The City Planning Commission (CPC), acting as lead agency, issued a Notice of Completion on December 29, 2016, for a Draft Environmental Impact Statement (DEIS) for the proposed Greater East Midtown Rezoning in accordance with Article 8 of the Environmental Conservation Law. **A public hearing on the Draft Environmental Impact Statement (DEIS) will be held on Wednesday, April 26th, 2017, at 10:00 A.M., in Spector Hall, at the Department of City Planning, located at 22 Reade Street, New York, NY 10007, in conjunction with the CPC's Citywide public hearing, pursuant to ULURP. The public hearing will also consider a modification to the Proposed Action, (ULURP No. N 170186 (A) ZRM).**

Comments are requested on the DEIS and will be accepted until Monday, May 8th, 2017.

The New York City Department of City Planning (DCP) proposes zoning text and zoning map amendments (collectively, the "Proposed Action") within the East Midtown neighborhood of Manhattan Community Districts 5 and 6. The rezoning area is generally bounded by East 57th Street to the north, East 39th Street to the south, a line generally between 150 and 200 feet easterly of Third Avenue and a line 250 feet westerly of Madison Avenue. Known as the Greater East Midtown Rezoning project, the Proposed Action includes a zoning text amendment to establish the East Midtown Subdistrict within an approximately 78-block area of the Special Midtown District. The proposed Subdistrict would supersede the existing Grand Central Subdistrict, and would allow for increased floor area ratios (FARs) between 18.0 and 27.0. The text amendment would also create four new special permits (ZR Sections 81-621, 81-644, 81-645, and 81-685) and one new authorization (ZR Section 81-684) within the Subdistrict. Under the proposed rezoning, an existing C5-2 district (bounded by East 43rd Street to the north, East 42nd Street to the south, Second Avenue to the east, and a line 200 feet easterly of Third Avenue to the west) would be replaced by a C5-3 district, and would be included in the proposed East Midtown Subdistrict. The Special Midtown District would be extended to encompass the proposed C5-3 district. The Proposed Action is intended to reinforce the area's standing as a premiere Central Business District, support the preservation of landmarked buildings, and provide for public realm improvements.

The DEIS identified significant adverse impacts with respect to open space, shadows, historic and cultural resources (architectural), transportation (traffic, transit and pedestrians), air quality and construction activities related to historic and cultural resources, traffic and noise. The DEIS identified measures and/or potential measures that would fully or partially mitigate several of the significant adverse impacts; some impacts would remain unmitigated. Between DEIS and FEIS, potential mitigation measures will be studied further to determine whether they are feasible and whether any significant adverse impacts would remain unmitigated.

The DEIS considered four alternatives to the Proposed Actions: a No Action Alternative, a Smaller Rezoning Area/Lesser Density Alternative, a No Unmitigated Significant Adverse Impact Alternative, and a Modified Rezoning Boundary Alternative, where the East Midtown Subdistrict would be mapped excluding the east side of Third Avenue above East 46th Street.

Since the issuance of the Notice of Completion for the DEIS, DCP has proposed to modify the zoning text amendment (ULURP No. N 170186 (A) ZRM). A technical memorandum assessing whether this modification would alter the conclusions presented in the DEIS is available on DCP's website (<http://www1.nyc.gov/site/planning/applicants/eis-documents>). The analyses presented in the technical memorandum will be incorporated into the Final Environmental Impact Statement (FEIS).

Copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Robert Dobruskin, Director (212) 720-3423; or from the Mayor's Office of Environmental Coordination, 253 Broadway, 14th Floor, New York, NY 10007, Hilary Semel, Director (212) 676-3290; and on DCP's website: <http://www1.nyc.gov/site/planning/applicants/eis-documents.page>.

The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)

Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)

 Department of Probation (DOP)
 Department of Small Business Services (SBS)

AGENCY RULES

ADMINISTRATIVE TRIALS AND HEARINGS

■ NOTICE

Office of Administrative Trials and Hearings Environmental Control Board Notice of Promulgation of Rule

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Office of Administrative Trials and Hearings' Environmental Control Board (OATH ECB) in accordance with Sections 1049-a and 1043 of the New York City Charter and Section 28-202.1 of the New York City Administrative Code. OATH ECB repeals its Buildings Penalty Schedule, found in Section 3-103 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York (RCNY), which contains penalties for summonses issued by the New York City Department of Buildings (DOB) for violations of Title 1 of the RCNY and Titles 27 and 28 of the New York City Administrative Code. DOB promulgated a rule adding the Buildings Penalty Schedule to its rules.

