

Regardless of how the project work is portioned out, administration of the work remains the responsibility of the Registered Design Professional (RDP) who is the Applicant of Record (Applicant) in responsible charge or has verified Code and Zoning compliance of the drawings and installations for the project. Although there may be some specific projects that do not involve architectural or structural work, which may be completed by other professionals, it is important that the RDP maintain control of the entire project and understand when this applies under Department and NYS regulations.

Pre-Permit

Required Documents

Based on scope of work, supporting documents or deferred submittals **must** be completed in order to obtain a permit. The following may be required if applicable:

- DEP, or OER authorization
- Tenant / Occupant Protection Plan
- Mayor Office for People with Disabilities (MOPD)
- MTA Transit Authority approval
- DOT approval
- Landmark approval
- Public Design Commission approval

On-Going

Post Approval Amendments

If the approved work has substantive or significant changes, make sure to submit revised drawings and obtain a Post Approval Amendment (PAA).
