DEPARTMENTAL MEMORANDUM

DATE: December 1, 1976

TO: Comm. Supt. C. F. Dennis, Manhattan

FROM: Director of Operations Irving E. Minkin

SUBJECT: Place of Assembly Routing and Permit Renewal Fees

My memorandum of November 1, 1976, regarding places of assembly, is supplemented as follows:

1. Prior to January 1, 1977, the borough of Manhattan is to be divided into 12 geographic districts. Each district will, as far as possible, be comprised of approximately 1/12 of the total places of assembly in Manhattan. The districts will be numbered in a sequential manner. District 1 will be slated for January renewals (and inspections, District 2 for February, etc.).
2. During 1977, inspections will be made on the current scheduled date however, places of assembly permits will be issued for a period of 12 months in advance, beginning with the district the place of assembly is in and on the month that district is assigned. Permit fees will be \$47.50 plus a prorated (1/12) amount for each month over the normal 12 months of the license period. Thereafter, the permittee will have his permit renewed (and subsequently his annual inspection) on the month designated for his district.
3. As a district is completed, one of the inspectors be recirculated through the district to inspect (and issue summonses, where called for) those remaining places. Whatever time is not required for these inspections can be utilized assisting the other inspectors in other districts.
4. In the case of assembly applications the initial inspection can be scheduled in the place of assembly section or, if it appears that the permit will be scheduled in the next week or so, the Chief Inspection Inspector is to have one of the construction inspectors inspect the place of assembly. The place of assembly permit (and the fee) will be issued by the place of assembly section. (The fee will be \$47.50 plus a prorated amount for each month over the normal 12 months of the license period.)