The proposed rule was published in The City Record on February 27, 2017, and a public hearing was held on March 29, 2017. Three members of the public attended the public hearing and two members provided testimony. OATH ECB did not receive any written comments concerning this rule.

Statement of Basis and Purpose of Rule

The Office of Administrative Trials and Hearings' Environmental Control Board (OATH ECB) repeals its Buildings Penalty Schedule, which consists of Buildings Penalty Schedule I and Buildings Penalty Schedule II. This schedule is found in 48 RCNY § 3-103, and contains penalties for violations of Title 1 of the Rules of the City of New York (RCNY) and Titles 27 and 28 of the New York City Administrative Code. At the same time, DOB has enacted a Buildings Penalty Schedule within its own rules, which will be located in 1 RCNY § 102-1. OATH ECB is in the process of repealing all penalty schedules in its rules at Subchapter G of Chapter 3 of Title 48 of the RCNY so that they can be relocated to the rules of the agencies with rulemaking and policymaking jurisdiction over the laws underlying the violations.

Although OATH ECB is empowered to impose penalties under the New York City Charter and has until now promulgated penalty schedules, the regulatory and enforcement agencies have the necessary expertise to determine appropriate penalties for violation of the rules and of the laws within their jurisdiction based on the severity of each violation and its effect on City residents. Moving the penalty schedule makes it easier for the public to find the penalties, which will be located within the same chapter as the rules supporting the violations alleged in the summonses. Finally, the rule repeal speeds up the rulemaking process by eliminating the need for OATH ECB approval of proposed or amended penalties for agency rules that have already been established by the legislature and/or that have already undergone the City Administrative Procedure Act (CAPA) process by the enforcement agency. The public will still have the opportunity to comment on proposed penalties during that process.

Working with the City’s rulemaking agencies, the Law Department, the Mayor’s Office of Management and Budget, and the Mayor’s Office of Operations conducted a retrospective rules review of the City’s existing rules, identifying those rules that will be repealed or modified to reduce regulatory burdens, increase equity, support small businesses, and simplify and update content to help support public understanding and compliance. This rule repeal was identified as meeting the criteria for this initiative.

Section 1. The Department of Buildings Penalty Schedule, found in Section 3-103 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York, is REPEALED.

BUILDINGS

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendments to Section 102-01 to Subchapter B of Chapter 100 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding Violation Classification and Certification of Correction.

This rule was first published on February 27, 2017 and a public hearing thereon was held on March 29, 2017.

Dated: 3/31/2017 /s/
New York, NY Rick D. Chandler, P.E.
Commissioner

Statement of Basis and Purpose

The rule:

- relocates the Department of Buildings (DOB) Penalty Schedule from the Office of Administrative Trials and Hearings Environmental Control Board (OATH ECB) rules in Chapter 3 of Title 48 of the Rules of the City of New York to DOB’s rules in Chapter 100 of Title 1 of the Rules of the City of New York;
- updates the schedule as needed to reflect recently adopted rules;
- provides clearer and more concise language; and
- reduces default penalties upon proof of compliance with applicable law.

Although OATH ECB is empowered to impose penalties under the New York City Charter and has until now promulgated penalty schedules, the enforcement agencies have the expertise to recommend appropriate penalties based on the severity of each violation and its effect on City residents. Moving the penalty schedule will also make it easier for the public to find the penalties, which will be located within the same chapter as the rules supporting the violations alleged in the summonses. Finally, the rule relocation will speed up the rulemaking process by eliminating the need for OATH ECB approval of proposed or amended penalties for agency rules that have already gone through the City Administrative

Procedure Act (CAPA) rulemaking process. The public will still have the opportunity to comment on proposed penalties during this process.

The schedule has also been updated to add new penalties amounts for violations of the Energy Conservation Code (“ECC”), which can be found in Chapter 10 of Title 28 of the New York City Administrative Code. The penalty amounts range from \$300 to \$10,000.

