93-70 PUBLIC ACCESS REQUIREMENTS FOR SPECIAL SITES

Public access shall be provided for special sites as specified in this Section, inclusive. In the event of a conflict between the provisions of this Section, inclusive, and any underlying regulation, the provisions of this Section shall govern.

No building permit shall be issued for any #development# or #enlargement# on such sites other than for an #ERY Culture, Festival and Exhibit Facility# until the Chairperson of the City Planning Commission certifies to the Department of Buildings that the provisions of this Section have been met.

An application for such certification shall be filed with the Chairperson showing the plan of the #zoning lot#; a site plan indicating the area and dimensions of all required public access areas and the location of all proposed #buildings#, and a detailed plan or plans demonstrating compliance with the provisions of this Section. For certifications relating to the #ERY High Line# and, if applicable, the #Tenth Avenue Spur#, as set forth in 93-71, paragraph (h), the requirements set forth in such Section shall apply.

Plans for public access areas shall be set forth in an instrument in a form acceptable to the City, and setting forth such provisions as necessary to ensure compliance with the provisions of this Section. Such instrument shall be filed and duly recorded in the Borough Office of the City Register of the City of New York and indexed against the property. Such filing and recording of the instrument shall be a precondition for the Chairperson's certification under this Section. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

The Chairperson shall allow for the phased development of public access areas upon certification to the Commissioner of Buildings that a plan has been submitted that provides for the completion of any public access area that is integral to the #development# of a #building# or #buildings# within each phase. Such plan may provide for the outdoor plaza described in Section 93-71, paragraph (b), to be constructed in phases. The completion of the Cultural Facility Plaza shall be deemed integral only to an #ERY Culture, Festival and Exhibit Facility# and to no other #use# or #development# in the Eastern Rail Yard Subarea A1. Where the public use and enjoyment of a public access area is contingent upon #development# on an adjacent #zoning lot# that has not yet occurred, the Chairperson may allow for the future development of such public access area at the time that the adjacent #zoning lot# is #developed#.

For any portion of any #development# or #enlargement# other than an #ERY Culture, Festival and Exhibit Facility#, Nno temporary certificate of occupancy from the Department of Buildings may be issued for any portion of any #development# or #enlargement# with a #floor area ratio# of 10.0 or more until the Chairperson certifies to the Department of Buildings that the public access area is substantially complete, and the public access area is open to and useable by the public. No permanent certificate of occupancy from the Department of Buildings may be issued for any portion of such #development# or #enlargement# with a #floor area ratio# of 10.0 or more until the Chairperson certifies to the Department of Buildings that the public access area is complete and that all public access requirements of this Section have been met in accordance with the plans for such public access areas. Notwithstanding the foregoing, for #zoning lots# with multiple #buildings# for which the Chairperson has certified that a plan has been submitted that provides for the phased development of public access areas through completion of any public access area that is integral to the #development# of a #building# or #buildings# within each phase, such certifications shall be made with respect to substantial completion or completion of the public access areas integral to each such phase, except as provided in Section 93-71, paragraph (h). Issuance of a temporary or permanent certificate of occupancy for any building# or portion of a #building# not occupied by a #ERY Culture, Festival and Exhibit facility# shall not be conditioned upon the completion, substantial completion or improvement of the Culture Facility Plaza.

For an #ERY Culture, Festival and Exhibit Facility#, no temporary certificate of occupancy from the Department of Buildings may be issued for such #ERY Culture, Festival and Exhibit Facility# until the Chairperson certifies to the Department of Buildings that the Culture Facility Plaza described in paragraph (i) of Section 93-71 is substantially complete and open to and useable by the public and no permanent certificate of occupancy from the Department of Buildings may be issued for the #ERY Culture, Festival and Exhibit Facility# until the Chairperson certifies to the Department of Buildings that the Culture Facility Plaza is complete. If a moveable portion of the #ERY Culture, Festival and Exhibit Facility# is not initially constructed as part of the #ERY Culture, Festival and Exhibit Facility# but is constructed at a later date, any closure of the Culture Facility Plaza necessary for such construction shall not affect the validity of any certificate of occupancy previously issued for the #ERY Culture, Festival and Exhibit Facility#. No temporary certificate of occupancy for the moveable portion that is thereafter constructed, or an amended temporary certificate of occupancy for the #ERY Culture, Festival and Exhibit Facility# that includes the moveable portion, may be issued by the Department of Buildings until the Chairperson certifies to the Department of Buildings that the reconstructed Culture Facility Plaza is substantially complete and open to and useable by the public and no

permanent certificate of occupancy for the moveable portion that is thereafter constructed, or an amended permanent certificate of occupancy for the #ERY Culture, Festival and Exhibit Facility# that includes the moveable portion, may be issued by the Department of Buildings until the Chairperson certifies to the Department of Buildings that the reconstructed Culture Facility Plaza is complete.

