One of our member in 2021 forgot and never was notified to renew his second hand auto dealer's license on July 31st. When we went to reapply because it was over 6 months it expire, the supervisor in your office said that he needed a new C of O or a letter of no objection from the Building Dept. Why out of nowhere after this dealer being in business for years (10) your office says he needs a C of O with the code 16, and his C of O says clearly auto dealer. Are you now trying to put these auto businesses out, denying them to be compliant so you can fine them?
