BUILDERS PAVEMENT PLAN (BPP): OVERVIEW

- **Builders Pavement Plan (BPP)** is being introduced in **DOB NOW: *Build*** as a new work type option for Job Filings.
- A **Builders Pavement Plan (BPP)** is used for property improvements to the sidewalk, curb and paved roadway along the public right-of-way adjoining and fronting the property. **For most new buildings and major alterations, a BPP is required.** This ensures that the sidewalk, curb and street fronting the property are following the standards set by NYC DOB and NYC Department of Transportation.

- For all **Builders Pavement Plans** (BPP), the DOB acts in the role as the primary approver and enforcement entity.
- DOB will also review BPP applications, coordinate requirements from involved city agencies and perform inspections of completed BPP projects for sign off.
- DOT will issue permits for BPP work once the application has been reviewed and approved by DOB.

COMPONENT	DEFINITION
Roadway	In addition to a sidewalk and curb, the property being developed must have a paved roadway along its entire development frontage. The minimum width of the improvement shall be one-half of the mapped street width plus five feet.
Sidewalk	A portion of the street or public right of way, which provides pedestrians a pathway to walk, built from grey concrete with simulated saw-cut joints in a 5'x5' scoring pattern.
Distinctive Sidewalk	A sidewalk with different material, color, scoring and/or dimensions than the standard sidewalk as prescribed by DOT. Distinctive sidewalks require Public Design Commission (PDC) Approval.

DOB NOW: *Build* – BUILDERS PAVEMENT PLAN COMPONENTS DEFINITIONS

COMPONENT	DEFINITION
Curb	A concrete border parallel and adjacent to the roadway that forms a sidewalk edge, which may require a steel face or a row of joined stones.
Curb Cut	An angled cut to the edge of a sidewalk to permit vehicular access to a driveway, garage, parking lot, loading dock or drive-through facility.
Pedestrian Ramp	Any corner property being developed shall provide dropped curbs and sloping sidewalks that serve as pedestrian ramps from sidewalk corners leading to the roadbed, thereby providing access for people with mobility limitations and vision impairments.

DOB NOW: *Build* – BUILDERS PAVEMENT PLAN COMPONENTS DEFINITIONS

COMPONENT	DEFINITION
Drainage	Storm water falling on the sidewalk and roadway adjoining the property frontage must be discharged into a street drainage system. Storm water falling on-site, as allowed by DEP, is discharged into an on-site drywell or similar, or discharged through a connection to the storm water system or Green Infrastructure at the street.
Utilities	Utility poles for electric power and telecommunications, street lights, traffic signs, fire hydrants, mailboxes, newsstands, phone booths, parking meters, benches, etc.

DOB NOW: *Build* – BUILDERS PAVEMENT PLAN COMPONENTS DEFINITIONS

COMPONENT	DEFINITION
Required Street Trees	All new street tree plantings and work on existing street trees shall comply with the current DPR rules and specifications , and shall be coordinated with BPP components such as corners, curb cuts, etc.
Encroachments	Public right of way encroachments are intrusions from portions of the building onto a sidewalk and/or street, including but not limited to; vaults, steps, stoops, footings, fences, and retaining walls

BUILDERS PAVEMENT PLAN: FILING REQUIREMENTS

DOB NOW: *Build* – BUILDERS PAVEMENT PLAN FILING REQUIREMENTS

DOB
NOW

Builders Pavement Plan filings may be submitted in DOB NOW: *Build* by a **Registered Design Professional (RDP)** such as Professional Engineer, Registered Architect or Landscape Architect who will serve as the applicant of record for the filing.

- The filing can be submitted as a **Standard Plan Review** and can be filed as a subsequent to a **New Building** job filing, an **Alt-CO** job filing, or an **Alt-CO New Building with Existing Elements to Remain** job filing.
- The filing can also be submitted as an initial filing under the **Alteration** Job Type.
- The applicant of record must provide a survey that is no older than 90 days and conducted by a licensed Land Surveyor.
- The filing can be part of a **Major Projects Development Program** project.

- The submitted plans **must include** the following:
 - Proposed Sidewalk widths and legal street widths.
 - Specific elevations including property line, top of curb, bottom of curb.
 - Locations of all obstructions such as utility poles, fire hydrants, trees and mailboxes.
 - Storm drain catch basins, gas valves and manholes.

