» Civic organizations and the general public

Testimony from civic organizations and the public, including neighboring property owners and tenants, should be emailed to submit@bsa.nyc.gov. Materials will be accepted from the time the application is filed until the public hearing for the application is closed.

» Applicants and opposing parties

If parties opposed to an application are organized under representation/counsel, a schedule for submissions by the applicant and a response by opposition is often established by the Board chair at the end of a public hearing, per the following:

In order to ensure a predictable and timely review of an application, submissions will not be accepted after the date established by the Chair.
