October 2026 – Local Law 152 Gas Piping Compliance Enhancements (Continued)

Restriction removed for Inspection Notification cancellation. The previous 24-hour restriction on cancellation of an Inspection Notification has been removed.

The screenshot displays a web application interface for managing inspection notifications. At the top, there are three buttons: 'Save', 'Submit', and 'Cancel Notification'. The 'Cancel Notification' button is highlighted with a red box. Below the buttons, the left sidebar shows the identifier 'GPSTN-MGPS0166525-00000001' and a menu with 'General Information', 'Documents', and 'Statements & Signatures'. The main content area is titled 'General Information' and contains fields for 'Gas Piping System Location', 'House Number' (451), 'Block' (00665), 'Community District' (4), 'Request Type' (Inspection Notification), 'Report Sub Cycle' (2C), 'Borough' (Manhattan), 'BIN' (1012262), and 'Report Cycle' (2). A confirmation dialog box is overlaid in the center, asking 'Are you sure you want to cancel this inspection notification?' with 'Yes' and 'No' buttons. A red arrow points to the 'Yes' button. At the bottom, the 'Inspection Notification Information' section is highlighted with a red box, showing 'Inspection Date' (10/02/2026), 'Inspection Start Time' (7:00 AM), and 'Inspection End Time' (7:30 AM).
