

Supplemental Investigation Questionnaire - Master Plumber

LICENSE AUTHORIZATION

This license authorizes a NYC licensee to perform plumbing work. Except that a city employee who holds a master plumber license may only perform replacement, maintenance and repair plumbing work on existing buildings in the course of his or her employment.

QUALIFICATIONS

As of today, I have the following qualifications. Please check all that apply:

- I am at least eighteen (18) years old;
- I am fit to perform the work authorized by this license;
- I am able to read and write the English language;
- I am of good moral character.

In addition, as of today I have the following level of experience. Please check one (1):

- I have at least seven (7) years of total experience* within the ten (10) years prior to application in the planning or design, and installation of plumbing systems under the direct and continuing supervision of a licensed Master Plumber in the United States, with at least two (2) years of such experience as a registered journeyman plumber; or
- I have received a bachelor's degree in mechanical engineering, fire protection engineering or appropriate engineering technology from a college or university registered by the New York State Department of Education and have had at least five (5) years of total experience within the seven (7) years prior to application in the planning or design, and installation of plumbing systems under the direct and continuing supervision of a licensed Master Plumber in the United States. At least two (2) years of this experience must be in New York City; or
- I am a New York State-licensed professional (Registered Architect or Professional Engineer) and have at least three (3) years of experience within the five (5) years prior to application in the planning or design, and installation of plumbing systems in the United States under the direct and continuing supervision of a licensed Master Plumber. In addition, at least one (1) year of this experience was in New York City; or
- I have at least seven (7) years of total experience* within the ten (10) years prior to application with at least two (2) years of experience working in the planning or design, and installation of plumbing systems under the direct and continuing supervision of a licensed Master Plumber in the United States and with at least two (2) years of such experience as a registered journeyman plumber. The balance of experience may be obtained by performing maintenance, replacement and repair plumbing work on existing buildings while working for a City agency as long as the work is under the direct and continuing supervision of a licensed Master Plumber supervisor employed by the City agency; or