NOTICE

On Wednesday, July 24, 2013, at 10:00 A.M. in Spector Hall at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a continued public hearing will be held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning zoning map changes; zoning text amendments; large-scale general development project (LSGD) special permits related to bulk; authorizations, certification; city map amendment actions; and waterfront special permit.

The applicant, Halletts A Development Company, LLC is requesting the discretionary approvals, with the

New York City Housing Authority (NYCHA) as coapplicant for some of the approvals, to facilitate a mixed-use development on several parcels on Halletts Point along the East River in Astoria, Queens. The zoning map changes would rezone an existing manufacturing (M1-1) district along 1st Street south of 26th Avenue to residential with commercial over lay (R7-3/C1-4); establish a commercial overlay (C1-4) over the existing residential (R6) zoning district along Astoria Boulevard and 27th Avenue; establish Whitey Ford Field as a mapped public parkland and rezone a portion of the adjacent streetbed from residential (R6) to manufacturing (M1-1). The zoning text amendments would make the project area eligible for the **Inclusionary Housing Program and Food Retail** Expansion to Support Health (FRESH) Program; exempt accessory parking under certain circumstances from the definition of floor area; allow lot lines coincident with the boundary of a mapped Public Park to be treated as a wide street for the purposes of applying minimum distance between legally required windows and lot lines; and, permit floor area distribution from a zoning lot under certain circumstances to another zoning lot within a LSGD if it contributes to better site planning. The city mapping actions would eliminate two cul-de-sacs in Astoria Boulevard between 1st Street and 8th Street and convey a street easement from NYCHA to the City, establish a public park (Whitey Ford Field), and eliminate 26th Avenue and 27th Avenue between 1st Street and the U.S. Pierhead and Bulkhead Line. Other discretionary actions requested include disposition of public housing (NYCHA) property, use of development rights associated with lands underwater, and potential financing approval for affordable housing. The proposed actions would facilitate a proposed development of approximately 2.73 million gross square feet (gsf) in total that would include approximately 2.2 million gsf of residential space (2,644 housing units including 2,161 market-rate and 483 affordable housing units); approximately 69,000 gsf of retail space (including an approximately 30,100gross square foot retail space designed for supermarket use); and 1,375 accessory parking spaces. Comments are requested on the DEIS and will be accepted until Monday August 5, 2013.

This hearing is being held pursuant to the National Environmental Policy Act (NEPA), State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 09DCP084Q.

- The Commission shall find that the Proposed Plans:
 - <u>(1)</u> include #uses# that are appropriate, considering the unique location of the site in relation to the Staten Island Ferry Terminal, the Staten Island Rail Road, and the land uses in and around the #Special St. George District#;

 - for a #development# located partially or (12)entirely within a railroad or transit rightof-way or yard and/or in #railroad or transit air space#, that:
 - the distribution of #floor area# does not adversely affect the character of the surrounding area by being unduly concentrated in any portion of such #development#, including any portion of the development# located beyond the boundaries of such railroad or transit rightof-way or yard; and

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area. In addition, for a #development# located partially or entirely within a railroad or transit right of-way or yard, or in #railroad or transit air space#, the Commission may require that the structural design of such #development# makes due allowance for changes within the layout of tracks or other structures within any #railroad or transit air space# or railroad or transit right-of-way or yard which may be deemed necessary in connection with future development or improvement of the transportation system. Prior to granting a special permit, the City Planning Commission shall request the Metropolitan Transportation Authority and the Departments of Transportation of the State of New York and the City of New York to indicate whether said agencies have any plan to use that portion of any #railroad or transit air space# or railroad or transit right-of-way or yard where the railroad or transit #use# has been discontinued.

The execution and recordation of a restrictive declaration acceptable to the Commission, binding the owners, successors and assigns to maintain such #developments#, #enlargements#, alterations, changes of #use#, and any temporary parking facilities, in accordance with the approved Proposed Plans comprising the approved development plan, and in a manner consistent with any additional conditions and safeguards prescribed by the Commission, shall be a condition to exercise of the special permit. Such restrictive declaration shall be recorded in the Office of the City Register. A copy of such declaration shall be provided to the Department of Buildings upon application for any building permit related to a #development#, #enlargement# or change of #use#.

