The City's HireNYC program is being phased out and replaced with Community Hiring

**The City's HireNYC program is being phased out and replaced with Community Hiring**

## **City Vendors:**

- As of July 1, 2025, new solicitations will not include HireNYC Goods & Services or HireNYC Human Services requirements
- If you have active contracts subject to HireNYC, you should continue to meet those contract requirements through the contract term
- The tools and support for vendors to fulfill existing HireNYC obligations (e.g., enrolling, updating hiring need, providing interview feedback, etc.) will continue to be available until further notice

## **What's Community Hiring?**

Community Hiring allows the City to use its purchasing power to drive economic mobility by connecting City vendors with a pipeline of talent and creating pathways to careers for our community.

With some exceptions, Community Hiring applies to mayoral agency procurement contracts for construction, human services, professional services, and standard services with a contract value of over \$3 million.

## **How is this different from HireNYC?**

Community Hiring builds on the framework established by HireNYC, with several noteworthy differences. Community Hiring is authorized by State legislation that establishes the framework for compliance, centralizes oversight under the new Office of Community Hiring (OCH), and mandates public reporting to improve transparency.
