, the an as-of-right development of the subject site would allow a rear yard as shallow as 10 feet and, thus, the grant of the relief sought herein does not cause any additional hardship on neighbors residing at the rear of the subject site than as-of-right development; and

WHEREAS, based on the above, the Board finds that the hardship herein was not created by the owner or a predecessor in title; and

WHEREAS, the applicant submits that the subject proposal, which requests only a waiver of the rear yard requirements and is otherwise compliant with zoning regulations, is the minimum relief required in satisfaction of ZR § 72-21(e); and

WHEREAS, the Board finds that the subject proposal is the minimum necessary to afford the owner relief; and

WHEREAS, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 72-21; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17-BSA-004R, dated July 21, 2016; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR § 72-21 to permit, in an R3X zoning district and the Special South Richmond Development District, development of a two-story plus cellar detached two-family dwelling that does not comply with the underlying regulations pertaining to rear yards, as set forth in ZR § 23-47; *on condition* that all work shall substantially conform to drawings filed with this application marked “Received December 16, 2016- Ten (10) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the site: minimum rear yard depth of 13’-2”, as reflected on the BSA-approved plans;

THAT any revisions to the site plan reviewed and approved by NYSDOT—Job # 1096, dated 10/20/16,

prepared by Joseph M. Morace, AIA, Architect—must be submitted to NYSDOT for review and approval;

THAT substantial construction shall be completed pursuant to ZR § 72-23;

THAT this approval is limited to the relief granted by the Board in response to specifically cited and filed DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 23, 2017.

## 2016-4266-BZ

### CEQR #17-BSA-026M

APPLICANT – Francis R. Angelino, Esq., for Brause 59 Co., owner; 330 East 59<sup>th</sup> Street Gym, LLC, lessee.

SUBJECT – Application October 6, 2016 – Special Permit (§73-36) to permit the operation of a physical culture establishment (*ICE NYC*) in portions of the ground and cellar of an existing building. C2-5/R8 zoning district.

PREMISES AFFECTED – 330 East 59<sup>th</sup> Street, Block 1351, Lot 36, Borough of Manhattan.

### COMMUNITY BOARD #6M

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, the decision of the Chief Plan Examiner of the Manhattan Borough Office of the Department of Buildings (“DOB”), dated September 26, 2016, acting on DOB Application No. 122889712, reads in pertinent part:

The proposed Physical Culture Establishment in zoning district R8 within a C2-5 overlay is not a permitted use as of right. A Special Permit is required from the Board of Standards and Appeals as per Sections 32-10, 32-31 and 73-36 of the Zoning Resolution; and

WHEREAS, this is an application under ZR §§ 73-36 and 73-03 to legalize, on a site located within an R8 (C2-5) zoning district, a physical culture establishment (“PCE”) located on the ground floor and cellar of an eight-story commercial building, contrary to ZR § 32-10; and

WHEREAS, a public hearing was held on this application on March 28, 2017, after due notice by publication in *The City Record*, with a continued hearing on May 23, 2017, and then to decision on that date; and

WHEREAS, Community Board 6, Manhattan, recommends approval of this application; and

---

# MINUTES

---

WHEREAS, Commissioner Montanez performed an inspection of the site and surrounding neighborhood; and

WHEREAS, the subject site is located on the south side of East 59th Street, between First Avenue and Second Avenue, in an R8 (C2-5) zoning district, in Manhattan; and

WHEREAS, the site has approximately 42 feet of frontage along East 59th Street, a depth of 100 feet, 4,185 square feet of lot area and is occupied by an eight-story plus cellar commercial building; and

WHEREAS, ZR § 73-36(a) provides that in C1-8X, C1-9, C2, C4, C5, C6, C8, M1, M2 or M3 Districts, and in certain special districts as specified in the provisions of such special district, the Board may permit physical culture or health establishments as defined in Section 12-10 for a term not to exceed ten years, provided that the following findings are made:

- (1) that such *use* is so located as not to impair the essential character or the future use or development of the surrounding area; and
- (2) that such *use* contains:
  - (i) one or more of the following regulation size sports facilities: handball courts, basketball courts, squash courts, paddleball courts, racketball [*sic*] courts, tennis courts; or
  - (ii) a swimming pool of a minimum 1,500 square feet; or
  - (iii) facilities for classes, instruction and programs for physical improvement, body building, weight reduction, aerobics or martial arts; or
  - (iv) facilities for practice of massage by New York State licensed masseurs or masseuses.

Therapeutic or relaxation services may be provided only as accessory to programmed facilities as described in paragraphs (a)(2)(i) through (a)(2)(iv) of this Section.; and

WHEREAS, ZR § 73-36(b) sets forth additional findings that must be made where a physical culture or health establishment is located on the roof of a commercial building or the commercial portion of a mixed building in certain commercial districts; and

WHEREAS, because no portion of the subject PCE is located on the roof of a commercial building or the commercial portion of a mixed building, the additional findings set forth in ZR § 73-36(b) need not be made or addressed; and

WHEREAS, ZR § 73-36(c) provides that no special permit shall be issued unless:

- (1) the Board shall have referred the application to the Department of Investigation for a background check of the owner, operator and all principals having an interest in any application filed under a partnership or corporate name and shall have received a report from the Department of Investigation which the Board shall determine to be

satisfactory; and

- (2) the Board, in any resolution granting a special permit, shall have specified how each of the findings required by this Section are made.; and

WHEREAS, the Board notes that in addition to the foregoing, its determination is also subject to and guided by ZR § 73-03; and

WHEREAS, the Board notes that pursuant to ZR § 73-04, it has prescribed certain conditions and safeguards to the subject special permit in order to minimize the adverse effects of the special permit upon other property and community at large; the Board notes further that such conditions and safeguards shall be incorporated in the building permit and Certificate of Occupancy of the subject building, and that failure to comply with such conditions or restrictions shall constitute a violation of the Zoning Resolution and may constitute the basis for denial or revocation of a building permit or certificate of occupancy and for all other applicable remedies; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the subject PCE occupies 2,867 square feet of floor area on the first floor and 2,420 square feet of floor space in the cellar of the existing building consisting of locker rooms with showers, office space and fitness classroom space in the cellar with the lobby and spaces for weight training, interval training and yoga classes on the first floor; and

WHEREAS, the PCE has been in operation as ICE NYC since approximately mid-December 2016 with the following hours of operation: Monday through Thursday, 5:30 a.m. to 9:00 p.m., Friday, 5:30 a.m. to 7:00 p.m., Saturday, 9:00 a.m. to 1:00 p.m. and Sunday, 9:00 a.m. to 12:00 p.m.; and

WHEREAS, the applicant represents that the PCE use will neither impair the essential character nor the future use or development of the surrounding area because it is located within a commercial district in a building without any residential occupancy and has instituted an operational plan to mitigate any nuisance to neighbors; and

WHEREAS, specifically, the applicant engaged an acoustical engineer, which made the following recommendations: installation of an isolated floor system to mitigate the effects of weight drops; infilling of the existing staircase opening in the second floor slab; infill of all penetrations that pass through from the first floor to the second floor with fire-stop and acoustic sealant; the wrapping or lagging of all pipes, conduits and ductwork that passes from the first to second floor; and installation of a digital tamper-resistant limiter in-line with the audio playback system to ensure that music volume does not violate the New York City Noise Code; and

WHEREAS, the applicant represents that these recommendations have been installed in the PCE space and the Board has made the maintenance of these recommendations a condition of this approval; and

---

# MINUTES

---

WHEREAS, in addition, the applicant submits that the four column in the first floor training area have been boxed in with wallboard and tiles that are decoupled from and do not touch the columns to prevent noise vibrations from traveling through the building during wall ball exercises; and

WHEREAS, accordingly, the Board finds that the PCE is so located as to not impair the essential character or the future use or development of the surrounding area; and

WHEREAS, the applicant states that the PCE provides facilities for high-intensity interval training, cycling and rowing instruction for physical improvement and weight reduction and no massage services will be offered at the facility; and

WHEREAS, the Board finds that the subject PCE use is consistent with those eligible pursuant to ZR § 73-36(a)(2), for the issuance of the special permit; and

WHEREAS, the Department of Investigation has performed a background check on the corporate owner and operator of the establishment and the principals thereof and issued a report which the Board has deemed to be satisfactory; and

WHEREAS, the applicant represents that the PCE has a sprinkler system and is equipped with an interior fire alarm system—including smoke detectors, manual pull stations, local audible and visual alarms and a connection to the building’s interior fire alarm connected to an FDNY-approved central station; and

WHEREAS, at hearing, the Fire Department stated that it has no objections to the application; and

WHEREAS, pursuant to ZR § 73-03, the Board finds that, under the conditions and safeguards imposed, the hazards or disadvantages to the community at large of the PCE use are outweighed by the advantages to be derived by the community; and

WHEREAS, the applicant represents that the PCE will not interfere with any public improvement projects; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the requisite findings for the special permit pursuant to ZR §§ 73-36 and 73-03; and

WHEREAS, the Board notes that the term of this grant has been reduced to reflect the period of time that the PCE has operated at the premises without the special permit; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Checklist action discussed in the CEQR Checklist No. 17-BSA-026M, dated October 6, 2016; and

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3, §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review and makes each and every one of the required findings under ZR §§ 73-36 and 73-03 to legalize, on a site located in an R8 (C2-5) zoning district, the operation of a physical culture establishment on a portion of the first floor and second floor of an existing two-story commercial building, contrary to ZR § 32-10; *on condition* that all work shall substantially

conform to drawings filed with this application marked “Received April 21, 2017” – Six (6) sheets; and *on further condition*:

