

Mileage Log

Use this log to track the trips you drive in your car for both business and personal use. Only add up the total business miles driven in the final column. When you run out of space, add up the total and print out a new sheet. **Input the 1st mileage of the Tax Year (e.g., January 1st or the 1st day vehicle is put into service) **

Date	Destination	Business or Personal? (B/P)	Start Odometer	End Odometer	Total Business Miles Driven (mi)
5/25/23	Bank	Business	15,560	15,566	6 mi
5/25/23	Home	Personal	15,566	15,700	N/A
				TOTAL	

Date	Destination	Business or	Start	End	Total Business
