Subject: Reminder: Disclosure of Donations and of Fundraising Efforts Due November 15, 2015

Greetings,

The reports for the period April 1, 2015, through September 30, 2015, for donations to City agencies and for official fundraising for unaffiliated not-for-profits, required by the Board's Advisory Opinion Nos. 2003-4 and 2008-6, respectively, **are due to the Board by November 15, 2015.**

AO 2003-4 (attached, see especially pages 22-23) requires a listing of all donations of money, goods,

or services with a value of \$5000 or more.

AO 2008-6 (also attached, see especially pages 12-13) requires a listing of the names of all not-for-profit entities for which City agencies, based on a determination by their agency head, solicited support and/or endorsed.

*****Please note that these reports, in whatever format you choose to submit, as well as all previously submitted reports, will soon be posted on the Board's website.*****

Please be advised that:

- 1) The two above-referenced Advisory Opinions contain **different** disclosure requirements.
- 2) For any disclosure for which your agency requests that the donor remains anonymous, that is, where you request a waiver of the requirement to disclose the identity of the donor, you must include a separate document stating the following: a) the identity of those staff of your agency who know the identity of the donor, b) that your agency has received a statement from the donor that the donor, the donor's family, and any firm in which the donor has a controlling interest or has a high executive position are not engaged in business dealings with your agency, or, if that is not the case, that the donor is not involved in such business dealings, and c) that your agency will maintain on file the donor's statement and that to the best of your agency's knowledge that statement is accurate.
- 3) If another individual at your agency can better respond to these disclosure requirements, please provide me with his or her name and contact information.

If you have any questions about these reports, you may contact me. My contact information is below.

I am writing in compliance with the New York City Conflict of Interest Board's Advisory Opinions 2003-4 and 2008-6, which require this agency to disclose (a) donations received by the agency or affiliated not-for-profit entities ("NFPs") that exceed \$5,000 in aggregate value from a single donor and (b) affiliated and unaffiliated NFPs for which the agency sought private contributions.

Please be advised that the New York City Department of Environmental Protection ("DEP") received reportable donations for this reporting period as follows:

- New York Water Environment Association donated travel expenses with a cumulative value of \$15,337.36 for DEP personnel to attend the Water Environment Federation Technical & Exhibition Conference "Operations Challenge" competitions in June 2015 and September 2015. Please see the attached documents for further details. The cumulative total value of donations received from this entity from October 1, 2013 through September 30, 2015 is \$31,276.03.
- Water Research Foundation donated travel expenses with a cumulative value of \$7,209.63 for DEP personnel to attend various conferences and meetings. Please see the attached documents for further details. The cumulative total value of donations received from this entity from October 1, 2013 through September 30, 2015 is \$12,178.71.

During this reporting period, DEP engaged in fundraising activities on behalf of the following unaffiliated NFPs¹ based on determinations by the DEP Commissioner that the work of these NFPs supports DEP's mission:

- Natural Resources Defense Council
- The Trust for Public Land

Please be further advised that DEP receives requests from producers for film shoots on DEP-managed property. DEP does not charge location fees, but informs the producers that they may make donations to the Mayor's Fund to Advance New York City ("Fund"), which is a 501(c)(3) not-for-profit organization ("NFP"). DEP may use money from the Fund for certain expenditures.

If any additional information is required, please do not hesitate to contact me at (718) 595-6533.

Very truly yours,

Lisa Sofio

MEMORANDUM

TO: Emily Lloyd

FROM: John G. Petito 
Acting Deputy Commissioner

DATE: May 14, 2015

SUBJECT: New York Water Environment Association Spring Technical
Conference and Operators Challenge Competition – Bolton
Landing, New York June 1-3, 2015
- Request for City Time Approval

The Operators' Committee of the Metropolitan Chapter of the New York Water Environment Association (NYWEA), composed entirely of the Department of Environmental Protection personnel has, for the past twenty-eight years, been participating in an annual competition sponsored by the Water Environment Federation and the New York Water Environment Association. These organizations are recognized as leading non-profit organizations dedicated to the dissemination of knowledge with respect to water quality and improvement in the status of personnel engaged in the operation of wastewater treatment facilities.

