## Follow-up 1: Launch of *NEW* DOB NOW: *Inspections Plus* Module

Beginning June 29, 2026, requests for Electrical Development Inspections will be submitted and managed in the new DOB NOW: *Inspections Plus* module instead of in DOB NOW: *Inspections*.

The deadline for submitting Electrical Development Inspection requests and certifiable objections in DOB NOW: *Inspections* is 5:00 pm on Thursday, June 25, 2026. For electrical permits issued before June 29, 2026, that have not received a Pass-Final inspection result, the Applicant is responsible for submitting a re-inspection request. Stakeholders listed on the job filing or Inspection Delegates authorized under the permit may file re-inspection requests through DOB NOW: *Inspections Plus*.

The following actions will be taken in DOB NOW: *Inspections Plus* for **Electrical Development Inspections**:

- new inspection requests
- re-inspection requests
- review and respond to objections
- upload documents to certify objections
- assign and manage delegates
- cancel inspections
- request withdrawal inspections
- view and manage inspection records

NOTE: Electrical Sign-Off/Occupancy Requests will still be submitted in DOB NOW: *Inspections*.

### DOB NOW Training

DOB will conduct FREE training sessions on how to use the new DOB NOW: *Inspections Plus* module. Visit the **DOB NOW Training** page at [nyc.gov/dobnowtraining](https://nyc.gov/dobnowtraining) to register for an upcoming training session.