NOTICE

On Wednesday, July 24, 2013, at 10:00 A.M., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) for which the New York City Department of Small Business Services is the CEQR Lead Agency, for the proposed development project that would result in the simultaneous development of two sites along the St. George Waterfront referred to as the "North Site" and the "South Site," located adjacent to and on either side of the Richmond County Bank Ballpark (the "Stadium"), and just north of the Staten Island Ferry St. George Terminal (the "Ferry Terminal"). The North Site would be developed with the New York Observation Wheel (Observation Wheel, or Wheel), and a Wheel Terminal Building with various complementing uses, and parking. The South Site would be developed with the St. George Retail Development, including a hotel and parking. In addition, a new waterborne transit landing may also be pursued as a third project component independent of the proposed North Site and South Site developments.

These projects require a variety of ministerial and discretionary actions to implement, including tax lot subdivisions, adoption of a text amendment modifying the Special St. George District (ZR Section 128-00 et seq.) to add a new North Waterfront Subdistrict that will include the North Site and South Site within its boundaries, a zoning map amendment to reflect the extension of the Special St. George District, new special permits to establish development requirements in the new subdistrict that will also modify previous special permits for the Stadium, approval by the Public Design Commission, long-term lease and development agreements, and other local and state approvals as necessary.

The following City and State discretionary actions are necessary for both the North Site and South Site proposed projects to move forward: **Zoning Map Amendment**

Sectional Map 21c would be amended to show the extension of the Special St. George District to the shoreline to include the Ferry Terminal, the South Site, the Stadium and the North Site

Zoning Text Amendment to Add a Subdistrict to the Special St. George District

The Special St. George District text would be modified to add a new North Waterfront Subdistrict (include the North Site and South Site, the Ferry Terminal, and the Stadium Sites. The Subdistrict text would provide new special permit provisions that would enable the proposed projects on the North Site and South Site to be developed.

NORTH SITE

Disposition and Approval of Business Terms (Section 1301(2)(f))

Disposition of property rights as needed including the possible transfer or conveyance of development rights to construct a deck and roadway over the RROW.

Special Permit

A special permit pursuant to proposed zoning section 128-61 that will permit development of the North Site pursuant to the applicable provisions of the new special permit text and modify the previous special permits granted from the Stadium.

NYCDOT Actions and Approvals

- Curb cut to use Nicholas Street for both vehicular and pedestrian access.
- Potential revocable consent for structural connections to deck over the RROW.

New York State Department of Environmental Conservation Actions and Approvals

- NYSDEC consent for disturbance of soil beneath the cap for areas subject to Voluntary Cleanup Agreement (VCA) as per March 2006 Operation, Maintenance and Monitoring Plan.
- NYSDEC approval to amend deed restriction.
- NYSDEC permit to subdivide waterfront lots.

SOUTH SITE

Disposition and Business Terms (Section 1301(2)(f))

 Disposition of property rights as needed including the possible transfer or conveyance of development rights over the RROW.

Special Permit

A special permit pursuant to proposed zoning section 128-61 that will permit development of the South Site pursuant to the applicable provisions of the new special permit text and modify the previous special permits granted for the Stadium.

NYCDOT Actions and Approvals

- Mid-block access on Richmond Terrace (e.g., street geometry change, new signals, and turning lanes) and two curb cuts for hotel access.
- Potential revocable consent for structural connections to access the site (including decking over RROW).
- Potential approvals for entrances to the garage from Wall Street.

NYSDEC Actions and Approvals

- NYSDEC consent for disturbance of soil beneath the cap for areas subject to VCA as per March 2006 Operation, Maintenance and Monitoring Plan.
- NYSDEC and/or New York City Department of Environmental Protection (NYCDEP) remedial action plan for portion of site not subject to prior VCA.
- NYSDEC approval to amend deed restriction.
- NYSDEC permit to subdivide waterfront lots.

The zoning map amendment, the disposition actions and the request for the granting of special permits pursuant to the proposed text are subject to the City's Uniform Land Use Review Procedure (ULURP). The design of the proposed project would also require Public Design Commission (PDC) approval. The zoning text amendment, while technically not subject to ULURP would follow a review process similar to ULURP and proceed simultaneously with the other actions. Additional related actions would include permits and approvals from NYCDOT for proposed signal and roadway improvements and review and approval of construction drawings regarding construction adjacent to NYCDOT facilities, and NYSDEC for stormwater management during construction and operation.

