CULTURAL AFFAIRS**NOTICE****9/11
MEMORIAL**

The Lower Manhattan Development Corporation (LMDC) has allocated funds to the City of New York and the National September 11 Memorial & Museum to address a range of transportation improvements that will benefit commuters, businesses, residents and pedestrians in Lower Manhattan.

These funds are intended to accomplish one or more of the following:

- Improve mobility
- Improve connectivity between Lower Manhattan, the rest of New York City and the region
- Promote the livability of Lower Manhattan; and/or encourage business development
- Improve conditions for pedestrians and bicyclists
- Promote use of public transportation
- Reduce congestion on the streets
- Support traffic management and emergency response
- Ease the impact of construction on residents, businesses and tourists
- Provide access to the streets for vehicular traffic

The City of New York and the National September 11 Memorial & Museum are seeking public comment regarding the use of \$4 million of these funds to construct sidewalks connecting the National September 11 Memorial Plaza at the World Trade Center to New York State Route 9A, the roadway adjacent to the World Trade Center Site on its western side. The proposed project is further described below.

This proposed allocation is open to public comment for 30 calendar days from the date of publication of this project description. Comment must be made in writing and may be delivered to the National September 11 Memorial & Museum either by posted mail or by electronic submission as follows:

By post to: Public Comment on Transportation Funding Allocation
National September 11 Memorial & Museum
1 Liberty Plaza, 20th Floor
New York, NY 10006

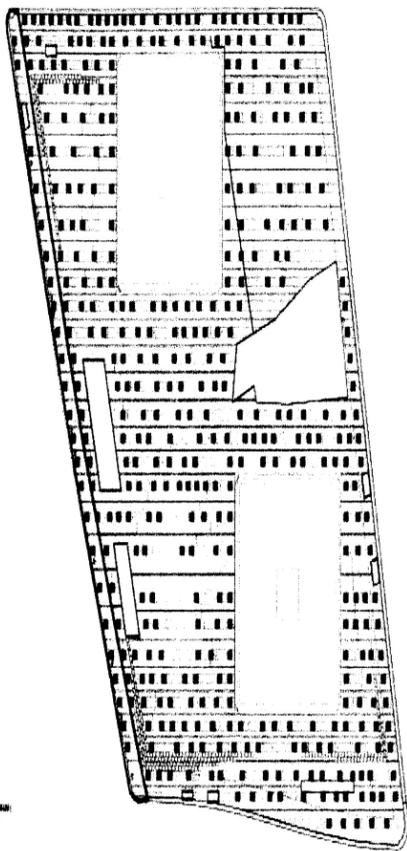

Electronically at the National September 11 Memorial & Museum website:

<http://www.911memorial.org/newsroom>.

or email: info@911memorial.org.

The deadline for receipt of public comments is **September 26, 2013** at 5:00 P.M. Comments delivered by fax or telephone will not be considered.

The National September 11 Memorial & Museum at the World Trade Center (9/11 Memorial) will provide \$4 million of LMDC transportation funding for the completion of the western sidewalk that connects the Memorial plaza to Route 9A (shown below).

As the LMDC envisioned through the Memorial Jury's selection of the "Reflecting Absence" design, the Memorial is intended to have a "curb to curb" design, integrating this sacred place of remembrance into the city surrounding it. The sidewalk design on all four sides of the Memorial includes the same white oak trees that grace the plaza and features many of the same key design elements as the rest of the Memorial. Constructing the sidewalks as designed helps to complete the Memorial and fulfill a fundamental aspect of Studio Daniel Libeskind's master plan for the rebuilt World Trade Center site, which always envisioned that the Memorial at its heart would transition seamlessly into the areas around it.

To ensure the integrity of the design of the Memorial and the World Trade Center as a whole, the Route 9A sidewalk, which is the property of the New York State Department of Transportation (NYSDOT), requires additional resources to match the other three sidewalks.

In addition to ensuring the Memorial's curb-to-curb design, this work will help complete construction along Route 9A and the World Trade Center, improve pedestrian pathways, and increase access to the Memorial and the entire World Trade Center.

Project Description

The Memorial's west side sidewalk is approximately 25-foot wide and extends north from Liberty Street to Fulton Street. Specific design elements included to continue the Memorial design to the curb are as follows:

- Verde fontaine granite curb
- Verde fontaine granite bollard band
- K-12-rated bollards and footings
- Structural soil organic mix
- Irrigation/aeration system, concrete base
- Steel plates over trees
- Verde fontaine cobblestones
- Verde fontaine pavers
- Steel trench drains
- Fully matured swamp white oak trees to match the trees on the Memorial.

The standard NYSDOT sidewalk design (25-foot wide) for the 9A corridor on West Street includes the following: granite curb, granite pavers, non-rated bollards, structural soil, concrete slab, and small trees in a cobblestone bed.

COMMUNITY DEVELOPMENT BLOCK GRANT - DISASTER RECOVERY PROGRAM**Early Notice and Public Review of a Proposed Activity in a 100-Year Floodplain**

To: All interested Agencies, Groups, and Individuals

This is to give notice that the City of New York is proposing to undertake activities within the 100-year floodplain relating to the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant-Disaster Recovery (CDBG-DR) program. President Obama signed the "Disaster Relief Appropriations Act, 2013" (Public Law 113-2) into law on January 29, 2013. Among other appropriations, the Act included \$16 billion in CDBG-DR funds for "necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and

economic revitalization in the most impacted and distressed areas resulting from Hurricane Sandy. Pursuant to 24 CFR Part 58, the City, as the subrecipient of the grant funds, has identified its Office of Management and Budget (OMB) as the Responsible Entity for maintaining the CDBG-DR Environmental Review Record. This notice is required by Section 2(a)(4) of Executive Order (EO) 11988 for Floodplain Management, and by Section 2(b) of EO 11990 for the Protection of Wetlands, and is implemented by HUD Regulations found at 24 CFR 55.20(b) for the HUD action that is within and/or affects a floodplain or wetland. Under the CDBG-DR program, the City will undertake the reconstruction of the Rockaways boardwalk in Queens, New York within the 100-year floodplain.

In the Rockaways, Hurricane Sandy damaged approximately 4.7 miles of boardwalk. Targeted repairs were made to portions of this boardwalk in time to allow its limited use during the summer of 2013. The City now proposes to make permanent repairs that would increase the resiliency of the boardwalk from Beach 20th Street to Beach 126th Street. It is

the intention of the project to reconstruct the boardwalk on the original concrete foundations (also referred to as "bents") and to rebuild all boardwalk areas generally to the typical boardwalk width of 40 feet. Further, the project proposes to raise the new boardwalk to an elevation above the 100-year FEMA storm surge levels that vary along the site from +13 feet to +17 feet North American Vertical Datum of 1988. The typical boardwalk surface would be designed to be 3.0 feet above the 100-year storm surge elevation, raising the new boardwalk sections from approximately 1.4 feet at the eastern portion of the site to approximately 8.0 feet to the west.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these

special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

All interested persons, groups, and agencies are invited to submit written comments regarding the proposed use of federal funds to support the reconstruction of the Rockaways boardwalk in a floodplain. Written comments should be sent to OMB at 255 Greenwich Street, 8th Floor, New York, New York 10007, Attention: Calvin Johnson, Assistant Director CDBG-DR or via email at CDBGDR-enviro@omb.nyc.gov. The minimum 15 calendar day comment period will begin the day after publication and end on the 16th day after publication. Such comments should be received by OMB on or before October 6, 2013.

City of New York, Office of Management and Budget,
Mark Page, Director

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