DOB NOW: *Build* – BUILDERS PAVEMENT PLAN FEES

- The filing fees will be calculated as either **\$8 multiplied by the linear foot of the Total Street Frontage Field or a minimum fee of \$130.**

BUILDERS PAVEMENT PLAN: CREATING A FILING

DOB NOW: *Build* – CREATING A BUILDERS PAVEMENT PLAN FILING

- To create a BPP filing, you will begin by clicking on the **+Job Filing** button at the top of the **DOB NOW: *Build*** dashboard.

A screenshot of a web application interface titled 'Initial Job Filing'. It features a horizontal row of five buttons: 'Alteration', 'Full Demolition', 'Limited Alteration', 'New Building', and 'No Work'. The 'Alteration' button is highlighted with a red rectangular border. Below this row are two buttons: 'Next' and 'Cancel'.

- After clicking on the **+Job Filing** button, you will be presented with the **Initial Job Filing popup screen**.
- From the initial Job Filing popup screen you will select **Alteration**. And then proceed to answer the yes or no questions as they appear on the popup screen and **proceed to the Select Work Type(s)** section of the Initial Job Filing popup screen.

- From the **Select Work Type(s)** section of the Job Filing popup screen **select Builders Pavement Plan** and then **specify the Filing Review Type as Standard Plan Examination or Review**.
(Professional Certification will not be an available option for BPP filings)
- Click **Submit**.

The screenshot shows a 'Job Filing' popup screen. At the top right, it says 'Job Type: Alteration'. Below this is a table titled 'Select Work Type(s):*'. The table has three columns. The first column contains: Antenna, Construction Fence, Electrical, General Construction, Plumbing, Sign, Standpipe, and Supported Scaffold. The second column contains: Boiler Equipment, Curb Cut, Elevators, Green Roof, Protection and Mechanical Methods, Solar, Structural, and Suspended Scaffold. The third column contains: Builders Pavement Plan (highlighted with a red box), Earthwork, Foundation, Mechanical Systems, Sidewalk Shed, Sprinklers, and Support of Excavation. Below the table is a 'Filing Review Type*' section with three options: Standard Plan Examination or Review (highlighted with a red box), Professional Certification, and an unlabeled option. At the bottom are 'Submit' and 'Cancel' buttons.

Select Work Type(s):*		Job Type: Alteration
Antenna	Boiler Equipment	Builders Pavement Plan
Construction Fence	Curb Cut	Earthwork
Electrical	Elevators	Foundation
General Construction	Green Roof	Mechanical Systems
Plumbing	Protection and Mechanical Methods	Sidewalk Shed
Sign	Solar	Sprinklers
Standpipe	Structural	Support of Excavation
Supported Scaffold	Suspended Scaffold	

Filing Review Type*

Standard Plan Examination or Review Professional Certification

Submit Cancel

- After clicking on the **Submit** button, you will be presented with the **Confirmation Popup screen**.
- From the Confirmation Popup screen, select **Yes** to proceed.

- After clicking **Yes** on the confirmation prompt, you will be brought to the job filing data entry page. From here you will begin by **completing the Plans/Work (PW1)** section including the **Location Information**, **Stakeholders**, **Filing Review Type**, **Work Type/Filing Includes**, **Additional Information**, **Additional Considerations Limitations or Restrictions**, **Job Description**, and **Site Characteristics**.

The screenshot displays the DOB NOW web application interface for creating a Builders Pavement Plan Filing. The top navigation bar includes 'Save' and 'Preview to File' buttons. The left sidebar shows a list of sections: 'Plans/Work (PW1)' (highlighted with a red box), 'Zoning Information', 'Scope of Work', 'Builders Pavement Plan', 'Documents', and 'Statements & Signatures'. The main content area is titled 'Plans/Work (PW1) - Alteration'. The 'Location Information' section is expanded, showing a form with the following fields:

- House Number*
- Street Name*
- Borough* (with a 'Select Type:' dropdown menu)
- Block*
- Lot*
- Community Board*
- Zip Code*
- BIN*

- Additionally, on the **Additional Information** section of the PW1 form within the Job Filing, this section will contain two additional fields **Estimated Job Cost \$** and **Street Frontage (Linear Feet)** which will be used in determining the fees associated with the Job Filing.
- After completing the Plans/Work (PW1) portion of the Job Filing, Click **Save** then proceed to the **Zoning Information** tab.