In addition, the proposed project would likely require an amended drainage plan which is subject to the approval of NYCDEP. Additional approvals could also be required from NYCDEP for the extension of sanitary sewer lines and/or storm sewers. Review may also be required by the Industrial Development Agency. Actions may also be required for temporary barges during construction.

It is intended that state agencies, including MTA and NYSDEC would be in a position to make the required findings for their respective actions based on this environmental review.

Since the project sites lie within the designated boundaries of the City's coastal zone, the City's coastal zone management policies apply. The City Planning Commission (CPC), acting as the City Coastal Commission, must therefore make a consistency determination pursuant to these policies.

POTENTIAL WATERBORNE TRANSIT LANDING

If pursued in addition to the North Site and South Site developments, the following City and State discretionary actions are necessary for the potential waterborne transit landing to move forward:

- Approvals of the Business Terms pursuant to Section 1301(2)(f)
- Waterfront Requirements: Certification pursuant to ZR Section 62-811; and compliance with the requirements of waterfront public access area and visual corridors.
- NYSDEC Actions and Approvals for Permits related to construction and disturbance along watercourses and navigable waters and adjacent areas.
- New York State Department of State Approvals
 Coastal Consistency Determination
- The applicant, the New York City Department of Economic Development, is requesting discretionary approvals, on behalf of the New York City Department of Small Business Services, the New York City Department of Citywide Administrative Services, New York Wheel LLC, and St. George Outlet Development LLC.

The Notice of Completion and the DEIS for this project were issued on May 15, 2013 by the New York City Department of Small Business Services, the CEQR Lead Agency for the proposed project.

HUMAN SHELTER SERVICES – Demonstration Project – Testing or experimentation is required -PIN# 07114D0001001 - DUE 08-08-13 AT 2:00 P.M. - The Department of Homeless Services (DHS) intends to enter into contract negotiations with the Vera Institute of Justice ("Vera") to conduct a demonstration project pursuant to Section 311 of the NYC Procurement Policy Board Rules (PPB) to assist formerly incarcerated individuals residing in the DHS shelter system, or otherwise referred by DHS, to reunite with their families who live in public housing operated and maintained by the New York City Housing Authority (NYCHA). The program will provide intensive case management and support to project participants and their families, with the goal that they will eventually reside in the public housing household on a permanent basis, thus remaining out of the DHS homeless shelter system. This project, known as the Family Re-entry Pilot Program, has been in the planning stages since 2010.

Upon commencement of the project, DHS and Vera, working in partnership with NYCHA and the Corporation for Supportive Housing (CSH), will refer 150 formerly incarcerated individuals to NYCHA for interviews. NYCHA will interview and assess both the referred individual and the individual's family, and will make a determination of whether that individual can reside temporarily in NYCHA housing. To effectuate this placement, NYCHA will grant a pilot participant temporary permission to reside with his or her family while such participant is in the program, notwithstanding the participant's criminal history. Once placed with their family in public housing, Vera, through subcontracts with select social services providers, will provide intensive case management to the individual and his or her family for six months. After this six month period, successful project participants will have less-frequent contact with their

case managers for an additional 12-18 months. The ultimate goal is that, at the end of the project, participants who have completed the program would join the NYCHA household on a permanent basis.

The term of the demonstration project is for two years from November 1, 2013 to October 31, 2015. The estimated amount of the demonstration project is \$447,332.00. The DHS funding will be used to support personnel services and other than personnel services (OTPS). The payment structure will be a combination of a line item budget and performance based milestones. Vera will additionally be performing on evaluation of the demonstration project, and using administrative data and quasi-experimental design, in order to assess the projects impact on compliance with NYCHA's lease requirements and recidivism during the two years of the program, and a one year follow up. This evaluation will be separately-funded.

OFFICE OF MANAGEMENT AND BUDGET

NOTICE

COMMUNITY DEVELOPMENT BLOCK GRANT
PROGRAM (CD)
FINAL NOTICE AND PUBLIC EXPLANATION OF A
PROPOSED ACTIVITY IN A 100-YEAR FLOODPLAIN

To: All Interested Agencies, Groups and Individuals

This is to give notice that the City of New York has conducted an evaluation as required by Executive Order 11988 in accordance with HUD regulations at 24 CFR 55.20 Subpart C: Procedures for Making Determinations on Floodplain Management. This evaluation is made to determine the potential effect that its activity in the floodplain will have on the human environment. This notice is <u>not</u> related to the Community Development Block Grant Disaster Recovery Program.