THAT the term of the PCE grant will expire on December 15, 2026;

THAT the following sound attenuation measures shall be maintained in the PCE space: an isolated floor system to mitigate the effects of weight drops; infill of the existing staircase opening in the second floor slab; infill of all penetrations that pass through from the first floor to the second floor with fire-stop and acoustic sealant; the wrapping or lagging of all pipes, conduits and ductwork that passes from the first to second floor; and a digital tamper-resistant limiter in-line with the audio playback system to ensure that music volume does not violate the New York City Noise Code;

THAT there will be no change in ownership or operating control of the PCE without prior application to and approval from the Board;

THAT accessibility compliance under Local Law 58/87 will be as reviewed and approved by DOB;

THAT the existing fire alarm and sprinkler systems shall be maintained as indicated on the Board-approved plans;

THAT minimum 3 foot wide exit pathways shall be provided leading to the required exits and such pathways shall always be maintained unobstructed, including from any equipment;

THAT the above conditions shall appear on the Certificate of Occupancy;

THAT a revised Certificate of Occupancy shall be obtained within one (1) year;

THAT this approval is limited to the relief granted by the Board in response to specifically cited objection(s);

THAT the approved plans will be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all of the applicable provisions of the Zoning Resolution, the Administrative Code, and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 23, 2017.

## ZONING CALENDAR

### 2016-4242-BZ

APPLICANT – Eric Palatnik, P.C., for Robert and Judy Weiss, owners.

SUBJECT – Application August 25, 2016 – Special Permit (§73-622) for the enlargement of an existing single family home contrary to open space (ZR §23-142); side yards (ZR 23-461) and less than the required rear yard (ZR §23-47). R-32 zoning district.

PREMISES AFFECTED – 1671 East 29<sup>th</sup> Street, Block 6792, Lot 50, Borough of Brooklyn.

### COMMUNITY BOARD #15BK

WHEREAS, the decision of the Brooklyn Borough Commissioner, dated July 28, 2016, acting on Application No. 321365704 reads in pertinent part:

Proposed vertical and horizontal enlargement to an existing single family home in an R3-2 district is non-compliant in regard to:

- 1) Proposed floor area ratio is contrary to ZR 23-142;
  - 2) Proposed lot coverage is contrary to ZR 23-142;
  - 3) Proposed open space is contrary to ZR 23-142;
  - 4) Proposed rear yard is contrary to ZR 23-47;
  - 5) Proposed side yard is contrary to ZR 23-461;
- And must be referred to the Board of Standard and Appeals for a special permit pursuant to ZR 73-622; and

WHEREAS, this is an application under ZR § 73-622 to permit, in an R3-2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with

---

# MINUTES

---

the zoning requirements for floor area ratio, lot coverage, open space, rear and side yards contrary to ZR §§ 23-142, 23-47 and 23-461; and

WHEREAS, a public hearing was held on this application on May 23, 2017, after due notice by publication in *The City Record*, and then to decision on the same date; and

WHEREAS, Commissioner Montanez performed an inspection of the site and surrounding neighborhood; and

WHEREAS, Community Board 15, Brooklyn, recommends approval of this application; and

WHEREAS, the subject site is located on the east side of East 29th Street, between Avenue P and Quentin Road, in an R3-2 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 50 feet of frontage along East 29th Street, a depth of 100 feet and 5,000 square feet of lot area; and

WHEREAS, the site is occupied by a two-story single-family detached dwelling with 2,500 square feet of floor area, a floor area ratio ("FAR") of 0.50, 27 percent lot coverage, 73 percent open space, two side yards measuring 8.9 feet and 3.9 feet and a rear yard of 39 feet; and

WHEREAS, ZR § 73-622 provides that:

The Board of Standards and Appeals may permit an *enlargement* of an existing *single- or two-family detached or semi-detached residence* within the following areas:

- (a) Community Districts 11 and 15, in the Borough of Brooklyn; and
- (b) R2 Districts within the area bounded by Avenue I, Nostrand Avenue, Kings Highway, Avenue O and Ocean Avenue, Community District 14, in the Borough of Brooklyn; and
- (c) within Community District 10 in the Borough of Brooklyn, after October 27, 2016, only the following applications, Board of Standards and Appeals Calendar numbers 2016-4218-BZ, 234-15-BZ and 2016-4163-BZ, may be granted a special permit pursuant to this Section. In addition, the provisions of Section 73-70 (LAPSE of PERMIT) and paragraph (f) of Section 73-03 (General Findings Required for All Special Permit Uses and Modifications), shall not apply to such applications and such special permit shall automatically lapse and shall not be renewed if substantial construction, in compliance with the approved plans for which the special permit was granted, has not been completed within two years from the effective date of issuance of such special permit.

Such *enlargement* may create a new *non-compliance*, or increase the amount or degree of any existing *non-compliance*, with the applicable *bulk* regulations for *lot coverage, open space, floor area, side yard, rear yard* or perimeter wall height regulations, provided that:

- (1) any *enlargement* within a *side yard* shall be limited to an *enlargement* within an existing *non-complying side yard* and such *enlargement* shall not result in a decrease in the existing minimum width of open area between the *building* that is being *enlarged* and the *side lot line*;
- (2) any *enlargement* that is located in a *rear yard* is not located within 20 feet of the *rear lot line*; and
- (3) any *enlargement* resulting in a *non-complying* perimeter wall height shall only be permitted in R2X, R3, R4, R4A and R4-1 Districts, and only where the *enlarged building* is adjacent to a *single- or two-family detached or semi-detached residence* with an existing *non-complying* perimeter wall facing the *street*. The increased height of the perimeter wall of the *enlarged building* shall be equal to or less than the height of the adjacent *building's non-complying* perimeter wall facing the *street*, measured at the lowest point before a setback or pitched roof begins. Above such height, the setback regulations of Section 23-631, paragraph (b), shall continue to apply.

The Board shall find that the *enlarged building* will not alter the essential character of the neighborhood or district in which the *building* is located, nor impair the future use or development of the surrounding area. The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, the Board notes that in addition to the foregoing, its determination herein is also subject to and guided by, *inter alia*, ZR §§ 73-01 through 73-04; and

WHEREAS, as a threshold matter, the Board notes that the site is within the boundaries of a designated area in which the subject special permit is available; and

WHEREAS, the Board notes further that the subject application seeks to enlarge an existing detached single-family residence, as contemplated by ZR § 73-622; and

WHEREAS, the applicant proposes to enlarge the existing dwelling with a one-story addition at the rear the will result in a dwelling with a total of 3,183 square feet of floor area, 0.64 FAR, 41 percent lot coverage, 59 percent open space, maintain the 8.9 foot wide and 3.9 foot wide side yards and reduce the existing rear yard to 20 feet; and

WHEREAS, at the subject site, a maximum FAR of 0.50, maximum lot coverage of 35 percent and minimum open space of 65 percent are permitted pursuant to ZR § 23-142; a rear yard of at least 30 feet is required pursuant to ZR § 23-47; and two side yards having a minimum width of 5 feet and a minimum total combined width of 13 feet are required pursuant to ZR § 23-461; and

WHEREAS, the applicant submitted an analysis of the floor area ratios of single- and two-family residences within a

---

# MINUTES

---

400 foot radius of the subject site (the “Study Area”) concluding that 37 of the 82 dwellings (45 percent) have FARs equal to or greater than 0.64, ranging from 0.64 to 1.50; and

WHEREAS, the applicant additionally provided a lot coverage analysis of the same Study Area concluding that 30 of the 82 dwellings (37 percent) have lot coverage equal to or greater than 41 percent, ranging from 41 percent to 65 percent; and

WHEREAS, finally, the applicant submitted a rear yard study of single- and two-family dwellings on the subject block showing that, while most of the dwellings have rear yards of complying depths, many have one-story garages in these rear yards, indicating that one-story rear yard incursions are typical of the subject block; and

WHEREAS, based upon its review of the record, the Board finds that the proposed enlargement will neither alter the essential character of the surrounding neighborhood, nor impair the future use and development of the surrounding area; and

WHEREAS, therefore, the Board has determined that the evidence in the record supports the findings required to be made under ZR § 73-622.

*Therefore it is Resolved*, that the Board of Standards and Appeals issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a), 5-02(b)(2) and 6-15 of the Rules of Procedure for City Environmental Quality Review and makes the required findings under ZR § 73-622, to permit, in an R3-2 zoning district, the proposed enlargement of a single-family detached residence that does not comply with the zoning requirements for floor area ratio, lot coverage, open space, rear and side yards contrary to ZR §§ 23-142, 23-47 and 23-461; *on condition* that all work will substantially conform to drawings as they apply to the objections above-noted, filed with this application and marked “Received May 23, 2017”- Seventeen (17) sheets; and *on further condition*:

THAT the following shall be the bulk parameters of the building: a maximum floor area of 3,183 square feet (0.64 FAR), a maximum of 41 percent lot coverage, a minimum of 59 percent open space, side yards of at least 8.9 feet and 3.9 feet and a rear yard of at least 20 feet, as illustrated on the BSA-approved plan; and

THAT all existing exterior walls and wall joists indicated to remain undisturbed on the BSA-approved plans shall remain or the special permit is void;

THAT this approval is limited to the relief granted by the Board in response to specifically cited DOB/other jurisdiction objection(s);

THAT the approved plans shall be considered approved only for the portions related to the special relief granted; and

THAT DOB shall ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

PREMISES AFFECTED – 206 Beach 42<sup>nd</sup> Street, Block 15850, Lot 30, Borough of Queens.

