Overview

This step-by-step guide will provide applicants with a systematic understanding of initiating and submitting a Suspended Scaffold in DOB NOW: *Build* - Industry Portal.

Guidelines

- All applications for Suspended Scaffolds will be submitted through DOB NOW: Build starting on November 15, 2023.
- There will no longer be a separate CD5 submission. All Applicants will submit a PW1.
- Suspended Scaffold (SS) will be a new Work Type that can be used with Alteration Job Type filings.
- A suspended Scaffold Job Filing can also be submitted as a subsequent filing for NB or ALT-CO jobs.
- For the updated release, there are two options associated with the category of Suspended Scaffold:
 - Sub-Category: IRA (Industrial Rope Access)
 - Sub-Category: Suspended Scaffold (SS)
 - Option A: Adjustable
 - Option B: Non-Adjustable
- You cannot combine Non-Adjustable and Adjustable types within the same filing.
- You cannot select IRA and Suspended Scaffold together in the same filing.
- This filing type will not prompt the applicant to complete questions regarding the following:
 - Energy
 - Landmark
 - Peer Review
 - Site Safety
 - Tenant Protection Plan
- Suspended Scaffold work types cannot be combined filed with any other work types.
- The following Applicants can submit a Job Filing for Suspended Scaffold Work Type:
 - Special or Master Rigger
 - Special or Master Sign Hanger
 - Registered Design Professional (PE/RA)

SYSTEM GUIDELINES

1. Fields with a red asterisk (*) are required and must be completed.
2. Grayed-out fields are Read-Only or are auto-populated by the system.
3. Depending on your screen or browser size, you may have to use the scroll bar to view more options or entire fields.

The screenshot shows a web form with the following elements:

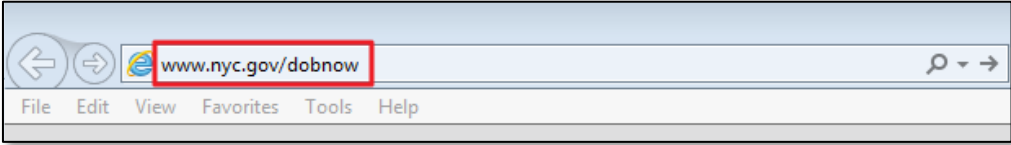

- Email***: A text input field with a red asterisk and a red box around it, labeled with a red circle '1'. The placeholder text is "Enter email/username...".
- Applicant Type***: A dropdown menu with a red asterisk and a red box around it, labeled with a red circle '2'. The text "Select:" is visible.
