

**CITY OF NEW YORK
DEPARTMENT OF BUILDINGS**

Pursuant to Administrative Code Section 27-131, the following equipment or material has been found acceptable for use in accordance with the Report of the Material and Equipment Acceptance (MEA) Division.

**Patricia J. Lancaster, F.A.I.A., Commissioner
MEA 59-04-E
Report of Materials and Equipment Acceptance Division**

Manufacturer - Wells Manufacturing, P.O. Box 280, 2 Erick Circle, Verde Nevada 89437.

Trade Name - Wells.

Product - Food warmer.

Pertinent Code Section(s) - 27-787, 27-792.

Prescribed Tests - RS 14-6 (UL 197).

Laboratory - Underwriters Laboratories, Inc.

Test Report - File E6070, dated June 26, 2003.

Description - Electric food warmers as stated below. Both HDW and HDWN Series are provided with electronic temperature regulating controls and display. Models HDWT and HDWNT Series are provided with electromechanical temperature controls and dial thermostat. Suffixes -1, -2 indicates number of warming drawers provided. Models HDW-/HDWT- Series and HDWN-/HDWNT-Series are the same except for the warming pan and drawer assembly oriented 90 degrees for a narrow but deeper profile. Additional suffix 6 indicates that the model is intended for built-in (in cabinet) mounting instead of free standing and permanent connection instead of cord-connected.

Product Covered:

Food Warmers, Model HDW, HDWN, HDWT, HDWNT with suffix -1 or -2, with or without additional suffix -6.

Electrical Ratings:

Models	Volts	Amps	Watts
All	120	12.5	1500
All	208-240	5.4-6.3	1500

Recommendation - That the above electric food warmers, be accepted, under the following conditions:

- 1. Units shall be installed in accordance with manufacturer's instructions, National Fuel Gas Code, and New York City Electrical Code requirements.**
- 2. The installation shall not interfere with accessibility for operation and servicing.**
- 3. All shipments and deliveries of such equipment shall be accompanied by a certificate or label certifying that the equipment shipped or delivered is equivalent to that tested and acceptable for use, as provided for in Section 27-131 of the Building Code.**
- 4. Approval of all electrical equipment, apparatus, materials and devices shall be obtained from the Bureau of Electrical Control before installation.**

Final Acceptance 3/15/04