This competition called the "Operators Challenge" is designed to allow our operating and maintenance staff to demonstrate their work related skills in five different competitive events, which are: Safety, Process Control, Laboratory, Pump Maintenance and Collection System. Event started with an in-house competition which took place at the Jamaica WTP on May 4th and 5th; where five plant field teams competed in performing one or more of the events listed above. The best two teams, the Jamaica Sludge Hustlers and the North River Harlem Pump Trotters were selected and are invited by the New York Water Environment Association to compete at the State-Level competition being held in Bolton Landing, New York. Each team consists of four (4) Sewage Treatment Workers and one (1) Process Control Engineer. The overall winning team will then have a chance to compete at the National competition during the Water Environment Federation Technical conference this year being held in Chicago, ILL in September, 2015.

The Bureau of Wastewater Treatment believes that this worthwhile activity is a legitimate and important safety and training exercise that will promote a safer and more productive work environment.

Lodging cost, registration and meals expenses for the two (2) teams and judges are being covered by the NYWEA MetChapter. Participants will be traveling using three (3) City vehicles and the only cost for reimbursement will be for gasoline.

I ask for City time approval for the 12 employees that will be participating on this event. Please find attached travel approval request for your review and approval.

Below is a day-to-day activity for the teams

Albert Kramer, my Chief of Staff, was invited to participate in a panel sponsored by the International Water Association and Water Research Foundation entitled "Effective Utility Management Benchmarking". The workshop/panel will take place on April 23, 2015 during IWA's International Conference on Water Efficiency and Performance Assessment of Water Services in Cincinnati, Ohio.

The purpose of the workshop is to attract a wider audience to use an innovative benchmarking tool created by the Water Research Foundation specifically designed for water utilities. Albert will present DEP's experience with the benchmarking tool and metrics in general at the workshop. He will use the knowledge and ideas shared between the water utilities and other attendees to improve NYC DEP's current performance benchmarking practices.

Water Research Foundation will reimburse Albert's air travel expenses, one night's lodging, meals and all ground transportation to and from the airport. Albert will leave from Newark International Airport at 1:15pm on April 22 and return to Laganrdia Airport at 11:45pm on April 23. The total cost of the trip is estimated to cost \$1,177.72 including lodging, air travel, ground transportation, meals and gratuity. RE: Travel Request – Melbourne & Brisbane, Australia – WSAA
Source Water Project – May 23-30, 2015

Approval is requested for David Warne, Assistant Commissioner for the Bureau of Water Supply (BWS) to travel to Melbourne and Brisbane, Australia for the period of May 23-30, 2015. Mr. Warne was invited by the Water Services Association of Australia (WSAA) and Water Research Foundation (WaterRF) to serve on the Steering Committee for a project entitled "Source Catchments as Water Quality Treatment Assets". In addition, Mr. Warne has been invited by the Melbourne Water Authority and SEQwater (Brisbane's water supply) to meet with staff and present information on the New York City Department of Environmental Protection's (DEP) Source Water Protection Program.

WSAA is non-profit organization that supports the Australian urban water industry. Its members provide water and sewerage services to approximately 20 million Australians and many of Australia's largest industrial and commercial enterprises. WSAA facilitates collaboration, knowledge sharing, networking, and cooperation within the urban water industry. WaterRF is a US-based internationally recognized leader in water research that is dedicated to advancing the science of water by sponsoring cutting-edge research and promoting collaboration. Their research provides industry insights and practical solutions to the most complex challenges facing the water community today and into the future.

WSAA and WaterRF are collaborating on a project to provide guidance on the key ingredients of a successful watershed management program for water providers, in the context of their specific institutional settings, regulatory requirements and efficiency and effectiveness criteria. The project will

specifically include examination of how each watershed management water quality treatment asset affects water quality outcomes, as well as how all the elements of watershed management interact, and work together to produce effective outcomes at a scale that makes a difference. The project will be comprised of an international literature and case study review of successful watershed management initiatives or programs in the context of drinking water provision to the community. The key outcome of this project will be the ability to use an interim set of (inter)nationally researched evidence to support business cases to regulatory authorities who approve investments into watershed management where deemed appropriate, as an alternative to traditionally more capital intensive treatment options. The project will enhance the ability of water providers to measure the performance of catchment management initiatives.