**COMMUNITY BOARD #14Q**

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for waiver of certain of the Board’s Rules of Practice and Procedure and to allow for the elevation or reconstruction of a single-family home on a portion of a site that lies within the bed of a mapped street, contrary to General City Law (“GCL”) § 35; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the owner by the Mayor’s Office of Housing Recovery Operations (“HRO”) and the Build it Back Program, which was created to assist New York City residents affected by Hurricane Sandy; and

WHEREAS, in order to accept the application from HRO on behalf of the owner, and in furtherance of the City’s effort to rebuild homes impacted by Hurricane Sandy expeditiously and efficiently, the Board waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-06.1(b) (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-06.2 (A Form), (3) 2 RCNY § 1-06.3(b) (Filing Period), (4) 2 RCNY § 1-06.4(b) (Application Referral), (5) 2 RCNY § 1-06.5(b) (Hearing Notice), (6) 2 RCNY § 1-09.1 (Application Form), and (7) 2 RCNY § 1-09.4 (Owner’s Authorization); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the east side of Beach 42<sup>nd</sup> Street, south of Rockaway Beach Boulevard, within an R4 zoning district, in Queens; and

WHEREAS, by letter dated March 29, 2017, the Department of Environmental Protection (“DEP”) states that

---

# MINUTES

---

there are no existing or planned DEP Capital Projects associated with the subject site and that DEP has no objections to the proposed application, on condition that (1) no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (2) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (3) if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and (4) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired solely because of the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, lift, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and

WHEREAS, by letter dated April 4, 2017, the Department of Transportation (“DOT”) states that there is no existing or planned DOT Capital Project associated with the subject site and that it has no objection to the proposal on condition that the proposal comply with Department of Buildings’ requirement, including the Builders Pavement Plan; and

WHEREAS, by letter dated April 10, 2017, the Fire Department states that it has no objections to the proposal on the condition that, where the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet; and

WHEREAS, the Fire Department further states that, in circumstances where the construction consists primarily of structural elevation and the Fire Department has determined that the home has been mostly repaired, with the exception of work associated with elevating the home, elevating and moving mechanical, electrical, and plumbing equipment, roof

construction or other minor work associated with elevating the home in compliance with the New York City Building Code Appendix G, the Department of Buildings (“DOB”) may waive the requirement that the building has a sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code upon notice from the Fire Department; and

WHEREAS, the Board notes that pursuant to GCL §35, it may authorize construction within the bed of the mapped street subject to reasonable requirements; and

WHEREAS, the Board notes that pursuant to ZR § 72-01(g), the Board may waive bulk regulations where construction is proposed in part within the bed of a mapped street; such bulk waivers will be only as necessary to address non compliances resulting from the location of construction within and outside of the mapped street, and the zoning lot will comply to the maximum extent feasible with all applicable zoning regulations as if the street were not mapped; and

WHEREAS, therefore, consistent with GCL § 35 and ZR § 72-01(g), the Board finds that applying the bulk regulations across the portion of the subject lot within the mapped street and the portion of the subject lot outside the mapped street as if the lot were unencumbered by a mapped street is both reasonable and necessary to allow the proposed construction; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore it is Resolved*, that the Board of Standards and Appeals waives the above-referenced Rules of Practice and Procedure, and authorizes a waiver of GCL § 35 and also waives the bulk regulations associated with the presence of the mapped but unbuilt street pursuant to Section 72-01(g) of the Zoning Resolution to grant this appeal *on condition* that the proposed elevation or reconstruction will comply with all applicable zoning district requirements; and that all other applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired solely because of

# MINUTES

the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, lift, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT the proposal complies with Department of Buildings' requirement, including the Builders Pavement Plan;

THAT, if the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code, unless the Fire Department has notified DOB that the building is exempt; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT this approval is limited to proposals for the elevation or reconstruction of previously existing structures and insofar as the applicant proposes, instead, to repair the building or other structure on the subject lot, this waiver shall be void as unnecessary;

THAT the applicant provide the Board with a full set of approved plans upon DOB's issuance of a Certificate of Occupancy for the subject building or other structure;

THAT DOB will review and approve plans associated with the Board's approval for compliance with the underlying zoning regulations as if the unbuilt portion of the street were not mapped; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

## 2017-134-A

APPLICANT – NYC Mayor's Office of Housing Recovery Operations ("HRO")

SUBJECT – Application April 27, 2017 – General City Law 35 Waiver for the reconstruction of properties located within the bed of a mapped street, damaged/destroyed by Hurricane Sandy, which are registered in the NYC Build it Back Program. R3-2 zoning district.

PREMISES AFFECTED – 118 East 7<sup>th</sup> Road, Block 15455, Lot 11, Borough of Queens.

## COMMUNITY BOARD #14Q

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for waiver of certain of the Board's Rules of Practice and Procedure and to allow for the elevation or reconstruction of a single-family home on a portion of a site that lies within the bed of a mapped street, contrary to General City Law ("GCL") § 35; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the owner by the Mayor's Office of Housing Recovery Operations ("HRO") and the Build it Back Program, which was created to assist New York City residents affected by Hurricane Sandy; and

WHEREAS, in order to accept the application from HRO on behalf of the owner, and in furtherance of the City's effort to rebuild homes impacted by Hurricane Sandy expeditiously and efficiently, the Board waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-06.1(b) (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-06.2 (A Form), (3) 2 RCNY § 1-06.3(b) (Filing Period), (4) 2 RCNY § 1-06.4(b) (Application Referral), (5) 2 RCNY § 1-06.5(b) (Hearing Notice), (6) 2 RCNY § 1-09.1 (Application Form), and (7) 2 RCNY § 1-09.4 (Owner's Authorization); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of East 7 Road, between Church Road and Walton Road, within an R3-2 zoning district, in Queens; and

WHEREAS, by letter dated March 29, 2017, the Department of Environmental Protection ("DEP") states that a contemplated DEP Capital Project, the scope of which is unknown, is associated with the subject site but that DEP has no objections to the proposed application, on condition that (1) no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (2) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other

---

# MINUTES

---

structure being replaced or repaired, the proposed building or other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (3) if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and (4) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired solely because of the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and

WHEREAS, by letter dated April 4, 2017, the Department of Transportation (“DOT”) states that there is a planned DOT Capital Project, the scope of which is not yet finalized, associated with the subject site, and that it has no objections to the proposed application, on condition that the proposal complies with Department of Buildings’ requirements, including the Builder’s Pavement Plan; and

WHEREAS, accordingly, DOT and DEP further condition the subject application on all buildings and other structures, including exterior stairs, being set back at least 5 feet from the front lot line of the property; and

WHEREAS, by letter dated April 10, 2017, the Fire Department states that it has no objections to the proposal on the condition that, where the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet; and

WHEREAS, the Fire Department further states that, in circumstances where the construction consists primarily of structural elevation and the Fire Department has determined that the home has been mostly repaired, with the exception of work associated with elevating the home, elevating and moving mechanical, electrical, and plumbing equipment, roof construction or other minor work associated with elevating the home in compliance with the New York City Building Code Appendix G, the Department of Buildings (“DOB”) may waive

the requirement that the building has a sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code upon notice from the Fire Department; and

WHEREAS, the Board notes that pursuant to GCL §35, it may authorize construction within the bed of the mapped street subject to reasonable requirements; and

WHEREAS, the Board notes that pursuant to ZR § 72-01(g), the Board may waive bulk regulations where construction is proposed in part within the bed of a mapped street; such bulk waivers will be only as necessary to address non compliances resulting from the location of construction within and outside of the mapped street, and the zoning lot will comply to the maximum extent feasible with all applicable zoning regulations as if the street were not mapped; and

WHEREAS, therefore, consistent with GCL § 35 and ZR § 72-01(g), the Board finds that applying the bulk regulations across the portion of the subject lot within the mapped street and the portion of the subject lot outside the mapped street as if the lot were unencumbered by a mapped street is both reasonable and necessary to allow the proposed construction; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore it is Resolved,* that the Board of Standards and Appeals waives the above-referenced Rules of Practice and Procedure, and authorizes a waiver of GCL § 35 and also waives the bulk regulations associated with the presence of the mapped but unbuilt street pursuant to Section 72-01(g) of the Zoning Resolution to grant this appeal *on condition* that the proposed elevation or reconstruction will comply with all applicable zoning district requirements; and that all other applicable laws, rules and regulations shall be complied with; and *on further condition:*

THAT no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired solely because of the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other

---

structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, lift, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT all buildings and other structures, including exterior stairs, be set back at least 5 feet from the front lot line of the property;

THAT the proposal complies with Department of Buildings' requirement, including the Builders Pavement Plan;

THAT, if the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code, unless the Fire Department has notified DOB that the building is exempt; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT this approval is limited to proposals for the elevation or reconstruction of previously existing structures and insofar as the applicant proposes, instead, to repair the building or other structure on the subject lot, this waiver shall be void as unnecessary;

THAT the applicant provide the Board with a full set of approved plans upon DOB's issuance of a Certificate of Occupancy for the subject building or other structure;

THAT DOB will review and approve plans associated with the Board's approval for compliance with the underlying zoning regulations as if the unbuilt portion of the street were not mapped; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

APPLICANT – NYC Mayor's Office of Housing Recovery Operations ("HRO")

SUBJECT – Application April 27, 2017 – General City Law 35 Waiver for the reconstruction of properties located within the bed of a mapped street, damaged/destroyed by Hurricane Sandy, which are registered in the NYC Build it Back Program. R3-2 zoning district.

