610 LEXINGTON AVENUE

MANHATTAN CB - 5 N 080177 ZRM Application submitted by Park Avenue Hotel Acquisition, LLC, and 375 Park Avenue L.P., pursuant to Section 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York concerning Article VIII, Chapter 1, Special Midtown District, concerning Section 81-212 (Special provisions for transfer of development rights from landmark sites):

Matter in underline is new, to be added
Matter in strikeout is text to be deleted;
Matter in # # is defined in Section 12-10;
* * * indicates where unchanged text appears in the Zoning Resolution

ARTICLE VIII SPECIAL PURPOSE DISTRICTS

Chapter 1: Special Midtown District ***

81-212 Special provisions for transfer of development rights from landmark sites

The provisions of Section 74-79 (Transfer of Development Rights for Landmark Sites) shall apply in the #Special Midtown District# subject to the modification set forth in this Section and Sections 81-254, 81-266 and 81-277 pertaining to special permits for height and setback modifications, Section 81-747 (Transfer of development rights from landmark theaters) and Section 81-85 (Transfer of development rights from landmark sites within the Special Fifth Avenue Subdistrict).

The provisions of Section 74-79 pertaining to the meaning of the term "adjacent lot" in the case of lots located in C5-3, C5-5, C6-6, C6-7 or C6-9 Districts are modified to apply in the #Special Midtown District# where the "adjacent lot" is in a C5-3, C6-6, C6-7, C6-5.5, C6-6.5 or C6-7T District.

The provisions of paragraph (c) of Section 74-792 as applied in the #Special Midtown District# shall be subject to the restrictions set forth in the table in Section 81-211 on the development rights (FAR) of a landmark "granting lot" for transfer purposes.

Wherever there is an inconsistency between any provision in Section 74-79 and the table in Section 81-211, the table in Section 81-211 shall apply.

Within the Grand Central Subdistrict, any transfer of development rights from a landmark site may be made pursuant to either Section 74-79 or Section 81-63, but not both.

For new #developments# or #enlargements# in C5-3, C6-6, C6-7 and C6-7T Districts, the Commission may also modify or waive the requirements of Section 23-86 (Minimum Distance Between Legally Required Windows and Walls or Lot Lines) and requirements governing the minimum dimensions of a #court#, where:

- (a) the required minimum distance as set forth in Section 23-86 is provided between the #legally required windows# in the new #development# or #enlargement# and a wall or #lot line# on the adjacent #zoning lot# occupied by the landmark; and
(b) such required minimum distance is provided by a light and air easement on the #zoning lot# occupied by the landmark, and such easement is acceptable to the Department of City Planning and recorded in the County Clerk's office of the county in which such tracts of land are located.

For new #developments# or #enlargements#, on #zoning lots# located in C5-3, C6-6, C6-7 and C6-7T Districts and with frontage on streets on which curb cuts are restricted pursuant to Section 81-44, the Commission may also modify or waive the number of loading berths required pursuant to Section 36-62 (Required Accessory Loading Berths). In granting such special permit, the Commission shall find that:

(a) a loading berth permitted by City Planning Commission authorization pursuant to Section 81-44 would have an adverse impact on the landmark #building or other structure# that is the subject of the special permit;

(b) because of existing #buildings# on the #zoning lot#, there is no other feasible location for the required loading berths; and

(c) the modification or waiver will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement. For new #developments# or #enlargements#, on #zoning lots# located in C5-3, C6-6, C6-7 and C6-7T Districts, the Commission may also modify the dimensions and minimum clear height required for pedestrian circulation space pursuant to Section 81-45 (Pedestrian Circulation Space) and 37-50 (Requirements for Pedestrian Circulation Space). In granting such special permit, the Commission shall find that the modification will result in a distribution of #bulk# and arrangement of #uses# on the #zoning lot# that relate more harmoniously with the landmark #building or other structure# that is the subject of the special permit.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

NOTICE OF PUBLIC HEARING ON THE DRAFT GENERIC ENVIRONMENTAL IMPACT STATEMENT

Fresh Kills Park Project

Joshua Laird, Assistant Commissioner for Planning & Natural Resources (212) 360-3402
New York City Department of Parks and Recreation

The New York City Department of Parks and Recreation (DPR) as lead agency issued a Notice of Completion on May 16, 2008 for a Draft Generic Environmental Impact Statement (DGEIS) for the proposed Fresh Kills Park project in accordance with Article 8 of the Environmental Conservation Law. A public hearing on the DGEIS will be held on Thursday, September 4th, 2008 at 7:00 P.M. at Public School 58 on 77 Marsh Avenue, Staten Island, NY 10314. Comments are requested on the DGEIS and will be accepted until at least 10 days after the close of the hearing.