DEP administers a source water protection program that is recognized as an international model. Mr. Warne was invited to serve on the steering committee for the catchment project because of his experience and expertise in overseeing the City's program. In addition to sharing information about DEP's programs, Mr. Warne will have the opportunity to learn about source water protection practices in Australia to see if there are lessons that can help enhance the City's program. In addition, the project is intended to give water suppliers guidance on optimizing source water protection, which will help DEP as we enter into the next round of negotiations with New York State Department of Health on our Filtration Avoidance program.

WaterRF will cover all costs for Mr. Warne's trip associated with the WSAA project which includes flights to and from Australia, and all hotel, lodging, transportation and incidental costs during Mr. Warne's stay in Melbourne.

In addition to participation in the WSAA workshop, Mr. Warne has been invited to meet with representatives from the Melbourne and Brisbane municipal water supplies. In these meetings, Mr. Warne will have an opportunity to present information on DEP's programs, and learn about source water protection efforts in those cities. Mr. Warne has been asked to make presentations to the Queensland Council of Mayors Environment Committee and the Australian Water Association.

If you have any questions regarding this travel request, please contact Mr. Warne at (914) 742-2099.

RE: Travel Request for Rich Van Dreason to attend the Wildfire
Project Advisory Committee meeting in Boulder, Colorado May
27 – 29, 2015

Approval is requested for Richard Van Dreason, Scientist, Water Ecologist for the Program Evaluation and Planning section of Water Quality within the Bureau of Water Supply (BWS), to travel to Boulder, CO for the period of May 27 – 29, 2015. The purpose of this travel is to participate in a two day meeting with participants of the Water Research Foundation (WRF) project "Wildfire Impacts on Drinking Water Treatment Process Performance: Development of Evaluation Protocols and Management Practices".

The occurrence of wildfires is predicted to increase significantly in the North Eastern USA as weather patterns shift in response to climate change. The NYC water supply watersheds are especially vulnerable given the large supply of fuel (i.e. forests) and ignition sources (i.e. people) within the watersheds. To help quantify potential water quality impacts the New York City Department of Environmental Protection (DEP) is participating in the WRF wildfire study by contributing funding and by providing soil samples for various experiments. In addition, Mr. Van Dreason will represent DEP on the Project Advisory Committee (PAC) for the project. The role of PAC members is to help ensure that the project remains on course, that the project objectives are fulfilled, and that the results are beneficial to the drinking water community. Mr. Van Dreason's travel, lodging, and meal costs will be fully covered by WRF.

The purpose of this meeting is to review the projects lab-based approach to simulate the effects of a wildfire on water quality. Initial results will be discussed as will the results from a survey of participating utilities that gathered information on utility responses to past water quality extreme events.

Mr. Van Dreason and other PAC members will review these results and advise on future tasks.

In his current role within Water Quality, Mr. Van Dreason is responsible for data analysis, reporting, and technical assistance in support of BWS's water quality monitoring programs. He has extensive experience regarding water quality impacts related to turbidity and organic carbon both of which will be evaluated in the WRF wildfire project.

If you have any questions regarding this travel request, please contact Mr. Van Dreason at (845) 340-7745.

Water Research Foundation-Focus Area Council Meeting
September 29th & 30th, 2015

Approval is requested for myself, Paul V. Rush, P.E., Deputy Commissioner for the Bureau of Water Supply, New York City Department of Environmental Protection (DEP), to attend the Water Research Foundation (WaterRF) Focus Area Council (FAC) meeting on September 29th & September 30th, 2015 to be held at the Denver Airport Marriott in Denver, CO.

I am currently a member of the WaterRF Board Research Strategy Committee (RSC), so it is important to attend the FAC meeting on behalf of DEP. As a member of RSC, I serve on FAC which helps to develop the direction of future research throughout the industry for WaterRF.

As a board member representing DEP, it is critical to attend this meeting in order to interact with fellow board members to implement and discuss new agenda items in order to ensure that New York City's interests are reflected in any board actions. The critical components of the meeting help to shape the direction of research across the water industry. It is important that New York City leads to advise and direct research that pertains to some of the critical water issues we are facing and this meeting allows for that interaction.

Please note: a draft agenda is not available yet from WaterRF but we have been informed that the agenda will be similar to last years (attached.) Also, due to my need to depart early for the airport, I will not be staying for the box lunch, therefore, will require reimbursement for a lunch meal on September 30, 2015. All customary travel expenses incurred while attending FAC will be paid by WaterRF. If you have any questions regarding this travel request, please contact me at (845) 340-7800.