PREMISES AFFECTED – 310 East 8 Road, Block 15655, Lot 33, Borough of Queens.

### COMMUNITY BOARD #14Q

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for waiver of certain of the Board's Rules of Practice and Procedure and to allow for the elevation or reconstruction of a single-family home on a portion of a site that lies within the bed of a mapped street, contrary to General City Law ("GCL") § 35; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the owner by the Mayor's Office of Housing Recovery Operations ("HRO") and the Build it Back Program, which was created to assist New York City residents affected by Hurricane Sandy; and

WHEREAS, in order to accept the application from HRO on behalf of the owner, and in furtherance of the City's effort to rebuild homes impacted by Hurricane Sandy expeditiously and efficiently, the Board waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-06.1(b) (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-06.2 (A Form), (3) 2 RCNY § 1-06.3(b) (Filing Period), (4) 2 RCNY § 1-06.4(b) (Application Referral), (5) 2 RCNY § 1-06.5(b) (Hearing Notice), (6) 2 RCNY § 1-09.1 (Application Form), and (7) 2 RCNY § 1-09.4 (Owner's Authorization); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of East 8 Road, between Lanark Road and West Road, within an R3-2 zoning district, in Queens; and

WHEREAS, by letter dated March 29, 2017, the Department of Environmental Protection ("DEP") states that a DEP Capital Project extends into the subject site, but that DEP has no objections to the proposed application, on condition that (1) no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (2) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or

---

---

other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (3) if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and (4) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired solely because of the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, lift, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and

WHEREAS, by letter dated April 4, 2017, the Department of Transportation (“DOT”) states that there is a planned and finalized DOT Capital Project associated with the subject site and that it has no objections to the subject proposal, on condition that the proposal complies with Department of Buildings’ requirements, including the Builders Pavement Plan; and

WHEREAS, accordingly, DOT and DEP further condition the subject application on all buildings or other structures, including exterior stairs, not being constructed within either a planned DEP Capital Project, as indicated on the Department of Design and Construction’s (“DDC”) Damages Map and/or Acquisition plans as of September 15, 2015, or a planned DOT Capital Project, as indicated on DDC’s Right of Way Acquisition Plan as of September 15, 2015, or as indicated in writing by the DDC; and

WHEREAS, by letter dated April 10, 2017, the Fire Department states that it has no objections to the proposal on the condition that where the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet; and

WHEREAS, the Fire Department further stated that, in circumstances where the construction consists primarily of structural elevation and the Fire Department has determined that the home has been mostly repaired, with the exception of work associated with elevating the home, elevating and moving

mechanical, electrical, and plumbing equipment, roof construction or other minor work associated with elevating the home in compliance with the New York City Building Code Appendix G, the Department of Buildings (“DOB”) may waive the requirement that the building has a sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code upon notice from the Fire Department; and

WHEREAS, the Board notes that pursuant to GCL § 35, it may authorize construction within the bed of the mapped street subject to reasonable requirements; and

WHEREAS, the Board notes that pursuant to ZR § 72-01(g), the Board may waive bulk regulations where construction is proposed in part within the bed of a mapped street; such bulk waivers will be only as necessary to address non compliances resulting from the location of construction within and outside of the mapped street, and the zoning lot will comply to the maximum extent feasible with all applicable zoning regulations as if the street were not mapped; and

WHEREAS, therefore, consistent with GCL § 35 and ZR § 72-01(g), the Board finds that applying the bulk regulations across the portion of the subject lot within the mapped street and the portion of the subject lot outside the mapped street as if the lot were unencumbered by a mapped street is both reasonable and necessary to allow the proposed construction; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore it is Resolved*, that the Board of Standards and Appeals waives the above-referenced Rules of Practice and Procedure, and authorizes a waiver of GCL § 35 and also waives the bulk regulations associated with the presence of the mapped but unbuilt street pursuant to Section 72-01(g) of the Zoning Resolution to grant this appeal *on condition* that the proposed elevation or reconstruction will comply with all applicable zoning district requirements; and that all other applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building

# MINUTES

or other structure being replaced or repaired solely because of the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, lift, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT all buildings or other structures, including exterior stairs, not be constructed within a planned DEP Capital Project as indicated on the DDC's Damages Map and/or Acquisitions plan as of September 15, 2015;

THAT all buildings or other structures, including exterior stairs, not be constructed within a planned DOT Capital Project as indicated on the DDC's Right of Way Acquisition Plan as of September 15, 2015, or as indicated in writing by the DDC;

THAT the proposal complies with Department of Buildings' requirement, including the Builders Pavement Plan;

THAT, if the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code, unless the Fire Department has notified DOB that the building is exempt; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT this approval is limited to proposals for the elevation or reconstruction of previously existing structures and insofar as the applicant proposes, instead, to repair the building or other structure on the subject lot, this waiver shall be void as unnecessary;

THAT the applicant provide the Board with a full set of approved plans upon DOB's issuance of a Certificate of Occupancy for the subject building or other structure;

THAT DOB will review and approve plans associated with the Board's approval for compliance with the underlying zoning regulations as if the unbuilt portion of the street were not mapped; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

## 2017-137-A

APPLICANT – NYC Mayor's Office of Housing Recovery Operations ("HRO")

SUBJECT – Application April 27, 2017 – General City Law 35 Waiver for the reconstruction of properties located within the bed of a mapped street, damaged/destroyed by Hurricane Sandy, which are registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 580 Lincoln Avenue, Block 3884, Lot 28, Borough of Staten Island.

### COMMUNITY BOARD #2SI

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for waiver of certain of the Board's Rules of Practice and Procedure and to allow for the elevation or reconstruction of a single-family home on a portion of a site that lies within the bed of a mapped street, contrary to General City Law ("GCL") § 35; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the owner by the Mayor's Office of Housing Recovery Operations ("HRO") and the Build it Back Program, which was created to assist New York City residents affected by Hurricane Sandy; and

WHEREAS, in order to accept the application from HRO on behalf of the owner, and in furtherance of the City's effort to rebuild homes impacted by Hurricane Sandy expeditiously and efficiently, the Board waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-06.1(b) (Objection Issued by the Department of Buildings), (2) 2 RCNY § 1-06.2 (A Form), (3) 2 RCNY § 1-06.3(b) (Filing Period), (4) 2 RCNY § 1-06.4(b) (Application Referral), (5) 2 RCNY § 1-06.5(b) (Hearing Notice), (6) 2 RCNY § 1-09.1 (Application Form), and (7) 2 RCNY § 1-09.4 (Owner's Authorization); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of Lincoln Avenue, between Olympia Boulevard and Colony Avenue, within an R3-1 zoning district, on Staten Island; and

WHEREAS, by letter dated March 29, 2017, the Department of Environmental Protection ("DEP") states that there are no existing or planned DEP Capital Projects associated with the subject site and that DEP has no objections to the proposed application, on condition that (1) no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (2) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure

---

being replaced or repaired, the proposed building or other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; (3) if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and (4) if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired solely because of the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, lift, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor; and

WHEREAS, by letter dated April 4, 2017, the Department of Transportation (“DOT”) states that there is no existing or planned DOT Capital Project associated with the subject site and that it has no objection to the proposal on condition that the proposal comply with Department of Buildings’ requirement, including the Builders Pavement Plan; and

WHEREAS, by letter dated April 10, 2017, the Fire Department states that it has no objections to the proposal on the condition that, where the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet; and

WHEREAS, the Fire Department further states that, in circumstances where the construction consists primarily of structural elevation and the Fire Department has determined that the home has been mostly repaired, with the exception of work associated with elevating the home, elevating and moving mechanical, electrical, and plumbing equipment, roof construction or other minor work associated with elevating the home in compliance with the New York City Building Code Appendix G, the Department of Buildings (“DOB”) may waive the requirement that the building has a sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code upon notice from the Fire Department; and

WHEREAS, the Board notes that pursuant to GCL §35, it may authorize construction within the bed of the mapped

street subject to reasonable requirements; and

WHEREAS, the Board notes that pursuant to ZR § 72-01(g), the Board may waive bulk regulations where construction is proposed in part within the bed of a mapped street; such bulk waivers will be only as necessary to address non compliances resulting from the location of construction within and outside of the mapped street, and the zoning lot will comply to the maximum extent feasible with all applicable zoning regulations as if the street were not mapped; and

WHEREAS, therefore, consistent with GCL § 35 and ZR § 72-01(g), the Board finds that applying the bulk regulations across the portion of the subject lot within the mapped street and the portion of the subject lot outside the mapped street as if the lot were unencumbered by a mapped street is both reasonable and necessary to allow the proposed construction; and

WHEREAS, accordingly, the Board has determined that the applicant has submitted adequate evidence to warrant this approval under certain conditions.