The DGEIS analyzes a proposal by DPR to map and develop Fresh Kills Park. The project site is an approximately 2,163-acre property, the majority of which is Fresh Kills Landfill. The boundaries of the project site are defined by parkland and residential uses, waterways, and both City and State roadways. The eastern boundary is Richmond Avenue. Along the eastern side of Richmond Avenue is the City's LaTourette Park which is hydrologically connected with the project site by Richmond Creek. In addition to Main Creek, Richmond Creek, the Great Fresh Kills, and the Little Fresh Kills waterways cross the project site. The Arthur Kill shoreline forms the site's western boundary. The southern boundary is Arthur Kill Road and the West Shore Expressway (New York State Highway Route 440) bisects the project site.

The proposed project is a major capital investment with a long-term, multi-phased implementation program. There are many City, State, and Federal land use and environmental approvals that are necessary to implement the proposed park. With respect to local (City) regulations, the following approvals are necessary:

- Amendment to the City map to establish as parkland those portions of this project site that are not currently mapped as parkland;
- Amendment to the City map to eliminate unbuilt paper streets;
- Amendment to the City map to map a public place to serve as the right-of-way for the future vehicular road system, which entails demapping a small portion of the existing mapped parkland;
- A zoning map amendment to assign a zoning district (M1-1) to the areas being de-mapped as park and simultaneously mapped as public place.
- A zoning map amendment to vacate the NA-1 zoning where it currently exists on the site; and
- A zoning text amendment to remove "Fresh Kills Park" from Section 105941 of the current zoning text.

The park mapping proposed actions examined in this DGEIS would redefine the limits of the parkland on the project site and establish a public place corridor for park roadways. The proposed actions would increase the amount of public parkland mapped at the site by 1,433 acres, creating a total of 1,895 acres of mapped parkland. The total site size is 2,163 acres, including this mapped parkland, a public place right-of-way, and navigable waters west of the West Shore Expressway bridge.

The purpose of the proposed project is to transform the project site over the next 30 years from an underutilized City waterfront property that includes a closed municipal solid waste landfill into a major recreational facility for the City and region. It would also provide substantial natural landscape enhancements and provide recreational fields; landscaped areas and enhanced ecological landscapes; new park roadways and connecting roads, including a new connection with the West Shore Expressway and a signature bridge across Fresh Kills Creek; water access for motorized and non-motorized craft; cultural, entertainment and commercial facilities (e.g., amphitheater, restaurants, event and banquet space); and the supporting park operations, maintenance facilities, and parking. The proposed park roadways would connect the park with Richmond Avenue on the east and the West Shore Expressway on the west. Necessary service roads, parking, and transit facilities (e.g., bus stops) would be supported by vehicular access. Existing natural areas, such as the Isle of Meadows, would continue to be protected.

In addition to the proposed project, the DGEIS examined various alternatives to the proposed actions including a No Action Alternative, a Two-Lane Park Road Alternative, an Alternative Road Alignment (west of Landfill Section 6/7), and Lesser Impact Alternative.

Copies of the Draft Generic Environmental Impact Statement, Final Scope of Work, and the Environmental Assessment Statement for the proposed Fresh Kills Park Project may be obtained from the New York City Department of Parks and Recreation, The Arsenal, Central

Park, 830 Fifth Avenue, New York, NY 10065, Joshua Laird, Assistant Commissioner for Planning & Natural Resources, (212) 360-3402 and on the New York City Department of Parks and Recreation's website at: http://www.nycgovparks.org/sub_your_park/fresh_kills_park/html/downloads.html

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists-free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
