

THE CITY OF NEW YORK  
HOUSING AND DEVELOPMENT ADMINISTRATION  
DEPARTMENT OF BUILDINGS

DEPARTMENTAL MEMORANDUM

DATE: December 15, 1975

TO: Chief Boiler Inspector Pat Dillon, Boiler Division  
FROM: Thomas V. Burke, Director of Operations  
SUBJECT: High Pressure Boiler Operating Engineer and  
Portable High Pressure Boiler Operating Engineer

Under the provisions of Section B26-4.0, subdivision a, it is required that any high pressure steam boiler used for any purpose within the city be operated by or under the supervision and in the presence of a person having the requisite high pressure boiler operating engineer license.

Under subdivision b of such section, it is provided that a portable high pressure steam boiler used for any purpose within the city must be operated by or under the supervision and in the presence of a person licensed as a portable high pressure boiler operating engineer.

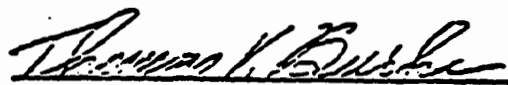

It is to be noted under the provisions quoted that a high pressure boiler, a portable boiler, may be operated by a portable operating engineer, during construction, provided they are licensed as such by this department.

Portable high pressure steam boilers may be operated only by those persons holding a license as a portable high pressure boiler operating engineer.

This memorandum supersedes the memorandum of November 7, 1975.
