What rules govern the rulemaking process? The Commission must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rule

On May 28, 2010, the Taxi and Limousine Commission (TLC) approved an experimental group ride plan for taxicabs for trips from a group ride taxi stand at the Port Authority bus terminal in midtown Manhattan to the area of Sixth Avenue and 59th Street. The main purpose of group ride plans is to increase the number of passengers who can use the taxicab fleet during peak times such as morning rush hours. An individual passenger will have an incentive to use the group ride plan if the price of his or her group ride is lower than the price of a comparable ride. Taxi drivers will have an incentive to use the group ride plan if the fares earned from group riders are greater than the fare earned for the same trip at the standard price.

The regular metered fare for a trip from the Port Authority bus terminal to the area of Sixth Avenue and 59th Street is about \$5.85. During the experimental program, each group ride passenger paid a fare of \$3, saving almost half the cost of the regular fare. Drivers made a total fare of \$9, significantly higher than the regular fare. The Port Authority bus terminal group ride plan operates during weekday morning rush hours, and has drawn an estimated average of 10 group ride trips and 30 passengers per day. The TLC believes that this volume of usage justifies making the group ride plan permanent.

New material is underlined.

Section 1. Section 58-26(c) of chapter 58 of Title 35 of the Rules of the City of New York is amended by adding a new subdivision 3 and renumbering subsequent subdivisions, to read as follows:

§58-26 – Rates and Tolls

(c) *Group Ride Fares.*

- (1) *Group Ride Fare from LaGuardia Airport*

(Reserved)

- (2) *Group Ride Fare from York Avenue.* The fare for trips made under a Group Riding plan from York Avenue to the Financial District will be \$6.00 per passenger. In addition, there can be a fee for dispatch services as the Commission determines.
- (3) *Group Ride Fare from the Port Authority Bus Terminal.* The fare for trips made under a Group Riding plan from the Port Authority bus terminal at Eighth Avenue between 40th and 42nd Streets to the 59th Street and Sixth Avenue area will be \$3.00 per passenger.
- (4) *Experimental Group Ride Programs.*
- (i) *Additional Pickup Locations.* The Chairperson can recommend for Commission approval additional Group Riding plan pickup locations on a temporary basis, to determine the effectiveness of each Group Riding plan.
- (ii) *Demand-Driven Temporary Group Riding Plans.* The Chairperson can also recommend for Commission approval additional Group Riding plans on a temporary basis to respond to demand created by special events or unique circumstances.
- (iii) *Duration.* Any Group Ride plan established by the Commission under this subdivision will terminate one year after the date the plan was established, unless:
- A. Final rulemaking has been enacted establishing the Group Riding plan location and rate of fare; or
- B. The Commission has determined that it is in the best interest of the Commission to extend the Group Riding plan pilot program for an additional definite period of time not to exceed one year.

II. In addition, the Board will consider changes to installment payment agreement terms, denial of access notice procedures, fixture flow-rates for the Comprehensive Water Reuse program, a direct debit and paperless billing discount, and a new water bill credit for customers participating in the lead and copper monitoring program, which are summarized as follows:

- Installment payment agreement terms will be revised to include options for no down payment, a repayment period of up to ten years, and new default provisions.
- Customers subject to a denial of access proceeding currently receive all three required notices by both first-class and certified mail. The Board proposes to change the delivery of the first required notice, which has no concurrent financial impact on the customer, to first-class mail only; the final two required notices will continue to be sent by both first-class and certified mail.
- The maximum fixture flow-rates to qualify for a reduced water rate pursuant to the Board's Comprehensive Water Reuse program will be conformed to recent changes to the NYC Plumbing Code.
- A direct debit discount of 2% for metered customers will be revised to include a new requirement of registering for paperless billing and extended for one year.
- For registered participants in the lead and copper monitoring program, a new credit of \$25 will be applied to a customer's water bill upon successful completion of a lead and copper monitoring test.

All hearings are open to the public. Anyone may attend or register to speak at any borough hearing, regardless of the borough in which s/he resides or in which his/her property is located

The Board's public information booklet describing the rate proposal and changes to billing policies is available on the Board's website at www.nyc.gov/nycwaterboard. The booklet is also available upon request by contacting Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Flushing, NY 11373, Telephone (718) 595-3601, email: kkunkle@dep.nyc.gov. Those who wish to testify at a hearing should contact Mr. Kunkle to register no later than 5:00 p.m. on the day before the hearing s/he wishes to attend. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted for the Board's consideration at the above mailing or email address by 5:00 P.M. on May 5, 2011.