*Therefore it is Resolved*, that the Board of Standards and Appeals waives the above-referenced Rules of Practice and Procedure, and authorizes a waiver of GCL § 35 and also waives the bulk regulations associated with the presence of the mapped but unbuilt street pursuant to Section 72-01(g) of the Zoning Resolution to grant this appeal *on condition* that the proposed elevation or reconstruction will comply with all applicable zoning district requirements; and that all other applicable laws, rules and regulations shall be complied with; and *on further condition*:

THAT no building or other structure may be constructed over an existing DEP-managed water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may not be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT if a proposed building or other structure is within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired, the proposed building or other structure may be within 5 feet of a DEP-managed existing water or sewer main, as confirmed by a survey prepared by a New York State licensed land surveyor;

THAT if a proposed building or other structure is not within the exact footprint of the pre-Hurricane Sandy building or other structure being replaced or repaired solely because of the addition of a new landing, lift, ramp, staircase and/or porch required to accommodate elevation of the proposed building or other structure, that portion of the proposed building or other structure that is within the exact footprint of the pre-Hurricane Sandy building or other structure may remain within 5 feet of a DEP-managed existing water or sewer main but such new landing, lift, ramp, staircase and/or porch may not be within 5 feet of a DEP-managed existing water or sewer main, as

# MINUTES

confirmed by a survey prepared by a New York State licensed land surveyor, unless DEP has notified DOB that such limitation does not apply;

THAT the proposal complies with Department of Buildings' requirement, including the Builders Pavement Plan;

THAT, if the curb-to-curb width of the street is less than 34 feet or the building is setback more than 40 feet from the curb line: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code, unless the Fire Department has notified DOB that the building is exempt; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the building, where the foundation is not completely closed, shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT this approval is limited to proposals for the elevation or reconstruction of previously existing structures and insofar as the applicant proposes, instead, to repair the building or other structure on the subject lot, this waiver shall be void as unnecessary;

THAT the applicant provide the Board with a full set of approved plans upon DOB's issuance of a Certificate of Occupancy for the subject building or other structure;

THAT DOB will review and approve plans associated with the Board's approval for compliance with the underlying zoning regulations as if the unbuilt portion of the street were not mapped; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application to allow for the elevation or reconstruction of a single family home that does not front on a mapped street, contrary to General City Law § 36 ("GCL § 36"), as well as a waiver of certain of the Board's Rules of Practice and Procedure; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on that same date; and

WHEREAS, this application is brought on behalf of the owner by the Mayor's Office of Housing Recovery Operations ("HRO") and the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in order to accept the application from HRO on behalf of the owner, and in furtherance of the City's effort to rebuild homes impacted by Superstorm Sandy expeditiously and efficiently, the Board waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-06.1(a) (Appeal of Agency Final Determination), (2) 2 RCNY § 1-06.2 (A Form), (3) 2 RCNY § 1-06.3(b) (Filing Period), (4) 2 RCNY § 1-06.4(b) (Application Referral), (5) 2 RCNY § 1-06.5 (Hearing Notice), (6) 2 RCNY § 1-09.1 (Application Form), and (7) 2 RCNY § 1-09.4 (Owner's Authorization); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the north side of Alan Place, west of Pennyfield Avenue, within an R3-1 zoning district, in the Bronx; and

WHEREAS, the site has approximately 50 feet of frontage along Alan Place, a depth of 450 feet and 22,524 square feet of lot area; and

WHEREAS, it has been determined by HRO that the subject site is occupied by a building or other structure or was occupied by a building or other structure on October 28, 2012, which must be reconstructed or elevated and which does not front on a mapped street; and

WHEREAS, in support of this application, HRO has submitted the following documents to the Board: (1) a BSA application form; (2) a statement of facts which includes reference to HRO's identification of the site as not fronting on a mapped street; and (3) maps of the subject property; and

WHEREAS, by letter dated April 10, 2017, the Fire Department stated that it had no objections to the proposal provided that: (1) the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; (2) the building will be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; (3) the underside of the exterior of the building where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating; and (4) the height from grade plan to the highest window-sill leading to a habitable space may not

APPLICANT – NYC Mayor's Office of Housing Recovery Operations ("HRO")

SUBJECT – Application May 19, 2017 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 14A Mesereau Court, Block 8797, Lot 47. Borough of Brooklyn.

### COMMUNITY BOARD # 15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board's Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards, rear yards, lot coverage and open space, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City's effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner's Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

---

# MINUTES

---

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Mesereau Court, north of Dunne Place, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 22 feet of frontage along Mesereau Court, 55 feet of depth, 1,210 square feet of lot area and is occupied by a one-story single-family detached home, which is setback 13.4 feet from the western lot line, 1.7 feet from the northern lot line, encroaches on its eastern and southern lot lines and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-385-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the reconstruction of a single-family detached home on a concrete foundation setback 10 feet from the western lot line, 5.6 feet from the northern lot line, 3 feet from the southern lot line and 10 feet from the eastern lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets;

and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to redevelop the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this

# MINUTES

case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA126K, dated May 18, 2017; and

*Therefore, it is Resolved,* that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of an existing detached one-story single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards, rear yards lot coverage and open space, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 18, 2017"- Five (5) sheets; and *on further condition:*

THAT the bulk parameters of the building shall be as follows: setback at least 10 feet from the western lot line, setback at least 5.6 feet from the northern lot line, setback at least 3 feet from the southern lot line and setback at least 10 feet from the eastern lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32

feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

### CEQR #17-BSA-126K

APPLICANT – NYC Mayor's Office of Housing Recovery Operations ("HRO")

SUBJECT – Application May 19, 2017 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 7A Lake Avenue, Block 8796, Lot 139. Borough of Brooklyn.

### COMMUNITY BOARD # 15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board's Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards and rear yards, contrary to ZR §§ 23-45, 23-461(a), 23-47, 64-A351, 64-A352 and 64-A353; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City's effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure:

---

# MINUTES

---

(1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner's Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Lake Avenue, north of Emmons Avenue, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 24 feet of frontage along Lake Avenue, 66 feet of depth, 1,544 square feet of lot area and is occupied by a one-story single-family detached home, which is setback 0.8 feet from the northern property line, 10.74 feet from the eastern property line, 2.4 feet from the southern property line, 0.48 feet from the western property line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-449-A, the Board granted a waiver of General City Law ("GCL") § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the one-story single-family detached home, resulting in a two-story home setback 0.8 feet from the northern lot line, 2.4 feet from the southern lot line, 1.83 feet from the western lot line and 11.17 feet from the eastern lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR

§ 64-A352(c); and

WHEREAS, the subject site does not front a "street," as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a "front lot line," a "front yard," a "rear lot line," a "rear yard" and "side yards," as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant

# MINUTES

construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA126K, dated May 18, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of an existing detached one-story single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards and rear yards, contrary to ZR §§ 23-45, 23-461(a), 23-47, 64-A351, 64-A352 and 64-A353; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 18, 2017"- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 0.8 feet from the northern lot line, setback at least 2.4 feet from the southern lot line, setback at least 1.83 feet from the western lot line and setback at least 11.17 feet from the eastern lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling

where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a "street," as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a "front lot line," a "front yard," a "rear lot line," a "rear yard" and "side yards," as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted

# MINUTES

- height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA127K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of an existing detached one-story single-family dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front

yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Four (4) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 3.5 feet from the northern lot line, setback at least 15 feet from the eastern lot line, setback at least 3.5 feet from the southern lot line and setback at least 16 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

## THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family semi-detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuild homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Stanton Road, between Gunnison Court and Losee Terrace, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 23 feet of frontage along Stanton Road, 1,256 square feet of lot area and is occupied by a one-story single-family semi-detached home, which is setback 0.3 feet from the northern lot line, 14.1 feet from the eastern lot line, 0 feet from the southern lot line, 0 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-412-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the

exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 3.75 feet from the northern lot line, 13 feet from the eastern lot line, 3.75 feet from the southern lot line and 10 feet from the western lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction*

---

# MINUTES

---

*standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;

- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and

issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 3.75 feet from the northern lot line, setback at least 13 feet from the eastern lot line, setback at least 3.75 feet from the southern lot line and setback at least 10 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of Gunnison Court, between Brown Street and Stanton Road, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 27 feet of frontage along Gunnison Court, 1,677 square feet of lot area and is occupied by a one-story single-family semi-detached home, which is setback 14.2 feet from the northern lot line, 0 feet from the eastern lot line, 2.3 feet from the southern lot line, 6 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-407-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 14.33 feet from the northern lot line, 4.5 feet from the eastern lot line, 16.5 feet from the southern lot line and 6.25 feet from the western lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard”

---

and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character

of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received May 19, 2017”- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 14.33 feet from the northern lot line, setback at least 4.5 feet from the eastern lot line, setback at least 16.5 feet from the southern lot line and setback at least 6.25 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

# MINUTES

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family semi-detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuild homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2

RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of Gunnison Court, between Brown Street and Stanton Road, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 23 feet of frontage along Gunnison Court, 1,453 square feet of lot area and is occupied by a one-story single-family semi-detached home, which is setback 14.2 feet from the northern lot line, 3.2 feet from the eastern lot line, 6.7 feet from the southern lot line, 0 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-409-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 14.33 feet from the northern lot line, 3.625 feet from the eastern lot line, 10.6 feet from the southern lot line and 3.625 feet from the western lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

SUBJECT – Application May 19, 2017 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 38 Gunnison Court. Block 8800, Lot 189. Borough of Brooklyn.

