CASTING YOUR BALLOT

Three easy steps to cast your ballot on Election Day or during Early Voting:

1 | Get Your Ballot

- Go to your designated poll site and find the correct table for your Assembly District/Election District (these numbers are printed on the notice you receive from the Board of Elections and on your Voter Guide mailing label) or at findmypollsite.vote.nyc/.
- Sign in and get your paper ballot from the poll worker. A privacy sleeve will be provided to shield your ballot from view after you have marked it. Both sides of the ballot page will have instructions at the top.
- Go to the privacy booth or request to use the Ballot Marking Device if you need assistance filling in your choices.

2 | Mark Your Ballot

- In **primary and general elections for non-city offices**, vote by filling in the box next to your favorite candidate.
 - Mark your ballot by completely darkening the oval next to your choice using the pen provided.

- Do NOT use an “x” or a “✓”, circle the oval, or make stray marks on the ballot.
 - For a write-in candidate, fill in the appropriate oval and write in the candidate’s name.
 - Flip over your ballot to see if there are additional choices on the back.
 - Do NOT fold your ballot.
 - Do NOT sign or write your name on your ballot.
- In a **primary election for certain city offices**, NYC uses **Ranked Choice Voting**. The **Ranked Choice Voting** side of the ballot may have the following contests: Mayor, Public Advocate, Comptroller, Borough President, and City Council.
 - You may rank up to 5 candidates in order of preference.
 - Pick your first-choice candidate and completely fill in the corresponding oval under the 1st column.
 - If you like more than one candidate, fill in corresponding ovals for up to five choices.
 - You can still choose to vote for only one candidate if you prefer. Ranking other candidates does not harm your first choice.

CANDIDATE A	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
CANDIDATE B	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
CANDIDATE C	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
CANDIDATE D	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
CANDIDATE E	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

- **DO NOT rank a candidate more than once. If you do, only your top ranking for them will count.**
- **DO NOT give multiple candidates the same ranking. If you choose more than one candidate as your first choice, your ballot will not be valid.**

- The **Non-Ranked Choice Voting** side of the ballot may have the following contests: District Attorney, State Committee, Judge of the Civil Court (District or County), District Leader, Delegate to Judicial Convention.
- **Write-in Voting:** If you want to vote for a candidate who is not listed on the ballot, you must:

- Completely fill in the oval in the area provided for write-in candidates, and
- Write or stamp the name of the candidate in that same box.

- Ask to use **the Ballot Marking Device** if you need assistance filling in your choices.
 - The Ballot Marking Device provides two ways for voters to access the ballot:
 - See the ballot on the display screen.
 - Listen to the ballot through audio headphones.
 - The Ballot Marking Device provides four ways for voters to mark the ballot:
 - Touch Screen
 - Key Pad (Braille)
 - Sip & Puff Device
 - Rocker Paddle
 - Follow these steps to mark your ballot using the Ballot Marking Device:
 - Decide how you will access and mark the ballot.
 - Insert your ballot into the feed tray.
 - Select your preferred language.
 - The Ballot Marking Device will guide you through the process of making your choices and reviewing your selections.
 - To change a selection, select the contest or issue you would like to change and reselect the proper choice. Select “NEXT” to return to the summary screen.
 - Select “Mark Ballot” to print your marked ballot.
 - Take your printed ballot and voter card to the scanner area.
 - If you would like assistance inserting your ballot into the scanner, a poll worker will assist you.

3 | Scan Your Ballot

- Carry your marked ballot in the privacy sleeve to the scanner area.
- Select your language of choice by touching the corresponding button on the screen.
- Insert your marked ballot into the scanner to cast your vote. The scanner accepts ballots in any direction and reads both sides. The scanner will notify you when your vote has been cast.

REMEMBER:

Turn your ballot over! There may be instructions and/or ballot proposals to vote for on the back.

Fill in the oval completely. Do not use an “x”, a “✓”, or circle the oval.

Vote for only one person unless instructed otherwise. In the first column of each row, the ballot will say how many choices you have. In most cases, it will say “Vote for ONE,” but in some cases it may say “Vote for any TWO,” “Vote for any THREE,” etc. This means you can vote for up to that many candidates. Please read the ballot carefully so you do not vote for too many options or too few.

You can vote for a write-in candidate. You may vote for a candidate who is not listed on the ballot by filling in the write-in oval and writing their name in the space provided.

Be sure to vote for every office and on every ballot question. Look your ballot over carefully before you scan it. Be sure you voted for every race and every ballot proposal.

Problems & Solutions

I made a mistake marking my ballot.

If you vote in person, the voting machine will let you know if you give multiple candidates the same ranking or submit a completely blank ballot when you scan it in. If you make a mistake, you can ask a poll worker for a new ballot. The voting machine will not let you know if you skip rankings or rank the same candidate multiple times, since your top-choice vote will still count in those situations.

The text is too small; I can’t read my paper ballot.

There will be a magnifying sheet available. You can also ask to use a Ballot Marking Device.