Working with the City’s rulemaking agencies, the Law Department, OMB, and the Office of Operations conducted a retrospective rules review of the City’s existing rules, identifying those rules that will be repealed or modified to reduce regulatory burdens, increase equity, support small businesses, and simplify and update content to help support public understanding and compliance. This rule meets the criteria for this initiative.

DOB’s authority for these rules is found in Sections 643 and 1043(a) of the New York City Charter.

New material is underlined.

BUSINESS INTEGRITY COMMISSION

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE GOVERNING AUTHORITY TO PROCEED WITH AGENCY RULEMAKING

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and exercising the authority vested in the Commission by Sections 1043(a) and 2101(b) of the New York City Charter that the New York City Business Integrity Commission (“BIC” or the “Commission”) adopts the following rule governing Authority to Proceed with Agency Rulemaking. BIC published a Notice of Opportunity to Comment on the proposed rule in the *City Record* on July 7, 2016. On August 8, 2016, BIC held a public hearing on the proposed rule.

Statement of Basis and Purpose of Rule

Under Section 2101 of the New York City Charter, the chair of the Commission has charge of the organization of the Commission and has authority to employ, assign and superintend the duties of such officers and employees as may be necessary to carry out the Commission’s regulatory duties.

Under this rule, the Commission would delegate authority to the chair to initiate the rulemaking process under the City Administrative Procedure Act. The Commission must still approve, by majority vote, any new rule before it is made final. This rule is necessary for BIC to continue to efficiently perform its regulatory duties.

BIC’s authority for this rule is found in Sections 1043(a) and 2101(b) of the New York City Charter.

New material is underlined.

Title 17 of the Rules of the City of New York is amended by adding a new Chapter 3, to read as follows:

**CHAPTER 3
RULEMAKING**

§15-01 Proposed Rules

The chair may draft or direct to be drafted such proposed rules of the Commission as he or she may deem necessary to effectuate the provisions of Section 2101 of the New York City Charter and of Title 16-A of the Administrative Code of the City of New York, and may provide for the publication and distribution of any such proposed rule and for a public hearing on any such proposed rule, all in accordance with the requirements of Chapter 45 of the New York City Charter. No rule of the Commission will be promulgated except by vote of a majority of the Commission, in accordance with Section 1119 of the New York City Charter.

CITY PLANNING

■ MEETING

**PUBLIC NOTICE OF A SCOPING MEETING
DRAFT ENVIRONMENTAL IMPACT STATEMENT
(CEQR No. 17DCP148M)**

NOTICE IS HEREBY GIVEN that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR

617.8 (State Environmental Quality Review) that the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission (CPC) as CEQR lead agency, has determined that a Draft Environmental Impact Statement (DEIS) is to be prepared for the proposed actions related to the development of the **“Two Bridges Large Scale Residential Development Area Project”** (CEQR No. 17DCP148M).

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting, which was originally scheduled for April 27, 2017, at the Health Building, 125 Worth Street, New York, NY 10013, **has been rescheduled and will now be held on May 25, 2017, at the Manhattan Municipal Building, Mezzanine Level, 1 Centre Street, New York, NY 10007.** The public meeting will consist of two sessions. The first session will begin at 2:00 P.M. The second session will begin at 6:00 P.M. Written comments will be accepted by the lead agency until the close of business on June 8, 2017.

The three applicants — Cherry Street Owner, LLC (an affiliate of JDS Development Group, and Two Bridges Senior Apartments LP); Two Bridges Associates, LP (a joint venture between CIM Group and L+M Development Partners); and LE1 Sub LLC — each seek separate minor modifications to the existing Two Bridges Large Scale Residential Development (LSRD) to allow for the development of three new mixed-use buildings within the LSRD. The three project sites — Sites 4 (4A/4B), 5, and 6A — are located in the Lower East Side neighborhood of Manhattan in Community District (CD) 3, within the boundaries of the former Two Bridges Urban Renewal Area (TBURA). (The numbering of the sites in this document corresponds with that used in the Two Bridges LSRD.) Site 4 (4A/4B) occupies the northeast corner of Block 248, Lots 15, 70, and 76. Site 5 occupies Lots 1 and 2 of Block 247. Site 6A comprises Block 246, Lots 1 and 5. All three project sites are zoned C6-4.