### COMMUNITY BOARD # 15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family semi-detached home in compliance with flood-resistant construction standards that does not comply with the zoning

requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the south side of Gunnison Court, between Stanton Road and Batchelder Street, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 25 feet of frontage along Gunnison Court, 2,077 square feet of lot area and is occupied by a one-story single-family semi-detached home, which is setback 14.2 feet from the northern lot line, 4.8 feet from the eastern lot line, 11.8 feet from the southern lot line, 0 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-475-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 14.33 feet from the northern lot line, 4.63 feet from the eastern lot line,

---

33.083 feet from the southern lot line and 4.63 feet from the western lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant*

- (c) *construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to

ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received May 19, 2017”- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 14.33 feet from the northern lot line, setback at least 4.63 feet from the eastern lot line, setback at least 33.083 feet from the southern lot line and setback at least 4.63 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals waives its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received May 19, 2017”- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 3.75 feet from the northern lot line, setback at least 15.5 feet from the eastern lot line, setback at least 3.75 feet from the southern lot line and setback at least 16 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the

Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

### CEQR #17-BSA-128K

APPLICANT – NYC Mayor’s Office of Housing Recovery Operations (“HRO”)

SUBJECT – Application May 19, 2017 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 3 Lake Avenue. Block 8796, Lot 179. Borough of Brooklyn.

### COMMUNITY BOARD # 15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4  
Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the east side of Lake Avenue, north of Emmons Avenue, in an R4-1

---

---

zoning district, in Brooklyn; and

WHEREAS, the site has approximately 24 feet of frontage along Lake Avenue, 1,094 square feet of lot area and is occupied by a one-story single-family detached home, which is setback between 2.8 and 3.6 feet from the northern lot line, 1.8 feet from the eastern lot line, between 0.3 and 0.7 feet from the southern lot line, 0.4 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-479-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a one-story one-family detached residence in the same foot print as the existing residence and maintaining the same open areas between the residence and the lot lines; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards,

along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character

---

# MINUTES

---

of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a one-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 2.8 feet from the northern lot line, setback at least 1.8 feet from the eastern lot line, setback at least 0.3 feet from the southern lot line and setback at least 0.4 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

WHEREAS, consequently the subject site lacks a "front lot line," a "front yard," a "rear lot line," a "rear yard" and "side yards," as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

# MINUTES

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 3.75 feet from the northern lot line, setback at least 15.5 feet from the eastern lot line, setback at least 3.75 feet from the southern lot line and setback at least 16 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City's effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner's Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the east side of Lake Avenue, north of Emmons Avenue, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 24 feet of frontage along Lake Avenue, 1,092 square feet of lot area and is occupied by a one-story single-family detached home, which is setback 3.5 feet from the northern lot line, 0.3 feet from the eastern lot line, 0.1 feet from the southern lot line, 0.1 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-398-A, the Board granted a waiver of General City Law ("GCL") § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the elevated dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the existing residence in the same footprint, resulting in a two-story single-family detached dwelling with the same lot line setbacks; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375

square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a "street," as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a "front lot line," a "front yard," a "rear lot line," a "rear yard" and "side yards," as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the

future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Five (5) sheets; and *on*

*further condition:*

THAT the bulk parameters of the building shall be as follows: setback at least 3.5 feet from the northern lot line, setback at least 0.3 feet from the eastern lot line, setback at least 0.1 feet from the southern lot line and setback at least 0.1 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Lake Avenue, north of Emmons Avenue, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 24 feet of frontage along Lake Avenue, 1,522 square feet of lot area and is occupied by a one-story single-family detached home, which is setback between 1.58 and 2.17 feet from the northern lot line, between 17.8 and 25 feet from the eastern lot line, between 1.95 and 2.27 feet from the southern lot line, 0.21 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-391-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the elevated dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New

York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the existing residence in the same footprint, resulting in a two-story single-family detached dwelling with the same lot line setbacks; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations,

---

# MINUTES

---

provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No.

17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 1.58 feet from the northern lot line, setback at least 17.8 from the eastern lot line, setback at least 1.95 feet from the southern lot line and setback at least 0.21 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Lake Avenue, north of Emmons Avenue, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 24 feet of frontage along Lake Avenue, 1,615 square feet of lot area and is occupied by a one-story single-family detached home, which is setback between 1.4 and 1.7 feet from the northern lot line, 15.6 feet from the eastern lot line, between 1.8 and

2.1 feet from the southern lot line, 0.6 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-442-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the elevated dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the existing residence in the same footprint, resulting in a two-story single-family detached dwelling with the same lot line setbacks; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuild homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2

RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Lake Avenue, north of Emmons Avenue, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 24 feet of frontage along Lake Avenue, 1,486 square feet of lot area and is occupied by a one-story single-family detached home, which is setback between 1.3 and 1.6 feet from the northern lot line, 15.6 feet from the eastern lot line, 1.8 feet from the southern lot line, 2.4 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-444-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the elevated dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the existing residence in the same footprint, resulting in a two-story single-family detached dwelling with the same lot line setbacks; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

---

# MINUTES

---

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received May 19, 2017”- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 1.3 feet from the northern lot line, setback at least 15.6 feet from the eastern lot line, setback at least 1.8 feet from the southern lot line and setback at least 2.4 feet from the western lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling

# MINUTES

where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

### CEQR #17-BSA-128K

APPLICANT – NYC Mayor’s Office of Housing Recovery Operations (“HRO”)

SUBJECT – Application May 19, 2017 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 32 Stanton Road. Block 8800, Lot 52. Borough of Brooklyn.

### COMMUNITY BOARD # 15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the east side of Stanton Road, between Gunnison Court and Losee Terrace, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 25 feet of frontage along Stanton Road, 1,375 square feet of lot area and is occupied by a one-story single-family detached home, which is setback between 0.8 and 1.4 feet from the northern lot line, 14.1 feet from the eastern lot line, between 3.2 and 3.7 feet from the southern lot line, 0.2 feet from the western lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-454-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the elevated dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the

---

---

highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the existing residence in the same footprint, resulting in a two-story single-family detached dwelling with the same lot line setbacks; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

(a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant*

*construction standards*;

- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA128K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on

---

from the southern lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-423-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 10 feet from the western lot line, 13 feet from the eastern lot line, 3’-10” from the northern lot line and 3’-10” from the southern lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and

*enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject

# MINUTES

site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA129K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received May 19, 2017”- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 10 feet from the western lot line, setback at least 13 feet from the eastern lot line, setback at least 3’-10” from the northern lot line and setback at least 3’-10” from the southern lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other

applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

APPLICANT – NYC Mayor’s Office of Housing Recovery Operations (“HRO”)

SUBJECT – Application May 19, 2017 – Special Permit (§64-92) to waive bulk regulations for the replacement of homes damaged/destroyed by Hurricane Sandy, on properties which are registered in the NYC Build it Back Program. R3-1 zoning district.

PREMISES AFFECTED – 33 Stanton Road. Block 8800, Lot 50. Borough of Brooklyn.

### COMMUNITY BOARD # 15BK

**ACTION OF THE BOARD** – Application granted on condition.

THE VOTE TO GRANT –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the east side

---

# MINUTES

---

of Stanton Road, between Gunnison Court and Losee Terrace, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 23 feet of frontage along Stanton Road, 1,265 square feet of lot area and is occupied by a one-story single-family semi-detached home, which is 0 feet from the northern lot line, 13 feet from the western lot line, 0 feet from the eastern lot line, 2'-5" from the southern lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-387-A, the Board granted a waiver of General City Law ("GCL") § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 13 feet from the western lot line, 10 feet from the eastern lot line, 3'-8" from the northern lot line and 3'-8" from the southern lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a "street," as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a "front lot line," a "front yard," a "rear lot line," a "rear yard" and "side yards," as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards,

along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area

# MINUTES

in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA129K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Six (6) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 13 feet from the western lot line, setback at least 10 feet from the eastern lot line, setback at least 3'-8" from the northern lot line and setback at least 3'-8" from the southern lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be

signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a "street," as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a "front lot line," a "front yard," a "rear lot line," a "rear yard" and "side yards," as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is

# MINUTES

non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA129K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Six (6) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 1 foot from the northern lot line, setback at least 13'-8" feet from the western lot line, setback at least 6 feet from the eastern lot line and setback at least 2'-7" from the southern lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New

York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

---

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City's effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner's Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the east side of Stanton Road, between Gunnison Court and Losee Terrace, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 24 feet of frontage along Stanton Road, 1,320 square feet of lot area and is occupied by a one-story single-family detached home, which is 1'-3" from the northern lot line, 13'-5" from the western lot line, 0'-7" from the eastern lot line, 2'-1" from the southern lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-402-A, the Board granted a waiver of General City Law ("GCL") § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the elevated dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the existing residence in the same footprint, resulting in a two-story single-family detached dwelling with the same lot line setbacks; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a "street," as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a "front lot line," a "front yard," a "rear lot line," a "rear yard" and "side yards," as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's

# MINUTES

potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA129K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as

follows: setback at least 1'-3" from the northern lot line, setback at least 13'-5" from the western lot line, setback at least 0'-7" from the eastern lot line and setback at least 2'-1" from the southern lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

## THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuild homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the east side of Stanton Road, between Gunnison Court and Losee Terrace, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 25 feet of frontage along Stanton Road, 1,375 square feet of lot area and is occupied by a one-story single-family detached home, which is 2’-8” from the northern lot line, 13’-8” from the western lot line, 1’-1” from the eastern lot line, 7 feet from the southern lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-469-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the elevated dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the

exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the elevation of the existing residence in the same footprint, resulting in a two-story single-family detached dwelling with the same lot line setbacks; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard” and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and

---

# MINUTES

---

that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;

- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to elevate the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood's potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA129K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5

and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the elevation of a single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked "Received May 19, 2017"- Five (5) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 2'-8" from the northern lot line, setback at least 13'-8" from the western lot line, setback at least 1'-1" from the eastern lot line and setback at least 7 feet from the southern lot line, as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

THAT all DOB and related agency application(s) filed in connection with the authorize use and/or bulk shall be signed off by DOB and all other relevant agencies by May 25, 2021;

THAT the approved plans shall be considered approved only for the portions related to the specific relief granted; and

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of the plan(s)/configuration(s) not related to the relief granted.