A screenshot of the 'Additional Information' section of a form. The section has a blue header with the text 'Additional Information*'. Below the header, there are two input fields: 'Estimated Job Cost \$*' with the value '\$1,000.00' and 'Street Frontage (Linear Feet)*' with the value '50'. These two fields are enclosed in a red rectangular border. Below the input fields, there is a section titled 'Related DOB NOW/BIS Job Numbers.' followed by two questions. The first question is 'Is this filing related to any other jobs on this BIN? (Do not provide any New Building jobs or subsequent filings with the same job number as this one. If an Alteration-CO for 7 stories and above is entered, the fees will calculate based on the Alteration-CO job number.)*' with radio buttons for 'Yes' and 'No', where 'No' is selected. The second question is 'Is this Alteration being filed in connection with a development, enlargement, or change in use on this BIN, as defined in Zoning Resolution Section 12-10?*' with radio buttons for 'Yes' and 'No', where 'No' is selected.

Additional Information*

Estimated Job Cost \$*
\$1,000.00

Street Frontage (Linear Feet)*
50

Related DOB NOW/BIS Job Numbers.

Is this filing related to any other jobs on this BIN? (Do not provide any New Building jobs or subsequent filings with the same job number as this one. If an Alteration-CO for 7 stories and above is entered, the fees will calculate based on the Alteration-CO job number.)*

☐ Yes ☒ No

Is this Alteration being filed in connection with a development, enlargement, or change in use on this BIN, as defined in Zoning Resolution Section 12-10?*

☐ Yes ☒ No

DOB NOW: *Build* – CREATING A BUILDERS PAVEMENT PLAN FILING

The screenshot displays the 'Zoning Information' tab in the DOB NOW 'Build' interface. On the left, a sidebar menu shows the project ID 'M00444368-I1' and a list of tabs: 'Plans/Work (PW/1)', 'Zoning Information' (highlighted with a red box), 'Scope of Work', 'Builders Pavement Plan', 'BPP5', 'Documents', and 'Statements & Signatures'. The main content area is titled 'Zoning Information' and contains three sections: 'Zoning Lot Details', 'Street Details', and 'Building Characteristics'. The 'Zoning Lot Details' section includes fields for 'Overlay(s)*', 'Special District(s)*', and 'Map Number*', each with a 'Select:' dropdown and an 'N/A' checkbox. Below these is a radio button question: 'Is Zoning Lot Certification (Zoning Exhibits) required?*' with 'Yes' and 'No' options. The 'Street Details' section features a '+ Add' button and a table with columns: 'Actions', 'Street Legal Width (ft)', 'Street Status', and 'Is this a new private street?'. The table is currently empty, showing 'Total Items: 0'. The 'Building Characteristics' section has a 'Building Type*' dropdown with 'Select Type:' and a radio button question: 'Mixed use building?*' with 'Yes', 'No', and 'Not Applicable' options.

- Proceed to the Zoning Information tab of the Job Filing and complete the sections for **Zoning Lot Details**, **Street Details** and **Building Characteristics**.
- Click **Save** then proceed to the **Scope of Work** tab.

- On the **Scope of Work** tab, proceed to the **Builders Pavement Plan** section.
- Applicants will be required to answer either **Yes** or **No** to “Are curb cuts associated (existing or proposed) on this BPP?”
- If the answer is **Yes**, answer the additional questions that appear regarding **Existing Curb Cuts** and **Proposed Curb Cuts**.
- Click **Save** then proceed to the **BPP5** tab.

DOB
NOW

- Once the BPP5 is created and signed, users can print it from the job filing or from the public portal to bring to the Department of Transportation.
- In the job filing, an **Authorization to DOT** button will appear at the top of the page to display the BPP5.

The image shows a screenshot of the DOB NOW web application interface. At the top left is the DOB NOW logo. The main header area contains the text 'DOB NOW' and 'Submit Filings, Payments, and Requests to the NYC Department of Buildings'. On the top right, it says 'Welcome, BUILD 102' and 'BUILD102STAGE@HOTMAIL.COM'. Below the header is a progress bar with eight steps: 'Pre-filing', 'Pending CPE/ACPE Assignment', 'Pending PE Assignment', 'Plan Examiner Review', 'CPE/ACPE Review', 'Approved', 'Permit Issued/Permit Entire', and 'LOC Issued'. The first six steps are marked with checkmarks, indicating they are completed. The 'Permit Issued/Permit Entire' step is currently active, shown with a blue circle. Below the progress bar, there are three buttons: 'Save', 'Preview to File', and 'Authorization to DOT'. The 'Authorization to DOT' button is highlighted with a red rectangular border.