Site 4 (4A/4B) would contain approximately 968,409 gsf of mixed-use, primarily residential development on Lots 15, 70, and 76. The new building, which would occupy portions of Lots 70 and 76, would cantilever over the existing one-story retail building on Lot 76 (235 Cherry Street) and the 10-story residential building on Lot 70 (80 Rutgers Slip). Portions of the existing 10-story building would be integrated into the new building, including 10 residential units and a community room, and ground-floor retail would be introduced into the existing 10-story building’s ground floor. The new building would reach a height of approximately 79 stories (approximately 1,008 feet tall, including mechanical screen) and would provide approximately 617,464 gsf of residential use (in addition to the remaining 80,799 gsf of residential use at 80 Rutgers Slip). The new development would contain up to 660 new units (in addition to the 10 units that would be relocated from 80 Rutgers Slip to the new building, 25 percent of which would be designated as affordable (up to 165 units), and 10 units of which would be allocated for senior housing. The one-story, approximately 11,575 gsf retail building on Lot 76 would remain and be re-tenanted. An additional approximately 3,124 gsf of retail space would be introduced in the base of 80 Rutgers Slip. The overall development on Site 4 (4A/4B) would total approximately 968,409 gsf, of which approximately 615,217 gsf would be in addition to existing development. The existing 21-story building, located on Lot 15 (82 Rutgers Slip) would remain, and the open space on Lots 15, 70, and 76 would be improved. The existing curb cuts on Rutgers Slip and on Cherry Street would be removed; no new curb cuts would be required. The residential units within the existing buildings on Lot 70 (80 Rutgers Slip) and Lot 15 (82 Rutgers Slip) would remain affordable, consistent with the existing regulatory agreements governing each building.

Site 5 would contain an approximately 1,244,960 gsf mixed-use development with two towers on a shared base. It would reach a height of approximately 69 stories (maximum 798 feet, including mechanical screen) along South Street. Site 5 would provide up to 1,350 residential units (average size 850 sf/unit), 25 percent of which would be designated as affordable (up to 338 units, including 100 new units of low-income senior housing), and approximately 17,028 gsf of community facility use. The project would maintain the 103 surface parking spaces that currently exist on site, relocating these spaces to a garage in the lower level of the proposed building. The proposed project also would enlarge the ground floor retail fronting Cherry Street by approximately 5,258 gsf, in one-story expansions of the 265 and 275 Cherry Street buildings. The existing buildings (633,523 gsf residential and 2,085 gsf retail at 265-275 Cherry Street) would remain. The residential use in those buildings (490 units) would remain affordable, consistent with the long-term regulatory agreements for that development. The project also would affect the open space amenities along Rutgers Slip, including replacing an area between the private open space along Rutgers Slip and 265 Cherry Street which is currently occupied by surface parking. The existing curb cuts on Cherry and South Streets would be maintained and two existing curb cuts on South Street would be used to access the resident and visitor drop-off and the lower level parking garage in the new building. No new curb cuts would be required. The

new development would be oriented perpendicular to the existing buildings at 265 and 275 Cherry Street.

Site 6 would contain approximately 657,868 gsf of mixed-use development on Lot 5. Based on current plans, the building is expected to reach a height of approximately 62 stories (approximately 724 feet tall, including mechanical screen) and would provide up to 655,463 sf of new residential use, (up to 765 residential units), 25 percent of which would be designated as affordable (up to 191 units, 100 of which would be new low-income senior housing), as well as approximately 2,506 gsf of retail use. The Site 6A project would also provide approximately 3,200 sf of new on-site open space. The existing building and accessory surface parking on Lot 1 would remain. The existing curb cuts on South Street would remain. No new curb cuts would be required.

While each of the three proposed projects are separate development proposals, their potential environmental impacts will be considered in a single Environmental Impact Statement due to their physical proximity and the likelihood of their being constructed during the same or similar time periods.

Public comments are requested with respect to issues to be addressed in the draft environmental impact statement.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, New York, NY 10271, 31st Floor, Robert Dobruskin, AICP, Director (212) 720-3423; or from the Mayor's Office of Environmental Coordination, 253 Broadway, 14th Floor, New York, NY 10007, Hilary Semel, Director (212) 676-3290. NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
