CCRB 2020 PROTEST DATA SNAPSHOT – MARCH 03, 2024

The CCRB received over 750 complaints relating to the behavior of NYPD officers at the Black Lives Matter protests over the summer.

Those complaints resulted in 321 complaints containing over 2,000 allegations that fall within CCRB’s jurisdiction covering over 500 identified members of service. Since last summer, the CCRB has been working diligently to thoroughly investigate these complaints.

The CCRB has seen unprecedented challenges in investigating these complaints particularly around the identification of officers due to the failure to follow proper protocols, officers covering their names and shield, officers wearing protective equipment that did not belong to them, the lack of proper use of body worn cameras, as well as incomplete and severely delayed paperwork.
