

SERVICE NOTICE

8-Hour Site Safety Course Code Reminder

In April 2025, the Department introduced a new course code for the 8-Hour Site Safety (SST Only) course. An 8-Hour Site Safety course is a required course to obtain a Supervisor Site Safety Training (SST) Card. The course may be taken in-person, virtual live or on-demand.

Course Options

Course Code: SAF-203 8-Hour Site Safety (SST Only)

The course code **SAF-203 8-Hour Site Safety (SST Only)** can only be applied towards SST cards and is the only course that may be delivered on-demand, as well as in person or virtual live.

Not-for-profit course providers are only authorized to offer this course code.

The Department will not accept license applications that contain course certificates with code SAF 203 and the course name 8-Hour Site Safety (SST Only). License applicants must take the 8-Hour Site Safety (License Requirement and SST) with the course code SAF-202.

Course Code: SAF-202 8-Hour Site Safety (License Requirement and SST)

The course code **SAF-202 8-Hour Site Safety (License Requirement and SST)*** is for individuals seeking to renew a license or fulfill their SST credit and may only be delivered in-person or in a virtual-live classroom.

The Department will only accept license renewal application certificates with course code SAF-202 8-Hour Site Safety **(License Requirement and SST)**.

SAF-202 8-Hour Site Safety (License Requirement and SST) **may not** be held on-demand. The Department will not accept a license application containing a certificate obtained in an on-demand format.