Bronx River Project

The Bronx River Alliance (Alliance) serves as a coordinated voice for the Bronx River and works in harmonious partnership to protect, improve and restore the Bronx River corridor so that it can be a healthy ecological, recreational, educational and economic resource for the communities through which the river flows. The Alliance works in close partnership with the New York City Department of Parks & Recreation (Parks Dept.) to achieve these goals. In addition to their efforts to inform and educate the public about the river, the Alliance and the Parks Dept. have already made substantial progress in cleaning and improving the river and its environs. The physical improvements have been primarily made through the availability of other funding sources. The Program's CD allocation (\$190,000 in CD 39/2013) is partially being used to pay for conservation crew members who assist in the clean-up activities as well as in riverbank stabilization, removing invasive plants from natural areas, planting of native trees and shrubs, and installing rainwater harvesting systems

The target area is the length of the Bronx River from the Westchester border on the north to the river's mouth at the East River on the south. Thus, there is no alternative location for the program's activities.

The Alliance and the Parks Dept. make every effort to restore the river to its original conditions. Water quality is monitored, polluting sources are identified and remediated to the extent possible, and vacant industrial sites are being reclaimed and converted for public use. The activities being undertaken are coordinated with many partners such as other city agencies, state agencies, nonprofit organizations, local community groups, schools and individuals. The project's activities will result in positive impacts on the floodplain. The alternative of no action is unacceptable. Unfortunately, for decades, and continuing as late as the 1970's and early 1980's, it was a lack of funding and inaction that allowed the river to become polluted and it and its banks filled with debris. It was the initial efforts of Bronx River Restoration and now the Alliance that have greatly restored the river and have allowed the public to once again enjoy it as a recreational destination.

This activity will have no significant impact on the environment for the following reasons: The CD-funded activities remove blighting and polluting influences from the river and help restore it to its original conditions.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

Additional information is available and can be obtained at the Office of Management and Budget, Community Development Unit, 255 Greenwich Street, 8th Floor, New York, New York 10007 between 10:00 A.M. and 5:00 P.M. Monday through Friday. Please call (212) 788-6177 to make an appointment to view the file. All interested persons, groups and agencies are invited to submit comments regarding the proposed use of federal funds to support a project in a floodplain. Such comments should be received at the Community Development Unit on or before July 22, 2013. All such comments so received will be considered.

City of New York, Office of Management and Budget, Mark Page, Director. Date: July 12, 2013.

TELEPORT, STATEN ISLAND - Request for Information - PIN# 5390-1 - DUE 10-10-13 AT 4:00 P.M. - New York City Economic Development Corporation ("EDC") and the Port Authority of New York and New Jersey ("the Port Authority") are seeking responses to this Request For Expressions of Interest ("RFEI") for the development of an expansive 80 acres of land, located on a 100 acre site, (the "Site") known as The Teleport. Few sites in New York City can equal the development potential of The Teleport, both in terms of its scale and the flexibility of possible development. The 80 acres consist of up to 40 acres of vacant land available for ground up development, and 40 acres of land on which there are approximately 700,000 square feet ("sf") of existing tenanted office space, with an in-place income stream as well as further development potential.

The Site presents a unique opportunity to both maximize the development potential of a large scale site as well as enhance and capitalize on existing Class A office space. The Teleport's many benefits include strong tenancies, major conference and entertainment facilities at adjacent hotels, and superior highway access to Route 440 and Interstate 278. Additionally, all buildings within the Teleport campus benefit from extensive fiber optic connectivity, offering high-speed voice, data and video services and unsurpassed redundant power protection. This RFEI is flexible in that Respondents are encouraged to propose a project that incorporates either all or a portion of the Site, that involves either a purchase or a lease, and that either develops the property or manages it, as may be appropriate for their proposed project.

If a proposal is selected, it will be on the basis of factors stated in the RFEI, which include, but are not limited to: the quality of the proposal, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFEI. Please note that EDC and the Port Authority reserve the right to select a Respondent(s) on the basis of the responses to this RFEI without further solicitation, or to release a Request for Proposals (RFP) to a short-list of

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals and all respondents will be required to submit an M/WBE Sub-Contractors Participation Plan with their response. READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

ACCO

CSB

NA/10

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

OLB/c recycled preference

 $OLB/d \quad other: (specify)$

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