Adopted by the Board of Standards and Appeals, May 25, 2017.

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the southeast corner of Stanton Road and Losee Terrace, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 35 feet of frontage along Stanton Road, 55 feet of frontage along Losee Terrace, 1,925 square feet of lot area and is occupied by a one-story single-family semi-detached home, which is 14’-4” from the northern lot line, 13’-6” from the western lot line, 0 feet from the eastern lot line, 0 feet from the southern

lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-384-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 13’-8” from the northern lot line, 13 feet from the western lot line, 10 feet from the eastern lot line and 4’-8” from the southern lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

THE RESOLUTION –

WHEREAS, this is an application for a waiver of the Board’s Rules of Practice and Procedure and a special permit, pursuant to ZR § 64-92 to permit, on a site within an R4-1 zoning district, the reconstruction of a single-family detached home in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; and

WHEREAS, a public hearing was held on this application on May 25, 2017, and then to decision on the same date; and

WHEREAS, this application is brought on behalf of the property owner by the Build it Back Program, which was created to assist New York City residents affected by Superstorm Sandy; and

WHEREAS, in furtherance of the City’s effort to rebuilt homes impacted by Superstorm Sandy expeditiously and effectively, the Board, pursuant to 2 RCNY § 1-14.2, waives the following of its Rules of Practice and Procedure: (1) 2 RCNY § 1-05.1 (Objection Issued by the Department of Buildings); (2) 2 RCNY § 1-05.3 (Filing Period); (3) 2 RCNY § 1-05.4 (Application Referral); (4) 2 RCNY § 1-05.6 (Hearing Notice); (5) 2 RCNY § 1-05.7 (List of Affected Property Owners); (6) 2 RCNY § 1-09.4 (Owner’s Authorization); and (7) 2 RCNY § 1-10.7 (Proof of Service for Application Referral and Hearing Notice); and

WHEREAS, the Board notes that the subject application is exempt from fees pursuant to 2 RCNY § 1-09.2 and NYC Admin. Code § 25-202(6); and

WHEREAS, the subject site is located on the west side of Stanton Road, between Gunnison Court and Losee Terrace, in an R4-1 zoning district, in Brooklyn; and

WHEREAS, the site has approximately 25 feet of frontage along Stanton Road, 1,375 square feet of lot area and is occupied by a one-story single-family semi-detached home, which is 1.8 feet from the northern lot line, 0.7 feet from the western lot line, 13.7 feet from the eastern lot line, 2.5 feet from the southern lot line and is non-compliant with the applicable yard regulations; and

WHEREAS, the Board has exercised jurisdiction over the subject site since January 22, 2016, when, under BSA Cal. No. 2016-414-A, the Board granted a waiver of General City Law (“GCL”) § 36 permitting the elevation or reconstruction of a one-family dwelling that does not front on a mapped street; and

WHEREAS, the waiver was conditioned, *inter alia*, upon the reconstructed dwelling having a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code; the dwelling being provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code; the underside of the exterior of the dwelling where the foundation is not closed having a floor assembly that provides a 2-hour fire resistance rating; and the height from grade plane to the highest window-sill leading to a habitable space not exceeding 32 feet; and

WHEREAS, the applicant now seeks a special permit, pursuant to ZR § 64-92, to allow the construction of a three-story one-family detached residence setback 4’-4.5” from the northern lot line, 10 feet from the western lot line, 13’-6” from the eastern lot line and 4’-4.5” from the southern lot line; and

WHEREAS, at the subject site, the minimum lot area required for a single-family detached residence is 2,375 square feet and the minimum lot width required is 25 feet, pursuant to ZR § 25-32; and

WHEREAS, yard requirements for the subject site are set forth as follows: minimum front yard depth requirements are set forth in ZR §§ 23-45 and 64-A351; side yard requirements are set forth in ZR § 23-461(a), and 64-A352; and rear yard requirements are set forth in ZR § 23-47 and 64-A353; and

WHEREAS, open area and lot coverage requirements for the subject site are set forth in ZR §§ 23-142 and 64-A311; and

WHEREAS, the requirement of an open area of at least 8 feet between residences on adjacent zoning lots set forth in ZR § 23-461(c) is waived at the site pursuant to ZR § 64-A352(c); and

WHEREAS, the subject site does not front a “street,” as defined in ZR § 12-10, and is accessed, instead, by a private path having an average width of 4 feet, allowing from ingress and egress to the surrounding public streets; and

WHEREAS, consequently the subject site lacks a “front lot line,” a “front yard,” a “rear lot line,” a “rear yard”

# MINUTES

---

and “side yards,” as those terms are defined in the same section and, therefore, proposes open areas, in lieu of yards, along its lot lines and seeks waivers of the applicable yard regulations; and

WHEREAS, ZR § 64-92 provides:

In order to allow for the alteration of existing *buildings* in compliance with *flood-resistant construction standards* and for *developments* and *enlargements* in compliance with *flood-resistant construction standards*, the Board of Standards and Appeals may permit modification of Section 64-60 (DESIGN REQUIREMENTS), the *bulk* regulations of Section 64-30, 64-40 (SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012) and 64-70 (SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS), as well as all other applicable *bulk* regulations of the Zoning Resolution, except *floor area ratio* regulations, provided the following findings are made:

- (a) that there would be a practical difficulty in complying with *flood-resistant construction standards* without such modifications, and that such modifications are the minimum necessary to allow for an appropriate *building* in compliance with *flood-resistant construction standards*;
- (b) that any modifications of *bulk* regulations related to height is limited to no more than 10 feet in height or 10 percent of permitted height as measured from *flood-resistant construction elevation*, whichever is less; and
- (c) the proposed modifications will not alter the essential character of the neighborhood in which the *building* is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with *flood-resistant construction standards*.

The Board may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area; and

WHEREAS, in accordance with ZR § 64-92(a), the need to reconstruct the existing residence, which, as it exists, is non-compliant with yard regulations, creates practical difficulties in complying with flood-resistant construction standards without the modification of the yard requirements and that waivers of the same is the minimum necessary to allow for a building compliant with flood-resistant construction standards; and

WHEREAS, the applicant notes and the Board finds that the proposal does not include a request to modify the maximum permitted height in the underlying district; thus, the finding pursuant to ZR § 64-92(b) is inapplicable in this case; and

WHEREAS, the applicant states that, pursuant to ZR § 64-92(c), the proposal will not alter the essential character

of the neighborhood in which the dwelling is located, nor impair the future use or development of the surrounding area in consideration of the neighborhood’s potential development in accordance with flood-resistant construction standards; and

WHEREAS, the applicant states that the surrounding neighborhood is a mixed density waterfront community that the majority of homes within a 200 foot radius of the subject site are one- and two- story detached bungalows, a significant number of which are also participating in the Build it Back program by being elevated or reconstructed; and

WHEREAS, accordingly, the Board has reviewed the proposal and determined that the proposed alteration and elevation satisfies all of the relevant requirements of ZR § 64-92; and

WHEREAS, the project is classified as a Type II action pursuant to 6 NYCRR Part 617.5; and

WHEREAS, the Board has conducted a review of the proposed Type II action noted in the CEQR Checklist No. 17BSA129K, dated May 19, 2017; and

*Therefore, it is Resolved*, that the Board of Standards and Appeals *waives* its Rules of Practice and Procedure and issues a Type II determination under 6 NYCRR Part 617.5 and 617.3 and §§ 5-02(a) and 5-02(b)(2) of the Rules of Procedure for City Environmental Quality Review, and makes the required findings under ZR § 64-92 to permit, on a site within an R4-1 zoning district, the construction of a three-story single-family detached dwelling in compliance with flood-resistant construction standards that does not comply with the zoning requirements for front yards, side yards rear yards, open space and lot coverage, contrary to ZR §§ 23-45, 23-461(a), 23-47, 23-142, 64-A351, 64-A352, 64-A353 and 64-A311; *on condition* that all work shall substantially conform to the drawings filed with this application and marked “Received May 19, 2017”- Seven (7) sheets; and *on further condition*:

THAT the bulk parameters of the building shall be as follows: setback at least 4’-4.5” from the northern lot line, setback at least 10 feet from the western lot line, setback at least 13’-6” from the eastern lot line and setback at least 4’-4.5” from the southern lot line as illustrated on the BSA-approved plans;

THAT the building shall have a fire sprinkler system in accordance with Chapter 9 and Appendix Q of the New York City Building Code;

THAT the dwelling shall be provided with interconnected smoke and carbon monoxide alarms, designed and installed in accordance with Section 907.2.11 of the New York City Building Code;

THAT the underside of the exterior of the dwelling where the foundation is not closed shall have a floor assembly that provides a 2-hour fire resistance rating;

THAT the height from grade plane to the highest window-sill leading to a habitable space may not exceed 32 feet;

THAT this approval shall be limited to the Build it Back program;

# MINUTES

**REGULAR MEETING  
TUESDAY MORNING, JUNE 6, 2017  
10:00 A.M.**

Present: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez.

**SPECIAL ORDER CALENDAR**

**377-88-BZ**

APPLICANT – NYC Board of Standards and Appeals.  
SUBJECT – Application – Compliance Hearing of a previously approved Variance (§72-21) which permitted the legalization of a one (1) story enlargement to a one (1) story blacksmith and welding shop (UG 16) which increased the degree on non-conformance contrary to ZR §52-22 in a then R4 zoning district. C2-4/R6A zoning district.

PREMISES AFFECTED – 145-64 Liberty Avenue, southwest corner of Liverpool Street. Block 10049, Lot 11. Borough of Queens.

**COMMUNITY BOARD #12Q**

**ACTION OF THE BOARD** – Application withdrawn from the compliance calendar.

**THE VOTE TO WITHDRAW** –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4  
Negative: .....0

**THE RESOLUTION** –

WHEREAS, the subject premises is subject to a variance, granted pursuant to ZR § 72-21 on March 20, 1990, under the subject calendar number; and

WHEREAS, the variance permitted, in what was then an R4 zoning district, the legalization of a one (1) story enlargement to a one (1) story blacksmith and welding shop (Used Group 16) on condition, *inter alia*, that there be no open storage of material at the site and that the open area fronting on Liberty Avenue be used for accessory parking only; and

WHEREAS, on January 3, 2017, the Department of Buildings (“DOB”) issued a Notice of Violation and Hearing (Violation No. 35222344P) stating that the front yard was being utilized for storage of steel and materials, contrary to the variance grant, and that a worker was also observed cutting steel tubing on the sidewalk along Liverpool Street; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown and Commissioner Montanez subsequently conducted site visits to the premises; and

WHEREAS, on March 21, 2017, the Board moved to hold a compliance hearing; and

WHEREAS, a public hearing was held on this application on April 25, 2017, after due notice by publication in *The City Record*, with a continued hearing on June 6, 2017, and then to decision on the same date; and

WHEREAS, notice of the hearing was provided to the subject site’s owner of record and, in advance of the first hearing, the owner’s representative submitted photos of the

site taken in April 2017 showing the front yard of the premises empty and the sidewalks clear; and

WHEREAS, Commissioners stated at hearing that, during visits to the site, they observed work taking place in the front yard and adjoining sidewalks as well as materials stored outside the building, though the fencing appeared to be in good condition and graffiti-free; and

WHEREAS, as a result, the Board requested that the owner install signs on the interior of the premises indicating that no work is to be done or materials stored outside; and

WHEREAS, the owner’s representative submitted photographs of the requested signage inside the building as well as a sign outside the premises stating that parking and work activity are prohibited on the sidewalks; and

WHEREAS, in response to inquiries as to the operations of the business at the site, the owner’s representative stated that some customers perform minor cutting in the parking lot in order to fit items into their vehicles, but that the posted signs will serve as notice to customers that such use of the parking lot and sidewalks are prohibited; and

*Therefore it is Resolved*, that the Board of Standards and Appeals finds that the applicant has submitted adequate documentation demonstrating substantial compliance with the Board’s prior grant and that the application to rescind the variance is withdrawn from the Compliance Calendar; *on condition*:

THAT signage prohibiting work in open areas and on the sidewalk shall remain visible at the site;

THAT there be no open storage of material;

THAT the open area fronting on Liberty Avenue be used for accessory parking only;

THAT landscaping and fences be provided in accordance with the drawings and be adequately maintained at all times and replaced when necessary;

THAT the side walls abutting residential properties and the front wall on Liverpool Street have a stucco finish;

THAT the hours of operation be limited to 7:00 a.m. to 6:00 p.m. Monday through Saturday;

THAT the premises be kept clean and free of graffiti at all times;

THAT there be no parking on the sidewalk or in such a manner as to obstruct pedestrian and vehicular traffic;

THAT an employee be posted on site to ensure that traffic entering and exiting the premises not interfere with the safety of the children going to and from school;

THAT the above conditions appear on the certificate of occupancy; and

THAT all conditions from prior resolutions not specifically waived by the Board remain in effect.

THAT DOB must ensure compliance with all other applicable provisions of the Zoning Resolution, the Administrative Code and any other relevant laws under its jurisdiction irrespective of plan(s) and/or configuration(s) not related to the relief granted.”

Adopted by the Board of Standards and Appeals, June 6, 2017.

# MINUTES

## 120-93-BZ

APPLICANT – Sheldon Lobel, P.C., for Harry McNulty, owner.

SUBJECT – Application March 14, 2016 – Extension of Term (§11-411) of a previously approved variance which permitted an Automotive Repair Facility (UG 16B) with the sale of used automobiles which expired on May 10, 2014; Waiver of the Rules. C1-3/R3-2 zoning district.

PREMISES AFFECTED – 222-19 Linden Boulevard, Block 11323, Lot 1, Borough of Queens.

### COMMUNITY BOARD #13Q

**ACTION OF THE BOARD** – Application granted on condition.

**THE VOTE TO GRANT** –

Affirmative: Chair Perlmutter, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez.....4

Negative: .....0

**THE RESOLUTION** –

WHEREAS, this is an application for a waiver of the Board's Rules of Practice and Procedure and an extension of the term of a variance, previously granted by the Board, which expired on May 10, 2014; and

WHEREAS, a public hearing was held on this application on October 18, 2016, after due notice by publication in *The City Record*, with continued hearings on January 10, 2017 and March 7, 2017, and then to decision on June 6, 2017; and

WHEREAS, Vice-Chair Chanda, Commissioner Ottley-Brown, Commissioner Montanez and former Vice-Chair Hinkson performed inspections of the site and surrounding neighborhood; and

WHEREAS, Community Board 13, Queens, recommends approval on condition that fencing and landscaping be provided on the premises to screen the use and that the owner not rent the parking spaces at the site to trucks for overnight parking or for cars not in the process of being repaired; and

WHEREAS, the subject site is located on the northwest corner of Linden Boulevard and 223rd Street, in an R3-2 (C1-3) zoning district, in Queens; and

WHEREAS, the site has approximately 100 feet of frontage along Linden Boulevard, 97 feet of frontage along 223rd Street, 9,700 square feet of lot area and is occupied by a one-story gasoline service station with accessory uses (Use Group 16); and

WHEREAS, the Board has exercised jurisdiction over the subject site since July 24, 1956, when, under BSA Cal. No. 749-53-BZ, the Board granted a variance to permit the occupation of the subject site as a gasoline service station with accessory uses for a term of fifteen (15) years, expiring July 24, 1971, on various conditions; and

WHEREAS, on November 27, 1956, under BSA Cal. No. 749-53-BZ, the Board amended the variance to add a condition that there be a masonry wall not less than 2 feet in height with a steel picket fence above to a total height of not less than 5 feet 6 inches along the street line of 223rd Street; and

WHEREAS, on January 11, 1972, under BSA Cal. No.

749-53-BZ, the Board waived its Rules of Practice and Procedure and extended the term of the variance for an additional ten (10) years, expiring July 24, 1981; and

WHEREAS, on January 18, 1983, under BSA Cal. No. 749-53-BZ, the Board waived its Rules of Practice and Procedure, extended the term of the variance for an additional ten (10) years, expiring July 24, 1991 and amended the variance to permit an existing 3 foot high brick wall on 223rd Street to remain at the site in lieu of the 2 foot high brick wall with 3'-6" high steel picket fence above to a total height of 5'-6" as originally approved and to omit all the plantings as originally approved, on additional condition that graffiti be removed from the brick walls on the north and east lot lines; that the rolled-down shutters and the façade of the building shall be painted and that this station shall be operated at all times in such a fashion so as to minimize traffic congestion; and

WHEREAS, on May 10, 1994, under the subject calendar number, the Board permitted the reestablishment, pursuant to ZR § 11-411, of the gasoline service station, which remained continuously in operation subsequent to the expiration of the previously approved variance on July 24, 1991, for a term of ten (10) years, expiring May 10, 2004, on condition that the fencing be maintained in accordance with BSA approved plans; that all site lighting be directed downward and away from adjacent residences; that no signs be placed on the sidewalks; that all signs comply with C-1 district regulations; that no automobile repair work be conducted in the open portion of the lot and automobile repair work be limited to the hours of 8:00 a.m. to 5:00 p.m. Monday through Friday and the hours of 8:00 a.m. to 1:00 p.m. on Saturday; and that the premises be kept clean and free of debris and graffiti; and

WHEREAS, on August 17, 2004, under the subject calendar number, the Board extended the term of the variance for an additional ten (10) years, expiring May 10, 2014, and amended the variance to permit the elimination of gasoline sales and the creation of a parking area for nine cars to be utilized for used car sales and cars awaiting entry into the service bay garage, on condition that the premises be maintained free of debris and graffiti; that any graffiti located on the premises be removed within 48 hours; that there be no welding, body or fender work done on the premises; that all signage conform to underlying district requirements; that landscaping be provided and maintained in accordance with BSA approved plans; and that a certificate of occupancy be obtained within one year; and

WHEREAS, the previous term of the variance having expired, the applicant seeks a further extension of the term for an additional ten (10) years; and
